ADAMS STREET PARTNERS, LLC

SEC File Number:

Yes No

4. Are your *clients* solicited to invest in this *private fund*?

In answering this question, disregard feeder funds' investment in a master fund. For purposes of this question, in a master-feeder arrangement, one or more funds ("feeder funds") invest all or substantially all of their assets in a single fund ("master fund"). A fund would also be a "feeder fund" investing in a "master fund" for purposes of this question if it issued multiple classes (or series) of shares or interests, and each class (or series) invests substantially all of its assets in a single master fund.

1. Name of the *private fund*:

ADAMS STREET PARTNERSHIP FUND - 2009 NON-US EMERGING MARKETS FUND, L.P.

2. *Private fund* identification number:
(include the "805-" prefix also)

3. Name and SEC File number of adviser that provides information about this *private fund* in Section 7.B.(1) of Schedule D of its Form ADV filing
Name:

ADAMS STREET PARTNERS, LLC

SEC File Number:

Yes No

4. Are your *clients* solicited to invest in this *private fund*?

In answering this question, disregard feeder funds' investment in a master fund. FORM ADV

UNIFORM APPLICATION FOR INVESTMENT ADVISER REGISTRATION AND REPORT BY EXEMPT REPORTING ADVISERS

Primary Business Name: VANGUARD GROUP INC

CRD Number:

Other-Than-Annual Amendment - All Sections

Rev. 10/2017

4/30/2019 1:30:36 PM

WARNING: Complete this form truthfully. False statements or omissions may result in denial of your application, revocation of your registration, or criminal prosecution. You must keep this form updated by filing periodic amendments. See Form ADV General Instruction 4.

Item 1 Identifying Information

Responses to this Item tell us who you are, where you are doing business, and how we can contact you. If you are filing an *umbrella registration*, the information in Item 1 should be provided for the *filing adviser* only. General Instruction 5 provides information to assist you with filing an *umbrella registration*.

A. Your full legal name (if you are a sole proprietor, your last, first, and middle names):

THE VANGUARD GROUP, INC.

B. (1) Name under which you primarily conduct your advisory business, if different from Item 1.A.

VANGUARD GROUP INC

List on Section 1.B. of Schedule D any additional names under which you conduct your advisory business.

(2) If you are using this Form ADV to register more than one investment adviser under an *umbrella registration*, check this box ☐

If you check this box, complete a Schedule R for each relying adviser.

C. If this filing is reporting a change in your legal name (Item 1.A.) or primary business name (Item 1.B.(1)), enter the new name and specify whether the name change is of

☐ your legal name or ☐ your primary business name:

D. (1) If you are registered with the SEC as an investment adviser, your SEC file number:

(2) If you report to the SEC as an *exempt reporting adviser*, your SEC file number:

(3) If you have one or more Central Index Key numbers assigned by the SEC ("CIK Numbers"), all of your CIK numbers:

No Information Filed

E. (1) If you have a number ("CRD Number") assigned by the FINRA's CRD system or by the IARD system, your CRD number:

If your firm does not have a CRD number, skip this Item 1.E. Do not provide the CRD number of one of your officers, employees, or affiliates.

(2) If you have additional CRD Numbers, your additional CRD numbers:

No Information Filed

F. Principal Office and Place of Business

(1) Address (do not use a P.O. Box):

Number and Street 1:

100 VANGUARD BLVD

If this address is a private residence, check this box: ☐

List on Section 1.F. of Schedule D any office, other than your principal office and place of business, at which you conduct investment advisory business. If you are applying for registration, or are registered, with one or more state securities authorities, you must list all of your offices in the state or states to which you are applying for registration or with whom you are registered. If you are applying for SEC registration, if you are registered only with the SEC, or if you are reporting to the SEC as an exempt reporting adviser, list the largest twenty-five offices in terms of numbers of employees as of the end of your most recently completed fiscal year

(2) Days of week that you normally conduct business at your principal office and place of business:

☒ Monday - Friday ☐ Other

Normal business hours at this location:

8 30AM - 5:30PM

(3) Telephone number at this location:

610-669-1000

(4) Facsimile number at this location, if any:

610-669-6600

(5) What is the total number of offices, other than your principal office and place of business, at which you conduct investment advisory business as of

☐ \$50 billion or more

For purposes of Item 1.O. only, "assets" refers to your total assets, rather than the assets you manage on behalf of clients. Determine your total assets using the total assets shown on the balance sheet for your most recent fiscal year end.

P. Provide your *Legal Entity Identifier* if you have one:

A *legal entity identifier* is a unique number that companies use to identify each other in the financial marketplace. You may not have a *legal entity identifier*.

SECTION 1.B. Other Business Names

Address of Website/Account on Publicly Available Social Media Platform: [HTTPS://WWW.YOUTUBE.COM/USER/VANGUARD](https://www.youtube.com/user/vanguard)

Address of Website/Account on Publicly Available Social Media Platform: [HTTPS://TWITTER.COM/VANGUARD_FA](https://twitter.com/vanguard_fa)

Address of Website/Account on Publicly Available Social Media Platform: [HTTPS://WWW.LINKEDIN.COM/COMPANY/VANGUARD](https://www.linkedin.com/company/vanguard)

Address of Website/Account on Publicly Available Social Media Platform: [HTTPS://TWITTER.COM/VANGUARD_INSTL](https://twitter.com/vanguard_instl)

SECTION 1.L. Location of Books and Records

Complete the following information for each location at which you keep your books and records, other than your *principal office and place of business*. You must complete a separate Schedule D, Section 1 L. for each location.

Name of entity where books and records are kept:
IRON MOUNTAIN INC

Number and Street 1.

Number and Street 2.

2500 HENDERSON DRIVE

City:
SHARON HILL

State:
Pennsylvania

Country:
United States

ZIP+4/Postal Code:
19079

If this address is a private residence, check this box: ☐

Telephone Number:
610-725-0200 X3008

Facsimile number, if any:

This is (check one):

- ☐ one of your branch offices or affiliates.
☒ a third-party unaffiliated recordkeeper.
☐ other.

Briefly describe the books and records kept at this location.

STORAGE OF CLIENT AND OTHER FILES CONTAINING CONTRACTS, CORRESPONDENCE, RECOMMENDATIONS AND TRANSACTIONS, IN ADDITION TO PROGRAMMING CODE.

SECTION 1.M Registration with Foreign Financial Regulatory Authorities

No Information Filed

Item 2 SEC Registration/Reporting

Responses to this Item help us (and you) determine whether you are eligible to register with the SEC. Complete this Item 2.A. only if you are applying for SEC registration or submitting an *annual updating amendment* to your SEC registration. If you are filing an *umbrella registration*, the information in Item 2 should be provided for the *filing adviser* only.

A. To register (or remain registered) with the SEC, you must check **at least one** of the Items 2.A.(1) through 2.A.(12), below. If you are submitting an *annual updating amendment* to your SEC registration and you are no longer eligible to register with the SEC, check Item 2.A.(13). Part 1A Instruction 2 provides information to help you determine whether you may affirmatively respond to each of these items.

You (the adviser):

- ☒ (1) are a **large advisory firm** that either:
- (a) has regulatory assets under management of \$100 million (in U.S. dollars) or more; or
 - (b) has regulatory assets under management of \$90 million (in U.S. dollars) or more at the time of filing its most recent *annual updating amendment* and is registered with the SEC;
- ☐ (2) are a **mid-sized advisory firm** that has regulatory assets under management of \$25 million (in U.S. dollars) or more but less than \$100 million (in U.S. dollars) and you are either:
- (a) not required to be registered as an adviser with the *state securities authority* of the state where you maintain your *principal office and place of business*; or
 - (b) not subject to examination by the *state securities authority* of the state where you maintain your *principal office and place of business*;
*Click **HERE** for a list of states in which an investment adviser, if registered, would not be subject to examination by the state securities authority.*
- (3) Reserved
- ☐ (4) have your *principal office and place of business* **outside the United States**;
- ☒ (5) are an **investment adviser (or subadviser) to an investment company** registered under the Investment Company Act of 1940;
- ☐ (6) are an **investment adviser to a company which has elected to be a business development company** pursuant to section 54 of the Investment Company Act of 1940 and has not withdrawn the election, and you have at least \$25 million of regulatory assets under management;
- ☐ (7) are a **pension consultant** with respect to assets of plans having an aggregate value of at least \$200,000,000 that qualifies for the exemption in rule 203A-2(a),
- ☐ (8) are a **related adviser** under rule 203A-2(b) that *controls, is controlled by, or is under common control with*, an investment adviser that is registered with the SEC, and your *principal office and place of business* is the same as the registered adviser;
If you check this box, complete Section 2.A (8) of Schedule D.
- ☐ (9) are an **adviser** relying on rule 203A-2(c) because you **expect to be eligible for SEC registration within 120 days**;
If you check this box, complete Section 2.A.(9) of Schedule D.
- ☐ (10) are a **multi-state adviser** that is required to register in 15 or more states and is relying on rule 203A-2(d),
If you check this box, complete Section 2.A (10) of Schedule D.

- ☐ (11) are an **Internet adviser** relying on rule 203A-2(e);
- ☐ (12) have **received an SEC order** exempting you from the prohibition against registration with the SEC;
- If you check this box, complete Section 2.A.(12) of Schedule D.*
- ☐ (13) are **no longer eligible** to remain registered with the SEC.

State Securities Authority Notice Filings and State Reporting by Exempt Reporting Advisers

- C. Under state laws, SEC-registered advisers may be required to provide to *state securities authorities* a copy of the Form ADV and any amendments they file with the SEC. These are called *notice filings*. In addition, *exempt reporting advisers* may be required to provide *state securities authorities* with a copy of reports and any amendments they file with the SEC. If this is an initial application or report, check the box(es) next to the state(s) that you would like to receive notice of this and all subsequent filings or reports you submit to the SEC. If this is an amendment to direct your *notice filings* or reports to additional state(s), check the box(es) next to the state(s) that you would like to receive notice of this and all subsequent filings or reports you submit to the SEC. If this is an amendment to your registration to stop your *notice filings* or reports from going to state(s) that currently receive them, uncheck the box(es) next to those state(s).

Jurisdictions

<input type="checkbox"/> AL	<input type="checkbox"/> IL	<input type="checkbox"/> NE	<input type="checkbox"/> SC
<input type="checkbox"/> AK	<input type="checkbox"/> IN	<input type="checkbox"/> NV	<input type="checkbox"/> SD

If you are amending your registration to stop your notice filings or reports from going to a state that currently receives them and you do not want to pay that state's notice filing or report filing fee for the coming year, your amendment must be filed before the end of the year (December 31).

SECTION 2.A.(8) Related Adviser

If you are relying on the exemption in rule 203A-2(b) from the prohibition on registration because you *control*, are *controlled by*, or are under common *control* with an investment adviser that is registered with the SEC and your *principal office and place of business* is the same as that of the registered adviser, provide the following information:

Name of Registered Investment Adviser

CRD Number of Registered Investment Adviser

SEC Number of Registered Investment Adviser

SECTION 2.A.(9) Investment Adviser Expecting to be Eligible for Commission Registration within 120 Days

If you are relying on rule 203A-2(c), the exemption from the prohibition on registration available to an adviser that expects to be eligible for SEC registration within 120 days, you are required to make certain representations about your eligibility for SEC registration. By checking the appropriate boxes, you will be deemed to have made the required representations. You must make both of these representations:

- ☐ I am not registered or required to be registered with the SEC or a *state securities authority* and I have a reasonable expectation that I will be eligible to register with the SEC within 120 days after the date my registration with the SEC becomes effective.
- ☐ I undertake to withdraw from SEC registration if, on the 120th day after my registration with the SEC becomes effective, I would be prohibited by Section 203A(a) of the Advisers Act from registering with the SEC

SECTION 2.A.(10) Multi-State Adviser

If you are relying on rule 203A-2(d), the multi-state adviser exemption from the prohibition on registration, you are required to make certain representations about your eligibility for SEC registration. By checking the appropriate boxes, you will be deemed to have made the required representations:

If you are applying for registration as an investment adviser with the SEC, you must make both of these representations:

- ☒ I have reviewed the applicable state and federal laws and have concluded that I am required by the laws of 15 or more states to register as an investment adviser with the *state securities authorities* in those states.
- ☐ I undertake to withdraw from SEC registration if I file an amendment to this registration indicating that I would be required by the laws of fewer than 15 states to register as an investment adviser with the *state securities authorities* of those states.

If you are submitting your *annual updating amendment*, you must make this representation:

- ☐ Within 90 days prior to the date of filing this amendment, I have reviewed the applicable state and federal laws and have concluded that I am required by the laws of at least 15 states to register as an investment adviser with the *state securities authorities* in those states.

SECTION 2.A. (12) SEC Exemptive Order

If you are relying upon an SEC order exempting you from the prohibition on registration, provide the following information:

Application Number:

803-

Date of order:

Item 3 Form of Organization

If you are filing an *umbrella registration*, the information in Item 3 should be provided for the *filing adviser* only.

A. How are you organized?

- ☒ Corporation
- ☐ Sole Proprietorship
- ☐ Limited Liability Partnership (LLP)
- ☐ Partnership
- ☐ Limited Liability Company (LLC)
- ☐ Limited Partnership (LP)
- ☐ Other (specify):

If you are changing your response to this Item, see Part 1A Instruction 4.

B. In what month does your fiscal year end each year?

DECEMBER

C. Under the laws of what state or country are you organized?

State Country
Pennsylvania United States

If you are a partnership, provide the name of the state or country under whose laws your partnership was formed. If you are a sole proprietor, provide the name of the state or country where you reside.

If you are changing your response to this Item, see Part 1A Instruction 4.

Item 4 Successions

A. Are you, at the time of this filing, succeeding to the business of a registered investment adviser, including, for example, a change of your structure or legal status (e.g., form of organization or state of incorporation)?

Yes No

☐ ☒

If "yes", complete Item 4.B. and Section 4 of Schedule D.

B. Date of Succession: (MM/DD/YYYY)

If you have already reported this succession on a previous Form ADV filing, do not report the succession again. Instead, check "No." See Part 1A Instruction 4.

SECTION 4 Successions

No Information Filed

Item 5 Information About Your Advisory Business - Employees, Clients, and Compensation

Responses to this Item help us understand your business, assist us in preparing for on-site examinations, and provide us with data we use when making regulatory policy. Part 1A Instruction 5.a. provides additional guidance to newly formed advisers for completing this Item 5.

Employees

If you are organized as a sole proprietorship, include yourself as an employee in your responses to Item 5.A. and Items 5.B.(1), (2), (3), (4), and (5). If an employee performs more than one function, you should count that employee in each of your responses to Items 5.B.(1), (2), (3), (4), and (5).

- A. Approximately how many employees do you have? Include full- and part-time employees but do not include any clerical workers.

490

- B. (1) Approximately how many of the employees reported in 5.A. perform investment advisory functions (including research)?

369

- (2) Approximately how many of the employees reported in 5.A. are registered representatives of a broker-dealer?

41

- (3) Approximately how many of the employees reported in 5.A. are registered with one or more state securities authorities as investment adviser representatives?

5

- (4) Approximately how many of the employees reported in 5.A. are registered with one or more state securities authorities as investment adviser representatives for an investment adviser other than you?

0

- (5) Approximately how many of the employees reported in 5.A. are licensed agents of an insurance company or agency?

0

- (6) Approximately how many firms or other persons solicit advisory clients on your behalf?

0

In your response to Item 5.B.(6), do not count any of your employees and count a firm only once – do not count each of the firm's employees that solicit on your behalf.

Clients

In your responses to Items 5.C. and 5.D. do not include as "clients" the investors in a private fund you advise, unless you have a separate advisory relationship with those investors.

- C. (1) To approximately how many clients for whom you do not have regulatory assets under management did you provide investment advisory services during your most recently completed fiscal year?

0

- (2) Approximately what percentage of your clients are non-United States persons?

42%

- D. For purposes of this Item 5.D., the category "individuals" includes trusts, estates, and 401(k) plans and IRAs of individuals and their family members, but does not include businesses organized as sole proprietorships.

The category "business development companies" consists of companies that have made an election pursuant to section 54 of the Investment Company Act of 1940. Unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, do not answer (d)(1) or (d)(3) below.

Indicate the approximate number of your clients and amount of your total regulatory assets under management (reported in Item 5.F. below) attributable to each of the following type of client. If you have fewer than 5 clients in a particular category (other than (d), (e), and (f)) you may check Item 5.D.(2) rather than respond to Item 5.D.(1).

The aggregate amount of regulatory assets under management reported in Item 5.D.(3) should equal the total amount of regulatory assets under management reported in Item 5.F.(2)(c) below.

If a client fits into more than one category, select one category that most accurately represents the client to avoid double counting clients and assets. If you advise a registered investment company, business development company, or pooled investment vehicle, report those assets in categories (d), (e), and (f) as applicable.

Type of Client	(1) Number of Client(s)	(2) Fewer than 5 Clients	(3) Amount of Regulatory Assets under Management
(a) Individuals (other than high net worth individuals)	0	<input checked="" type="checkbox"/>	\$ 0
(b) High net worth individuals	0	<input type="checkbox"/>	\$ 0
(c) Banking or thrift institutions	0	<input type="checkbox"/>	\$ 0
(d) Investment companies	191		\$ 4,517,093,504,250
(e) Business development companies	0		\$ 0

(f) Pooled investment vehicles (other than investment companies and business development companies)	63		\$ 13,045,219,361
(g) Pension and profit sharing plans (but not the plan participants or government pension plans)	0	<input type="checkbox"/>	\$ 0
(h) Charitable organizations	0	<input type="checkbox"/>	\$ 0
(i) State or municipal government entities (including government pension plans)	0	<input type="checkbox"/>	\$ 0
(j) Other investment advisers	0	<input type="checkbox"/>	\$ 0
(k) Insurance companies	0	<input type="checkbox"/>	\$ 0
(l) Sovereign wealth funds and foreign official institutions	0	<input type="checkbox"/>	\$ 0
(m) Corporations or other businesses not listed above	0	<input type="checkbox"/>	\$ 0
(n) Other:	0	<input type="checkbox"/>	\$ 0

Compensation Arrangements

E. You are compensated for your investment advisory services by (check all that apply):

- ☒ (1) A percentage of assets under your management
☐ (2) Hourly charges
☐ (3) Subscription fees (for a newsletter or periodical)
☐ (4) Fixed fees (other than subscription fees)
☐ (5) Commissions
☐ (6) Performance-based fees
☒ (7) Other (specify): ALLOCATED SHARE OF VANGUARD'S TOTAL COST OF OPERATIONS

Item 5 Information About Your Advisory Business - Regulatory Assets Under Management

Regulatory Assets Under Management

		Yes	No
F. (1) Do you provide continuous and regular supervisory or management services to securities portfolios?		<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) If yes, what is the amount of your regulatory assets under management and total number of accounts?			
	U.S. Dollar Amount		Total Number of Accounts
Discretionary:	(a) \$ 4,530,138,723,611		(d) 254
Non-Discretionary:	(b) \$ 0		(e) 0
Total:	(c) \$ 4,530,138,723,611		(f) 254

Part 1A Instruction 5.b. explains how to calculate your regulatory assets under management. You must follow these instructions carefully when completing this Item.

(3) What is the approximate amount of your total regulatory assets under management (reported in Item 5.F.(2)(c) above) attributable to clients who are non-United States persons?

\$ 13,045,219,361

Item 5 Information About Your Advisory Business - Advisory Activities

Advisory Activities

G. What type(s) of advisory services do you provide? Check all that apply.

- ☐ (1) Financial planning services
☐ (2) Portfolio management for individuals and/or small businesses
☒ (3) Portfolio management for investment companies (as well as "business development companies" that have made an election pursuant to section 54 of the Investment Company Act of 1940)
☒ (4) Portfolio management for pooled investment vehicles (other than investment companies)
☒ (5) Portfolio management for businesses (other than small businesses) or institutional clients (other than registered investment companies and other pooled investment vehicles)
☐ (6) Pension consulting services
☒ (7) Selection of other advisers (including private fund managers)
☒ (8) Publication of periodicals or newsletters
☐ (9) Security ratings or pricing services
☐ (10) Market timing services
☐ (11) Educational seminars/workshops
☐ (12) Other(specify):

Do not check Item 5.G.(3) unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, including as a subadviser. If you check Item 5.G.(3), report the 811 or 814 number of the investment company or investment companies to which you provide advice in Section 5.G.(3) of Schedule D

H. If you provide financial planning services, to how many clients did you provide these services during your last fiscal year?

☒ 0

- ☐ 1 - 10
☐ 11 - 25
☐ 26 - 50
☐ 51 - 100
☐ 101 - 250
☐ 251 - 500
☐ More than 500

If more than 500, how many?
(round to the nearest 500)

In your responses to this Item 5.H., do not include as "clients" the investors in a private fund you advise, unless you have a separate advisory relationship with those investors.

- | | | Yes | No |
|--|----|-----------------------|-----------------------|
| I. (1) Do you participate in a wrap fee program? | | <input type="radio"/> | <input type="radio"/> |
| (2) If you participate in a wrap fee program, what is the amount of your regulatory assets under management attributable to acting as: | | | |
| (a) sponsor to a wrap fee program | \$ | | |
| (b) portfolio manager for a wrap fee program? | \$ | | |
| (c) sponsor to and portfolio manager for the same wrap fee program? | \$ | | |

If you report an amount in Item 5.I.(2)(c), do not report that amount in Item 5.I.(2)(a) or Item 5.I.(2)(b).

If you are a portfolio manager for a wrap fee program, list the names of the programs, their sponsors and related information in Section 5.I.(2) of Schedule D.

If your involvement in a wrap fee program is limited to recommending wrap fee programs to your clients, or you advise a mutual fund that is offered through a wrap fee program, do not check Item 5.I.(1) or enter any amounts in response to Item 5.I.(2).

- | | | Yes | No |
|---|--|-----------------------|-----------------------|
| J. (1) In response to Item 4.B. of Part 2A of Form ADV, do you indicate that you provide investment advice only with respect to limited types of investments? | | <input type="radio"/> | <input type="radio"/> |
| (2) Do you report client assets in Item 4.E. of Part 2A that are computed using a different method than the method used to compute your regulatory assets under management? | | <input type="radio"/> | <input type="radio"/> |

K. Separately Managed Account Clients

- | | | Yes | No |
|--|--|-----------------------|-----------------------|
| (1) Do you have regulatory assets under management attributable to clients other than those listed in Item 5.D.(3)(d)-(f) (separately managed account clients)? | | <input type="radio"/> | <input type="radio"/> |
| If yes, complete Section 5.K.(1) of Schedule D. | | | |
| (2) Do you engage in borrowing transactions on behalf of any of the separately managed account clients that you advise? | | <input type="radio"/> | <input type="radio"/> |
| If yes, complete Section 5.K.(2) of Schedule D. | | | |
| (3) Do you engage in derivative transactions on behalf of any of the separately managed account clients that you advise? | | <input type="radio"/> | <input type="radio"/> |
| If yes, complete Section 5.K.(2) of Schedule D. | | | |
| (4) After subtracting the amounts in Item 5.D.(3)(d)-(f) above from your total regulatory assets under management, does any custodian hold ten percent or more of this remaining amount of regulatory assets under management? | | <input type="radio"/> | <input type="radio"/> |
| If yes, complete Section 5.K.(3) of Schedule D for each custodian. | | | |

SECTION 5.G.(3) Advisers to Registered Investment Companies and Business Development Companies

If you check Item 5 G (3), what is the SEC file number (811 or 814 number) of each of the registered investment companies and business development companies to which you act as an adviser pursuant to an advisory contract? You must complete a separate Schedule D Section 5.G.(3) for each registered investment company and business development company to which you act as an adviser.

SECTION 5.I.(2) Wrap Fee Programs

No Information Filed

SECTION 5.K.(1) Separately Managed Accounts

After subtracting the amounts reported in Item 5.D.(3)(d)-(f) from your total regulatory assets under management, indicate the approximate percentage of this remaining amount attributable to each of the following categories of assets. If the remaining amount is at least \$10 billion in regulatory assets under management, complete Question (a). If the remaining amount is less than \$10 billion in regulatory assets under management, complete Question (b).

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. Mid-year is the date six months before the end of year date. Each column should add up to 100% and numbers should be rounded to the nearest percent.

Investments in derivatives, registered investment companies, business development companies, and pooled investment vehicles should be reported in those categories. Do not report those investments based on related or underlying portfolio assets. Cash equivalents include bank deposits, certificates of deposit, bankers' acceptances and similar bank instruments.

Some assets could be classified into more than one category or require discretion about which category applies. You may use your own internal methodologies and the conventions of your service providers in determining how to categorize assets, so long as the methodologies or conventions are consistently applied and consistent with information you report internally and to current and prospective clients. However, you should not double count assets, and your responses must be consistent with any instructions or other guidance relating to this Section.

(a) Asset Type	Mid-year	End of year
(i) Exchange-Traded Equity Securities	%	%
(ii) Non Exchange-Traded Equity Securities	%	%
(iii) U.S. Government/Agency Bonds	%	%
(iv) U.S. State and Local Bonds	%	%
(v) <i>Sovereign Bonds</i>	%	%
(vi) Investment Grade Corporate Bonds	%	%
(vii) Non-Investment Grade Corporate Bonds	%	%
(viii) Derivatives	%	%
(ix) Securities Issued by Registered Investment Companies or Business Development Companies	%	%
(x) Securities Issued by Pooled Investment Vehicles (other than Registered Investment Companies or Business Development Companies)	%	%
(xi) Cash and Cash Equivalents	%	%
(xii) Other	%	%

Generally describe any assets included in "Other"

(b) Asset Type	End of year
(i) Exchange-Traded Equity Securities	%
(ii) Non Exchange-Traded Equity Securities	%
(iii) U.S. Government/Agency Bonds	%
(iv) U.S. State and Local Bonds	%
(v) <i>Sovereign Bonds</i>	%
(vi) Investment Grade Corporate Bonds	%
(vii) Non-Investment Grade Corporate Bonds	%

(x) Securities Issued by Pooled Investment Vehicles (other than Registered Investment Companies or Business Development Companies)	%
(xi) Cash and Cash Equivalents	%
(xii) Other	%

Generally describe any assets included in "Other"

SECTION 5.K.(2) Separately Managed Accounts - Use of Borrowings and Derivatives

☐ No information is required to be reported in this Section 5.K.(2) per the instructions of this Section 5.K.(2)

If your regulatory assets under management attributable to separately managed accounts are at least \$10 billion, you should complete Question (a). If your regulatory assets under management attributable to separately managed accounts are at least \$500 million but less than \$10 billion, you should complete Question (b).

- (a) In the table below, provide the following information regarding the separately managed accounts you advise. If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise. End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. Mid-year is the date six months before the end of year date.

In column 1, indicate the regulatory assets under management attributable to separately managed accounts associated with each level of gross notional exposure. For purposes of this table, the gross notional exposure of an account is the percentage obtained by dividing (i) the sum of (a) the dollar amount of any *borrowings* and (b) the *gross notional value* of all derivatives, by (ii) the regulatory assets under management of the account.

In column 2, provide the dollar amount of *borrowings* for the accounts included in column 1.

In column 3, provide aggregate *gross notional value* of derivatives divided by the aggregate regulatory assets under management of the accounts included in column 1 with respect to each category of derivatives specified in 3(a) through (f).

You may, but are not required to, complete the table with respect to any separately managed account with regulatory assets under management of less than \$10,000,000.

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

(i) Mid-Year

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings	(3) Derivative Exposures					
			(a) Interest Rate Derivative	(b) Foreign Exchange Derivative	(c) Credit Derivative	(d) Equity Derivative	(e) Commodity Derivative	(f) Other Derivative
Less than 10%	\$	\$	0 %	0 %	0 %	0 %	0 %	0 %
10-149%	\$	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %
150% or more	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

(ii) End of Year

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings	(3) Derivative Exposures					
			(a) Interest Rate Derivative	(b) Foreign Exchange Derivative	(c) Credit Derivative	(d) Equity Derivative	(e) Commodity Derivative	(f) Other Derivative
Less than 10%	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %
10-149%	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %
150% or more	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

- (b) In the table below, provide the following information regarding the separately managed accounts you advise as of the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

In column 1, indicate the regulatory assets under management attributable to separately managed accounts associated with each level of gross notional exposure. For purposes of this table, the gross notional exposure of an account is the percentage obtained by dividing (i) the sum of (a) the dollar amount of any *borrowings* and (b) the *gross notional value* of all derivatives, by (ii) the regulatory assets under management of the account.

In column 2, provide the dollar amount of *borrowings* for the accounts included in column 1.

You may, but are not required to, complete the table with respect to any separately managed accounts with regulatory assets under management of less than \$10,000,000.

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings
Less than 10%	\$ 0	\$ 0
10-149%	\$ 0	\$ 0
150% or more	\$ 0	\$ 0

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

SECTION 5.K.(3) Custodians for Separately Managed Accounts

No Information Filed

Item 6 Other Business Activities

In this Item, we request information about your firm's other business activities.

A. You are actively engaged in business as a (check all that apply):

- ☒ (1) broker-dealer (registered or unregistered)
- ☒ (2) registered representative of a broker-dealer
- ☒ (3) commodity pool operator or commodity trading advisor (whether registered or exempt from registration)
- ☐ (4) futures commission merchant
- ☐ (5) real estate broker, dealer, or agent
- ☐ (6) insurance broker or agent
- ☐ (7) bank (including a separately identifiable department or division of a bank)
- ☐ (8) trust company
- ☐ (9) registered municipal advisor
- ☐ (10) registered security-based swap dealer
- ☐ (11) major security-based swap participant
- ☐ (12) accountant or accounting firm
- ☐ (13) lawyer or law firm
- ☐ (14) other financial product salesperson (specify):

If you engage in other business using a name that is different from the names reported in Items 1.A. or 1.B.(1), complete Section 6.A. of Schedule D.

- B. (1) Are you actively engaged in any other business not listed in Item 6.A. (other than giving investment advice)? Yes No
☒ ☐
- (2) If yes, is this other business your primary business? Yes No
☒ ☐

If "yes," describe this other business on Section 6.B.(2) of Schedule D, and if you engage in this business under a different name, provide that name.

- (3) Do you sell products or provide services other than investment advice to your advisory clients? Yes No
☒ ☐

If "yes," describe this other business on Section 6.B.(3) of Schedule D, and if you engage in this business under a different name, provide that name.

SECTION 6.A. Names of Your Other Businesses

No Information Filed

SECTION 6.B.(2) Description of Primary Business

Describe your primary business (not your investment advisory business):

VGI PROVIDES ITS CLIENTS WITH CORPORATE, MANAGEMENT & ADMINISTRATIVE MUTUAL FUND SERVICES, INCLUDING LEGAL, ACCOUNTING, TRANSFER AGENCY & DISTRIBUTION SERVICES.

If you engage in that business under a different name, provide that name:

SECTION 6.B.(3) Description of Other Products and Services

Describe other products or services you sell to your client. You may omit products and services that you listed in Section 6.B.(2) above. SAME AS 6.B.(2).

If you engage in that business under a different name, provide that name:

Item 7 Financial Industry Affiliations

In this Item, we request information about your financial industry affiliations and activities. This information identifies areas in which conflicts of interest may occur between you and your clients.

A. This part of Item 7 requires you to provide information about you and your *related persons*, including foreign affiliates. Your *related persons* are all of your

advisory affiliates and any person that is under common control with you.

You have a *related person* that is a (check all that apply):

- ☒ (1) broker-dealer, municipal securities dealer, or government securities broker or dealer (registered or unregistered)
- ☒ (2) other investment adviser (including financial planners)
- ☒ (3) registered municipal advisor
- ☒ (4) registered security-based swap dealer
- ☒ (5) major security-based swap participant
- ☒ (6) commodity pool operator or commodity trading advisor (whether registered or exempt from registration)
- ☒ (7) futures commission merchant
- ☒ (8) banking or thrift institution
- ☒ (9) trust company
- ☒ (10) accountant or accounting firm
- ☒ (11) lawyer or law firm
- ☒ (12) insurance company or agency
- ☒ (13) pension consultant
- ☒ (14) real estate broker or dealer
- ☒ (15) sponsor or syndicator of limited partnerships (or equivalent), excluding pooled investment vehicles
- ☒ (16) sponsor, general partner, managing member (or equivalent) of pooled investment vehicles

Note that Item 7.A. should not be used to disclose that some of your employees perform investment advisory functions or are registered representatives of a broker-dealer. The number of your firm's employees who perform investment advisory functions should be disclosed under Item 5.B.(1). The number of your firm's employees who are registered representatives of a broker-dealer should be disclosed under Item 5.B.(2).

Note that if you are filing an umbrella registration, you should not check Item 7.A.(2) with respect to your relying advisers, and you do not have to complete Section 7.A. in Schedule D for your relying advisers. You should complete a Schedule R for each relying adviser.

For each related person, including foreign affiliates that may not be registered or required to be registered in the United States, complete Section 7.A. of Schedule D.

You do not need to complete Section 7.A. of Schedule D for any related person if: (1) you have no business dealings with the related person in connection with advisory services you provide to your clients; (2) you do not conduct shared operations with the related person; (3) you do not refer clients or business to the related person, and the related person does not refer prospective clients or business to you; (4) you do not share supervised persons or premises with the related person; and (5) you have no reason to believe that your relationship with the related person otherwise creates a conflict of interest with your clients.

You must complete Section 7.A. of Schedule D for each related person acting as qualified custodian in connection with advisory services you provide to your clients (other than any mutual fund transfer agent pursuant to rule 206(4)-2(b)(1)), regardless of whether you have determined the related person to be operationally independent under rule 206(4)-2 of the Advisers Act.

SECTION 7.A. Financial Industry Affiliations

Complete a separate Schedule D Section 7.A. for each *related person* listed in Item 7.A.

1. Legal Name of *Related Person*:

VANGUARD ASSET MANAGEMENT, LIMITED

2. Primary Business Name of *Related Person*:

VANGUARD ASSET MANAGEMENT, LIMITED

3. *Related Person's* SEC File Number (if any) (e.g., 801-, 8-, 866-, 802-)

-

or

Other

Item 7 Private Fund Reporting

Yes No

B. Are you an adviser to any *private fund*?

Yes No

If "yes," then for each private fund that you advise, you must complete a Section 7.B.(1) of Schedule D, except in certain circumstances described in the next sentence and in Instruction 6 of the Instructions to Part 1A. If you are registered or applying for registration with the SEC or reporting as an SEC exempt reporting adviser, and another SEC-registered adviser or SEC exempt reporting adviser reports this information with respect to any such private fund in Section 7.B.(1) of Schedule D of its Form ADV (e.g., if you are a subadviser), do not complete Section 7.B.(1) of Schedule D with respect to that private fund. You must, instead, complete Section 7.B.(2) of Schedule D.

In either case, if you seek to preserve the anonymity of a private fund client by maintaining its identity in your books and records in numerical or alphabetical code, or similar designation, pursuant to rule 204-2(d), you may identify the private fund in Section 7.B.(1) or 7.B.(2) of Schedule D using the same code or designation in place of the fund's name.

SECTION 7.B.(1) Private Fund Reporting

A. PRIVATE FUND

Information About the Private Fund

1. (a) Name of the *private fund*:

ASF PRIVATE FUND

- (b) *Private fund* identification number:
(include the "805-" prefix also)

2. Under the laws of what state or country is the *private fund* organized:

State:

Country:

Cayman Islands

3. (a) Name(s) of General Partner, Manager, Trustee, or Directors (or *persons* serving in a similar capacity):

Name of General Partner, Manager, Trustee, or Director

VGMF I (CAYMAN) LIMITED

- (b) If filing an *umbrella registration*, identify the *filing adviser* and/or *relying adviser(s)* that sponsor(s) or manage(s) this *private fund*.

No Information Filed

4. The *private fund* (check all that apply; you must check at least one):

- ☐ (1) qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940
☒ (2) qualifies for the exclusion from the definition of investment company under section 3(c)(7) of the Investment Company Act of 1940

5. List the name and country, in English, of each *foreign financial regulatory authority* with which the *private fund* is registered.

Name of Country/English Name of Foreign Financial Regulatory Authority

Other - CAYMAN ISLANDS REGISTRAR OF TRUSTS

6. (a) Is this a "master fund" in a master-feeder arrangement?

Yes No

☐ ☒

- (b) If yes, what is the name and *private fund* identification number (if any) of the feeder funds investing in this *private fund*?

No Information Filed

- (c) Is this a "feeder fund" in a master-feeder arrangement?

Yes No

☐ ☒

- (d) If yes, what is the name and *private fund* identification number (if any) of the master fund in which this *private fund* invests?

Name of *private fund*:

Private fund identification number:
(include the "805-" prefix also)

NOTE: You must complete question 6 for each master-feeder arrangement regardless of whether you are filing a single Schedule D, Section 7.B.(1) for the master-feeder arrangement or reporting on the funds separately.

7. If you are filing a single Schedule D, Section 7.B.(1) for a master-feeder arrangement according to the instructions to this Section 7.B.(1), for each of the feeder funds answer the following questions:

No Information Filed

NOTE: For purposes of questions 6 and 7, in a master-feeder arrangement, one or more funds ("feeder funds") invest all or substantially all of their assets in a single fund ("master fund"). A fund would also be a "feeder fund" investing in a "master fund" for purposes of this question if it issued multiple classes (or series) of shares or interests, and each class (or series) invests substantially all of its assets in a single master fund.

8. (a) Is this *private fund* a "fund of funds"?

Yes No

☐ ☒

NOTE. For purposes of this question only, answer "yes" if the fund invests 10 percent or more of its total assets in other pooled investment vehicles, regardless of whether they are also *private funds* or registered investment companies.

- (b) If yes, does the *private fund* invest in funds managed by you or by a *related person*?

☐ ☒

Yes No

9. During your last fiscal year, did the *private fund* invest in securities issued by investment companies registered under the Investment Company Act of 1940 (other than "money market funds," to the extent provided in Instruction 6.e.)? ☐ Yes ☒ No

10. What type of fund is the *private fund*?

☒ hedge fund ☐ liquidity fund ☐ private equity fund ☐ real estate fund ☐ securitized asset fund ☐ venture capital fund ☐ Other *private fund*:

NOTE: For definitions of these fund types, please see Instruction 6 of the Instructions to Part 1A.

11. Current gross asset value of the *private fund*:

\$ 20,235,794

Ownership

12. Minimum investment commitment required of an investor in the *private fund*:

\$ 1

NOTE: Report the amount routinely required of investors who are not your *related persons* (even if different from the amount set forth in the organizational documents of the fund).

13. Approximate number of the *private fund's* beneficial owners:

1

14. What is the approximate percentage of the *private fund* beneficially owned by you and your *related persons*:

100%

15. (a) What is the approximate percentage of the *private fund* beneficially owned (in the aggregate) by funds of funds:

0%

Yes No

(b) If the *private fund* qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940, are sales of the fund limited to *qualified clients*? ☐ Yes ☒ No

16. What is the approximate percentage of the *private fund* beneficially owned by non-United States persons:

0%

Your Advisory Services

Yes No

17. (a) Are you a subadviser to this *private fund*? ☐ Yes ☒ No

(b) If the answer to question 17.(a) is "yes," provide the name and SEC file number, if any, of the adviser of the *private fund*. If the answer to question 17.(a) is "no," leave this question blank.

No Information Filed

Yes No

18. (a) Do any investment advisers (other than the investment advisers listed in Section 7.B.(1).A.3.(b)) advise the *private fund*? ☐ Yes ☒ No

(b) If the answer to question 18.(a) is "yes," provide the name and SEC file number, if any, of the other advisers to the *private fund*. If the answer to question 18.(a) is "no," leave this question blank.

No Information Filed

Yes No

19. Are your *clients* solicited to invest in the *private fund*? ☐ Yes ☒ No

NOTE: For purposes of this question, do not consider feeder funds of the *private fund*.

20. Approximately what percentage of your *clients* has invested in the *private fund*?

1%

Private Offering

Yes No

21. Has the *private fund* ever relied on an exemption from registration of its securities under Regulation D of the Securities Act of 1933? ☐ Yes ☒ No

22. If yes, provide the *private fund's* Form D file number (if any):

No Information Filed

Auditors

23. (a) (1) Are the *private fund's* financial statements subject to an annual audit?

Yes No

☐ ☒

(2) If the answer to question 23.(a)(1) is "yes," are the financial statements prepared in accordance with U.S. GAAP?

☐ ☒

If the answer to question 23.(a)(1) is "yes," respond to questions (b) through (h) below. If the *private fund* uses more than one auditing firm, you must complete questions (b) through (f) separately for each auditing firm.

No Information Filed

Yes No

(g) Are the *private fund's* audited financial statements for the most recently completed fiscal year distributed to the *private fund's* investors?

☐ ☒

(h) Do all of the reports prepared by the auditing firm for the *private fund* since your last *annual updating amendment* contain unqualified opinions?

☐ Yes ☒ No ☐ Report Not Yet Received

If you check "Report Not Yet Received," you must promptly file an amendment to your Form ADV to update your response when the report is available.

Prime Broker

Yes No

24. (a) Does the *private fund* use one or more prime brokers?

☐ ☒

If the answer to question 24.(a) is "yes," respond to questions (b) through (e) below for each prime broker the *private fund* uses. If the *private fund* uses more than one prime broker, you must complete questions (b) through (e) separately for each prime broker.

No Information Filed

Custodian

Yes No

25. (a) Does the *private fund* use any custodians (including the prime brokers listed above) to hold some or all of its assets?

☒ ☐

If the answer to question 25.(a) is "yes," respond to questions (b) through (g) below for each custodian the *private fund* uses. If the *private fund* uses more than one custodian, you must complete questions (b) through (g) separately for each custodian.

Additional Custodian Information : 1 Record(s) Filed.

If the answer to question 25.(a) is "yes," respond to questions (b) through (g) below for each custodian the *private fund* uses. If the *private fund* uses more than one custodian, you must complete questions (b) through (g) separately for each custodian.

(b) Legal name of custodian:

BROWN BROTHERS HARRIMAN & CO

(c) Primary business name of custodian:

BROWN BROTHERS HARRIMAN & CO

(d) The location of the custodian's office responsible for custody of the *private fund's* assets (city, state and country):

City:

NEW YORK

State:

New York

Country:

United States

Yes No

(e) Is the custodian a *related person* of your firm?

☐ ☒

(f) If the custodian is a broker-dealer, provide its SEC registration number (if any):

CRD Number (if any):

(g) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)

Administrator

26. (a) Does the *private fund* use an administrator other than your firm?

C C

If the answer to question 26.(a) is "yes," respond to questions (b) through (f) below. If the *private fund* uses more than one administrator, you must complete questions (b) through (f) separately for each administrator.

No Information Filed

27. During your last fiscal year, what percentage of the *private fund's* assets (by value) was valued by a *person*, such as an administrator, that is not your *related person*?

0%

Include only those assets where (i) such *person* carried out the valuation procedure established for that asset, if any, including obtaining any relevant quotes, and (ii) the valuation used for purposes of investor subscriptions, redemptions or distributions, and fee calculations (including allocations) was the valuation determined by such *person*.

Marketers

Yes No

28. (a) Does the *private fund* use the services of someone other than you or your *employees* for marketing purposes?

C C

You must answer "yes" whether the *person* acts as a placement agent, consultant, finder, introducer, municipal advisor or other solicitor, or similar *person*. If the answer to question 28.(a) is "yes," respond to questions (b) through (g) below for each such marketer the *private fund* uses. If the *private fund* uses more than one marketer you must complete questions (b) through (g) separately for each marketer.

No Information Filed

(c) Is this a "feeder fund" in a master-feeder arrangement?

☐ ☒

(d) If yes, what is the name and *private fund* identification number (if any) of the master fund in which this *private fund* invests?

Name of *private fund*:

Private fund identification number:

(include the "805-" prefix also)

NOTE: You must complete question 6 for each master-feeder arrangement regardless of whether you are filing a single Schedule D, Section 7.B.(1) for the master-feeder arrangement or reporting on the funds separately.

7. If you are filing a single Schedule D, Section 7.B.(1) for a master-feeder arrangement according to the instructions to this Section 7.B.(1), for each of the feeder funds answer the following questions:

No Information Filed

NOTE: For purposes of questions 6 and 7, in a master-feeder arrangement, one or more funds ("feeder funds") invest all or substantially all of their assets in a single fund ("master fund"). A fund would also be a "feeder fund" investing in a "master fund" for purposes of this question if it issued multiple classes (or series) of shares or interests, and each class (or series) invests substantially all of its assets in a single master fund.

Yes No

8. (a) Is this *private fund* a "fund of funds"?

☐ ☒

NOTE: For purposes of this question only, answer "yes" if the fund invests 10 percent or more of its total assets in other pooled investment vehicles, regardless of whether they are also *private funds* or registered investment companies.

(b) If yes, does the *private fund* invest in funds managed by you or by a *related person*?

☐ ☒

Yes No

9. During your last fiscal year, did the *private fund* invest in securities issued by investment companies registered under the Investment Company Act of 1940 (other than "money market funds," to the extent provided in Instruction 6.e.)?

☐ ☒

10. What type of fund is the *private fund*?

☒ hedge fund ☐ liquidity fund ☐ private equity fund ☐ real estate fund ☐ securitized asset fund ☐ venture capital fund ☐ Other *private fund*:

NOTE: For definitions of these fund types, please see Instruction 6 of the Instructions to Part 1A.

11. Current gross asset value of the *private fund*:

\$ 146,755,273

Ownership

12. Minimum investment commitment required of an investor in the *private fund*:

\$ 1

NOTE: Report the amount routinely required of investors who are not your *related persons* (even if different from the amount set forth in the organizational documents of the fund).

13. Approximate number of the *private fund's* beneficial owners:

1

14. What is the approximate percentage of the *private fund* beneficially owned by you and your *related persons*:

100%

15. (a) What is the approximate percentage of the *private fund* beneficially owned (in the aggregate) by funds of funds:

100%

Yes No

(b) If the *private fund* qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940, are sales of the fund limited to *qualified clients*?

☐ ☒

16. What is the approximate percentage of the *private fund* beneficially owned by non-United States persons:

0%

Your Advisory Services17. (a) Are you a subadviser to this *private fund*?

Yes No

☐ ☒(b) If the answer to question 17.(a) is "yes," provide the name and SEC file number, if any, of the adviser of the *private fund*. If the answer to question 17.(a) is "no," leave this question blank.

No Information Filed

18. (a) Do any investment advisers (other than the investment advisers listed in Section 7.B.(1).A.3.(b)) advise the *private fund*?

Yes No

☐ ☒(b) If the answer to question 18.(a) is "yes," provide the name and SEC file number, if any, of the other advisers to the *private fund*. If the answer to question 18.(a) is "no," leave this question blank.

No Information Filed

19. Are your *clients* solicited to invest in the *private fund*?

Yes No

☐ ☒NOTE: For purposes of this question, do not consider feeder funds of the *private fund*.20. Approximately what percentage of your *clients* has invested in the *private fund*?

1%

Private Offering21. Has the *private fund* ever relied on an exemption from registration of its securities under Regulation D of the Securities Act of 1933?

Yes No

☐ ☒22. If yes, provide the *private fund's* Form D file number (if any):

No Information Filed

B. SERVICE PROVIDERS**Auditors**23. (a) (1) Are the *private fund's* financial statements subject to an annual audit?

Yes No

☐ ☒

(2) If the answer to question 23.(a)(1) is "yes," are the financial statements prepared in accordance with U.S. GAAP?

☐ ☒If the answer to question 23.(a)(1) is "yes," respond to questions (b) through (h) below. If the *private fund* uses more than one auditing firm, you must complete questions (b) through (f) separately for each auditing firm.

No Information Filed

(g) Are the *private fund's* audited financial statements for the most recently completed fiscal year distributed to the *private fund's* investors?

Yes No

Item 8 Participation or Interest in *Client* Transactions

In this Item, we request information about your participation and interest in your *clients*' transactions. This information identifies additional areas in which conflicts of interest may occur between you and your *clients*. Newly-formed advisers should base responses to these questions on the types of participation and interest that you expect to engage in during the next year.

Like Item 7, Item 8 requires you to provide information about you and your *related persons*, including foreign affiliates.

Proprietary Interest in *Client* Transactions

- A. Do you or any *related person*:

Yes No

- (1) buy securities for yourself from advisory *clients*, or sell securities you own to advisory *clients* (principal transactions)? ☐ ☒
- (2) buy or sell for yourself securities (other than shares of mutual funds) that you also recommend to advisory *clients*? ☐ ☒
- (3) recommend securities (or other investment products) to advisory *clients* in which you or any *related person* has some other proprietary (ownership) interest (other than those mentioned in Items 8.A.(1) or (2))? ☐ ☒

Sales Interest in *Client* Transactions

- B. Do you or any *related person*:

Yes No

- (1) as a broker-dealer or registered representative of a broker-dealer, execute securities trades for brokerage customers in which advisory *client* securities are sold to or bought from the brokerage customer (agency cross transactions)? ☐ ☒
- (2) recommend to advisory *clients*, or act as a purchaser representative for advisory *clients* with respect to, the purchase of securities for which you or any *related person* serves as underwriter or general or managing partner? ☒ ☐
- (3) recommend purchase or sale of securities to advisory *clients* for which you or any *related person* has any other sales interest (other than the receipt of sales commissions as a broker or registered representative of a broker-dealer)? ☒ ☐

Investment or Brokerage Discretion

- C. Do you or any *related person* have *discretionary authority* to determine the:

Yes No

- (1) securities to be bought or sold for a *client's* account? ☒ ☐
- (2) amount of securities to be bought or sold for a *client's* account? ☒ ☐
- (3) broker or dealer to be used for a purchase or sale of securities for a *client's* account? ☒ ☐
- (4) commission rates to be paid to a broker or dealer for a *client's* securities transactions? ☒ ☐

- D. If you answer "yes" to C.(3) above, are any of the brokers or dealers *related persons*? ☒ ☐

- E. Do you or any *related person* recommend brokers or dealers to *clients*? ☒ ☐

- F. If you answer "yes" to E. above, are any of the brokers or dealers *related persons*? ☒ ☐

- G. (1) Do you or any *related person* receive research or other products or services other than execution from a broker-dealer or a third party ("soft dollar benefits") in connection with *client* securities transactions? ☒ ☐
- (2) If "yes" to G.(1) above, are all the "soft dollar benefits" you or any *related persons* receive eligible "research or brokerage services" under section 28(e) of the Securities Exchange Act of 1934? ☒ ☐

- H. (1) Do you or any *related person*, directly or indirectly, compensate any *person* that is not an *employee* for *client* referrals? ☐ ☒
- (2) Do you or any *related person*, directly or indirectly, provide any *employee* compensation that is specifically related to obtaining *clients* for the firm (cash or non-cash compensation in addition to the *employee's* regular salary)? ☒ ☐

- I. Do you or any *related person*, including any *employee*, directly or indirectly, receive compensation from any *person* (other than you or any *related person*) for *client* referrals? ☐ ☒

In your response to Item 8.I., do not include the regular salary you pay to an *employee*.

In responding to Items 8 H. and 8.I., consider all cash and non-cash compensation that you or a *related person* gave to (in answering Item 8.H.) or received from (in answering Item 8.I.) any *person* in exchange for *client* referrals, including any bonus that is based, at least in part, on the number or amount of *client*

Item 9 Custody

In this Item, we ask you whether you or a *related person* has *custody of client* (other than *clients* that are investment companies registered under the Investment Company Act of 1940) assets and about your custodial practices.

- | | | | | |
|----|-----|--|-----------------------|----------------------------------|
| A. | (1) | Do you have <i>custody of any advisory clients</i> : | Yes | No |
| | (a) | cash or bank accounts? | <input type="radio"/> | <input checked="" type="radio"/> |
| | (b) | securities? | <input type="radio"/> | <input checked="" type="radio"/> |

If you are registering or registered with the SEC, answer "No" to Item 9.A.(1)(a) and (b) if you have custody solely because (i) you deduct your advisory fees directly from your clients' accounts, or (ii) a related person has custody of client assets in connection with advisory services you provide to clients, but you have overcome the presumption that you are not operationally independent (pursuant to Advisers Act rule 206(4)-2(d)(5)) from the related person.

- (2) If you checked "yes" to Item 9.A.(1)(a) or (b), what is the approximate amount of *client* funds and securities and total number of *clients* for which you have custody:

U.S. Dollar Amount	Total Number of <i>Clients</i>
(a) \$	(b)

If you are registering or registered with the SEC and you have custody solely because you deduct your advisory fees directly from your clients' accounts, do not include the amount of those assets and the number of those clients in your response to Item 9.A.(2). If your related person has custody of client assets in connection with advisory services you provide to clients, do not include the amount of those assets and number of those clients in your response to 9.A.(2). Instead, include that information in your response to Item 9.B.(2).

- | | | | | |
|----|-----|--|-----------------------|----------------------------------|
| B. | (1) | In connection with advisory services you provide to <i>clients</i> , do any of your <i>related persons</i> have custody of any of your advisory <i>clients</i> : | Yes | No |
| | (a) | cash or bank accounts? | <input type="radio"/> | <input checked="" type="radio"/> |
| | (b) | securities? | <input type="radio"/> | <input checked="" type="radio"/> |

You are required to answer this item regardless of how you answered Item 9.A.(1)(a) or (b).

- (2) If you checked "yes" to Item 9.B.(1)(a) or (b), what is the approximate amount of *client* funds and securities and total number of *clients* for which your *related persons* have custody:

U.S. Dollar Amount	Total Number of <i>Clients</i>
(a) \$	(b)

- C. If you or your *related persons* have custody of *client* funds or securities in connection with advisory services you provide to *clients*, check all the following that apply:
- | | |
|---|--------------------------|
| (1) A qualified custodian(s) sends account statements at least quarterly to the investors in the pooled investment vehicle(s) you manage. | <input type="checkbox"/> |
| (2) An <i>independent public accountant</i> audits annually the pooled investment vehicle(s) that you manage and the audited financial statements are distributed to the investors in the pools. | <input type="checkbox"/> |
| (3) An <i>independent public accountant</i> conducts an annual surprise examination of <i>client</i> funds and securities. | <input type="checkbox"/> |
| (4) An <i>independent public accountant</i> prepares an internal control report with respect to custodial services when you or your <i>related persons</i> are qualified custodians for <i>client</i> funds and securities. | <input type="checkbox"/> |

If you checked Item 9.C.(2), C.(3) or C.(4), list in Section 9.C. of Schedule D the accountants that are engaged to perform the audit or examination or prepare an internal control report. (If you checked Item 9.C.(2), you do not have to list auditor information in Section 9.C. of Schedule D if you already provided this information with respect to the private funds you advise in Section 7.B.(1) of Schedule D).

- | | | | |
|----|--|-----------------------|----------------------------------|
| D. | Do you or your <i>related person(s)</i> act as qualified custodians for your <i>clients</i> in connection with advisory services you provide to <i>clients</i> ? | Yes | No |
| | (1) you act as a qualified custodian | <input type="radio"/> | <input checked="" type="radio"/> |
| | (2) your <i>related person(s)</i> act as qualified custodian(s) | <input type="radio"/> | <input checked="" type="radio"/> |

If you checked "yes" to Item 9.D.(2), all related persons that act as qualified custodians (other than any mutual fund transfer agent pursuant to rule 206(4)-2(b)(1)) must be identified in Section 7.A. of Schedule D, regardless of whether you have determined the related person to be operationally independent under rule 206(4)-2 of the Advisers Act.

- E. If you are filing your *annual updating amendment* and you were subject to a surprise examination by an *independent public accountant* during your last fiscal year, provide the date (MM/YYYY) the examination commenced:

- F. If you or your *related persons* have custody of *client* funds or securities, how many *persons*, including, but not limited to, you and your *related persons*, act as qualified custodians for your *clients* in connection with advisory services you provide to *clients*?

SECTION 9.C. Independent Public Accountant

No Information Filed

Item 10. Control Persons

In this Item, we ask you to identify every *person* that, directly or indirectly, *controls* you. If you are filing an *umbrella registration*, the information in Item 10 should be provided for the *filing adviser* only.

If you are submitting an initial application or report, you must complete Schedule A and Schedule B. Schedule A asks for information about your direct owners and executive officers. Schedule B asks for information about your indirect owners. If this is an amendment and you are updating information you reported on either Schedule A or Schedule B (or both) that you filed with your initial application or report, you must complete Schedule C.

Yes No

- A. Does any *person* not named in Item 1.A. or Schedules A, B, or C, directly or indirectly, *control* your management or policies?

☐ ☒

If yes, complete Section 10.A. of Schedule D.

- B. If any *person* named in Schedules A, B, or C or in Section 10.A. of Schedule D is a public reporting company under Sections 12 or 15(d) of the Securities Exchange Act of 1934, please complete Section 10.B. of Schedule D.

SECTION 10.A. Control Persons

No Information Filed

SECTION 10.B. Control Person Public Reporting Companies

No Information Filed

Item 11. Disclosure Information

In this Item, we ask for information about your disciplinary history and the disciplinary history of all your *advisory affiliates*. We use this information to determine whether to grant your application for registration, to decide whether to revoke your registration or to place limitations on your activities as an investment adviser, and to identify potential problem areas to focus on during our on-site examinations. One event may result in "yes" answers to more than one of the questions below. In accordance with General Instruction 5 to Form ADV, "you" and "your" include the *filing adviser* and all *relying advisers* under an *umbrella registration*.

Your *advisory affiliates* are: (1) all of your current *employees* (other than *employees* performing only clerical, administrative, support or similar functions); (2) all of your officers, partners, or directors (or any *person* performing similar functions); and (3) all *persons* directly or indirectly *controlling* you or *controlled* by you. If you are a "separately identifiable department or division" (SID) of a bank, see the Glossary of Terms to determine who your *advisory affiliates* are.

If you are registered or registering with the SEC or if you are an exempt reporting adviser, you may limit your disclosure of any event listed in Item 11 to ten years following the date of the event. If you are registered or registering with a state, you must respond to the questions as posed; you may, therefore, limit your disclosure to ten years following the date of an event only in responding to Items 11.A.(1), 11.A.(2), 11.B.(1), 11.B.(2), 11.D.(4), and 11.H.(1)(a). For purposes of calculating this ten-year period, the date of an event is the date the final order, judgment, or decree was entered, or the date any rights of appeal from preliminary orders, judgments, or decrees lapsed.

You must complete the appropriate Disclosure Reporting Page ("DRP") for "yes" answers to the questions in this Item 11.

Yes No

- Do any of the events below involve you or any of your *supervised persons*?

☐ ☒

For "yes" answers to the following questions, complete a Criminal Action DRP:

- A. In the past ten years, have you or any *advisory affiliate*:

Yes No

- (1) been convicted of or pled guilty or nolo contendere ("no contest") in a domestic, foreign, or military court to any *felony*?
- (2) been *charged* with any *felony*?

☐ ☒☐ ☒

If you are registered or registering with the SEC, or if you are reporting as an exempt reporting adviser, you may limit your response to Item 11.A.(2) to charges that are currently pending.

- B. In the past ten years, have you or any *advisory affiliate*:

- (1) been convicted of or pled guilty or nolo contendere ("no contest") in a domestic, foreign, or military court to a *misdemeanor* involving: investments or an *investment-related* business, or any fraud, false statements, or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or a conspiracy to commit any of these offenses?
- (2) been *charged* with a *misdemeanor* listed in Item 11.B.(1)?

☐ ☒☐ ☒☐ ☒

If you are registered or registering with the SEC, or if you are reporting as an exempt reporting adviser, you may limit your response to Item 11.B.(2) to charges that are currently pending.

For "yes" answers to the following questions, complete a Regulatory Action DRP:

- | | Yes | No |
|--|-----------------------|-----------------------|
| C. Has the SEC or the Commodity Futures Trading Commission (CFTC) ever: | | |
| (1) found you or any advisory affiliate to have made a false statement or omission? | <input type="radio"/> | <input type="radio"/> |
| (2) found you or any advisory affiliate to have been involved in a violation of SEC or CFTC regulations or statutes? | <input type="radio"/> | <input type="radio"/> |
| (3) found you or any advisory affiliate to have been a cause of an investment-related business having its authorization to do business denied, suspended, revoked, or restricted? | <input type="radio"/> | <input type="radio"/> |
| (4) entered an order against you or any advisory affiliate in connection with investment-related activity? | <input type="radio"/> | <input type="radio"/> |
| (5) imposed a civil money penalty on you or any advisory affiliate, or ordered you or any advisory affiliate to cease and desist from any activity? | <input type="radio"/> | <input type="radio"/> |
| D. Has any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority: | | |
| (1) ever found you or any advisory affiliate to have made a false statement or omission, or been dishonest, unfair, or unethical? | <input type="radio"/> | <input type="radio"/> |
| (2) ever found you or any advisory affiliate to have been involved in a violation of investment-related regulations or statutes? | <input type="radio"/> | <input type="radio"/> |
| (3) ever found you or any advisory affiliate to have been a cause of an investment-related business having its authorization to do business denied, suspended, revoked, or restricted? | <input type="radio"/> | <input type="radio"/> |
| (4) in the past ten years, entered an order against you or any advisory affiliate in connection with an investment-related activity? | <input type="radio"/> | <input type="radio"/> |
| (5) ever denied, suspended, or revoked your or any advisory affiliate's registration or license, or otherwise prevented you or any advisory affiliate, by order, from associating with an investment-related business or restricted your or any advisory affiliate's activity? | <input type="radio"/> | <input type="radio"/> |
| E. Has any self-regulatory organization or commodities exchange ever: | | |
| (1) found you or any advisory affiliate to have made a false statement or omission? | <input type="radio"/> | <input type="radio"/> |
| (2) found you or any advisory affiliate to have been involved in a violation of its rules (other than a violation designated as a "minor rule violation" under a plan approved by the SEC)? | <input type="radio"/> | <input type="radio"/> |
| (3) found you or any advisory affiliate to have been the cause of an investment-related business having its authorization to do business denied, suspended, revoked, or restricted? | <input type="radio"/> | <input type="radio"/> |
| (4) disciplined you or any advisory affiliate by expelling or suspending you or the advisory affiliate from membership, barring or suspending you or the advisory affiliate from association with other members, or otherwise restricting your or the advisory affiliate's activities? | <input type="radio"/> | <input type="radio"/> |
| F. Has an authorization to act as an attorney, accountant, or federal contractor granted to you or any advisory affiliate ever been revoked or suspended? | <input type="radio"/> | <input type="radio"/> |
| G. Are you or any advisory affiliate now the subject of any regulatory proceeding that could result in a "yes" answer to any part of Item 11.C., 11.D., or 11.E.? | <input type="radio"/> | <input type="radio"/> |

For "yes" answers to the following questions, complete a Civil Judicial Action DRP:

- | | Yes | No |
|--|-----------------------|-----------------------|
| H. (1) Has any domestic or foreign court: | | |
| (a) in the past ten years, enjoined you or any advisory affiliate in connection with any investment-related activity? | <input type="radio"/> | <input type="radio"/> |
| (b) ever found that you or any advisory affiliate were involved in a violation of investment-related statutes or regulations? | <input type="radio"/> | <input type="radio"/> |
| (c) ever dismissed, pursuant to a settlement agreement, an investment-related civil action brought against you or any advisory affiliate by a state or foreign financial regulatory authority? | <input type="radio"/> | <input type="radio"/> |
| (2) Are you or any advisory affiliate now the subject of any civil proceeding that could result in a "yes" answer to any part of Item 11.H.(1)? | <input type="radio"/> | <input type="radio"/> |

Item 12 Small Businesses

The SEC is required by the Regulatory Flexibility Act to consider the effect of its regulations on small entities. In order to do this, we need to determine whether you meet the definition of "small business" or "small organization" under rule 0-7.

Answer this Item 12 only if you are registered or registering with the SEC and you indicated in response to Item 5.F.(2)(c) that you have regulatory assets under management of less than \$25 million. You are not required to answer this Item 12 if you are filing for initial registration as a state adviser, amending a current state registration, or switching from SEC to state registration.

For purposes of this Item 12 only:

- Total Assets refers to the total assets of a firm, rather than the assets managed on behalf of clients. In determining your or another person's total assets, you may use the total assets shown on a current balance sheet (but use total assets reported on a consolidated balance sheet with subsidiaries included, if that amount is larger).
- Control means the power to direct or cause the direction of the management or policies of a person, whether through ownership of securities, by contract, or otherwise. Any person that directly or indirectly has the right to vote 25 percent or more of the voting securities, or is entitled to 25 percent or more of the profits, of another person is presumed to control the other person.

- | | Yes | No |
|--|-----------------------|-----------------------|
| A. Did you have total assets of \$5 million or more on the last day of your most recent fiscal year? | <input type="radio"/> | <input type="radio"/> |

If "yes," you do not need to answer Items 12.B. and 12.C.

B. Do you:

- (1) *control* another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year? ☐ ☐
- (2) *control* another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year? ☐ ☐

C. Are you:

- (1) *controlled* by or under common *control* with another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year? ☐ ☐
- (2) *controlled* by or under common *control* with another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year? ☐ ☐

Schedule A

Direct Owners and Executive Officers

- Complete Schedule A only if you are submitting an initial application or report. Schedule A asks for information about your direct owners and executive officers. Use Schedule C to amend this information.
- Direct Owners and Executive Officers. List below the names of:
 - each Chief Executive Officer, Chief Financial Officer, Chief Operations Officer, Chief Legal Officer, Chief Compliance Officer (Chief Compliance Officer is required if you are registered or applying for registration and cannot be more than one individual), director, and any other individuals with similar status or functions;
 - if you are organized as a corporation, each shareholder that is a direct owner of 5% or more of a class of your voting securities, unless you are a public reporting company (a company subject to Section 12 or 15(d) of the Exchange Act);
Direct owners include any *person* that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 5% or more of a class of your voting securities. For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.
 - if you are organized as a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 5% or more of your capital;
 - in the case of a trust that directly owns 5% or more of a class of your voting securities, or that has the right to receive upon dissolution, or has contributed, 5% or more of your capital, the trust and each trustee; and
 - if you are organized as a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 5% or more of your capital, and (ii) if managed by elected managers, all elected managers.
- Do you have any indirect owners to be reported on Schedule B? ☐ Yes ☒ No
- In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner or executive officer is an individual.
- Complete the Title or Status column by entering board/management titles; status as partner, trustee, sole proprietor, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).
- Ownership codes are: NA - less than 5% B - 10% but less than 25% D - 50% but less than 75%
A - 5% but less than 10% C - 25% but less than 50% E - 75% or more
- (a) In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.
(b) In the PR column, enter "PR" if the owner is a public reporting company under Sections 12 or 15(d) of the Exchange Act.
(c) Complete each column.

Schedule B

Indirect Owners

1. Complete Schedule B only if you are submitting an initial application or report. Schedule B asks for information about your indirect owners; you must first complete Schedule A, which asks for information about your direct owners. Use Schedule C to amend this information
2. Indirect Owners With respect to each owner listed on Schedule A (except individual owners), list below

- (a) in the case of an owner that is a corporation, each of its shareholders that beneficially owns; has the right to vote, or has the power to sell or direct the sale of, 25% or more of a class of a voting security of that corporation;

For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.

- (b) in the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25% or more of the partnership's capital;
- (c) in the case of an owner that is a trust, the trust and each trustee; and
- (d) in the case of an owner that is a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 25% or more of the LLC's capital, and (ii) if managed by elected managers, all elected managers.

3. Continue up the chain of ownership listing all 25% owners at each level. Once a public reporting company (a company subject to Sections 12 or 15(d) of the Exchange Act) is reached, no further ownership information need be given.
4. In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner is an individual.
5. Complete the Status column by entering the owner's status as partner, trustee, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).
6. Ownership codes are: C - 25% but less than 50% E - 75% or more
D - 50% but less than 75% F - Other (general partner, trustee, or elected manager)
7. (a) In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.
- (b) In the PR column, enter "PR" if the owner is a public reporting company under Sections 12 or 15(d) of the Exchange Act.
- (c) Complete each column.

CRIMINAL DISCLOSURE REPORTING PAGE (ADV)

No Information Filed

REGULATORY ACTION DISCLOSURE REPORTING PAGE (ADV)

GENERAL INSTRUCTIONS

This Disclosure Reporting Page (DRP ADV) is an ☐ INITIAL **OR** ☒ AMENDED response used to report details for affirmative responses to Items 11.C., 11.D., 11.E., 11.F. or 11.G. of Form ADV.

Regulatory Action

Check item(s) being responded to:

- | | | | | |
|----------------------------------|---|----------------------------------|----------------------------------|----------------------------------|
| <input type="checkbox"/> 11.C(1) | <input type="checkbox"/> 11.C(2) | <input type="checkbox"/> 11.C(3) | <input type="checkbox"/> 11.C(4) | <input type="checkbox"/> 11.C(5) |
| <input type="checkbox"/> 11.D(1) | <input type="checkbox"/> 11.D(2) | <input type="checkbox"/> 11.D(3) | <input type="checkbox"/> 11.D(4) | <input type="checkbox"/> 11.D(5) |
| <input type="checkbox"/> 11.E(1) | <input checked="" type="checkbox"/> 11.E(2) | <input type="checkbox"/> 11.E(3) | <input type="checkbox"/> 11.E(4) | |
| <input type="checkbox"/> 11.F. | <input type="checkbox"/> 11.G. | | | |

Use a separate DRP for each event or *proceeding*. The same event or *proceeding* may be reported for more than one *person* or entity using one DRP. File with a completed Execution Page

One event may result in more than one affirmative answer to Items 11.C., 11.D., 11.E., 11.F. or 11.G. Use only one DRP to report details related to the same event. If an event gives rise to actions by more than one regulator, provide details for each action on a separate DRP.

PART I

A. The *person(s)* or entity(ies) for whom this *DRP* is being filed is (are):

- ☐ You (the advisory firm)
- ☐ You and one or more of your *advisory affiliates*
- ☒ One or more of your *advisory affiliates*

If this *DRP* is being filed for an *advisory affiliate*, give the full name of the *advisory affiliate* below (for individuals, Last name, First name, Middle name). If the *advisory affiliate* has a *CRD* number, provide that number. If not, indicate "non-registered" by checking the appropriate box.

ADV *DRP* - ADVISORY AFFILIATE***CRD***

Number:

This *advisory affiliate* is ☒ a Firm ☐ an IndividualRegistered: ☒ Yes ☐ No

Name: VANGUARD MARKETING
CORPORATION
(For individuals, Last, First,
Middle)

- ☐ This *DRP* should be removed from the *ADV* record because the *advisory affiliate(s)* is no longer associated with the adviser.
- ☐ This *DRP* should be removed from the *ADV* record because: (1) the event or *proceeding* occurred more than ten years ago or (2) the adviser is registered or applying for registration with the SEC or reporting as an *exempt reporting adviser* with the SEC and the event was resolved in the adviser's or *advisory affiliate's* favor.

If you are registered or registering with a *state securities authority*, you may remove a *DRP* for an event you reported only in response to Item 11.D(4), and only if that event occurred more than ten years ago. If you are registered or registering with the SEC, you may remove a *DRP* for any event listed in Item 11 that occurred more than ten years ago.

- ☐ This *DRP* should be removed from the *ADV* record because it was filed in error, such as due to a clerical or data-entry mistake. Explain the circumstances:

B. If the *advisory affiliate* is registered through the *IARD* system or *CRD* system, has the *advisory affiliate* submitted a *DRP* (with Form *ADV*, *BD* or *U-4*) to the *IARD* or *CRD* for the event? If the answer is "Yes," no other information on this *DRP* must be provided.

☒ Yes ☐ No

NOTE: The completion of this form does not relieve the *advisory affiliate* of its obligation to update its *IARD* or *CRD* records.

PART II

1. Regulatory Action initiated by:

☐ SEC ☐ Other Federal ☐ State ☒ SRO ☐ Foreign

(Full name of regulator, foreign financial regulatory authority, federal, state, or SRO)

2. Principal Sanction:

Other Sanctions:

3. Date Initiated (MM/DD/YYYY):

☐ Exact ☐ Explanation

If not exact, provide explanation:

4. Docket/Case Number:

5. *Advisory Affiliate* Employing Firm when activity occurred which led to the regulatory action (if applicable):

6. Principal Product Type:

Other Product Types:

7. Describe the allegations related to this regulatory action (your response must fit within the space provided).

8. Current Status? ☐ Pending ☐ On Appeal ☐ Final

9. If on appeal, regulatory action appealed to (SEC, SRO, Federal or State Court) and Date Appeal Filed:

If Final or On Appeal, complete all items below. For Pending Actions, complete Item 13 only.

10. How was matter resolved:

11. Resolution Date (MM/DD/YYYY):

☐ Exact ☐ Explanation

If not exact, provide explanation:

12. Resolution Detail:

A. Were any of the following Sanctions *Ordered* (check all appropriate items)?

☐ Monetary/Fine Amount: \$

☐ Revocation/Expulsion/Denial

☐ Censure

☐ Bar

☐ Disgorgement/Restitution

☐ Cease and Desist/Injunction

☐ Suspension

B. Other Sanctions *Ordered*:

Sanction detail: if suspended, *enjoined* or barred, provide duration including start date and capacities affected (General Securities Principal, Financial Operations Principal, etc.). If requalification by exam/retraining was a condition of the sanction, provide length of time given to requalify/retrain, type of exam required and whether condition has been satisfied. If disposition resulted in a fine, penalty, restitution, disgorgement or monetary compensation, provide total amount, portion levied against you or an *advisory affiliate*, date paid and if any portion of penalty was waived:

13. Provide a brief summary of details related to the action status and (or) disposition and include relevant terms, conditions and dates (your response must fit within the space provided).

GENERAL INSTRUCTIONS

This Disclosure Reporting Page (DRP ADV) is an ☐ INITIAL **OR** ☒ AMENDED response used to report details for affirmative responses to Items 11.C., 11.D., 11.E., 11.F. or 11.G. of Form ADV.

Regulatory Action

Check item(s) being responded to:

☐ 11.C(1)

☐ 11.C(2)

☐ 11.C(3)

☐ 11.C(4)

☐ 11.C(5)

☐ 11.D(1)

☒ 11.D(2)

☐ 11.D(3)

☒ 11.D(4)

☐ 11.D(5)

☐ 11.E(1)

☐ 11.E(2)

☐ 11.E(3)

☐ 11.E(4)

☐ 11.F.

☐ 11.G.

Use a separate DRP for each event or *proceeding*. The same event or *proceeding* may be reported for more than one *person* or entity using one DRP. File with a completed Execution Page.

One event may result in more than one affirmative answer to Items 11.C., 11.D., 11.E., 11.F. or 11.G. Use only one DRP to report details related to the same event. If an event gives rise to actions by more than one regulator, provide details for each action on a separate DRP.

PART I

A. The *person(s)* or entity(ies) for whom this DRP is being filed is (are):

☐ You (the advisory firm)

☐ You and one or more of your *advisory affiliates*

☒ One or more of your *advisory affiliates*

If this DRP is being filed for an *advisory affiliate*, give the full name of the *advisory affiliate* below (for individuals, Last name, First name, Middle name). If the *advisory affiliate* has a CRD number, provide that number. If not, indicate "non-registered" by checking the appropriate box.

ADV DRP - ADVISORY AFFILIATE

CRD

Number

Registered: ☒ Yes ☐ No

Name: VANGUARD ADVISERS INC
(For individuals, Last, First, Middle)

This *advisory affiliate* is ☒ a Firm ☐ an Individual

- ☐ This DRP should be removed from the ADV record because the *advisory affiliate(s)* is no longer associated with the adviser.
- ☐ This DRP should be removed from the ADV record because: (1) the event or *proceeding* occurred more than ten years ago or (2) the adviser is registered or applying for registration with the SEC or reporting as an *exempt reporting adviser* with the SEC and the event was resolved in the adviser's or *advisory affiliate's* favor.

If you are registered or registering with a *state securities authority*, you may remove a DRP for an event you reported only in response to Item 11.D(4), and only if that event occurred more than ten years ago. If you are registered or registering with the SEC, you may remove a DRP for any event listed in Item 11 that occurred more than ten years ago.

- ☐ This DRP should be removed from the ADV record because it was filed in error, such as due to a clerical or data-entry mistake. Explain the circumstances:

- B. If the *advisory affiliate* is registered through the IARD system or CRD system, has the *advisory affiliate* submitted a DRP (with Form ADV, BD or U-4) to the IARD or CRD for the event? If the answer is "Yes," no other information on this DRP must be provided.

☒ Yes ☐ No

NOTE: The completion of this form does not relieve the *advisory affiliate* of its obligation to update its IARD or CRD records.

PART II

1. Regulatory Action initiated by:

☐ SEC ☐ Other Federal ☐ State ☐ SRO ☐ Foreign

(Full name of regulator, *foreign financial regulatory authority*, federal, state, or SRO)

2. Principal Sanction:

Other Sanctions:

3. Date Initiated (MM/DD/YYYY):

☐ Exact ☐ Explanation

If not exact, provide explanation:

4. Docket/Case Number:

5. *Advisory Affiliate* Employing Firm when activity occurred which led to the regulatory action (if applicable):

6. Principal Product Type:

Other Product Types:

7. Describe the allegations related to this regulatory action (your response must fit within the space provided):

8. Current Status? ☐ Pending ☐ On Appeal ☐ Final

9. If on appeal, regulatory action appealed to (SEC, SRO, Federal or State Court) and Date Appeal Filed:

If Final or On Appeal, complete all items below. For Pending Actions, complete Item 13 only.

10. How was matter resolved:

11. Resolution Date (MM/DD/YYYY)

☐ Exact ☐ Explanation

If not exact, provide explanation:

12. Resolution Detail:

- A. Were any of the following Sanctions *Ordered* (check all appropriate items)?

☐ Monetary/Fine Amount: \$

☐ Revocation/Expulsion/Denial

☐ Censure

☐ Bar

☐ Disgorgement/Restitution

☐ Cease and Desist/Injunction

☐ Suspension

- B. Other Sanctions *Ordered*.

Sanction detail. If suspended, *enjoined* or barred, provide duration including start date and capacities affected (General Securities Principal,

Financial Operations Principal, etc.). If requalification by exam/retraining was a condition of the sanction, provide length of time given to requalify/retrain, type of exam required and whether condition has been satisfied. If disposition resulted in a fine, penalty, restitution, disgorgement or monetary compensation, provide total amount, portion levied against you or an *advisory affiliate*, date paid and if any portion of penalty was waived:

13. Provide a brief summary of details related to the action status and (or) disposition and include relevant terms, conditions and dates (your response must fit within the space provided).

Part 2

Exemption from brochure delivery requirements for SEC-registered advisers

SEC rules exempt SEC-registered advisers from delivering a firm brochure to some kinds of clients. If these exemptions excuse you from delivering a brochure to *all* of your advisory clients, you do not have to prepare a brochure.

Yes No

Are you exempt from delivering a brochure to all of your clients under these rules?

☐ ☒

If no, complete the ADV Part 2 filing below.

Amend, retire or file new brochures:

Execution Pages

DOMESTIC INVESTMENT ADVISER EXECUTION PAGE

You must complete the following Execution Page to Form ADV. This execution page must be signed and attached to your initial submission of Form ADV to the SEC and all amendments.

Appointment of Agent for Service of Process

By signing this Form ADV Execution Page, you, the undersigned adviser, irrevocably appoint the Secretary of State or other legally designated officer, of the state in which you maintain your *principal office and place of business* and any other state in which you are submitting a *notice filing*, as your agents to receive service, and agree that such *persons* may accept service on your behalf, of any notice, subpoena, summons, *order instituting proceedings*, demand for arbitration, or other process or papers, and you further agree that such service may be made by registered or certified mail, in any federal or state action, administrative *proceeding* or arbitration brought against you in any place subject to the jurisdiction of the United States, if the action, *proceeding*, or arbitration (a) arises out of any activity in connection with your investment advisory business that is subject to the jurisdiction of the United States, and (b) is *founded*, directly or indirectly, upon the provisions of: (i) the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, the Investment Company Act of 1940, or the Investment Advisers Act of 1940, or any rule or regulation under any of these acts, or (ii) the laws of the state in which you maintain your *principal office and place of business* or of any state in which you are submitting a *notice filing*.

Signature

I, the undersigned, sign this Form ADV on behalf of, and with the authority of, the investment adviser. The investment adviser and I both certify, under penalty of perjury under the laws of the United States of America, that the information and statements made in this ADV, including exhibits and any other information submitted, are true and correct, and that I am signing this Form ADV Execution Page as a free and voluntary act.

I certify that the adviser's books and records will be preserved and available for inspection as required by law. Finally, I authorize any *person* having custody or possession of these books and records to make them available to federal and state regulatory representatives.

NON-RESIDENT INVESTMENT ADVISER EXECUTION PAGE

You must complete the following Execution Page to Form ADV. This execution page must be signed and attached to your initial submission of Form ADV to the SEC and all amendments

1. Appointment of Agent for Service of Process

By signing this Form ADV Execution Page, you, the undersigned adviser, irrevocably appoint each of the Secretary of the SEC, and the Secretary of State or other legally designated officer, of any other state in which you are submitting a *notice filing*, as your agents to receive service, and agree that such persons may accept service on your behalf, of any notice, subpoena, summons, *order instituting proceedings*, demand for arbitration, or other process or papers, and you further agree that such service may be made by registered or certified mail, in any federal or state action, administrative *proceeding* or arbitration brought against you in any place subject to the jurisdiction of the United States, if the action, *proceeding* or arbitration (a) arises out of any activity in connection with your investment advisory business that is subject to the jurisdiction of the United States, and (b) is *founded*, directly or indirectly, upon the provisions of: (i) the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, the Investment Company Act of 1940, or the Investment Advisers Act of 1940, or any rule or regulation under any of these acts, or (ii) the laws of any state in which you are submitting a *notice filing*.

2. Appointment and Consent: Effect on Partnerships

If you are organized as a partnership, this irrevocable power of attorney and consent to service of process will continue in effect if any partner withdraws from or is admitted to the partnership, provided that the admission or withdrawal does not create a new partnership. If the partnership dissolves, this irrevocable power of attorney and consent shall be in effect for any action brought against you or any of your former partners.

3. *Non-Resident* Investment Adviser Undertaking Regarding Books and Records

By signing this Form ADV, you also agree to provide, at your own expense, to the U.S. Securities and Exchange Commission at its principal office in Washington D.C., at any Regional or District Office of the Commission, or at any one of its offices in the United States, as specified by the Commission, correct, current, and complete copies of any or all records that you are required to maintain under Rule 204-2 under the Investment Advisers Act of 1940. This undertaking shall be binding upon you, your heirs, successors and assigns, and any *person* subject to your written irrevocable consents or powers of attorney or any of your general partners and *managing agents*.

Signature

I, the undersigned, sign this Form ADV on behalf of, and with the authority of, the *non-resident* investment adviser. The investment adviser and I both certify, under penalty of perjury under the laws of the United States of America, that the information and statements made in this ADV, including exhibits and any other information submitted, are true and correct, and that I am signing this Form ADV Execution Page as a free and voluntary act.

I certify that the adviser's books and records will be preserved and available for inspection as required by law. Finally, I authorize any *person* having *custody* or possession of these books and records to make them available to federal and state regulatory representatives.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

JPMorgan Chase Bank, N.A.

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☒ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1))
State the legal name of the entity in which the Disclosing Party holds a right of control: _____

B. Business address of the Disclosing Party: 1111 Polaris Parkway

Columbus, OH 43240

C. Telephone: (312)732-6988 Fax: _____ Email: joanne.meulendyke@jpmorgan.com

D. Name of contact person: Joanne Meulendyke

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable): _____

The City has distributed an RFP for Depository Certification to remain in the pool eligible to provide banking services and products to the City of Chicago
This certification also includes the Chicago Public Schools

G. Which City agency or department is requesting this EDS? City of Chicago Department of Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input checked="" type="checkbox"/> Other (please specify) |
| | National Banking Association |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

Disclosing party is organized under the federal laws of the United States of America.

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name	Title
------	-------

SEE ATTACHMENT A

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
JPMorgan Chase & Co.	383 Madison Avenue	100%
New York, New York 10179		

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

SEE ATTACHMENT A

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (<u>indicate whether paid or estimated.</u>) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	---

(Add sheets if necessary)

☒ Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

SEE ATTACHMENT A

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS: **SEE ATTACHMENT A**

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern: **SEE ATTACHMENT A**

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
 - b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
 - c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
 - d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).
6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.
7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.
8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.
9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").
10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

SEE ATTACHMENT A

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

SEE ATTACHMENT A

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

SEE ATTACHMENT A

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes ☒ No SEE ATTACHMENT A

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes ☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee. SEE ATTACHMENT A

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:
SEE ATTACHMENT B

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):
NOT APPLICABLE

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

To the Authorized Representative's knowledge, information and belief after reasonable inquiry as of November 2019.

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416? *

☐ Yes ☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416? *

☐ Yes ☐ No ☒ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☒ Yes

☐ No

☐ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Based on knowledge and belief, upon due inquiry, the Disclosing Party does not reasonably expect to provide any income or compensation to any City elected official during the 12- month period following the date of this EDS.

SECTION IV: DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

With respect to Section IV, the Authorized Representative certifies based on the Authorized Representative's knowledge, information and belief, upon due inquiry, that the Disclosing Party has not retained a subcontractor, attorney, lobbyist, accountant, or consultant in connection with the Matter.

SECTION V: CERTIFICATIONS

B. FURTHER CERTIFICATIONS

B.2 The Authorized Representative certifies on behalf of the Disclosing Party, as to the statements contained in Section V. B.2 that based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, that neither the Disclosing Party nor its affiliates are delinquent in paying any fine, fee, tax or other charge owed to the State of Illinois or the City of Chicago except for taxes that are being contested in good faith by appropriate legal proceeding and possible delinquencies in paying a fine, fee, tax or other charge related to (i) property mortgaged to the Disclosing Party or its affiliates, (ii) property owned by the Disclosing Party or its affiliates and leased to others, (iii) foreclosed property now owned by the Disclosing Party or its affiliates, (iv) property owned or held by the Disclosing Party or its affiliates as a fiduciary or nominee, and (v) fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or its affiliates by appropriate legal proceeding. If there are any outstanding claims that the Disclosing Party is notified of that Disclosing Party was not aware of previously, Disclosing Party will immediately address them.

B.3 (a-e) With respect to Section V, B.3 (a-e) of the EDS, JPMorgan Chase & Co and JPMorgan Chase Bank, N.A. (hereinafter the "Disclosing Party") certify based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, that such statements are accurate with respect to the executive officers and directors of the Disclosing Party. Based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, JPMorgan Chase & Co. and/or its subsidiaries (collectively, the "Firm") are defendants or putative defendants in numerous legal proceedings, including private civil litigations and regulatory/government investigations. The litigations range from individual actions involving a single plaintiff to class action lawsuits with potentially millions of class members. Investigations involve both formal and informal proceedings, by both governmental agencies and self-regulatory organizations. These legal proceedings are at varying stages of adjudication, arbitration or investigation, and involve each of the Firm's lines of business and geographies and a wide variety of claims (including common law tort and contract claims and statutory antitrust, securities and consumer protection claims), some of which present novel legal theories. Based on current knowledge, the Firm believes it has asserted meritorious defenses to the claims asserted against it in its currently outstanding legal proceedings, intends to defend itself vigorously in all such

matters and does not believe that any pending legal proceeding would have a material effect on the Firm's performance of the services contemplated by the RFP. For further discussion, please refer to JPMorgan Chase & Co.'s publicly-filed disclosures, including its most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the U.S. Securities and Exchange Commission (available at: <https://investor.shareholder.com/jpmorganchase/sec.cfm>). Moreover, the following matters may be of interest:

On May 20, 2015, JPMorgan Chase & Co. entered a plea of guilty to a single violation of federal antitrust law. Additional information regarding the plea and resolutions of other investigations related to the Firm's foreign exchange activities is available via May 20, 2015 press release (available at <http://investor.shareholder.com/jpmorganchase/releasedetail.cfm?ReleaseID=914105>). Judgment consistent with the terms of the plea agreement referenced in the press release was entered on January 10, 2017.

JPMorgan Chase Bank, N.A., a national banking association with operations throughout the world, has facilities in numerous jurisdictions, but to our knowledge, we are not aware of any such infringements, penalties, pending actions and/or prosecutions for breach of environmental laws other than as follows:

JPMorgan has entered into the following consent orders with the New York State Department of Environmental Conservation within the past five (5) years:

In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611102.6.2018.

In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611103.6.2018.

As a result of environmental audits that JPMorgan Chase Bank, N.A. and certain affiliated entities (JPMC) voluntarily conducted of JPMC's operations in 2014, 2015 and 2016, the Company discovered a number of compliance issues that it voluntarily self-disclosed to the U.S. Environmental Protection Agency (EPA), and JPMC subsequently voluntarily entered into a Consent Agreement and Final Order with EPA in June 2017 (In re: JPMorgan Chase Bank, N.A., Docket Nos. CWA-HQ-2017-6001, EPCRA-HQ-2017-6001, CAA-HQ-2017-6001, RCRA-HQ-2017-6001). None of the issues discovered resulted in any harm to the environment or to human health. In addition, from time to time JPMC may receive notices alleging minor compliance issues from state and/or local environmental agencies. In those instances, JPMC works with the agencies to address the issues promptly.

B.5 (a-d);

B.8

The Disclosing Party certifies the accuracy of the statements contained in sections 5, 6, and 7 of Section V only as to the Disclosing Party and its executive officers and directors. Based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, JPMorgan Chase & Co. and/or its subsidiaries (collectively, the "Firm") are defendants or putative defendants in numerous legal proceedings, including private civil litigations and

regulatory/government investigations. The litigations range from individual actions involving a single plaintiff to class action lawsuits with potentially millions of class members. Investigations involve both formal and informal proceedings, by both governmental agencies and self-regulatory organizations. These legal proceedings are at varying stages of adjudication, arbitration or investigation, and involve each of the Firm's lines of business and geographies and a wide variety of claims (including common law tort and contract claims and statutory antitrust, securities and consumer protection claims), some of which present novel legal theories. Based on current knowledge, the Firm believes it has asserted meritorious defenses to the claims asserted against it in its currently outstanding legal proceedings, intends to defend itself vigorously in all such matters and does not believe that any pending legal proceeding would have a material effect on the Firm's performance of the services contemplated by the RFP. For further discussion, please refer to JPMorgan Chase & Co.'s publicly-filed disclosures, including its most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the U.S. Securities and Exchange Commission (available at: <https://investor.shareholder.com/jpmorganchase/sec.cfm>). Moreover, the following matters may be of interest:

On May 20, 2015, JPMorgan Chase & Co. entered a plea of guilty to a single violation of federal antitrust law. Additional information regarding the plea and resolutions of other investigations related to the Firm's foreign exchange activities is available via May 20, 2015 press release (available at <http://investor.shareholder.com/jpmorganchase/releasedetail.cfm?ReleaseID=914105>). Judgment consistent with the terms of the plea agreement referenced in the press release was entered on January 10, 2017.

Furthermore, with respect to Section V. B.5. (d), the Minimum Wage ordinance, the Disclosing Party has not, during the five years before the execution date of this EDS, been determined to have violated the provisions of Municipal Code Section 2-92-320 (Minimum Wage Ordinance) as it relates to base wages.

B.11 Except as otherwise set forth in this Attachment A, the Authorized Representative on behalf of the Disclosing Party does not make any certification whatsoever with respect to any Applicable Party other than the Disclosing Party. The Authorized Representative on behalf of the Disclosing Party also certifies that it has not engaged any sub-contractor with respect to this transaction.

B.12 The Authorized Representative, on behalf of the Disclosing Party, certifies as to the statement in Section V, paragraph B.12 that, based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, the following Bank employees were previously City of Chicago employees during the 12-month period preceding the execution date of this EDS:

- None

B.13 The Authorized Representative certifies as to the statement in Section V, paragraph B.13 that, based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, the following gifts were provided by employees of the Bank to the following:

City Official Name	Date of Event	Event Name	Business meal cost per person (\$)
Gregg Cunningham	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Martha Reynoso	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Chip Hastings	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Sophia Carey	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Dorian Rico	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Rosa Escareno	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Lorielle Turner	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Susana Soriano	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Mary Kuhn	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Kenya Merritt	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22
Edwin Tumlos	07-Jun-2019	Neighborhood Opportunity Fund Orientation-Round III	30.22

D. INTEREST IN CITY BUSINESS

D.1 & D.4 As to the disclosures set forth in Section V, paragraphs D.1 & D.4, based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, on behalf of the Disclosing Party, to the extent the Disclosing Party has any control the Authorized Representative certifies that no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in this transaction.

**ATTACHMENT B
TO
CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
FILED BY
JPMORGAN CHASE BANK, N.A.
(as the Disclosing Party and the Applicant)**

The following response is true, accurate and complete based on the Authorized Representative's knowledge, information, and belief relying on information prepared on February 24, 2009, by a consultant at the direction of JPMorgan Chase & Co.

SECTION V -- CERTIFICATIONS

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS.

The Disclosing Party assumed its current name on November 13, 2004, when JPMorgan Chase Bank, a New York banking corporation, was converted into a national banking association under the name JPMorgan Chase Bank, National Association, and both Bank One, National Association (main office Chicago) and Bank One, National Association (main office Columbus) merged into it with the Disclosing Party being the surviving entity.

With regard to predecessors of the Disclosing Party as it existed prior to such merger ("JPMorgan Chase"), the Disclosing Party reports that J. Pierpont Morgan, Sr. was associated with George Peabody & Company and J.S. Morgan & Company (the "Peabody Firms") before he founded Drexel Morgan & Company, which ultimately became part of JPMorgan Chase. Capital supplied by Junius S. Morgan and J. Pierpont Morgan, Sr. appears to have been used to capitalize Drexel Morgan & Company in 1871. Upon the death of Junius S. Morgan, J.S. Morgan & Company came under the control of J. Pierpont Morgan, Sr. and became affiliated with J.P. Morgan & Co. Records indicate that the Peabody Firms had customers that appear to have used enslaved individuals.

JPMorgan Chase and the Bank One banks referred to above (collectively, "Bank One") had predecessor banks in states outside the South that purchased notes issued by, issued letters of credit or made loans to, and/or maintained correspondent accounts with municipalities, banks, companies and individuals located in Southern states where slavery was practiced during the slavery era. These municipalities, banks, companies and individuals are listed on Attachment I.

Bank One had predecessor banks before 1866 in three Southern states: Kentucky, Louisiana and Virginia. Searches revealed slavery-related information about two Louisiana banks, the Canal Bank (formed in 1831) and the Citizens Bank (formed in 1833), and the Lexington branch of the second Bank of Kentucky (formed in 1835). In 1924 Citizens Bank and Canal Bank merged. Predecessors of JPMorgan Chase had longstanding banking relationships with Canal Bank and its predecessors (see Attachment I), were creditors of Canal Bank and, in 1931, it appears that a predecessor of JPMorgan Chase led a group of investors that provided capital to Canal Bank and this predecessor of JPMorgan Chase became a shareholder and took a controlling management interest in the Canal Bank. The Canal Bank was placed into liquidation in March-May 1933 based on actions by the State of Louisiana and the federal government. In May 1933, The National Bank of Commerce in New Orleans was formed pursuant to an executive order approved by President Roosevelt and its assets included some of the deposits and loans of the old Canal Bank. Most of the capital for The National Bank of Commerce was provided by the Reconstruction Finance Corporation (owned by the U.S. government), with the remainder coming

from new shareholders. The U.S. government also provided over \$13 million toward the liquidation of the old Canal Bank. In 1947 and 1969, The National Bank of Commerce in New Orleans made two grants to Tulane University, which included archives of the Citizens Bank and Canal Bank. These materials are held at the Tulane Manuscripts Department, Special Collections Division, Howard-Tilton Memorial Library at Tulane University in New Orleans, Louisiana (collectively, the "Tulane Records"). In 1865, the First National Bank of Lexington (subsequently a part of First Security Corporation of Kentucky which was acquired by Bank One in 1992) was formed and assumed the operations of the Lexington Branch of the second Bank of Kentucky. Public records pertaining to the Lexington Branch of the second Bank of Kentucky have been discovered that contain records relevant to this certification (the "Lexington Records"). The Tulane Records, the Lexington Records and other records indicate that:

1. Citizens Bank and Canal Bank provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 21,000 enslaved individuals were listed among the collateral covered by mortgages given to the Louisiana banks.
2. The Lexington Branch of the second Bank of Kentucky also provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1835 to 1865, taking into account the duplication and/or absence of exact data, approximately 55 enslaved individuals were listed among the collateral covered by mortgages given to the Lexington Branch of the second Bank of Kentucky.
3. When mortgages went unpaid, the banks could initiate foreclosure proceedings. When this occurred, the bank could take ownership of the collateral. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 1,300 enslaved individuals were listed among the collateral that the Louisiana banks came to own. There is no evidence of foreclosure proceedings initiated by the Lexington Branch of the second Bank of Kentucky.

Attachment 2 lists information on mortgages as to which one of the Louisiana banks came to own enslaved individuals through foreclosure proceedings, including, where available, the names of those individuals and their prior or subsequent owners. Attachment 3 lists information on mortgages as to which one of the three banks held collateral that included enslaved individuals, including, where available, the names of those individuals and their prior or subsequent owners. The attachments will be supplemented as necessary to reflect any additional information located.

On September 25, 2008, the Disclosing Party acquired from the Federal Deposit Insurance Corporation, as the Receiver of Washington Mutual Bank, Henderson, NV (the "Receiver") certain assets of Washington Mutual Bank.

A review of the records of Washington Mutual Bank, including the records of its predecessor entities, has disclosed no evidence that Washington Mutual Bank nor any of its predecessors had any investments or profits from slavery, any direct involvement in the slave trade, any direct ownership in slaves, or any slaveholder insurance policies from the slavery era. There is evidence, however, that one predecessor entity, The Bowery Savings Bank, New York (1834)

("Bowery Savings"), purchased a \$100,000 bond of a slave holding state, North Carolina. A total of \$44,000 was paid to Bowery Savings by North Carolina in 1868 on account of the bond.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

JPMorgan Chase & Co.

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☐ the Applicant

OR

2. ☒ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: JPMorgan Chase Bank, N.A.

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1))
State the legal name of the entity in which the Disclosing Party holds a right of control:

B. Business address of the Disclosing Party:

383 Madison Avenue

New York, NY 10179

C. Telephone: (312)732-6988

Fax:

Email: joanne.meulendyke@jpmorgan.com

D. Name of contact person: Joanne Meulendyke

E. Federal Employer Identification No. (if you have one):

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

The City has distributed an RFP for Depository Certification to remain in the pool eligible to provide banking services and products to the City of Chicago
This certification also includes the Chicago Public Schools

G. Which City agency or department is requesting this EDS? City of Chicago Department of Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|--|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input checked="" type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input type="checkbox"/> Other (please specify) |
-

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

Delaware

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☒ Yes ☐ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name	Title
SEE ATTACHMENT A	
<hr/>	
<hr/>	
<hr/>	

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
SEE ATTACHMENT A		

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

SEE ATTACHMENT A

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	---

(Add sheets if necessary)

☒ Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

SEE ATTACHMENT A

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS: **SEE ATTACHMENT A**

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern: **SEE ATTACHMENT A**

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
 - b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
 - c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
 - d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).
6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.
7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.
8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.
9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").
10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

SEE ATTACHMENT A

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

SEE ATTACHMENT A

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

SEE ATTACHMENT A

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes ☒ No SEE ATTACHMENT A

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes ☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest
<hr/>		
<hr/>		
<hr/>		

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee. SEE ATTACHMENT A

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

____ 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

SEE ATTACHMENT B

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. **If the Matter is not federally funded**, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

NOT APPLICABLE

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

- A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.
- B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.
- C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.
- D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.
- E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

To the Authorized Representative's knowledge, information and belief after reasonable inquiry as of November 2019.

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes ☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes ☐ No ☒ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☐ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Not Applicable, as JPMorgan Chase & Co. is not the Applicant

SECTION II B.2: DISCLOSURE OF OWNERSHIP INTERESTS

See Attachment I to Attachment A.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Based on knowledge and belief, upon due inquiry, the Disclosing Party does not reasonable expect to provide any income or compensation to any City elected official during the 12- month period following the date of this EDS.

SECTION IV: DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

With respect to Section IV, the Authorized Representative certifies based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, that the Disclosing Party has not retained a subcontractor, attorney, lobbyist, accountant, or consultant in connection with the Matter.

SECTION V: CERTIFICATIONS

B. FURTHER CERTIFICATIONS

B.2 The Authorized Representative certifies on behalf of the Disclosing Party, as to the statements contained in Section V.B.2 that based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, that neither the Disclosing Party nor its affiliates are delinquent in paying any fine, fee, tax or other charge owed to the State of Illinois or the City of Chicago except for taxes that are being contested in good faith by appropriate legal proceeding and possible delinquencies in paying a fine, fee, tax or other charge related to (i) property mortgaged to the Disclosing Party or its affiliates, (ii) property owned by the Disclosing Party or its affiliates and leased to others, (iii) foreclosed property now owned by the Disclosing Party or its affiliates, (iv) property owned or held by the Disclosing Party or its affiliates as a fiduciary or nominee, and (v) fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or its affiliates by appropriate legal proceeding. If there are any outstanding claims that the Disclosing Party is notified of that Disclosing Party was not aware of previously, Disclosing Party will immediately address them.

B.3 (a-e) With respect to Section V, B.3 (a-c) of the EDS, JPMorgan Chase & Co. and JPMorgan Chase Bank, N.A. (hereinafter the "Disclosing Party") certify based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, that such statements are accurate with respect to the executive officers and directors of the Disclosing Party. Based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, JPMorgan Chase & Co. and/or its subsidiaries (collectively, the "Firm") are defendants or putative defendants in numerous legal proceedings, including private civil litigations and regulatory/government investigations. The litigations range from individual actions involving a single plaintiff to class action lawsuits with potentially millions of class members. Investigations involve both formal and informal proceedings, by both governmental agencies and self-regulatory organizations. These legal proceedings are at varying stages of adjudication, arbitration or investigation, and involve each of the Firm's lines of business and geographies and a wide variety of claims (including common law tort and contract claims and statutory antitrust, securities and consumer protection claims), some of which present novel legal theories. Based on current knowledge, the Firm believes it has asserted meritorious defenses to the claims asserted against it in its

currently outstanding legal proceedings, intends to defend itself vigorously in all such matters and does not believe that any pending legal proceeding would have a material effect on the Firm's performance of the services contemplated by the RFP. For further discussion, please refer to JPMorgan Chase & Co.'s publicly-filed disclosures, including its most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the U.S. Securities and Exchange Commission (available at: <https://investor.shareholder.com/jpmorganchase/sec.cfm>). Moreover, the following matters may be of interest:

On May 20, 2015, JPMorgan Chase & Co. entered a plea of guilty to a single violation of federal antitrust law. Additional information regarding the plea and resolutions of other investigations related to the Firm's foreign exchange activities is available via May 20, 2015 press release (available at <http://investor.shareholder.com/jpmorganchase/releasedetail.cfm?ReleaseID=914105>). Judgment consistent with the terms of the plea agreement referenced in the press release was entered on January 10, 2017.

JPMorgan Chase Bank, N.A., a national banking association with operations throughout the world, has facilities in numerous jurisdictions, but to our knowledge, we are not aware of any such infringements, penalties, pending actions and/or prosecutions for breach of environmental laws other than as follows:

JPMorgan has entered into the following consent orders with the New York State Department of Environmental Conservation within the past five (5) years:

In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611102.6.2018.

In the Matter of the Alleged Violation of Title 10 of Article 17 of the Environmental Conservation Law, as implemented pursuant to Part 613 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York by JPMorgan Chase & Co., Case No. PBS.OT.2-611103.6.2018.

As a result of environmental audits that JPMorgan Chase Bank, N.A. and certain affiliated entities (JPMC) voluntarily conducted of JPMC's operations in 2014, 2015 and 2016, the Company discovered a number of compliance issues that it voluntarily self-disclosed to the U.S. Environmental Protection Agency (EPA), and JPMC subsequently voluntarily entered into a Consent Agreement and Final Order with EPA in June 2017 (In re: JPMorgan Chase Bank, N.A., Docket Nos. CWA-HQ-2017-6001, EPCRA-HQ-2017-6001, CAA-HQ-2017-6001, RCRA-HQ-2017-6001). None of the issues discovered resulted in any harm to the environment or to human health. In addition, from time to time JPMC may receive notices alleging minor compliance issues from state and/or local environmental agencies. In those instances, JPMC works with the agencies to address the issues promptly.

B.5 (a-d):

The Disclosing Party certifies the accuracy of the statements contained in sections 5, 6, and 7 of Section V only as to the Disclosing Party and its executive officers and directors. Based on the Disclosing Party's knowledge, information, and belief, upon due inquiry, JPMorgan Chase & Co. and/or its subsidiaries are defendants or putative defendants in

numerous legal proceedings, including private civil litigations and regulatory/government investigations. The litigations range from individual actions involving a single plaintiff to class action lawsuits with potentially millions of class members. Investigations involve both formal and informal proceedings, by both governmental agencies and self-regulatory organizations. These legal proceedings are at varying stages of adjudication, arbitration or investigation, and involve each of the Firm's lines of business and geographies and a wide variety of claims (including common law tort and contract claims and statutory antitrust, securities and consumer protection claims), some of which present novel legal theories. Based on current knowledge, the Firm believes it has asserted meritorious defenses to the claims asserted against it in its currently outstanding legal proceedings, intends to defend itself vigorously in all such matters and does not believe that any pending legal proceeding would have a material effect on the Firm's performance of the services contemplated by the RFP. For further discussion, please refer to JPMorgan Chase & Co.'s publicly-filed disclosures, including its most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the U.S. Securities and Exchange Commission (available at: <https://investor.shareholder.com/jpmorganchase/sec.cfm>). Moreover, the following matters may be of interest:

On May 20, 2015, JPMorgan Chase & Co. entered a plea of guilty to a single violation of federal antitrust law. Additional information regarding the plea and resolutions of other investigations related to the Firm's foreign exchange activities is available via May 20, 2015 press release (available at <http://investor.shareholder.com/jpmorganchase/releasedetail.cfm?ReleaseID=914105>). Judgment consistent with the terms of the plea agreement referenced in the press release was entered on January 10, 2017.

Furthermore, with respect to Section V. B.5. (d), the Minimum Wage ordinance, the Disclosing Party has not, during the five years before the execution date of this EDS, been determined to have violated the provisions of Municipal Code Section 2-92-320 (Minimum Wage Ordinance) as it relates to base wages.

- B.11* Except as otherwise set forth in this Attachment A, the Authorized Representative on behalf of the Disclosing Party does not make any certification whatsoever with respect to any Applicable Party other than the Disclosing Party. The Authorized Representative on behalf of the Disclosing Party also certifies that it has not engaged any sub-contractor with respect to this transaction.
- B.12* The Authorized Representative, on behalf of the Disclosing Party, certifies as to the statement in Section V, paragraph B.12 that, based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, the following Disclosing Party employees were previously City of Chicago employees during the 12-month period preceding the execution date of this EDS:
- None
- B.13* The Authorized Representative certifies as to the statement in Section V, paragraph B.13 that, based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, the following gifts were provided by employees of the Disclosing Party to the following:
- None

D. INTEREST IN CITY BUSINESS

D.1 & D.4 As to the disclosures set forth in Section V, paragraphs D.1 & D.4, based on the Authorized Representative's knowledge, information, and belief, upon due inquiry, on behalf of the Disclosing Party, to the extent the Disclosing Party has any control the Authorized Representative certifies that no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in this transaction.

(as a Disclosing Party holding an interest in the Applicant)**

The following response is true, accurate and complete based on the Authorized Representative's knowledge, information, and belief relying on information prepared on February 24, 2009, by a consultant at the direction of JPMorgan Chase & Co.

SECTION V -- CERTIFICATIONS

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS.

The Disclosing Party was formed on July 1, 2004, when JPMorgan Chase & Co. acquired Bank One Corporation ("Bank One").

With regard to predecessors of the Disclosing Party as it existed prior to the Bank One Corporation acquisition ("JPMorgan Chase"), the Disclosing Party reports that J. Pierpont Morgan, Sr. was associated with George Peabody & Company and J.S. Morgan & Company (the "Peabody Firms") before he founded Drexel Morgan & Company, which ultimately became part of JPMorgan Chase. Capital supplied by Junius S. Morgan and J. Pierpont Morgan, Sr. appears to have been used to capitalize Drexel Morgan & Company in 1871. Upon the death of Junius S. Morgan, J.S. Morgan & Company came under the control of J. Pierpont Morgan, Sr. and became affiliated with J.P. Morgan & Co. Records indicate that the Peabody Firms had customers that appear to have used enslaved individuals.

JPMorgan Chase and Bank One had predecessor banks in states outside the South that purchased notes issued by, issued letters of credit or made loans to, and/or maintained correspondent accounts with municipalities, banks, companies and individuals located in Southern states where slavery was practiced during the slavery era. These municipalities, banks, companies and individuals are listed on Attachment 1.

Bank One had predecessor banks before 1866 in three Southern states: Kentucky, Louisiana and Virginia. Searches revealed slavery-related information about two Louisiana banks, the Canal Bank (formed in 1831) and the Citizens Bank (formed in 1833), and the Lexington branch of the second Bank of Kentucky (formed in 1835). In 1924 Citizens Bank and Canal Bank merged. Predecessors of JPMorgan Chase had longstanding banking relationships with Canal Bank and its predecessors (see Attachment 1), were creditors of Canal Bank and, in 1931, it appears that a predecessor of JPMorgan Chase led a group of investors that provided capital to Canal Bank and this predecessor of JPMorgan Chase became a shareholder and took a controlling management interest in the Canal Bank. The Canal Bank was placed into liquidation in March-May 1933 based on actions by the State of Louisiana and the federal government. In May 1933, The National Bank of Commerce in New Orleans was formed pursuant to an executive order approved by President Roosevelt and its assets included some of the deposits and loans of the old Canal Bank. Most of the capital for The National Bank of Commerce was provided by the Reconstruction Finance Corporation (owned by the U.S. government), with the remainder coming from new shareholders. The U.S. government also provided over \$13 million toward the liquidation of the old Canal Bank. In 1947 and 1969, The National Bank of Commerce in New

Orleans made two grants to Tulane University, which included archives of the Citizens Bank and Canal Bank. These materials are held at the Tulane Manuscripts Department, Special Collections Division, Howard-Tilton Memorial Library at Tulane University in New Orleans, Louisiana (collectively, the "Tulane Records"). In 1865, the First National Bank of Lexington (subsequently a part of First Security Corporation of Kentucky which was acquired by Bank One in 1992) was formed and assumed the operations of the Lexington Branch of the second Bank of Kentucky. Public records pertaining to the Lexington Branch of the second Bank of Kentucky have been discovered that contain records relevant to this certification (the "Lexington Records"). The Tulane Records, the Lexington Records and other records indicate that:

1. Citizens Bank and Canal Bank provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 21,000 enslaved individuals were listed among the collateral covered by mortgages given to the Louisiana banks.
2. The Lexington Branch of the second Bank of Kentucky also provided credit to plantation owners and accepted mortgages from them. The collateral covered by these mortgages included land, equipment and/or enslaved individuals. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1835 to 1865, taking into account the duplication and/or absence of exact data, approximately 55 enslaved individuals were listed among the collateral covered by mortgages given to the Lexington Branch of the second Bank of Kentucky.
3. When mortgages went unpaid, the banks could initiate foreclosure proceedings. When this occurred, the bank could take ownership of the collateral. The available records do not always provide the names of enslaved individuals. The Disclosing Party, however, estimates that, from 1831 to 1865, taking into account the duplication and/or absence of exact data, approximately 1,300 enslaved individuals were listed among the collateral that the Louisiana banks came to own. There is no evidence of foreclosure proceedings initiated by the Lexington Branch of the second Bank of Kentucky.

Attachment 2 lists information on mortgages as to which one of the Louisiana banks came to own enslaved individuals through foreclosure proceedings, including, where available, the names of those individuals and their prior or subsequent owners. Attachment 3 lists information on mortgages as to which one of the three banks held collateral that included enslaved individuals, including, where available, the names of those individuals and their prior or subsequent owners. The attachments will be supplemented as necessary to reflect any additional information located.

On September 25, 2008, JPMorgan Chase Bank, National Association (a subsidiary of the Disclosing Party) acquired from the Federal Deposit Insurance Corporation, as the Receiver of Washington Mutual Bank, Henderson NV, certain assets of Washington Mutual Bank.

A review of the records of Washington Mutual Bank, including the records of its predecessor entities, has disclosed no evidence that Washington Mutual Bank nor any of its predecessors had any investments or profits from slavery, any direct involvement in the slave trade, any direct ownership in slaves, or any slaveholder insurance policies from the slavery era. There is evidence, however, that one predecessor entity, The Bowery Savings Bank, New York (1834)

("Bowery Savings"), purchased a \$100,000 bond of a slave holding state, North Carolina. A total of \$44,000 was paid to Bowery Savings by North Carolina in 1868 on account of the bond.

FORM ADV

UNIFORM APPLICATION FOR INVESTMENT ADVISER REGISTRATION AND REPORT BY EXEMPT REPORTING ADVISERS

Primary Business Name: VANGUARD GROUP INC

CRD Number:

Other-Than-Annual Amendment - All Sections

Rev. 10/2017

4/30/2019 1:30:36 PM

WARNING: Complete this form truthfully. False statements or omissions may result in denial of your application, revocation of your registration, or criminal prosecution. You must keep this form updated by filing periodic amendments. See Form ADV General Instruction 4.

Item 1 Identifying Information

Responses to this Item tell us who you are, where you are doing business, and how we can contact you. If you are filing an *umbrella registration*, the information in Item 1 should be provided for the *filing adviser* only. General Instruction 5 provides information to assist you with filing an *umbrella registration*.

A. Your full legal name (if you are a sole proprietor, your last, first, and middle names):

THE VANGUARD GROUP, INC.

B. (1) Name under which you primarily conduct your advisory business, if different from Item 1.A.

VANGUARD GROUP INC

List on Section 1.B. of Schedule D any additional names under which you conduct your advisory business.

(2) If you are using this Form ADV to register more than one investment adviser under an *umbrella registration*, check this box ☐

If you check this box, complete a Schedule R for each relying adviser.

C. If this filing is reporting a change in your legal name (Item 1.A.) or primary business name (Item 1.B.(1)), enter the new name and specify whether the name change is of

☐ your legal name or ☐ your primary business name:

D. (1) If you are registered with the SEC as an investment adviser, your SEC file number:

(2) If you report to the SEC as an *exempt reporting adviser*, your SEC file number:

(3) If you have one or more Central Index Key numbers assigned by the SEC ("CIK Numbers"), all of your CIK numbers:

No Information Filed

E. (1) If you have a number ("CRD Number") assigned by the FINRA's CRD system or by the IARD system, your CRD number:

If your firm does not have a CRD number, skip this Item 1.E. Do not provide the CRD number of one of your officers, employees, or affiliates.

(2) If you have additional CRD Numbers, your additional CRD numbers:

No Information Filed

F. Principal Office and Place of Business

(1) Address (do not use a P.O. Box):

Number and Street 1:

100 VANGUARD BLVD

City:

MALVERN

State:

Pennsylvania

Number and Street 2.

Facsimile number, if any:

This is (check one):

☐ one of your branch offices or affiliates.

☒ a third-party unaffiliated recordkeeper.

☐ other.

Briefly describe the books and records kept at this location.

STORAGE OF CLIENT AND OTHER FILES CONTAINING CONTRACTS, CORRESPONDENCE, RECOMMENDATIONS AND TRANSACTIONS, IN ADDITION TO PROGRAMMING CODE.

SECTION 1.M. Registration with Foreign Financial Regulatory Authorities

No Information Filed

Item 2 SEC Registration/Reporting

Responses to this Item help us (and you) determine whether you are eligible to register with the SEC. Complete this Item 2.A. only if you are applying for SEC registration or submitting an *annual updating amendment* to your SEC registration. If you are filing an *umbrella registration*, the information in Item 2 should be provided for the *filing adviser* only.

A. To register (or remain registered) with the SEC, you must check **at least one** of the Items 2.A.(1) through 2.A.(12), below. If you are submitting an *annual updating amendment* to your SEC registration and you are no longer eligible to register with the SEC, check Item 2.A.(13). Part 1A Instruction 2 provides information to help you determine whether you may affirmatively respond to each of these items.

You (the adviser):

☒ (1) are a **large advisory firm** that either:

(a) has regulatory assets under management of \$100 million (in U.S. dollars) or more; or

(b) has regulatory assets under management of \$90 million (in U.S. dollars) or more at the time of filing its most recent *annual updating amendment* and is registered with the SEC;

☐ (2) are a **mid-sized advisory firm** that has regulatory assets under management of \$25 million (in U.S. dollars) or more but less than \$100 million (in U.S. dollars) and you are either:

(a) not required to be registered as an adviser with the *state securities authority* of the state where you maintain your *principal office and place of business*; or

(b) not subject to examination by the *state securities authority* of the state where you maintain your *principal office and place of business*;

Click **HERE** for a list of states in which an investment adviser, if registered, would not be subject to examination by the state securities authority.

(3) Reserved

☐ (4) have your *principal office and place of business* **outside the United States**;

☒ (5) are an **investment adviser (or subadviser) to an investment company** registered under the Investment Company Act of 1940;

☐ (6) are an **investment adviser to a company which has elected to be a business development company** pursuant to section 54 of the Investment Company Act of 1940 and has not withdrawn the election, and you have at least \$25 million of regulatory assets under management;

☐ (7) are a **pension consultant** with respect to assets of plans having an aggregate value of at least \$200,000,000 that qualifies for the exemption in rule 203A-2(a);

☐ (8) are a **related adviser** under rule 203A-2(b) that *controls*, is *controlled* by, or is under common *control* with, an investment adviser that is registered with the SEC, and your *principal office and place of business* is the same as the registered adviser;

If you check this box, complete Section 2.A.(8) of Schedule D.

☐ (9) are an **adviser** relying on rule 203A-2(c) because you **expect to be eligible for SEC registration within 120 days**;

If you check this box, complete Section 2.A.(9) of Schedule D.

☐ (10) are a **multi-state adviser** that is required to register in 15 or more states and is relying on rule 203A-2(d);

If you check this box, complete Section 2.A.(10) of Schedule D

- ☐ (11) are an **Internet adviser** relying on rule 203A-2(e);
- ☐ (12) have **received an SEC order** exempting you from the prohibition against registration with the SEC;
- If you check this box, complete Section 2.A.(12) of Schedule D.
- ☐ (13) are **no longer eligible** to remain registered with the SEC.

State Securities Authority Notice Filings and State Reporting by Exempt Reporting Advisers

- C. Under state laws, SEC-registered advisers may be required to provide to *state securities authorities* a copy of the Form ADV and any amendments they file with the SEC. These are called *notice filings*. In addition, *exempt reporting advisers* may be required to provide *state securities authorities* with a copy of reports and any amendments they file with the SEC. If this is an initial application or report, check the box(es) next to the state(s) that you would like to receive notice of this and all subsequent filings or reports you submit to the SEC. If this is an amendment to direct your *notice filings* or reports to additional state(s), check the box(es) next to the state(s) that you would like to receive notice of this and all subsequent filings or reports you submit to the SEC. If this is an amendment to your registration to stop your *notice filings* or reports from going to state(s) that currently receive them, uncheck the box(es) next to those state(s).

Jurisdictions

<input type="checkbox"/> AL	<input type="checkbox"/> IL	<input type="checkbox"/> NE	<input type="checkbox"/> SC
<input type="checkbox"/> AK	<input type="checkbox"/> IN	<input type="checkbox"/> NV	<input type="checkbox"/> SD

<input type="checkbox"/> ID	<input type="checkbox"/> MT	<input type="checkbox"/> RI	

If you are amending your registration to stop your notice filings or reports from going to a state that currently receives them and you do not want to pay that state's notice filing or report filing fee for the coming year, your amendment must be filed before the end of the year (December 31).

SECTION 2.A.(8) Related Adviser

If you are relying on the exemption in rule 203A-2(b) from the prohibition on registration because you *control*, are *controlled* by, or are under common *control* with an investment adviser that is registered with the SEC and your *principal office and place of business* is the same as that of the registered adviser, provide the following information:

Name of Registered Investment Adviser

CRD Number of Registered Investment Adviser

SEC Number of Registered Investment Adviser

SECTION 2.A.(9) Investment Adviser Expecting to be Eligible for Commission Registration within 120 Days

If you are relying on rule 203A-2(c), the exemption from the prohibition on registration available to an adviser that expects to be eligible for SEC registration within 120 days, you are required to make certain representations about your eligibility for SEC registration. By checking the appropriate boxes, you will be deemed to have made the required representations. You must make both of these representations:

- ☐ I am not registered or required to be registered with the SEC or a *state securities authority* and I have a reasonable expectation that I will be eligible to register with the SEC within 120 days after the date my registration with the SEC becomes effective.
- ☐ I undertake to withdraw from SEC registration if, on the 120th day after my registration with the SEC becomes effective, I would be prohibited by Section 203A(a) of the Advisers Act from registering with the SEC

SECTION 2.A.(10) Multi-State Adviser

If you are relying on rule 203A-2(d), the multi-state adviser exemption from the prohibition on registration, you are required to make certain representations about your eligibility for SEC registration. By checking the appropriate boxes, you will be deemed to have made the required representations.

If you are applying for registration as an investment adviser with the SEC, you must make both of these representations.

- ☒ I have reviewed the applicable state and federal laws and have concluded that I am required by the laws of 15 or more states to register as an investment adviser with the *state securities authorities* in those states.
- ☐ I undertake to withdraw from SEC registration if I file an amendment to this registration indicating that I would be required by the laws of fewer than 15 states to register as an investment adviser with the *state securities authorities* of those states.

If you are submitting your *annual updating amendment*, you must make this representation:

- ☐ Within 90 days prior to the date of filing this amendment, I have reviewed the applicable state and federal laws and have concluded that I am required by the laws of at least 15 states to register as an investment adviser with the *state securities authorities* in those states.

SECTION 2.A.(12) SEC Exemptive Order

If you are relying upon an SEC order exempting you from the prohibition on registration, provide the following information:

Application Number:

803-

Date of order:

Item 3 Form of Organization

If you are filing an *umbrella registration*, the information in Item 3 should be provided for the *filing adviser* only.

A. How are you organized?

- ☒ Corporation
- ☐ Sole Proprietorship
- ☐ Limited Liability Partnership (LLP)
- ☐ Partnership
- ☐ Limited Liability Company (LLC)
- ☐ Limited Partnership (LP)
- ☐ Other (specify):

If you are changing your response to this Item, see Part 1A Instruction 4.

B. In what month does your fiscal year end each year?

DECEMBER

C. Under the laws of what state or country are you organized?

State Country
Pennsylvania United States

If you are a partnership, provide the name of the state or country under whose laws your partnership was formed. If you are a sole proprietor, provide the name of the state or country where you reside.

If you are changing your response to this Item, see Part 1A Instruction 4.

Item 4 Successions

A. Are you, at the time of this filing, succeeding to the business of a registered investment adviser, including, for example, a change of your structure or legal status (e.g., form of organization or state of incorporation)?

Yes No

☐ ☒

If "yes", complete Item 4.B. and Section 4 of Schedule D.

B. Date of Succession: (MM/DD/YYYY)

If you have already reported this succession on a previous Form ADV filing, do not report the succession again. Instead, check "No." See Part 1A Instruction 4.

SECTION 4 Successions

No Information Filed

Item 5 Information About Your Advisory Business - Employees, Clients, and Compensation

Responses to this Item help us understand your business, assist us in preparing for on-site examinations, and provide us with data we use when making regulatory policy. Part 1A Instruction 5.a. provides additional guidance to newly formed advisers for completing this Item 5.

Employees

If you are organized as a sole proprietorship, include yourself as an employee in your responses to Item 5.A. and Items 5.B.(1), (2), (3), (4), and (5). If an employee performs more than one function, you should count that employee in each of your responses to Items 5.B.(1), (2), (3), (4), and (5).

- A. Approximately how many *employees* do you have? Include full- and part-time *employees* but do not include any clerical workers.
490
- B. (1) Approximately how many of the *employees* reported in 5.A. perform investment advisory functions (including research)?
369
- (2) Approximately how many of the *employees* reported in 5.A. are registered representatives of a broker-dealer?
41
- (3) Approximately how many of the *employees* reported in 5.A. are registered with one or more *state securities authorities* as investment adviser representatives?
5
- (4) Approximately how many of the *employees* reported in 5.A. are registered with one or more *state securities authorities* as investment adviser representatives for an investment adviser other than you?
0
- (5) Approximately how many of the *employees* reported in 5.A. are licensed agents of an insurance company or agency?
0
- (6) Approximately how many firms or other *persons* solicit advisory *clients* on your behalf?
0

In your response to Item 5.B.(6), do not count any of your employees and count a firm only once – do not count each of the firm's employees that solicit on your behalf.

Clients

In your responses to Items 5.C. and 5.D. do not include as "clients" the investors in a private fund you advise, unless you have a separate advisory relationship with those investors.

- C. (1) To approximately how many *clients* for whom you do not have regulatory assets under management did you provide investment advisory services during your most recently completed fiscal year?
0
- (2) Approximately what percentage of your *clients* are non-United States persons?
42%
- D. For purposes of this Item 5.D., the category "individuals" includes trusts, estates, and 401(k) plans and IRAs of individuals and their family members, but does not include businesses organized as sole proprietorships.
The category "business development companies" consists of companies that have made an election pursuant to section 54 of the Investment Company Act of 1940. Unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, do not answer (d)(1) or (d)(3) below.

Indicate the approximate number of your *clients* and amount of your total regulatory assets under management (reported in Item 5.F. below) attributable to each of the following type of *client*. If you have fewer than 5 *clients* in a particular category (other than (d), (e), and (f)) you may check Item 5.D.(2) rather than respond to Item 5.D.(1).

The aggregate amount of regulatory assets under management reported in Item 5.D.(3) should equal the total amount of regulatory assets under management reported in Item 5.F.(2)(c) below.

If a *client* fits into more than one category, select one category that most accurately represents the *client* to avoid double counting *clients* and assets. If you advise a registered investment company, business development company, or pooled investment vehicle, report those assets in categories (d), (e), and (f) as applicable.

Type of Client	(1) Number of Client(s)	(2) Fewer than 5 Clients	(3) Amount of Regulatory Assets under Management
(a) Individuals (other than high net worth individuals)	0	<input type="checkbox"/>	\$ 0
(b) High net worth individuals	0	<input type="checkbox"/>	\$ 0
(c) Banking or thrift institutions	0	<input type="checkbox"/>	\$ 0
(d) Investment companies	191		\$ 4,517,093,504,250
(e) Business development companies	0		\$ 0

(f) Pooled investment vehicles (other than investment companies and business development companies)	63		\$13,045,219,361
(g) Pension and profit sharing plans (but not the plan participants or government pension plans)	0	<input type="checkbox"/>	\$ 0
(h) Charitable organizations	0	<input type="checkbox"/>	\$ 0
(i) State or municipal <i>government entities</i> (including government pension plans)	0	<input type="checkbox"/>	\$ 0
(j) Other investment advisers	0	<input type="checkbox"/>	\$ 0
(k) Insurance companies	0	<input type="checkbox"/>	\$ 0
(l) Sovereign wealth funds and foreign official institutions	0	<input type="checkbox"/>	\$ 0
(m) Corporations or other businesses not listed above	0	<input type="checkbox"/>	\$ 0
(n) Other:	0	<input type="checkbox"/>	\$ 0

Compensation Arrangements

E. You are compensated for your investment advisory services by (check all that apply):

- ☒ (1) A percentage of assets under your management
☐ (2) Hourly charges
☐ (3) Subscription fees (for a newsletter or periodical)
☐ (4) Fixed fees (other than subscription fees)
☐ (5) Commissions
☐ (6) *Performance-based fees*
☒ (7) Other (specify): ALLOCATED SHARE OF VANGUARD'S TOTAL COST OF OPERATIONS

Item 5 Information About Your Advisory Business - Regulatory Assets Under Management

Regulatory Assets Under Management

Yes No

F. (1) Do you provide continuous and regular supervisory or management services to securities portfolios? ☒ Yes ☐ No

(2) If yes, what is the amount of your regulatory assets under management and total number of accounts?

	U.S. Dollar Amount	Total Number of Accounts
Discretionary:	(a) \$ 4,530,138,723,611	(d) 254
Non-Discretionary:	(b) \$ 0	(e) 0
Total:	(c) \$ 4,530,138,723,611	(f) 254

Part 1A Instruction 5.b. explains how to calculate your regulatory assets under management. You must follow these instructions carefully when completing this Item.

(3) What is the approximate amount of your total regulatory assets under management (reported in Item 5.F.(2)(c) above) attributable to *clients* who are non-United States persons?

\$ 13,045,219,361

Item 5 Information About Your Advisory Business - Advisory Activities

Advisory Activities

G. What type(s) of advisory services do you provide? Check all that apply.

- ☐ (1) Financial planning services
☐ (2) Portfolio management for individuals and/or small businesses
☒ (3) Portfolio management for investment companies (as well as "business development companies" that have made an election pursuant to section 54 of the Investment Company Act of 1940)
☒ (4) Portfolio management for pooled investment vehicles (other than investment companies)
☒ (5) Portfolio management for businesses (other than small businesses) or institutional *clients* (other than registered investment companies and other pooled investment vehicles)
☐ (6) Pension consulting services
☒ (7) Selection of other advisers (including *private fund* managers)
☒ (8) Publication of periodicals or newsletters
☐ (9) Security ratings or pricing services
☐ (10) Market timing services
☐ (11) Educational seminars/workshops
☐ (12) Other(specify):

Do not check Item 5.G.(3) unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, including as a subadviser. If you check Item 5.G.(3), report the 811 or 814 number of the investment company or investment companies to which you provide advice in Section 5.G.(3) of Schedule D.

H. If you provide financial planning services, to how many *clients* did you provide these services during your last fiscal year?

☒ 0

SECTION 5.I.(2) Wrap Fee Programs

No Information Filed

SECTION 5.K.(1) Separately Managed Accounts

After subtracting the amounts reported in Item 5.D.(3)(d)-(f) from your total regulatory assets under management, indicate the approximate percentage of this remaining amount attributable to each of the following categories of assets. If the remaining amount is at least \$10 billion in regulatory assets under management, complete Question (a). If the remaining amount is less than \$10 billion in regulatory assets under management, complete Question (b).

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. Mid-year is the date six months before the end of year date. Each column should add up to 100% and numbers should be rounded to the nearest percent.

Investments in derivatives, registered investment companies, business development companies, and pooled investment vehicles should be reported in those categories. Do not report those investments based on related or underlying portfolio assets. Cash equivalents include bank deposits, certificates of deposit, bankers' acceptances and similar bank instruments.

Some assets could be classified into more than one category or require discretion about which category applies. You may use your own internal methodologies and the conventions of your service providers in determining how to categorize assets, so long as the methodologies or conventions are consistently applied and consistent with information you report internally and to current and prospective clients. However, you should not double count assets, and your responses must be consistent with any instructions or other guidance relating to this Section.

(a)

Asset Type	Mid-year	End of year
(i) Exchange-Traded Equity Securities	%	%
(ii) Non Exchange-Traded Equity Securities	%	%
(iii) U.S. Government/Agency Bonds	%	%
(iv) U.S. State and Local Bonds	%	%
(v) Sovereign Bonds	%	%
(vi) Investment Grade Corporate Bonds	%	%
(vii) Non-Investment Grade Corporate Bonds	%	%
(viii) Derivatives	%	%
(ix) Securities Issued by Registered Investment Companies or Business Development Companies	%	%
(x) Securities Issued by Pooled Investment Vehicles (other than Registered Investment Companies or Business Development Companies)	%	%
(xi) Cash and Cash Equivalents	%	%
(xii) Other	%	%

Generally describe any assets included in "Other"

(b)

Asset Type	End of year
(i) Exchange-Traded Equity Securities	%
(ii) Non Exchange-Traded Equity Securities	%

SECTION 5.K.(2) Separately Managed Accounts - Use of Borrowings and Derivatives

☐ No information is required to be reported in this Section 5.K.(2) per the instructions of this Section 5.K.(2)

If your regulatory assets under management attributable to separately managed accounts are at least \$10 billion, you should complete Question (a). If your regulatory assets under management attributable to separately managed accounts are at least \$500 million but less than \$10 billion, you should complete Question (b).

- (a) In the table below, provide the following information regarding the separately managed accounts you advise. If you are a subadvisor to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise. End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. Mid-year is the date six months before the end of year date.

In column 1, indicate the regulatory assets under management attributable to separately managed accounts associated with each level of gross notional exposure. For purposes of this table, the gross notional exposure of an account is the percentage obtained by dividing (i) the sum of (a) the dollar amount of any *borrowings* and (b) the *gross notional value* of all derivatives, by (ii) the regulatory assets under management of the account.

In column 2, provide the dollar amount of *borrowings* for the accounts included in column 1.

In column 3, provide aggregate *gross notional value* of derivatives divided by the aggregate regulatory assets under management of the accounts included in column 1 with respect to each category of derivatives specified in 3(a) through (f).

You may, but are not required to, complete the table with respect to any separately managed account with regulatory assets under management of less than \$10,000,000.

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

(i) Mid-Year

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings	(3) Derivative Exposures					
			(a) Interest Rate Derivative	(b) Foreign Exchange Derivative	(c) Credit Derivative	(d) Equity Derivative	(e) Commodity Derivative	(f) Other Derivative
Less than 10%	\$	\$	0 %	0 %	0 %	0 %	0 %	0 %
10-149%	\$	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %
150% or more	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

(ii) End of Year

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings	(3) Derivative Exposures					
			(a) Interest Rate Derivative	(b) Foreign Exchange Derivative	(c) Credit Derivative	(d) Equity Derivative	(e) Commodity Derivative	(f) Other Derivative
Less than 10%	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %
10-149%	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %
150% or more	\$ 0	\$ 0	0 %	0 %	0 %	0 %	0 %	0 %

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

- (b) In the table below, provide the following information regarding the separately managed accounts you advise as of the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. If you are a subadvisor to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

In column 1, indicate the regulatory assets under management attributable to separately managed accounts associated with each level of gross notional exposure. For purposes of this table, the gross notional exposure of an account is the percentage obtained by dividing (i) the sum of (a) the dollar amount of any *borrowings* and (b) the *gross notional value* of all derivatives, by (ii) the regulatory assets under management of the account.

In column 2, provide the dollar amount of *borrowings* for the accounts included in column 1.

You may, but are not required to, complete the table with respect to any separately managed accounts with regulatory assets under management of less than \$10,000,000.

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings
Less than 10%	\$ 0	\$ 0
10-149%	\$ 0	\$ 0
150% or more	\$ 0	\$ 0

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

SECTION 5.K.(3) Custodians for Separately Managed Accounts

No Information Filed

Item 6 Other Business Activities

In this Item, we request information about your firm's other business activities.

A. You are actively engaged in business as a (check all that apply):

- ☐ (1) broker-dealer (registered or unregistered)
- ☐ (2) registered representative of a broker-dealer
- ☒ (3) commodity pool operator or commodity trading advisor (whether registered or exempt from registration)
- ☐ (4) futures commission merchant
- ☐ (5) real estate broker, dealer, or agent
- ☐ (6) insurance broker or agent
- ☐ (7) bank (including a separately identifiable department or division of a bank)
- ☐ (8) trust company
- ☐ (9) registered municipal advisor
- ☐ (10) registered security-based swap dealer
- ☐ (11) major security-based swap participant
- ☐ (12) accountant or accounting firm
- ☐ (13) lawyer or law firm
- ☐ (14) other financial product salesperson (specify):

If you engage in other business using a name that is different from the names reported in Items 1.A. or 1.B.(1), complete Section 6.A. of Schedule D.

B. (1) Are you actively engaged in any other business not listed in Item 6.A. (other than giving investment advice)?

Yes No

☒ ☐

(2) If yes, is this other business your primary business?

☒ ☐

If "yes," describe this other business on Section 6.B.(2) of Schedule D, and if you engage in this business under a different name, provide that name.

Yes No

(3) Do you sell products or provide services other than investment advice to your advisory clients?

☒ ☐

If "yes," describe this other business on Section 6.B.(3) of Schedule D, and if you engage in this business under a different name, provide that name.

SECTION 6.A. Names of Your Other Businesses

No Information Filed

SECTION 6.B.(2) Description of Primary Business

Describe your primary business (not your investment advisory business):

VGI PROVIDES ITS CLIENTS WITH CORPORATE, MANAGEMENT & ADMINISTRATIVE MUTUAL FUND SERVICES, INCLUDING LEGAL, ACCOUNTING, TRANSFER AGENCY & DISTRIBUTION SERVICES.

If you engage in that business under a different name, provide that name:

SECTION 6.B.(3) Description of Other Products and Services

Describe other products or services you sell to your *client*. You may omit products and services that you listed in Section 6.B.(2) above.

SAME AS 6 B.(2).

If you engage in that business under a different name, provide that name:

Item 7 Financial Industry Affiliations

In this Item, we request information about your financial industry affiliations and activities. This information identifies areas in which conflicts of interest may occur between you and your *clients*.

A This part of Item 7 requires you to provide information about you and your *related persons*, including foreign affiliates. Your *related persons* are all of your

advisory affiliates and any person that is under common control with you.

You have a *related person* that is a (check all that apply):

- ☒ (1) broker-dealer, municipal securities dealer, or government securities broker or dealer (registered or unregistered)
- ☒ (2) other investment adviser (including financial planners)
- ☒ (3) registered municipal advisor
- ☒ (4) registered security-based swap dealer
- ☒ (5) major security-based swap participant
- ☒ (6) commodity pool operator or commodity trading advisor (whether registered or exempt from registration)
- ☒ (7) futures commission merchant
- ☒ (8) banking or thrift institution
- ☒ (9) trust company
- ☒ (10) accountant or accounting firm
- ☒ (11) lawyer or law firm
- ☒ (12) insurance company or agency
- ☒ (13) pension consultant
- ☒ (14) real estate broker or dealer
- ☒ (15) sponsor or syndicator of limited partnerships (or equivalent), excluding pooled investment vehicles
- ☒ (16) sponsor, general partner, managing member (or equivalent) of pooled investment vehicles

Note that Item 7.A. should not be used to disclose that some of your employees perform investment advisory functions or are registered representatives of a broker-dealer. The number of your firm's employees who perform investment advisory functions should be disclosed under Item 5.B.(1). The number of your firm's employees who are registered representatives of a broker-dealer should be disclosed under Item 5.B.(2).

Note that if you are filing an umbrella registration, you should not check Item 7.A.(2) with respect to your relying advisers, and you do not have to complete Section 7.A. in Schedule D for your relying advisers. You should complete a Schedule R for each relying adviser.

For each related person, including foreign affiliates that may not be registered or required to be registered in the United States, complete Section 7.A. of Schedule D.

You do not need to complete Section 7.A. of Schedule D for any related person if: (1) you have no business dealings with the related person in connection with advisory services you provide to your clients; (2) you do not conduct shared operations with the related person; (3) you do not refer clients or business to the related person, and the related person does not refer prospective clients or business to you; (4) you do not share supervised persons or premises with the related person; and (5) you have no reason to believe that your relationship with the related person otherwise creates a conflict of interest with your clients.

You must complete Section 7.A. of Schedule D for each related person acting as qualified custodian in connection with advisory services you provide to your clients (other than any mutual fund transfer agent pursuant to rule 206(4)-2(b)(1)), regardless of whether you have determined the related person to be operationally independent under rule 206(4)-2 of the Advisers Act.

SECTION 7.A: Financial Industry Affiliations

Complete a separate Schedule D Section 7.A. for each *related person* listed in Item 7.A.

1. Legal Name of *Related Person*:

VANGUARD ASSET MANAGEMENT, LIMITED

2. Primary Business Name of *Related Person*:

VANGUARD ASSET MANAGEMENT, LIMITED

3. *Related Person's* SEC File Number (if any) (e.g., 801-, 8-, 866-, 802-)

or
Other

4. *Related Person's*

(a) CRD Number (if any):

Item 7 Private Fund Reporting

Yes No

B Are you an adviser to any *private fund*?☒ ☐

If "yes," then for each *private fund* that you advise, you must complete a Section 7.B.(1) of Schedule D, except in certain circumstances described in the next sentence and in Instruction 6 of the Instructions to Part 1A. If you are registered or applying for registration with the SEC or reporting as an SEC exempt reporting adviser, and another SEC-registered adviser or SEC exempt reporting adviser reports this information with respect to any such *private fund* in Section 7.B.(1) of Schedule D of its Form ADV (e.g., if you are a subadviser), do not complete Section 7.B.(1) of Schedule D with respect to that *private fund*. You must, instead, complete Section 7.B.(2) of Schedule D.

In either case, if you seek to preserve the anonymity of a *private fund* client by maintaining its identity in your books and records in numerical or alphabetical code, or similar designation, pursuant to rule 204-2(d), you may identify the *private fund* in Section 7.B.(1) or 7.B.(2) of Schedule D using the same code or designation in place of the fund's name.

SECTION 7.B.(1) Private Fund Reporting

Information About the Private Fund

1. (a) Name of the
- private fund*
- :

ASF PRIVATE FUND

- (b)
- Private fund*
- identification number:

(include the "805-" prefix also)

2. Under the laws of what state or country is the
- private fund*
- organized:

State:

Country:

Cayman Islands

3. (a) Name(s) of General Partner, Manager, Trustee, or Directors (or
- persons*
- serving in a similar capacity):

Name of General Partner, Manager, Trustee, or Director

VGMF I (CAYMAN) LIMITED

- (b) If filing an
- umbrella registration*
- , identify the
- filing adviser*
- and/or
- relying adviser(s)*
- that sponsor(s) or manage(s) this
- private fund*
- .

No Information Filed

4. The
- private fund*
- (check all that apply; you must check at least one):

☐ (1) qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940☒ (2) qualifies for the exclusion from the definition of investment company under section 3(c)(7) of the Investment Company Act of 1940

5. List the name and country, in English, of each
- foreign financial regulatory authority*
- with which the
- private fund*
- is registered.

Name of Country/English Name of Foreign Financial Regulatory Authority

Other - CAYMAN ISLANDS REGISTRAR OF TRUSTS

Yes No

6. (a) Is this a "master fund" in a master-feeder arrangement?

C C

- (b) If yes, what is the name and
- private fund*
- identification number (if any) of the feeder funds investing in this
- private fund*
- ?

No Information Filed

Yes No

- (c) Is this a "feeder fund" in a master-feeder arrangement?

C C

- (d) If yes, what is the name and
- private fund*
- identification number (if any) of the master fund in which this
- private fund*
- invests?

Name of *private fund*:*Private fund* identification number:

(include the "805-" prefix also)

NOTE: You must complete question 6 for each master-feeder arrangement regardless of whether you are filing a single Schedule D, Section 7.B.(1) for the master-feeder arrangement or reporting on the funds separately.

7. If you are filing a single Schedule D, Section 7.B.(1) for a master-feeder arrangement according to the instructions to this Section 7.B.(1), for each of the feeder funds answer the following questions:

No Information Filed

NOTE: For purposes of questions 6 and 7, in a master-feeder arrangement, one or more funds ("feeder funds") invest all or substantially all of their assets in a single fund ("master fund"). A fund would also be a "feeder fund" investing in a "master fund" for purposes of this question if it issued multiple classes (or series) of shares or interests, and each class (or series) invests substantially all of its assets in a single master fund

Yes No

8. (a) Is this
- private fund*
- a "fund of funds"?

C C

NOTE: For purposes of this question only, answer "yes" if the fund invests 10 percent or more of its total assets in other pooled investment vehicles, regardless of whether they are also *private funds* or registered investment companies.

- (b) If yes, does the
- private fund*
- invest in funds managed by you or by a
- related person*
- ?

C C

Yes No

9. During your last fiscal year, did the *private fund* invest in securities issued by investment companies registered under the Investment Company Act of 1940 (other than "money market funds," to the extent provided in Instruction 6.e.)? ☐ Yes ☒ No

10. What type of fund is the *private fund*?

☒ hedge fund ☐ liquidity fund ☐ private equity fund ☐ real estate fund ☐ securitized asset fund ☐ venture capital fund ☐ Other *private fund*:

NOTE: For definitions of these fund types, please see Instruction 6 of the Instructions to Part 1A.

11. Current gross asset value of the *private fund*:

\$ 20,235,794

Ownership

12. Minimum investment commitment required of an investor in the *private fund*:

\$ 1

NOTE: Report the amount routinely required of investors who are not your *related persons* (even if different from the amount set forth in the organizational documents of the fund).

13. Approximate number of the *private fund's* beneficial owners:

1

14. What is the approximate percentage of the *private fund* beneficially owned by you and your *related persons*:

100%

15. (a) What is the approximate percentage of the *private fund* beneficially owned (in the aggregate) by funds of funds:

0%

Yes No

(b) If the *private fund* qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940, are sales of the fund limited to *qualified clients*? ☐ Yes ☒ No

16. What is the approximate percentage of the *private fund* beneficially owned by non-United States persons:

0%

Your Advisory Services

Yes No

17. (a) Are you a subadviser to this *private fund*? ☐ Yes ☒ No

(b) If the answer to question 17.(a) is "yes," provide the name and SEC file number, if any, of the adviser of the *private fund*. If the answer to question 17.(a) is "no," leave this question blank.

No Information Filed

Yes No

18. (a) Do any investment advisers (other than the investment advisers listed in Section 7.B.(1).A.3.(b)) advise the *private fund*? ☐ Yes ☒ No

(b) If the answer to question 18.(a) is "yes," provide the name and SEC file number, if any, of the other advisers to the *private fund*. If the answer to question 18.(a) is "no," leave this question blank.

No Information Filed

Yes No

19. Are your *clients* solicited to invest in the *private fund*? ☐ Yes ☒ No

NOTE: For purposes of this question, do not consider feeder funds of the *private fund*.

20. Approximately what percentage of your *clients* has invested in the *private fund*?

1%

Private Offering

Yes No

21. Has the *private fund* ever relied on an exemption from registration of its securities under Regulation D of the Securities Act of 1933? ☐ Yes ☒ No

22. If yes, provide the *private fund's* Form D file number (if any):

No Information Filed

Auditors

23. (a) (1) Are the *private fund's* financial statements subject to an annual audit?

Yes No

☐ ☒

(2) If the answer to question 23.(a)(1) is "yes," are the financial statements prepared in accordance with U.S. GAAP?

☐ ☒

If the answer to question 23.(a)(1) is "yes," respond to questions (b) through (h) below. If the *private fund* uses more than one auditing firm, you must complete questions (b) through (f) separately for each auditing firm.

No Information Filed

Yes No

(g) Are the *private fund's* audited financial statements for the most recently completed fiscal year distributed to the *private fund's* investors?

☐ ☒

(h) Do all of the reports prepared by the auditing firm for the *private fund* since your last *annual updating amendment* contain unqualified opinions?

☒ Yes ☐ No ☐ Report Not Yet Received

If you check "Report Not Yet Received," you must promptly file an amendment to your Form ADV to update your response when the report is available.

Prime Broker

Yes No

24. (a) Does the *private fund* use one or more prime brokers?

☐ ☒

If the answer to question 24.(a) is "yes," respond to questions (b) through (e) below for each prime broker the *private fund* uses. If the *private fund* uses more than one prime broker, you must complete questions (b) through (e) separately for each prime broker.

No Information Filed

Custodian

Yes No

25. (a) Does the *private fund* use any custodians (including the prime brokers listed above) to hold some or all of its assets?

☒ ☐

If the answer to question 25.(a) is "yes," respond to questions (b) through (g) below for each custodian the *private fund* uses. If the *private fund* uses more than one custodian, you must complete questions (b) through (g) separately for each custodian.

Additional Custodian Information : 1 Record(s) Filed:

If the answer to question 25.(a) is "yes," respond to questions (b) through (g) below for each custodian the *private fund* uses. If the *private fund* uses more than one custodian, you must complete questions (b) through (g) separately for each custodian.

(b) Legal name of custodian:

BROWN BROTHERS HARRIMAN & CO

(c) Primary business name of custodian:

BROWN BROTHERS HARRIMAN & CO

(d) The location of the custodian's office responsible for custody of the *private fund's* assets (city, state and country):

City:

NEW YORK

State:

New York

Country:

United States

Yes No

(e) Is the custodian a *related person* of your firm?

☐ ☒

(f) If the custodian is a broker-dealer, provide its SEC registration number (if any):

CRD Number (if any):

(g) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)

Administrator

26. (a) Does the *private fund* use an administrator other than your firm?

Yes No

☐ ☒

If the answer to question 26.(a) is "yes," respond to questions (b) through (f) below. If the *private fund* uses more than one administrator, you must complete questions (b) through (f) separately for each administrator.

No Information Filed

27. During your last fiscal year, what percentage of the *private fund's* assets (by value) was valued by a *person*, such as an administrator, that is not your *related person*?

0%

Include only those assets where (i) such *person* carried out the valuation procedure established for that asset, if any, including obtaining any relevant quotes, and (ii) the valuation used for purposes of investor subscriptions, redemptions or distributions, and fee calculations (including allocations) was the valuation determined by such *person*.

Marketers

Yes No

☐ ☒

28. (a) Does the *private fund* use the services of someone other than you or your *employees* for marketing purposes?

You must answer "yes" whether the *person* acts as a placement agent, consultant, finder, introducer, municipal advisor or other solicitor, or similar *person*. If the answer to question 28.(a) is "yes," respond to questions (b) through (g) below for each such marketer the *private fund* uses. If the *private fund* uses more than one marketer you must complete questions (b) through (g) separately for each marketer.

☐ (1) qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940

☒ (2) qualifies for the exclusion from the definition of investment company under section 3(c)(7) of the Investment Company Act of 1940

5. List the name and country, in English, of each *foreign financial regulatory authority* with which the *private fund* is registered.

Name of Country/English Name of Foreign Financial Regulatory Authority

Other - CAYMAN ISLANDS REGISTRAR OF TRUSTS

Yes No

☐ ☒

6. (a) Is this a "master fund" in a master-feeder arrangement?

(b) If yes, what is the name and *private fund* identification number (if any) of the feeder funds investing in this *private fund*?

No Information Filed

(c) Is this a "feeder fund" in a master-feeder arrangement?

☐ ☒

(d) If yes, what is the name and *private fund* identification number (if any) of the master fund in which this *private fund* invests?

Name of *private fund*:

Private fund identification number:
(include the "805-" prefix also)

NOTE: You must complete question 6 for each master-feeder arrangement regardless of whether you are filing a single Schedule D, Section 7.B.(1) for the master-feeder arrangement or reporting on the funds separately.

7. If you are filing a single Schedule D, Section 7.B.(1) for a master-feeder arrangement according to the instructions to this Section 7.B.(1), for each of the feeder funds answer the following questions:

No Information Filed

NOTE: For purposes of questions 6 and 7, in a master-feeder arrangement, one or more funds ("feeder funds") invest all or substantially all of their assets in a single fund ("master fund"). A fund would also be a "feeder fund" investing in a "master fund" for purposes of this question if it issued multiple classes (or series) of shares or interests, and each class (or series) invests substantially all of its assets in a single master fund.

Yes No

8. (a) Is this *private fund* a "fund of funds"?

☐ ☒

NOTE: For purposes of this question only, answer "yes" if the fund invests 10 percent or more of its total assets in other pooled investment vehicles, regardless of whether they are also *private funds* or registered investment companies.

- (b) If yes, does the *private fund* invest in funds managed by you or by a *related person*?

☐ ☒

Yes No

9. During your last fiscal year, did the *private fund* invest in securities issued by investment companies registered under the Investment Company Act of 1940 (other than "money market funds," to the extent provided in Instruction 6.e.)?

☐ ☒

10. What type of fund is the *private fund*?

☒ hedge fund ☐ liquidity fund ☐ private equity fund ☐ real estate fund ☐ securitized asset fund ☐ venture capital fund ☐ Other *private fund*:

NOTE: For definitions of these fund types, please see Instruction 6 of the Instructions to Part 1A.

11. Current gross asset value of the *private fund*:

\$ 146,755,273

Ownership

12. Minimum investment commitment required of an investor in the *private fund*:

\$ 1

NOTE: Report the amount routinely required of investors who are not your *related persons* (even if different from the amount set forth in the organizational documents of the fund).

13. Approximate number of the *private fund's* beneficial owners:

1

14. What is the approximate percentage of the *private fund* beneficially owned by you and your *related persons*:

100%

15. (a) What is the approximate percentage of the *private fund* beneficially owned (in the aggregate) by funds of funds:

100%

Yes No

- (b) If the *private fund* qualifies for the exclusion from the definition of investment company under section 3(c)(1) of the Investment Company Act of 1940, are sales of the fund limited to *qualified clients*?

☐ ☒

16. What is the approximate percentage of the *private fund* beneficially owned by non-United States persons:

0%

Your Advisory Services17. (a) Are you a subadviser to this *private fund*?

Yes No

(b) If the answer to question 17.(a) is "yes," provide the name and SEC file number, if any, of the adviser of the *private fund*. If the answer to question 17.(a) is "no," leave this question blank.

No Information Filed

18. (a) Do any investment advisers (other than the investment advisers listed in Section 7.B.(1).A.3.(b)) advise the *private fund*?

Yes No

(b) If the answer to question 18.(a) is "yes," provide the name and SEC file number, if any, of the other advisers to the *private fund*. If the answer to question 18.(a) is "no," leave this question blank.

No Information Filed

19. Are your *clients* solicited to invest in the *private fund*?

Yes No

NOTE: For purposes of this question, do not consider feeder funds of the *private fund*.20. Approximately what percentage of your *clients* has invested in the *private fund*?

1%

Private Offering21. Has the *private fund* ever relied on an exemption from registration of its securities under Regulation D of the Securities Act of 1933?

Yes No

22. If yes, provide the *private fund's* Form D file number (if any):

No Information Filed

B. SERVICE PROVIDERS**Auditors**23. (a) (1) Are the *private fund's* financial statements subject to an annual audit?

Yes No

(2) If the answer to question 23.(a)(1) is "yes," are the financial statements prepared in accordance with U.S. GAAP?

If the answer to question 23.(a)(1) is "yes," respond to questions (b) through (h) below. If the *private fund* uses more than one auditing firm, you must complete questions (b) through (f) separately for each auditing firm.

No Information Filed

(g) Are the *private fund's* audited financial statements for the most recently completed fiscal year distributed to the *private fund's* investors?

Yes No

(h) Do all of the reports prepared by the auditing firm for the *private fund* since your last *annual updating amendment* contain unqualified opinions?☐ Yes ☐ No ☐ Report Not Yet Received

If you check "Report Not Yet Received," you must promptly file an amendment to your Form ADV to update your response when the report is available.

Prime Broker24. (a) Does the *private fund* use one or more prime brokers?

Yes No

If the answer to question 24.(a) is "yes," respond to questions (b) through (e) below for each prime broker the *private fund* uses. If the *private fund* uses more than one prime broker, you must complete questions (b) through (e) separately for each prime broker.

No Information Filed

Custodian25. (a) Does the *private fund* use any custodians (including the prime brokers listed above) to hold some or all of its assets?

Yes No

If the answer to question 25.(a) is "yes," respond to questions (b) through (g) below for each custodian the *private fund* uses. If the *private fund* uses more than one custodian, you must complete questions (b) through (g) separately for each custodian.

Additional Custodian Information : 1 Record(s) Filed.

If the answer to question 25.(a) is "yes," respond to questions (b) through (g) below for each custodian the *private fund* uses. If the *private fund* uses more than one custodian, you must complete questions (b) through (g) separately for each custodian.

(b) Legal name of custodian:
BROWN BROTHERS HARRIMAN & CO

(c) Primary business name of custodian:
BROWN BROTHERS HARRIMAN & CO

(d) The location of the custodian's office responsible for *custody* of the *private fund's* assets (city, state and country):

City:

NEW YORK

State:

New York

Country:

United States

Yes No

(e) Is the custodian a *related person* of your firm?

☐ Yes ☒ No

(f) If the custodian is a broker-dealer, provide its SEC registration number (if any):

-

CRD Number (if any):

(g) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)

Administrator

Yes No

26. (a) Does the *private fund* use an administrator other than your firm?

☐ Yes ☒ No

If the answer to question 26.(a) is "yes," respond to questions (b) through (f) below. If the *private fund* uses more than one administrator, you must complete questions (b) through (f) separately for each administrator.

No Information Filed

27. During your last fiscal year, what percentage of the *private fund's* assets (by value) was valued by a *person*, such as an administrator, that is not your *related person*?

0%

Include only those assets where (i) such *person* carried out the valuation procedure established for that asset, if any, including obtaining any relevant quotes, and (ii) the valuation used for purposes of investor subscriptions, redemptions or distributions, and fee calculations (including allocations) was the valuation determined by such *person*.

Marketers

Yes No

28. (a) Does the *private fund* use the services of someone other than you or your *employees* for marketing purposes?

☐ Yes ☒ No

You must answer "yes" whether the *person* acts as a placement agent, consultant, finder, introducer, municipal advisor or other solicitor, or similar *person*. If the answer to question 28.(a) is "yes," respond to questions (b) through (g) below for each such marketer the *private fund* uses. If the *private fund* uses more than one marketer you must complete questions (b) through (g) separately for each marketer.

No Information Filed

SECTION 7.B.(2) Private Fund Reporting

1. Name of the *private fund*:

VANGUARD DEVELOPED ALL-CAP EX NORTH AMERICA EQUITY INDEX POOLED FUND

2. *Private fund* identification number:

(include the "805-" prefix also)

805-9057962151

3. Name and SEC File number of adviser that provides information about this *private fund* in Section 7.B.(1) of Schedule D of its Form ADV filing

Name:

VANGUARD INVESTMENTS CANADA INC.

SEC File Number:

Yes No

4. Are your *clients* solicited to invest in this *private fund*?

☐ ☐

In answering this question, disregard feeder funds' investment in a master fund. For purposes of this question, in a master-feeder arrangement, one or more funds ("feeder funds") invest all or substantially all of their assets in a single fund ("master fund"). A fund would also be a "feeder fund" investing in a "master fund" for purposes of this question if it issued multiple classes (or series) of shares or interests, and each class (or series) invests substantially all of its assets in a single master fund.

1. Name of the *private fund*:

VANGUARD GLOBAL ALL-CAP EX CANADA EQUITY INDEX POOLED FUND

2. *Private fund* identification number:

(include the "805-" prefix also)

3. Name and SEC File number of adviser that provides information about this *private fund* in Section 7.B.(1) of Schedule D of its Form ADV filing

Name:

VANGUARD INVESTMENTS CANADA INC.

SEC File Number:

Item 8 Participation or Interest in *Client* Transactions

In this Item, we request information about your participation and interest in your *clients*' transactions. This information identifies additional areas in which conflicts of interest may occur between you and your *clients*. Newly-formed advisers should base responses to these questions on the types of participation and interest that you expect to engage in during the next year.

Like Item 7, Item 8 requires you to provide information about you and your *related persons*, including foreign affiliates.

Proprietary Interest in *Client* Transactions

- A. Do you or any *related person*:

Yes No

- (1) buy securities for yourself from advisory *clients*, or sell securities you own to advisory *clients* (principal transactions)? ☐ ☒
- (2) buy or sell for yourself securities (other than shares of mutual funds) that you also recommend to advisory *clients*? ☐ ☒
- (3) recommend securities (or other investment products) to advisory *clients* in which you or any *related person* has some other proprietary (ownership) interest (other than those mentioned in Items 8.A.(1) or (2))? ☐ ☒

Sales Interest in *Client* Transactions

- B. Do you or any *related person*:

Yes No

- (1) as a broker-dealer or registered representative of a broker-dealer, execute securities trades for brokerage customers in which advisory *client* securities are sold to or bought from the brokerage customer (agency cross transactions)? ☐ ☒
- (2) recommend to advisory *clients*, or act as a purchaser representative for advisory *clients* with respect to, the purchase of securities for which you or any *related person* serves as underwriter or general or managing partner? ☒ ☐
- (3) recommend purchase or sale of securities to advisory *clients* for which you or any *related person* has any other sales interest (other than the receipt of sales commissions as a broker or registered representative of a broker-dealer)? ☒ ☐

Investment or Brokerage Discretion

- C. Do you or any *related person* have *discretionary authority* to determine the:

Yes No

- (1) securities to be bought or sold for a *client's* account? ☒ ☐
- (2) amount of securities to be bought or sold for a *client's* account? ☒ ☐
- (3) broker or dealer to be used for a purchase or sale of securities for a *client's* account? ☒ ☐
- (4) commission rates to be paid to a broker or dealer for a *client's* securities transactions? ☒ ☐

- D. If you answer "yes" to C.(3) above, are any of the brokers or dealers *related persons*? ☒ ☐

- E. Do you or any *related person* recommend brokers or dealers to *clients*? ☒ ☐

- F. If you answer "yes" to E. above, are any of the brokers or dealers *related persons*? ☒ ☐

- G. (1) Do you or any *related person* receive research or other products or services other than execution from a broker-dealer or a third party ("soft dollar benefits") in connection with *client* securities transactions? ☒ ☐
- (2) If "yes" to G.(1) above, are all the "soft dollar benefits" you or any *related persons* receive eligible "research or brokerage services" under section 28(e) of the Securities Exchange Act of 1934? ☒ ☐
- H. (1) Do you or any *related person*, directly or indirectly, compensate any *person* that is not an *employee* for *client* referrals? ☐ ☒
- (2) Do you or any *related person*, directly or indirectly, provide any *employee* compensation that is specifically related to obtaining *clients* for the firm (cash or non-cash compensation in addition to the *employee's* regular salary)? ☒ ☐

- I. Do you or any *related person*, including any *employee*, directly or indirectly, receive compensation from any *person* (other than you or any *related person*) for *client* referrals? ☐ ☒

In your response to Item 8.I., do not include the regular salary you pay to an *employee*.

In responding to Items 8.H. and 8.I., consider all cash and non-cash compensation that you or a *related person* gave to (in answering Item 8.H.) or received from (in answering Item 8.I.) any *person* in exchange for *client* referrals, including any bonus that is based, at least in part, on the number or amount of *client*

Item 9 Custody

In this Item, we ask you whether you or a *related person* has *custody of client* (other than *clients* that are investment companies registered under the Investment Company Act of 1940) assets and about your custodial practices.

- | | |
|---|--|
| A. (1) Do you have <i>custody of any advisory clients</i> : | Yes No |
| (a) cash or bank accounts? | <input type="radio"/> <input checked="" type="radio"/> |
| (b) securities? | <input type="radio"/> <input checked="" type="radio"/> |

If you are registering or registered with the SEC, answer "No" to Item 9.A.(1)(a) and (b) if you have custody solely because (i) you deduct your advisory fees directly from your clients' accounts, or (ii) a related person has custody of client assets in connection with advisory services you provide to clients, but you have overcome the presumption that you are not operationally independent (pursuant to Advisers Act rule 206(4)-2(d)(5)) from the related person.

- (2) If you checked "yes" to Item 9.A.(1)(a) or (b), what is the approximate amount of *client* funds and securities and total number of *clients* for which you have *custody*:

U.S. Dollar Amount	Total Number of <i>Clients</i>
(a) \$	(b)

If you are registering or registered with the SEC and you have custody solely because you deduct your advisory fees directly from your clients' accounts, do not include the amount of those assets and the number of those clients in your response to Item 9.A.(2). If your related person has custody of client assets in connection with advisory services you provide to clients, do not include the amount of those assets and number of those clients in your response to 9.A.(2). Instead, include that information in your response to Item 9.B.(2).

- | | |
|---|--|
| B. (1) In connection with advisory services you provide to <i>clients</i> , do any of your <i>related persons</i> have <i>custody of any of your advisory clients</i> : | Yes No |
| (a) cash or bank accounts? | <input type="radio"/> <input checked="" type="radio"/> |
| (b) securities? | <input type="radio"/> <input checked="" type="radio"/> |

You are required to answer this item regardless of how you answered Item 9.A.(1)(a) or (b).

- (2) If you checked "yes" to Item 9.B.(1)(a) or (b), what is the approximate amount of *client* funds and securities and total number of *clients* for which your *related persons* have *custody*:

U.S. Dollar Amount	Total Number of <i>Clients</i>
(a) \$	(b)

- C. If you or your *related persons* have *custody of client* funds or securities in connection with advisory services you provide to *clients*, check all the following that apply:

- | | |
|---|--------------------------|
| (1) A qualified custodian(s) sends account statements at least quarterly to the investors in the pooled investment vehicle(s) you manage. | <input type="checkbox"/> |
| (2) An <i>independent public accountant</i> audits annually the pooled investment vehicle(s) that you manage and the audited financial statements are distributed to the investors in the pools. | <input type="checkbox"/> |
| (3) An <i>independent public accountant</i> conducts an annual surprise examination of <i>client</i> funds and securities. | <input type="checkbox"/> |
| (4) An <i>independent public accountant</i> prepares an internal control report with respect to custodial services when you or your <i>related persons</i> are qualified custodians for <i>client</i> funds and securities. | <input type="checkbox"/> |

If you checked Item 9.C.(2), C.(3) or C.(4), list in Section 9.C. of Schedule D the accountants that are engaged to perform the audit or examination or prepare an internal control report. (If you checked Item 9.C.(2), you do not have to list auditor information in Section 9.C. of Schedule D if you already provided this information with respect to the private funds you advise in Section 7.B.(1) of Schedule D).

- | | |
|---|--|
| D. Do you or your <i>related person(s)</i> act as qualified custodians for your <i>clients</i> in connection with advisory services you provide to <i>clients</i> ? | Yes No |
| (1) you act as a qualified custodian | <input type="radio"/> <input checked="" type="radio"/> |
| (2) your <i>related person(s)</i> act as qualified custodian(s) | <input type="radio"/> <input checked="" type="radio"/> |

If you checked "yes" to Item 9.D.(2), all related persons that act as qualified custodians (other than any mutual fund transfer agent pursuant to rule 206(4)-2(b)(1)) must be identified in Section 7.A. of Schedule D, regardless of whether you have determined the related person to be operationally independent under rule 206(4)-2 of the Advisers Act.

- E. If you are filing your *annual updating amendment* and you were subject to a surprise examination by an *independent public accountant* during your last fiscal year, provide the date (MM/YYYY) the examination commenced:

- F. If you or your *related persons* have *custody of client* funds or securities, how many *persons*, including, but not limited to, you and your *related persons*, act as qualified custodians for your *clients* in connection with advisory services you provide to *clients*?

SECTION 9.C: Independent Public Accountant

No Information Filed

Item 10 Control Persons

In this Item, we ask you to identify every *person* that, directly or indirectly, *controls* you. If you are filing an *umbrella registration*, the information in Item 10 should be provided for the *filing adviser* only.

If you are submitting an initial application or report, you must complete Schedule A and Schedule B. Schedule A asks for information about your direct owners and executive officers. Schedule B asks for information about your indirect owners. If this is an amendment and you are updating information you reported on either Schedule A or Schedule B (or both) that you filed with your initial application or report, you must complete Schedule C.

Yes No

A. Does any *person* not named in Item 1.A. or Schedules A, B, or C, directly or indirectly, *control* your management or policies?

☐ ☐

If yes, complete Section 10.A. of Schedule D.

B. If any *person* named in Schedules A, B, or C or in Section 10.A. of Schedule D is a public reporting company under Sections 12 or 15(d) of the Securities Exchange Act of 1934, please complete Section 10.B. of Schedule D.

No Information Filed

Item 11 Disclosure Information

In this Item, we ask for information about your disciplinary history and the disciplinary history of all your *advisory affiliates*. We use this information to determine whether to grant your application for registration, to decide whether to revoke your registration or to place limitations on your activities as an investment adviser, and to identify potential problem areas to focus on during our on-site examinations. One event may result in "yes" answers to more than one of the questions below. In accordance with General Instruction 5 to Form ADV, "you" and "your" include the *filing adviser* and all *relying advisers* under an *umbrella registration*.

Your *advisory affiliates* are: (1) all of your current *employees* (other than *employees* performing only clerical, administrative, support or similar functions); (2) all of your officers, partners, or directors (or any *person* performing similar functions); and (3) all *persons* directly or indirectly *controlling* you or *controlled* by you. If you are a "separately identifiable department or division" (SID) of a bank, see the Glossary of Terms to determine who your *advisory affiliates* are.

If you are registered or registering with the SEC or if you are an exempt reporting adviser, you may limit your disclosure of any event listed in Item 11 to ten years following the date of the event. If you are registered or registering with a state, you must respond to the questions as posed; you may, therefore, limit your disclosure to ten years following the date of an event only in responding to Items 11.A.(1), 11.A.(2), 11.B.(1), 11.B.(2), 11.D.(4), and 11.H.(1)(a). For purposes of calculating this ten-year period, the date of an event is the date the final order, judgment, or decree was entered, or the date any rights of appeal from preliminary orders, judgments, or decrees lapsed.

You must complete the appropriate Disclosure Reporting Page ("DRP") for "yes" answers to the questions in this Item 11.

Yes No

Do any of the events below involve you or any of your *supervised persons*?

☐ ☐

For "yes" answers to the following questions, complete a Criminal Action DRP:

A. In the past ten years, have you or any *advisory affiliate*:

Yes No

(1) been convicted of or pled guilty or nolo contendere ("no contest") in a domestic, foreign, or military court to any *felony*?

☐ ☐

(2) been *charged* with any *felony*?

☐ ☐

If you are registered or registering with the SEC, or if you are reporting as an exempt reporting adviser, you may limit your response to Item 11.A.(2) to charges that are currently pending.

B. In the past ten years, have you or any *advisory affiliate*:

(1) been convicted of or pled guilty or nolo contendere ("no contest") in a domestic, foreign, or military court to a *misdemeanor* involving:

☐ ☐

investments or an *investment-related* business, or any fraud, false statements, or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or a conspiracy to commit any of these offenses?

(2) been *charged* with a *misdemeanor* listed in Item 11 B (1)?

☐ ☐

If you are registered or registering with the SEC, or if you are reporting as an exempt reporting adviser, you may limit your response to Item 11.B.(2) to charges that are currently pending.

For "yes" answers to the following questions, complete a Regulatory Action DRP:

- | | Yes | No |
|--|-----------------------|-----------------------|
| C. Has the SEC or the Commodity Futures Trading Commission (CFTC) ever: | | |
| (1) found you or any advisory affiliate to have made a false statement or omission? | <input type="radio"/> | <input type="radio"/> |
| (2) found you or any advisory affiliate to have been involved in a violation of SEC or CFTC regulations or statutes? | <input type="radio"/> | <input type="radio"/> |
| (3) found you or any advisory affiliate to have been a cause of an investment-related business having its authorization to do business denied, suspended, revoked, or restricted? | <input type="radio"/> | <input type="radio"/> |
| (4) entered an order against you or any advisory affiliate in connection with investment-related activity? | <input type="radio"/> | <input type="radio"/> |
| (5) imposed a civil money penalty on you or any advisory affiliate, or ordered you or any advisory affiliate to cease and desist from any activity? | <input type="radio"/> | <input type="radio"/> |
| D. Has any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority: | | |
| (1) ever found you or any advisory affiliate to have made a false statement or omission, or been dishonest, unfair, or unethical? | <input type="radio"/> | <input type="radio"/> |
| (2) ever found you or any advisory affiliate to have been involved in a violation of investment-related regulations or statutes? | <input type="radio"/> | <input type="radio"/> |
| (3) ever found you or any advisory affiliate to have been a cause of an investment-related business having its authorization to do business denied, suspended, revoked, or restricted? | <input type="radio"/> | <input type="radio"/> |
| (4) in the past ten years, entered an order against you or any advisory affiliate in connection with an investment-related activity? | <input type="radio"/> | <input type="radio"/> |
| (5) ever denied, suspended, or revoked your or any advisory affiliate's registration or license, or otherwise prevented you or any advisory affiliate, by order, from associating with an investment-related business or restricted your or any advisory affiliate's activity? | <input type="radio"/> | <input type="radio"/> |
| E. Has any self-regulatory organization or commodities exchange ever: | | |
| (1) found you or any advisory affiliate to have made a false statement or omission? | <input type="radio"/> | <input type="radio"/> |
| (2) found you or any advisory affiliate to have been involved in a violation of its rules (other than a violation designated as a "minor rule violation" under a plan approved by the SEC)? | <input type="radio"/> | <input type="radio"/> |
| (3) found you or any advisory affiliate to have been the cause of an investment-related business having its authorization to do business denied, suspended, revoked, or restricted? | <input type="radio"/> | <input type="radio"/> |
| (4) disciplined you or any advisory affiliate by expelling or suspending you or the advisory affiliate from membership, barring or suspending you or the advisory affiliate from association with other members, or otherwise restricting your or the advisory affiliate's activities? | <input type="radio"/> | <input type="radio"/> |
| F. Has an authorization to act as an attorney, accountant, or federal contractor granted to you or any advisory affiliate ever been revoked or suspended? | <input type="radio"/> | <input type="radio"/> |
| G. Are you or any advisory affiliate now the subject of any regulatory proceeding that could result in a "yes" answer to any part of Item 11.C., 11.D., or 11.E.? | <input type="radio"/> | <input type="radio"/> |

For "yes" answers to the following questions, complete a Civil Judicial Action DRP:

- | | Yes | No |
|--|-----------------------|-----------------------|
| H. (1) Has any domestic or foreign court: | | |
| (a) in the past ten years, enjoined you or any advisory affiliate in connection with any investment-related activity? | <input type="radio"/> | <input type="radio"/> |
| (b) ever found that you or any advisory affiliate were involved in a violation of investment-related statutes or regulations? | <input type="radio"/> | <input type="radio"/> |
| (c) ever dismissed, pursuant to a settlement agreement, an investment-related civil action brought against you or any advisory affiliate by a state or foreign financial regulatory authority? | <input type="radio"/> | <input type="radio"/> |
| (2) Are you or any advisory affiliate now the subject of any civil proceeding that could result in a "yes" answer to any part of Item 11.H.(1)? | <input type="radio"/> | <input type="radio"/> |

Item 12 Small Businesses

The SEC is required by the Regulatory Flexibility Act to consider the effect of its regulations on small entities. In order to do this, we need to determine whether you meet the definition of "small business" or "small organization" under rule 0-7.

Answer this Item 12 only if you are registered or registering with the SEC and you indicated in response to Item 5.F.(2)(c) that you have regulatory assets under management of less than \$25 million. You are not required to answer this Item 12 if you are filing for initial registration as a state adviser, amending a current state registration, or switching from SEC to state registration.

For purposes of this Item 12 only.

- Total Assets refers to the total assets of a firm, rather than the assets managed on behalf of clients. In determining your or another person's total assets, you may use the total assets shown on a current balance sheet (but use total assets reported on a consolidated balance sheet with subsidiaries included, if that amount is larger).
- Control means the power to direct or cause the direction of the management or policies of a person, whether through ownership of securities, by contract, or otherwise. Any person that directly or indirectly has the right to vote 25 percent or more of the voting securities, or is entitled to 25 percent or more of the profits, of another person is presumed to control the other person.

- | | Yes | No |
|--|-----------------------|-----------------------|
| A. Did you have total assets of \$5 million or more on the last day of your most recent fiscal year? | <input type="radio"/> | <input type="radio"/> |

If "yes," you do not need to answer Items 12.B. and 12.C.

B. Do you:

- (1) *control* another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year? ☐ ☐
- (2) *control* another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year? ☐ ☐

C. Are you:

- (1) *controlled by* or under common *control* with another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year? ☐ ☐
- (2) *controlled by* or under common *control* with another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year? ☐ ☐

Schedule A

Direct Owners and Executive Officers

- Complete Schedule A only if you are submitting an initial application or report. Schedule A asks for information about your direct owners and executive officers. Use Schedule C to amend this information.
- Direct Owners and Executive Officers. List below the names of:
 - each Chief Executive Officer, Chief Financial Officer, Chief Operations Officer, Chief Legal Officer, Chief Compliance Officer (Chief Compliance Officer is required if you are registered or applying for registration and cannot be more than one individual), director, and any other individuals with similar status or functions;
 - if you are organized as a corporation, each shareholder that is a direct owner of 5% or more of a class of your voting securities, unless you are a public reporting company (a company subject to Section 12 or 15(d) of the Exchange Act);
Direct owners include any *person* that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 5% or more of a class of your voting securities. For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.
 - if you are organized as a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 5% or more of your capital;
 - in the case of a trust that directly owns 5% or more of a class of your voting securities, or that has the right to receive upon dissolution, or has contributed, 5% or more of your capital, the trust and each trustee; and
 - if you are organized as a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 5% or more of your capital, and (ii) if managed by elected managers, all elected managers.
- Do you have any indirect owners to be reported on Schedule B? ☐ Yes ☒ No
- In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner or executive officer is an individual.
- Complete the Title or Status column by entering board/management titles; status as partner, trustee, sole proprietor, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).
- Ownership codes are: NA - less than 5% B - 10% but less than 25% D - 50% but less than 75%
A - 5% but less than 10% C - 25% but less than 50% E - 75% or more
- (a) In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.
(b) In the PR column, enter "PR" if the owner is a public reporting company under Sections 12 or 15(d) of the Exchange Act.
(c) Complete each column.

Schedule B

Indirect Owners

- Complete Schedule B only if you are submitting an initial application or report. Schedule B asks for information about your indirect owners; you must first complete Schedule A, which asks for information about your direct owners. Use Schedule C to amend this information.
- Indirect Owners With respect to each owner listed on Schedule A (except individual owners), list below.

(a) in the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25% or more of a class of a voting security of that corporation;

For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.

(b) in the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25% or more of the partnership's capital;

(c) in the case of an owner that is a trust, the trust and each trustee; and

(d) in the case of an owner that is a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 25% or more of the LLC's capital, and (ii) if managed by elected managers, all elected managers.

3. Continue up the chain of ownership listing all 25% owners at each level. Once a public reporting company (a company subject to Sections 12 or 15(d) of the Exchange Act) is reached, no further ownership information need be given.

4. In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner is an individual.

5. Complete the Status column by entering the owner's status as partner, trustee, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).

6. Ownership codes are: C - 25% but less than 50% E - 75% or more

D - 50% but less than 75% F - Other (general partner, trustee, or elected manager)

7. (a) In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.

(b) In the PR column, enter "PR" if the owner is a public reporting company under Sections 12 or 15(d) of the Exchange Act.

(c) Complete each column.

No Information Filed

Schedule D - Miscellaneous

You may use the space below to explain a response to an Item or to provide any other information.

Please note that two individuals in Schedule A, Amy Gutmann and Mark Loughridge, do not have middle names.

Schedule R

No Information Filed

DRP Pages

CRIMINAL DISCLOSURE REPORTING PAGE (ADV)

No Information Filed

REGULATORY ACTION DISCLOSURE REPORTING PAGE (ADV)

GENERAL INSTRUCTIONS

This Disclosure Reporting Page (DRP ADV) is an ☒ INITIAL ☐ AMENDED response used to report details for affirmative responses to Items 11.C., 11.D., 11.E., 11.F. or 11.G. of Form ADV.

Regulatory Action

Check item(s) being responded to:

<input type="checkbox"/> 11.C(1)	<input type="checkbox"/> 11.C(2)	<input type="checkbox"/> 11.C(3)	<input type="checkbox"/> 11.C(4)	<input type="checkbox"/> 11.C(5)
<input type="checkbox"/> 11.D(1)	<input type="checkbox"/> 11.D(2)	<input type="checkbox"/> 11.D(3)	<input type="checkbox"/> 11.D(4)	<input type="checkbox"/> 11.D(5)
<input type="checkbox"/> 11.E(1)	<input checked="" type="checkbox"/> 11.E(2)	<input type="checkbox"/> 11.E(3)	<input type="checkbox"/> 11.E(4)	
<input type="checkbox"/> 11.F.	<input type="checkbox"/> 11.G.			

Use a separate DRP for each event or *proceeding*. The same event or *proceeding* may be reported for more than one *person* or entity using one DRP. File with a completed Execution Page.

One event may result in more than one affirmative answer to Items 11.C., 11.D., 11.E., 11.F. or 11.G. Use only one DRP to report details related to the same event. If an event gives rise to actions by more than one regulator, provide details for each action on a separate DRP.

PART I

A. The person(s) or entity(ies) for whom this DRP is being filed is (are):

- ☐ You (the advisory firm)
☐ You and one or more of your *advisory affiliates*
☒ One or more of your *advisory affiliates*

If this DRP is being filed for an *advisory affiliate*, give the full name of the *advisory affiliate* below (for individuals, Last name, First name, Middle name). If the *advisory affiliate* has a CRD number, provide that number. If not, indicate "non-registered" by checking the appropriate box.

ADV DRP - ADVISORY AFFILIATE

CRD

Number:

This *advisory affiliate* is ☒ a Firm ☐ an Individual

Registered: ☒ Yes ☐ No

Name: VANGUARD MARKETING
CORPORATION
(For individuals, Last, First,
Middle)

- ☐ This DRP should be removed from the ADV record because the *advisory affiliate(s)* is no longer associated with the adviser.
☐ This DRP should be removed from the ADV record because: (1) the event or *proceeding* occurred more than ten years ago or (2) the adviser is registered or applying for registration with the SEC or reporting as an *exempt reporting adviser* with the SEC and the event was resolved in the adviser's or *advisory affiliate's* favor.

If you are registered or registering with a *state securities authority*, you may remove a DRP for an event you reported only in response to Item 11.D(4), and only if that event occurred more than ten years ago. If you are registered or registering with the SEC, you may remove a DRP for any event listed in Item 11 that occurred more than ten years ago.

- ☐ This DRP should be removed from the ADV record because it was filed in error, such as due to a clerical or data-entry mistake. Explain the circumstances:

B. If the *advisory affiliate* is registered through the IARD system or CRD system, has the *advisory affiliate* submitted a DRP (with Form ADV, BD or U-4) to the IARD or CRD for the event? If the answer is "Yes," no other information on this DRP must be provided.

☒ Yes ☐ No

NOTE: The completion of this form does not relieve the *advisory affiliate* of its obligation to update its IARD or CRD records.

PART II

1. Regulatory Action initiated by:

☐ SEC ☐ Other Federal ☐ State ☒ SRO ☐ Foreign

(Full name of regulator, *foreign financial regulatory authority*, federal, state, or SRO)

2. Principal Sanction:

Other Sanctions:

3. Date Initiated (MM/DD/YYYY).

☐ Exact ☐ Explanation

If not exact, provide explanation:

4. Docket/Case Number:

5. *Advisory Affiliate* Employing Firm when activity occurred which led to the regulatory action (if applicable):

6. Principal Product Type:

Other Product Types:

7. Describe the allegations related to this regulatory action (your response must fit within the space provided):

8. Current Status? ☐ Pending ☐ On Appeal ☐ Final

9. If on appeal, regulatory action appealed to (SEC, SRO, Federal or State Court) and Date Appeal Filed.

If Final or On Appeal, complete all items below. For Pending Actions, complete Item 13 only.

10. How was matter resolved:

11. Resolution Date (MM/DD/YYYY):

☐ Exact ☐ Explanation

If not exact, provide explanation:

12. Resolution Detail:

A. Were any of the following Sanctions Ordered (check all appropriate items)?

☐ Monetary/Fine Amount: \$

☐ Revocation/Expulsion/Denial

☐ Censure

☐ Bar

☐ Disgorgement/Restitution

☐ Cease and Desist/Injunction

☐ Suspension

B. Other Sanctions Ordered:

Sanction detail: if suspended, *enjoined* or barred, provide duration including start date and capacities affected (General Securities Principal, Financial Operations Principal, etc.). If requalification by exam/retraining was a condition of the sanction, provide length of time given to requalify/retrain, type of exam required and whether condition has been satisfied. If disposition resulted in a fine, penalty, restitution, disgorgement or monetary compensation, provide total amount, portion levied against you or an *advisory affiliate*, date paid and if any portion of penalty was waived:

13. Provide a brief summary of details related to the action status and (or) disposition and include relevant terms, conditions and dates (your response must fit within the space provided).

GENERAL INSTRUCTIONS

This Disclosure Reporting Page (DRP ADV) is an ☐ INITIAL ☒ AMENDED response used to report details for affirmative responses to Items 11.C., 11.D., 11.E., 11.F. or 11.G. of Form ADV.

Regulatory Action

Check item(s) being responded to:

☐ 11.C(1)

☐ 11.C(2)

☐ 11.C(3)

☐ 11.C(4)

☐ 11.C(5)

☐ 11.D(1)

☒ 11.D(2)

☐ 11.D(3)

☒ 11.D(4)

☐ 11.D(5)

☐ 11.E(1)

☐ 11.E(2)

☐ 11.E(3)

☐ 11.E(4)

☐ 11.F.

☐ 11.G.

Use a separate DRP for each event or *proceeding*. The same event or *proceeding* may be reported for more than one *person* or entity using one DRP. File with a completed Execution Page.

One event may result in more than one affirmative answer to Items 11.C., 11.D., 11.E., 11.F. or 11.G. Use only one DRP to report details related to the same event. If an event gives rise to actions by more than one regulator, provide details for each action on a separate DRP.

PART I

A. The *person(s)* or entity(ies) for whom this DRP is being filed is (are):

☒ You (the advisory firm)

☐ You and one or more of your *advisory affiliates*

☐ One or more of your *advisory affiliates*

If this DRP is being filed for an *advisory affiliate*, give the full name of the *advisory affiliate* below (for individuals, Last name, First name, Middle name). If the *advisory affiliate* has a CRD number, provide that number. If not, indicate "non-registered" by checking the appropriate box.

ADV DRP - ADVISORY AFFILIATE

CRD

Number:

Registered: ☒ Yes ☐ No

Name: VANGUARD ADVISERS INC
(For individuals, Last, First, Middle)

This *advisory affiliate* is ☒ a Firm ☐ an Individual

- ☐ This DRP should be removed from the ADV record because the *advisory affiliate(s)* is no longer associated with the adviser.
- ☐ This DRP should be removed from the ADV record because: (1) the event or *proceeding* occurred more than ten years ago or (2) the adviser is registered or applying for registration with the SEC or reporting as an *exempt reporting adviser* with the SEC and the event was resolved in the adviser's or *advisory affiliate's* favor.

If you are registered or registering with a *state securities authority*, you may remove a DRP for an event you reported only in response to Item 11.D(4), and only if that event occurred more than ten years ago. If you are registered or registering with the SEC, you may remove a DRP for any event listed in Item 11 that occurred more than ten years ago.

- ☐ This DRP should be removed from the ADV record because it was filed in error, such as due to a clerical or data-entry mistake. Explain the circumstances:
- B. If the *advisory affiliate* is registered through the IARD system or CRD system, has the *advisory affiliate* submitted a DRP (with Form ADV, BD or U-4) to the IARD or CRD for the event? If the answer is "Yes," no other information on this DRP must be provided.
- ☒ Yes ☐ No

NOTE: The completion of this form does not relieve the *advisory affiliate* of its obligation to update its IARD or CRD records.

PART II

1. Regulatory Action initiated by:
☐ SEC ☐ Other Federal ☐ State ☐ SRO ☐ Foreign
(Full name of regulator, *foreign financial regulatory authority*, federal, state, or SRO)
2. Principal Sanction:

Other Sanctions:
3. Date Initiated (MM/DD/YYYY):
☐ Exact ☐ Explanation
If not exact, provide explanation:
4. Docket/Case Number:
5. *Advisory Affiliate* Employing Firm when activity occurred which led to the regulatory action (if applicable):
6. Principal Product Type:

Other Product Types:
7. Describe the allegations related to this regulatory action (your response must fit within the space provided):
8. Current Status? ☐ Pending ☐ On Appeal ☐ Final
9. If on appeal, regulatory action appealed to (SEC, SRO, Federal or State Court) and Date Appeal Filed:

If Final or On Appeal, complete all items below. For Pending Actions, complete Item 13 only.

10. How was matter resolved:
11. Resolution Date (MM/DD/YYYY):
☐ Exact ☐ Explanation
If not exact, provide explanation:
12. Resolution Detail:

A Were any of the following Sanctions *Ordered* (check all appropriate items)?

- | | |
|--|--|
| <input type="checkbox"/> Monetary/Fine Amount: \$ | <input type="checkbox"/> Disgorgement/Restitution |
| <input type="checkbox"/> Revocation/Expulsion/Denial | <input type="checkbox"/> Cease and Desist/Injunction |
| <input type="checkbox"/> Censure | <input type="checkbox"/> Suspension |
| <input type="checkbox"/> Bar | |

B Other Sanctions *Ordered*:

Sanction detail: if suspended, *enjoined* or barred, provide duration including start date and capacities affected (General Securities Principal,

Financial Operations Principal, etc.). If requalification by exam/retraining was a condition of the sanction, provide length of time given to requalify/retrain, type of exam required and whether condition has been satisfied. If disposition resulted in a fine, penalty, restitution, disgorgement or monetary compensation, provide total amount, portion levied against you or an *advisory affiliate*, date paid and if any portion of penalty was waived:

13. Provide a brief summary of details related to the action status and (or) disposition and include relevant terms, conditions and dates (your response must fit within the space provided).

CIVIL JUDICIAL ACTION DISCLOSURE REPORTING PAGE (ADV)

No Information Filed

Part 2

Exemption from brochure delivery requirements for SEC-registered advisers

SEC rules exempt SEC-registered advisers from delivering a firm brochure to some kinds of clients. If these exemptions excuse you from delivering a brochure to *all* of your advisory clients, you do not have to prepare a brochure.

Yes No

Are you exempt from delivering a brochure to all of your clients under these rules?

☐ ☒

If no, complete the ADV Part 2 filing below.

Amend, retire or file new brochures:

Execution Pages

DOMESTIC INVESTMENT ADVISER EXECUTION PAGE

You must complete the following Execution Page to Form ADV. This execution page must be signed and attached to your initial submission of Form ADV to the SEC and all amendments.

Appointment of Agent for Service of Process

By signing this Form ADV Execution Page, you, the undersigned adviser, irrevocably appoint the Secretary of State or other legally designated officer, of the state in which you maintain your *principal office and place of business* and any other state in which you are submitting a *notice filing*, as your agents to receive service, and agree that such *persons* may accept service on your behalf, of any notice, subpoena, summons, *order instituting proceedings*, demand for arbitration, or other process or papers, and you further agree that such service may be made by registered or certified mail, in any federal or state action, administrative *proceeding* or arbitration brought against you in any place subject to the jurisdiction of the United States, if the action, *proceeding*, or arbitration (a) arises out of any activity in connection with your investment advisory business that is subject to the jurisdiction of the United States, and (b) is *founded*, directly or indirectly, upon the provisions of: (i) the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, the Investment Company Act of 1940, or the Investment Advisers Act of 1940, or any rule or regulation under any of these acts, or (ii) the laws of the state in which you maintain your *principal office and place of business* or of any state in which you are submitting a *notice filing*.

Signature

I, the undersigned, sign this Form ADV on behalf of, and with the authority of, the investment adviser. The investment adviser and I both certify, under penalty of perjury under the laws of the United States of America, that the information and statements made in this ADV, including exhibits and any other information submitted, are true and correct, and that I am signing this Form ADV Execution Page as a free and voluntary act.

I certify that the adviser's books and records will be preserved and available for inspection as required by law. Finally, I authorize any *person* having *custody* or possession of these books and records to make them available to federal and state regulatory representatives.

Title:

CHIEF COMPLIANCE OFFICER

NON-RESIDENT INVESTMENT ADVISER EXECUTION PAGE

You must complete the following Execution Page to Form ADV. This execution page must be signed and attached to your initial submission of Form ADV to the SEC and all amendments.

1. Appointment of Agent for Service of Process

By signing this Form ADV Execution Page, you, the undersigned adviser, irrevocably appoint each of the Secretary of the SEC, and the Secretary of State or other legally designated officer, of any other state in which you are submitting a *notice filing*, as your agents to receive service, and agree that such persons may accept service on your behalf, of any notice, subpoena, summons, *order instituting proceedings*, demand for arbitration, or other process or papers, and you further agree that such service may be made by registered or certified mail, in any federal or state action, administrative *proceeding* or arbitration brought against you in any place subject to the jurisdiction of the United States, if the action, *proceeding* or arbitration (a) arises out of any activity in connection with your investment advisory business that is subject to the jurisdiction of the United States, and (b) is *founded*, directly or indirectly, upon the provisions of: (i) the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, the Investment Company Act of 1940, or the Investment Advisers Act of 1940, or any rule or regulation under any of these acts, or (ii) the laws of any state in which you are submitting a *notice filing*.

2. Appointment and Consent: Effect on Partnerships

If you are organized as a partnership, this irrevocable power of attorney and consent to service of process will continue in effect if any partner withdraws from or is admitted to the partnership, provided that the admission or withdrawal does not create a new partnership. If the partnership dissolves, this irrevocable power of attorney and consent shall be in effect for any action brought against you or any of your former partners.

3. *Non-Resident* Investment Adviser Undertaking Regarding Books and Records

By signing this Form ADV, you also agree to provide, at your own expense, to the U.S. Securities and Exchange Commission at its principal office in Washington D.C., at any Regional or District Office of the Commission, or at any one of its offices in the United States, as specified by the Commission, correct, current, and complete copies of any or all records that you are required to maintain under Rule 204-2 under the Investment Advisers Act of 1940. This undertaking shall be binding upon you, your heirs, successors and assigns, and any *person* subject to your written irrevocable consents or powers of attorney or any of your general partners and *managing agents*.

Signature

I, the undersigned, sign this Form ADV on behalf of, and with the authority of, the *non-resident* investment adviser. The investment adviser and I both certify, under penalty of perjury under the laws of the United States of America, that the information and statements made in this ADV, including exhibits and any other information submitted, are true and correct, and that I am signing this Form ADV Execution Page as a free and voluntary act.

I certify that the adviser's books and records will be preserved and available for inspection as required by law. Finally, I authorize any *person* having *custody* or possession of these books and records to make them available to federal and state regulatory representatives.

Attachment 2

The following list identifies enslaved individuals owned by Citizens Bank of Louisiana and New Orleans Canal & Banking Company in Louisiana from 1831 to 1865.¹ The information is drawn from two sources. The first is a collection of Citizens Bank minute books and papers held at Tulane University. The second is a survey of conveyance and land records held either at the New Orleans Public Library or at local parishes throughout Louisiana.

The list includes every reference to ownership of enslaved individuals by the banks located in these records. The list is arranged by parish and thereafter by date. General references to ownership that did not indicate a specific parish are listed separately.

Each entry includes information on previous (P) and subsequent (S) owners where known. Any available information on the location of the plantation is also recorded and appears in brackets after the previous and subsequent owners. Each entry includes a reference identifying the historical sources used to compile the information.

The information on individuals includes all names identified in the records. In some cases, the same individuals appear to have been involved in several different transactions. However, the records are often not consistent in the spelling of names and are often only partially or poorly indexed. Accordingly, each transaction is listed separately. The names in italics are ones that were difficult to decipher because of handwriting or because the records have faded over time.

¹ This list was prepared by History Associates Incorporated at the direction of JPMorgan Chase & Co.

ENSLAVED INDIVIDUALS MORTGAGED TO
CITIZENS BANK OF LOUISIANA,
NEW ORLEANS CANAL & BANKING COMPANY AND
LEXINGTON BRANCH OF THE SECOND BANK OF KENTUCKY

Attachment 3

The following list identifies cases where enslaved individuals were pledged to Citizens Bank of Louisiana, the New Orleans Canal Bank, or the Bank of Kentucky (Lexington Branch) as collateral for mortgages or loans from 1831 to 1865.¹ The information is drawn from three sources. The first is a collection of Citizens Bank minute books and papers held at Tulane University. The second consists of conveyance and mortgage records held at local parishes throughout Louisiana. The final source consists of conveyance records held at the Fayette County Courthouse in Lexington, Kentucky.

The list includes every reference to Citizens Bank, Canal Bank, or Bank of Kentucky (Lexington Branch) customers who secured loans or mortgages with enslaved individuals. The list is arranged alphabetically by parish or county and thereafter by owner. Each entry also includes information on the property and individual names included in the records. Names in italics reflect places where the documents were difficult to decipher because of the handwriting or because the documents have faded over time. The final column identifies the source for the information.

Many loans or mortgages were recorded more than once, including when borrowers died and plantations were sold or passed to others by will or other conveyance, or when loans were changed and had to be re-recorded. The existing records do not always provide enough information to identify when this occurred. Thus, related transactions may appear in separate entries listed under separate individuals. Complicating matters, there was no standardized spelling for many names in the source materials, and no standardized descriptions for many of the properties involved. Duplicate entries were avoided wherever possible, but where there was doubt, multiple entries were provided. Accordingly, some enslaved individuals listed may appear in several different entries.

¹ This list was prepared by History Associates Incorporated at the direction of JPMorgan Chase & Co.

MUFG UNION BANK,
N.A.

02019-9946

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

MUFG Union Bank, N.A.

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☒ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control: _____

B. Business address of the Disclosing Party:

445 S. Figueroa St. 16th Floor

Los Angeles, CA 90071

C. Telephone: 213-236-4078 Fax: 213-236-5019 Email: gbell@us.mufg.jp

D. Name of contact person: Garrett Bell

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

Response to Request for Proposal for Payment of Interest on the Monies of the City of Chicago and the Chicago Board of Education

G. Which City agency or department is requesting this EDS? City of Chicago Finance Department and the Chicago Board of Education

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input checked="" type="checkbox"/> Other (please specify) |
| | National Association |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

MUFG Union Bank, N.A. is a national banking organization formed under the laws of the United States. Please see Attachment 1 for the Certificate of Corporate Existence and Fiduciary Powers issued by the US Department of Treasury Office of the Comptroller of the Currency

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"; (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name	Title
<u>Stephen E. Cummings, President & CEO of MUFG Union Bank, N.A.</u>	

Please refer to Attachment 2 for a complete listing of our Executive Officers and Board of Directors

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
MUFG Americas Holdings Corp	1251 Avenue of the Americas New York, NY 10020	100%

Note: This entity makes periodic filings with U.S. S.E.C. pursuant to the Securities Exchange Act of 1934 and therefore appears exempt from an EDS filing requirement per EDS Rule No. 1(i). See Attachment 3 for the latest S.E.C. Form 10-K for this entity

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes

☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (<u>indicate whether paid or estimated.</u>) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	---

(Add sheets if necessary)

[X] Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

[] Yes [] No [X] No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

[] Yes [] No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

NA

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

N/A

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

N/A

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):
N/A

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes

☒ No

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes

☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name

Business Address

Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

X 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

INSTRUCTIONS

The wording of all Jurats completed in California after January 1, 2015 must be in the form as set forth within this Jurat. There are no exceptions. If a Jurat to be completed does not follow this form, the notary must correct the verbiage by using a jurat stamp containing the correct wording or attaching a separate jurat form such as this one which does contain the proper wording. In addition, the notary must require an oath or affirmation from the document signer regarding the truthfulness of the contents of the document. The document must be signed AFTER the oath or affirmation. If the document was previously signed, it must be re-signed in front of the notary public during the jurat process.

- State and county information must be the state and county where the document signer(s) personally appeared before the notary public.
- Date of notarization must be the date the signer(s) personally appeared which must also be the same date the jurat process is completed.
- Print the name(s) of the document signer(s) who personally appear at the time of notarization.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different jurat form.
 - ❖ Additional Information is not required but could help to ensure this jurat is not misused or attached to a different document
 - ❖ Indicate title or type of attached document, number of pages and date.
- Securely attach this document to the signed document with a staple.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☒ Yes

☐ No

☐ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Board of Directors

Masato Miyachi
Co-Chief Executive of the Global Business Unit for MUFG Bank, Ltd, with oversight of the Americas region, and of the Europe, Middle East, and Africa (EMEA) region. He is also Chairman of the Board of Directors for MUFG Americas Holdings Corporation (MUAH) and MUFG Union Bank, N.A. He most recently served as Deputy Regional Executive for the Americas for MUAH, which includes MUFG Union Bank N.A., MUFG Securities Americas Inc., and MUFG Fund Services (USA) LLC. Appointed to the New York-based position in May 2016, he assisted in the oversight of the combined U.S. operations of MUFG. Mr. Miyachi was also responsible for MUFG's operations in Canada and Latin America. Previously, he was CEO for EMEA at BTMU, MUFG's core banking unit.
Robin Bienfait
Ms. Bienfait is the CEO of Emnovate, an executive advisory firm delivering enterprise-class services to large global companies. Prior to founding her own firm, Ms. Bienfait was Executive Vice President and Chief Enterprise Innovation Officer at Samsung Electronics from 2014 to 2016. She previously held a number of executive positions at Blackberry from 2007 to 2014, including: Chief Information Officer, Chief Technology Officer for Software and Chief Information Security Officer. Prior to her career at Blackberry, Ms. Bienfait spent 23 years at AT&T in a range of roles, including: Senior Vice President, Worldwide Network Operations, Network Security and Network Disaster Recovery and Chief Compliance Officer. Ms. Bienfait is Chairman of the board of directors for Global Aviation and a member of the board of directors at the Georgia Institute of Technology. She earned a B.S. in Engineering from Central Missouri State University and a M.S. in Technology Management from the Georgia Institute of Technology.
Stephen Cummings
Steve Cummings is President & CEO of MUFG Americas Holdings Corporation (MUAH), which includes MUFG Union Bank N.A., MUFG Securities Americas Inc., and MUFG Fund Services (USA) LLC. He was the first American to serve as President & CEO of MUFG Union Bank, N.A., having been named to that position in May 2015. Also as CEO for the Americas of Mitsubishi UFJ Financial Group, Inc. and MUFG Bank, Ltd, Mr. Cummings has oversight of control functions in Latin America, Canada, and the United States. He is also a Managing Executive Officer of MUFG Bank, Ltd, and the first non-Japanese to serve in such a capacity in this global company of more than 100,000 employees. He is on the Board of Directors of MUAH and MUFG Union Bank, N.A., and is based in the company's New York headquarters.
Michael Fraizer
Mr. Fraizer is a Senior Advisor of Blue Heron Capital. He also serves as an advisor to and investor in early stage operating and investment companies. Previously, his 32 year corporate career included serving as Chairman and Chief Executive Officer of Genworth Financial, Inc. for 8 years after 24 years with GE where he held a number of senior positions which included: Senior Vice President of GE and Director of GE Capital, President and CEO of GE Financial Assurance, President of GE Capital Commercial Real Estate Financing & Services, President and Representative Director of GE Japan and a number of other financial and business development positions. Mr. Fraizer also serves as a board member of Grange Insurance, Richmond Performing Arts CenterStage and the VCU Real Estate Foundation. Mr. Fraizer earned a B.A. in political science from Carleton College.

Mohan S. Gyani
Mr. Gyani is the former Vice Chairman of Mobileum, Inc. and previously served as the Chairman and Chief Executive Officer of the company. He is also the former President and Chief Executive Officer of AT&T Wireless Services. Mr. Gyani also serves on the board of directors of Digital Turbine, Inc. and Synchronoss Technologies, Inc. He earned a B.A. in finance and business administration and an MBA from San Francisco State University.
Ann F. Jaedicke
Ms. Jaedicke is a former Managing Director of Promontory Financial Group, a leading strategy, risk management and regulatory compliance consulting firm. Prior to joining Promontory Financial Group, she was Deputy Comptroller for Compliance Policy at the Office of the Comptroller of the Currency (OCC), where she spent 33 years in a number of senior roles. Throughout her career, Ms. Jaedicke served as chair or member of several OCC and Federal Financial Institutions Examination Council (FFIEC) regulatory committees. She earned a B.B.A. in accounting from Texas A&M University.
Suneel Kamalani*
Mr. Kamalani is a senior banking executive with over 30 years of experience running global markets and investment banking businesses. He served as Co-CEO of Markets and President of Global Banking and Markets at The Royal Bank of Scotland. He was appointed to the RBS Group Executive Committee with responsibility for 118,000 staff in 39 countries. Prior to joining RBS in 2010, Mr. Kamalani spent 22 years in senior management roles at UBS Investment Bank, rising to the position of Chief Operating Officer and member of the UBS Group Managing Board. Over two decades, he led Debt Capital Markets, Fixed Income and Investment Banking businesses in the U.S., Europe and Asia. Mr. Kamalani began his investment banking career at Bankers Trust in New York, which is now part of Deutsche Bank. He has a B.A. in economics from Northwestern University, and served as a Senior Advanced Leadership Fellow at Harvard University. Mr. Kamalani is also a member of the Board of Directors of MUFG Securities Americas Inc.
*Mr. Kamalani serves only on the Board of Directors of MUFG Americas Holdings Corporation.
Kazuo Koshi
Kazuo “Kaz” Koshi is Managing Executive Officer and serves in multiple distinct positions for Mitsubishi UFJ Financial Group (MUFG), and for MUFG Bank, Ltd., its commercial banking subsidiary. Since May 2017, as Deputy Regional Executive for the Americas, he has served as the second most-senior executive of the Americas operations for MUFG and MUFG Bank. In July 2019, he was named Executive in Charge of Latin America and Canadian Regions, MUFG Bank Ltd. He is also deputy executive in charge of the Global Financial Crimes Compliance Division.
Mr. Koshi serves on the Board of Directors of MUFG Americas Holding Corporation and MUFG Union Bank, N.A. He is based in New York, frequently traveling to Tokyo and throughout the Americas.
Mr. Koshi has more than 30 years of experience with MUFG, including the legacy organization, and in recent years has been continuously engaged in the formulation and execution of Americas strategy. He has accrued 19 years of work experience in the U.S. since 1995, assigned to managerial positions on the West and East Coasts, on both the business and support sides.
A native of Japan, Mr. Koshi earned a bachelor’s degree from the University of Tokyo’s Faculty of Engineering in 1985, and an MBA from the Wharton School, University of Pennsylvania, in 1990.

<p style="text-align: center;">Toby S. Myerson</p> <p>Mr. Myerson, our lead outside director, is Chairman and CEO of Longsight Strategic Advisors, LLC. Qualified as an attorney at law in New York and California, Mr. Myerson has held top management positions in a career spanning four decades, most recently as Partner and as Co-Chair of Global Mergers and Acquisitions at Paul, Weiss, Rifkind, Wharton & Garrison LLP until 2017. Mr. Myerson also serves on the Board of Directors of Mitsubishi UFJ Financial Group, Inc. He is a member of the advisory board of the Harvard Law School Program on Corporate Governance, a member of the board of directors of the Japan Society, a member of the Council on Foreign Relations and he participates in the World Economic Forum. Mr. Myerson earned a B.A. from Yale University and a J.D. from Harvard University.</p>
<p style="text-align: center;">Barbara L. Rambo</p> <p>Ms. Rambo is Chief Executive Officer of Taconic Management Services, a management consulting and services company. Prior to joining Taconic Management Services, Ms. Rambo held various executive and management positions, including CEO of Nietech Corp, a payments technology company and CEO of OpenClose, a mortgage services technology company. Ms. Rambo began her career in banking at Bank of America, where she worked for 25 years, most recently as Group Executive Vice President and Head of National Commercial Banking which included Investment Banking and the top 25 retail branches, and before as Head of U.S. Corporate Banking based in New York. She is a director of PG&E Corporation (chair of the Finance Committee). Previously she was Board Chair of West Marine Corp and a director of International Rectifier Corp. and Gymboree Corp. Ms. Rambo earned a B.A. in international affairs from the College of William and Mary and an MBA in Finance from New York University.</p>
<p style="text-align: center;">Muneakit Tokunari</p> <p>Muneaki "Aki" Tokunari is the Group CFO and an Executive Committee Member of MUFG. He also serves as a Director of Mitsubishi UFJ Americas Holdings and MUFG Union Bank in the U.S. Aki joined Mitsubishi in 1982 where he started his career in the area of international finance, engaging in aircraft finance in London in the 1980s. In 1992, he became a coverage banker for large Japanese corporations in Tokyo. In the late 90s, Aki was assigned to work on restructuring the bank in light of Japan's severe economic environment. In 2004, he worked as part of the task force that oversaw the merger with UFJ Holdings to establish the Mitsubishi UFJ Financial Group (MUFG).</p> <p>During the financial crisis of 2008/09, he spearheaded a series of public offerings totaling 1,400 billion yen in order to strengthen MUFG's capital base and enable its strategic investment of \$9 billion into Morgan Stanley. After 2010, he took the lead in the global expansion of asset management and investor services businesses at the trust bank subsidiary. In 2015, he was appointed to the position of Group CFO.</p> <p>Institutional Investor selected him as the best CFO in the Japanese banking sector in 2017 and 2018. He also serves as a Director for the Japan Investor Relations Association. Aki earned a B.A. in political science from Keio University and completed the Advanced Management Program at the Wharton School.</p>
<p style="text-align: center;">Kazuta Uchida</p> <p>Mr. Uchida is an Advisor to MUFG Bank, Ltd. and Chairman of Morgan Stanley MUFG Securities Co., Ltd. Since joining Mitsubishi Bank in 1985, he has assumed various senior positions, including Chief Economist, General Manager of the Treasury and Investment Division, and Chief Executive of the Global Markets Unit. He is a leading expert in Japanese financial markets and a member of the Japanese official delegation of the diplomatic corps for ASEAN and European countries.</p>

Dean A. Yoost

Mr. Yoost is a board member of both MUFG Union Bank and Pacific Life Insurance Company. He is also one of three members of the advisory board of American Honda Finance Corporation. He previously served as a board member of two NYSE-listed companies.

He is a founder and serves as the chairman of the Corporate Directors Roundtable of Orange County. He also is a board member of the National Association of Corporate Directors in Southern California. Additionally, he is a trustee and a member of the executive committee of the University of California Irvine's Foundation.

Mr. Yoost retired as a partner after 33 years with PricewaterhouseCoopers, wherein he held numerous client service and firm leadership positions. During this period, he lived and worked in Tokyo and Beijing for 16 years serving the needs of global clients and establishing and building the firm's businesses. He was elected as a director for four years to the 18-partner global oversight board of PwC International Limited, the top governing body of the global network of firms. At his retirement, Mr. Yoost was the firm's managing partner in Orange County, California, and the regional leader of its advisory services practice. Mr. Yoost is the author of a book entitled *A Director's Voyage Through Risk Management* published by The Risk Management Association. He is co-authoring a second book entitled *Navigating Information Technology in the Boardroom* to be published later this year also by The RMA. He also has authored and co-authored over 75 articles and editorials published in *The RMA Journal*, *Asian Wall Street Journal*, *NACD Directorship*, *Directors and Boards*, *Journal of International Taxation*, *European Business Forum* and other business publications.

Table of Contents**Glossary of Defined Terms**

The following acronyms and abbreviations are used throughout this report, particularly in Part I, Item 1. "Business," Item 1A. "Risk Factors," Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations," Item 7A. "Quantitative and Qualitative Disclosures About Market Risk" and Item 8. "Financial Statements and Supplementary Data."

ACR	Americas Credit Review
ADR	American depositary receipt
Agency Securities	Securities guaranteed by a U.S. government agency
ALCO	Asset Liability Management Committee
ALM	Asset Liability Management
AMT	Alternative minimum tax
AOCI	Accumulated other comprehensive income
ARC	Americas Risk Committee
ASU	Accounting standards update
BCBS	Basel Committee on Banking Supervision
BHC	U.S. Bank Holding Company
BHCA	Bank Holding Company Act
CCAR	Comprehensive Capital Analysis and Review
CCPA	California Consumer Privacy Act of 2018
CD	Certificate of deposit
CECL	Current expected credit loss
CFPB	Consumer Financial Protection Bureau
CLO	Collateralized loan obligation
CMBS	Commercial mortgage-backed securities
COSO	Committee of Sponsoring Organizations of the Treadway Commission
CRA	Community Reinvestment Act
CRO	Chief Risk Officer
Dodd-Frank Act	Dodd-Frank Wall Street Reform and Consumer Protection Act
ECA	Executive Committee for the Americas
EGRRCPA	Economic Growth, Regulatory Relief and Consumer Protection Act
ESBP	Executive Supplemental Benefit Plan
Exchange Act	U.S. Securities Exchange Act of 1934
FASB	Financial Accounting Standards Board
FBO	Foreign banking organization
FDIA	Federal Deposit Insurance Act
FDIC	Federal Deposit Insurance Corporation
Federal Reserve	Board of Governors of the Federal Reserve System
FHLB	Federal Home Loan Bank
FICO	Fair Isaac Corporation
GAAP	Accounting principles generally accepted in the United States of America
GLBA	Gramm-Leach-Bliley Act
GSE	Government-sponsored enterprise
GSIB	Global systemically important banks
HQLA	High quality liquid assets
HRA Plan	MUFG Union Bank, N.A. Retiree Health Reimbursement Plan
IAA	Internal Audit for the Americas
IHC	Intermediate Holding Company
LCR	Liquidity Coverage Ratio

Table of Contents**Glossary of Defined Terms (Continued)**

LIBOR	London Inter-bank Offered Rate
LIHC	Low income housing credit
LLC	Limited liability corporation
LTV	Loan-to-value
MBS	Mortgage-backed securities
MRM	Market Risk Management
MRMC	Market Risk Management Committee
MUAH	MUFG Americas Holdings Corporation
MUAH Plan	MUFG Americas Holdings Corporation Stock Bonus Plan
MUB	MUFG Union Bank, N.A.
MUFG	Mitsubishi UFJ Financial Group, Inc.
MUSA	MUFG Securities Americas Inc.
NAV	Net asset value
n/a	Not available

SEC	Securities and Exchange Commission
TCJA	Tax Cuts and Jobs Act
TDR	Troubled debt restructuring
TLAC	Total Loss Absorbing Capacity
U.S. Basel III Rules	Basel III capitalization rules of the Basel Committee on Banking Supervision
VaR	Value-at-risk
VIE	Variable interest entity
Volcker Rule	Section 619 of the Dodd-Frank Act

Table of Contents**NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This report includes forward-looking statements, which include expectations for our operations and business and our assumptions for those expectations. Do not rely unduly on forward-looking statements. Actual results might differ significantly compared to our expectations. See Part I, Item 1A. "Risk Factors," and the other risks described in this report for factors to be considered when reading any forward-looking statements in this filing.

Forward-looking statements are subject to the "safe harbor" created by section 27A of the Securities Act of 1933, as amended, and section 21E of the Securities Exchange Act of 1934, as amended. We may make forward-looking statements in our SEC filings, press releases, news articles and when we are speaking on behalf of MUFG Americas Holdings Corporation and its subsidiaries. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. Often, they include the words "believe," "expect," "target," "anticipate," "intend," "plan," "seek," "estimate," "potential," "project," "forecast," "outlook," words of similar meaning, or future or conditional verbs such as "will," "would," "should," "could," "might," or "may." These forward-looking statements are intended to provide investors with additional information with which they may assess our future potential. All of these forward-looking statements are based on assumptions about an uncertain future and are based on information known to our management at the date of these statements. We do not undertake to update forward-looking statements to reflect facts, circumstances, assumptions or events that occur after the date any forward-looking statements are made.

In this document and other reports to the SEC, for example, we make forward-looking statements, which discuss our expectations about:

- Our business objectives, strategies and initiatives, organizational structure, business growth, competitive position and prospects, and the effect of competition on our business and strategies
- Our assessment of significant factors and developments that have affected or may affect our results
- Our assessment of economic conditions and trends, economic and credit cycles and their impact on our business
- The economic outlook for the U.S. in general, West Coast states and global economies
- The impact of changes in interest rates resulting from changes in Federal Reserve policy or for other reasons, our strategy to manage our interest rate risk profile and other market risks, our outlook for short-term and long-term interest rates and their effect on our net interest margin, our investment portfolio, our balance sheet composition, our borrowers' ability to service their loans and residential mortgage loans and refinancings
- Pending and recent legislative and regulatory actions, and future legislative and regulatory developments, including the effects of legislation and other governmental measures, including the monetary policies of the Federal Reserve introduced in response to the financial crisis, and the ensuing recession affecting the banking system, financial markets and the U.S. economy, the Dodd-Frank Act, the EGRRCPA, changes to the deposit insurance assessment policies of the FDIC, the effect on and application of foreign and other laws and regulations to our business and operations, and anticipated fees, costs or other impacts on our business and operations as a result of these developments
- Our strategies and expectations regarding capital levels and liquidity, our funding base, deposits, long-term debt, issuance of additional notes under the Bank's unsecured bank note program, our expectations regarding the capital, liquidity and enhanced prudential standards adopted by the U.S. bank regulators as a result of or under the Dodd-Frank Act and the BCBS capital and liquidity standards including the Federal banking agencies' TLAC regulation, and other recently adopted and proposed regulations by the U.S. federal banking agencies, and the effect of the foregoing on our business and expectations regarding compliance
- Regulatory and compliance controls and processes and their impact on our business, including our operating costs and revenues

Table of Contents

- The costs and effects of legal actions, investigations, regulatory actions, criminal proceedings or similar matters, our anticipated litigation strategies, our assessment of the timing and ultimate outcome of legal actions, or adverse facts and developments related thereto
- Our allowance for credit losses, including the conditions we consider in determining the unallocated allowance and our portfolio credit quality, probability of default and credit migration trends, and severity of loss upon default
- Loan portfolio composition and risk rating trends, residential loan delinquency rates compared to the industry average, portfolio credit quality, our strategy regarding TDRs, and our intent to sell or hold loans we originate
- Our intent to sell or hold, and the likelihood that we would be required to sell, or expectations regarding recovery of the amortized cost basis of, various investment securities
- Our hedging strategies, positions, expectations regarding reclassifications of gains or losses on hedging instruments into earnings; and the sensitivity of our net income to various factors, including customer behavior relating to mortgage prepayments and deposit repricing
- Expected rates of return, maturities, yields, loss exposure, growth rates, pension plan strategies, contributions and benefit payments, forecasted balance sheet activity and projected results
- Tax rates and taxes, the possible effect of changes in taxable profits of the U.S. operations of MUFG on our state tax obligations and of expected tax credits or benefits
- Critical accounting policies and estimates, the impact or anticipated impact of recent accounting pronouncements, guidance or changes in accounting principles and future recognition of impairments for the fair value of assets, including goodwill, financial instruments, intangible assets and other assets
- Decisions to downsize, sell or close units, dissolve subsidiaries, expand our branch network, pursue acquisitions, purchase banking facilities and equipment, realign our business model or otherwise restructure, reorganize or change our business mix, or the transfer to MUAH by MUFG of its interests in U.S. subsidiaries, and their timing and impact on our business
- Our expectations regarding the impact of acquisitions on our business and results of operations
- The impact of changes in our credit ratings including methodology changes adopted by rating agencies
- *Maintenance of casualty and liability insurance coverage appropriate for our operations*
- The relationship between our business and that of MUFG Bank, Ltd. and MUFG, the impact of their credit ratings, operations or prospects on our credit ratings and actions that may or may not be taken by MUFG Bank, Ltd. and MUFG
- Threats to the banking sector and our business due to cyber-security issues and attacks on financial institutions and other businesses, such as large retailers, and regulatory expectations relating to cyber-security
- Our understanding that MUFG Bank, Ltd. will continue to limit its participation in transactions with Iranian entities and individuals to certain types of transactions
- The objectives and effects on operations of our business integration initiative and its near term effect on our balance sheet, earnings and capital ratios
- The effect of a possible return of the California drought on its economy and related governmental actions and the potential consequences of recent California wildfires or other natural disasters
- Descriptions of assumptions underlying or relating to any of the foregoing

Readers of this document should not rely unduly on any forward-looking statements, which reflect only our management's belief as of the date of this report. There are numerous risks and uncertainties that could cause actual outcomes and results to differ materially from those discussed in our forward-looking statements. Many of these factors are beyond our ability to control or predict and could have a material adverse effect on our financial condition, results of operations or prospects. Such risks and uncertainties include, but are not limited

Table of Contents

to, those described or referred to in Part I, Item 1. "Business" under the captions "Competition" and "Supervision and Regulation", Item 1A. "Risk Factors" and Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-K and in our other reports to the SEC.

Any factor described in this report or in our other reports could by itself, or together with one or more other factors, adversely affect our business, prospects, results of operations or financial condition.

PART I**ITEM 1. BUSINESS****General**

We are a financial holding company, bank holding company and intermediate holding company whose principal subsidiaries are MUFG Union Bank, N.A. (MUB or the Bank) and MUSA. We are owned by MUFG Bank, Ltd. and MUFG. MUFG Bank, Ltd. is a wholly-owned subsidiary of MUFG. As used in this Form 10-K, terms such as "the Company," "we," "us" and "our" refer to MUFG Americas Holdings Corporation (MUAH), one or more of its consolidated subsidiaries, or to all of them together.

We provide a wide range of financial services to consumers, small businesses, middle-market companies and major corporations, both nationally and internationally. The Company also provides various business, banking, financial, administrative and support services, and facilities for MUFG Bank, Ltd. in connection with the operation and administration of MUFG Bank, Ltd.'s business in the U.S. (including MUFG Bank, Ltd.'s U.S. branches). The Bank and MUFG Bank, Ltd. are parties to a master services agreement whereby the Bank earns fee income in exchange for these services.

The Company has four reportable segments: Regional Bank, U.S. Wholesale & Investment Banking, Transaction Banking and MUSA. We service U.S. Wholesale & Investment Banking, certain Transaction Banking, and MUSA customers through the MUFG brand and serve Regional Bank and Transaction Banking customers through the Union Bank brand. The Company's leadership team is bicoastal with Regional Bank and Transaction Banking leaders on the West Coast while U.S. Wholesale & Investment Banking and MUSA leaders are based in New York City. The corporate headquarters (principal executive office) for MUB, MUSA and MUAH is in New York City. MUB's main banking office is in San Francisco. The Company had consolidated assets of \$168.1 billion at December 31, 2018.

On July 1, 2016, MUFG designated MUAH as its U.S. Intermediate Holding Company and transferred substantially all its U.S. subsidiaries to the IHC in accordance with the requirements of the U.S. Federal Reserve Board's final rules for Enhanced Prudential Standards. MUFG's remaining U.S. subsidiaries were transferred to MUAH on July 1, 2017. The remaining subsidiaries transferred have been included in MUAH's financial results on a prospective basis. The Company issued 11,258,882 shares to MUFG Bank, Ltd. and MUFG in exchange for the transferred subsidiaries. For additional information regarding related party transactions, refer to Note 21 of our Consolidated Financial Statements in Part II, Item 8. "Financial Statements and Supplementary Data" of this Form 10-K.

All reports that we file or furnish electronically with the SEC, including the Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, and current reports on Form 8-K, as well as any amendments to those reports, are accessible at no cost at www.unionbank.com as soon as reasonably practicable after we electronically file such reports with, or furnish them to, the SEC. These filings are also accessible on the SEC's website at www.sec.gov.

Lines of Business

Our operations are organized into four reportable segments: Regional Bank, U.S. Wholesale & Investment Banking, Transaction Banking and MUFG Securities Americas. These segments and their financial information are described more fully in Note 22 to our Consolidated Financial Statements included in this Form 10-K.

Employees

At December 31, 2018, we had approximately 13,250 full-time equivalent employees.

Table of Contents

Competition

Banking is a highly competitive business. We compete actively for loan, deposit, and other financial services business both nationally and internationally. Our competitors include a large number of state and national banks, thrift institutions, credit unions, finance companies, mortgage banks and major foreign-affiliated or foreign banks, as well as many financial and nonfinancial firms that offer services similar to those offered by us, including many large securities firms, financial services subsidiaries of commercial and manufacturing companies and marketplace lenders. Many of these competitors enjoy fewer regulatory restraints and some may have lower cost structures. Some of our competitors are community or regional banks that have strong local market positions, while others include large financial institutions that have substantial capital, technology and marketing resources.

The financial services industry is also becoming more competitive as further technological advances enable more companies to provide financial services. These technological advances increasingly allow parties to complete financial transactions electronically and may diminish the importance of depository institutions and other financial intermediaries.

Current federal law has made it easier for out-of-state banks to enter and compete in the states in which we operate. Competition in our principal markets may further intensify as a result of the Dodd-Frank Act which, among other things, permits out-of-state de novo branching by national banks, state banks, and foreign banks from other states.

The primary factors in competing for business include pricing, convenience of office locations and other delivery methods, range of products offered, customer relationships, and level of services offered.

Supervision and Regulation

BHCs, banks and securities broker-dealers are extensively regulated under federal and state law. This regulation is intended primarily for the safety and soundness of banks, the protection of bank depositors, brokerage and other customers, the Federal Deposit Insurance Fund, the Securities Investors Protection Fund and the U.S. banking and financial services system as a whole, and not for the benefit of investors in securities issued by a BHC or bank. Set forth below is a summary description of significant laws and regulations and other legal authorities that relate to our operations and those of our subsidiaries, including MUB and MUSA. This summary description of applicable legal authorities is not complete and is qualified by reference to such legal authorities and does not address every legal authority. Financial statutes, regulations and policies are continually under review by Congress and state legislatures and federal and state regulatory agencies, and a change in them, including changes in how they are interpreted, implemented or applied in a specific instance, could have a material effect on our business and operations.

Principal Federal Banking Laws

BHCA and the GLBA. The Company, MUFG and MUFG Bank, Ltd. are subject to regulation under the BHCA, which subjects us to Federal Reserve reporting, supervision and examination and other requirements. Generally, the BHCA restricts our ability to invest in non-banking entities, and we may not acquire more than five percent of the voting shares of any domestic bank without the prior approval of the Federal Reserve. Our activities are limited, with some exceptions, to the business of banking, managing or controlling banks, and other activities that the Federal Reserve deems to be so closely related to banking as to be a proper incident thereto.

The GLBA allows "financial holding companies" to offer banking, insurance, securities and other financial products. Among other things, the GLBA provides a framework for BHCs to engage in new financial activities under certain conditions. MUAH, MUFG Bank, Ltd. and MUFG are financial holding companies under the BHCA. A financial holding company is authorized to engage in activities beyond those permissible for a BHC that are deemed to be financial in nature or incidental to such financial activity as well as certain specified non-banking activities deemed to be closely related to banking. In order to maintain its status as a financial holding company, a BHC must continue to meet certain standards established by the Federal Reserve. Those standards require that a financial holding company exceed the minimum standards applicable to BHCs that have not elected to become financial holding companies. These higher standards include meeting the "well capitalized" and "well managed" standards for financial holding companies as defined in the regulations of the Federal Reserve. The Federal Reserve has the authority to limit the ability of a financial holding company (or any of its affiliates) to

Table of Contents

conduct otherwise permissible activities if the financial holding company or any of its depository institution subsidiaries ceases to meet these standards. If the deficiencies are not corrected, the Federal Reserve may require that the financial holding company either terminate any activity that is not permissible for a BHC or divest control of a deficient depository institution subsidiary. Failure to comply can also result in the assessment of civil money penalties against the financial holding company. In addition, a financial holding company must ensure that its U.S. banking subsidiaries meet certain minimum standards under the Community Reinvestment Act of 1977.

National Bank Act. MUB, our principal U.S. banking subsidiary, is chartered under and subject to the National Bank Act which, together with the regulations of the OCC, governs many aspects of the corporate activities and banking operations of national banks, including the powers and duties of national banks, the payment of dividends on capital stock, conduct of loan, investment and fiduciary activities, minimum capital ratios, the opening and closing of branches, the acquisition of other banking entities or financial companies and many other matters.

Principal Federal Banking Regulatory Agencies

Federal Reserve. As a BHC and financial holding company, we are subject to the extensive regulation, supervision and examination authority of the Federal Reserve. The Federal Reserve also has extensive enforcement authority over all BHCs. Such authority includes the power to assess civil monetary penalties against any BHC violating any provision of the BHCA or any regulation or order of the Federal Reserve under the BHCA. The Federal Reserve also has the power to order termination of activities or ownership of non-bank subsidiaries of the holding company if it determines there is reasonable cause to believe that the activities or ownership of the non-bank subsidiaries constitutes a serious risk to the financial safety, soundness or stability of banks owned by the BHC. Willful violations of the BHCA or regulations or orders of the Federal Reserve can also result in criminal penalties for the BHC and any individuals participating in such conduct.

Comptroller of the Currency. MUB, as a national banking association, is subject to broad regulation and oversight of all its operations by the OCC, its primary federal banking regulator, and also by the Federal Reserve and the FDIC. MUB is required to file periodic reports with the OCC and is subject to ongoing supervision and examination by the OCC.

The OCC has extensive enforcement authority over national banks. If, during an examination of a bank or otherwise, the OCC determines that the financial condition, capital resources, asset quality, earnings prospects, management, liquidity, interest rate sensitivity, or other aspects of the bank's operations are unsatisfactory or that the bank or its management is violating or has violated any laws or regulations, various remedies are available to the OCC, including the power to enjoin "unsafe or unsound" practices, to require affirmative action to correct any conditions resulting from any violation or practice, to issue an administrative order that can be judicially enforced to increase capital, to restrict the growth of the bank, to assess civil monetary penalties, to remove officers and directors and/or ultimately to terminate the bank's charter. The OCC also has broad authority to address bank activity it deems to constitute an unsafe or unsound practice.

The OCC has adopted guidelines that establish minimum standards for the design and implementation of a risk governance framework for large national banks with average total consolidated assets of \$50 billion or more, such as MUB. The guidelines establish specific risk management-related roles and responsibilities for three designated functions: a bank's "front line" public-facing business; independent risk management; and internal audit.

The OCC has also provided additional guidance to national banks for assessing and managing risks associated with third-party relationships, including any business relationship between a bank and another entity, by contract or otherwise. The guidance includes regulatory expectations for planning, due diligence, third-party selection, contract negotiation and ongoing monitoring of third-party relationships that banks should consider when outsourcing bank functions. The guidance could have an impact on MUB's selection of vendors to which it outsources certain functions and on MUB's contract negotiations, particularly with respect to representations and warranties and indemnification by the vendors it may select.

Table of Contents

In November 2017, MUFG Bank, Ltd. applied to the OCC to convert its state-licensed branches and agencies in the U.S. to federal branches and agencies; the OCC approved the conversion applications and issued federal licenses to such branches and agencies in November 2017. For additional information, see "MUFG Bank, Ltd.'s and Mitsubishi UFJ Financial Group's credit ratings and financial or regulatory condition could adversely affect our operations" in Part I, Item 1A. "Risk Factors" in this Report on Form 10-K.

Consumer Financial Protection Bureau. The CFPB has direct supervision and examination authority over banks with more than \$10 billion in assets, including MUB. The CFPB's responsibilities include implementing and enforcing federal consumer financial protection laws, reviewing the business practices of financial services providers for legal compliance, monitoring the marketplace for transparency on behalf of consumers and responding to complaints and questions from consumers about consumer financial products and services. The Dodd-Frank Act added prohibitions on unfair, deceptive or abusive acts and practices to the scope of consumer protection regulations overseen and enforced by the CFPB. In various public pronouncements and enforcement actions, the CFPB has focused on a variety of practices it deems to be unfair, deceptive or abusive, including the following: credit-card add-on products, including billing of consumers for credit-monitoring services without prior consent; failing to accept or timely post payments; failure to honor loan modifications after the loan servicing is transferred; various debt collection practices, including sending foreclosure notices to borrowers who were current on their loans; and various practices relating to debts owed by service members, such as threatening to contact the members' commanding officers about loan arrears or burying the contractual authorization for this practice in the lending contract. The CFPB has also focused on automobile dealer discretionary interest rate markups and on holding banks and other purchasers of such contracts responsible for unlawful disparities in markups charged by dealers to borrowers of different races or ethnicities. The CFPB also has finalized rules that impact many aspects of residential mortgage loans and lending practices, including a requirement that banks develop and implement procedures to ensure compliance with a borrower's "reasonable ability to repay" test, make new or revised disclosures and revise policies and procedures for originating and servicing residential mortgage loans. Various pronouncements from recently appointed and other CFPB officers and recent CFPB actions have suggested it is undertaking a review of, and changes to, its past methods and practices, which could give rise to additional operational, regulatory and other risks.

Financial Stability Oversight Council. The Financial Stability Oversight Council (consisting of the Secretary of the Treasury, heads of the federal banking regulatory agencies and the SEC, and certain other officials) provides oversight of all risks created within the U.S. economy from the activities of financial services companies and supports enhanced prudential regulation. It also has the authority to recommend stricter standards for the largest, most interconnected financial services and other firms. Where it determines that certain practices or activities pose a threat to financial stability, it may make recommendations to the primary financial regulatory agencies for new or heightened regulatory standards. The Financial Stability Oversight Council must determine which BHCs and non-bank financial companies pose risks to U.S. financial stability, and subject those companies to the supervision and regulation of the Federal Reserve. BHCs over \$50 billion in consolidated assets are considered to be "large interconnected bank holding companies" and automatically designated as "systemically significant." The Company falls within this category, and therefore, is subject to heightened prudential standards including enhanced capital, leverage, and liquidity standards, as well as credit exposure reporting, concentration limits, stress testing and resolution plan requirements.

Dodd-Frank Act and Related Regulations

The Dodd-Frank Act, enacted in 2010, has resulted in sweeping changes to the U.S. financial system. Many provisions of the law have been implemented by rules and regulations of the federal banking agencies but, as discussed below, certain provisions of the law are yet to be implemented and therefore the full scope and impact of the law on banking institutions generally, and specifically on our business cannot, be fully determined at this time. The Dodd-Frank Act also provides authority to the FDIC to serve as receiver in the liquidation of systemically important non-bank financial companies, including BHCs. Liquidation proceedings for such companies will be funded by borrowings from the U.S. Treasury and risk-based assessments on covered financial companies. In circumstances where there is a shortfall after assessments on creditors of a failed company, there may be assessments on BHCs with consolidated assets of \$50 billion or more, such as the Company.

President Trump signed into law the Economic Growth, Regulatory Relief and Consumer Protection Act (the "EGRRCPA"), which amended various provisions of the Dodd-Frank Act as well as other federal banking

Table of Contents

statutes on May 24, 2018. Among other things, the EGRRCPA raised the threshold for designation as a systemically important financial institution from \$50 billion to \$250 billion in assets, removed BHCs with less than \$100 billion in assets from the application of enhanced prudential standards and eliminated the applicability of enhanced prudential standards to BHCs with between \$100 billion and \$250 billion in assets 18 months after enactment unless the Federal Reserve by order or rule determines to apply enhanced prudential standards to any such institution. The Federal Reserve is authorized to establish by order or rule tailored enhanced prudential standards, including periodic stress tests and liquidity requirements, for BHCs with between \$100 billion and \$250 billion in assets and is required to tailor the application of enhanced prudential standards to BHCs of any size based on certain factors, including capital structure, riskiness, complexity, financial activities, size and other risk related factors that the Federal Reserve deems appropriate. With respect to foreign banking organizations ("FBOs"), the EGRRCPA states it does not affect the continued applicability of enhanced prudential standards to FBOs with global assets equal to or greater than \$100 billion or limit the authority of the Federal Reserve to impose enhanced prudential standards requirements with respect to, or tailor the regulation of, an FBO with total assets equal to or greater than \$100 billion, including the requirement that it establish an IHC. Because MUFG, as an FBO, has total assets in excess of \$100 billion, the Company expects that it will remain subject to the Federal Reserve's enhanced prudential standards rules even though various domestic BHCs with a size comparable to MUAH will be relieved from compliance with such rules.

As required by the Dodd-Frank Act, the Federal Reserve adopted rules regarding stress testing requirements for large BHCs such as the Company. The OCC also adopted similar rules for large national banks such as MUB. The stress testing rules govern the timing and type of stress testing activities required of large BHCs and banks as well as rules governing testing controls, oversight and disclosure requirements. The stress testing rules limit the ability of a BHC to make capital distributions to the extent that its actual capital issuances are less than the amount indicated in its capital plan, measured on a quarterly basis.

As required by the Dodd-Frank Act, the Federal Reserve adopted final rules regarding enhanced prudential standards for both large U.S. BHCs, such as the Company, and FBOs operating in the U.S., such as MUFG Bank, Ltd. These integrated rules include the Federal Reserve's resolution plan, capital plan and stress testing rules, as well as a final rule regarding enhanced prudential standards. (The resolution, capital plan and stress testing rules are discussed below in this section.) The final enhanced prudential standards rule addresses a diverse array of regulatory subjects, each of which is highly complex. In some instances, the rule implements new financial regulatory requirements and in other instances it overlaps other regulatory reforms already in existence (such as the Basel III capital and liquidity reforms and stress testing requirements discussed elsewhere in this report). For large domestic BHCs, such as the Company, and FBOs operating in the U.S., such as MUFG Bank, Ltd., the final enhanced prudential standards rule formalizes governance and oversight processes with respect to various prudential standards already in place through the Federal Reserve's other rule-makings, as described in this section, but also imposed certain additional requirements such as an internal liquidity stress testing regime (intended to be complementary to the Federal Reserve's liquidity coverage ratio proposal discussed below) and maintenance of a related liquidity buffer.

In March 2016, the Federal Reserve re-proposed its single counterparty credit limit rule. The re-proposed rule would impose a general limit on the credit exposure to an unaffiliated counterparty of a U.S. or foreign bank holding company with \$50 billion or more in total consolidated assets and any IHC to a maximum of 25% of such company's total capital. A stricter credit exposure limit of 25% of Tier 1 Capital is applied to such a company which has \$250 billion or more in total consolidated assets or \$10 billion or more in on-balance sheet foreign exposure. The strictest restrictions would apply to such a BHC which is classified as a globally systemic important banking organization. For such companies, a credit exposure limit to unaffiliated major counterparties (with assets of \$500 billion or more) of 15% of Tier 1 Capital would be applied in addition to application of an aggregate net credit exposure limit to other counterparties of 25% of Tier 1 capital.

The final enhanced prudential standards rules relating to FBOs are similar in various respects to those adopted for large domestic BHCs, such as enhanced requirements relating to risk management, including liquidity risk management and capital adequacy and liquidity stress testing. However, the final FBO rules differ in various respects from the domestic BHC rules. For example, a large FBO must certify to the Federal Reserve that it meets capital adequacy standards established by its home country supervisor that are consistent with the BCBS framework. If the FBO does not satisfy such requirements, the Federal Reserve may impose requirements, conditions or restrictions on its U.S. activities.

Table of Contents

In addition, the final FBO rules require that an FBO with \$50 billion or more of non-branch assets in the U.S. (such as MUFG Bank, Ltd.) operate in the U.S. through an IHC structure. The FBO is required to hold its interest in any U.S. subsidiary through the IHC, which will be its top-tier U.S. subsidiary. U.S. branches of FBOs, such as those of MUFG Bank, Ltd., are excluded from this requirement. The final FBO standards had a July 1, 2016 initial compliance date and generally deferred application of a specified IHC leverage ratio until 2018. MUAH became the IHC for the U.S. operations of MUFG and MUFG Bank, Ltd. on July 1, 2016.

Additionally, in December 2016, the Federal Reserve finalized rules imposing new TLAC requirements on GSIBs with operations in the U.S., such as MUFG. The Company, which serves as MUFG's designated IHC in the U.S., will be required to maintain a minimum amount of total loss-absorbing capacity, which must be met with a combination of Tier 1 regulatory capital and long-term debt. Due to MUFG's single point of entry resolution approach, the Company will be subject to a minimum level of internal TLAC, which must be issued either to a foreign company that controls the Company (in this case MUFG Bank, Ltd. or MUFG) or to another directly or indirectly wholly-owned foreign subsidiary of MUFG. TLAC Tier 1 regulatory capital is intended to absorb ongoing losses, while the conversion of TLAC eligible long-term debt into common equity is intended to recapitalize the Company prior to any bankruptcy or insolvency proceedings. The Company became subject to these new rules on January 1, 2019. During the fourth quarter of 2018, the Company restructured existing debt issued to MUFG Bank, Ltd. and replaced a portion of its externally-placed debt with the issuance of internal TLAC-eligible debt issued to MUFG Bank, Ltd. in order to comply with the new rules.

Under the Dodd-Frank Act and Federal Reserve regulations, a BHC is required to serve as a source of financial and managerial strength to its subsidiary banks and may not conduct its operations in an unsafe or unsound manner. Under these requirements, a BHC may be required to contribute additional capital to an undercapitalized subsidiary bank. However, this additional capital may be required at times when the BHC may not have the resources to provide such support, or may not be inclined to provide such support under the then existing circumstances.

The federal financial regulatory agencies adopted final rules implementing Section 619 of the Dodd-Frank Act, commonly known as the Volcker Rule. The final rule generally prohibits banking entities from engaging in short-term proprietary trading of securities, derivatives, commodity futures and associated options for their own account. The final rule provides exemptions for certain activities, including certain types of market making, underwriting, hedging of specific, identifiable risks of individual or aggregated positions and trading in U.S. government, agency, state and municipal obligations. These exemptions are limited if they involve a material conflict of interest, a material exposure to high-risk assets or trading strategies or a threat to the institution's safety and soundness or to that of the U.S. financial system. The rules also exempt trading for customers in a fiduciary capacity or in riskless principal trades, subject to certain requirements.

The Volcker Rule also prohibits banking entities from owning or sponsoring hedge funds and private equity funds (covered funds), subject to certain exclusions. MUB sold the vast majority of its non-conforming private equity fund interests after the Volcker Rule was proposed.

The Volcker Rule also provides compliance requirements generally requiring banking entities to establish an internal compliance program reasonably designed to ensure and monitor compliance with the final rules. As a larger banking entity, the Company was required to establish a more detailed compliance program.

Although we have incurred increased compliance costs as a result of the Volcker Rule, we do not anticipate a material adverse impact to our financial results as revenue from prohibited proprietary trading and covered fund investment activities does not contribute significantly to our financial results.

The Dodd-Frank Act also changed the existing standard for the federal preemption of state consumer financial laws to allow a court or the OCC to preempt a state consumer financial law only if it discriminates against national banks, prevents or significantly interferes with the exercise by the national bank of its powers or the state law is preempted by another federal law. This change was intended to allow greater regulation of national banks under state law and may result in increased consumer protection requirements being imposed on national banks. The Dodd-Frank Act also eliminated the extension of federal preemption under the National Bank Act to operating subsidiaries of national banks negating certain OCC regulations and court decisions. The Act also authorized state law enforcement authorities to bring lawsuits under state law against national banks, thus

Table of Contents

subjecting national banks to varying and potentially conflicting interpretation of law by state attorneys general and state agencies. This could result in increased compliance costs for national banks. The Act also required the OCC to make preemption determinations on particular state consumer financial laws on a case-by-case basis, rather than making preemption determinations on broad categories of laws.

Regulatory Capital and Liquidity Standards

The federal banking regulatory agencies have adopted risk-based capital standards under which a banking organization's capital is compared to the risks associated with assets reflected on its balance sheet as well as its off-balance sheet exposures, such as letters of credit.

Regulatory Capital Rules. The Federal Reserve and the other U.S. federal banking agencies have adopted final rules to implement the Basel III capitalization rules of the BCBS for banking organizations located in the United States (U.S. Basel III Rules). The U.S. Basel III Rules replace the U.S. federal banking agencies' general risk-based capital rules, advanced approaches rule, market-risk rule, and leverage rules, in accordance with certain transition provisions. In December 2014, MUAH received approval from the Federal Reserve to opt-out of the advanced approaches rules for holding companies. MUAH became subject to the U.S. Basel III Rules on January 1, 2015, with certain provisions subject to a phase-in period. MUB previously opted-in to the advanced approaches risk-based capital rules, and therefore was required to comply with the U.S. Basel III Rules beginning on January 1, 2014. However, effective September 30, 2017, the OCC approved MUB's request to opt-out of the U.S. Basel III Rules advanced approaches, including MUB's one-time permanent election to exclude certain components of AOCI from its regulatory capital calculations. The U.S. Basel III Rules generally establish more restrictive capital definitions, create additional categories and higher risk-weightings for certain asset classes and off-balance sheet exposures, and higher leverage ratios and capital conservation buffers that are added to the minimum capital requirements and must be satisfied for banking organizations to avoid becoming subject to certain limitations on dividends and discretionary bonus payments to executive officers. The U.S. Basel III Rules also implement higher minimum capital requirements.

The U.S. Basel III Rules also provide for various adjustments and deductions to the definitions of regulatory capital that became fully effective on December 31, 2017. Under these rules, in order to avoid limitations on capital distributions, including dividend payments and certain discretionary bonus payments to executive officers, a banking organization must hold a capital conservation buffer above its minimum risk-based capital requirements (equal to 2.50% of its total risk-weighted assets). The capital conservation buffer is designed to absorb losses during periods of economic stress. The implementation of the capital conservation buffer began on January 1, 2016, at the 0.625% level and is being implemented on a phased-in basis over a four-year period (increasing by that amount on each subsequent January 1, until it reached the 2.5% standard on January 1, 2019).

In January 2014, the BCBS issued an updated version of its leverage ratio and disclosure guidance (the "Basel III leverage ratio"). The BCBS guidance continues to set a minimum Basel III leverage ratio of 3%. In April 2016, the BCBS proposed, among other things, that for purposes of calculating the denominator of the leverage ratio, off-balance sheet exposures of banks to securitization transactions should be treated the same as such exposures are treated under the BCBS revisions to its securitization framework for risk-based capital. The BCBS further amended the leverage ratio, among other revisions to its Basel III capital framework, in December 2017 ("Basel IV"). The Basel IV revisions refine the definition of the leverage ratio "exposure measure" (the Basel III term for total non-risk-weighted assets), and introduce a leverage ratio buffer applicable to GSIBs, requiring GSIBs to maintain a higher leverage ratio. Beginning January 1, 2022, the updates to the leverage ratio will be implemented and the BCBS leverage ratio buffer will apply to GSIBs.

Prompt Corrective Action. Under the OCC's prompt corrective action regulations (established pursuant to Section 38 of the Federal Deposit Insurance Act), a bank is assigned to one of five capital categories ranging from "well-capitalized" to "critically under-capitalized." Institutions that are "under-capitalized" or lower are subject to increasingly more restrictive mandatory supervisory corrective actions. At each successively lower capital category, an insured bank is subject to increased restrictions on its operations. Failure to meet regulatory capital guidelines can result in a bank being required to raise additional capital. An "under-capitalized" bank must develop a capital restoration plan and its parent holding company must generally guarantee the bank's compliance

Table of Contents

with the plan. The OCC has amended its prompt corrective action regulations to reflect the changes made to the regulatory capital requirements by the U.S. Basel III Rules.

For additional information regarding the regulatory capital positions of MUAH and MUB, see "Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital Management" in Part II, Item 7 of this Report on Form 10-K and Note 18 to our Consolidated Financial Statements in this Report on Form 10-K.

Comprehensive Capital Analysis and Review Program. MUAH is subject to regulatory requirements to develop and maintain a capital plan which must be reviewed and approved by its Board of Directors (or designated subcommittee thereof); however, MUAH was granted regulatory administrative relief in 2019 and is not required to submit its capital plan to the Federal Reserve or participate in the 2019 Comprehensive Capital Analysis and Review (CCAR 2019) process. The Company remains subject to future cycles of the Federal Reserve's CCAR program. CCAR evaluates capital planning processes and assesses capital adequacy levels under various scenarios to determine if BHCs would have sufficient capital to continue operations throughout times of economic and financial market stress. Depending on the circumstances, failure to attain a non-objection of a BHC's CCAR plan from the Federal Reserve could have a variety of adverse consequences for the institution, including a requirement to augment capital, restrain growth or other adverse consequences. The Federal Reserve's capital plan and stress testing rules for bank holding companies provide that the Federal Reserve may not object to a capital plan on the basis of qualitative deficiencies in the BHC's capital planning process if the BHC has total consolidated assets of at least \$50 billion but less than \$250 billion, nonbank assets of less than \$75 billion and is not controlling a U.S. global systemically important bank (large but noncomplex firms). Under these rules, such bank holding companies' capital planning processes will be evaluated during the Federal Reserve's regular ongoing supervisory activities.

Liquidity Coverage Ratio. The U.S. banking agencies adopted a rule implementing a standardized quantitative liquidity requirement generally consistent with the LCR standard, which was included in the Basel III framework of the BCBS. This LCR rule is designed to ensure that covered banking organizations maintain an adequate level of cash and HQLA, such as central bank reserves and government and corporate debt, to meet estimated net liquidity needs in a short-term stress scenario using specified liquidity inflow and outflow assumptions (that produce net cash outflow). An institution's LCR is the amount of its HQLA, as defined and calculated in accordance with the reductions and limitations in the rules, divided by its net cash outflow, with the quotient expressed as a percentage. While the LCR standard generally applies to all internationally active banking organizations with \$250 billion or more in total consolidated assets or \$10 billion or more in on-balance sheet foreign exposures, the rule also applies a less stringent, modified LCR to BHCs that are not internationally active, and have more than \$50 billion in total assets (such as the Company). Under the LCR rule, financial institutions must maintain an LCR equal to at least 100% based on the entity's total projected net cash outflows over the next 30 calendar days, effectively using net cash outflow assumptions equal to 70% of the outflow assumptions prescribed for internationally active banking organizations. The Company is in compliance with the requirements of the modified LCR standard. Under the LCR rule, commencing in 2019, the Company and other bank holding companies subject to the rule will be required to make periodic public disclosure on their websites of quantitative and qualitative aspects of their LCR within 60 days after calendar year-end (45 days for quarterly filings).

Other Federal Laws and Regulations Affecting Banks

There are additional requirements and restrictions in the laws of the U.S. and states in which MUB and its subsidiaries conduct operations. The consumer lending and other banking activities of MUB are subject to extensive regulation under various state laws as well as the federal laws discussed above. Furthermore, due to MUFG Bank, Ltd.'s controlling ownership of the Company, regulatory requirements adopted or enforced by the Government of Japan may have an impact on the activities and investments of the Company in the future.

Deposit Insurance. Customer deposits maintained by MUB are insured up to statutory limits (currently \$250,000 per depositor, subject to certain exceptions) by the FDIC and, accordingly, are subject to deposit insurance assessments. Deposit insurance assessment rates are subject to change by the FDIC and can be impacted by the overall economy and the stability of the banking industry as a whole.

Table of Contents

As required by the Dodd-Frank Act, the FDIC adopted a comprehensive, long-range restoration plan for the deposit insurance fund to increase the fund's reserves relative to total insured deposits in the U.S. The ultimate effect on our business of legislative, regulatory and economic developments on the deposit insurance fund cannot be predicted with certainty.

The FDIA provides that, in the event of the liquidation or other resolution of an insured depository institution, the claims of its depositors (including claims by the FDIC as subrogee of insured depositors) and certain claims for administrative expenses of the FDIC as receiver would be afforded a priority over other general unsecured claims against such an institution. If an insured depository institution fails, claims of insured and uninsured depositors and the FDIC will be placed ahead of unsecured, non-deposit creditors, in order of priority of payment.

If any insured depository institution becomes insolvent and the FDIC is appointed its conservator or receiver, the FDIC may, in most cases, disaffirm or repudiate any contract to which such institution is a party if the FDIC determines that performance of the contract would be burdensome and that disaffirmance or repudiation of the contract would promote the orderly administration of the institution's affairs. In addition, the FDIC as conservator or receiver may enforce most contracts entered into by the institution notwithstanding any provision providing for termination, default, acceleration or exercise of rights upon or solely by reason of insolvency of the institution, appointment of a conservator or receiver for the institution, or exercise of rights or powers by a conservator or receiver for the institution.

Under provisions of the FDIA, an FDIC-insured bank under common control with another FDIC-insured bank is generally liable for any loss incurred or reasonably expected to be incurred, by the FDIC upon the actual or reasonably likely failure of such other bank. Thus, MUB could incur liability to the FDIC under these provisions in the event of failure of another bank controlled by the Company or MUFG. This liability would be subordinated to deposit liabilities and certain other senior liabilities. At present, neither the Company nor MUFG have such other bank subsidiaries.

Pursuant to the Dodd-Frank Act and related regulations, BHCs and insured depository institutions with \$50 billion or more in assets are required to develop and annually file with the bank regulators resolution plans or so-called "living wills" to facilitate the FDIC's ability to liquidate such banks in a prompt and orderly fashion upon a failure. If the bank regulators determine that the resolution plan is not credible or would not facilitate the orderly resolution of the institution, they may require the institution to submit a revised resolution plan that addresses the deficiencies identified by the regulators. If the regulators determine that the revised plan remains deficient, they may decide to subject the institution to more stringent capital, leverage, or liquidity requirements or restrictions on growth, activities or operations and may impose other sanctions.

In September of 2016, the OCC adopted guidelines establishing standards for recovery planning by national banks with total consolidated assets of \$50 billion or more, such as MUB. The guidelines require such larger banks to undertake recovery planning to be able to respond quickly to and recover from the financial effects of severe stress on the bank. The recovery plan should identify triggers that reflect the bank's particular vulnerabilities and identify a wide range of credible options that the bank could undertake to preserve or restore financial strength and viability and provide that the bank will notify the OCC of any significant breach of a trigger and actions taken or to be taken in response. Banks with total assets of more than \$100 billion but less than \$750 billion, such as MUB, were required to comply with these new requirements on or before January 1, 2018. MUB is in compliance with these requirements. The OCC is empowered to order enforcement of the guidelines and may assess civil money penalties against and require other actions of banks which fail to meet these standards.

Community Reinvestment Act. MUB is subject to the CRA. The CRA generally requires the federal banking agencies to evaluate the record of a financial institution in meeting the needs of local communities, including low- and moderate-income neighborhoods. In addition to substantial penalties and corrective measures that may be required for a violation of certain fair lending laws, the federal banking agencies may take compliance with such laws and the CRA into account when regulating and supervising other activities and in evaluating whether to approve applications for permission to engage in new activities or to acquire other banks or companies or de novo branching. An unsatisfactory CRA rating may be the basis for denying the application.

Table of Contents

Fair Lending and Other Related Laws. MUB is subject to the Equal Credit Opportunity Act of 1974 and the implementing regulations thereunder. The statute requires financial institutions and other firms engaged in the extension of credit to make credit equally available to all creditworthy customers and makes it unlawful for any creditor to discriminate against any applicant with respect to any aspect of a credit transaction: (1) on the basis of race, color, religion, national origin, sex or marital status, or age (provided the applicant has the capacity to contract); (2) because all or part of the applicant's income derives from any public assistance program; or (3) because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. In addition, a creditor may not make any oral or written statement, in advertising or otherwise, to customers or prospective customers that would discourage on a prohibited basis, an application for credit.

MUB is also subject to the Federal Housing Act, which makes discrimination in home lending illegal, as well as the Americans with Disabilities Act, which requires banks to reasonably accommodate individuals with disabilities.

Banks are periodically examined for compliance with these fair lending laws and other related laws. The banking regulators are required to refer matters relating to these fair lending laws to the Department of Justice for possible investigation and further appropriate action under civil penalty statutes whenever the regulator has reason to believe that a creditor has engaged in a pattern or practice of conduct that may violate these laws.

Bank Secrecy Act and Office of Foreign Assets Control Regulations. The banking industry is subject to extensive regulatory controls and processes under the Bank Secrecy Act and related anti-money laundering laws. Under the USA PATRIOT Act, federal banking regulators must consider the effectiveness of a financial institution's anti-money laundering program prior to approving an application for a merger, acquisition or other activities requiring regulatory approval. The U.S. also imposes economic sanctions that affect transactions with designated foreign countries, nationals and others. These rules are administered by OFAC. Included among OFAC restrictions are limitations or prohibitions on engaging in financial transactions involving a sanctioned country, entity or person and prohibitions on transfers of blocked property and bank deposits subject to U.S. jurisdiction. Failure to comply with these requirements may adversely affect the Company's ability to obtain regulatory approvals for future initiatives requiring regulatory approval, including acquisitions and additionally could result in substantial monetary fines, penalties and other sanctions.

Affiliate Transactions. MUB and its affiliates are subject to certain restrictions under the Federal Reserve Act and related regulations, including restrictions on loans by MUB to, and other transactions with, its affiliates (including requirements that such transactions with MUB be collateralized and on arm's-length terms). Dividends payable by MUB to MUAH are subject to restrictions under a formula imposed by the OCC unless express approval is given by the OCC to exceed these limitations.

Customer Information Security. The federal bank regulatory agencies have adopted guidelines for safeguarding confidential, personal customer information. The guidelines require each financial institution to create, implement and maintain a comprehensive written information security program designed to ensure the security and confidentiality of customer information, protect against any anticipated threats or hazards to the security or integrity of such information and protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer. MUB has adopted a customer information security program. In addition, each agency has published its standards and expectations for banks to protect their own data, information technology and other assets and operations from unauthorized intrusion and vulnerability to malicious cyber-attack to the greatest degree possible.

Privacy. The GLBA requires financial institutions to implement policies and procedures regarding the disclosure of nonpublic personal information about consumers to non-affiliated third parties. In general, the statute requires explanations to consumers on policies and procedures regarding the disclosure of such nonpublic personal information, and, except as otherwise required by law, prohibits disclosing such information except as provided in the banks' policies and procedures and applicable law. MUB implemented its privacy policy, which provides that all of its existing and new customers will be notified of MUB's privacy policies. Federal financial regulators have issued regulations under the Fair and Accurate Credit Transactions Act, which increased the length of the waiting period, after privacy disclosures are provided to new customers, before information can be shared among affiliated companies for the purpose of cross-marketing products and services between those

Table of Contents

affiliated companies. Certain state laws and regulations designed to protect the privacy and security of customer information also apply to us and our other subsidiaries.

Overdraft and Interchange Fees; Interest on Demand Deposits. Regulation E restricts a bank's ability to charge overdraft services and fees. The rule prohibits financial institutions from charging fees for paying overdrafts on ATM and one-time debit card transactions, unless a consumer consents, or opts in, to an overdraft service for those types of transactions. The Dodd-Frank Act's "Durbin Amendment" also required the Federal Reserve to establish standards for interchange fees that are "reasonable and proportional" to the cost of processing the debit card transaction and imposes other requirements on card networks.

Regulation of MUSA

MUSA is a registered broker-dealer with the SEC and is a member of the Financial Industry Regulatory Authority (FINRA). MUSA is also registered with the Municipal Securities Rulemaking Board (MSRB) as a broker-dealer. MUSA was previously a Futures Commission Merchant and a member of the National Futures Association. However, it effectively deregistered in 2017.

Much of the regulation of broker-dealers has been delegated to self-regulatory organizations such as the FINRA of which MUSA is a member. The principal purpose of regulating broker-dealers is the protection of clients and the securities markets. The regulations cover many aspects of the securities business, including, among other things, sales and trading practices, publication of research, margin lending, uses and safekeeping of clients' funds and securities, capital adequacy, recordkeeping and reporting, fee arrangements, disclosure to clients, fiduciary duties owed to advisory clients, and the conduct of directors, officers and employees.

MUSA is subject to Rule 15c3-1 under the Securities Exchange Act of 1934 (the Uniform Net Capital Rule), Rule 15c3-3 (Customer Protection) and related SRO requirements. The Uniform Net Capital Rule specifies minimum capital requirements that are intended to ensure the general financial soundness and liquidity of broker-dealers. The Customer Protection Rule provides requirements for customer cash reserves and the custody of customer securities.

The Uniform Net Capital Rule prohibits a broker-dealer subsidiary from paying cash dividends, or making unsecured advances or loans to its parent company or repaying subordinated loans to its parent company if such payment would result in a net capital amount of less than 5% of aggregate debit balances or less than 120% of its minimum dollar requirement of \$1,000,000.

In addition to the net capital requirements as a self-clearing broker-dealer, MUSA is subject to cash deposit and collateral requirements with clearing houses, such as the Depository Trust & Clearing Corporation, Options Clearing Corporation and Fixed Income Clearing Corporation, which may fluctuate significantly from time to time based upon the nature and size of clients' trading activity and market volatility.

Future Legislation or Regulatory Initiatives

The economic and political environment of the past several years has led to a number of proposed legislative, governmental and regulatory initiatives, at both the federal and state levels, certain of which are described above, that may significantly impact our industry. These and other initiatives could significantly change the competitive and operating environment in which we and our subsidiaries operate. We cannot predict whether these or any other proposals will be enacted or the ultimate impact of any such initiatives on our operations, competitive situation, financial condition or results of operations.

In October 2018, the Federal Reserve invited comments on a framework that would more closely match regulations for large banking organizations with their risk profiles. Firms in the lowest risk category - generally most domestic firms with assets of between \$100 billion and \$250 billion would no longer be subject to standardized liquidity requirements but would be subject to firm-developed liquidity tests and reduced stress testing requirements. Firms with \$250 billion or more in assets that are not GSIBs would be subject to reduced standardized liquidity requirements depending on their risk profile and would be subject to stress testing but on an extended cycle. Under the Federal Reserve's proposal, GSIBs, such as MUFG, would not see any change in their capital or liquidity requirements. The Federal Reserve advised that it expects to issue a separate tailoring

Table of Contents

proposal for foreign banks in the future. Whether and to what extent, MUAH and MUB may be affected by these initiatives cannot be predicted at this time.

Disclosure of Iranian Activities under Section 13(r) of the Securities Exchange Act of 1934

We are disclosing the following information pursuant to Section 13(r) of the Securities Exchange Act of 1934 (Exchange Act), which requires an issuer to disclose whether it or any of its affiliates knowingly engaged in certain activities, transactions or dealings relating to Iran or with natural persons or entities designated by the U.S. government under specified Executive Orders. The scope of activities that must be reported includes activities not prohibited by U.S. law and conducted outside the United States in compliance with applicable local law. Because we are indirectly wholly-owned by MUFG, a Japanese corporation, our disclosure includes activities, transactions or dealings conducted outside the United States by non-U.S. affiliates of MUFG which are not controlled by us. We have requested that MUFG provide us a description of reportable activity under Section 13(r) and have received the following information:

During the fiscal year ended December 31, 2018, a non-U.S. subsidiary of MUFG engaged in business activities with entities in, or affiliated with, Iran, including counterparties owned or controlled by the Iranian government. Specifically, MUFG's non-U.S. banking subsidiary, MUFG Bank, Ltd., issued letters of credit and guarantees and provided remittance and other settlement services mainly in connection with customer transactions related to the purchase and exportation of Iranian crude oil to Japan, and in some cases, in connection with other petroleum-related transactions with Iran by its customers. These transactions did not involve U.S. dollars nor clearing services of U.S. banks for the settlement of payments. For the fiscal year ended December 31, 2018, the aggregate interest and fee income relating to these transactions was less than ¥100 million, representing less than 0.005 percent of MUFG's total interest and fee income. Some of these transactions were conducted through the use of non-U.S. dollar correspondent accounts and other similar settlement accounts maintained with MUFG Bank, Ltd. outside the United States by Iranian financial institutions and other entities in, or affiliated with, Iran. In addition to such accounts, MUFG Bank, Ltd. receives deposits in Japan from, and provides settlement services in Japan to, fewer than 10 Iranian government-related entities and fewer than 100 Iranian government-related individuals such as Iranian diplomats, and maintains settlement accounts outside the United States for certain other financial institutions specified in Executive Order 13382, which settlement accounts were frozen in accordance with applicable laws and regulations. For the fiscal year ended December 31, 2018, the average aggregate balance of deposits held in these accounts represented less than 0.1 percent of the average balance of MUFG's total deposits. The fee income from the transactions attributable to these account holders was less than ¥18 million, representing less than 0.005 percent of MUFG's total fee income. Although there was no outstanding balance as of December 31, 2018, MUFG Bank, Ltd. had, during the fiscal year ended December 31, 2018, loans that were arranged prior to changes in applicable laws and regulations to borrowers in, or affiliated with, Iran, including entities owned by the Iranian government. For the fiscal year ended December 31, 2018, the agent fee income relating to these loan transactions was less than ¥20 million, representing less than 0.005 percent of MUFG's total interest and fee income.

We understand that MUFG Bank, Ltd. recognizes that following the withdrawal in May 2018 by the United States from the Joint Comprehensive Plan of Action, the United States has imposed secondary sanctions against non-U.S. persons who engage in or facilitate a broad range of transactions and activities involving Iran. We understand that MUFG Bank, Ltd. will take the recent sanctions related developments into account and monitor any future transactions relating to Iran in order to comply with applicable U.S. and Japanese regulations as well as U.S., Japanese and other international sanctions.

Financial Information

See our Consolidated Financial Statements beginning on page 76 of this Form 10-K for financial information about MUAH and its subsidiaries.

Table of Contents

ITEM 1A. RISK FACTORS

The following discussion sets forth material risk factors that could affect our financial condition and operations:

Industry Factors

U.S. and global economic experiences of a serious recession, a slow economic recovery, persistent financial market volatility, and significant U.S. and global consumer and business economic deterioration have presented challenges for the banking and financial services industry and for MUAH. In the U.S., the government response included a variety of measures which has allowed U.S. economic activity to improve in recent years but there can be no assurance that this progress will continue or will not reverse. The U.S. government continues to face significant fiscal and budgetary challenges which, if not resolved, may further exacerbate adverse U.S. economic conditions. These challenges may be intensified over time as a result of the federal tax legislation signed into law in December of 2017 if federal budget deficits were to increase and Congress and the Administration cannot effectively work to address them.

In the past decade, adverse financial and economic developments impacted U.S. and global economies and financial markets and presented challenges for the banking and financial services industry and for MUAH. These developments included a general recession both globally and in the U.S. followed by a slow economic recovery accompanied by unprecedented volatility in the financial markets.

In response, various significant economic and monetary stimulus measures were implemented by the U.S. government. The Federal Reserve pursued a highly accommodative monetary policy aimed at keeping interest rates at historically low levels although the Federal Reserve has modified certain aspects of this policy by gradually increasing short-term interest rates and reducing its balance sheet. U.S. economic activity has significantly improved, but there can be no assurance that this progress will continue or will not reverse.

The challenges to the level of economic activity in the U.S., and also to the banking industry, have also been exacerbated at times since the recession by extensive political disagreements regarding the statutory debt limit on U.S. federal government obligations and measures to address the substantial federal deficits and the federal budget. These political developments led to a downgrade from "AAA" to "AA+" by one credit rating agency of the long-term sovereign credit rating of United States debt, although other credit rating agencies did not take such action. Although concerns about U.S. sovereign debt may have lessened, there can be no assurance that the current political disagreements regarding the federal budget will be resolved between the Trump Administration and the newly-elected Congress with the Democrats controlling the House of Representatives, or that such disagreements will not occur again in the future. Any such future disagreements, if not resolved, could result in further downgrades by the rating agencies with respect to the obligations of the U.S. federal government. Any such further downgrades could increase over time the U.S. federal government's cost of borrowing which may worsen its fiscal challenges, as well as generate upward pressure on interest rates generally in the U.S. which could, in turn, have adverse consequences for borrowers and the level of business activity. Any such developments could also have adverse consequences for the securities repurchase business conducted by MUSA, which relies upon both the credit quality of bonds issued by the U.S. federal government and the smooth functioning of the markets using such bonds as collateral. It is also possible that the federal government's fiscal and budgetary challenges could be intensified over time as a result of the federal tax legislation signed into law in December of 2017 if the reductions in tax rates along with greater government spending result in increased federal budget deficits.

Difficult market conditions have adversely affected the U.S. banking industry

The resulting economic pressure on consumers and lack of confidence in the financial markets since the 2008 recession adversely affected our business, financial condition and results of operations for several years after the recession. Although the economic conditions in our markets, including California in particular and in the U.S. in general, have significantly improved in recent years, there can be no assurance that these conditions will continue to improve, especially given the fact that the U.S. economic expansion is becoming extended in its duration. In addition, turbulent political and economic conditions in foreign countries and trade policy differences with major U.S. trading partners may negatively impact the U.S. financial markets and economy in general. If these conditions worsen market conditions could be adversely affected. In particular, we may face the following risks in connection with these events:

Table of Contents

- Our ability to assess the creditworthiness of our customers and counterparties may be impaired if the methods and approaches we use to select, manage, and underwrite our customers and counterparties become less predictive of future behaviors.
- We may not be able to accurately estimate credit exposure losses because the process we use to estimate these losses requires difficult, subjective, and complex judgments which may not be amenable to precise estimates, including forecasts of economic conditions and how these economic predictions might impair the ability of our borrowers to repay their loans.
- Our ability to borrow from other financial institutions on favorable terms or at all could be adversely affected by further disruptions in the capital markets or other events, including actions by rating agencies and deteriorating investor expectations.
- Downgrades in the credit ratings of major U.S. or foreign banks or other financial difficulties affecting such major banks could have adverse consequences for the financial markets generally, including possible negative effects on the available sources of market liquidity and increased pricing pressures in such markets which, in turn, could make it more difficult or expensive for banks generally and for us in particular to access such markets to satisfy liquidity needs.
- Significant fluctuations in the prices of equity and fixed income securities could adversely impact the revenues of our broker-dealer and asset management and trust businesses. MUSA is exposed to the price risk of such securities where it holds inventory to meet expected customer demand. MUSA's debt capital markets fee income would also be detrimentally impacted from sustained periods of fixed income price volatility. MUB's fee income may also decline since its asset management and trust business fees are primarily based upon the values of assets it manages and declines in the values of those assets proportionately reduce the amount of its fees charged.
- Competition in our industry could intensify as a result of the increasing consolidation of financial services companies and increasing competition from less regulated nonbank financial services companies many of whom are using new technologies to deliver their services. For additional information, see "Substantial competition could adversely affect us" in Part I, Item 1A. "Risk Factors" in this Form 10-K.
- We may incur goodwill impairment losses in future periods. See "Management's Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Estimates - Goodwill Impairment Analysis" in Part II, Item 7. and Note 5 to our Consolidated Financial Statements included in this Form 10-K.
- In November 2018, the U.S., Mexico and Canada came to an agreement to replace North American Free Trade Agreement (NAFTA) with the United States-Mexico-Canada Agreement (USMCA), although NAFTA will remain in force until the USMCA is ratified by all of its members. The effect of such agreement and future proposals on international trade between the U.S. and other countries and on the level of economic activity in the U.S., as well as possible volatility in the financial markets generally, cannot be predicted.

Table of Contents

The effects of changes or increases in, or supervisory enforcement of, banking, securities, competition or other laws and regulations or governmental fiscal, monetary, or tax policies could adversely affect us or make strategic planning more difficult

We are subject to significant banking and federal and state securities regulation and supervision, which is primarily for the benefit and protection of our depositors and other customers and the Federal Deposit Insurance Fund and the banking system as a whole and less so for the benefit of investors in our securities. In the past, our business has been materially affected by these regulations. This can be expected to continue in the future. Laws, regulations or policies, including accounting standards and interpretations, currently affecting us and our subsidiaries may change over time. Regulatory authorities may also change their interpretation of, and intensify their examination of compliance with, these statutes and regulations. Therefore, our business may be adversely affected by changes in laws, regulations, policies or interpretations or regulatory approaches to compliance and enforcement, as well as by supervisory action or criminal proceedings taken as a result of perceived noncompliance, which could result in the imposition of significant penalties or fines. Changes in laws and regulations may also increase our expenses by imposing additional supervision, fees, taxes or restrictions on our operations. Compliance with laws and regulations, especially new laws and regulations, increases our operating expenses and may require additional management time and attention. To the extent state and local laws and regulations are not preempted by federal laws or regulations, our regulatory compliance could become more challenging.

The Dodd-Frank Act was enacted in 2010 in response to the financial crisis that culminated in the severe economic disruptions during and after 2008. The Dodd-Frank Act, among other things, established the CFPB with broad powers to regulate consumer financial products such as credit cards and mortgages, established the Financial Stability Oversight Council comprised of the heads of various regulatory agencies, led to new capital requirements from U.S. federal banking agencies, placed new limits on electronic debit card interchange fees, and required the SEC and national stock exchanges to adopt significant new corporate governance and executive compensation reforms. While the CFPB's regulatory powers have not changed under the current Administration, the number of publicly announced enforcement actions it has chosen to pursue has significantly declined.

This important legislation has affected U.S. financial institutions, including MUAH and MUB, in many ways, some of which have increased, or may increase in the future, the cost of doing business and present other challenges to the financial services industry. For additional information regarding the impact on our business of the Dodd-Frank Act and related regulations, see "Supervision and Regulation – Principal Federal Banking Laws - Dodd-Frank Act and Related Regulations" in Part I, Item 1. "Business" in this Form 10-K.

Following the 2008 financial crisis, the Federal Reserve and the other U.S. federal banking agencies adopted final rules making significant changes to the U.S. regulatory capital framework for U.S. banking organizations. For additional information, see "Supervision and Regulation – Regulatory Capital and Liquidity Standards" in Part I, Item 1. "Business" and "Regulatory Capital" in Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-K.

President Trump signed into law the Economic Growth, Regulatory Relief and Consumer Protection Act (the "EGRRCPA") which amended various provisions of the Dodd-Frank Act as well as other federal banking statutes on May 24, 2018 as described more fully in "Supervision and Regulation – Dodd Frank Act and Related Regulations" in Part I, Item 1. "Business" in this Form 10-K.

The need to maintain more and higher quality capital and greater liquidity under applicable bank regulatory agency rules could limit the Company's lending and other business activities and its ability to expand, either organically or through acquisitions. It could also result in the Company taking steps to increase its capital or being limited in its ability to pay dividends or otherwise return capital to its shareholders, or selling or refraining from acquiring assets. In addition, the regulatory liquidity standards could limit the Company's ability to invest in longer-term or less liquid assets even if more desirable from a balance sheet management perspective.

The capital rules of the U.S. federal banking agencies as well as the various other regulations referred to herein, along with other regulations which may be adopted in the future, may also generally increase our cost of doing business or lead us to stop, reduce or modify our products and services.

Proposals to reform the housing finance market in the U.S. could also significantly affect our business. These proposals, among other things, include reducing or eliminating over time the role of the GSEs (Fannie Mae and Freddie Mac) in guaranteeing mortgages and providing funding for mortgage loans, as well as the

Table of Contents

implementation of reforms relating to borrowers, lenders, and investors in the mortgage market, including reducing the maximum size of a loan that the GSEs can guarantee, phasing in a minimum down payment requirement for borrowers, improving underwriting standards, and increasing accountability and transparency in the securitization process. While the specific nature of these reforms and their impact on the financial services industry in general, and on MUB in particular, is uncertain at this time, such reforms, if enacted, are likely to have a substantial impact on the mortgage market and could potentially reduce our income from mortgage originations by increasing mortgage costs and/or lowering originations. The GSE reforms could also reduce real estate prices, which could reduce the value of collateral securing outstanding mortgage loans. This reduction of collateral value could negatively impact the value or perceived collectability of these mortgage loans and cause an increase in our allowance for loan losses. Such reforms may also include changes to the Federal Home Loan Bank System, which could adversely affect a significant source of funding for lending activities by the banking industry, including the Bank. These reforms may also result in higher interest rates on residential mortgage loans, thereby reducing demand, which could have an adverse impact on the Bank's residential mortgage lending business. In addition, any impact of such changes upon the credit quality of GSE's and therefore upon agency MBS securities held by MUAH could result in material reductions in valuations, as well as adverse impacts upon MUSA's agency MBS trading business.

Several cities in the United States (including New York, Los Angeles, San Diego, San Francisco, San Jose and Seattle) have adopted responsible banking ordinances and other cities are considering the adoption of similar ordinances. These ordinances generally require banks that hold city government deposits to provide detailed accounts of their lending practices in low-income communities, as well as their participation in foreclosure prevention and home loan principal reduction programs. Performance under these ordinances is used as a basis for awarding the city's financial services contracts. The adoption of these ordinances by municipalities for which the Bank is a provider of cash management or other banking services could result in increased regulatory and compliance costs and other operational costs and expenses, making this business less desirable to the Bank and potentially resulting in reduced opportunities for the Bank to provide these services. In August of 2015, New York City's ordinance was found to be invalid because it was pre-empted by federal and state banking laws and that case was dismissed. Whether and to what extent other responsible banking ordinances will be challenged and invalidated cannot be predicted.

As a result of supervisory actions against Wells Fargo Bank, N.A. involving customer abuses in the banks' retail branch network, which may have arisen at least in part from incentive compensation arrangements related to cross-selling of products and services, the OCC conducted a horizontal examination of various U.S. banks including MUB to which they issued requests for information about their sales practices and incentive compensation programs. The increased regulatory focus on these subjects could lead to additional regulations and compliance costs which could impact the retail banking industry in the U.S.

International laws, regulations and policies affecting us, our subsidiaries and the business we conduct may change over time and affect our business opportunities and competitiveness in these jurisdictions. Due to our ownership by MUFG and MUFG Bank, Ltd., laws, regulations, policies, fines and other supervisory actions adopted or enforced by the Government of Japan, the Federal Reserve and other regulators may adversely affect our activities and investments and those of our subsidiaries in the future.

We maintain systems and procedures designed to comply with applicable laws and regulations. Some legal and regulatory frameworks provide for the imposition of criminal or civil penalties (which can be substantial) for noncompliance. In some cases, liability may attach even if the noncompliance was inadvertent or unintentional and even if reasonably designed compliance systems and procedures were in place at the time. There may be other negative consequences from a finding of noncompliance, including restrictions on certain activities and damage to our reputation. Legal or regulatory compliance failure may also adversely affect our ability to obtain regulatory approvals for future strategic initiatives. Furthermore, failure to take necessary corrective action or the discovery of other violations of laws in the process of implementing any corrective measures could result in further regulatory enforcement action.

Our business is affected significantly by the fiscal and monetary policies of the U.S. federal government and its agencies. We are particularly affected by the policies of the Federal Reserve, which regulates the supply of money and credit in the U.S. Under the Dodd-Frank Act and a long-standing policy of the Federal Reserve, a BHC is expected to act as a source of financial and managerial strength for its subsidiary banks. As a result of that policy, we may be required to commit financial and other resources to our subsidiary bank in circumstances where we might not otherwise do so. Among the instruments of monetary policy available to the Federal Reserve

Table of Contents

are (a) conducting open market operations in U.S. Government securities, (b) changing the discount rates on borrowings by depository institutions and the federal funds rate, and (c) imposing or changing reserve requirements against certain deposits accepted by banks and borrowings by banks and their affiliates. These methods are used in varying degrees and combinations to directly affect the availability of bank loans and deposits, as well as the interest rates charged on loans and paid on deposits. In the fall of 2017, the Federal Reserve began the process of reducing its \$4.5 trillion balance sheet by ceasing reinvestment of principal on the maturing U.S. bonds that it holds. The impact of the Federal Reserve's unwinding of its "quantitative easing" program on the U.S. economy and financial markets cannot be predicted with certainty; however, this change in the Federal Reserve's monetary policy could result in increased interest rates, changes in customer deposit behavior, and volatility in the financial markets. During 2018, the Federal Reserve gradually increased the target range for the federal funds rate, with the range standing at 2-1/4 to 2-1/2 percent at the end of 2018. The policies of the Federal Reserve can be expected to have a material effect on our business, prospects, results of operations and financial condition.

Refer to "Supervision and Regulation" in Part I, Item 1. "Business" in this Form 10-K for discussion of certain additional existing and proposed laws and regulations that may affect our business.

Increased regulation of the financial services industry has required and can be expected to continue to require significant investments in technology, personnel or other resources. Our competitors may be subject to different or reduced regulation due to their asset size or types of products offered and may also be able to more efficiently utilize resources to comply with regulations and to more efficiently absorb increased regulatory compliance costs into their cost structures.

The December 2017 reform of the U.S. tax laws that included a substantial reduction in corporate and personal tax rates also changed the tax laws relevant to our business. While such reform has had and could continue to have positive effects on corporate profitability which could benefit the Company and its customers, there could be other potential adverse consequences such as a decrease in the value of tax credits on certain investments we may make. There could also be possible adverse consequences for the economy and the business climate, such as a large increase in the federal deficits and increasing interest rates generally, including for the federal government's borrowing costs. The potential long-run impact of these possible developments remains uncertain. For additional information regarding the possible effects of these changes on our business, see "The changes in the U.S. tax laws, the majority of which were effective January 1, 2018, will impact our business and results of operations in a variety of ways, some of which are expected to be positive and others which may be negative" in Part I, Item 1A. "Risk Factors" in this Form 10-K.

Higher credit losses could require us to increase our allowance for credit losses resulting in a charge to earnings

When we loan money or commit to loan money, we incur credit risk or the risk of losses if our borrowers do not repay their loans. We reserve for credit losses by establishing an allowance through a charge to earnings. The amount of this allowance is based on our assessment of credit losses inherent in our loan portfolio and our unfunded credit commitments. The process for determining the amount of the allowance is critical to our financial results and condition. It requires difficult, subjective and complex judgments about the future impact of current economic conditions that might impair the ability of our borrowers to repay their loans.

We might underestimate the credit losses inherent in our loan portfolio and have credit losses in excess of the amount reserved. Or, we might increase the allowance because of changing economic conditions, which we believe have caused losses to be sustained in our portfolio. For example, in a rising interest rate environment, borrowers with adjustable rate loans could see their payments increase. In the absence of offsetting factors such as increased economic activity and higher wages, this rate increase could reduce our borrowers' ability to repay their loans, resulting in our increasing the allowance. We might also increase the allowance because of the occurrence of events previously unexpected. Any increase in our credit allowance would result in a charge to earnings.

Table of Contents*The need to account for assets at market prices may adversely affect our results of operations*

We report certain assets, including securities, at fair value. Generally, for assets that are reported at fair value, we use quoted market prices or valuation models that utilize market data inputs and assumptions to estimate that value. Because generally accepted accounting principles in the U.S. require fair value measurements to reflect appropriate adjustments for risks related to liquidity and the use of unobservable assumptions, we may recognize unrealized losses even if we believe that the asset in question presents minimal credit risk. During periods of adverse conditions in the capital markets, we may be required to recognize other-than-temporary impairments with respect to securities in our investment portfolio and such conditions could also result in mark-to-market losses in our trading portfolios at MUSA. Alternatively, decreases in interest rates could result in an acceleration of loan prepayments that could adversely affect our profitability.

Fluctuations in interest rates on loans could adversely affect our business

Significant increases in market interest rates on loans or other fixed income investments, or the perception that an increase may occur, could adversely affect our current loan and investment portfolios and ability to originate new loans and our ability to grow. Any such increases in interest rates could also diminish the flow of corporate debt offerings in the securities markets generally and this could adversely impact the investment banking business of MUSA which is dependent on the sales of debt securities issued by its customers. Conversely, decreases in interest rates could result in an acceleration of loan prepayments. An increase in market interest rates could also adversely affect the ability of our floating-rate borrowers to meet their higher payment obligations. If this occurred, it could cause an increase in nonperforming assets and charge-offs, which could adversely affect our business.

Fluctuations in interest rates on deposits or other funding sources could adversely affect our net interest margin

Changes in market interest rates on deposits or other funding sources, including changes in the relationship between short-term and long-term market interest rates or between different interest rate indices, can impact, and has in past years impacted, our net interest margin (that is, the difference between the interest rates we charge on interest earning assets, such as loans, and the interest rates we pay on interest-bearing liabilities, such as deposits or other borrowings). This impact could result in a decrease in our interest income relative to interest expense. Increases in interest rates may also adversely impact the value of our investment securities portfolio and the trading portfolio of MUSA and could also adversely impact loan performance by making it more difficult for borrowers with adjustable rate loans to service their debts. For several years after the 2008 recession, the Federal Reserve's highly accommodative monetary policies (including a very low federal funds rate and substantial purchases of long-term U.S. Treasury and agency securities) placed downward pressure on the net interest margins of U.S. banks, including MUB. The Federal Reserve has continued to gradually raise interest rates from late 2016 through 2018 and gradually reduce its historically high \$4.5 trillion balance sheet. The impact of these measures on the U.S. economy and financial markets cannot be predicted with certainty at this time. For additional information, see "The effects of changes or increases in, or supervisory enforcement of, banking, securities, competition or other laws and regulations or governmental fiscal, monetary, or tax policies could adversely affect us or make strategic planning more difficult" above in this Risk Factors section. For additional information, see Part I, Item 1. "Business - Supervision and Regulation - Principal Federal Banking Regulatory Agencies" in this Form 10-K.

Our deposit customers may pursue alternatives to bank deposits or seek higher yielding deposits, which may increase our funding costs and adversely affect our liquidity position

Checking and savings account balances and other forms of deposits can decrease when our deposit customers perceive alternative investments, such as the stock market, other non-depository investments or higher yielding deposits, as providing superior expected returns. Technology and other changes have made it more convenient for bank customers to transfer funds into alternative investments or other deposit accounts, including products offered by other financial institutions or non-bank service providers. Future increases in short-term interest rates could increase such transfers of deposits to higher yielding deposits or other investments either with us or with other providers. In addition, our level of deposits may be affected by a lack of consumer confidence in financial institutions, which has caused fewer depositors to be willing to maintain deposits that are not fully insured by the FDIC. Depositors may withdraw certain deposits from MUB and place them in other institutions or invest uninsured funds in investments perceived as being more secure, such as securities issued

Table of Contents

by the U.S. Treasury. These consumer preferences may force us to pay higher interest rates or reduce fees to retain certain deposits and may constrain liquidity as we seek to meet funding needs caused by reduced deposit levels.

As interest rates rise from the historically low levels of recent years, our deposits may not be as stable or as interest rate insensitive as similar deposits may have been in the past and, if the recovery of the U.S. economy continues, some existing or prospective deposit customers of banks generally, including MUB, may be inclined to pursue other investment alternatives.

Efforts and initiatives we undertake to retain and increase deposits, including deposit pricing, can increase our costs. When bank customers move money out of bank deposits in favor of alternative investments or into higher yielding deposits, we can lose a relatively inexpensive source of funds, increasing our funding cost. As our assets grow, we may face increasing pressure to seek new deposits through expanded channels from new customers at unfavorable pricing, further increasing our costs.

Substantial competition could adversely affect us

Banking is a highly competitive business. We compete actively for loan, deposit, and other financial services business in the West Coast states as well as nationally and internationally. Our competitors include a large number of state and national banks, thrift institutions, credit unions, finance companies, mortgage banks and major foreign-affiliated or foreign banks, as well as many nonbank financial and nonfinancial firms that offer services similar to those offered by us, including many large securities firms and financial services subsidiaries of commercial and manufacturing companies. Some of our competitors are insurance companies or community or regional banks that have strong local market positions. While we are part of MUFG, one of the largest global financial institutions, MUAH, MUB and MUSA are separate entities from their parent and other affiliates, and our competition includes a number of large financial institutions and securities firms operating in our U.S. markets that have substantial capital, technology and marketing resources, which may be well in excess of ours. Competition in our industry may further intensify as a result of the recent and increasing level of consolidation of financial services companies, particularly in our principal markets resulting from various economic and market conditions. Larger financial institutions may have greater access to capital at a lower cost than ours, which may adversely affect our ability to compete effectively. In addition, some of our current commercial banking customers may seek alternative banking sources if they develop credit needs larger than we may be able to accommodate. Many of our non-bank competitors are not subject to the same extensive regulations that govern our activities and may have greater flexibility in competing for business. Additionally, technology has lowered barriers to entry and made it possible for non-banks to offer products and services traditionally provided by banks, such as automatic transfer and payment systems. We also experience competition, especially for deposits, from internet-based banking institutions and other financial companies, which do not always have a physical presence in our market footprint and have grown rapidly in recent years. Competition in our principal markets may further intensify as a result of provisions of the Dodd-Frank Act which permit the establishment of new branches in states other than their home state by national banks, state banks and foreign banks to the same extent as banks located in the other states.

There are an increasing number of non-bank competitors providing financial services

Technology and other changes increasingly allow parties to complete financial transactions electronically, and in many cases, without banks. For example, consumers can pay bills and transfer funds over the internet and by telephone without banks. In addition, so-called "marketplace lenders" have been expanding their market share of consumer, mortgage and small business loans. Many non-bank financial service providers have lower overhead costs and are subject to fewer regulatory constraints and burdens. If consumers and small businesses do not use banks for their borrowings or to complete their financial transactions, we could potentially lose interest and fee income, deposits and income generated from those deposits and other financial transactions.

Changes in accounting standards could materially impact our financial statements

From time to time, the FASB and the SEC change the financial accounting and reporting standards that govern the preparation of our financial statements or new interpretations of existing standards emerge as standard industry practice. These changes can be difficult to predict and can materially impact how we record and report our financial condition and results of operations. In some cases, we could be required to apply a new or revised standard retrospectively, resulting in our restating prior period financial statements.

Table of Contents

The continuing war on terrorism, overseas military conflicts, unrest and political developments in other countries and the U.S. could adversely affect U.S. and global economic conditions

Acts or threats of terrorism and actions taken by the U.S. or other governments as a result of such acts or threats and other international hostilities, as well as political unrest in various regions, including the Middle East, may result in a disruption of U.S. and global economic and financial conditions and increases in energy costs and could adversely affect business, economic and financial conditions in the U.S. and globally and in our principal markets. In addition, continuing global tensions may result in new and enhanced U.S. economic sanctions against other governments or entities which may increase our compliance costs under the regulations of OFAC and other federal or state agencies. Although we have not experienced an adverse impact on our business from the British vote to exit the European Union (known as "Brexit"), potential changes in the European Union may have negative consequences to the global and U.S. economies and to our customers.

The Far East, including the Korean peninsula, China and Japan, continues to be subject to political tensions and potential volatility. In the event these conditions were to worsen, there could be material adverse economic consequences for the region, including for Japan, where our parents, MUFG and MUFG Bank, Ltd., have a substantial portion of their assets and business. If MUFG Bank, Ltd.'s business were to sustain seriously adverse conditions from such circumstances, this could result in an adverse impact on the ability of MUFG and MUFG Bank, Ltd. to support MUAH's business in the U.S.

Company Factors

Adverse economic factors affecting certain industries we serve could adversely affect our business

We provide financing to businesses in a number of industries that may be particularly vulnerable to industry-specific economic factors that can adversely impact the performance of our commercial real estate and commercial and industrial credit portfolios. The commercial real estate industry in the U.S., and in California in particular, was adversely impacted by the post-2008 recessionary environment and lack of liquidity in the financial markets. The home building and mortgage industries in California also were especially adversely impacted by the deterioration in residential real estate markets. Our commercial and industrial credit portfolio, and the communications and media industry, the retail industry, and the energy industry in particular, were also adversely impacted by recessionary market conditions and other emerging developments that are disruptive to their customary business models. Volatility in fuel prices and energy costs could adversely affect businesses in several of these industries, while a prolonged slump in oil, natural gas and coal prices could have adverse consequences for some of our borrowers in the energy sector. Poor economic conditions and financial access for commercial real estate developers and homebuilders could adversely affect property values, resulting in higher nonperforming assets and charge-offs in this sector. MUSA provides financing through repurchase transactions to mortgage real estate investment trusts (REITs) collateralized by U.S. agency-backed mortgages held by such trusts. MUSA also has established a trading business in U.S. agency mortgage-backed securities. A down-turn in the real estate sector in the U.S. could adversely impact the creditworthiness of these mortgage REITs, and could adversely impact MUSA's business and results of operation. Conditions remain uncertain in various industries and could produce elevated levels of charge-offs.

Starting in 2018, federal tax legislation imposes various new limits on the ability of taxpayers to deduct on their federal income tax returns the interest they pay on residential mortgage loans, as well as their state and local property taxes. These changes could have negative consequences for residential market values which could, in turn, have adverse impacts on MUB's existing residential mortgage loan portfolio and on the volume of newly-originated residential mortgage loans in the future.

A significant portion of our loan portfolio is related to residential real estate, especially in California. Increases in residential mortgage loan interest rates could have an adverse effect on our operations by depressing new mortgage loan originations, and could negatively impact our title and escrow deposit levels. California markets have experienced a strong recovery in home prices since the post-2008 housing market crisis; however, home price growth has begun to moderate and some fundamentals of the housing market have remained soft through the recovery. A renewed downturn could have an adverse effect on our operations and the quality of our real estate loan portfolio. These factors could adversely impact the quality of our residential construction and residential mortgage portfolios in various ways, including by decreasing the value of the collateral for our mortgage loans. These factors could also negatively affect the economy in general and thereby our overall loan portfolio.

Table of Contents

Changes to the operating framework or functioning of the market in mortgage securities sponsored by the GSE's could also have an adverse impact on our exposure to mortgage-backed assets in both our banking and securities businesses.

Industry-specific risks are beyond our control and could adversely affect our loan portfolio, potentially resulting in an increase in nonperforming loans or charge-offs and a slowing of growth or reduction in our loan portfolio.

Adverse California economic conditions could adversely affect our business

At times in past years, economic conditions in California have been subject to various challenges, including significant deterioration in the residential real estate sector and the California state government's budgetary and fiscal difficulties. While California home prices and the California economy in general have experienced a recovery in recent years, there can be no assurance that the recovery will continue. Recent growth in home prices in some California markets may be unsustainable relative to market fundamentals and home price declines may occur.

In addition, the State of California has experienced budget shortfalls or deficits that have led to protracted negotiations between the Governor and the State Legislature over how to address the budget gap. The California electorate approved in the November 2012 general elections certain increases in the rate of income taxation in California and California's budgetary situation has improved considerably (with a budget surplus being forecast for the coming year by the nonpartisan legislative analyst). However, there can be no assurance that the state's fiscal and budgetary challenges will not recur. Also, municipalities and other governmental units within California have experienced budgetary difficulties and several California municipalities have filed for protection under the Bankruptcy Code. As a result, concerns also have arisen regarding the outlook for the governmental obligations of California municipalities and other governmental units.

A substantial majority of our assets, deposits and interest and fee income is generated in California. As a result, poor economic conditions in California may cause us to incur losses associated with higher default rates and decreased collateral values in our loan portfolio. If the budgetary and fiscal difficulties of the California state government and California municipalities and other governmental units were to recur or economic conditions in California decline, we expect that our level of problem assets could increase and our prospects for growth could be impaired. For approximately the past six years, California experienced various episodes of severe drought conditions. While rainfall levels have improved, there can be no assurance that the drought will not return with consequent difficulties for the California economy, particularly in the agricultural sector. The long-run impact of this and other measures in response to the drought on the California economy cannot be predicted.

Wildfires occurred in a number of California counties where the Bank has branches and does business during 2017 and 2018. The fires resulted in numerous fatalities and injuries and substantial property damage to homes, businesses and infrastructure in several communities. California and other Western states where the Bank does business have been the subject of other major wildfires or natural disasters, including mudslides, flooding and seismic events. It can be expected that these events will continue to occur from time to time in the areas served by the Bank, and these natural disasters may adversely affect the Bank's business and that of its customers.

Our stockholder votes are controlled by MUFG Bank, Ltd. and Mitsubishi UFJ Financial Group, Inc.

MUFG Bank, Ltd., a wholly-owned subsidiary of MUFG, and MUFG own all of the outstanding shares of our common stock. As a result, MUFG Bank, Ltd. and MUFG can elect all of our directors and can control the vote on all matters, including: approval of mergers or other business combinations; a sale of all or substantially all of our assets; issuance of any additional common stock or other equity or debt securities; incurring debt other than in the ordinary course of business; the selection and tenure of our Chief Executive Officer; payment of dividends with respect to our common stock or other equity securities; and other matters that might be favorable to MUFG Bank, Ltd. or MUFG.

A majority of our directors are independent of MUFG and MUFG Bank, Ltd. and are not officers or employees of MUAH or any of our affiliates, including MUFG or MUFG Bank, Ltd. However, because of MUFG's and MUFG Bank, Ltd.'s control over the election of our directors, they could at any time change the composition of our Board of Directors so that the Board would not have a majority of independent directors.

Table of Contents

MUFG Bank, Ltd.'s and Mitsubishi UFJ Financial Group's credit ratings and financial or regulatory condition could adversely affect our operations

A substantial part of our operations have been historically funded independently of MUFG Bank, Ltd. and MUFG and we believe our business is not necessarily closely related to the business or outlook of MUFG Bank, Ltd. or MUFG. However, the Federal Reserve finalized rules imposing new TLAC requirements on GSIBs with operations in the U.S. such as MUFG, in December 2016. As a result, although we make an effort to diversify our sources of liquidity, we will be required to maintain a minimum of TLAC-eligible debt because of our affiliation with MUFG Bank, Ltd. If MUFG Bank, Ltd. and MUFG's credit ratings, financial condition or business prospects were to decline, this could adversely affect our credit rating or harm our reputation or perceived creditworthiness. For additional information, see Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations - Risk Management - Liquidity Risk Management" in this Form 10-K.

MUFG Bank, Ltd. and MUFG are also subject to regulatory oversight, review and supervisory action (which can include fines or penalties) by Japanese, U.S. and other regulatory authorities. Our business operations and expansion plans could be negatively affected by regulatory concerns or supervisory action any such authority might take against MUFG Bank, Ltd. or MUFG. For example, in connection with its annual Bank Secrecy Act and Anti-Money Laundering (BSA/AML) and Office of Foreign Assets Control (OFAC) examination of MUFG Bank, Ltd.'s U.S. based branches, the OCC recently imposed a public enforcement action upon MUFG Bank Ltd.'s New York, Los Angeles, and Chicago branches. The enforcement action relates to the BSA/AML portion of the examination, is in the form of a consent order and requires MUFG Bank Ltd. and its U.S. branches to implement various remedial measures to address the deficiencies found in the examination, including the adoption of a comprehensive action plan satisfactory to the OCC, implementation of measures to ensure effective compliance management and qualified staffing, the adoption of comprehensive BSA/AML risk assessment policies and procedures and other remedial actions. MUB is not a party to the consent order.

Similarly, in June 2013, MUFG Bank, Ltd. entered into a consent agreement with the NY DFS (its former NY regulator) under which it made a civil monetary payment of \$250 million to resolve issues relating to the clearing of certain U.S. dollar payments that were routed through its New York branch office from 2002 to 2007. In November 2014, MUFG Bank, Ltd. entered into another consent agreement with the NY DFS under which it made a civil monetary payment of \$315 million to resolve issues relating to instructions given to PricewaterhouseCoopers LLP and the disclosures made to the NY DFS in connection with MUFG Bank, Ltd.'s 2007 and 2008 voluntary investigation of MUFG Bank, Ltd.'s U.S. dollar clearing activity associated with countries or parties subject to U.S. economic sanctions. Under the terms of this agreement with the NY DFS, MUFG Bank, Ltd. agreed to take certain additional remedial actions. These remediation efforts are ongoing.

In November, 2017, MUFG Bank, Ltd. applied to the OCC to convert its state-licensed branches and agencies in the U.S. to federal branches and agencies and the OCC approved those conversion applications. As a result, these branches and agencies are now supervised by the OCC and are no longer supervised by state regulatory authorities. As a condition of the OCC's approval of the conversion applications, the OCC required MUFG Bank, Ltd.'s primary New York branch to enter into a consent order with the OCC that supersedes and contains nearly identical substantive requirements as the 2013 and 2014 NY DFS consent agreements. MUFG Bank, Ltd.'s remediation efforts under the OCC consent order are ongoing. The OCC and MUFG Bank, Ltd. have established an ongoing regulatory relationship and the nature of that relationship will continue to evolve over time.

The NY DFS alleges that it continues to have the authority to bring an enforcement action against MUFG Bank, Ltd. based on events that occurred prior to the conversion of the licenses. Those issues are the subject of a litigation filed on November 8, 2017 captioned *The Bank of Tokyo-Mitsubishi UFJ, Ltd. v. Maria Vullo*, 17-cv-08691-SHS, which is currently pending in the United States District Court for the Southern District of New York.

MUFG Bank, Ltd. has received requests and subpoenas for information from government agencies in some jurisdictions, including the United States, Europe and Asia, which are or were conducting investigations into past submissions made by panel members, including MUFG Bank, Ltd., to the bodies that set various interbank offered rates. MUFG Bank, Ltd. is cooperating with these investigations and has completed all internal investigations. MUB is not a member of any of these panels or involved in any such investigations. In addition, MUFG Bank, Ltd. and other panel members have been named as defendants in a number of civil lawsuits, including putative class actions, in the United States relating to similar matters including the trading of financial

Table of Contents

instruments, the prices of which can be affected by interbank offered rates. MUFG Bank, Ltd. has also been named as a defendant in a number of civil lawsuits, including putative class actions, in the United States and Canada alleging foreign exchange market misconduct. While certain of these lawsuits have been settled without any admission of wrongdoing and there have been various procedural and potentially substantive developments in other pending cases, it is currently not possible for us to predict the scope and ultimate outcome of these investigations or lawsuits, including any possible effect on us as an affiliate of MUFG.

Potential conflicts of interest with MUFG Bank, Ltd. could adversely affect us

The views of MUFG Bank, Ltd. and MUFG regarding customer relationships, possible new businesses, strategies, acquisitions, divestitures or other initiatives, including compliance and risk management processes, may differ from ours. This may prevent, delay or hinder us from pursuing individual initiatives or cause us to incur additional costs and subject us to additional oversight. Our securities broker-dealer subsidiary, MUSA, receives a significant portion of its investment banking business from referrals from MUFG Bank, Ltd. and MUFG and their affiliated entities. If such referrals were to diminish, this could have a materially adverse impact on the business of MUSA.

Also, as part of MUFG Bank, Ltd.'s risk management processes, MUFG Bank, Ltd. manages global credit and other types of exposures and concentrations on an aggregate basis, including exposures and concentrations at MUAH or its subsidiaries. Therefore, at certain levels or in certain circumstances, our ability to approve certain credits or other banking transactions and categories of customers is subject to the concurrence of MUFG Bank, Ltd. We may wish to extend credit or furnish other banking services to the same customers as MUFG Bank, Ltd. Our ability to do so may be limited for various reasons, including MUFG Bank, Ltd.'s aggregate exposure and marketing policies.

Since MUB, MUSA, MUAH and MUFG Bank, Ltd. all compete in U.S. banking or investment banking markets, ownership interests in MUFG's common stock held by certain of our directors or officers, or services provided by those individuals as a director or officer or other employee of MUFG Bank, Ltd., could create or appear to create potential conflicts of interest. In addition, a number of the executive officers of MUAH and MUB also serve as executive officers of MUFG Bank, Ltd.'s U.S. branch operations, which could increase or appear to increase the risks of potential conflicts of interests with MUFG and MUFG Bank, Ltd. While the corporate governance policies adopted by MUAH, MUB, MUSA, MUFG and MUFG Bank, Ltd. address such potential conflicts of interest, there can be no assurance that these policies will prevent conflicts of interest which may have an adverse impact on our business.

Restrictions on dividends and other distributions could limit amounts payable to us

As a holding company, a portion of our cash flow may come from dividends our bank and non-bank subsidiaries pay to us. Various statutory provisions restrict the amount of dividends our subsidiaries can pay to us without prior regulatory approval. Our securities broker-dealer subsidiary, MUSA, is also subject to regulatory net capital rules which limit its ability to pay dividends. In addition, if any of our subsidiaries were to liquidate, that subsidiary's creditors will be entitled to receive distributions from the assets of that subsidiary to satisfy their claims against it before we, as a holder of an equity interest in the subsidiary, will be entitled to receive any of the assets of the subsidiary.

Risks associated with potential acquisitions, divestitures, integrations or restructurings may adversely affect us

We have in the past sought, and may in the future seek, to expand our business by acquiring other businesses which we believe will enhance our business. We cannot predict the frequency, size or timing of our acquisitions, as this will depend on the availability of otherwise suitable prospective target opportunities at valuation levels we find attractive and the competition for such opportunities from other parties. There can be no assurance that our acquisitions will have the anticipated positive results, including results related to: the total cost of integration; the retention of key personnel; the time required to complete the integration; the amount of longer-term cost savings; continued growth; or the overall performance of the acquired company or combined entity. We also may encounter difficulties in obtaining required regulatory approvals due to operational limitations, regulatory restrictions on our own activities, or other reasons. Unexpected contingent liabilities can arise from the businesses we acquire. Acquisitions may also lead us to enter geographic and product markets in which we have limited or no direct experience. Further, the asset quality or other financial characteristics of a business

Table of Contents

or assets we may acquire may deteriorate after an acquisition closes, which could result in impairment or other expenses and charges which would reduce our operating results.

Integration of an acquired business can be complex and costly; if we are not able to integrate successfully past or future acquisitions, there is a risk that results of operations could be adversely affected

Effective July 1, 2016, MUAH became the IHC for MUFG Bank, Ltd.'s operations in the U.S. (other than its branches, agencies and other offices) and became subject to enhanced risk management and governance standards. These enhanced prudential standards, as well as the addition of the securities business of MUSA and other businesses to the Company, could pose additional challenges for our risk management and governance oversight functions. Acquisition of the IHC role could increase our risk management challenges in light of the new customer relationships and lines of business, structural and operational changes, and enhanced governance and risk management standards to which we are subject, among other reasons.

In addition, we continue to evaluate the performance of all of our businesses and may sell or restructure one or more of them. Any divestitures or restructurings may result in significant expenses and write-offs, including those related to goodwill and other intangible assets, which could have a material adverse effect on our business, results of operations and financial condition and may involve additional risks, including difficulties in obtaining any required regulatory approvals, the diversion of management's attention from other business concerns, the disruption of our business and the potential loss of key employees.

We may not be successful in addressing these or any other significant risks encountered in connection with any acquisition, divestiture, integration or restructuring we might make.

Privacy restrictions could adversely affect our business

Our business model relies, in part, upon cross-marketing the products and services offered by us and our subsidiaries to our customers. Laws that restrict our ability to share information about customers between our affiliated companies could adversely affect our business, results of operations and financial condition. For additional discussion, see "Supervision and Regulation" in Part I, Item 1. in this Form 10-K.

Our business could suffer if we fail to attract, develop, retain and successfully integrate skilled personnel

Our success depends, in large part, on our ability to attract, develop and retain key personnel, including executives. Any of our current employees, including our senior management, may terminate their employment with us at any time. Competition for qualified personnel in our industry can be intense. We may not be successful in attracting, developing and retaining sufficient qualified personnel. We may also incur increased expenses and be required to divert the attention of other senior executives to recruit replacements for the loss of any key or other personnel.

From time to time, we experience turnover among members of management, often due to retirement or rotation to other assignments within the MUFG group. We must successfully integrate any new management personnel that we bring into the organization in order to achieve our operating objectives as new management becomes familiar with our business.

The challenging operating environment and current operational initiatives may strain our available resources

There are an increasing number of matters in addition to our core operations which require our attention and resources. These matters include implementation of our technology enhancement and replacement projects, adoption of the U.S. Basel III and other enhanced capital and liquidity guidelines, including the reforms to the Basel III agreement on bank capital standards finalized by the BCBS in December 2017 ("Basel IV") but not yet applied by the U.S. federal banking agencies, various strategic initiatives, an uncertain economic environment, a challenging regulatory environment, including the effects of the Dodd-Frank Act and regulations adopted thereunder, and integration of new employees, including key members of management. Our ability to execute our core operations and to implement other important initiatives may be adversely affected if our resources are insufficient or if we are unable to allocate available resources effectively.

Also, our ability to constrain or reduce operating expense levels may be limited by the costs of increasing regulatory requirements and expectations.

Table of Contents

Significant legal or regulatory proceedings could subject us to substantial uninsured liabilities

We are from time to time subject to claims and proceedings related to our present or previous operations including claims by customers, our current or former employees and our contractual counterparties. These claims, which could include supervisory or enforcement actions by bank regulatory and other authorities, or criminal proceedings by prosecutorial authorities, could involve demands for large monetary amounts, including civil money penalties or fines imposed by government authorities, and significant defense costs. To mitigate the cost of some of these claims, we may maintain insurance coverage in amounts and with deductibles that we believe are appropriate for our operations. However, our insurance coverage does not cover any civil money penalties or fines imposed by government authorities and may not cover all other claims that have been or might be brought against us or continue to be available to us at a reasonable cost. As a result, we may be exposed to substantial uninsured liabilities which could adversely affect our business, prospects, results of operations and financial condition. In the past several years, federal and state regulators have announced regulatory enforcement actions against a number of large BHCs and banks arising from deficiencies in processes, procedures and controls involving anti-money laundering measures and compliance with the economic sanctions that affect transactions with designated foreign countries, nationals and others as provided for in the regulations of the OFAC of the U.S. Treasury Department. These actions evidence an intensification of U.S. federal and state governments' expectations for compliance with these regulatory frameworks on the part of banks operating in the U.S., including MUB, and may result in increased compliance costs and increased risks of regulatory sanctions.

During 2017 and 2018, the Trump Administration appointed new leadership in key positions at the Federal Reserve, OCC, FDIC and CFPB. Whether and to what extent these leadership changes will result in new regulatory initiatives and policies, or modifications of existing regulations and policies which may impact our business in the U.S. cannot be predicted at this time.

The changes in the U.S. tax laws, the majority of which were effective January 1, 2018, will impact our business and results of operations in a variety of ways, some of which are expected to be positive and others which may be negative

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act enacting sweeping changes to the U.S. tax laws effective January 1, 2018. These changes can be expected to impact our business and results of operations in a variety of ways, some of which are expected to be positive and others which may be negative. Among changes which are expected to affect MUAH and its subsidiaries are the following.

- A reduction in the federal corporate tax rate to 21 percent from 35 percent, effective January 1, 2018. In general, we expect that this will result in a net reduction in annual income tax expense; however, our ability to currently utilize tax credits may be constrained by the lower tax rate. For example, we have invested in low-income housing and alternative energy investments that generate tax benefits and credits. The reduction of income tax expense reduces our ability to currently realize the tax credits generated by these investments.
- A new incremental base erosion and anti-abuse tax ("BEAT") which is intended to tax certain outbound deductible payments made to related foreign affiliates. To the extent that the taxpayer's deductible payments to foreign affiliates exceed a specified threshold, the taxpayer will be subject to the BEAT minimum tax calculation. This minimum tax could apply to payments we make to our parent or other affiliates both within and outside of the U.S. We are presently analyzing the possible impact of this new tax on payments we may make to our affiliates.

We are continuing to monitor the full impact of these changes in the tax law on our tax positions which may not be fully known until interpretive guidance is issued by the IRS.

For additional information regarding the possible effects of the new federal tax laws on our business, see "The effects of changes or increases in, or supervisory enforcement of, banking, securities, competition, or other laws and regulations or governmental fiscal, monetary or tax policies could adversely affect us or make strategic planning more difficult" and "Adverse economic factors affecting certain industries we serve could adversely affect our business" above in this Risk Factors section.

Table of Contents

Our effective tax rates and our future results can also be affected by our participation for state income tax purposes as a member of MUFG's unitary group in the U.S. and by other factors

Under a tax election we have made, we are required to file our California franchise tax returns as a member of a unitary group that includes MUFG's U.S. operations, including its U.S. branches and other affiliates. Increases or decreases in the taxable profits of MUFG's U.S. operations could increase or decrease our effective tax rate for California state income tax purposes. We review MUFG's financial information on a quarterly basis to determine the rate at which to recognize our California income taxes. However, all of the information relevant to determining the effective California tax rate may not be available until after the end of the period to which the tax relates, primarily due to MUFG's March 31 fiscal year-end. Our California effective tax rate can change during the calendar year or between calendar years as additional information becomes available. We could be subject to penalties and interest if we understate our tax obligations. Our effective tax rates for both federal and state income tax purposes also could be affected by valuation changes in our deferred tax assets and liabilities, changes in tax laws or their interpretations and by the outcomes of examinations of our income tax returns by tax authorities.

Our credit ratings are important in order to maintain liquidity

Major credit rating agencies regularly evaluate and provide credit ratings of the securities of MUAH and the securities and deposits of MUB and also provide entity ratings for MUAH, MUB and MUSA. Their ratings of our long-term and short-term debt obligations and of our deposits and our entity ratings are based on a number of factors including our financial strength, ability to generate earnings, and other factors, some of which are not entirely within our control, such as conditions affecting the financial services industry and the economy. In light of the continually evolving conditions in the financial services industry, the financial markets and the economy, changes to credit rating methodologies and the ongoing assessment of our current and expected satisfaction of various rating criteria, no assurance can be given that we will maintain our current ratings. If our long-term or short-term credit ratings suffer substantial downgrades, particularly if lowered below investment grade, such downgrades could adversely affect access to liquidity and could significantly increase our cost of funds (especially our wholesale funding), trigger additional collateral or funding requirements and decrease the number of commercial depositors, investors and counterparties willing or permitted to lend to us, thereby curtailing our business operations and reducing our ability to generate income. For additional information, see "Management's Discussion and Analysis of Financial Condition and Results of Operations - Risk Management - Liquidity Risk Management" in Part II, Item 7. of this Form 10-K.

Certain of our derivative instruments contain provisions that require us to maintain a specified credit rating. If our credit rating were to fall below the specified rating, the counterparties to these derivative instruments could terminate the contract and demand immediate payment or demand immediate and ongoing full overnight collateralization for those derivative instruments in net liability positions.

Adverse changes in the credit ratings, operations or prospects of our parent companies, MUFG Bank, Ltd. and MUFG, could also adversely impact our credit ratings. For additional information, refer to the discussion above under the caption "MUFG Bank Ltd.'s and Mitsubishi UFJ Financial Group's credit ratings and financial or regulatory condition could adversely affect our operations."

We rely on third parties for important products and services

Third-party vendors provide key components of our business infrastructure such as internet connections, network access and mutual fund distribution and, although we monitor their performance, we do not control their actions. Among other services provided by these vendors, third-party vendors have played and will continue to play a key role in the implementation of our technology enhancement and replacement projects. The federal banking agencies have issued enhanced guidance and are examining with increasing scrutiny financial institutions' diligence conducted on and oversight of their third-party vendors. Any problems caused by these third parties, including those as a result of their not providing us their services for any reason or their performing their services poorly or failing to meet legal and regulatory requirements, could adversely affect our ability to deliver products and services to our customers, implement our technology enhancement and replacement projects or otherwise conduct our business and also could result in disputes with such vendors over their performance of their services to us, as well as adverse regulatory consequences for us. Replacing these third-party vendors on economically feasible terms may not always be possible or within our control and could also entail significant delay and expense.

Table of Contents

We are subject to a wide array of operational risks, including, but not limited to, cyber-security risks

We are subject to many types of operational risks throughout our organization. Operational risk is the risk to our financial position and resilience arising from inadequate or failed internal processes or systems, human errors or misconduct, or adverse external events, that do not fall into the market risk or credit risk categories described in "Management's Discussion and Analysis of Financial Condition and Results of Operations - Risk Management" in Part II, Item 7. of this Form 10-K. Operational risk includes execution risk related to operational initiatives, such as implementation of our technology enhancement and replacement projects, including a project to enhance our data collection and analysis capabilities for regulatory and financial reporting purposes; increased reliance on internally developed models for risk and finance management and compliance, including models associated with regulatory capital requirements; risks from cyber-security breaches or attacks; the risk of fraud or theft by employees, customers or outsiders; unauthorized transactions by employees or operational errors, including clerical or record-keeping errors or those resulting from faulty or disabled computer or telecommunications systems; and operational risks related to use of third party service providers. A discussion of risks associated with regulatory compliance appears above under the caption "The effects of changes or increases in, or supervisory enforcement of, banking, securities, competition or other laws and regulations or governmental fiscal, monetary, or tax policies could adversely affect us or make strategic planning more difficult."

Our operations rely on the secure processing, storage, transmission and reporting of personal, confidential and other sensitive information or data in our computer systems, networks and business applications. Although we take protective measures, our computer systems may be vulnerable to breaches, unauthorized access, misuse, computer viruses or other malicious code and other events that could have significant negative consequences to us. Such events could result in interruptions or malfunctions in our operations or our customers' operations; interception, misuse or mishandling of personal, confidential or proprietary information and data; or processing of unauthorized transactions or loss of funds. These events could result in litigation and financial losses that are either not insured against or not fully covered by our insurance and regulatory consequences or reputational harm, any of which could harm our competitive position, operating results and financial condition. These types of incidents can remain undetected for extended periods of time, thereby increasing the associated risks. We may also be required to expend significant resources to modify our protective measures or to investigate and remediate vulnerabilities or exposures arising from cyber-security risks. We may also be required to expend significant resources to cover costs imposed on us as a result of breaches of bank card information occurring at retail merchants and other businesses.

We depend on the continued efficacy of our data management and governance policies, technical systems, operational infrastructure, relationships with third parties and our employees in our day-to-day and ongoing operations. Our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect or data which are not reliable. We are also exposed to the risk that, notwithstanding our data management and governance policies, data in our system may become corrupted, inaccurate or out-of-date, any of which can impair the integrity of our decision-making processes. With regard to the physical infrastructure that supports our operations, we have taken measures to implement backup systems and other safeguards, but our ability to conduct business may be adversely affected by any disruption to that infrastructure, including disruptions from natural disasters or other causes. Failures in our internal control or operational systems, security breaches or service interruptions, or those of our third-party service providers could impair our ability to operate our business and result in potential liability to customers, reputational damage and regulatory intervention, any of which could harm our operating results and financial condition. Although we carefully review the risk management standards and processes of our important third party service providers, there can be no assurance that the risk management efforts of our providers will be successful in preventing all cyber incidents.

MUB, and reportedly other financial institutions, have been the target of various denial-of-service or other cyber-attacks (including attempts to inject malicious code and viruses into computer systems) as part of what appears to be a coordinated effort to disrupt the operations of financial institutions and potentially test their cyber-security in advance of future and more advanced cyber-attacks. The potential for denial-of-service and other attacks require substantial resources to defend and may affect customer satisfaction and behavior. To date we have not experienced any material losses relating to cyber-attacks or other information security breaches, but there can be no assurance that we will not suffer such losses or information security breaches in the future.

Table of Contents

While we have a variety of cyber-security measures in place, the consequences to our business of such attacks cannot be predicted with any certainty.

In addition, there have been increasing efforts on the part of third parties to breach data security at financial institutions as well as at other types of companies, such as large retailers, or with respect to financial transactions, including through the use of social engineering schemes such as "phishing." The ability of our customers to bank remotely, including online and through mobile devices, requires secure transmissions of confidential information and increases the risk of data security breaches which would expose us to financial claims by customers or others and which could adversely affect our reputation. Even if cyber-attacks and similar tactics are not directed specifically at MUB or our third-party service providers, such attacks on other large financial institutions could disrupt the overall functioning of the financial system and undermine consumer confidence in banks generally, to the detriment of other financial institutions, including MUB. For additional information regarding our obligations to provide for the security of our customers' data, see "Supervision and Regulation - Other Federal Laws and Regulations Affecting Banks - Customer Information Security" in this Form 10-K.

Under the applicable Federal regulatory guidance, financial institutions should design multiple layers of security controls to establish lines of defense and to ensure that their risk management processes also address the risk posed by compromised customer credentials, including security measures to reliably authenticate the identity of customers accessing internet-based services of the financial institution. In addition, the financial institution's management is expected to maintain sufficient business continuity planning processes to ensure the rapid recovery, resumption and maintenance of the institution's operations after a cyber-attack involving destructive or other malware. A financial institution is also expected to develop appropriate processes to enable recovery of data and business operations and address rebuilding network capabilities and restoring data if the institution or its critical service providers fall victim to this type of cyber-attack. A financial institution which fails to observe this regulatory guidance could be subject to various regulatory sanctions, including financial penalties.

The Federal bank regulators have also issued a cyber-security assessment tool, the output of which can assist a financial institution's senior management and board of directors in assessing the institution's cyber-security risk and preparedness. The first part of the assessment tool generates an inherent risk profile, which assists management in determining an institution's level of cyber-security risk. The second part of the assessment tool evaluates cyber-security maturity, which is designed to help management assess whether their controls provide the desired level of preparedness. The Federal bank regulators utilize the assessment tool as part of their examination process when evaluating financial institutions' cyber-security preparedness in information technology and safety and soundness examinations and inspections. Failure to effectively utilize this tool could result in regulatory criticism. Significant resources may be required to adequately implement the tool and address any assessment concerns regarding preparedness. Management performs an annual cyber-security assessment using this tool to facilitate the identification and remediation of any concerns regarding our cyber-security preparedness.

We may also be subject to disruptions of our operating systems arising from other events that are wholly or partially beyond our control, such as outages related to electrical, internet or telecommunications or other key supporting third party service providers, natural disasters (such as major seismic events), terrorist attacks or unexpected difficulties with the implementation of our technology enhancement and replacement projects, which may give rise to disruption of service to customers and to financial loss or liability in ways which cannot be predicted with any certainty. Our business recovery plan may not work as intended or may not prevent significant interruptions of our operations.

Negative public opinion could damage our reputation and adversely impact our business and revenues

As a financial institution, our business and revenues are subject to risks associated with negative public opinion. The reputation of the financial services industry in general has been damaged as a result of the financial crisis and other matters affecting the financial services industry, including mortgage foreclosure issues. Negative public opinion about us could result from our actual or alleged conduct in any number of activities, including our lending practices, the failure of any product or service we provide to meet our customers' expectations or applicable regulatory requirements, governmental enforcement actions, corporate governance deficiencies, business acquisitions, use of social media, cyber-security breaches or from actions taken by regulators and community organizations in response to those activities. We fund our operations, in substantial part, independently of MUFG Bank, Ltd. and MUFG and believe our business is not necessarily closely related to the

Table of Contents

global business or outlook of MUFG Bank, Ltd. or MUFG. However, negative public opinion could also result from regulatory concerns or supervisory or other governmental actions in the U.S. or Japan with respect to MUB, MUSA, MUFG Bank, Ltd. or MUFG. Negative public opinion can adversely affect our ability to keep, attract and retain lending, deposit and other customers and employees and can expose us to claims and litigation and regulatory actions and increased liquidity risk. Actual or alleged misconduct by one of our businesses can result in negative public opinion about our other businesses.

Our framework for managing risks may not be effective in mitigating risk and loss to the Company

Our risk management framework is made up of various processes and strategies to manage our risk exposure. Types of risk to which we are subject include liquidity risk, credit risk, market and investment risk, interest rate risk, operational risk (including, but not limited to, information and model risk), legal risk, compliance risk, reputation risk, fiduciary risk, counterparty risk and strategic risk (including risks to our financial position and resilience arising from adverse business decisions or poorly implemented decisions or lack of responsiveness to industry changes and the operating environment), among others. Our framework to manage risk, including the framework's underlying assumptions, such as our modeling methodologies, may not be effective under all conditions and circumstances. In the banking industry's complex and rapidly evolving operating environment, certain risks, especially operational risk and strategic risk, can present significant challenges to our risk management framework. If our risk management framework proves ineffective, we could suffer unexpected losses and our business, financial condition, results of operations or prospects could be materially adversely affected and there also could be consequent adverse regulatory implications in any such event.

Our disclosure controls and procedures may not prevent or detect all errors or acts of fraud

All of our issued and outstanding shares of common stock are owned by MUFG and MUFG Bank, Ltd. As such, we are not required to file periodic reports with the SEC pursuant to the Exchange Act; however, we have elected to voluntarily register our common stock under the Exchange Act and, for so long as we maintain that registration in effect, we will be required to continue to file such periodic reports with the SEC in accordance with a reduced disclosure format permitted for certain wholly-owned subsidiaries.

Our disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by us in reports we file or submit under the Exchange Act is accumulated and communicated to management and recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Any disclosure controls and procedures or internal controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by an unauthorized override of the controls. Accordingly, because of the inherent limitations in our control system, misstatements due to error or fraud may occur and not be detected.

We may take actions to maintain client satisfaction that may result in losses or adversely affect our earnings

We may find it necessary to take actions or incur expenses in order to maintain client satisfaction even though we are not legally required to do so. The risk that we will need to take such actions and incur the resulting losses or reductions in earnings is greater in periods when financial markets and the broader economy are performing poorly or are particularly volatile. As a result, such actions may adversely affect our business, financial condition, results of operations or prospects, perhaps materially.

We may be adversely affected by the poor condition of other financial institutions

As a result of trading, clearing or other relationships, we have exposure to many different counterparties and routinely execute transactions with counterparties in the financial services industry, including commercial banks, brokers, dealers and investment banks. Many of these transactions expose us to credit risk in the event of a default by such a counterparty. In addition, our credit risk may be exacerbated when the collateral we hold cannot be readily liquidated or can only be liquidated at prices not sufficient to recover the full amount of the

Table of Contents

credit or derivative exposure owed to us. Any such losses could have a material adverse effect on our business, results of operations, financial condition or prospects.

Our financial results depend on management's selection of accounting methods and certain assumptions and estimates

Our accounting policies and methods are fundamental to how we record and report our financial condition and results of operations. Our management must exercise judgment in selecting and applying many of these accounting policies and methods so they comply with GAAP and reflect management's judgment of the most appropriate manner to report our financial condition and results of operations. In some cases, management must select the accounting policy or method to apply from two or more alternatives, any of which may be reasonable under the circumstances, yet may result in our reporting materially different results than would have been reported under a different alternative.

Certain accounting policies are critical to presenting our financial condition and results. They require management to make difficult, subjective or complex judgments about matters that are uncertain. Materially different amounts could be reported under different conditions or using different assumptions or estimates. These critical accounting policies include allowance for credit losses, valuation of financial instruments, transfer pricing, pension obligations, goodwill impairment analysis and income taxes. Because of the uncertainty of estimates involved in deciding these matters, we may be required to do one or more of the following: significantly increase or decrease the allowance for credit losses; sustain loan losses that are significantly different than the reserve provided; recognize significant impairment on goodwill; or significantly increase or decrease our accrued tax liability. Any one or more of these actions could adversely affect our business, results of operations and financial condition.

The California Consumer Privacy Act of 2018 or other such laws could result in increased operating expenses as well as additional exposure to the risk of litigation by or on behalf of customers

In June of 2018, the Governor of California signed into law The California Consumer Privacy Act of 2018 (the "CCPA"). This new law becomes effective on January 1, 2020 and provides consumers with expansive rights and control over their personal information which is obtained by or shared with "covered businesses" (which includes MUB and most other banking institutions subject to California law). The CCPA will give consumers the right to request disclosure of information collected about them and whether that information has been sold or shared with others, the right to request deletion of personal information subject to certain exceptions, the right to opt out of the sale of the consumer's personal information and the right not to be discriminated against because of choices regarding the consumer's personal information.

The CCPA provides for certain monetary penalties and for its enforcement by the California Attorney General or consumers whose rights under the law are not observed. It also provides for damages as well as injunctive or declaratory relief if there has been unauthorized access, theft or disclosure of personal information due to failure to implement reasonable security procedures. The CCPA contains several exemptions, including a provision to the effect that the CCPA does not apply where the information is collected, processed, sold or disclosed pursuant to the GLBA if the GLBA is in conflict with the CCPA. The impact of the CCPA on the business of MUB is yet to be determined, but it could result in increased operating expenses as well as additional exposure to the risk of litigation by or on behalf of consumers. It is possible that other states where we have customers could enact similar laws. For additional information, see "Supervision and Regulation – Other Federal Laws and Regulations Affecting Banks – Privacy" in Part I, Item 1. "Business" in this Form 10-K.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

MUAH's headquarters is located at 1251 Avenue of the Americas, in New York, New York. The Company leases approximately 362,000 square feet of building space at this location. The Company also owns or leases significant administrative or operational facilities in the San Francisco, Los Angeles, New York and Phoenix areas and owns or leases 352 branches, primarily located in California.

Table of Contents**ITEM 3. LEGAL PROCEEDINGS**

We are subject to various pending and threatened legal actions that arise in the normal course of business. We maintain liabilities for losses from legal actions that are recorded when they are determined to be both probable in their occurrence and can be reasonably estimated. In addition, we believe the disposition of all claims currently pending, including potential losses from claims that may exceed the liabilities recorded, and claims for loss contingencies that are considered reasonably possible to occur, will not have a material effect, either individually or in the aggregate, on our consolidated financial condition, operating results or liquidity.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

PART II**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES**

On November 4, 2008, the Company became a wholly-owned subsidiary of MUFG Bank, Ltd. and the Company's common stock was delisted from the New York Stock Exchange. All of the Company's issued and outstanding shares of common stock are now held by MUFG Bank, Ltd. and MUFG, and there is presently no established public trading market for the Company's common stock.

As described in Item 8.01 of Form 8-K filed December 14, 2018, on December 12, 2018, MUAH repurchased for cash an aggregate of 15,654,589 shares of its outstanding common stock from MUFG and MUFG Bank, Ltd. (765,245 shares from MUFG and 14,889,344 shares from MUFG Bank, Ltd.) at a per share price of \$159.42, for an aggregate purchase price of approximately \$2.5 billion. This share repurchase was partially funded by a \$1.7 billion dividend from MUFG Union Bank, N.A., MUAH's principal banking subsidiary, and paid to MUAH on December 12, 2018.

ITEM 6. SELECTED FINANCIAL DATA

The information called for by this item has been omitted pursuant to General Instruction I(2) of Form 10-K.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Item 7. to this Form 10-K begins on page 43 of this report.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Item 7A. to this Form 10-K begins on page 67 of this report.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Item 8. to this Form 10-K begins on page 76 of this report.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures. As of the end of the period covered by this report, an evaluation was carried out under the supervision and with the participation of the Company's management, including its Chief Executive Officer and its Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based on that evaluation, the Chief

Table of Contents

Executive Officer and the Chief Financial Officer concluded that these disclosure controls and procedures were effective.

Internal Control Over Financial Reporting. Management's Report on Internal Control Over Financial Reporting is presented on page 156. The Report of Independent Registered Public Accounting Firm is presented on page 158. During the quarter ended December 31, 2018, there were no changes in our internal controls over financial reporting that materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

Table of Contents**PART III****ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE**

Certain information called for by this item has been omitted pursuant to General Instruction I(2) of Form 10-K.

Code of Ethics

We have adopted a Code of Ethics applicable to senior financial officers, including our Chief Executive Officer, Chief Financial Officer and Controller & Chief Accounting Officer. A copy of this Code of Ethics is posted on our website. To the extent required by SEC rules, we intend to disclose promptly any amendment to, or waiver from any provision of, the Code of Ethics applicable to senior financial officers on our website. Our website address is www.unionbank.com.

ITEM 11. EXECUTIVE COMPENSATION

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Audit Fees

The following is a description of the fees billed to MUAH by Deloitte & Touche LLP for 2018 and 2017. All fees were pre-approved by our Audit & Finance Committee.

(Dollars in thousands)	2018	2017
Audit Fees ⁽¹⁾	\$ 8,365	\$ 8,162
Audit-Related Fees ⁽²⁾	2,561	2,391
Tax Fees ⁽³⁾	698	1,187
Total	<u>\$ 11,624</u>	<u>\$ 11,740</u>

- (1) Audit fees relate to services rendered in connection with the annual audit of MUAH's consolidated financial statements, quarterly reviews of financial statements included in MUAH's quarterly reports on Form 10-Q, fees for consultation on new accounting and reporting requirements and SEC registration statement services, and the attestation assessment related to the effectiveness of MUAH's financial reporting controls, as required by Section 404 of the Sarbanes-Oxley Act.
- (2) Audit-related fees consist of assurance and other such services that are reasonably related to the performance of the audit or review of MUAH's financial statements and are not included in Audit Fees. Amounts include fees for services provided in connection with service auditors reports and audits of employee benefit plans and SSAE18 reviews. 2018 includes the implementation of new accounting standards (CECL & leasing), as well as work related to SSAE18 scope changes.
- (3) Tax fees include fees for tax compliance, advice and planning services. Fees related to tax compliance and preparation for 2018 and 2017 were \$209,000 and \$346,000, respectively. For 2018 and 2017, fees related to tax advice and planning were \$489,000 and \$341,000, respectively.

The Audit & Finance Committee also considered whether the provision of the services other than audit services is compatible with maintaining Deloitte & Touche LLP's independence. All of the services described above were approved by the Audit & Finance Committee in accordance with the following policy.

Pre-approval of Services by Deloitte & Touche LLP

The Audit & Finance Committee has adopted a policy for pre-approval of audit and permitted non-audit services by Deloitte & Touche LLP. The Audit & Finance Committee will periodically consider and, if appropriate, approve, the provision of audit services by its independent registered public accounting firm and consider and, if appropriate, pre-approve, the provision of certain defined audit and non-audit services. The policy provides that:

- the pre-approval request must be detailed as to the particular services to be provided;
- the pre-approval may not result in a delegation of the Audit & Finance Committee's responsibilities to the management of MUAH; and
- the pre-approved services must be commenced within twelve months of the Audit & Finance Committee's pre-approval decision.

Any proposed engagement may be presented to the Audit & Finance Committee for consideration at its next regular meeting or, if earlier consideration is required, to the Audit & Finance Committee Chair. The Chair reports any specific approval of services at the Audit & Finance Committee's next regular meeting. The Audit & Finance Committee regularly reviews summary reports detailing all services being provided by its independent registered public accounting firm.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a)(1) Financial Statements

Our Consolidated Financial Statements, Management's Report on Internal Control Over Financial Reporting and Reports of Independent Registered Public Accounting Firm are set forth beginning on page 76 of this Form 10-K.

(a)(2) Financial Statement Schedules

All schedules to our Consolidated Financial Statements are omitted because of the absence of the conditions under which they are required or because the required information is included in our Consolidated Financial Statements or accompanying notes.

(a)(3) Exhibits

A list of exhibits to this Form 10-K is set forth on the Exhibit Index immediately preceding such exhibits and is incorporated into this item by reference.

ITEM 16. FORM 10-K SUMMARY

Not applicable.

Management's Discussion and Analysis of Financial Condition and Results of Operations

This report includes forward-looking statements, which include expectations for our operations and business, and our assumptions for those expectations. Do not rely unduly on forward-looking statements. Actual results might differ significantly from our expectations. Please also refer to "Note Regarding Forward-Looking Statements" and Part I, Item 1A. "Risk Factors" in this Form 10-K for a discussion of some factors that may cause results to differ from our expectations.

The following discussion and analysis of our consolidated financial position and results of our operations for the years ended December 31, 2018, 2017 and 2016 should be read together with our Consolidated Financial Statements and the Notes to Consolidated Financial Statements included in this Form 10-K. Averages, as presented in the following tables, are substantially all based upon daily average balances.

As used in this Form 10-K, terms such as "the Company," "we," "us" and "our" refer to MUFG Americas Holdings Corporation (MUAH), one or more of its consolidated subsidiaries, or to all of them together. As permitted by General Instruction I(2) of Form 10-K, we have abbreviated Management's Discussion and Analysis into a management's narrative analysis of the results of operations.

Table of Contents

MUFG Americas Holdings Corporation and Subsidiaries
Consolidated Financial Highlights (Continued)

-
- (1) Pre-tax, pre-provision income is total revenue less noninterest expense. Management believes that this is a useful financial measure because it enables investors and others to assess the Company's ability to generate capital to cover credit losses through a credit cycle.
 - (2) Annualized
 - (3) Return on tangible common equity, a non-GAAP financial measure, is net income excluding intangible asset amortization divided by average tangible common equity. Management believes that this ratio provides useful supplemental information regarding the Company's business results. The methodology for determining tangible common equity may differ among companies. Please refer to Part II, Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations - Non-GAAP Financial Measures" in this Form 10-K for further information.
 - (4) The efficiency ratio is total noninterest expense as a percentage of total revenue (net interest income and noninterest income).
 - (5) The adjusted efficiency ratio, a non-GAAP financial measure, is adjusted noninterest expense (noninterest expense excluding costs associated with services provided to MUFG Bank, Ltd. branches in the U.S.) as a percentage of adjusted total revenue (net interest income and noninterest income excluding fees from affiliates for services provided to MUFG Bank, Ltd.'s branches in the U.S. and the impact of the TCJA). Management believes adjusting the efficiency ratio for the fees and costs associated with services provided to MUFG Bank, Ltd. branches in the U.S. enhances the comparability of MUFG's efficiency ratio when compared with other financial institutions. Management believes adjusting revenue for the impact of the TCJA enhances comparability between periods. Adjusted efficiency ratios for the years ended December 31, 2017 and 2016 are not presented because the Company began identifying all costs associated with services provided to MUFG Bank, Ltd. branches in the U.S. in the third quarter of 2017. Previously, the Company was only able to identify a portion of the costs associated with services provided to MUFG Bank, Ltd. branches in the U.S. Please refer to Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Non-GAAP Financial Measures" in this Form 10-K for further information.
 - (6) Yields, interest income and net interest margin are presented on a taxable-equivalent basis using the federal statutory tax rates of 21% and 35% for 2018 and 2017, respectively.
 - (7) The allowance for loan losses ratios are calculated using the allowance for loan losses as a percentage of end of period total loans held for investment or total nonaccrual loans, as appropriate.
 - (8) The allowance for credit losses ratios include the allowances for loan losses and for losses on unfunded credit commitments as a percentage of end of period total loans held for investment or total nonaccrual loans, as appropriate.
 - (9) These capital ratios are calculated in accordance with the transition guidelines set forth in the U.S. federal banking agencies' final U.S. Basel III regulatory capital rules.
 - (10) The tangible common equity ratio, a non-GAAP financial measure, is calculated as tangible common equity divided by tangible assets. The methodology for determining tangible common equity may differ among companies. The tangible common equity ratio facilitates the understanding of the Company's capital structure and is used to assess and compare the quality and composition of the Company's capital structure to other financial institutions. Please refer to Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital Management" in this Form 10-K for further information.
 - (11) Common Equity Tier 1 risk-based capital (standardized, fully phased-in basis) is a non-GAAP financial measure that is used by investors, analysts and bank regulatory agencies to assess the capital position of financial services companies as if the transition provisions of the U.S. Basel III rules were fully phased in for the periods in which the ratio is disclosed. Management reviews this ratio, which excludes components of accumulated other comprehensive loss, along with other measures of capital as part of its financial analyses and has included this non-GAAP information because of current interest in such information by market participants. Refer to Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Capital Management" in this Form 10-K for further information.
-

Table of Contents

Introduction

We are a financial holding company, bank holding company and intermediate holding company whose principal subsidiaries are MUFG Union Bank, N.A. (MUB or the Bank) and MUSA. We are owned by MUFG Bank, Ltd. and MUFG. MUFG Bank, Ltd. is a wholly-owned subsidiary of MUFG.

We provide a wide range of financial services to consumers, small businesses, middle-market companies and major corporations, both nationally and internationally. The Company also provides various business, banking, financial, administrative and support services, and facilities for MUFG Bank, Ltd. in connection with the operation and administration of MUFG Bank, Ltd.'s business in the U.S. (including MUFG Bank, Ltd.'s U.S. branches). The Bank and MUFG Bank, Ltd. are party to a master services agreement whereby the Bank earns fee income in exchange for services and facilities provided. The Company has four reportable segments: Regional Bank, U.S. Wholesale & Investment Banking, Transaction Banking and MUSA. See Note 22 to our Consolidated Financial Statements included in this Form 10-K for more information about our reportable segments.

On July 1, 2016, MUFG designated MUAH as its U.S. Intermediate Holding Company and transferred substantially all its U.S. subsidiaries to the IHC in accordance with the requirements of the Federal Reserve's final rules for Enhanced Prudential Standards. MUFG's remaining U.S. subsidiaries were transferred to MUAH on July 1, 2017.

Executive Overview

We are providing you with an overview of what we believe are the most significant factors and developments that affected our 2018 results and that could influence our future results. Further detailed information can be found elsewhere in this Form 10-K. In addition, you should carefully read this entire document and any other reports that we refer to in this Form 10-K for more detailed information to assist your understanding of trends, events and uncertainties that impact us.

Our sources of revenue are net interest income and noninterest income (collectively "total revenue"). Net interest income is generated predominantly from interest earned from loans, investment securities, securities borrowed or purchased under resale agreements, trading account assets and other interest-earning assets, less interest incurred on deposits and borrowings, securities loaned or sold under repurchase agreements and other interest-bearing liabilities. The primary sources of noninterest income are revenues from investment banking and syndication fees, service charges on deposit accounts, trust and investment management fees, trading account activities, credit facility fees, and fees from affiliates. Changes in interest rates, credit quality, economic trends and the capital markets are primary factors that affect our revenue sources. In 2018, revenue was comprised of 60% net interest income and 40% noninterest income. A summary of our financial results is discussed below.

Our primary sources of liquidity are core deposits, securities and wholesale funding. Core deposits exclude brokered deposits, foreign time deposits, domestic time deposits greater than \$250,000, and certain other deposits not considered to be core customer relationships. Wholesale funding includes unsecured funds raised from MUFG Bank, Ltd. and affiliates, interbank and other sources, both domestic and international, funding secured by certain assets, or by borrowing from the FHLB. We evaluate and monitor the stability and reliability of our various funding sources to help ensure that we have sufficient liquidity when adverse situations arise.

Performance Highlights

Net income attributable to MUAH was \$1.1 billion in 2018, a decrease of \$4 million from 2017, which was primarily due to a higher provision for credit losses, higher salaries and benefits expense and losses on certain renewable energy investments of \$164 million as a result of the TCJA. These decreases in net income were offset by higher net interest income from an increase in earning assets, higher fees from affiliates, and lower tax expense as a result of the TCJA.

The provision for credit losses was \$106 million in 2018 compared with a reversal of \$103 million in 2017. The current period provision for credit losses was primarily due to the impact of specific reserves for credit losses on impaired loans. The reversal of provision for credit losses in 2017 reflected general improvement in portfolio credit quality and composition.

Table of Contents*Capital Ratios*

The Company's capital ratios continued to exceed all well-capitalized and minimum regulatory thresholds for BHCs, as applicable. The U.S. Basel III Common Equity Tier 1, Tier 1 and Total risk-based capital ratios were 13.96%, 13.96% and 14.60%, respectively, at December 31, 2018. The Tier 1 leverage ratio was 8.77% at December 31, 2018. The Company's risk-based capital ratios decreased during 2018 driven primarily by a \$2.5 billion share repurchase in December 2018, partially offset by net income earned during the year.

- (1) Yields, interest income and net interest margin are presented on a taxable-equivalent basis using the federal statutory tax rates of 21% for 2018 and 35% for 2017 and 2016.
- (2) Annualized
- (3) Average balances of loans held for investment include nonaccrual loans. The amortized portion of net loan origination fees (costs) is included in interest income on loans, representing an adjustment to the yield.
- (4) Other assets include noninterest bearing trading account assets.
- (5) Other liabilities include noninterest bearing trading account liabilities.

Table of Contents

Net interest income increased during 2018 compared with 2017 due to an increase in earning assets, partially offset by a decline in the net interest margin. Earning assets increased substantially due to increases in residential mortgages and trading assets, partially offset by a decrease in commercial loan balances. The net interest margin decreased seven basis points due primarily to an increase in funding costs resulting from an increase in borrowed funds and a flatter yield curve, partially offset by the favorable effect of noninterest bearing deposits in a rising rate environment.

Analysis of Changes in Net Interest Income

The following table shows the changes in the components of net interest income on a taxable-equivalent basis for 2018, 2017 and 2016. The changes in net interest income between periods have been reflected as attributable to either volume or rate changes. For purposes of this table, changes that are not solely due to volume or rate are allocated to these categories in proportion to the absolute dollar amounts of the changes in average volume and average rate. Net loan fees of \$4 million, \$7 million and \$29 million for the years ended 2018, 2017 and 2016, respectively, are included in this table.

(Dollars in millions)	For the Years Ended December 31,

Other, net	115	240	259	(125)	(52)	(19)	(7)
Total noninterest income	<u>\$ 2,177</u>	<u>\$ 2,010</u>	<u>\$ 2,225</u>	<u>\$ 167</u>	<u>8 %</u>	<u>\$ (215)</u>	<u>(10)%</u>

Noninterest income increased during 2018 compared with 2017 largely due to an increase in fees from affiliates as well as fund administration fees from entities transferred to the Company on July 1, 2017 (included in other, net). These increases were offset by the Company's share of losses on certain renewable energy investments of \$164 million recorded in the first quarter of 2018 as a result of the TCJA (included in other, net). The increase in fees from affiliates during 2018 was due to higher fees earned under the master services agreement with MUFG Bank, Ltd. and a change in presentation of certain expenses beginning January 1, 2018, as a result of adopting ASU 2016-08, Principal versus Agent Considerations. During 2018, expenses of \$189 million were presented as noninterest expense, rather than a reduction of fees from affiliates as they were presented through December 31, 2017.

Table of Contents*Noninterest Expense*

(Dollars in millions)				Increase (Decrease)			
				Years Ended December 31,			
	Years Ended December 31,			2018 versus 2017		2017 versus 2016	
	2018	2017	2016	Amount	Percent	Amount	Percent
Salaries and employee benefits	\$ 2,616	\$ 2,495	\$ 2,439	\$ 121	5 %	\$ 56	2 %
Net occupancy and equipment	367	357	325	10	3	32	10
Professional and outside services	487	439	369	48	11	70	19
Software	287	192	154	95	49	38	25
Regulatory assessments	85	52	72	3	4	10	14
Intangible asset amortization	26	30	28	(4)	(13)	2	7
Other	409	389	395	20	5	(6)	(2)
Total noninterest expense	<u>\$ 4,277</u>	<u>\$ 3,984</u>	<u>\$ 3,782</u>	<u>\$ 293</u>	<u>7 %</u>	<u>\$ 202</u>	<u>5 %</u>

The increase in noninterest expense during 2018 compared with 2017 was largely driven by higher salaries and employee benefits expense, professional and outside services expense and software expense. The increase in salaries and employee benefits expense included the impact of higher headcount from entities transferred to the Company on July 1, 2017, increased services provided to MUFG Bank, Ltd. under the master services agreement, and technology-oriented initiatives to transform certain systems and processes. The increases in professional and outside services and software expenses were largely due to the change in presentation of certain expenses beginning January 1, 2018, as a result of adopting ASU 2016-08, Principal versus Agent Considerations, as discussed in Noninterest Income above. Excluding this change in presentation, professional and outside services expense decreased due to a decrease in compliance initiatives, partially offset by higher expenses related to the transformation initiatives, and software expense increased as a result of increased investment in software to support various business activities.

Table of Contents*Income Tax Expense*

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Income before income taxes and including noncontrolling interests	\$ 1,101	\$ 1,333	\$ 1,341
Income tax expense	52	299	419
Effective tax rate	5%	22%	31%

Income tax expense and the effective tax rate include both federal and state income taxes. In 2018, income tax expense was \$52 million with an effective tax rate of 5%, compared with \$299 million and an effective tax rate of 22% in 2017. Income tax expense and the effective tax rate were lower in 2018 compared to 2017 primarily due to the TCJA. Income tax expense in 2018 also included an adjustment to certain prior period state income taxes during the first quarter of 2018 and income tax expense in 2017 included a one-time tax benefit as a result of the enactment of the TCJA. Excluding those adjustments, the effective tax rates for 2018 and 2017 would have been 10% and 30%, respectively.

For additional information regarding income tax expense, including a reconciliation between the effective tax rate and the statutory tax rate and changes in unrecognized tax benefits, see Note 17 to our Consolidated Financial Statements included in this Form 10-K.

Balance Sheet Analysis**Securities**

Our securities portfolio is primarily used for liquidity and interest rate risk management purposes, to invest cash resulting from excess liquidity, and to a lesser extent, to support our business development objectives. We strive to maximize total return while managing this objective within appropriate risk parameters. Securities available for sale are substantially comprised of U.S. Treasury securities, U.S. government-sponsored agency securities, RMBSs, CMBs, Cash Flow CLOs, and direct bank purchase bonds. Direct bank purchase bonds are instruments that are issued in bond form, accounted for as securities, but underwritten as loans with features that are typically found in commercial loans, and are subject to national bank regulatory lending authority standards. These instruments typically are not issued in bearer form, nor are they registered with the SEC or the Depository Trust Company. Additionally, these instruments generally contain certain transferability restrictions and are not assigned external credit ratings. Securities held to maturity consist of U.S. Treasury securities, U.S. government-sponsored agency securities and U.S. government-sponsored agency RMBSs and CMBs.

The amortized cost, gross unrealized gains, gross unrealized losses and fair values of securities, and securities pledged as collateral, are detailed in Note 2 to our Consolidated Financial Statements in this Form 10-K.

Table of Contents

The following tables show the remaining contractual maturities and expected yields of the securities based upon amortized cost at December 31, 2018. Actual maturities may differ from contractual maturities because borrowers may have the right to prepay obligations with or without prepayment penalties.

Table of Contents**Loans Held for Investment**

The following table shows loans held for investment outstanding by loan type at the end of each period presented.

(Dollars in millions)	December 31,				
	2018	2017	2016	2015	2014
Loans held for investment:					
Commercial and industrial	\$ 24,919	\$ 23,281	\$ 25,379	\$ 30,257	\$ 28,114
Commercial mortgage	15,354	14,320	14,625	14,030	14,235
Construction	1,613	1,775	2,283	2,297	1,808
Lease financing	1,249	1,533	1,819	1,911	2,027
Total commercial portfolio	43,135	40,909	44,106	48,495	46,184
Residential mortgage	38,439	35,643	29,922	27,459	29,128
Home equity and other consumer loans	4,933	3,462	3,523	3,303	3,190
Total consumer portfolio	43,372	39,105	33,445	30,762	32,318
Total loans held for investment	\$ 86,507	\$ 80,014	\$ 77,551	\$ 79,257	\$ 78,502

Loans held for investment increased from December 31, 2017 to December 31, 2018 due to growth in the residential mortgage portfolio.

Loan Maturities

The following table presents our commercial and industrial loans and construction loans held for investment by contractual maturity.

(Dollars in millions)	December 31, 2018			
	One Year or Less	Over One Year Through Five Years	Over Five Years	Total
Selected loan maturities:				
Commercial and industrial	\$ 4,747	\$ 17,089	\$ 3,083	\$ 24,919
Construction	887	719	7	1,613
Total	\$ 5,634	\$ 17,808	\$ 3,090	\$ 26,532
Total fixed rate loans due after one year				\$ 699
Total variable rate loans due after one year				20,199
Total due after one year				\$ 20,898

Cross-Border Outstandings

Our cross-border outstandings reflect certain economic and political risks that differ from or are greater than those reflected in domestic outstandings. These risks include, but are not limited to, exchange rate fluctuations and restrictions on the transfer of funds. Our total cross-border outstandings for Japan exceeded one percent of total assets at December 31, 2018, December 31, 2017 and December 31, 2016 and were \$3.0 billion, \$4.4 billion and \$3.1 billion, respectively. Our total cross-border outstandings for Cayman Islands exceeded one percent of total assets at December 31, 2018 and were \$2.4 billion. These cross-border outstandings are based on category and legal residence of ultimate risk and are largely comprised of securities financing arrangements and commercial loans.

Table of Contents**Deposits**

The table below presents our deposits as of December 31, 2018 and 2017

(Dollars in millions)	December 31, 2018	December 31, 2017	Increase (Decrease)	
			Amount	Percent
Interest checking	\$ 3,598	\$ 5,209	\$ (1,611)	(31)%
Money market	34,373	33,245	1,128	3
Total interest bearing transaction and money market accounts	37,971	38,454	(483)	(1)
Savings	9,515	8,426	1,089	13
Time	11,739	5,305	6,434	121
Total interest bearing deposits	59,225	52,185	7,040	13
Noninterest bearing deposits	31,754	32,602	(848)	(3)
Total deposits	\$ 90,979	\$ 84,787	\$ 6,192	7 %

Total deposits increased \$6.2 billion from December 31, 2017 substantially due to an increase in time deposits. The increase in time deposits was primarily related to Consumer Banking and PurePoint Financial, the direct banking division of the Bank.

The following table presents domestic time deposits of \$100,000 and over by maturity.

(Dollars in millions)	December 31, 2018
Three months or less	\$ 1,768
Over three months through six months	678
Over six months through twelve months	1,658
Over twelve months	3,091
Total domestic time deposits of \$100,000 and over	\$ 7,195

* We offer CDs and other time deposits of \$100,000 and over at market rates of interest. A large portion of these deposits are held by customers, both public and private.

Securities Financing Arrangements

The Company enters into securities purchased under agreements to resell, securities sold under agreements to repurchase, and securities borrowing and lending transactions to facilitate customer match-book activity, cover short positions and to fund the Company's trading inventory. These balances are almost entirely attributable to MUSA. See Note 8 to our Consolidated Financial Statements in this Form 10-K for more information.

Securities borrowed or purchased under resale agreements were \$22.4 billion and \$20.9 billion at December 31, 2018 and December 31, 2017, respectively. The following table provides certain information about securities loaned or sold under repurchase agreements.

(Dollars in millions)	December 31, 2018	December 31, 2017
Balance at period end	\$ 27,285	\$ 26,437
Weighted average interest rate at period end	2.79%	1.59%
Maximum outstanding at any month end	\$ 27,884	\$ 28,474
Average balance during the year	\$ 26,906	\$ 26,291
Weighted average interest rate during the year	2.73%	1.34%

Table of Contents**Capital Management***Capital Adequacy and Capital Management*

A strong capital position is essential to the Company's business strategy. The Company has established a Capital Management Policy, which sets forth, among other things, the principles and guidelines used for capital planning, issuance, usage and distributions, including internal capital goals; the quantitative and qualitative guidelines for dividends and stock repurchases; and the strategies for addressing potential capital shortfalls. The Capital Management Policy sets forth the enterprise-wide capital objectives, which include requirements to maintain capital adequate for the Company's material risks, to maintain access to funding to meet obligations to creditors and counterparties, to provide for effective support of organic growth, and to consider the quality and efficiency of various capital forms while maintaining a strong capital position. Capital is generated principally from the retention of earnings and from capital contributions received from MUFG Bank, Ltd. and MUFG.

Regulatory Capital

Both MUAH and MUB are subject to various capital adequacy regulations issued by the U.S. federal banking agencies, including requirements to file an annual capital plan and to maintain minimum regulatory capital ratios. As of December 31, 2018, management believes the capital ratios of MUAH and MUB met all regulatory requirements of "well-capitalized" institutions.

The Company timely filed its annual capital plan under the Federal Reserve's CCAR program in April 2018. CCAR evaluates capital planning processes and assesses capital adequacy levels under various scenarios to determine if BHCs would have sufficient capital to continue operations throughout times of economic and financial market stress. The Company's 2018 CCAR submission encompassed a range of expected and stressed economic and financial market scenarios, and included an assessment of expected sources and uses of capital over a prescribed planning horizon, a description of all capital actions within that time frame, and a discussion of any proposed business plan changes that are likely to have a material impact on capital adequacy. In June 2018, the Company received notice that the Federal Reserve did not object to the Company's capital plan. In accordance with regulatory requirements, the Company subsequently disclosed the results of its annual company-run Dodd-Frank Act stress test. In October 2018, the Company submitted its mid-cycle Dodd-Frank Act Stress Test results to the Federal Reserve and subsequently disclosed the results of those stress tests. MUAH remains subject to regulatory requirements to develop and maintain a capital plan which must be reviewed and approved by its Board of Directors (or designated subcommittee thereof); however, MUAH was granted regulatory administrative relief in 2019 and is not required to submit its capital plan to the Federal Reserve or participate in the 2019 Comprehensive Capital Analysis and Review (CCAR 2019) process.

MUAH and MUB are required to maintain minimum capital ratios under the standardized approach in accordance with the BCBS capital guidelines for U.S. banking organizations issued by the U.S. federal banking agencies (U.S. Basel III Rules). Among other requirements, the U.S. Basel III Rules require a minimum Common Equity Tier 1 capital ratio of 4.5% and a capital conservation buffer of 2.5% (for a total minimum Common Equity Tier 1 capital ratio of 7.0%); and a Tier 1 leverage ratio of 4%.

As required under U.S. Basel III Rules, the 2.5% capital conservation buffer is being implemented on a phased-in basis in equal increments of 0.625% per year over a four-year period that commenced on January 1, 2016. MUAH and MUB would satisfy the minimum capital requirements including the capital conservation buffer on a fully phased-in basis if those requirements were effective as of December 31, 2018.

Table of Contents

The following tables summarize the calculation of MUAH's risk-based capital ratios in accordance with the U.S. Basel III rules as of December 31, 2018 and December 31, 2017.

MUFG Americas Holdings Corporation

(Dollars in millions)	U.S. Basel III	
	December 31, 2018	December 31, 2017

	Amount	Ratio	Amount	Ratio	Amount	Ratio
Capital Ratios						
Common Equity Tier 1 capital (to risk-weighted assets)	\$ 14,256	13.96%	\$ 15,708	16.31%	≥ \$ 6,508	6.375%
Tier 1 capital (to risk-weighted assets)	14,256	13.96	15,708	16.31	≥ 8,039	7.875
Total capital (to risk-weighted assets)	14,904	14.60	17,106	17.76	≥ 10,081	9.875
Tier 1 leverage ⁽²⁾	14,256	8.77	15,708	10.06	≥ 6,502	4.000

(1) Beginning January 1, 2018, the minimum capital requirement includes a capital conservation buffer of 1.875%

(2) Tier 1 capital divided by quarterly average assets (excluding certain disallowed assets, primarily goodwill and other intangibles)

During the fourth quarter of 2018, the Company repaid \$300 million of subordinated debt due to MUFG Bank, Ltd. contributing to the decline in Tier 2 capital. The decrease in the Company's risk-based capital and leverage ratios was driven primarily by a \$2.5 billion share repurchase from its parent companies in December 2018, partially offset by net income earned during the year.

Table of Contents

The following tables summarize the calculation of MUB's risk-based capital ratios in accordance with the transition guidelines set forth in the U.S. Basel III rules as of December 31, 2018 and December 31, 2017.

MUFG Union Bank, N.A.

(Dollars in millions)	U.S. Basel III	
	December 31, 2018	December 31, 2017
Capital Components		
Common Equity Tier 1 capital	\$ 13,316	\$ 14,028
Tier 1 capital	\$ 13,316	\$ 14,028
Tier 2 capital	589	1,307
Total risk-based capital	\$ 13,905	\$ 15,335
Risk-weighted assets	\$ 92,170	\$ 86,730
Average total assets for leverage capital purposes	\$ 125,461	\$ 119,052

	U.S. Basel III				Minimum Capital Requirement with Capital Conservation Buffer ⁽¹⁾		To Be Well-Capitalized Under Prompt Corrective Action Provisions	
(Dollars In millions)	December 31, 2018		December 31, 2017		December 31, 2018			
Capital Ratios	Amount	Ratio	Amount	Ratio	Amount	Ratio	Amount	Ratio
Common Equity Tier 1 capital (to risk-weighted assets)	\$ 13,316	14.45%	\$ 14,028	16.17%	≥ \$ 5,876	6.375%	≥ \$ 5,991	6.5%
Tier 1 capital (to risk-weighted assets)	13,316	14.45	14,028	16.17	≥ 7,258	7.875	≥ 7,374	8.0
Total capital (to risk-weighted assets)	13,905	15.09	15,335	17.68	≥ 9,102	9.875	≥ 9,217	10.0
Tier 1 leverage ⁽²⁾	13,316	10.61	14,028	11.78	≥ 5,018	4.000	≥ 6,273	5.0

(1) Beginning January 1, 2018, the minimum capital requirement includes a capital conservation buffer of 1.875%

(2) Tier 1 capital divided by quarterly average assets (excluding certain disallowed assets, primarily goodwill and other intangibles)

During the second quarter of 2018, MUB repaid \$750 million of subordinated debt due to MUFG Bank, Ltd. resulting in the decline in Tier 2 capital. In December 2018, MUB paid a \$1.7 billion dividend to MUAH resulting in a decrease in MUB's risk-based capital and leverage ratios.

In addition to capital ratios determined in accordance with regulatory requirements, we consider the tangible common equity ratio when evaluating capital utilization and adequacy. This capital ratio is monitored by management, and presented below, to further facilitate the understanding of our capital structure and for use in assessing and comparing the quality and composition of the Company's capital structure to other financial institutions. This ratio is not codified within GAAP or federal banking regulations in effect at December 31, 2018. Therefore, it is considered a non-GAAP financial measure. Our tangible common equity ratio calculation method may differ from those used by other financial services companies.

Table of Contents

The following table summarizes the calculation of the Company's tangible common equity ratio as of December 31, 2018 and 2017:

(Dollars in millions)	December 31, 2018	December 31, 2017
Total MUAH stockholders' equity	\$ 16,508	\$ 18,255
Goodwill	(3,301)	(3,301)
Intangible assets, except mortgage servicing rights	(285)	(313)
Deferred tax liabilities related to goodwill and intangible assets	57	55
Tangible common equity (a)	\$ 12,979	\$ 14,696
Total assets	\$ 168,100	\$ 154,550
Goodwill	(3,301)	(3,301)
Intangible assets, except mortgage servicing rights	(285)	(313)
Deferred tax liabilities related to goodwill and intangible assets	57	55
Tangible assets (b)	\$ 164,571	\$ 150,991
Tangible common equity ratio (a)/(b)	7.89%	9.73%

The Company's fully phased-in Common Equity Tier 1 capital ratio calculated under the U.S. Basel III standardized approach at December 31, 2018 and December 31, 2017 was estimated to be 13.96% and 16.27%, respectively. Management believes that the Company would satisfy all capital adequacy requirements under the U.S. Basel III rules on a fully phased-in basis if those requirements had been effective at both December 31, 2018 and December 31, 2017.

The following table summarizes the calculation of the Company's fully phased-in Common Equity Tier 1 capital to total risk-weighted assets ratio under the U.S. Basel III standardized approach as of December 31, 2018 and 2017:

Common Equity Tier 1 capital under U.S. Basel III (standardized approach; fully phased-in)

(Dollars in millions)	December 31, 2018 (Estimated)	December 31, 2017 (Estimated)
Common Equity Tier 1 capital under U.S. Basel III (transitional)	\$ 14,256	\$ 15,708
Other	—	(51)
Common Equity Tier 1 capital estimated under U.S. Basel III (standardized approach; fully phased-in) (a)	\$ 14,256	\$ 15,657
Risk-weighted assets, estimated under U.S. Basel III (standardized; transitional)	\$ 102,088	\$ 96,330
Adjustments	—	(107)
Total risk-weighted assets, estimated under U.S. Basel III (standardized approach; fully phased-in) (b)	\$ 102,088	\$ 96,223
Common Equity Tier 1 capital to total risk-weighted assets estimated under U.S. Basel III (standardized approach; fully phased-in) ⁽¹⁾ (a)/(b)	13.96%	16.27%

(1) Common Equity Tier 1 risk-based capital (standardized, fully phased-in basis) is a non-GAAP financial measure that is used by investors, analysts and bank regulatory agencies to assess the capital position of financial services companies as if the transition provisions of the U.S. Basel III rules were fully phased-in for the period in which the ratio is disclosed. Management reviews this ratio, which excludes components of accumulated other comprehensive loss, along with other measures of capital as part of its financial analyses and has included this non-GAAP information, and the corresponding reconciliation from Common Equity Tier 1 capital (calculated according to the transition provisions under U.S. Basel III rules) because of current interest in such information by market participants.

For additional information regarding our regulatory capital requirements, see "Supervision and Regulation-Regulatory Capital and Liquidity Standards" in Part I, Item 1. of this Form 10-K.

Table of Contents

Risk Management

All financial institutions must manage and control a variety of business risks that can significantly affect their financial condition and performance. Some of the key risks that the Company must manage include credit, market, liquidity, operational, interest rate, compliance, reputation and strategic risks. The Board, directly or through its appropriate committees, provides oversight and approves our various risk management policies. Management has established a risk management structure that is designed to provide a comprehensive approach for identifying, measuring, monitoring, controlling and reporting on the significant risks faced by the Company. A summary of the Company's risk management structure and framework is set forth below.

Risk Management Structure

Board Committees

Risk Committee

The Risk Committee of the Board of Directors is broadly responsible for oversight of (1) risk management, (2) compliance with legal and regulatory requirements, and (3) the credit, operational and other material risks to which the Company may be exposed. The Risk Committee is responsible for risk management oversight in the key areas outlined below, and has the authority to direct corrective and remedial actions.

The Risk Committee generally oversees the Company's risk management and the enterprise level risk appetite frameworks and establishes guidelines for reporting and escalating risk issues.

The Risk Committee provides oversight of management's control over the following risk categories: credit, market, interest rate, liquidity, operational (including modeling and information), compliance, reputation and strategic risks. The Risk Committee also reviews and assesses risks from the viewpoint of protecting the overall safety and soundness of the Company.

Human Capital Committee

The Human Capital Committee oversees the Company's compensation and risk review processes in line with competitive market practice and regulatory guidance associated with responsible risk management practices. The Human Capital Committee reviews the CRO's risk assessment of the Company's annual incentive compensation plan to assure that it is consistent with the Company's stated risk appetite and regulatory guidance.

Audit & Finance Committee

The Audit & Finance Committee of the Board of Directors is responsible for oversight of liquidity and interest rate risk. The Audit & Finance Committee also oversees IAA and ACR, both of which provide the Audit & Finance Committee with independent assessments of risk.

Management Committees

The ECA provides direction on major corporate policies including strategic, financial, risk management, infrastructure, regulatory and governance policies. The ECA has established and delegated authority to the ARC whose responsibilities include reviewing risk management policies and overseeing the risk management framework and all risks on an integrated basis. The ARC oversees areas of risk with and through its sub-committees, including: Credit Risk Committee; Market Risk Management Committee; Liquidity Risk and Interest Rate Risk Committee; Compliance Risk Committee; Information Risk Committee; Reputation Risk Committee; Operational Risk Management Committee; and Third Party Risk Management Committee.

Table of Contents**Americas Risk Management Group**

Appointed by the Board of Directors, the Company's CRO is responsible for managing the ARM function which consists of individuals with specialized knowledge to identify, measure, monitor, control and report on the significant risks faced by MUAH and its subsidiaries.

ARM is responsible for maintaining all risk-related policies and procedures, identifying Company-level risks, monitoring emerging risks, and aggregating reporting for review by management, management committees and the Board Risk Committee. ARM is expected to support management's execution of the strategic objectives and overarching goal of maintaining the safety and soundness of the Company and its compliance with U.S. laws, regulations and supervisory guidance.

The following paragraphs discuss the Company's risk management framework relating to credit, market, interest rate, liquidity, and operational risks.

Credit Risk Management

One of our principal business activities is the extension of credit to individuals and businesses. Our policies and the applicable laws and regulations governing the extension of credit require risk analysis, including an extensive evaluation of the purpose of the request and the borrower's ability and willingness to repay as scheduled. Our process also includes ongoing portfolio and credit management through portfolio diversification, lending limit constraints, credit review and approval policies, and extensive internal monitoring.

Credit risk is defined as the risk to earnings or capital arising from an obligor's failure to meet the financial terms of any contract with the Company in accordance with agreed upon terms. We manage and control credit risk through diversification of the portfolio, including by type of loan, industry concentration, dollar limits on multiple loans to the same borrower, geographic distribution and type of borrower.

In analyzing our loan portfolios, we apply specific monitoring policies and procedures that are tailored according to the risk profile and other characteristics of the loans within the portfolios. Our residential, consumer and certain small commercial loans are homogeneous in nature and are, in general, individually insignificant in terms of size or potential risk of loss. Accordingly, we review these portfolios by analyzing their performance as a pool of loans. In contrast, our monitoring process for larger commercial and industrial, construction, commercial mortgage, lease, and foreign loan portfolios includes a periodic review of individual loans. Loans that are performing, but have shown some signs of weakness, are subjected to more stringent reporting and oversight.

We have a Credit Risk Committee, chaired by the head of the Credit Strategies Group and composed of the Chief Credit Officers responsible for our loan portfolio segments and other executive and senior officers, that establishes our overall risk appetite, portfolio concentration limits, and credit risk rating methodology. This committee is supported by the Credit Policy Sub-Committee, composed of Group Senior Credit Officers that have responsibility for establishing credit policy, credit underwriting criteria, and other risk management controls. Credit Administration, under the direction of the Chief Credit Officers and their designated Group Senior Credit Officers, are responsible for administering the credit approval process and related policies. Policies require an evaluation of credit requests and ongoing reviews of existing credits in order to verify that we know with whom we are doing business, that the purpose of the credit is acceptable, and that the borrower is able and willing to repay as agreed. Furthermore, policies require prompt identification and quantification of asset quality deterioration or potential loss.

ACR, which reports to the Audit & Finance Committee of the Board of Directors, provides both the Board and executive management with an independent assessment of the effectiveness of the credit management process. ACR routinely reviews the accuracy and timeliness of risk ratings assigned to individual borrowers with the goal of ensuring that the business unit credit risk identification process is functioning properly. This group also assesses compliance with credit policies and underwriting standards at the business unit level. Additionally, ACR reviews changes to credit policies, practices and underwriting guidelines. ACR summarizes its significant findings on a regular basis and provides recommendations for corrective action when credit management or control deficiencies are identified.

Table of Contents**Allowance for Credit Losses***Allowance Policy and Methodology*

We maintain an allowance for credit losses (defined as both the allowance for loan losses and the allowance for losses on unfunded credit commitments) to absorb losses inherent in the loan portfolio as well as for unfunded credit commitments. The allowance for credit losses is based on our quarterly assessments of the probable estimated losses inherent in the loan portfolio and unfunded credit commitments. Our methodology for measuring the appropriate level of the allowance relies on several key elements, which include the allowance for loans collectively evaluated for impairment, the allowance for loans individually evaluated for impairment, the unallocated allowance and the allowance for losses on unfunded credit commitments. We develop and document our allowance methodology at the portfolio segment level. Our loan portfolio consists of a commercial portfolio segment and a consumer portfolio segment. Understanding our policies on the allowance for credit losses is fundamental to understanding our consolidated financial condition and consolidated results of operations.

For the commercial portfolio segment, the allowance for loans collectively evaluated for impairment is calculated by utilizing a dual factor internal risk rating system that encompasses both the probability that a credit facility may ultimately default (i.e. probability of default) and an estimate of the severity of the loss that would be realized upon such default (i.e. the loss-given default) and applying these risk ratings to outstanding loans and most unused commitments. The probability of default and loss-given default may be adjusted for qualitative or environmental factors that, in management's judgment, are likely to cause estimated credit losses associated with the existing portfolio to differ from the historical probability of default and loss-given default. While our assessments of these factors are reviewed quarterly with our senior credit officers and executive management, the actual impact from any of these conditions may differ significantly from the estimates used.

For the consumer portfolio segment, loans are generally pooled by product type with similar risk characteristics. We estimate the allowance for loans collectively evaluated for impairment based on forecasted losses, which represent our best estimate of inherent loss.

In addition to the methodologies described above, the allowance for loans collectively evaluated for impairment also includes attributions for certain sectors within the commercial and consumer portfolio segments to account for probable losses that are currently not reflected in the risk ratings or forecasted losses. Segment attributions are calculated based on migration scenarios for the commercial portfolio and specific attributes applicable to the consumer portfolio. Segment considerations are revised periodically as portfolio and credit environment conditions change.

A specific allowance is established for loans that we individually evaluate and determine to be impaired. We individually evaluate for impairment larger nonaccruing commercial and industrial, construction, and commercial mortgage loans. Residential mortgage and consumer loans are not individually evaluated for impairment unless they represent TDRs. The amount of the reserve is based on the present value of expected future cash flows discounted at the loan's effective interest rate, the loan's observable market price, or the fair value of the collateral if the loan is collateral dependent. A loan is collateral dependent if repayment of the loan is expected to be provided solely by the underlying collateral and there are no other reliable sources of repayment.

The unallocated allowance is composed of attributions that are intended to capture probable losses from adverse changes in credit migration and other inherent losses that are not currently reflected in the allowance for loan losses that are ascribed to our portfolio segments. These attributions may be ascribed to portfolio segments in future periods when the loss attributions become more evident.

For additional information on the allowance for credit losses, see the "Critical Accounting Estimates—Allowance for Credit Losses" section within "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II, Item 7. and Note 1 to our Consolidated Financial Statements included in this Form 10-K.

Table of Contents*Allowance and Related Provision for Credit Losses*

The allowance for loan losses was \$474 million at December 31, 2018 compared with \$476 million at December 31, 2017. Our ratio of allowance for loan losses to total loans held for investment was 0.55% as of December 31, 2018 and 0.59% as of December 31, 2017. The provision for loan losses during the year ended December 31, 2018 was \$84 million primarily due to the impact of specific reserves for certain impaired loans. The unallocated allowance for loan losses totaled \$5 million at December 31, 2018, compared with \$30 million at December 31, 2017. This decrease resulted from refinements to the methodology used to measure credit risk ascribed to the commercial loan portfolio segment, which previously had been estimated within the unallocated allowance for loan losses. Net loans charged off to average total loans held for investment decreased to 0.1% for the year ended December 31, 2018 compared with 0.13% for the year ended December 31, 2017.

Nonaccrual loans were \$421 million at December 31, 2018 compared with \$465 million at December 31, 2017. The decrease in nonaccrual loans outstanding during 2018 was primarily driven by paydowns, payoffs, charge-offs and loans returned to accrual, largely offset by new nonaccrual loans. Our ratio of nonaccrual loans to total loans held for investment decreased to 0.49% at December 31, 2018 from 0.58% at December 31, 2017. Our ratio of allowance for loan losses to nonaccrual loans increased to 112.5% at December 31, 2018 from 102.37% at December 31, 2017. Criticized credits in the commercial segment were \$1.3 billion at December 31, 2018 and \$1.6 billion at December 31, 2017. Criticized credits are those that have regulatory risk ratings of special mention, substandard or doubtful; classified credits are those that have regulatory risk ratings of substandard or doubtful. Special mention credits are potentially weak, as the borrower has begun to exhibit deteriorating trends, which, if not corrected, may jeopardize repayment of the loan and result in further downgrade. Substandard credits have well-defined weaknesses, which, if not corrected, could jeopardize the full satisfaction of the debt. A credit classified as doubtful has critical weaknesses that make full collection improbable on the basis of currently existing facts and conditions.

The following table reflects the related allowance for loan losses allocated to a loan category at year-end for the indicated years and the percentage of the allocation to the year-end loan balance of that loan category, as set forth in the "Loans Held for Investment" table.

(Dollars in millions)	December 31,									
	2018		2017		2016		2015		2014

Allowance for losses on unfunded credit commitments	139	123	162	165	152
Total allowance for credit losses	\$ 613	\$ 599	\$ 801	\$ 888	\$ 692

Table of Contents**Nonperforming Assets**

Nonperforming assets consist of nonaccrual loans and OREO. Nonaccrual loans are those for which management has discontinued accrual of interest because there exists significant uncertainty as to the full and timely collection of either principal or interest, or such loans have become contractually past due 90 days with respect to principal or interest. OREO includes property where the Bank acquired title through foreclosure or "deed in lieu" of foreclosure. For a more detailed discussion of the accounting for nonaccrual loans, see Note 1. to our Consolidated Financial Statements included in this Form 10-K.

The following table sets forth the components of nonperforming assets and TDRs:

(Dollars in millions)	December 31,				
	2018	2017	2016	2015	2014
Nonaccrual loans:					
Commercial and industrial	\$ 269	\$ 319	\$ 458	\$ 284	\$ 56
Commercial mortgage	12	20	31	37	40
Total commercial portfolio	281	339	489	321	96
Residential mortgage	121	104	171	190	231
Home equity and other consumer loans	19	22	29	41	48
Total consumer portfolio	140	126	200	231	279
Total nonaccrual loans	421	465	689	552	375
OREO	1	1	3	21	36
Total nonperforming assets	\$ 422	\$ 466	\$ 692	\$ 573	\$ 411
Troubled debt restructurings:					
Accruing	\$ 299	\$ 348	\$ 215	\$ 413	\$ 283
Nonaccruing (included in total nonaccrual loans above)	136	229	384	409	184
Total troubled debt restructurings	\$ 435	\$ 577	\$ 599	\$ 822	\$ 467

Total nonperforming assets as of December 31, 2018 were \$422 million, or 0.25% of total assets, compared with \$466 million, or 0.30% of total assets, at December 31, 2017. The decrease in nonperforming assets of \$44 million from December 31, 2017 to December 31, 2018 was driven primarily by paydowns, payoffs, charge-offs and loans returned to accrual, largely offset by new nonaccrual loans.

Troubled Debt Restructurings

TDRs are loans where we have granted a concession to a borrower as a result of the borrower experiencing financial difficulty and, consequently, we receive less than the current market-based compensation for loans with similar risk characteristics. Such loans are reviewed for impairment either individually or in pools with similar risk characteristics. Our loss mitigation strategies are designed to minimize economic loss and, at times, may result in changes to the original terms, including interest rate changes, maturity extensions, forbearance, principal paydowns, covenant waivers or changes, payment deferrals, or some combination thereof. We evaluate whether these changes to the terms and conditions of our loans meet the TDR criteria after considering the specific situation of the borrower and all relevant facts and circumstances related to the modification. For our consumer portfolio segment, TDRs are typically initially placed on nonaccrual and a minimum of six consecutive months of sustained performance is required before returning to accrual status. For our commercial portfolio segment, we generally determine accrual status for TDRs by performing an individual assessment of each loan, which may include, among other factors, borrower performance under previous loan terms.

Table of Contents

The following table provides a summary of TDRs by loan type, including nonaccrual loans and loans that have been returned to accrual status, as of December 31, 2018 and 2017. See Note 3 to our Consolidated Financial Statements in this Form 10-K for more information.

(Dollars in millions)	December 31,		As a percentage of Ending Loan Balances	
	2018	2017	December 31,	2017
Commercial and industrial	\$ 109	\$ 202	0.42%	0.87%
Commercial mortgage	46	7	0.30	0.05
Construction	63	128	3.91	7.21
Total commercial portfolio	218	337	0.51	0.82
Residential mortgage	196	215	0.51	0.60
Home equity and other consumer loans	21	25	0.43	0.72
Total consumer portfolio	217	240	0.50	0.61
Total restructured loans	\$ 435	\$ 577	0.50%	0.72%

Loans 90 Days or More Past Due and Still Accruing

Loans held for investment 90 days or more past due and still accruing totaled \$23 million and \$12 million at December 31, 2018 and 2017, respectively.

Concentration of Risk

Commercial and industrial loans are extended principally to corporations, middle-market businesses and small businesses and are originated primarily through our commercial banking offices. Our commercial and industrial portfolio is comprised primarily of the following industry sectors: finance and insurance, manufacturing, power and utilities, real estate and leasing, and wholesale trade. No individual industry sector exceeded 10% of our total loans held for investment at either December 31, 2018 or December 31, 2017.

Construction and commercial mortgage loans are secured by deeds of trust or mortgages. Construction loans are extended primarily to commercial property developers and to residential builders. At December 31, 2018, 54% of the Company's construction loan portfolio was concentrated in California, 24% to borrowers in New York and 7% to borrowers in Texas. The commercial mortgage loan portfolio consists of loans secured by commercial income properties. At December 31, 2018, 65% of the Company's commercial mortgage loans were made to borrowers located in California, 6% to borrowers in Washington, and 5% to borrowers in New York.

Residential mortgage loans are originated and secured by one-to-four family residential properties, through our multi-channel network, including branches, private bankers, mortgage brokers, telephone services, and web-based and mobile internet banking applications. We do not have a program for originating or purchasing subprime loan products and we hold the majority of the loans we originate.

At December 31, 2018, payment terms on 36% of our residential mortgage loans required a monthly payment that covers the full amount of interest due, but did not reduce the principal balance. At origination these interest-only loans had strong credit profiles and had weighted average LTV ratios of approximately 65%. The remainder of the portfolio consisted of regularly amortizing loans.

Home equity loans are originated principally through our branch network and Private Banking offices. Approximately 26% and 29% of these home equity loans and lines were supported by first liens on residential properties at both December 31, 2018 and December 31, 2017, respectively. To manage risk associated with lending commitments, we review all equity-secured lines annually for creditworthiness and may reduce or freeze limits, to the extent permitted by laws and regulations. Other consumer loans consist primarily of unsecured loans originated by marketplace lenders. The Company manages risk associated with these loans by establishing lending criteria similar to other consumer loans originated by the Company. See Note 3 to our Consolidated Financial Statements included in this Form 10-K for additional information on refreshed FICO scores and

Table of Contents

refreshed LTV ratios for our residential mortgage and home equity and other consumer loans at December 31, 2018 and December 31, 2017.

Interest Foregone

If interest that was due on the recorded balances of all nonaccrual and restructured loans (including loans that were, but are no longer, on nonaccrual) had been accrued under their original terms, we would have recognized an additional \$37 million of interest income in 2018. For loans that were on nonaccrual status during 2018 and accounted for as cash basis nonaccrual loans, we recognized interest income of \$24 million in 2018.

Market Risk Management

The objective of market risk management is to mitigate any adverse impact on earnings and capital arising from changes in interest rates and other market variables. Market risk management supports our broad objective of enhancing shareholder value, which encompasses the achievement of stable earnings growth while promoting capital stability over time. Market risk is defined as the risk of loss arising from an adverse change in the market value of financial instruments caused by fluctuations in market prices or rates. The primary market risk to which we are exposed is interest rate risk. Interest rate risk arises from instruments, positions and transactions entered into for purposes other than trading and for trading. Other than trading interest rate risk arises from loans, securities, deposits, borrowings, securities purchased under agreements to resell, securities sold under agreements to repurchase, securities borrowing and lending transactions, and derivative instruments. Trading interest rate risk primarily arises from trading activities at MUAH's broker-dealer subsidiary, MUSA, and derivative contracts MUB enters into as a financial intermediary for customers.

Market Risk Governance

The MRM Policy, adopted by the Risk Committee of the Board of Directors, governs the Company's management and oversight of market risk. The MRM Policy establishes the Company's risk tolerance by outlining standards for measuring market risk, creates Board-level limits for specific market risks, and establishes MRMC responsibilities and oversight of market risk activities.

ARC, composed of selected senior officers of the Company, supports the MRM Policy setting process by striving to ensure that the Company has an effective process to identify, monitor, measure and manage market risk as required by the MRM Policy. ARC provides oversight of the risk management framework and reviews and discusses market risk management reports and trends. MRMC approves the trading policies that govern the Company's activities. ALCO is responsible for the approval of specific interest rate risk management programs, including those related to interest rate hedging, investment securities and wholesale funding of MUAH, along with approval of capital policies.

The Treasurer is primarily responsible for the implementation of interest rate risk management strategies approved by ALCO and for operational management of market risk, as defined above, through funding, investment and derivative hedging activities. The MRM unit is responsible for monitoring market risk and functions independently of all operating and management units and subsidiaries.

The Company has separate and distinct methods for managing the market risk associated with our asset and liability management activities and our trading activities, as described below.

Interest Rate Risk Management

ALCO monitors interest rate risk from ALM activities on a monthly basis through a variety of modeling techniques that are used to quantify the sensitivity of net interest income to changes in interest rates. Our net interest income sensitivity analysis typically involves a simulation in which we estimate the net interest income impact of gradual parallel shifts in the yield curve of up 200 basis points and down 100 basis points over a 12-month horizon using a forecasted balance sheet.

Table of Contents*Net Interest Income Sensitivity*

The table below presents the estimated increase (decrease) in the Company's net interest income given a gradual parallel shift in the yield curve up 200 basis points and down 100 basis points over a 12-month horizon.

(Dollars in millions)	December 31, 2018	December 31, 2017
Effect on net interest income		
Increase 200 basis points	\$ 149.7	\$ 100.2
as a percentage of base case net interest income	4.59 %	3.21 %
Decrease 100 basis points	\$ (102.4)	\$ (75.7)
as a percentage of base case net interest income	(3.14)%	(2.42)%

An increase in rates increases net interest income. During 2018, the Company's asset sensitive profile increased due to changes in balance sheet composition, changes in the ALM derivatives portfolio and forecasted balance sheet activity over the next twelve months. During the second quarter of 2018, the Company terminated receive fixed swap contracts used to hedge floating rate commercial loans given expectations of rising rates, which contributed to an increase in the Company's asset sensitivity.

MUSA's securities borrowed or purchased under resale agreements and securities loaned or sold under repurchase agreements are included in the Company's net interest income sensitivity analysis. However, due to the short-term nature of these interest-bearing assets and liabilities, the Company also monitors net interest income sensitivity excluding these balances. Excluding the impact of MUSA, the Company would have a slightly greater asset sensitive risk profile at December 31, 2018.

We believe that our simulation provides management with a comprehensive view of the sensitivity of net interest income to changes in interest rates over the measurement horizon. However, as with any financial model, the underlying assumptions are inherently uncertain and subject to refinement. In particular, two significant models used in interest rate risk measurement address residential mortgage prepayment speeds and non-maturity deposit rate and balance behaviors. The mortgage prepayment model is periodically calibrated to reflect changes in customer behavior. Model performance may be adversely affected by rapid changes in interest rates, home prices and the credit environment. The deposit model uses the Company's historical deposit pricing to forecast future deposit pricing in its scenarios. Management's response to future rate scenarios may deviate from historical responses and actual results may differ from those derived in the simulation analysis due to unexpected market events, unanticipated changes in customer behavior, market interest rates, product pricing, and investment, funding and hedging activities.

For additional information on the Company's ALM securities portfolio and derivative instruments used in our ALM hedging strategies, see the "Balance Sheet Analysis—Securities" section within "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II, Item 7. and Note 2 and Note 12 to our Consolidated Financial Statements included in this Form 10-K.

Trading Activities

Trading activities consist primarily of activities at MUAH's broker-dealer subsidiary, MUSA, and derivative contracts MUB enters into as a financial intermediary for customers. MUSA transacts as principal and agent for a variety of securities and exchange traded derivatives. By acting as a financial intermediary, MUB is able to provide our customers with access to a range of products from the securities, foreign exchange and derivatives markets. We generally take offsetting positions to mitigate our exposure to market risk.

The Company monitors market risk from trading activities by utilizing a combination of position limits, VaR, and stop-loss limits, applied at an aggregated level and to various sub-components within those limits. Positions are controlled and reported both in notional and VaR terms. Our calculation of VaR estimates how high the loss in fair value might be, at a 99% confidence level, due to an adverse shift in market prices over a period of ten business days. VaR at the trading activity level is managed within the maximum limit of \$38 million established by Board policy for total trading positions. The VaR model incorporates assumptions on key parameters, including holding period and historical volatility.

Table of Contents

The following table sets forth the average, high and low 10-day 99% confidence level VaR for our trading activities for the years ended December 31, 2018 and 2017:

(Dollars in millions)	December 31, 2018			December 31, 2017		
	Average VaR	High VaR	Low VaR	Average VaR	High VaR	Low VaR
Interest rate	\$ 12.5	\$ 15.3	\$ 9.1	\$ 11.4	\$ 15.2	\$ 8.5
Debt securities	6.8	12.1	2.5	4.4	6.6	1.9
Equity securities	0.8	1.3	0.3	0.7	2.1	0.3
Foreign exchange	0.3	1.2	—	0.5	1.2	0.3
Commodity and other	—	—	—	—	0.1	—
Portfolio diversification	(9.7)	(13.1)	(5.5)	(8.4)	(12.5)	(5.5)
Total	\$ 10.7	\$ 16.8	\$ 6.4	\$ 8.6	\$ 12.7	\$ 5.5

Consistent with our business strategy of focusing on the sale of capital markets products to customers, we manage our trading risk exposures at relatively low levels. Our foreign exchange business continues to derive the majority of its revenue from customer-related transactions. For additional information on the Company's trading account assets and liabilities and trading derivatives, see Note 11 and Note 12 to our Consolidated Financial Statements included in this Form 10-K.

Liquidity Risk Management

Liquidity risk is the risk that an institution's financial condition or overall safety and soundness is adversely affected by an inability, or perceived inability, to meet its contractual, including contingent, obligations. The objective of liquidity risk management is to maintain a sufficient amount of liquidity and diversity of funding sources to allow an institution to meet obligations in both stable and adverse conditions.

The management of liquidity risk is governed by MUAH ALM and Liquidity Risk Management Policies. The MUAH ALM Policy is under the oversight of ALCO, which oversees first line liquidity risk management activities conducted by Treasury. Treasury formulates the funding, liquidity and contingency planning strategies for the Company, the Bank and MUSA, and is responsible for identifying, managing and reporting on liquidity risk. The Liquidity Risk Management Policies for the Company, the Bank and MUSA are under the oversight of the ARC and the Risk Committee of the Board. MRM conducts independent oversight and governance of liquidity risk management activities to establish sound policies and effective risk and independent monitoring controls. We are also subject to a Contingency Funding Plan framework that identifies actions to be taken to help ensure adequate liquidity if an event should occur that disrupts or adversely affects the normal funding activities of the Company, the Bank or MUSA.

Liquidity risk is managed using a total balance sheet perspective that analyzes all sources and uses of liquidity including loans, investments, deposits and borrowings, as well as off-balance sheet exposures. Although we make an effort to diversify our sources of liquidity, as discussed below, we are required to maintain a minimum amount of TLAC-eligible debt due to affiliates beginning January 1, 2019. Various tools are used to measure and monitor liquidity, including forecasting of the sources and uses of cash flows over multiple time horizons and stress testing of the forecasts under various scenarios. Stress testing, which incorporates both institution-specific, and systemic market scenarios, as well as a combination scenario that adversely affects the Company's liquidity position and profile, facilitates the identification of appropriate remedial measures to help ensure that the Company maintains adequate liquidity in adverse conditions. Such measures may include extending the maturity profile of liabilities, optimizing liability levels through pricing strategies, adding new funding sources, altering dependency on certain funding sources, adjusting asset growth and financing or selling assets.

In December 2016, the Federal Reserve finalized rules imposing new TLAC requirements on GSIBs with operations in the U.S., such as MUFG. The final rule includes an Internal TLAC requirement which sets a minimum amount of loss-absorbing instruments, which must be issued by the Company to MUFG or MUFG Bank, Ltd. (or another wholly-owned non-U.S. subsidiary of MUFG) due to MUFG's single point of entry resolution approach. These loss absorbing instruments are comprised of Tier 1 regulatory capital and long-term debt. TLAC

Table of Contents

Tier 1 regulatory capital is designed to absorb ongoing losses, while the conversion of TLAC-eligible long-term debt into common equity of the Company is intended to recapitalize the Company prior to any bankruptcy or insolvency proceedings. During the fourth quarter of 2018, the Company restructured existing debt issued to MUFG Bank, Ltd. and replaced a portion of its externally-placed debt with the issuance of internal TLAC-eligible debt issued to MUFG Bank, Ltd. in order to comply with the new rules. See "Supervision and Regulation-Dodd-Frank Act and Related Regulations" in Part I, Item 1. in this Form 10-K.

We maintain a substantial level of available liquidity in the form of on-balance sheet and off-balance sheet funding sources. Sources of liquidity include cash at the Federal Reserve, unencumbered liquid securities, and capacity to borrow on a secured basis at the FHLB of San Francisco and the Federal Reserve Bank's Discount Window. Total unpledged securities were \$24.0 billion at December 31, 2018. Our primary funding sources are customer deposits, secured FHLB advances, and unsecured short-term and long-term debt. Total deposits increased \$6.2 billion from \$84.8 billion at December 31, 2017 to \$91.0 billion at December 31, 2018. As of December 31, 2018, the Bank had \$16.9 billion of borrowings outstanding with the FHLB of San Francisco, and the Bank had a remaining unused borrowing capacity from the FHLB of San Francisco of \$15.8 billion. The Bank maintains a \$12 billion unsecured bank note program. Available funding under the bank note program was \$5.9 billion at December 31, 2018. We do not have any firm commitments in place to sell additional notes under this program.

In addition to managing liquidity risk on a consolidated basis and at each of the major subsidiaries (the Bank and MUSA), we assess and monitor liquidity at the parent company (MUAH) and the other non-bank subsidiaries. The parent company maintains sufficient liquidity to meet expected obligations, without access to the wholesale funding markets or dividends from subsidiaries, for at least 20 months. As of December 31, 2018, the parent company's liquidity exceeded 20 months.

MUAH and its subsidiaries may borrow on a long-term basis from MUFG Bank, Ltd. and affiliates. As of December 31, 2018, the Company had total long-term debt issued to MUFG Bank, Ltd. and affiliates of \$7.3 billion.

The Company's total wholesale funding at December 31, 2018 included \$17.6 billion of long-term debt (excluding nonrecourse debt) and \$9.3 billion of short-term debt. For additional information regarding our outstanding debt, refer to Note 9 and Note 10 to our Consolidated Financial Statements included in this Form 10-K. We evaluate and monitor the stability and reliability of our various funding sources to help ensure that we have sufficient liquidity in adverse circumstances.

Our costs and ability to raise funds in the capital markets are influenced by our credit ratings. In April 2018, Standard & Poor's revised the outlook on MUAH, MUB and MUSA to positive from stable following a similar revision to MUFG's outlook. The change in MUFG's outlook is a result of Standard & Poor's revising the outlook on the long-term sovereign rating of Japan to positive from stable. The following table provides our credit ratings as of December 31, 2018:

		MUFG Union Bank, N.A.		MUFG Securities Americas Inc.	MUFG Americas Holdings Corporation
		Deposits	Senior Debt	Senior Debt	Senior Debt
Standard & Poor's	Long-term	–	A	A	A-
	Short-term	–	A-1	A-1	A-2
Moody's	Long-term	Aa2	A2	–	A2
	Short-term	P-1	P-1	–	–
Fitch	Long-term	A+	A	A	A
	Short-term	F1	F1	F1	F1

For further information, including information about rating agency assessments, see "MUFG Bank, Ltd.'s and Mitsubishi UFJ Financial Group's credit ratings and financial or regulatory condition could adversely affect our operations" and "Our credit ratings are important in order to maintain liquidity" in Part I, Item 1A. "Risk Factors" in this Form 10-K.

Table of Contents

The OCC, the Federal Reserve and the FDIC jointly adopted a final rule to implement a standardized quantitative liquidity requirement generally consistent with the LCR standards established by the BCBS. The LCR rule is designed to ensure that covered banking organizations maintain an adequate level of cash and HQLA, such as central bank reserves and government and corporate debt, to meet estimated net liquidity needs in a short-term stress scenario using liquidity inflow and outflow assumptions provided in the rule (net cash outflow). At December 31, 2018, the Company was in compliance with the LCR requirements.

For further information regarding this rule, see "Supervision and Regulation—Regulatory Capital and Liquidity Standards—Liquidity Coverage Ratio" in Part I, Item 1. of this Form 10-K and *"The effects of changes or increases in, or supervisory enforcement of, banking, securities, competition or other laws and regulations or governmental fiscal, monetary, or tax policies could adversely affect us or make strategic planning more difficult"* in Part I, Item 1A. "Risk Factors" of this Form 10-K.

Operational Risk Management

Operational risk is defined as the potential that events will have an adverse effect on current or projected financial condition arising from inadequate or failed internal processes or systems, human errors or misconduct, or adverse external events. This includes legal risk, but excludes strategic and reputation risk. In particular, information security is a significant operational risk element for the Company, and includes the risk of losses resulting from cyber-attacks or other related cyber incidents. See *"We are subject to a wide array of operational risks, including, but not limited to, cyber-security risks"* in Part I, Item 1A. "Risk Factors" of this Form 10-K. Operational risk is mitigated through a system of internal controls that are designed to keep these risks at appropriate levels.

Our operational risk management framework was designed to meet industry and regulatory standards. The Operational Risk Management Policies and Procedures establish the core governing principles for operational risk management and provide the framework to identify, assess, measure, manage, monitor, and report on operational risks in a consistent manner across the enterprise.

The Company has established an independent ORMD under the CRO. The operational risk framework provides requirements for the business lines to better manage their operational risk. ORMD and the operational risk management framework are overseen by the Operational Risk Management Committee.

Operational risk is managed through a combination of first and second line of defense functions. The first line of defense is comprised of business line management supported by business unit risk managers. ORMD provides oversight, guidance, tools and support to the business units in assessing and monitoring their operational risk, as well as validation and effective challenge of their operational risk assessments. Specifically, ORMD evaluates and challenges the risk and control self-assessments prepared by the business units and assures their operational risk profiles are within established guidelines and tolerances. ORMD is supported for specific categories of operational risk by second line of defense subject matter experts. In addition, ORMD monitors business units to ensure mitigating activities are identified where needed and appropriately addressed.

Table of Contents**Critical Accounting Estimates**

MUAH's consolidated financial statements are prepared in accordance with GAAP, which includes management estimates and judgments. The financial information contained within our statements is, to a significant extent, financial information that is based on estimates used to measure the financial effects of transactions and events that have already occurred. A variety of factors could affect the ultimate value that is obtained either when earning income, recognizing an expense, recovering an asset or relieving a liability. For example, we use discount factors and other assumptions to measure certain assets and liabilities. A change in the discount factor or other important assumptions could significantly increase or decrease the reported amounts of those assets and liabilities and result in either a beneficial or an adverse impact to our financial results. As discussed in "Allowance for Credit Losses" in Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-K, we estimate probability of default and the loss severity associated with the default (i.e. the loss-given default) to estimate the credit losses inherent in our loan and lease portfolios held for investment and certain off-balance sheet commitments on the balance sheet date. Actual losses could differ significantly from our loss estimates. Other significant estimates that we use include the valuation of certain derivatives and securities, the assumptions used in measuring our transfer pricing revenue, pension obligations, goodwill impairment, and assumptions regarding our effective tax rates.

Management has reviewed and approved these critical accounting policies and has discussed these policies with the Audit & Finance Committee.

Understanding our accounting policies is fundamental to understanding our consolidated financial condition and consolidated results of operations. Accordingly, both our critical accounting estimates and our significant accounting policies are discussed in Note 1 to our Consolidated Financial Statements included in this Form 10-K. Our most critical accounting policies include the allowance for credit losses, valuation of financial instruments, hedge accounting, transfer pricing revenue, pension obligations, goodwill impairment analysis and income taxes.

Allowance for Credit Losses

The allowance for credit losses, which consists of the allowances for loan losses and losses on unfunded credit commitments, is an estimate of the losses that are inherent in our loan portfolio as well as for certain unfunded credit commitments such as unfunded loan commitments, standby letters of credit, and commercial lines of credit that are not for sale. Our allowance for credit losses has four components: the allowance for loans collectively evaluated for impairment, the allowance for loans individually evaluated for impairment, the unallocated allowance, and the allowance for losses on unfunded credit commitments which is included in other liabilities. Each of these components is determined based upon estimates that are inherently subjective and our actual losses incurred could differ significantly from those estimates. For the commercial portfolio segment, the allowance for loans collectively evaluated for impairment is calculated by utilizing a dual factor internal risk rating system that encompasses both the probability that a credit facility may ultimately default (i.e. probability of default) and an estimate of the severity of the loss that would be realized upon such default (i.e. the loss-given default) and applying these risk ratings to outstanding loans and most unused commitments. The probability of default and loss-given default may be adjusted for qualitative or environmental factors that, in management's judgment, are likely to cause estimated credit losses associated with the existing portfolio to differ from the historical probability of default and loss-given default. For loans that are homogeneous in nature, such as in our consumer portfolio segment, we estimate the allowance based on forecasted losses based on incurred loss events. The allowance for loans collectively evaluated for impairment also includes attributions for certain sectors within the commercial and consumer portfolio segments to account for probable losses that are currently not reflected in the probability of default and loss-given default. Segment attributions are calculated based on migration scenarios for the commercial portfolio and specific attributes applicable to the consumer portfolio. The unallocated allowance is composed of attributions that are intended to capture probable losses from adverse changes in credit migration and other inherent losses that are not currently reflected in the allowance for loan losses that are ascribed to our portfolio segments. Our allowance for losses on unfunded credit commitments is measured in approximately the same manner as the allowance for loan losses but includes an estimate of expected utilization based upon historical data. For further information regarding our allowance for loan losses, see "Allowance for Loan Losses" in Note 1 and Note 3 to our Consolidated Financial Statements in this Form 10-K.

Table of Contents

Valuation of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., an exit price) in an orderly transaction between willing market participants at the measurement date. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs reflect market-derived or market-based information obtained from independent sources (e.g., yield curves, foreign exchange rates, implied volatilities and credit spreads), while unobservable inputs reflect our own view of the assumptions that would be considered by market participants. Valuation adjustments may be made to ensure that certain financial instruments are recorded at fair value. These adjustments include amounts that reflect counterparty credit risk and our own credit risk in determining the fair value of our trading account liabilities and certain other liabilities.

Based on the observability of the inputs used in the valuation, we classify our financial assets and liabilities measured and disclosed at fair value within the three-level hierarchy (i.e., Level 1, Level 2 and Level 3) defined in GAAP. This hierarchy ranks the quality and reliability of the information used to determine fair values with Level 1 deemed most reliable and Level 3 having at least one significant unobservable input. The degree of management judgment required in measuring fair value increases with the higher level of measurement within the three-level hierarchy.

The following table reflects financial instruments measured at fair value on a recurring basis as of December 31, 2018 and December 31, 2017.

(Dollars in millions)	December 31, 2018		December 31, 2017	
	Fair Value	Percentage of Total	Fair Value	Percentage of Total
Financial Instruments recorded at fair value on a recurring basis				
Assets:				
Level 1	\$ 155	— %	\$ 212	1 %
Level 2	26,404	95	26,789	95
Level 3	1,621	6	1,803	6
Netting Adjustment ⁽¹⁾	(354)	(1)	(607)	(2)
Total	<u>\$ 27,826</u>	<u>100 %</u>	<u>\$ 28,197</u>	<u>100 %</u>
As a percentage of total Company assets		<u>17 %</u>		<u>18 %</u>
Liabilities:				
Level 1	\$ 125	3 %	\$ 46	1 %
Level 2	4,214	102	4,036	109
Level 3	131	3	257	7
Netting Adjustment ⁽¹⁾	(322)	(8)	(620)	(17)
Total	<u>\$ 4,148</u>	<u>100 %</u>	<u>\$ 3,719</u>	<u>100 %</u>
As a percentage of total Company liabilities		<u>3 %</u>		<u>3 %</u>

(1) Amounts represent the impact of legally enforceable master netting agreements between the same counterparties that allow the Company to net settle all contracts.

For detailed information on our measurement of fair value of financial instruments and our related valuation methodologies, see Note 11 to our Consolidated Financial Statements included in this Form 10-K.

Transfer Pricing

Employees of the Company perform management and support services to MUFG Bank, Ltd. in connection with the operation and administration of MUFG Bank, Ltd.'s businesses in the Americas. In consideration for the services provided, MUFG Bank, Ltd. pays the Company fees under a master services agreement, which reflects arm's length market-based pricing for those services. The Company recognizes transfer pricing revenue when delivery (performance) has occurred or services have been rendered. Management applies a facts and circumstances evaluation to determine the most appropriate method to calculate an arm's length market-based price for services performed by the Company for MUFG Bank, Ltd. and other non-consolidated MUFG affiliates.

Table of Contents

Pension Obligations

Our pension obligations and related assets of our defined retirement benefit plan are presented in Note 15 to our Consolidated Financial Statements included in this Form 10-K. Plan assets consist primarily of marketable equity and debt instruments. Plan obligations and the annual benefit expense are estimated by management utilizing actuarially based data and key assumptions. Key assumptions in measuring the plan obligations and determining the pension benefit expense are the discount rate, the rate of compensation increases, and the estimated future return on plan assets. Our discount rate is calculated using a yield curve based on Aa3 or better rated bonds. This yield curve is matched to the anticipated timing of the actuarially determined estimated pension benefit payments to determine the weighted average discount rate. Compensation increase assumptions are based upon historical experience and anticipated future management actions. Asset returns are based upon the anticipated average rate of earnings expected on the invested funds of the plan.

Goodwill Impairment Analysis

We allocate our goodwill to reporting units and review for impairment at least annually, and whenever events or changes in circumstances indicate the carrying amount may not be recoverable. Goodwill is assessed for impairment at the reporting unit level either qualitatively or quantitatively. If the elected qualitative assessment results indicate that it is more likely than not that the fair value of a reporting unit is less than its carrying amount, then the quantitative impairment test is required. Various valuation methodologies are applied to carry out the first step of the quantitative impairment test by comparing the fair value of the reporting unit to its carrying amount, including goodwill. If the fair value of the reporting unit is less than its carrying amount, a second step is required to measure the amount of impairment by comparing the implied fair value of the goodwill assigned to the reporting unit with the carrying amount of that goodwill.

Management applies significant judgment when estimating the fair value of its reporting units. This judgment includes developing cash flow projections, selecting appropriate discount rates, incorporating general economic and market conditions, identifying relevant market comparables, and selecting an appropriate control premium. Imprecision in estimating these factors can affect the estimated fair value of the reporting units.

The Company continuously monitors inputs used when performing its annual goodwill impairment such as the cash flow projections discussed above. When a disruption in the Company's business, unexpected significant declines in operating results, or significant trends become apparent that may negatively affect those projections, the Company may have to assess the need to perform the first step of the quantitative impairment test to conclude whether the fair value of the reporting unit is still above its carrying amount.

Income Taxes

MUAH and its subsidiaries are subject to the income tax laws of the U.S., its states, and municipalities and laws of the other jurisdictions in which we conduct business. Our income tax expense consists of two components; current and deferred. Current income tax expense approximates taxes to be paid or refunded for the current period and includes income tax expense for our uncertain tax positions. Uncertain tax positions that meet the "more likely than not" recognition threshold are measured to determine the amount of benefit to recognize. Positions are measured as the largest amount of benefit that management believes has a greater than 50% likelihood of realization upon settlement. Deferred income tax expense results from changes in deferred income tax assets and liabilities between periods, where the deferred tax assets and liabilities are based on the tax effects of the differences between the financial accounting and tax basis of assets and liabilities. Deferred tax assets are recognized subject to management's judgment that realization is "more likely than not" based upon all available positive and negative evidence. Foreign taxes paid are generally applied as a credit to reduce income taxes payable.

The income tax laws of the jurisdictions in which we operate are complex and subject to differing interpretations. In establishing a provision for income tax expense, we make judgments and interpretations about the application of these complex laws and the result is by its nature an estimate. We are routinely subject to audits from tax authorities. To the extent the tax authorities disagree with our conclusions and depending on the final resolution of those disagreements, our effective tax rate may be materially affected in the period of final settlement. We also make estimates about when future certain items will affect taxable income in the jurisdictions in which we conduct business.

Table of Contents

We currently have a valid water's-edge election to include the U.S. operations of MUFG with MUAH and its subsidiaries' in our combined California tax return. We analyze the alternative California worldwide tax liability annually to determine whether to revoke or retain this voluntary tax election. As a water's-edge filer, the taxable profits of MUFG's U.S. operations impact our state effective tax rate. Some affiliates included in our California tax return are fiscal year taxpayers. The inclusion of calendar and fiscal year taxpayers in the same combined return impacts the timing of financial data used in determining our state tax rates. We review MUFG's U.S. operations quarterly to determine the appropriate rate at which to recognize our California and other state tax expense.

For further information on our income taxes, see Note 17 to our Consolidated Financial Statements included in this Form 10-K.

Non-GAAP Financial Measures

The following table shows the calculation of return on average MUAH tangible common equity for the years ended December 31, 2018, 2017 and 2016. Management believes that this ratio provides useful supplemental information regarding the Company's business results.

(Dollars in millions)	For the Years Ended December 31,		
	2018	2017	2016
Net income attributable to MUAH	\$ 1,073	\$ 1,077	\$ 990
Add: intangible asset amortization, net of tax	19	18	17
Net income attributable to MUAH, excluding intangible asset amortization (a)	\$ 1,092	\$ 1,095	\$ 1,007
Average MUAH stockholders' equity	\$ 18,400	\$ 17,926	\$ 17,003
Less: Goodwill	3,301	3,263	3,225
Less: Intangible assets, except mortgage servicing rights	299	269	196
Less: Deferred tax liabilities related to goodwill and intangible assets	(57)	(72)	(47)
Average MUAH tangible common equity (b)	\$ 14,857	\$ 14,466	\$ 13,629
Return on average MUAH tangible common equity (a)/(b)	7.35%	7.57%	7.39%

The following table shows the calculation of the adjusted efficiency ratio for the year ended December 31, 2018. Management believes adjusting the efficiency ratio for the fees and costs associated with services provided to MUFG Bank, Ltd. branches in the U.S. enhances the comparability of MUAH's efficiency ratio when compared with other financial institutions. Management believes adjusting revenue for the impact of the TCJA enhances comparability between periods. Adjusted efficiency ratios for the years ended December 31, 2017 and 2016 are not presented because the Company began identifying all costs associated with services provided to MUFG Bank, Ltd. branches in the U.S. in the third quarter of 2017. Previously, the Company was only able to identify a portion of the costs associated with services provided to MUFG Bank, Ltd. branches in the U.S.

(Dollars in millions)	For the Year Ended December 31, 2018
Noninterest expense (a)	\$ 4,277
Less: Costs associated with services provided to MUFG Bank, Ltd. branches in the U.S.	1,001
Noninterest expense, as adjusted (b)	\$ 3,276
Total revenue (c)	\$ 5,484
Less: Fees from affiliates for services provided to MUFG Bank, Ltd.'s branches in the U.S.	1,128
Less: Impact of the TCJA	(164)
Total revenue, as adjusted (d)	\$ 4,520
Efficiency ratio (a)/(c)	77.98%
Adjusted efficiency ratio (b)/(d)	72.47%

Table of Contents**Notes to Consolidated Financial Statements****Note 1—Summary of Significant Accounting Policies and Nature of Operations*****Introduction***

MUFG Americas Holdings Corporation (MUAH) is a financial holding company, bank holding company and intermediate holding company whose principal subsidiaries are MUFG Union Bank, N.A. (MUB or the Bank) and MUFG Securities Americas Inc. (MUSA). MUAH is owned by MUFG Bank, Ltd. and MUFG. MUFG Bank, Ltd. is a wholly-owned subsidiary of MUFG. As used in these Consolidated Financial Statements, terms such as "the Company," "we," "us" and "our" refer to MUFG Americas Holdings Corporation (MUAH), one or more of its consolidated subsidiaries, or to all of them together.

MUAH provides a wide range of financial services to consumers, small businesses, middle-market companies and major corporations nationally and internationally. The Company also provides various business, banking, financial, administrative and support services, and facilities for MUFG Bank, Ltd. (formerly The Bank of Tokyo-Mitsubishi UFJ, Ltd.) in connection with the operation and administration of MUFG Bank, Ltd.'s business in the U.S. (including MUFG Bank, Ltd.'s U.S. branches).

On July 1, 2016, in accordance with the requirements of the U.S. Federal Reserve Board's final rules for Enhanced Prudential Standards, the Company was designated the U.S. Intermediate Holding Company (IHC) of its ultimate parent, MUFG. The IHC formation resulted in the transfer of interests in substantially all of MUFG's U.S. subsidiaries to MUAH. The Company issued 7,991,449 shares to MUFG Bank, Ltd. and MUFG in exchange for the transferred subsidiaries. These subsidiaries included MUSA, a registered broker-dealer, and various other non-bank subsidiaries. The assets received and liabilities assumed were transferred at their carrying amounts, and all prior periods have been revised to include the results of these transferred subsidiaries. MUFG's remaining U.S. subsidiaries were transferred to MUAH on July 1, 2017. The Company issued 3,267,433 shares to MUFG Bank, Ltd. and MUFG in exchange for these transferred subsidiaries and their financial results have been included in MUAH's financial results prospectively beginning July 1, 2017.

Principles of Consolidation and Basis of Financial Statement Presentation

The consolidated financial statements include the accounts of the Company and other entities in which the Company has a controlling financial interest. The Company determines whether it has a controlling financial interest in an entity by first evaluating whether the entity is a voting interest entity or a VIE. The primary beneficiary of a VIE is the entity that has the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and has the obligation to absorb losses or receive benefits from the VIE that could potentially be significant to the VIE. Results of operations from VIEs are included from the dates that the Company became the primary beneficiary. All intercompany transactions and balances with consolidated entities are eliminated in consolidation.

The Company accounts for equity investments over which it exerts significant influence using the equity method of accounting. Non-marketable equity investments where the Company does not exert significant influence are accounted for at cost or using the proportional amortization method. Investments accounted for under the equity method, proportional amortization method, and cost method are included in other assets.

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (GAAP). The policies that materially affect the determination of financial position, results of operations and cash flows are summarized below.

The preparation of financial statements in conformity with GAAP also requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Although such estimates contemplate current conditions and management's expectations of how they may change in the future, it is reasonably possible that actual results could differ significantly from those estimates. This could materially affect the Company's results of operations and financial condition in the near term. Critical estimates made by management in the preparation of the Company's financial statements include, but are not limited to, the allowance for credit losses (Note 3), goodwill impairment (Note 5), fair value of financial instruments (Note 11), pension accounting (Note 15), income taxes (Note 17), and transfer pricing (Note 21).

)

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)*****Cash and Cash Equivalents***

Cash and cash equivalents include cash and due from banks, interest bearing deposits in banks, and federal funds sold.

Securities Borrowed or Purchased under Agreements to Resell and Securities Loaned or Sold under Agreements to Repurchase

Securities borrowed and securities loaned transactions do not qualify for sale accounting and therefore are not recognized on the transferee's balance sheet. Securities borrowed and securities loaned represent the amount of cash collateral advanced or received, respectively. The Company monitors the market value of the borrowed and loaned securities on a daily basis, with additional collateral obtained or refunded as necessary. Accrued interest associated with securities borrowed and securities loaned is included in other assets and other liabilities, respectively. Interest associated with securities borrowed and securities loaned is recorded as interest income and interest expense, respectively.

Securities purchased under agreements to resell ("reverse repurchase agreements") and securities sold under agreements to repurchase ("repurchase agreements") do not qualify for sale accounting and therefore are not recognized on the transferee's balance sheet. Transactions involving these agreements are accounted for as collateralized financings. These agreements are recorded at the amounts at which the securities were acquired or sold and are carried at amortized cost. The Company generally obtains possession of collateral with a market value equal to or in excess of the principal amount financed under reverse repurchase agreements. Collateral is valued daily, and the Company may require counterparties to deposit additional collateral or return collateral pledged, when appropriate. Accrued interest associated with reverse repurchase agreements and repurchase agreements is included in other assets and other liabilities, respectively. Interest associated with reverse repurchase agreements and repurchase agreements is recorded as interest income and interest expense, respectively. The Company generally enters into reverse repurchase and repurchase agreements under legally enforceable master repurchase agreements that give the Company, in the event of counterparty default, the right to liquidate securities held and offset receivables and payables with the same counterparty. The Company offsets reverse repurchase and repurchase agreements with the same counterparty where they have a legally enforceable master netting agreement and the transactions have the same maturity date.

Trading Account Assets and Liabilities

Trading account assets and liabilities are recorded at fair value and include certain securities and derivatives. Securities are classified as trading when management acquires them with the intent to hold for short periods, primarily at MUAH's broker-dealer subsidiary, MUSA, or as an accommodation to customers. Substantially all of the securities have a high degree of liquidity and a readily determinable fair value. Interest on securities classified as trading is included in interest income, and realized gains and losses from sale and unrealized fair value adjustments are recognized in noninterest income. Trading securities that are pledged under an agreement to repurchase and which may be sold or repledged under that agreement are separately identified as pledged as collateral.

Derivatives included in trading account assets and liabilities are entered into for trading purposes or as an accommodation to customers. Contracts primarily include interest rate swaps and options, commodity swaps and options, and foreign exchange contracts. The Company nets derivative assets and liabilities, and the related cash collateral receivables and payables, when a legally enforceable master netting arrangement exists between the Company and the derivative counterparty. Changes in fair values and realized income or expense for trading asset and liability derivatives are included in noninterest income.

Securities

Securities are classified based on management's intent and are recorded on the consolidated balance sheet as of the trade date, when acquired in a regular-way trade. Debt securities for which management has both the positive intent and ability to hold to maturity are classified as held to maturity and are carried at amortized cost. Debt securities with readily determinable fair values that are not classified as trading assets or held to maturity are classified as available for sale and are carried at fair value, with the unrealized gains or losses reported net of taxes as a component of AOCI in stockholders' equity until realized.

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)**

Interest income on debt securities classified as either available for sale or held to maturity includes the amortization of premiums and the accretion of discounts using a method that produces a level yield and is included in interest income on securities.

Realized gains and losses on the sale of available for sale securities are included in noninterest income. The specific identification method is used to calculate realized gains and losses on sales.

Securities available for sale that are pledged under an agreement to repurchase and which may be sold or repledged under that agreement are separately identified as pledged as collateral.

Debt securities available for sale and debt securities held to maturity are subject to impairment testing when a security's fair value is lower than its amortized cost. Debt securities with unrealized losses are considered other-than-temporarily impaired if we intend to sell the debt security, if it is more likely than not that we will be required to sell the security before recovery of its amortized cost basis, or if we do not expect to recover the entire amortized cost basis of the security. If we intend to sell the security, or if it is more likely than not that we will be required to sell the security before recovery, an other-than-temporary impairment write-down is recognized in earnings equal to the entire difference between the amortized cost basis and fair value of the debt security. However, even if we do not expect to sell a debt security we must evaluate the expected cash flows to be received and determine if a credit loss exists. In the event of a credit loss, only the amount of impairment associated with the credit loss is recognized in income. Amounts related to factors other than credit losses are recorded in other comprehensive income. For further information on our other-than-temporary impairment analysis, see Note 2 to our Consolidated Financial Statements in this Form 10-K.

Loans Held for Investment, Other Acquired Loans, Loans Held for Sale and Leases

Loans held for investment are reported at the principal amounts outstanding, net of charge-offs, unamortized nonrefundable loan fees, direct loan origination costs, and purchase premiums and discounts. Where loans are held for investment, the net basis adjustment excluding charge-offs on the loan is generally recognized in interest income on an effective yield basis over the contractual loan term.

Nonaccrual loans are those for which management has discontinued accrual of interest because there exists significant uncertainty as to the full and timely collection of either principal or interest. Loans are generally placed on nonaccrual when such loans have become contractually past due 90 days with respect to principal or interest. Past due status is determined based on the contractual terms of the loan and the number of payment cycles since the last payment date. Interest accruals are continued past 90 days for certain small business loans and consumer installment loans, which are charged off at 120 days. For the commercial loan portfolio segment, interest accruals are also continued for loans that are both well-secured and in the process of collection.

When a loan is placed on nonaccrual status, all previously accrued but uncollected interest is reversed against current period interest income. When full collection of the outstanding principal balance is in doubt, subsequent payments received are first applied to unpaid principal and then to uncollected interest. A loan may be returned to accrual status at such time as the loan is brought fully current as to both principal and interest, and such loan is considered to be fully collectible on a timely basis. The Company's policy also allows management to continue the recognition of interest income on certain loans placed on nonaccrual status. This portion of the nonaccrual portfolio is referred to as "Cash Basis Nonaccrual" under which the accrual of interest is suspended and interest income is recognized only when collected. This policy applies to consumer portfolio segment loans and commercial portfolio segment loans that are well-secured and in management's judgment are considered to be fully collectible but the timely collection of payments is in doubt.

A TDR is a restructuring of a loan in which the creditor, for economic or legal reasons related to the borrower's financial difficulties, grants a concession to the borrower that it would not otherwise consider. A loan subject to such a restructuring is accounted for as a TDR. A TDR typically involves a modification of terms such as a reduction of the interest rate below the current market rate for a loan with similar risk characteristics or extending the maturity date of the loan without corresponding compensation or additional support. The Company measures impairment of a TDR using the methodology described for individually impaired loans (see "Allowance for Loan Losses" below). For the consumer portfolio segment, TDRs are initially placed on nonaccrual and typically, a minimum of six consecutive months of sustained performance is required before returning to accrual status. For the commercial portfolio segment, the Company generally

determines accrual status for TDRs by

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)**

performing an individual assessment of each loan, which may include, among other factors, demonstrated performance by the borrower under the previous terms.

Except for certain transactions between entities under common control, loans acquired in a transfer, including business combinations, are recorded at fair value at the acquisition date, factoring in credit losses expected to be incurred over the life of the loan.

Loans held for sale, which are recorded in other assets, are carried at the lower of cost or fair value and measured on an individual basis for commercial loans and on an aggregate basis for residential mortgage loans. Changes in fair value are recognized in other noninterest income. Nonrefundable fees, direct loan origination costs, and purchase premiums and discounts related to loans held for sale are deferred and recognized as a component of the gain or loss on sale. Contractual interest earned on loans held for sale is recognized in interest income.

As lessor, the Company primarily offers two types of leases to customers: 1) direct financing leases where the assets leased are acquired without additional financing from other sources, and 2) leveraged leases where a substantial portion of the financing is provided by debt with no recourse to the Company. Direct financing leases and leveraged leases are recorded based on the amount of minimum lease payments receivable, unguaranteed residual value accruing to the benefit of the lessor, unamortized initial direct costs, and are reduced for any unearned income. Leveraged leases are recorded net of any nonrecourse debt.

Allowance for Loan Losses

The Company maintains an allowance for loan losses to absorb losses inherent in the loan portfolio. The allowance is based on ongoing, quarterly assessments of the probable estimated losses inherent in the loan portfolio. The allowance is increased by the provision for loan losses, which is charged against current period operating results and decreased by the amount of charge-offs, net of recoveries. The Company's methodology for assessing the appropriateness of the allowance consists of several key elements, which include the allowance for loans collectively evaluated for impairment, the allowance for loans individually evaluated for impairment, and the unallocated allowance. Management estimates probable losses inherent in the portfolio based on a loss emergence period. The loss emergence period is the estimated average period of time between a material adverse event that affects the creditworthiness of a borrower and the subsequent recognition of a loss. Updates of the loss emergence period are performed when significant events cause management to reexamine data. Management develops and documents its systematic methodology for determining the allowance for loan losses by first dividing its portfolio into segments—the commercial segment and consumer segment. The Company further divides the portfolio segments into classes based on initial measurement attributes, risk characteristics or its method of monitoring and assessing credit risk. The classes for the Company include commercial and industrial, commercial mortgage, construction, residential mortgage, and home equity and other consumer loans. While the Company's methodology attributes portions of the allowance to specific portfolio segments, the entire allowance is available to absorb credit losses inherent in the total loan portfolio.

For the commercial portfolio segment, the allowance for loans collectively evaluated for impairment is calculated by utilizing a dual factor internal risk rating system that encompasses both the probability that a credit facility may ultimately default (i.e. probability of default) and an estimate of the severity of the loss that would be realized upon such default (i.e. the loss-given default) and applying these risk ratings to outstanding loans and most unused commitments. The probability of default and loss-given default may be adjusted for qualitative or environmental factors that, in management's judgment, are likely to cause estimated credit losses associated with the existing portfolio to differ from the historical probability of default and loss-given default. The Company refined its methodology for estimating the allowance for commercial loans collectively evaluated for impairment and the allowance for losses on unfunded credit commitments during the first quarter of 2018. Previously the Company derived the allowance for these loans by assigning a loss factor based on an internal risk rating that estimated the probability that a credit facility may ultimately default (i.e. probability of default) rather than a dual factor internal risk rating system that encompasses both the probability of default and an estimate of the severity of the loss that would be realized upon such default (i.e. the loss-given default). During the second quarter of 2018, the Company implemented refinements to the qualitative considerations used in our reserve methodology.

For the consumer portfolio segment, loans are generally pooled by product type with similar risk characteristics. The Company estimates the allowance for loans collectively evaluated for impairment based on forecasted losses.

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)**

The allowance for loans collectively evaluated for impairment also includes attributions for certain sectors within the commercial and consumer portfolio segments to account for probable losses based on incurred loss events that are currently not reflected in the probability of default and loss-given default. Segment attributions are calculated based on migration scenarios for the commercial portfolio and specific attributes applicable to the consumer portfolio. Segment considerations are revised periodically as portfolio and environmental conditions change.

The Company individually evaluates for impairment larger nonaccruing loans within the commercial portfolio. Residential mortgage and consumer loans are not individually evaluated for impairment unless they represent TDRs. Loans are considered impaired when the evaluation of current information regarding the borrower's financial condition, loan collateral, and cash flows indicates that the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement, including interest payments. The amount of impairment is measured using the present value of expected future cash flows discounted at the loan's effective rate, the loan's observable market price, or the fair value of the collateral, if the loan is collateral dependent.

The unallocated allowance is composed of attributions that are intended to capture probable losses from adverse changes in credit migration and other inherent losses that are not currently reflected in the allowance for loan losses that are ascribed to our portfolio segments.

Significant risk characteristics considered in estimating the allowance for credit losses include the following:

- Commercial and industrial—industry specific economic trends and individual borrower financial condition
- Construction and commercial mortgage loans—type of property (i.e., residential, commercial, industrial), geographic concentrations, and risks and individual borrower financial condition
- Residential mortgage and consumer—historical and expected future charge-offs, borrower's credit, property collateral, and loan characteristics

Loans are charged-off in whole or in part when they are considered to be uncollectible. Loans in the commercial loan portfolio segment are generally considered uncollectible based on an evaluation of borrower financial condition as well as the value of any collateral. Loans in the consumer portfolio segment are generally considered uncollectible based on past due status or the execution of certain TDR modifications such as discharge through Chapter 7 bankruptcy and the value of any collateral. Recoveries of amounts previously charged off are recorded as a recovery to the allowance for loan losses.

Allowance for Losses on Unfunded Credit Commitments

The Company maintains an allowance for losses on unfunded credit commitments to absorb losses inherent in those commitments upon funding. The Company's methodology for assessing the appropriateness of this allowance is the same as that used for the allowance for loan losses (see "Allowance for Loan Losses" above) and incorporates an assumption based upon historical experience of likely utilization of the commitment. The allowance for losses on unfunded credit commitments is classified as other liabilities and the change in this allowance is recognized in the provision for credit losses. Losses on unfunded credit commitments are identified when exposures committed to customers facing difficulty are drawn upon, and subsequently result in charge-offs.

Goodwill and Identifiable Intangible Assets

Intangible assets represent purchased assets that lack physical substance and can be separately distinguished from goodwill because of contractual or other legal rights or because the asset is capable of being sold, exchanged, or licensed. Intangible assets are recorded at fair value at the date of acquisition.

Intangible assets that have indefinite lives are tested for impairment at least annually, and more frequently in certain circumstances. Intangible assets that have finite lives, which include core deposit intangibles, customer relationships, non-compete agreements and trade names, are amortized either using the straight-line method or a method that patterns the consumption of the economic benefit. Intangible assets are amortized over their

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)**

estimated periods of benefit, which range from three to forty years. The Company periodically evaluates the recoverability of intangible assets and takes into account events or circumstances that warrant revised estimates of useful lives or that indicate impairment exists.

Goodwill is assessed for impairment at least annually at the reporting unit level either qualitatively or quantitatively. If the elected qualitative assessment results indicate that it is more likely than not that the fair value of a reporting unit is less than its carrying amount, then the quantitative impairment test is required. Various valuation methodologies are applied to carry out the first step of the quantitative impairment test by comparing the fair value of the reporting unit to its carrying amount, including goodwill. If the fair value of the reporting unit is less than its carrying amount, a second step is required to measure the amount of impairment by comparing the implied fair value of the goodwill assigned to the reporting unit with the carrying amount of that goodwill. Goodwill impairment is recognized through noninterest expense as a direct write down to its carrying amount and subsequent reversals of goodwill impairment are prohibited.

Other Investments

The Company invests in limited liability partnerships and other entities operating qualified affordable housing projects. These LIHC investments provide tax benefits to investors in the form of tax deductions from operating losses and tax credits. The LIHC investments are initially recorded at cost, and are subsequently accounted for under the proportional amortization method, when such requirements are met to apply that methodology. Under the proportional amortization method, the Company amortizes the initial investment in proportion to the tax credits and other tax benefits allocated to the Company, with amortization recognized in the statement of income as a component of income tax expense. When the requirements are not met to apply the proportional amortization method, the investment is accounted for under the equity method of accounting with equity method losses recorded in noninterest expense. LIHC investments are reviewed periodically for impairment.

The Company also invests in limited liability entities and trusts that operate renewable energy projects, either directly or indirectly. Tax credits, taxable income and distributions associated with these renewable energy projects may be allocated to investors according to the terms of the partnership agreements. These investments are accounted for under the equity method and are reviewed periodically for impairment, considering projected operating results and realizability of tax credits. For those projects where economic benefits are not allocated based on pro rata ownership percentage, the Company accounts for its investments using the hypothetical liquidation at book value ("HLBV") method. Under the HLBV method, the Company determines its share of an investee's earnings by comparing the amount it would hypothetically receive at each balance sheet reporting date under the liquidation provisions of the partnership agreements, assuming the investee's net assets were liquidated at amounts determined in accordance with GAAP and distributed to the Company, after taking capital transactions during the period into account.

Derivative Instruments Used in Hedging Relationships

The Company enters into a variety of derivative contracts as a means of managing the Company's interest rate exposure and designates such derivatives under qualifying hedge relationships. All such derivative instruments are recorded at fair value and are included in other assets or other liabilities. The Company offsets derivative assets and liabilities, and the related cash collateral receivables and payables, when a legally enforceable master netting arrangement exists between the Company and the derivative counterparty.

At hedge inception, the Company designates a derivative instrument as a hedge of the fair value of a recognized asset or liability (i.e., fair value hedge), or a hedge of the variability in the expected future cash flows associated with either an existing recognized asset or liability or a probable forecasted transaction (i.e., cash flow hedge).

Where hedge accounting is applied at hedge inception, the Company formally documents its risk management objective and strategy for undertaking the hedge, which includes identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, and how the hedge's effectiveness will be assessed prospectively and retrospectively. Both at the inception of the hedge and on an ongoing basis, the hedging instrument must be highly effective in offsetting changes in fair values or cash flows of the hedged item in order to qualify for hedge accounting.

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)**

For fair value hedges, any ineffectiveness is recognized in noninterest expense in the period in which it arises. For cash flow hedges, only ineffectiveness resulting from over-hedging is recorded in earnings as an adjustment to noninterest expense, with other changes in the fair value of the derivative instrument recognized in other comprehensive income. For cash flow hedges of interest rate risk, the amount in other comprehensive income is subsequently reclassified to net interest income in the period in which the cash flow from the hedged item is recognized in earnings. If a derivative instrument is no longer determined to be highly effective as a designated hedge, hedge accounting is discontinued and subsequent fair value adjustments of the derivative instrument are recorded in earnings.

Transfers of Financial Assets

Transfers of financial assets in which the Company has surrendered control over the transferred assets are accounted for as sales. Control is generally considered to have been surrendered when the transferred assets have been legally isolated from the Company, the transferee has the right to pledge or exchange the assets without any significant constraints, and the Company has not entered into a repurchase agreement, does not hold unconditional call options and has not written put options on the transferred assets. In assessing whether control has been surrendered, the Company considers whether the transferee would be a consolidated affiliate and the impact of all arrangements or agreements made contemporaneously with, or in contemplation of, the transfer, even if they were not entered into at the time of transfer.

Revenues from Contracts with Customers

Revenues from contracts with customers include service charges on deposit accounts, trust and investment management fees, brokerage commissions and fees, card processing fees, net, investment banking and syndication fees, and fees from affiliates. The Company recognizes revenue from contracts with customers according to a five-step revenue recognition model: (1) identify the contract(s) with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenue when (or as) the entity satisfies a performance obligation. The Company's contracts with customers generally contain a single performance obligation or separately identified performance obligations, each with a stated transaction price and generally do not involve a significant timing difference between satisfaction of the performance obligation and customer payment. Revenues are recognized over time or at a point in time as the performance obligations are satisfied. Revenues are generally not variable and do not involve significant estimates or constraints.

Transfer Pricing

Employees of the Company perform management and support services to MUFG Bank, Ltd. in connection with the operation and administration of MUFG Bank, Ltd.'s businesses in the Americas. In consideration for the services provided, MUFG Bank, Ltd. pays the Company fees under a master services agreement, which reflects market-based pricing for those services. The Company recognizes transfer pricing revenue when delivery (performance) has occurred or services have been rendered. Revenue is typically recognized based on the gross amount billed to MUFG Bank, Ltd. without netting the associated costs to perform those services. Gross presentation is typically deemed appropriate in these instances as the Company acts as a principal when providing these services directly to MUFG Bank, Ltd. Transfer pricing revenue is included in fees from affiliates revenue.

Income Taxes

The Company files consolidated U.S. federal income tax returns, foreign tax returns and various combined and separate company state income tax returns.

We record a provision for income taxes for the anticipated tax consequences of the reported results of operations using the asset and liability method. Under this method, we recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, as well as for loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to taxable income for the years in which those tax assets and liabilities are expected to be realized or settled. We recognize the deferred income tax effects of a change in tax rates in the period of the enactment.

We recognize tax benefits from uncertain tax positions only if we believe that it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of

Table of Contents**Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)**

the position. We make adjustments to these reserves in accordance with the income tax accounting guidance when facts and circumstances change, such as the closing of a tax audit or the refinement of an estimate. To the extent that the final tax outcome of these matters is different from the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made, and could have a material impact on our financial condition and operating results. Foreign taxes paid are generally applied as credits to reduce U.S. federal income taxes payable.

Employee Pension and Other Postretirement Benefits

The Company provides a variety of pension and other postretirement benefit plans for eligible employees and retirees. Net periodic pension and other postretirement benefit cost is recognized over the approximate service period of plan participants and includes significant discount rate and plan asset return assumptions.

Stock-Based Compensation

The Company grants restricted stock units settled in ADRs representing shares of common stock of the Company's ultimate parent company, MUFG, to employees. The Company recognizes compensation expense on restricted stock units granted on a straight-line basis over the vesting period for non-retirement eligible employees based on the grant date fair value of MUFG ADRs. Restricted stock units granted to employees who are retirement eligible or will become retirement eligible during the vesting period are expensed as of the grant date or on a straight-line basis over the period from the grant date to the date the employee becomes retirement eligible. Forfeitures are recognized as incurred.

Business Combinations

The Company accounts for all business combinations using the acquisition method of accounting. Assets and liabilities acquired are recorded at fair value at the acquisition date, with the excess of purchase price over the fair value of the net assets acquired (including identifiable intangibles) recorded as goodwill. Management may further adjust the acquisition date fair values for a period of up to one year from the date of acquisition. The recognition at the acquisition date of an allowance for loan losses is not carried over or recorded as of acquisition date, as credit-related factors are incorporated directly into the fair value measurement of the loans. For combinations between entities under common control, assets and liabilities acquired are recorded at book value at the transfer date.

Recently Issued Accounting Pronouncements***Accounting for Leases***

In February 2016, the FASB issued ASU 2016-02, *Leases*, which will require entities that lease assets (i.e., lessees) to recognize assets and liabilities on their balance sheet for the rights and obligations created by those leases. The accounting by entities that own the assets leased (i.e., lessors) will remain largely unchanged; however, leveraged lease accounting will no longer be permitted for leases that commence after the effective date. The ASU will also require qualitative and quantitative disclosures about the amount, timing and uncertainty of cash flows arising from leases. The ASU is effective for interim and annual periods beginning on January 1, 2019 and requires a modified retrospective approach, with early adoption permitted. In July 2018, the FASB issued ASU 2018-11, *Leases*, which allows entities the option to recognize a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. In December 2018, the FASB issued ASU 2018-20, *Leases*, which clarified lessor accounting for sales and similar taxes collected by lessors, certain lessor costs, and lease payments with lease and nonlease components. Effective January 1, 2019 the Company adopted this guidance which does not significantly impact the Company's financial position or results of operations.

Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)

Measurement of Credit Losses on Financial Instruments

In June 2016, the FASB issued ASU 2016-13, *Measurement of Credit Losses on Financial Instruments*, which provides new guidance on the accounting for credit losses for instruments that are within its scope. This new guidance is commonly referred to as the current expected credit loss ("CECL") model. For loans and debt securities accounted for at amortized cost, certain off-balance sheet credit exposures, net investments in leases, and trade receivables, the ASU requires an entity to recognize its estimate of credit losses expected over the life of the financial instrument or exposure. Lifetime expected credit losses on purchased financial assets with credit deterioration will be recognized as an allowance with an offset to the cost basis of the asset. For available for sale debt securities, the new standard will require recognition of expected credit losses by recognizing an allowance for credit losses when the fair value of the security is below amortized cost and the recognition of this allowance is limited to the difference between the security's amortized cost basis and fair value. The ASU is effective for interim and annual periods beginning on January 1, 2020, with early adoption permitted in 2019. The Company plans to adopt the ASU on January 1, 2020. The Company is in the design phase of the implementation. Management is currently assessing the impact of this guidance on the Company's financial position or results of operations.

Simplifying the Test for Goodwill Impairment

In January 2017, the FASB issued ASU 2017-04, *Simplifying the Test for Goodwill Impairment*. The ASU removes Step 2 of the goodwill impairment test, which measures a goodwill impairment loss by comparing the implied fair value of a reporting unit's goodwill with the carrying amount of that goodwill. Under the amendments, a goodwill impairment loss will be measured as the amount by which a reporting unit's carrying amount exceeds its fair value; however, the loss recognized cannot exceed the total amount of goodwill allocated to that reporting unit. Additionally, an entity should consider income tax effects from any tax deductible goodwill on the carrying amount of the reporting unit when measuring the goodwill impairment loss. The ASU will be effective for MUAH beginning January 1, 2020 on a prospective basis. Management does not expect the adoption of this guidance to significantly impact the Company's financial position or results of operations.

Premium Amortization on Purchased Callable Debt Securities

In March 2017, the FASB issued ASU 2017-08, *Premium Amortization on Purchased Callable Debt Securities*, which requires premiums on certain purchased callable debt securities to be amortized to the earliest call date. Under current guidance, premiums on callable debt securities are generally amortized over the contractual life of the security. The amortization period for callable debt securities purchased at a discount will not be impacted. Effective January 1, 2019 the Company adopted this guidance which does not significantly impact the Company's financial position or results of operations.

Targeted Improvements to Accounting for Hedging Activities

In August 2017, the FASB issued ASU 2017-12, *Targeted Improvements to Accounting for Hedging Activities*, which will make more hedging strategies eligible for hedge accounting, simplify the application of hedge accounting, and enhance the transparency and understandability of hedge results. The guidance eliminates the requirement to separately measure and report hedge ineffectiveness and generally requires the entire change in the fair value of a hedging instrument to be presented in the same income statement line as the hedged item. It also amends the disclosure requirements and changes how entities assess effectiveness. Effective January 1, 2019 the Company adopted this guidance which does not significantly impact the Company's financial position or results of operations.

Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies disclosure requirements on fair value measurements to improve their effectiveness. The guidance permits entities to consider materiality when evaluating fair value measurement disclosures and, among other modifications, requires certain new disclosures related to Level 3 fair value measurements. The guidance will be effective for MUAH beginning January 1, 2020, with early adoption permitted. The guidance only affects disclosures in the notes to the consolidated financial statements and will

Table of Contents

Note 1—Summary of Significant Accounting Policies and Nature of Operations (Continued)

not affect the Company's financial position or results of operations.

Recently Adopted Accounting Pronouncements

Revenue from Contracts with Customers

Effective January 1, 2018, the Company adopted ASU 2014-09, *Revenue from Contracts with Customers*, which provides guidance on the core principle that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This ASU applies to all contracts with customers, except financial instruments, guarantees, lease contracts, insurance contracts and certain non-monetary exchanges. This guidance did not significantly affect the Company's financial position or results of operations.

Principal versus Agent Considerations (Reporting Revenue Gross versus Net)

Effective January 1, 2018, the Company adopted ASU 2016-08, *Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*. The ASU amends ASU 2014-09, *Revenue from Contracts with Customers*, with respect to assessing whether an entity is a principal (and thus presents revenue gross) or an agent (and thus presents revenue net). The amendments retain the guidance that the principal in an arrangement controls a good or service before it is transferred to a customer and clarify: (1) that an entity must first identify the specified good or service being provided to the customer; (2) that the unit of account for the principal versus agent assessment is each specified good or service promised in a contract; (3) indicators and examples to help an entity evaluate whether it is the principal; and (4) how to assess whether an entity controls services performed by another party. As a result of adopting ASU 2016-08, beginning January 1, 2018, certain expenses that were previously presented as a reduction of related fees from affiliates and investment banking and syndication fees are presented in noninterest expense.

Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost

Effective January 1, 2018, the Company adopted ASU 2017-07, *Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*, which amended the income statement presentation of the components of net periodic benefit cost for sponsored defined benefit pension and other postretirement plans. As a result of adopting ASU 2017-07, the salaries and employee benefits expense and other expense categories in noninterest expense have been adjusted to reflect adoption of this guidance as follows.

(Dollars in millions)	For the Year Ended			For the Year Ended		
	2017			2016

Other	508	(119)	389	479	(84)	395

Disclosure Framework - Changes to the Disclosure Requirements for Defined Benefit Plans

In August 2018, the FASB issued ASU 2018-14, *Disclosure Framework - Changes to the Disclosure Requirements for Defined Benefit Plans*, which modifies the disclosure requirements for employers that sponsor defined benefit pension or other postretirement plans to improve the effectiveness of the disclosures. The guidance includes new requirements to disclose the weighted-average interest crediting rate for cash balance plans and an explanation of the reasons for significant gains and losses related to changes in the benefit obligation. The Company early adopted this guidance, which is reflected in Note 15. This guidance did not affect the Company's financial position or results of operations.

Note 2—Securities**Securities Available for Sale**

At December 31, 2018 and 2017, the amortized cost, gross unrealized gains, gross unrealized losses and fair values of securities available for sale are presented below.

At December 31, 2018, the Company did not have the intent to sell any securities in an unrealized loss position before a recovery of the amortized cost, which may be at maturity. The Company also believes that it is more likely than not that it will not be required to sell the securities prior to recovery of amortized cost.

Agency residential mortgage-backed securities consist of securities guaranteed by a U.S. government corporation, such as Ginnie Mae, or a government-sponsored agency such as Freddie Mac or Fannie Mae. These securities are collateralized by residential mortgage loans and may be prepaid at par prior to maturity. The unrealized losses on agency residential mortgage-backed securities resulted from changes in interest rates and not from changes in credit quality. At December 31, 2018, the Company expects to recover the entire amortized cost basis of these securities because the Company determined that the strength of the issuers'

[Table of Contents](#)

Note 2—Securities (Continued)

guarantees through direct obligations or support from the U.S. government is sufficient to protect the Company from losses.

Commercial mortgage-backed securities are collateralized by commercial mortgage loans and are generally subject to prepayment penalties. The unrealized losses on commercial mortgage-backed securities resulted from higher market yields since purchase. Cash flow analysis of the underlying collateral provides an estimate of other-than-temporary impairment, which is performed quarterly when the fair value of a security is lower than its amortized cost. Based on the analysis performed as of December 31, 2018, the Company expects to recover the entire amortized cost basis of these securities.

The Company's CLOs consist of Cash Flow CLOs. A Cash Flow CLO is a structured finance product that securitizes a diversified pool of loan assets into multiple classes of notes. Cash Flow CLOs pay the note holders through the receipt of interest and principal repayments from the underlying loans unlike other types of CLOs that pay note holders through the trading and sale of underlying collateral. Unrealized losses typically arise from widening credit spreads and deteriorating credit quality of the underlying collateral. Cash flow analysis of the underlying collateral provides an estimate of other-than-temporary impairment, which is performed quarterly when the fair value of a security is lower than its amortized cost. Based on the analysis performed as of December 31, 2018, the Company expects to recover the entire amortized cost basis of these securities.

Other debt securities primarily consist of direct bank purchase bonds, which are not rated by external credit rating agencies. The unrealized losses on these bonds resulted from a higher return on capital expected by the secondary market compared with the return on capital required at the time of origination when the bonds were purchased. The Company estimates the unrealized loss for each security by assessing the underlying collateral of each security. The Company estimates the portion of loss attributable to credit based on the expected cash flows of the underlying collateral using estimates of current key assumptions, such as probability of default and loss severity. Cash flow analysis of the underlying collateral provides an estimate of other-than-temporary impairment, which is performed quarterly when the fair value of a security is lower than its amortized cost and potential impairment is identified. Based on the analysis performed as of December 31, 2018, the Company expects to recover the entire amortized cost basis of these securities.

The fair value of debt securities available for sale by contractual maturity are shown below. Actual maturities may differ from contractual maturities because borrowers may have the right to prepay obligations with or without prepayment penalties.

(Dollars in millions)	December 31, 2018				
	One Year or Less	Over One Year Through Five Years	Over Five Years Through Ten Years	Over Ten Years	Total Fair Value

Amortized cost is defined as the original purchase cost, adjusted for any accretion or amortization of a purchase discount or premium, less principal payments and any impairment previously recognized in earnings. The carrying amount is the difference between the amortized cost and the amount recognized in OCI. The amount recognized in OCI primarily reflects the unrealized gain or loss at date of transfer from available for sale to the held to maturity classification, net of amortization, which is recorded in interest income on securities.

Securities Pledged and Received as Collateral

At December 31, 2018 and December 31, 2017, the Company pledged \$11.9 billion and \$12.3 billion of available for sale and trading securities as collateral, respectively, of which \$1.3 billion and \$1.2 billion, respectively, was permitted to be sold or repledged. These securities were pledged as collateral for derivative liability positions, securities loaned or sold under repurchase agreements, securities lending and to secure public and trust department deposits.

At December 31, 2018 and December 31, 2017, the Company received \$33.1 billion and \$31.8 billion, respectively, of collateral, of which \$33.1 billion and \$31.8 billion, respectively, was permitted to be sold or repledged. Of the collateral received, the Company sold or repledged \$32.1 billion and \$30.4 billion at December 31, 2018 and December 31, 2017, respectively, for derivative asset positions and securities borrowed or purchased under resale agreements.

For further information related to the Company's significant accounting policies on securities pledged as collateral, see Note 1 to the Consolidated Financial Statements in Part II, Item 8. "Financial Statements and Supplementary Data" of this Form 10-K.

Loans 90 days or more past due and still accruing interest totaled \$23 million and \$12 million at December 31, 2018 and 2017, respectively.

Table of Contents**Note 3—Loans and Allowance for Loan Losses (Continued)***Credit Quality Indicators*

Management analyzes the Company's loan portfolios by applying specific monitoring policies and procedures that vary according to the relative risk profile and other characteristics within the various loan portfolios. Loans within the commercial portfolio segment are classified as either pass or criticized. Criticized credits are those that have regulatory risk ratings of special mention, substandard or doubtful; classified credits are those that have regulatory risk ratings of substandard or doubtful. Special mention credits are potentially weak, as the borrower has begun to exhibit deteriorating trends, which, if not corrected, may jeopardize repayment of the loan and result in further downgrade. Substandard credits have well-defined weaknesses, which, if not corrected, could jeopardize the full satisfaction of the debt. A credit classified as doubtful has critical weaknesses that make full collection improbable on the basis of currently existing facts and conditions.

The following tables summarize the loans in the commercial portfolio segment monitored for credit quality based on regulatory risk ratings.

December 31, 2018				
(Dollars in millions)	Pass	Criticized		Total
		Special Mention	Classified	
Commercial and industrial	\$ 25,191	\$ 355	\$ 622	\$ 26,168
Commercial mortgage	15,138	105	111	15,354
Construction	1,542	8	63	1,613
Total commercial portfolio	<u>\$ 41,871</u>	<u>\$ 468</u>	<u>\$ 796</u>	<u>\$ 43,135</u>

December 31, 2017				
(Dollars in millions)	Pass	Criticized		Total
		Special Mention	Classified	
Commercial and industrial	\$ 23,632	\$ 435	\$ 747	\$ 24,814
Commercial mortgage	14,081	80	159	14,320
Construction	1,632	15	128	1,775
Total commercial portfolio	<u>\$ 39,345</u>	<u>\$ 530</u>	<u>\$ 1,034</u>	<u>\$ 40,909</u>

The Company monitors the credit quality of its consumer portfolio segment based primarily on payment status. The following tables summarize the loans in the consumer portfolio segment, which exclude \$6 million and \$8 million of loans covered by FDIC loss share agreements, at December 31, 2018 and 2017, respectively.

December 31, 2018			
(Dollars in millions)	Accrual	Nonaccrual	Total
Residential mortgage	\$ 38,314	\$ 121	\$ 38,435
Home equity and other consumer loans	4,912	19	4,931
Total consumer portfolio	<u>\$ 43,226</u>	<u>\$ 140</u>	<u>\$ 43,366</u>

December 31, 2017			
(Dollars in millions)	Accrual	Nonaccrual	Total
Residential mortgage	\$ 35,534	\$ 104	\$ 35,638
Home equity and other consumer loans	3,437	22	3,459
Total consumer portfolio	<u>\$ 38,971</u>	<u>\$ 126</u>	<u>\$ 39,097</u>

The Company also monitors the credit quality for substantially all of its consumer portfolio segment using credit scores provided by FICO and refreshed LTV ratios. FICO credit scores are refreshed at least quarterly to monitor the quality of the portfolio. Refreshed LTV measures the principal balance of the loan as a percentage of the estimated current value of the property securing the loan. Home equity loans are evaluated using combined LTV, which measures the principal

balance of the combined loans that have liens against the property (including

100

Table of Contents

Note 3—Loans and Allowance for Loan Losses (Continued)

unused credit lines for home equity products) as a percentage of the estimated current value of the property securing the loans. The LTV ratios are refreshed on a quarterly basis, using the most recent home pricing index data available for the property location.

The following tables summarize the loans in the consumer portfolio segment based on refreshed FICO scores and refreshed LTV ratios at December 31, 2018 and 2017. These tables exclude loans covered by FDIC loss share agreements, as discussed above. The amounts presented reflect unpaid principal balances less partial charge-offs.

(Dollars in millions)	December 31, 2018

Troubled Debt Restructurings

The following table provides a summary of the Company's recorded investment in TDRs as of December 31, 2018 and 2017. The summary includes those TDRs that are on nonaccrual status and those that continue to accrue interest. The Company had \$49 million and \$66 million in commitments to lend additional funds to borrowers with loan modifications classified as TDRs as of December 31, 2018 and 2017, respectively.

(Dollars in millions)	December 31,	
	2018	2017
Commercial and industrial	\$ 109	\$ 202
Commercial mortgage	46	7
Construction	63	128
Total commercial portfolio	<u>218</u>	<u>337</u>
Residential mortgage	196	215
Home equity and other consumer loans	21	25
Total consumer portfolio	<u>217</u>	<u>240</u>
Total restructured loans	<u>\$ 435</u>	<u>\$ 577</u>

In 2018, TDR modifications in the commercial portfolio segment were substantially composed of interest rate changes, maturity extensions, forbearance, conversions from revolving lines of credit to term loans, or some combination thereof. In the consumer portfolio segment, modifications were primarily composed of maturity extensions. Charge-offs related to TDR modifications for the year ended December 31, 2018 and December 31, 2017 were de minimis. For the commercial and consumer portfolio segments, the allowance for loan losses for TDRs was measured on an individual loan basis or in pools with similar risk characteristics.

Table of Contents

Note 3—Loans and Allowance for Loan Losses (Continued)

The following tables provide the pre- and post-modification outstanding recorded investment amounts of TDRs as of the date of the restructuring that occurred during the years ended December 31, 2018 and 2017.

(Dollars in millions)	For the Year Ended December 31, 2018		For the Year Ended December 31, 2017	
	Pre-Modification Outstanding Recorded Investment ⁽¹⁾	Post-Modification Outstanding Recorded Investment ⁽²⁾	Pre-Modification Outstanding Recorded Investment ⁽¹⁾	Post-Modification Outstanding Recorded Investment ⁽²⁾
Commercial and industrial	\$ 165	\$ 165	\$ 186	\$ 186
Commercial mortgage	4	4	5	5
Construction	—	—	152	131
Total commercial portfolio	169	169	343	322
Residential mortgage	9	9	16	16
Home equity and other consumer loans	2	2	3	3
Total consumer portfolio	11	11	19	19
Total	\$ 180	\$ 180	\$ 362	\$ 341

(1) Represents the recorded investment in the loan immediately prior to the restructuring event.

(2) Represents the recorded investment in the loan immediately following the restructuring event. It includes the effect of paydowns that were required as part of the restructuring terms.

The following tables provide the recorded investment amounts of TDRs at the date of default, for which there was a payment default during the years ended December 31, 2018 and 2017, and where the default occurred within the first twelve months after modification into a TDR. A payment default is defined as the loan being 60 days or more past due.

(Dollars in millions)	December 31,	
	2018	2017
Commercial and industrial	\$ —	\$ 19
Commercial mortgage	—	1
Total commercial portfolio	—	20
Residential mortgage	3	3
Home equity and other consumer loans	—	—
Total consumer portfolio	3	3
Total	\$ 3	\$ 23

For loans in the consumer portfolio in which impairment is measured using the present value of expected future cash flows discounted at the loan's effective interest rate, historical payment defaults and the propensity to redefault are some of the factors considered when determining the allowance for loan losses.

[Table of Contents](#)**Note 3—Loans and Allowance for Loan Losses (Continued)***Loan Impairment*

Loans that are individually evaluated for impairment include larger nonaccruing loans within the commercial and industrial, construction, and commercial mortgage loan portfolios and loans modified in a TDR. The Company records an impairment allowance when the value of an impaired loan is less than the recorded investment in the loan.

The following tables show information about impaired loans by class as of December 31, 2018 and 2017.

(Dollars in millions)	December 31, 2018					
	Recorded Investment			Allowance for Impaired Loans	Unpaid Principal Balance	
	With an Allowance	Without an Allowance	Total		With an Allowance	Without an Allowance

Loan Concentrations

The Company's most significant concentrations of credit risk within its loan portfolio include residential mortgage loans, commercial real estate loans, and commercial and industrial loans made to the financial and insurance industry, power and utilities industry, manufacturing industry, and business services industry. At December 31, 2018, the Company had \$38 billion in residential mortgage loans, substantially in California. The Company had \$16 billion in loans made to the commercial real estate industry and an additional \$4 billion in unfunded commitments. At December 31, 2018, the Company had \$7 billion in loans made to the financial and insurance industry and an additional \$7 billion in unfunded commitments. At December 31, 2018, the Company had \$4 billion in loans made to the power and utilities industry and an additional \$5 billion in unfunded commitments. At December 31, 2018, the Company had \$4 billion in loans made to the manufacturing industry and an additional \$3 billion in unfunded commitments. At December 31, 2018, the Company had \$3 billion in loans made to the business services industry and an additional \$2 billion in unfunded commitments.

Table of Contents**Note 4—Other Assets***Other Assets*

The following table shows the balances of other assets as of December 31, 2018 and 2017.

(Dollars in millions)	December 31, 2018	December 31, 2017
Other investments	\$ 3,250	\$ 3,412
Premises and equipment, net	635	610
Software	445	424
Intangible assets	444	377
OREO	1	—
Other	4,845	4,587
Total other assets	<u>\$ 9,620</u>	<u>\$ 9,410</u>

Note 5—Goodwill and Other Intangible Assets*Goodwill*

The changes in the carrying amount of goodwill during 2018 and 2017 are shown in the table below.

(Dollars in millions)	2018	2017
Goodwill, beginning of year	\$ 3,301	\$ 3,225
Net change from transferred subsidiaries ⁽¹⁾	—	76
Goodwill, end of year	<u>\$ 3,301</u>	<u>\$ 3,301</u>

(1) For additional information on transferred subsidiaries, see Note 21 Related Party Transactions.

For impairment testing, goodwill was assigned to the following operating segments at December 31, 2018 and 2017:

(Dollars in millions)	2018	2017
Regional Bank	\$ 2,134	\$ 2,134
U.S. Wholesale & Investment Banking	840	840
Transaction Banking	251	251
MUFG Fund Services	76	76
Goodwill, end of year	<u>\$ 3,301</u>	<u>\$ 3,301</u>

The Company reviews its goodwill for impairment on an annual basis and whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. The annual goodwill impairment test was performed as of April 1, 2018 and 2017. Based on these tests, we concluded that goodwill allocated to our reporting units was not impaired at December 31, 2018 or 2017. Fair values of the Company's reporting units exceeded their carrying amounts and did not generally represent a significant risk of goodwill impairment based on current projections and valuations.

Table of Contents**Note 5—Goodwill and Other Intangible Assets (Continued)***Intangible Assets*

The table below reflects the Company's identifiable intangible assets and accumulated amortization at December 31, 2018 and 2017.

(Dollars in millions)	December 31, 2018			December 31, 2017		
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount

Table of Contents

Note 6—Variable Interest Entities

In the normal course of business, the Company has certain financial interests in entities which have been determined to be VIEs. Generally, a VIE is a corporation, partnership, trust or other legal structure where the equity investors do not have substantive voting rights, an obligation to absorb the entity's losses or the right to receive the entity's returns, or the ability to direct the significant activities of the entity. The following discusses the Company's consolidated and unconsolidated VIEs.

Consolidated VIEs

The following tables present the assets and liabilities of consolidated VIEs recorded on the Company's consolidated balance sheets at December 31, 2018 and 2017.

(Dollars in millions)	December 31, 2018					
	Consolidated Assets				Consolidated Liabilities	
	Interest Bearing Deposits in Banks	Loans Held for Investment, Net	Other Assets	Total Assets	Other Liabilities	Total Liabilities
LIHC investments	\$ —	\$ —	\$ 43	\$ 43	\$ —	\$ —
Leasing investments	—	570	122	692	17	17
Total consolidated VIEs	\$ —	\$ 570	\$ 165	\$ 735	\$ 17	\$ 17

(Dollars in millions)	December 31, 2017					
	Consolidated Assets				Consolidated Liabilities	
	Interest Bearing Deposits in Banks	Loans Held for Investment, Net	Other Assets	Total Assets	Other Liabilities	Total Liabilities
LIHC investments	\$ —	\$ —	\$ 68	\$ 68	\$ —	\$ —
Leasing investments	1	583	158	742	24	24
Total consolidated VIEs	\$ 1	\$ 583	\$ 226	\$ 810	\$ 24	\$ 24

LIHC Investments

The Company sponsors, manages and syndicates two LIHC investment fund structures. These investments are designed to generate a return primarily through the realization of U.S. federal tax credits and deductions. The Company is considered the primary beneficiary and has consolidated these investments because the Company has the power to direct activities that most significantly impact the funds' economic performances and also has the obligation to absorb losses of the funds that could potentially be significant to the funds. Neither creditors nor equity investors in the LIHC investments have any recourse to the general credit of the Company, and the Company's creditors do not have any recourse to the assets of the consolidated LIHC investments.

Leasing Investments

The Company has leasing investments primarily in the wind energy, rail and coal industries. The Company is considered the primary beneficiary and has consolidated these investments because the Company has the power to direct the activities of these entities that significantly impact the entities' economic performances. The Company also has the right to receive potentially significant benefits or the obligation to absorb potentially significant losses of these investments.

Unconsolidated VIEs

The following tables present the Company's carrying amounts related to the unconsolidated VIEs at December 31, 2018 and 2017. The tables also present the Company's maximum exposure to loss resulting from its involvement with these VIEs. The maximum exposure to loss represents the carrying amount of the Company's involvement plus any legally binding unfunded commitments in the unlikely event that all of the assets in the VIEs become worthless. During 2018, 2017, and 2016, the Company had noncash increases in unfunded commitments on LIHC investments of \$87 million, \$55 million and \$125 million, respectively, included within other liabilities.

[Table of Contents](#)**Note 6—Variable Interest Entities (Continued)**

December 31, 2018

December 31, 2017								
(Dollars in millions)	Unconsolidated Assets					Unconsolidated Liabilities		
	Interest Bearing Deposits in Banks	Securities Available for Sale	Loans Held for Investment, Net	Other Assets	Total Assets	Other Liabilities	Total Liabilities	Maximum Exposure to Loss
LIHC investments	\$ —	\$ 29	\$ 228	\$ 1,028	\$ 1,285	\$ 254	\$ 254	\$ 1,284
Leasing investments	1	—	24	1,745	1,770	53	53	1,792
Other investments	—	—	24	26	50	—	—	132
Total unconsolidated VIEs	\$ 1	\$ 29	\$ 276	\$ 2,799	\$ 3,105	\$ 307	\$ 307	\$ 3,208

LIHC Investments

The Company makes investments in partnerships and funds formed by third parties. The primary purpose of the partnerships and funds is to invest in low-income housing units and distribute tax credits and tax benefits associated with the underlying properties to investors. The Company is a limited partner investor and is allocated tax credits and deductions, but has no voting or other rights to direct the activities of the funds or partnerships, and therefore is not considered the primary beneficiary and does not consolidate these investments.

The following table presents the impact of the unconsolidated LIHC investments on our consolidated statements of income for the years ended December 31, 2018, 2017 and 2016:

(Dollars in millions)	For the Years Ended December 31,		
	2018	2017	2016
Losses from LIHC investments included in other noninterest expense	\$ 7	\$ 13	\$ 8
Amortization of LIHC investments included in income tax expense	136	185	129
Tax credits and other tax benefits from LIHC investments included in income tax expense	180	193	188

Leasing Investments

The unconsolidated VIEs related to leasing investments are primarily renewable energy investments. Through its subsidiaries, the Company makes equity investments in LLCs established by third party sponsors. The LLCs are created to operate and manage wind, solar, hydroelectric and cogeneration power plant projects. Power generated by the projects is sold to third parties through long-term purchase power agreements. As a limited investor member, the Company is allocated production tax credits and taxable income or losses associated with the projects. The Company has no voting or other rights to direct the significant activities of the LLCs, and therefore is not considered the primary beneficiary and does not consolidate these investments.

Other Investments

The Company has other investments in structures formed by third parties. The Company has no voting or other rights to direct the activities of the investments that would most significantly impact the entities' performance, and therefore is not considered the primary beneficiary and does not consolidate these investments.

Table of Contents**Note 7—Deposits**

The aggregate amount of time deposits that meet or exceed the FDIC insurance limit was \$4.2 billion and \$3.1 billion at December 31, 2018 and 2017, respectively.

At December 31, 2018, the Company had \$11.7 billion in interest bearing time deposits. Maturity information for all interest bearing time deposits is summarized below.

(Dollars in millions)	December 31, 2018
Due in one year or less	\$ 7,049
Due after one year through two years	4,032
Due after two years through three years	500
Due after three years through four years	91
Due after four years through five years	66
Due after five years	1
Total	<u>\$ 11,739</u>

Note 8—Securities Financing Arrangements

The Company enters into repurchase agreements and securities lending agreements to facilitate customer match-book activity, cover short positions and fund the Company's trading inventory. The Company manages credit exposure from certain transactions by entering into master netting agreements and collateral arrangements with counterparties. The relevant agreements allow for the efficient closeout of the transaction, liquidation and set-off of collateral against the net amount owed by the counterparty following a default. Under these agreements and transactions, the Company either receives or provides collateral in the form of securities. In many cases, the Company is permitted to sell or repledge these securities held as collateral and use the securities to secure repurchase agreements or enter into securities lending transactions. In certain cases the Company may agree for collateral to be posted to a third party custodian under a tri-party arrangement that enables the Company to take control of such collateral in the event of a counterparty default. Default events generally include, among other things, failure to pay, insolvency or bankruptcy of a counterparty. For additional information related to securities pledged and received as collateral, refer to Note 2 to these consolidated financial statements.

Table of Contents

Note 8—Securities Financing Arrangements (Continued)

The following tables present the gross obligations for securities sold under agreements to repurchase and securities loaned by remaining contractual maturity and class of collateral pledged as of December 31, 2018 and December 31, 2017.

Note 8—Securities Financing Arrangements (Continued)

Offsetting Financial Assets and Liabilities

The Company primarily enters into derivative contracts, repurchase agreements and securities lending agreements with counterparties utilizing standard International Swaps and Derivatives Association Master Agreements and Credit Support Annex Agreements, Master Repurchase Agreements, and Master Securities Lending Agreements, respectively. These agreements generally establish the terms and conditions of the transactions, including a legal right to set-off amounts payable and receivable between the Company and a counterparty, regardless of whether or not such amounts have matured or have contingency features.

The following tables present the offsetting of financial assets and liabilities as of December 31, 2018 and December 31, 2017.

(Dollars in millions)	December 31, 2018

Table of Contents**Note 9—Commercial Paper and Other Short-Term Borrowings**

The following table is a summary of the Company's commercial paper and other short-term borrowings:

(Dollars in millions)	December 31, 2018	December 31, 2017
Debt issued by MUB		
Commercial paper, with a weighted average interest rate of 2.39% and 1.26% at December 31, 2018 and December 31, 2017, respectively	\$ 382	\$ 347
Federal Home Loan Bank advances, with a weighted average interest rate of 2.52% and 1.42% at December 31, 2018 and December 31, 2017, respectively	7,800	5,750
Total debt issued by MUB	8,182	6,097
Debt issued by other MUAH subsidiaries		
Short-term debt due to MUFG Bank, Ltd., with weighted average interest rates of 3.01% and 1.88% at December 31, 2018 and December 31, 2017, respectively	145	168
Short-term debt due to affiliates, with weighted average interest rates of (-0.07)% and (-0.09)% at December 31, 2018 and December 31, 2017, respectively	936	801
Total debt issued by other MUAH subsidiaries	1,081	969
Total commercial paper and other short-term borrowings	\$ 9,263	\$ 7,066

At December 31, 2018, Federal Home Loan Bank advances had a weighted average maturity of 168 days. The commercial paper outstanding had a weighted average remaining maturity of 97 days. The short-term debt due to MUFG Bank, Ltd. had a weighted average remaining maturity of 53 days and the short-term debt due to affiliates had a weighted average remaining maturity of 244 days.

Short-term debt due to MUFG Bank, Ltd. consists of both secured and unsecured fixed and floating rate borrowings.

MUSA maintains an uncommitted, unsecured lending facility with Mitsubishi UFJ Securities Holdings Co., Ltd. under which it may borrow up to JPY 160 billion (USD equivalent \$1.4 billion). Under the terms of the facility, MUSA can choose to borrow in Japanese Yen or US Dollars. Japanese Yen denominated borrowings include an irrevocable extension option allowing MUSA to extend the maturity of an individual draw by 100 days at any time prior to its original, stated maturity. At December 31, 2018, MUSA had JPY 103 billion (\$936 million USD equivalent) drawn under this facility.

Note 10—Long-Term Debt

Long-term debt consists of borrowings having an original maturity of one year or more. The following is a summary of the Company's long-term debt:

(Dollars in millions)	December 31, 2018	December 31, 2017
Debt issued by MUAH		
Senior debt:		
Floating rate senior notes due February 2018. These notes, which bore interest at 0.57% above 3-month LIBOR, had a rate of 1.97% at December 31, 2017	\$ —	\$ 250
Fixed rate 1.625% notes due February 2018	—	450
Fixed rate 2.25% notes due February 2020	—	998
Fixed rate 3.50% notes due June 2022	398	398
Fixed rate 3.00% notes due February 2025	397	496
Senior debt due to MUFG Bank, Ltd.		
Floating rate debt due March 2020. This note, which bore interest at 0.86% above 3-month LIBOR, had a rate of 2.45% at December 31, 2017	—	545
Floating rate debt due September 2020. This note, which bore interest at 0.85% above 3-month LIBOR, had a rate of 2.54% at December 31, 2017	—	3,500
Floating rate debt due December 2021. This note, which bears interest at 0.81% above 3-month LIBOR, had a rate of 3.58% at December 31, 2018	1,625	—
Floating rate debt due December 2022. This note, which bears interest at 0.90% above 3-month LIBOR, had a rate of 3.67% at December 31, 2018	3,250	—
Floating rate debt due December 2023. This note, which bears interest at 0.99% above 3-month LIBOR, had a rate of 3.76% at December 31, 2018	1,625	—
Floating rate debt due December 2023. This note, which bears interest at 0.76% above 3-month EURIBOR, had a rate of 0.76% at December 31, 2018 and at December 31, 2017	24	24
Subordinated debt due to MUFG Bank, Ltd.:		
Floating rate subordinated debt due December 2023. This note, which bore interest at 1.38% above 3-month LIBOR, had a rate of 3.07% at December 31, 2017	—	300
Junior subordinated debt payable to trusts:		
Floating rate note due September 2036. This note had an interest rate of 4.49% at December 31, 2018 and 3.29% at December 31, 2017	36	36
Total debt issued by MUAH	7,355	6,997
Debt issued by MUB		
Senior debt:		
Fixed rate FHLB of San Francisco advances due between January 2019 and December 2023. These notes bear a combined weighted average rate of 2.66% at December 31, 2018 and 1.51% at December 31, 2017	9,100	1,500
Fixed rate 2.625% notes due September 2018	—	1,000
Fixed rate 2.25% notes due May 2019	498	497
Subordinated debt due to MUFG Bank, Ltd.:		
Floating rate subordinated debt due June 2023. This note, which bore interest at 1.20% above 3-month LIBOR, had a rate of 2.89% at December 31, 2017	—	750
Other	34	63
Total debt issued by MUB	9,632	3,810
Debt issued by other MUAH subsidiaries		
Senior debt due to MUFG Bank, Ltd.:		
Various floating rate borrowings due between December 2020 and May 2021. These notes, which bear interest above 3-month LIBOR had a weighted average interest rate of 2.80% at December 31, 2018 and 1.78% at December 31, 2017	250	291
Various fixed rate borrowings due between February 2019 and May 2024 with a weighted average interest rate of 1.82% (between 0.14% and 2.44%) at December 31, 2018 and 2.12% (between 1.37% and 2.65%) at December 31, 2017	244	339
Subordinated debt due to Affiliate:		
Floating rate borrowings due March 2019. These notes, which bear interest above 6-month LIBOR had an interest rate of 4.13% at December 31, 2018 and 2.95% (between 2.88% and 3.04%) at December 31, 2017	75	185

Table of Contents**Note 10—Long-Term Debt (Continued)****Non-recourse debt due to MUFG Bank, Ltd.**

Various floating rate non-recourse borrowings due between February 2019 and December 2021. These notes, which bear interest above 1- or 3-month LIBOR had a weighted average interest rate of 4.09% (between 2.75% and 4.17%) at December 31, 2018 and 3.07% (between 1.49% and 5.58%) at December 31, 2017	53	79
Fixed rate non-recourse borrowings due between January 2019 and July 2023 which had an interest rate of 3.05% at December 31, 2018 and 3.27% at December 31, 2017	187	240

Other non-recourse debt:

Various floating rate non-recourse borrowings due between February 2019 and May 2019. These notes, which bear interest above 1- or 3-month LIBOR had a weighted average interest rate of 4.21% (between 4.17% and 4.48%) at December 31, 2018 and 2.88% (between 2.50% and 3.54%) at December 31, 2017	89	185
Fixed rate non-recourse borrowings due December 2026 which had an interest rate of 5.34% at December 31, 2018 and December 31, 2017	33	36
Total debt issued by other MUAH subsidiaries	931	1,355
Total long-term debt	\$ 17,918	\$ 12,162

Senior Debt

Certain of the debt issuances are repayable prior to maturity at the Company's option at a redemption price equal to 100% of par plus accrued interest. MUAH senior debt was issued under a shelf registration statement with the SEC, which expired as of January 29, 2018. In the fourth quarter of 2018, the Company redeemed all of the \$1.0 billion of the senior notes due 2020 and \$100 million of the senior notes due 2025.

MUB senior debt is issued as part of MUB's \$12 billion bank note program under which MUB may issue, from time to time, senior unsecured debt obligations with maturities of more than one year from their respective dates of issue and subordinated debt obligations with maturities of five years or more from their respective dates of issue. At December 31, 2018 there is \$5.9 billion available for issuance under the program. MUB does not have any firm commitments in place to sell notes under this program.

MUAH Senior Debt due to MUFG Bank, Ltd.

In December 2018, MUAH entered into a Master Internal Total Loss Absorbing Capacity Loan Agreement with MUFG Bank, Ltd., under which MUAH initially borrowed an aggregate of \$6.5 billion to comply with the Federal Reserve's TLAC rule (12 CFR Section 252.165). MUAH may prepay the notes, in whole or in part, two years prior to the stated maturities. The outstanding principal of the notes can be declared due and payable immediately, together with any accrued and unpaid interest, in the event of liquidation, insolvency or similar proceeding with respect to MUAH or all or substantially all of its property. Under certain circumstances, the Federal Reserve may issue a conversion order pursuant to the TLAC rule (12 CFR Section 252.163) that would result in the conversion of any then-outstanding note, in whole or in part, to MUAH equity issued to MUFG Bank, Ltd.

During the first quarter of 2017, MUAH borrowed \$3.5 billion from MUFG Bank, Ltd. in the form of a senior loan. This loan and the \$545 million loan outstanding at December 31, 2017 were repaid early in conjunction with the December 2018 TLAC borrowing.

Senior Debt due to MUFG Bank, Ltd. by other MUAH subsidiaries

MUAH's subsidiaries also borrow on a long-term basis from MUFG Bank, Ltd. At December 31, 2018, \$250 million of senior debt issued to MUFG Bank, Ltd. was floating rate and linked to customer deposits maintained at MUFG Bank, Ltd.'s New York Branch. An additional \$244 million was fixed rate, amortizing funding tied to specific assets owned by MUAH's subsidiaries.

FHLB Senior Debt

The Bank borrows periodically from the FHLB on a medium-term basis. The advances are secured by certain of the Bank's assets and bear either a fixed or a floating interest rate. The floating rates are tied to the three-month LIBOR plus a spread, reset every 90 days. As of December 31, 2018 and December 31, 2017, the Bank had \$44.3 billion and \$43.0 billion of pledged loans, respectively, as collateral for short-term and medium-term advances from the FHLB.

Table of Contents**Note 10—Long-Term Debt (Continued)***Subordinated Debt due to MUFG Bank, Ltd.*

The terms and conditions of the subordinated debt due to MUFG Bank, Ltd. were equivalent to those which would apply in a similar transaction with a non-related party. The subordinated debt due to MUFG Bank, Ltd. was a junior obligation to MUAH's and to the Bank's existing and future outstanding senior indebtedness, and qualified as Tier 2 capital under the federal banking agency risk-based capital guidelines. This debt was repaid early during 2018.

Subordinated Debt due to Affiliate

MUSA maintains subordinated funding provided by an affiliate. This subordinated debt is a junior obligation to MUSA's existing and future outstanding senior indebtedness.

Non-recourse Debt

Non-recourse debt serves as funding for certain lease financings offered to customers. The lenders are secured by an interest in the underlying leased assets and have no recourse to the Company or its subsidiaries. Interest and principal on this debt is serviced entirely by the underlying assets and is not supported by the Company.

Table of Contents**Note 11—Fair Value Measurement and Fair Value of Financial Instruments***Valuation Methodologies*

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., an exit price) in an orderly transaction between willing market participants at the measurement date. The Company has an established and documented process for determining fair value for financial assets and liabilities that are measured at fair value on either a recurring or nonrecurring basis. When available, quoted market prices are used to determine fair value. If quoted market prices are not available, fair value is based upon valuation techniques that use, where possible, current market-based or independently sourced parameters, such as yield curves, foreign exchange rates, credit spreads, commodity prices and implied volatilities. Valuation adjustments may be made to ensure the financial instruments are recorded at fair value. These adjustments include amounts that reflect counterparty credit quality and that consider the Company's own creditworthiness in determining the fair value of its trading assets and liabilities.

Fair Value Hierarchy

In determining fair value, the Company maximizes the use of observable market inputs and minimizes the use of unobservable inputs. Observable inputs reflect market-derived or market-based information obtained from independent sources, while unobservable inputs reflect the Company's estimate about market data. Based on the observability of the significant inputs used, the Company classifies its fair value measurements in accordance with the three-level hierarchy as defined by GAAP. This hierarchy is based on the quality, observability, and reliability of the information used to determine fair value. The Company's policy is to recognize transfers in and out of Level 1, 2 and 3 as of the end of a reporting period.

Level 1: Valuations are based on quoted prices in active markets for identical assets or liabilities. Since the valuations are based on quoted prices that are readily available in an active market, they do not entail a significant degree of judgment.

Level 2: Valuations are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuations for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3: Valuations are based on at least one significant unobservable input that is supported by little or no market activity and is significant to the fair value measurement. Values are determined using pricing models and discounted cash flow models that include management judgment and estimation, which may be significant.

In assigning the appropriate levels, the Company performs a detailed analysis of the assets and liabilities that are measured at fair value. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. The level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement in its entirety. Therefore, an item may be classified in Level 3 even though there may be many significant inputs that are readily observable.

Valuation Processes

The Company has established a valuation committee to oversee its valuation framework for measuring fair value and to establish valuation policies and procedures. The valuation committee's responsibilities include reviewing fair value measurements and categorizations within the fair value hierarchy and monitoring the use of pricing sources, mark-to-model valuations, dealer quotes and other valuation processes. The valuation committee reports to the Company's Disclosure & Accounting Committee and meets at least quarterly.

Independent price verification is performed periodically by the Company to test the market data and valuations of substantially all instruments measured at fair value on a recurring basis. As part of its independent price verification procedures, the Company compares pricing sources, tests data variances within certain thresholds and performs variance analysis, utilizing third party valuations and both internal and external models. Results are formally reported on a quarterly basis to the valuation committee.

Table of Contents**Note 11—Fair Value Measurement and Fair Value of Financial Instruments (Continued)**

A description of the valuation methodologies used for certain financial assets and liabilities measured at fair value is as follows:

Recurring Fair Value Measurements:

Trading Account Assets: Trading account assets are recorded at fair value and primarily consist of securities and derivatives held for trading purposes. See discussion below on securities available for sale, which utilize the same valuation methodology as trading account securities. See also discussion below on derivatives valuation.

Securities Available for Sale: Securities available for sale are recorded at fair value based on readily available quoted market prices, if available. When available, these securities are classified as Level 1 and include exchange traded equities. If such quoted market prices are not available, management utilizes third-party pricing services and broker quotations from dealers in the specific instruments. These securities are classified as Level 2 and include U.S. Treasuries, U.S. government-sponsored agencies, RMBS and CMBS, CLOs, and certain other debt securities. If no market prices or broker quotes are available, internal pricing models are used. To the extent possible, these pricing model valuations utilize observable market inputs obtained for similar securities. Typical inputs include LIBOR and U.S. Treasury yield curves, benchmark yields, consensus prepayment estimates and credit spreads. When pricing model valuations use significant unobservable inputs, the securities are classified as Level 3. These other debt securities primarily include direct bank purchase bonds. The valuation of these securities is based upon a return on equity method, which incorporates a market-required return on capital, probability of default and loss severity.

Other Assets: Other assets included mortgage servicing rights, loans held for sale and derivative contracts. The fair value of the Company's mortgage servicing rights asset is determined using a discounted cash flow model with significant unobservable inputs, primarily influenced by forecasted future servicing revenues and prepayment speed assumptions. The fair value of the Company's loans held for sale is based on secondary market offerings for loans with similar characteristics. Mortgage servicing rights and loans held for sale are classified as Level 3. See discussion below on derivatives.

Derivatives: The Company's derivatives are primarily traded in over-the-counter markets where quoted market prices are not readily available. The Company values its derivatives using pricing models that are widely accepted in the financial services industry with inputs that are observable in the market or can be derived from or corroborated by observable market data. These models reflect the contractual terms of the derivatives including the period to maturity and market observable inputs such as yield curves and option volatility. Valuation adjustments are made to reflect counterparty credit quality and to consider the creditworthiness of the Company. These derivatives, which are included in trading account assets, trading account liabilities, other assets and other liabilities are generally classified as Level 2. Trading account assets and trading account liabilities include Level 3 derivatives comprised of embedded derivatives contained in market-linked CDs and matched over-the-counter options, whose fair value is obtained through unadjusted third party broker quotes, which incorporate significant unobservable inputs.

Trading Account Liabilities: Trading account liabilities are recorded at fair value and primarily consist of securities sold, not yet purchased and derivatives. See discussion above on derivatives valuation. Securities sold, not yet purchased consist of U.S. Treasury, U.S. government-sponsored agencies, state and municipal, sovereign government obligations, corporate bonds, ABS and equities and are classified as Level 2, which utilize the same valuation methodology as securities available for sale.

Other Liabilities: Other liabilities included the FDIC clawback liability and derivative contracts. The fair value of the Company's FDIC clawback liability is determined using a discounted cash flow model with significant unobservable inputs, which include probability of default and loss severity. The FDIC clawback liability is classified as Level 3. See discussion above on derivatives.

Nonrecurring Fair Value Measurements:

Individually Impaired Loans: Individually impaired loans are valued at the time the loan is identified as impaired based on the present value of the remaining expected cash flows. Because the discount factor applied is based on the loan's original effective yield rather than a current market rate, that present value does not represent fair value. However, as a practical expedient, an impaired loan may be measured based on a loan's

Table of Contents**Note 11—Fair Value Measurement and Fair Value of Financial Instruments (Continued)**

observable market price or the underlying collateral securing the loan (provided the loan is collateral dependent), which does approximate fair value. Collateral may be real estate or business assets, including equipment. The value of collateral is determined based on independent appraisals. Appraised values may be adjusted based on management's historical knowledge, changes in market conditions from the time of valuation, and management's knowledge of the client and the client's business. The loan's market price is determined using market pricing for similar assets, adjusted for management judgment. Impaired loans are reviewed and evaluated at least quarterly for additional impairment and adjusted accordingly. Impaired loans that are adjusted to fair value based on underlying collateral or the loan's market price are classified as Level 3.

Loans Held for Sale: Residential mortgage and commercial loans held for sale are recorded at the lower of cost or fair value. The fair value of fixed-rate residential loans is based on whole loan forward prices obtained from GSEs. These loans are classified as Level 2. The fair value of commercial loans held for sale may be based on secondary market offerings for loans with similar characteristics. These loan values are classified as Level 3.

Private Equity Investments and Renewable Energy Investments: Private equity investments and renewable energy investments are recorded either at cost or using the equity method and are evaluated for impairment. The valuation of these investments requires significant management judgment due to the absence of quoted market prices, lack of liquidity and the long-term nature of these assets. When required, the fair value of the investments is estimated using the net asset value or based on the investee's business model, current and projected financial performance, capital needs and our exit strategy. Private equity investments and renewable energy investments are generally classified as Level 3.

Software: Software is valued at the time it is identified as impaired. Fair value is determined using market pricing for similar assets, adjusted for management judgment. Software that is adjusted to fair value is classified as Level 3.

Consolidated LIHC VIE: The fair value of consolidated LIHC VIE investments is determined using a discounted cash flow analysis. Consolidated LIHC VIE investments are generally classified as Level 3.

Table of Contents**Note 11—Fair Value Measurement and Fair Value of Financial Instruments (Continued)***Fair Value Measurements on a Recurring Basis*

The following tables present financial assets and financial liabilities measured at fair value on a recurring basis at December 31, 2018 and 2017, by major category and by valuation hierarchy level.

(Dollars in millions)	For the Year Ended December 31, 2017				
	Trading Assets	Securities Available for Sale	Other Assets	Trading Liabilities	Other Liabilities
Asset (liability) balance, beginning of period	\$ 168	\$ 1,638	\$ 24	\$ (166)	\$ (121)
Total gains (losses) (realized/unrealized):					
Included in income before taxes	73	—	(3)	(72)	2
Included in other comprehensive income	—	(3)	—	—	—
Purchases/additions	—	83	44	—	—
Settlements	(102)	(118)	—	100	—
Asset (liability) balance, end of period	<u>\$ 139</u>	<u>\$ 1,600</u>	<u>\$ 65</u>	<u>\$ (138)</u>	<u>\$ (119)</u>
Changes in unrealized gains (losses) included in income before taxes for assets and liabilities still held at end of period	\$ 73	\$ —	\$ (3)	\$ (72)	\$ 2

The following table presents information about significant unobservable inputs related to the Company's significant Level 3 assets and liabilities at December 31, 2018.

(Dollars in millions)	December 31, 2018				
	Level 3 Fair Value	Valuation Technique	Significant Unobservable Input(s)	Range of Inputs	Weighted Average
Securities available for sale:					
Direct bank purchase bonds	\$ 1,190	Return on equity	Market-required return on capital	8.0 - 10.0 %	9.5%
			Probability of default	0.0 - 25.0 %	0.3%
			Loss severity	10.0 - 60.0 %	22.4%

The direct bank purchase bonds generally use a return on equity valuation technique. This technique uses significant unobservable inputs such as market-required return on capital, probability of default and loss severity. Increases (decreases) in any of these inputs in isolation would result in a lower (higher) fair value measurement.

Table of Contents**Note 11—Fair Value Measurement and Fair Value of Financial Instruments (Continued)***Fair Value Measurement on a Nonrecurring Basis*

Certain assets may be measured at fair value on a nonrecurring basis. These assets are subject to fair value adjustments that result from the application of the lower of cost or fair value accounting or write-downs of individual assets. For assets measured at fair value on a nonrecurring basis during the years ended December 31, 2018 and 2017 that were still held on the consolidated balance sheet as of the respective periods ended, the following tables present the fair value of such assets by the level of valuation assumptions used to determine each fair value adjustment.

(Dollars in millions)	December 31, 2018				For the Year Ended December 31, 2018
	Fair Value	Level 1	Level 2	Level 3	Gains (Losses)
Loans:

Fair Value of Financial Instruments Disclosures

In addition to financial instruments recorded at fair value in the Company's financial statements, the disclosure of the estimated fair value of financial instruments that are not carried at fair value is also required. Excluded from this disclosure requirement are lease financing arrangements, investments accounted for under the equity method, employee pension and other postretirement obligations and all nonfinancial assets and liabilities, including goodwill and other intangible assets such as long-term customer relationships. The fair values presented are estimates for certain individual financial instruments and do not represent an estimate of the fair value of the Company as a whole.

Certain financial instruments that are not recognized at fair value on the consolidated balance sheet are carried at amounts that approximate fair value due to their short-term nature. These financial instruments include cash and due from banks, interest bearing deposits in banks, federal funds sold and purchased, securities borrowed or purchased under resale agreements, securities loaned or sold under repurchase agreements and commercial paper. In addition, the fair value of deposits with no stated maturity, such as noninterest bearing demand deposits, interest bearing checking, and market rate and other savings are deemed to equal their carrying amounts.

Table of Contents**Note 11—Fair Value Measurement and Fair Value of Financial Instruments (Continued)**

Financial instruments for which their carrying amounts do not approximate fair value include securities held to maturity, loans held for investment, interest bearing deposits with stated maturities, certain other short-term borrowings, long-term debt and off-balance sheet instruments.

Securities Held to Maturity: The fair value of U.S. Treasury, U.S. government agency and government-sponsored agencies securities, including RMBS and CMBS classified as held to maturity are based on unadjusted third party pricing service prices.

Loans Held for Investment: The fair values of mortgage loans were estimated based on quoted market prices for loans with similar credit and interest rate risk characteristics. The fair values of other loans were estimated based upon the type of loan and maturity and were determined by discounting the future expected cash flows using the current origination rates for similar loans made to borrowers with similar credit ratings and include adjustments for liquidity premiums.

Interest Bearing Deposits: The fair values of savings accounts and certain money market accounts were based on the amounts payable on demand at the reporting date. The fair value of fixed maturity CDs was estimated using a discounted cash flow calculation that applies current interest rates being offered on certificates with similar maturities.

Commercial Paper and Other Short-Term Borrowings: The fair values of Federal Reserve Bank term borrowings, FHLB borrowings and term federal funds purchased were estimated using a discounted cash flow calculation that applies current market rates for applicable maturities. The carrying amounts of other short-term borrowed funds were assumed to approximate their fair value due to their limited duration.

Long-Term Debt: The fair value of senior and subordinated debt was estimated using either a discounted cash flow analysis based on current market interest rates for debt with similar maturities and credit quality or estimated using market quotes. The fair value of junior subordinated debt payable to trusts was estimated using market quotes of similar securities.

Off-Balance Sheet Instruments: Commitments to extend credit and issued standby and commercial letters of credit are instruments that generate ongoing fees, which are recognized over the term of the commitment period. The Company maintains an allowance for losses on unfunded credit commitments. At December 31, 2018, the carrying amount of these instruments was the amount of deferred fees and the fair value was estimated using a discounted cash flow calculation and reflected the portion of unused commitments expected to become funded. At December 31, 2017, the carrying value and fair value were the carrying amount of the deferred fees plus the related reserve.

[Table of Contents](#)**Note 11—Fair Value Measurement and Fair Value of Financial Instruments (Continued)**

The tables below present the carrying amount and estimated fair value of certain financial instruments, all of which are accounted for at amortized cost, classified by valuation hierarchy level as of December 31, 2018 and 2017.

[Table of Contents](#)
Note 12—Derivative Instruments and Other Financial Instruments Used For Hedging

The Company enters into certain derivative and other financial instruments primarily to assist customers with their risk management objectives and to manage the Company's exposure to interest rate risk. When entering into derivatives on behalf of customers, the Company generally acts as a financial intermediary by offsetting a significant portion of the market risk for these derivatives with third parties. The Company may also enter into derivatives for other risk management purposes. All derivative instruments are recognized as assets or liabilities on the consolidated balance sheets at fair value.

Counterparty credit risk is inherent in derivative instruments. In order to reduce its exposure to counterparty credit risk, the Company utilizes credit approvals, limits, monitoring procedures and master netting and credit support annex agreements. Additionally, the Company considers counterparty credit quality and the creditworthiness of the Company in estimating the fair value of derivative instruments.

The table below presents the notional amounts and fair value amounts of the Company's derivative instruments reported on the consolidated balance sheets, segregated between derivative instruments designated and qualifying as hedging instruments and derivative instruments not designated as hedging instruments as of December 31, 2018 and December 31, 2017. Asset and liability values are presented gross, excluding the impact of legally enforceable master netting and credit support annex agreements. The fair value of asset and liability derivatives designated and qualifying as hedging instruments and derivatives designated as other risk management are included in other assets and other liabilities, respectively. The fair value of asset and liability trading derivatives are included in trading account assets and trading account liabilities, respectively.

(Dollars in millions)	December 31, 2018			December 31, 2017		
	Notional Amount	Fair Value		Notional Amount	Fair Value	
		Asset Derivatives	Liability Derivatives		Asset Derivatives	Liability Derivatives

We recognized net losses of \$4 million, \$17 million, and \$19 million on other risk management derivatives for the years ended December 31, 2018, 2017 and 2016, respectively, which are included in other noninterest income.

Derivatives Designated and Qualifying as Hedging Instruments

The Company uses interest rate derivatives to manage the financial impact on the Company from changes in market interest rates. These instruments are used to manage interest rate risk relating to specified groups of assets and liabilities, primarily LIBOR-based commercial loans and debt issuances. Derivatives that qualify for hedge accounting are designated as either fair value or cash flow hedges.

Cash Flow Hedges

At December 31, 2018, the Company used interest rate floors with a notional amount of \$500 million and interest rate swaps with a notional amount of \$174 million to hedge the risk of changes in cash flows attributable to changes in the designated benchmark interest rate on LIBOR indexed loans and LIBOR indexed

Table of Contents

Note 12—Derivative Instruments and Other Financial Instruments Used For Hedging (Continued)

short-term borrowings, respectively. At December 31, 2018, the weighted average remaining life of active cash flow hedges was 2.6 years.

For cash flow hedges, the effective portion of the gain or loss on the hedging instruments is reported as a component of other comprehensive income and reclassified into earnings in the same period or periods during which the hedged cash flows are recognized in net interest income. Gains and losses representing hedge ineffectiveness are recognized in noninterest expense in the period in which they arise. At December 31, 2018, the Company expects to reclassify approximately \$89 million of losses from AOCI as a reduction to net interest income during the year ending December 31, 2019. This amount could differ from amounts actually realized due to changes in interest rates, hedge terminations and the addition of other hedges subsequent to December 31, 2018.

The following table presents the amount and location of the net gains and losses recorded in the Company's consolidated statements of income and changes in stockholders' equity for derivative instruments designated as cash flow hedges for the years ended December 31, 2018, 2017 and 2016:

(Dollars in millions)	Gains (Losses) Recognized in OCI (Effective Portion)			Gains (Losses) Reclassified from AOCI into Income (Effective Portion)			Gains (Losses) Recognized in Income (Ineffective Portion)				
	For the Years Ended December 31,			For the Years Ended December 31,			For the Years Ended December 31,				
	2018	2017	2016	Location	2018	2017	2016	Location	2018	2017	2016
				Interest income	\$ (34)	\$ 69	\$ 170				
Interest rate contracts	\$ (96)	\$ (35)	\$ (26)	Interest expense	—	—	(3)	Noninterest expense	\$ (1)	\$ 3	\$ —
Total	\$ (96)	\$ (35)	\$ (26)		\$ (34)	\$ 69	\$ 167		\$ (1)	\$ 3	\$ —

Fair Value Hedges

The Company engaged in an interest rate hedging strategy in which one or more interest rate swaps were associated with a specified interest bearing liability, in order to convert the liability from a fixed rate to a floating rate instrument. This strategy mitigated the changes in fair value of the hedged liability caused by changes in the designated benchmark interest rate, LIBOR.

For fair value hedges, any ineffectiveness is recognized in noninterest expense in the period in which it arises. The change in the fair value of the hedged item and the hedging instrument, to the extent completely effective, offsets with no impact on earnings.

The following tables present gains (losses) on the Company's fair value hedges and hedged item for the years ended December 31, 2018, 2017 and 2016:

For the Year Ended December 31, 2018			
(Dollars in millions)	Derivative Instrument	Hedged Item	Hedge Ineffectiveness
Interest rate risk on long-term debt	\$ (2)	\$ 2	\$ —
Total	<u>\$ (2)</u>	<u>\$ 2</u>	<u>\$ —</u>

For the Year Ended December 31, 2017			
(Dollars in millions)	Derivative Instrument	Hedged Item	Hedge Ineffectiveness
Interest rate risk on long-term debt	\$ (4)	\$ 3	\$ (1)
Total	<u>\$ (4)</u>	<u>\$ 3</u>	<u>\$ (1)</u>

Table of Contents**Note 12—Derivative Instruments and Other Financial Instruments Used For Hedging (Continued)**

(Dollars in millions)	For the Year Ended December 31, 2016		
	Derivative Instrument	Hedged Item	Hedge Ineffectiveness
Interest rate risk on long-term debt	\$ (2)	\$ 2	\$ —
Total	\$ (2)	\$ 2	\$ —

*Derivatives Not Designated as Hedging Instruments**Trading Derivatives*

Derivative instruments classified as trading are primarily derivatives entered into as an accommodation for customers. Trading derivatives are included in trading assets or trading liabilities with changes in fair value reflected in income from trading account activities. The majority of the Company's derivative transactions for customers were essentially offset by contracts with third parties that reduce or eliminate market risk exposures.

The following table presents the amount of the net gains and losses for derivative instruments classified as trading reported in the consolidated statements of income under the heading trading account activities for the years ended December 31, 2018, 2017 and 2016:

(Dollars in millions)	Gains (Losses) Recognized in Income on Trading Derivatives		
	For the Years Ended		
	December 31, 2018	December 31, 2017	December 31, 2016
Trading derivatives:			
Interest rate contracts	\$ 95	\$ (49)	\$ 137
Equity contracts	36	12	40
Foreign exchange contracts	44	43	39
Commodity contracts	—	1	2
Total	\$ 175	\$ 7	\$ 218

Offsetting Financial Assets and Liabilities

The Company primarily enters into derivative contracts with counterparties utilizing standard International Swaps and Derivatives Association Master Agreements and Credit Support Annex Agreements. These agreements generally establish the terms and conditions of the transactions, including a legal right to set-off amounts payable and receivable between the Company and a counterparty, regardless of whether or not such amounts have matured or have contingency features. For additional information related to offsetting of financial assets and liabilities, refer to Note 8 to these Consolidated Financial Statements.

Table of Contents**Note 14—Management Stock Plans**

The Company adopted the MUAH Plan on June 8, 2015. Under the MUAH Plan, the Company grants restricted stock units settled in ADRs representing shares of common stock of the Company's indirect parent company, MUFG, to key employees at the discretion of the Human Capital Committee of the Board of Directors (the Committee). The Committee determines the number of shares, vesting requirements and other features and conditions of the restricted stock units. Under the MUAH Plan, MUFG ADRs are purchased in the open market upon the vesting of the restricted stock units, through a revocable trust. There is no amount authorized to be issued under the MUAH Plan since all shares are purchased in the open market. These awards generally vest pro-rata on each anniversary of the grant date and become fully vested three years from the grant date, provided that the employee has completed the specified continuous service requirement. Generally, the grants vest earlier if the employee dies, is permanently and totally disabled, retires under certain grant, age and service conditions, or terminates employment under certain conditions. The Company also issues a small number of off-cycle grants each year, primarily for reasons related to recruitment of new employees. The weighted-average service period for grants issued under the MUAH Plan with outstanding restricted stock units as of December 31, 2018 was 3.0 years.

Participants in the MUAH Plan are entitled to "dividend equivalent credits" on their unvested restricted stock units when MUFG pays dividends to its shareholders. The credit is equal to the dividends that the participants would have received on the shares had the shares been issued to the participants when the restricted stock units were granted. "Dividend equivalent credits" arising from grants under the MUAH Plan are paid to participants in shares on an annual basis.

The following table is a rollforward of the restricted stock units under the MUAH Plan for the year ended December 31, 2018:

	Restricted Stock Units	
	2018	
	Number of Units	Weighted-Average Grant Date Fair Value
Units outstanding, beginning of year	27,838,414	\$ 5.86
Activity during the year:		
Granted	14,667,730	5.89
Vested	(13,198,540)	5.88
Forfeited	(864,534)	5.97
Units outstanding, end of year	28,443,070	5.86

The weighted-average grant date fair value of restricted stock units granted during 2017 and 2016 was 6.53 and 4.63, respectively. The total fair value of restricted stock units that vested during the years ended December 31, 2018, 2017, and 2016 was \$78 million, \$75 million, and \$49 million, respectively.

The following table is a summary of the Company's compensation costs, the corresponding tax benefit, and unrecognized compensation costs:

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Compensation costs	\$ 77	\$ 66	\$ 67
Tax benefit	20	26	26
Unrecognized compensation costs	110	111	96

At December 31, 2018, approximately \$110 million (pretax) of compensation expense related to unvested grants had not yet been charged to net income. Unrecognized compensation costs as of December 31, 2018 are expected to be amortized into compensation expense over a weighted-average period of 1.4 years.

Table of Contents**Note 15—Employee Pension and Other Postretirement Benefits***Retirement Plan*

The Company maintains the MUFG Union Bank, N.A. Retirement Plan (the Pension Plan), which is a noncontributory qualified defined benefit pension plan covering substantially all of the domestic employees of the Company. The Pension Plan provides retirement benefits based on a cash balance formula, with annual pay credits based on a participant's eligible pay multiplied by a percentage determined by their age and years of service, with annual interest credits based on 30-year Treasury bond yields. Employees become eligible for the Pension Plan after 1 year of service, and participants become vested upon completing 3 years of vesting service. Prior to 2017, certain participants earned retirement benefits based on years of credited service and the final average earnings amount, as defined in the Pension Plan; such benefits became fixed as of the effective date of certain Plan amendments implementing the cash balance formula.

The Company's funding policy is to make contributions between the minimum required and the maximum deductible amount as allowed by the Internal Revenue Code. Contributions are intended to provide not only for benefits attributed to services to date, but also for those expected to be earned in the future.

Other Postretirement Benefits

The Company maintains the MUFG Union Bank, N.A. Retiree Health Reimbursement Plan (the HRA Plan), the MUFG Union Bank, N.A. Health Benefit Plan (the Health Plan), and the MUFG Union Bank, N.A. Employee Insurance Plan (the Insurance Plan). Under the HRA Plan, which became effective January 1, 2017, eligible post-65 retirees and dependents receive Company-provided financial support to purchase individual health coverage through annual allocations to a Health Reimbursement Account (HRA) that are designed to keep pace with medical inflation. The Health Plan provides certain healthcare benefits for eligible pre-65 retired employees and dependents; costs are shared between the Company and the retiree at a level of approximately 25% to 50%, depending on the retiree's age and length of service with the Company. The Insurance Plan provides life insurance benefits for those eligible employees who retired prior to January 1, 2001 and is noncontributory. Together, the HRA Plan, the Health Plan, and the Insurance Plan are presented as "Other Benefits Plan." The accounting for the Other Benefits Plan anticipates future cost-sharing changes described above that are consistent with the Company's intent. Assets set aside to cover such obligations are primarily invested in mutual funds and insurance contracts. In April 2014 the Health Benefit Plan was amended to discontinue the availability of retiree health benefits for the majority of employees.

The following table sets forth the fair value of the assets in the Company's Pension Plan and Other Benefits Plan as of December 31, 2018 and 2017.

(Dollars in millions)	Pension Plan		Other Benefits Plan	
	Years Ended December 31,		Years Ended December 31,	
	2018	2017	2018	2017
Change in plan assets:				
Fair value of plan assets, beginning of year	\$ 3,854	\$ 3,254	\$ 288	\$ 260
Actual return on plan assets	(196)	608	(18)	44
Employer contributions	—	115	—	1
Plan participants' contributions	—	—	4	4
Benefits paid	(129)	(123)	(19)	(21)
Fair value of plan assets, end of year	<u>\$ 3,529</u>	<u>\$ 3,854</u>	<u>\$ 255</u>	<u>\$ 288</u>

The investment objective for the Company's Pension Plan and Other Benefits Plan, collectively the Plans, is to maximize total return within reasonable and prudent levels of risk. The Plans' asset allocation strategy is the principal determinant in achieving expected investment returns on the Plans' assets. The Pension Plan asset allocation strategy favors equities, with a target allocation of 53% in equity securities, 35% in debt securities, and 12% in real estate investments as of December 31, 2018. The previous targets, until the 4th quarter of 2018, were 63%, 25%, and 12%, respectively. Similarly, the Other Benefits Plan asset allocation strategy favors equities with a target allocation of 70% in equity securities and 30% in debt securities. Additionally, the Other

Table of Contents**Note 15—Employee Pension and Other Postretirement Benefits (Continued)**

Benefits Plan holds an investment in an insurance contract with Talcott Resolution Life Insurance Company, the cash value of which is invested in alignment with the target allocation. Actual asset allocations may fluctuate within acceptable ranges due to market value variability. If market fluctuations cause an asset class to fall outside of its strategic asset allocation range, the portfolio will be re-balanced as appropriate. A core equity position of domestic large cap and small cap stocks will be maintained, in conjunction with a diversified portfolio of international equities and fixed income securities. Plan asset performance is compared against established indexes and peer groups to evaluate whether the risk associated with the portfolio is appropriate for the level of return.

The Company periodically reviews the Plans' strategic asset allocation policy and the expected long-term rate of return for plan assets. The investment return volatility of different asset classes and the liability structure of the plans are evaluated to determine whether adjustments are required to the Plans' strategic asset allocation policy, taking into account the principles established in the Company's funding policy. Management periodically reviews and adjusts the long-term rate of return on assets assumption for the Plans based on the expected long-term rate of return for the asset classes and their weightings in the Plans' strategic asset allocation policy and taking into account the prevailing economic and regulatory climate and practices of other companies both within and outside our industry.

The following table provides the fair value by level within the fair value hierarchy of the Company's period-end assets by major asset category for the Pension Plan and Other Benefits Plan. For information about the fair value hierarchy levels, refer to Note 11 to these consolidated financial statements. The Plans do not hold any equity or debt securities issued by the Company or any related parties.

A description of the valuation methodologies used to determine the fair value of the Plans' assets included within the tables above is as follows:

Cash and Cash Equivalents

Cash and cash equivalents include short-term investments of government securities and other debt securities with remaining maturities of less than three months. These short-term investments are classified as Level 2 based on unadjusted prices in active markets for similar securities. Money market funds were measured at net asset value (NAV) per share and are included in the tables above showing Plan investments that are measured using NAV per share (or its equivalent) as a practical expedient.

U.S. Government Securities

U.S. government securities include U.S. Treasury securities and U.S. agency mortgage-backed securities. U.S. Treasury securities are fixed income securities that are debt instruments issued by the United States Department of the Treasury. U.S. agency mortgage-backed securities are collateralized by residential mortgage loans and may be prepaid at par prior to maturity. U.S. government securities are classified as Level 2 based on valuations provided by third-party pricing services using quoted market prices in active markets for similar securities.

Fixed and Variable Income Securities

Fixed and variable income securities include a variety of debt instruments, including corporate bonds, private placements and asset-backed securities. These securities are classified as Level 2 based on valuations provided by a third-party pricing services using quoted market prices in active markets for similar securities.

Equity Securities

Equity securities are comprised of common stock and preferred securities. The fair value of common stock is recorded based on quoted market prices obtained from an exchange. These securities are classified as Level 1 based on unadjusted prices for identical instruments in active markets. The fair value of preferred securities is based on discounted cash flow models. These securities are classified as Level 2 based on valuations provided by third-party pricing services using observable market data.

Table of Contents

Note 15—Employee Pension and Other Postretirement Benefits (Continued)

Real Estate Funds

Real estate funds invest in real estate property with a focus on apartment, office, industrial and retail properties. These investments were measured at NAV per share and are included in the tables above showing Plan investments that are measured using NAV per share (or its equivalent) as a practical expedient.

International Equity Funds

International equity funds invest in equity securities of foreign companies in developed and emerging markets across diverse industries and may seek to track the performance of the MSCI EAFE® or MSCI All-Country World ex-US indices. These investments were measured at NAV per share and are included in the tables above showing Plan investments that are measured using NAV per share (or its equivalent) as a practical expedient.

Domestic Equity Funds

Domestic equity funds invest in equity securities that seek to track the performance of market indexes including the S&P 500 index. These funds are valued using NAV at the end of the period. Mutual funds are classified as Level 1 based on unadjusted prices for identical instruments in active markets. Collective investment funds are included in the tables above showing Plan investments that are measured using NAV per share (or its equivalent) as a practical expedient.

Pooled Separate Account

The pooled separate account refers to private placement, variable life insurance policies with Talcott Resolution Life Insurance Company, a successor to Hartford Life Insurance Company. The cash value of the life insurance is invested in four managed divisions that seek to track the S&P 500, Russell 2000, MSCI EAFE® and Bloomberg Barclays U.S. Aggregate Bond Indexes. Each division is valued using quoted market prices of its underlying investments to derive the division's NAV at the end of the period. This investment was measured at NAV per share and is included in the tables above showing Plan investments that are measured using NAV per share (or its equivalent) as a practical expedient.

The following table sets forth the benefit obligation activity and the funded status for each of the Company's plans at December 31, 2018 and 2017. In addition, the table sets forth the over (under) funded status at December 31, 2018 and 2017. This pension benefits table does not include the obligations for Executive Supplemental Benefit Plans (ESBPs).

(Dollars in millions)	Pension Benefits		Other Postretirement Benefits

The Pension Plan obligation experienced a net gain of \$246 million and a net loss of \$252 million during 2018 and 2017, respectively, primarily due to changes in the discount rate. The discount rate decreased from 3.98% at December 31,

2016 to 3.48% at December 31, 2017 and increased to 4.12% at December 31, 2018.

Table of Contents

Note 15—Employee Pension and Other Postretirement Benefits (Continued)

The Other Benefits Plan obligation experienced a net gain of \$21 million and a net loss of \$6 million during 2018 and 2017, respectively, primarily due to changes in the discount rate. The discount rate decreased from 3.81% at December 31, 2016 to 3.37% at December 31, 2017 and increased to 4.01% at December 31, 2018.

The following table illustrates the changes that were reflected in AOCI during 2018, 2017 and 2016. Pension benefits do not include the ESBPs.

Pension and other postretirement benefits, as adjusted	\$ 793	\$ 209	\$ 584	\$ 22	\$ 6	\$ 16

Pension Benefits

Our pre-tax net actuarial losses increased \$157 million in 2018 from 2017. At December 31, 2018, the net actuarial loss totaled \$910 million, which is net of \$126 million in prior service credits. In addition, \$214 million, representing the deficiency of the fair value of plan assets over the market-related value of plan assets, is recognized separately through the asset smoothing method over four years. \$447 million of loss is subject to amortization over approximately eight years, and the prior service credits are being amortized until 2022 and 2025. The cumulative net actuarial loss resulted primarily from differences between expected and actual rate of return on plan assets and the discount rate. Included in our 2019 net periodic pension cost will be \$62 million of amortization related to net actuarial losses. We estimate that our total 2019 net periodic pension cost will be a credit of approximately \$27 million, assuming no contributions in 2019. The 2019 estimate for net periodic pension cost was actuarially determined using the individual spot rates of 4.19% for service cost and 3.9% for interest cost, an expected return on plan assets of 7.0% and an expected compensation increase assumption of 5.1%.

A 50 basis point increase in the discount rate or in the expected return on plan assets would decrease the 2019 periodic pension cost by \$25 million and \$18 million, respectively, while a 50 basis point increase in the rate of future compensation levels would increase the 2019 periodic pension cost by \$1 million. A 50 basis point decrease in the discount rate or in the expected return on plan assets would increase the 2019 periodic pension cost by \$27 million and \$18 million, respectively, while a 50 basis point decrease in the rate of future compensation levels would decrease the 2019 periodic pension cost by \$1 million.

Estimated Future Benefit Payments and Subsidies

The following pension and postretirement benefit payments, which reflect expected future service, as appropriate, are expected to be paid over the next 10 years. This table does not include the ESBPs.

(Dollars in millions)	Pension Benefits	Postretirement Benefits
Years ending December 31,		
2019	\$ 140	\$ 17
2020	147	17
2021	153	18
2022	160	18
2023	166	18
Years 2024 - 2028	914	82

The following tables summarize the weighted average assumptions used in computing the present value of the benefit obligations and the net periodic benefit cost.

The Company's assumed weighted-average healthcare cost trend rates are as follows.

	Years Ended December 31,		
	2018	2017	2016
Healthcare cost trend rate assumed for next year	4.44%	4.44%	4.64%
Rate to which cost trend rate is assumed to decline (the ultimate trend rate)	3.94%	3.94%	3.96%
Year the rate reaches the ultimate trend rate	2027	2026	2026

Executive Supplemental Benefit Plans

The Company has several frozen ESBPs, which provide covered participants with supplemental retirement benefits. The plans are nonqualified defined benefit plans and unfunded. The accrued liability for ESBPs included in other liabilities on the Company's consolidated balance sheets was \$89 million and \$98 million at December 31, 2018 and 2017, respectively.

Table of Contents**Note 15—Employee Pension and Other Postretirement Benefits (Continued)***Section 401(k) Savings Plans*

The Company has a defined contribution plan authorized under Section 401(k) of the Internal Revenue Code. All benefits-eligible employees are eligible to participate in the plan. Employees may contribute up to 75% of their eligible compensation on a pre-tax or Roth basis, or up to 10% of their eligible compensation on an after-tax basis, through payroll deductions, to a combined maximum of 75% of eligible compensation, subject to statutory limits. The Company makes a matching contribution equal to 100% of every pre-tax or Roth dollar an employee contributes on the first 3% of the employee's eligible compensation and 50% of every pre-tax or Roth dollar an employee contributes on the next 2% of the employee's eligible compensation, for a maximum matching opportunity of 4%. Company matching contributions are credited to eligible participants' accounts annually following year-end. Matching contributions are fully vested when credited. All employer contributions are tax deductible by the Company. The Company's combined matching contribution expense was \$59 million, \$55 million and \$48 million for the years ended December 31, 2018, 2017 and 2016, respectively.

Total other noninterest income	<u>\$ 115</u>	<u>\$ 240</u>	<u>\$ 259</u>

The detail of other noninterest expense is as follows.

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Fees to affiliates	\$ 115	\$ 105	\$ 100
Expenses of the LIHC consolidated VIEs	24	43	68
Net periodic pension cost, excluding service cost	(124)	(119)	(84)
Other	394	360	311
Total other noninterest expense	<u>\$ 409</u>	<u>\$ 389</u>	<u>\$ 395</u>

Table of Contents**Note 17—Income Taxes**

The following table is an analysis of the effective tax rate:

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Federal income tax rate	21 %	35 %	35 %
Net tax effects of:			
State income taxes, net of federal income tax benefit	7	5	6
Tax-exempt interest income	(1)	(1)	(1)
Losses from LIHC investments	(2)	(3)	(3)
Amortization of LIHC investments	12	14	10
Tax credits	(25)	(21)	(18)
Effects of US tax law change	(2)	(8)	—
State Tax Refunds	(5)	—	—
Other	—	1	2
Effective tax rate	5 %	22 %	31 %

On December 22, 2017, the Tax Cuts & Jobs Act was signed into law reducing the federal corporate income tax rate from 35% to 21% effective January 1, 2018. As a result of the reduction in the corporate income tax rate, the Company revalued its net deferred tax liabilities at December 31, 2017, resulting in a one-time tax benefit of \$101 million.

The components of income tax expense were as follows:

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Current income tax expense:			
Federal	\$ 195	\$ 257	\$ 228
State	89	21	105
Foreign	10	(4)	7
Total current expense	294	274	340
Deferred income tax expense (benefit):			
Federal	(173)	(49)	58
State	(64)	52	24
Foreign	(5)	22	(3)
Total deferred expense	(242)	25	79
Total income tax expense	\$ 52	\$ 299	\$ 419

Table of Contents**Note 17—Income Taxes (Continued)**

The components of the Company's net deferred tax balances as of December 31, 2018 and 2017 were as follows:

(Dollars in millions)	December 31,	
	2018	2017
Deferred tax assets:		
Tax credits and net operating loss carryforwards	\$ 448	\$ 310
Allowance for credit losses	251	254
Accrued expense, net	159	178
Unrealized losses on pension and postretirement benefits	260	214
Unrealized net losses on securities available for sale	132	82
Fair value adjustments for valuation of FDIC covered assets	53	61
Unrealized gains/losses on cash flow hedges	78	62
Other	—	—
Total deferred tax assets	1,381	1,161
Deferred tax liabilities:		
Leasing and renewable energy	619	769
Intangible assets	59	55
Pension liabilities	365	358
Other	10	7
Total deferred tax liabilities	1,053	1,189
Net deferred tax asset (liability)	\$ 328	\$ (28)

At December 31, 2018, the U.S. federal tax credit carryforwards were \$378 million (net of uncertain tax liability of \$25 million), the federal net operating loss carryforward was \$16 million, AMT tax credit carryforward was \$17 million, state tax credits net of federal benefit was \$33 million and state net operating loss carryforwards net of federal benefit was \$4 million. If not utilized, the federal net operating loss carryforward, state net operating loss and federal tax credits begin to expire in 2032, 2034 and 2035, respectively. The state tax credits can be carried forward indefinitely. Additionally, as a result of Tax Cuts and Jobs Act, the AMT credit carryforward can generally be used to offset regular income tax liability in fiscal years 2019 through 2021. Any remaining amount is generally fully refundable by fiscal year 2022. The Company's AMT Credit carryforward is also subject to rules under separate return limitation years.

Deferred tax assets are evaluated for realization based on the existence of sufficient taxable income of the appropriate character. Management has determined that no valuation allowance is required.

The following table reflects the changes in gross unrecognized tax benefits:

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Balance, beginning of year	\$ 56	\$ 11	\$ 8
Gross increases as a result of tax positions taken during prior periods	72	45	—
Gross decreases as a result of tax positions taken during prior periods	—	—	—
Gross increases as a result of tax positions taken during current period	—	2	3
Gross decrease as a result of closed audit years or settlements	(1)	(2)	—
Balance, end of year	\$ 127	\$ 56	\$ 11

The amount of unrecognized tax positions that would affect the effective tax rate, if recognized, was \$98 million, \$33 million and \$9 million at December 31, 2018, 2017 and 2016, respectively.

The Company recognizes interest and penalties as a component of income tax expense. As of December 31, 2018, we accrued \$2 million in interest and \$3 million in penalties. It is reasonably possible that certain tax positions will be

resolved within the next 12 months, which would decrease the Company's balance of total unrecognized tax benefits by \$23 million with 2017 and 2018 filings.

Table of Contents

Note 17—Income Taxes (Continued)

The Company is subject to U.S. federal income tax as well as various state and foreign income taxes. With limited exception, the Company is not open to examination for periods before 2015 by U.S. federal taxing authorities and 2014 by state taxing authorities.

Note 18—Regulatory Capital Requirements

The Company and the Bank are subject to various regulatory capital requirements administered by the U.S. federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory, and possibly additional discretionary, actions by regulators that, if undertaken, could have a material effect on the Company's consolidated financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and the Bank must meet specific capital guidelines that involve quantitative measures of the Company's and Bank's assets, liabilities, and certain off-balance sheet items as calculated under regulatory accounting practices. The capital amounts and the Bank's prompt corrective action classification are also subject to qualitative judgments by the regulators about components, risk-weightings and other factors. Prompt corrective action provisions are not applicable to BHCs such as the Company. The Bank is subject to laws and regulations that limit the amount of dividends it can pay to the Company.

Quantitative measures established by regulation to help ensure capital adequacy require the Company and the Bank to maintain minimum amounts and ratios (set forth in the tables below) of Total and Tier 1 capital (as defined in the regulations) to risk-weighted assets (as defined) and of Tier 1 capital (as defined) to quarterly average assets (as defined). As of December 31, 2018, management believes the capital ratios of the Bank met all regulatory requirements of "well-capitalized" institutions, which are 10% for the Total risk-based capital ratio and 8.0% for the Tier 1 risk-based capital ratio. Furthermore, management believes, as of December 31, 2018 and 2017, that the Company and the Bank met all capital adequacy requirements to which they are subject.

The Company's and the Bank's capital amounts and ratios are presented in the following tables.

	U.S. Basel III			Minimum Capital Requirement with Capital Conservation Buffer (1)	
(Dollars In millions)	Amount	Ratio		Amount	Ratio
Capital Ratios for the Company:					
As of December 31, 2018:					
Common equity tier 1 capital (to risk-weighted assets)	\$ 14,256	13.96%	≥	\$ 6,508	6.375%
Tier 1 capital (to risk-weighted assets)	14,256	13.96	≥	8,039	7.875
Total capital (to risk-weighted assets)	14,904	14.60	≥	10,081	9.875
Tier 1 leverage(2)	14,256	8.77	≥	6,502	4.000
As of December 31, 2017:					
Common equity tier 1 capital (to risk-weighted assets)	\$ 15,708	16.31%	≥	\$ 5,539	5.750%
Tier 1 capital (to risk-weighted assets)	15,708	16.31	≥	6,984	7.250
Total capital (to risk-weighted assets)	17,106	17.76	≥	8,910	9.250
Tier 1 leverage(2)	15,708	10.06	≥	6,245	4.000

(1) Beginning January 1, 2018, the minimum capital requirement includes a capital conservation buffer of 1.875%.

(2) Tier 1 capital divided by quarterly average assets (excluding certain disallowed assets, primarily goodwill and other intangibles).

(1) Beginning January 1, 2018, the minimum capital requirement includes a capital conservation buffer of 1.875%.

(2) Tier 1 capital divided by quarterly average assets (excluding certain disallowed assets, primarily goodwill and other intangibles).

Note 19—Restrictions on Cash and Due from Banks, Securities, Loans and Dividends

Federal Reserve regulations require the Bank to maintain reserve balances based on the types and amounts of deposits received. The required reserve balances were \$348 million and \$475 million at December 31, 2018 and 2017, respectively.

See Note 2 to these consolidated financial statements for the carrying amounts of securities that were pledged as collateral to secure public and trust deposits and for other transactions as required by contract or law. See Note 10 to these consolidated financial statements for the carrying amounts of loans and securities that were pledged as collateral for borrowings, including those pledged to the Federal Reserve Bank and FHLB.

The Federal Reserve Act restricts the amount of credit transactions and the terms of both credit and non-credit transactions between a bank and its non-bank affiliates. Such transactions may not exceed 10% of the bank's capital and surplus (which for this purpose represents Tier 1 and Tier 2 capital, as calculated under the risk-based capital guidelines, plus the balance of the allowance for loan losses excluded from Tier 2 capital) with any single non-bank affiliate and 20% of the bank's capital and surplus with all its non-bank affiliates. Transactions that are extensions of credit may require collateral to be held to provide added security to the bank. See Note 18 to these consolidated financial statements for further discussion of risk-based capital. At December 31, 2018, \$80 million of notes payable remained outstanding from Bankers Commercial Corporation.

The declaration of a dividend by the Bank to the Company is subject to the approval of the OCC if the total of all dividends declared in the current calendar year plus the preceding two years exceeds the Bank's total net income in the current calendar year plus the preceding two years. The payment of dividends is also limited by minimum capital requirements imposed on national banks by the OCC.

At December 31, 2018, MUSA had \$17 million of cash segregated in a special reserve account for the exclusive benefit of customers pursuant to Customer Protection Rule 15c3-3 of the Securities and Exchange Act of 1934.

Note 20—Commitments, Contingencies and Guarantees

The following table summarizes the Company's commitments:

(Dollars in millions)	December 31, 2018
Commitments to extend credit	\$ 33,487
Issued standby and commercial letters of credit	4,852
Commitments to enter into forward-starting resale agreements	877
Other commitments	493

Commitments to extend credit are legally binding agreements to lend to a customer provided there are no violations of any condition established in the contract. Commitments have fixed expiration dates or other termination clauses and may require maintenance of compensatory balances. Since many of the commitments to extend credit may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash flow requirements.

Standby and commercial letters of credit are conditional commitments issued to guarantee the performance of a customer to a third party. Standby letters of credit are generally contingent upon the failure of the customer to perform according to the terms of the underlying contract with the third party, while commercial letters of credit are issued specifically to facilitate foreign or domestic trade transactions. The majority of these types of commitments have terms of 1 year or less. At December 31, 2018, the carrying amount of the Company's standby and commercial letters of credit totaled \$4 million. Estimated exposure to loss related to these commitments is covered by the allowance for losses on unfunded commitments. The carrying amounts of the standby and commercial letters of credit and the allowance for losses on unfunded credit commitments are included in other liabilities on the consolidated balance sheet.

The credit risk involved in issuing loan commitments and standby and commercial letters of credit is essentially the same as that involved in extending loans to customers and is represented by the contractual amount of these instruments. Collateral may be obtained based on management's credit assessment of the customer.

Other commitments include collateralized financing activities, commitments to fund principal investments, other securities, and residual value guarantees.

Principal investments include direct investments in private and public companies. The Company issues commitments to provide equity and mezzanine capital financing to private and public companies through direct investments. The timing of future cash requirements to fund such commitments is generally dependent on the investment cycle. This cycle, the period over which privately held companies are funded by private equity investors and ultimately sold, merged, or taken public through an initial offering, can vary based on overall market conditions as well as the nature and type of industry in which the companies operate.

The Company occasionally enters into financial guarantee contracts where a premium is received from another financial institution counterparty to guarantee a portion of the credit risk on interest rate swap contracts entered into between the financial institution and its customer. The Company becomes liable to pay the financial institution only if the financial institution is unable to collect amounts owed to them by their customer. As of December 31, 2018, the current exposure to loss under these contracts totaled \$9 million, and the maximum potential exposure to loss in the future was estimated at \$35 million.

The Company is subject to various pending and threatened legal actions that arise in the normal course of business. The Company maintains liabilities for losses from legal actions that are recorded when they are determined to be both probable in their occurrence and can be reasonably estimated. Management believes the disposition of all claims currently pending, including potential losses from claims that may exceed the liabilities recorded, and claims for loss contingencies that are considered reasonably possible to occur, will not have a material effect, either individually or in the aggregate, on the Company's consolidated financial condition, results of operations or liquidity.

Note 21—Related Party Transactions

MUAH is a financial holding company, bank holding company and intermediate holding company whose principal subsidiaries are MUFG Union Bank, N.A. and MUFG Securities Americas Inc. It is owned by MUFG Bank, Ltd. and MUFG. MUFG Bank, Ltd. is a wholly-owned subsidiary of MUFG.

On July 1, 2016, MUFG designated MUAH as its IHC in accordance with the requirements of the U.S. Federal Reserve Board's final rules for Enhanced Prudential Standards and transferred interests in substantially all its U.S. subsidiaries to the IHC. On July 1, 2017, MUFG transferred interests in its remaining U.S. subsidiaries to MUAH. The transferred subsidiaries had assets of \$1.0 billion, including goodwill and intangibles of \$196 million, and liabilities of \$601 million, all of which were transferred at carrying value. In consideration for the transferred assets and liabilities, MUAH issued 3,267,433 shares to MUFG Bank, Ltd. and MUFG.

The Company provides various business, banking, financial, administrative and support services, and facilities for MUFG Bank, Ltd. in connection with the operation and administration of MUFG Bank, Ltd.'s business in the U.S. (including MUFG Bank, Ltd.'s U.S. branches). The Bank and MUFG Bank, Ltd. participate in a master services agreement whereby the Bank earns fee income in exchange for services and facilities provided.

In addition to the above, the Company conducts transactions with affiliates which include MUFG Bank, Ltd., MUFG and other entities which are directly or indirectly owned by MUFG. The transactions include capital market transactions, facilitating securities transactions, secured financing transactions, advisory services, clearing and operational support. Under service level agreements the Company provides services to and receives services from various affiliates. The Company also has referral agreements with its affiliates and pays referral fees from investment banking revenue earned.

Related party transactions reflect market-based pricing. These transactions are subject to federal and state statutory and regulatory restrictions and limitations.

The tables and discussion below represent the more significant related party balances and income (expenses) generated by related party transactions.

As of December 31, 2018 and December 31, 2017, assets and liabilities with affiliates consisted of the following:

(Dollars in millions)	December 31, 2018	December 31, 2017
Assets:		
Cash and cash equivalents	\$ 80	\$ 119
Securities borrowed or purchased under resale agreements	1,913	3,530
Other assets	146	223
Liabilities:		
Deposits	\$ 451	\$ 362
Securities loaned or sold under repurchase agreements	148	102
Commercial paper and other short-term borrowings	1,081	969
Long-term debt	7,333	6,251
Other liabilities	69	61

Table of Contents**Note 21—Related Party Transactions (Continued)**

Revenues and expenses with affiliates for the years ended 2018, 2017, and 2016 were as follows:

(Dollars in millions)	Years Ended December 31,		
	2018	2017	2016
Interest Income			
Securities borrowed or purchased under resale agreements	\$ 66	\$ 41	\$ 26
Other	2	1	—
Interest Expense			
Deposits	3	5	—
Commercial paper and other short-term borrowings	2	15	24
Long-term debt	171	114	69
Securities loaned or sold under repurchase agreements	18	6	2
Noninterest Income			
Fees from affiliates	1,213	866	957
Other, net	1	13	(28)
Noninterest Expense			
Other	115	112	95

During 2018, the Company sold loans to affiliates for gross proceeds of \$542 million, resulting in gains on sale of \$2.1 million. During 2018, the Company purchased loans from affiliates for \$314 million.

For additional information regarding the debt due to affiliates, see Note 9 and Note 10 to our Consolidated Financial Statements included in this Form 10-K.

At December 31, 2018, the Company had \$1.4 billion in uncommitted, unsecured borrowing facilities with affiliates.

At December 31, 2018 and December 31, 2017, the Company had derivative contracts with affiliates totaling \$4 billion and \$3 billion, respectively, in notional balances, with \$96 million and \$2.4 million in net unrealized gains at December 31, 2018 and December 31, 2017, respectively.

An affiliate extends guarantees on liabilities arising out of or in connection with agreements with certain counterparties. There was no amount guaranteed at December 31, 2018 and December 31, 2017.

Note 22—Business Segments

The Company has four reportable segments: Regional Bank, U.S. Wholesale & Investment Banking, Transaction Banking, and MUSA. The Company uses various management accounting methodologies to measure the performance of its segments. Unlike GAAP, there is no standardized or authoritative guidance for management accounting. Consequently, reported results are not necessarily comparable with those presented by other companies and they are not necessarily indicative of the results that would be reported by the business units if they were separate economic entities.

Methodologies that are applied to the measurement of segment profitability, which are enhanced from time to time, include a funds transfer pricing system, an activity-based costing methodology, other indirect costs and a methodology to allocate the provision for credit losses. In the second quarter of 2018, the Company began measuring the performance of its business segments by reporting revenues and expenses from products and services sold entirely within the business segment that manages the customer relationship. The Company previously applied a “market view” perspective in measuring the business segments, which reported revenues and expenses from products and services sold in both the business segment that provided the product and the business segment that managed the customer relationship. Prior period results have been revised to conform to the current period presentation.

The funds transfer pricing system assigns a cost of funds or a credit for funds to assets or liabilities based on their type, maturity or repricing characteristics. A segment receives a credit from Corporate Treasury for its funding sources. Conversely, a segment is assigned a charge by Corporate Treasury to fund its assets.

Table of Contents**Note 22—Business Segments (Continued)**

Certain indirect costs, such as operations and technology expense, are allocated to the segments based on an activity-based costing methodology. Other indirect costs, such as corporate overhead, are allocated to the segments based on internal surveys and metrics that serve as proxies for estimated usage. During the normal course of business, the Company occasionally changes or updates its management accounting methodologies or organizational structure. Certain non-bank subsidiaries, including MUSA, are reported based on their GAAP results.

Regional Bank

The Regional Bank provides banking products and services to individual and business customers in California, Washington and Oregon through five major business lines.

Consumer Banking serves consumers and small businesses through 343 full-service branches, digital channels, call centers, ATMs and alliances with other financial institutions. Products and services include checking and other deposit accounts; residential mortgage loans; consumer loans; home equity lines of credit; credit cards; bill and loan payment services; and merchant services.

Commercial Banking provides commercial and asset-based loans to clients across a wide range of industries with annual revenues up to \$1 billion. By working with the Company's other segments, Commercial Banking clients also have access to non-credit products and services including global treasury management, capital markets solutions, foreign exchange and interest rate risk and commodity risk management products and services.

Real Estate Industries serves professional real estate investors and developers with products such as construction loans, commercial mortgages, bridge financing and unsecured financing. Property types supported include apartment, office, retail, industrial and single-family residential on the West Coast and in select metropolitan areas across the country. Real Estate Industries also makes tax credit investments in affordable housing projects through its Community Development Finance unit referenced as LIHC investments. By working with the Company's other segments, Real Estate Industries offers its clients a range of non-credit products and services including global treasury management, capital markets solutions, foreign exchange and interest rate risk and commodity risk management products and services.

Wealth Markets serves corporate, institutional, non-profit and individual clients. Capabilities include Wealth Planning / Trust & Estate Services; Investment Management through HighMark Capital Management, Inc., an SEC-registered investment advisory firm wholly-owned by the bank; Brokerage Services through UnionBanc Investment Services, LLC, an SEC-registered broker-dealer/investment advisory firm wholly-owned by the bank; and Private Wealth Management.

PurePoint Financial serves consumers through a national deposit platform offering savings accounts and CD products to customers through an online platform with services provided through a call center and a network of financial centers in New York, Florida, Illinois and Texas.

U.S. Wholesale & Investment Banking

U.S. Wholesale & Investment Banking delivers the full suite of MUAH products and services to large and mid-corporate customers. The segment employs an industry-focused strategy including dedicated coverage teams in General Industries, Power and Utilities, Oil and Gas, Telecom and Media, Technology, Healthcare and Nonprofit, Public Finance, and Financial Institutions (predominantly Insurance and Asset Managers). U.S. Wholesale & Investment Banking provides customers general corporate credit and structured credit services, including project finance, leasing and equipment finance, commercial finance, funds finance and securitizations. By working with the Company's other segments, U.S. Wholesale & Investment Banking offers its customers a range of noncredit services, which include global treasury management, capital market solutions, and various foreign exchange, interest rate risk and commodity risk management products.

Transaction Banking

Transaction Banking works alongside the Company's other segments to provide working capital management and asset servicing solutions, including deposits and treasury management, trade finance, and

Table of Contents**Note 22—Business Segments (Continued)**

institutional trust and custody, to the Company's customers. The client base consists of financial institutions, corporations, government agencies, insurance companies, mutual funds, investment managers and non-profit organizations.

MUFG Securities Americas

MUSA is MUAH's broker-dealer subsidiary which engages in capital markets origination transactions, private placements, collateralized financings, securities borrowing and lending transactions, and domestic and foreign debt and equity securities transactions.

Other

"Other" includes the MUFG Fund Services segment, Markets segment, Japanese Corporate Banking segment and Corporate Treasury. MUFG Fund Services provides comprehensive investment fund administrative solutions. Markets provides risk management solutions, including foreign exchange, interest rate and energy risk management solutions. The Japanese Corporate Banking segment offers a range of credit, deposit, and investment management products and services to companies located primarily in the U.S. that are affiliated with companies headquartered in Japan. Corporate Treasury is responsible for ALM, wholesale funding and the ALM investment and derivatives hedging portfolios. These treasury management activities are carried out to manage the net interest rate and liquidity risks of the Company's balance sheet and to manage those risks within the guidelines established by ALCO. For additional discussion regarding these risk management activities, see Part II, Item 7A. "Quantitative and Qualitative Disclosures About Market Risk" in this Form 10-K.

Additionally, "Other" is comprised of certain corporate activities of the Company; the net impact of funds transfer pricing charges and credits allocated to the reportable segments; the residual costs of support groups; fees from affiliates and noninterest expenses associated with MUFG Bank, Ltd. U.S. branch banking operations; the unallocated allowance; goodwill, intangible assets, and the related amortization/accretion associated with the Company's privatization transaction when we became a privately held company in 2008; the elimination of the fully taxable-equivalent basis amount; the difference between the marginal tax rate and the consolidated effective tax rate; and FDIC covered assets.

The information, set forth in the tables that follow, is prepared using various management accounting methodologies to measure the performance of the individual segments. Unlike GAAP, there is no standardized or authoritative guidance for management accounting. Consequently, reported results are not necessarily comparable with those presented by other companies and they are not necessarily indicative of the results that would be reported by the business units if they were unique economic entities. The management reporting accounting methodologies, which are enhanced from time to time, measure segment profitability by assigning balance sheet and statements of income items to each operating segment. Methodologies that are applied to the measurement of segment profitability include a funds transfer pricing system, an activity-based costing methodology, other indirect costs and a methodology to allocate the provision for credit losses. The funds transfer pricing system assigns a cost of funds or a credit for funds to assets or liabilities based on their type, maturity or repricing characteristics between Corporate Treasury and the operating segments. A segment receives a funding credit from Corporate Treasury for its liabilities. Conversely, a segment is assigned a charge by Corporate Treasury to fund its assets. Certain indirect costs, such as operations and technology expense, are allocated to the segments based on an activity-based costing methodology. Other indirect costs, such as corporate overhead, are allocated to the segments based on internal surveys and metrics that serve as proxies for estimated usage. During the normal course of business, the Company occasionally changes or updates its management accounting methodologies or organizational structure. Certain of the transferred IHC entities are not measured using management accounting methodologies.

Table of Contents**MUFG Americas Holdings Corporation and Subsidiaries****Management's Report on Internal Control over Financial Reporting**

The management of MUFG Americas Holdings Corporation is responsible for establishing and maintaining adequate internal control over financial reporting, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

We maintain a system of internal accounting controls to provide reasonable assurance that assets are safeguarded and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Management recognizes that even a highly effective internal control system has inherent risks, including the possibility of human error and the circumvention or overriding of controls, and that the effectiveness of an internal control system can change with circumstances. Management has assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2018. In making this assessment, management used the criteria set out by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control—Integrated Framework* (2013). Based on our assessment, we concluded that the Company's internal control system over financial reporting is effective as of December 31, 2018.

The Company's internal control over financial reporting and the Company's consolidated financial statements have been audited by Deloitte & Touche LLP, Independent Registered Public Accounting Firm.

Table of Contents**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the stockholders and the Board of Directors of MUFG Americas Holdings Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of MUFG Americas Holdings Corporation and subsidiaries (the "Company") as of December 31, 2018 and 2017, the related consolidated statements of income, comprehensive income, changes in stockholders' equity, and cash flows, for each of the three years in the period ended December 31, 2018, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018 and 2017, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2018, based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 27, 2019, expressed an unqualified opinion on the Company's internal control over financial reporting.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Company's auditor since 1996.

Table of Contents**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the stockholders and the Board of Directors of MUFG Americas Holdings Corporation

Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of MUFG Americas Holdings Corporation and subsidiaries (the "Company") as of December 31, 2018, based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained in all material respects, effective internal control over financial reporting as of December 31, 2018, based on criteria established in Internal Control - Integrated Framework (2013) issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended December 31, 2018, of the Company and our report dated February 27, 2019 expressed an unqualified opinion on those financial statements.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

PNC Bank, National Association

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☒ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1))
State the legal name of the entity in which the Disclosing Party holds a right of control: _____

B. Business address of the Disclosing Party: PNC Centre, 1 North Franklin, Suite 2800

Chicago, IL 60606

C. Telephone: 312-338-2295 Fax: N/A Email: jonathan.casiano@pnc.com

D. Name of contact person: Jonathan Casiano - Senior Vice President, Public Finance

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

2020 Municipal Depository RFP

G. Which City agency or department is requesting this EDS? Office of the Comptroller

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input checked="" type="checkbox"/> Other (please specify) |
| | <u>national banking association</u> |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

N/A. PNC Bank, National Association is a national banking association formed under U.S. Federal law and regulated by the OCC. As such, it is authorized to conduct business in all states and no state qualification is required.

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name	Title
------	-------

See Attachment A

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
PNC Bancorp, Inc.	222 Delaware Ave., Wilmington, DE 19801	100%

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

See Attachment B

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes ☒ No See Attachment B

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	--

(Add sheets if necessary)

☒ Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;

b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or

c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or

d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

See Attachment B

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

Carole Brown, City of Chicago employee

Thurman Smith, Affordable Requirement Ordinance (ARO) Task Force

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

NONE

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes ☒ No See Attachment B

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes ☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

See Attachment B

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (Sec 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☒ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Attachment B
To: City of Chicago
Economic Disclosure Statement and Affidavit
Filed by: PNC Bank, National Association

This Attachment B modifies and supplements the information provided in the City of Chicago Economic Disclosure Statement and Affidavit executed by the Disclosing Party as of November 8, 2019 (the "EDS"). Any capitalized term used in this Attachment B will have the definition set forth in the EDS, except as provided below.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

To the best knowledge of the Disclosing Party, after reasonable inquiry, the Disclosing Party has not provided nor reasonably expects to provide any income or compensation during the 12 months preceding or following the date that the Disclosing Party executed the EDS. For purposes of this certification, the term "City elected official" is treated as including only the City's Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, (x) the statement contained in Section V, paragraph B.3. a, B.3.d and B.3.8 is accurate with respect to itself (the Disclosing Party); and (y) the statements contained in Section V, paragraphs B.3.a through and including B.3.e and B.8 are accurate with respect to the executive officers and directors of the Disclosing Party. With respect to Section V, paragraphs B.3.b, c and e, the Disclosing Party hereby makes reference to the information on legal proceedings set forth in the filings made by its ultimate parent company, The PNC Financial Services Group, Inc., with the Securities and Exchange Commission, which may be found at www.sec.gov or www.pnc.com/secfilings. Specifically, On the Form 10Q(s) (Quarterly Period Ending June 30, 2019 and Quarterly Period Ending Mar 31, 2019) of the PNC Financial Services Group, Inc., please see Note 12 Legal Proceedings section on pages 1-4 and 5-7. On 10K (Fiscal Year Ending December 31, 2018), please see Note 19 Legal Proceedings section on pages 8-14. The Disclosing Party certifies that none of the judgments set forth therein, individually or in the aggregate, would have a material adverse effect on its ability to perform with respect to the Matter. With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. The Disclosing Party makes no certification concerning (x) any Contractor, any Affiliated Entity of a Contractor or any Agent of any such Contractor or Affiliated Entity; or (y) any agent of the Disclosing Party or any Affiliated Entity of the Disclosing Party. With respect to the statements contained in Section V, paragraph B.7, the Disclosing Party is only certifying with respect to the Disclosing Party and any Affiliated Entity of the Disclosing Party.

For purposes of the certifications contained in the EDS as modified in this Attachment B: The term "Affiliated Entity" does not include BlackRock, Inc. or any of its subsidiaries or other affiliates (as such term is defined for purposes of the Securities Exchange Act of 1934, as amended), except to the extent that such entity would be an Affiliated Entity of the Disclosing Party for any other reason.

D. FINANCIAL INTEREST IN CITY BUSINESS

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

Any questions regarding this statement should be directed to the following PNC executive:

Jonathan Casiano
Senior Vice President & Relationship Manager
PNC Bank - Public Finance Group
One North Franklin Street, Suite 2800
Chicago, IL 60606

CERTIFICATE

The undersigned, Janet L. Deringer, a duly appointed Assistant Secretary of PNC Bank, National Association (the "Bank"), does hereby certify that:

(1) the following is a true and correct copy of an excerpt from the By-Laws of the Bank and a true and correct copy of Resolutions adopted by the Board of Directors of the Bank on April 25, 2017;

(2) the excerpt from the By-Laws of the Bank and Resolutions described above are in full force and effect as of the date of this Certificate; and

(3) Jonathan N. Casiano is a duly appointed Senior Vice President of the Bank.

Excerpt from By-Laws of PNC Bank, National Association

"Article VI. General Powers of Officers

Section 1. The corporate seal of the Bank may be Imprinted or affixed by any process. The Secretary and any other officers authorized by resolution of the Board of Directors shall have authority to affix and attest the corporate seal of the Bank.

Section 2. The authority of officers and employees of this Bank to execute documents and Instruments on its behalf in cases not specifically provided for in these By-Laws shall be as determined from time to time by the Board of Directors, or, in the case of employees, by officers in accordance with authority given them by the Board of Directors."

Board Resolutions Adopted April 25, 2017

WHEREAS, pursuant to the By-Laws of PNC Bank, National Association (the "Bank"), the board of directors ("Board"), seeks to grant authority to certain officers to take the actions evidenced herein.

NOW, THEREFORE, BE IT RESOLVED, that the Chairman of the Board, the Chief Executive Officer, the President, each Senior Vice Chairman, each Vice Chairman, each Executive Vice President, each Senior Vice President, each Vice President, each Assistant Vice President, the Treasurer and each Assistant Treasurer, the Cashier and each Assistant Cashier, the Secretary and each Assistant Secretary, each Trust Officer and Assistant Trust Officer, each Chief Investment Officer, each Regional President or chief executive of a business region, the General Counsel, the Senior Deputy General Counsel, and each Deputy General Counsel (the "Authorizing Officers") of PNC Bank, National Association (the "Bank") shall have the authority to affix and attest the seal of the Bank;

RESOLVED FURTHER, that the Authorizing Officers of the Bank, and any other officers acting at the discretion of any officer authorized to affix and attest the seal of the Bank, are and each of them is hereby authorized and empowered in the name and on behalf of the Bank to execute, acknowledge and deliver any and all agreements, instruments, or other documents relating to the property or rights of all kinds held or owned by the Bank or to the operation of the Bank, either for its own account or in any agency or fiduciary capacity. Notwithstanding the foregoing, any and all agreements of sale, contracts, deeds and other documentation pertaining to the purchase, sale or

transfer of real estate or buildings occupied by the Bank in the transaction of its business shall be executed in accordance with the terms of resolutions adopted from time to time in connection therewith and specifically designating the officer or officers authorized to execute the same. Notwithstanding the foregoing, those persons holding the title of General Counsel, Senior Deputy General Counsel, Deputy General Counsel, or Chief Counsel of the Bank are and each of them is hereby authorized and empowered in the name and on behalf of the Bank to execute, acknowledge and deliver law firm engagement letters;

RESOLVED FURTHER, that the Bank's Chairman of the Board, Chief Executive Officer, President, Secretary, or any Senior Vice Chairman, Vice Chairman, or Executive Vice President or any of them, is authorized to name, constitute and appoint such person or persons as they or any of them deem necessary as attorney-in-fact for the Bank, to execute documents for and in its name and stead, and to perform all other acts, deeds and things as may be required to effect the particular transactions for which the appointment is made;

RESOLVED FURTHER, that the Bank's Chairman of the Board, Chief Executive Officer, President, Secretary, or any Senior Vice Chairman, Vice Chairman, or Executive Vice President or any of them, is authorized to name, constitute and appoint such person or persons employed by the Corporation or any of its wholly owned direct or indirect subsidiaries as they or any of them deem necessary as attorney-in-fact for the Bank, to execute documents for and in its name and stead, and to perform all other acts, deeds and things as may be required to effect the particular transactions for which the appointment is made. Notwithstanding the foregoing, persons to be appointed to act as attorney-in-fact in the name and on behalf of the Corporation or the Bank, or any of the Corporation's or the Bank's wholly owned direct or indirect subsidiaries (the "Subsidiaries"), to execute and file tax-related documents for and in the Corporation's, the Bank's or the Subsidiaries' name and stead, shall be appointed pursuant to the terms of resolutions adopted from time to time specifically designating the persons authorized to appoint such attorneys-in-fact;

RESOLVED FURTHER, that any officer of the Bank and any non-officer employee of the Corporation or the Bank (or any affiliate of the Corporation or Bank) designated in writing by the Chief Executive Officer, the President, any Senior Vice Chairman, Vice Chairman, Executive Vice President, Senior Vice President, or the Corporate Secretary or Secretary of the Corporation or Bank, are each hereby authorized and empowered:

- (a) To sign or countersign checks, drafts, acceptances, guarantees of signatures on assignments of securities, certificates of securities of entities for whom the Bank is acting as registrar or transfer agent or in a fiduciary or representative capacity, correspondence or other papers or documents not ordinarily requiring execution under seal; and
- (b) To receive any sums of money or property due or owing to the Bank in its own right, as an agent for another party, or in any fiduciary or representative capacity and, either as attorney-in-fact for the Bank or otherwise, to sign or countersign agreements, instruments, or other documents related to the foreclosure of residential real estate loans owned or serviced by the Corporation or the Bank or the enforcement of any other rights and remedies with respect to such loans (including, without limitation, in a bankruptcy or insolvency proceeding), including, without limitation, correspondence, affidavits, certifications, declarations, deeds, substitutions of trustee, verifications, assignments, powers of attorney, sales contracts or any other papers or documents, to execute any instrument of satisfaction for any mortgage, deed of trust, judgment or lien in the Office of the Recorder of Deeds, Prothonotary, or other office or court of record in any jurisdiction, provided, however, that in respect to any mortgage or deed of trust made to this Bank as trustee for bondholders, the foregoing authority shall be exercised only pursuant to an authorization of the Board of Directors or committee of the Board of Directors with oversight of fiduciary risk; and

RESOLVED FURTHER, that, in accordance with the Bank Act of Canada, the Principal Officer of the Canada Branch or any employee of the Canada Branch who is an Executive Vice President, Senior Vice President, Vice President, Assistant Vice President, Assistant Treasurer, Assistant Cashier,

Assistant Secretary, or Assistant Trust Officer (the "Canadian Authorized Officers") of the Bank shall have the sole authority to affix and attest the seal of the Bank with respect to agreements, instruments, or other documents executed on behalf of the Canada Branch;

RESOLVED FURTHER, that the Canadian Authorized Officers are and each of them is hereby authorized and empowered in the name and on behalf of the Bank to execute, acknowledge and deliver any and all agreements, Instruments, or other documents relating to the property or rights of all kinds held or owned by the Canada Branch or to the operation of the Canada Branch, either for its own account or in any agency or fiduciary capacity. Notwithstanding the foregoing, any and all agreements of sale, contracts, deeds and other documentation pertaining to the purchase, sale or transfer of real estate or buildings occupied by the Canada Branch in the transaction of its business shall be executed in accordance with the terms of resolutions adopted from time to time in connection therewith and specifically designating the officer or officers authorized to execute the same;

RESOLVED FURTHER, that any Canadian Authorized Officer is hereby authorized and empowered:

- (a) To sign or countersign checks, drafts, acceptances, guarantees of signatures on assignments of securities, certificates of securities of entities for whom the Canada Branch is acting as registrar or transfer agent or in a fiduciary or representative capacity, correspondence or other papers or documents not ordinarily requiring execution under seal; and
- (b) To receive any sums of money or property due or owing to the Canada Branch in its own right, as an agent for another party, or in any fiduciary or representative capacity;

RESOLVED FURTHER, that the Principal Officer of the Canada Branch and the Chief Operating Officer of the Canada Branch or either of them, is authorized to name, constitute and appoint such person or persons as they or any of them deem necessary as attorney-in-fact for the Canada Branch, to execute documents for and in its name and stead, and to perform all other acts, deeds and things as may be required to effect the particular transactions for which the appointment is made; and

RESOLVED FURTHER, that the Canadian Authorized Officers shall be the only employees or officers of the Bank who are permitted to execute agreements, Instruments, or other documents on behalf of the Canada Branch, consistent with the foregoing resolutions.

RESOLVED FURTHER, that all actions heretofore taken by any of the officers, representatives or agents of the Bank, by or on behalf of the Bank or any of its affiliates in connection with the foregoing resolutions be, and each of the same is, ratified and approved.

IN WITNESS WHEREOF, the undersigned has hereunto set her hand and affixed the seal of the Association this 25th day of July, 2017.

Janet L. Derlinger

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

PNC Bancorp, Inc.

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☐ the Applicant

OR

2. ☒ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: PNC Bank, National Association

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control:

B. Business address of the Disclosing Party: 222 Delaware Avenue

Wilmington, DE 19801

C. Telephone: 312-338-2295 Fax: N/A Email: jonathan.casiano@pnc.com

D. Name of contact person: Jonathan Casiano - Senior Vice President, Public Finance

E. Federal Employer Identification No. (if you have one): 51-0326854

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

2020 Municipal Depository RFP

G. Which City agency or department is requesting this EDS? Office of the Comptroller

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input checked="" type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input type="checkbox"/> Other (please specify) |
| | <u>national banking association</u> |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

Delaware

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes

☒ No

☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name

Title

See Attachment A

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
------	------------------	--------------------------------------

The PNC Financial Services Group, Inc	The Tower at PNC Plaza, 300 Fifth Ave., Pittsburgh, PA 15222	100%
---------------------------------------	--	------

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

See Attachment B

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes

☒ No

See Attachment B

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	--

(Add sheets if necessary)

☒ Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

See Attachment B

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

None

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

NONE

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes ☒ No See Attachment B

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes ☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest
_____	_____	_____
_____	_____	_____
_____	_____	_____

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

F. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

See Attachment B

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes ☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes ☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes ☐ No ☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes ☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

- A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.
- B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.
- C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.
- D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.
- E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☐ No

☒ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☒ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Attachment B
To: City of Chicago
Economic Disclosure Statement and Affidavit
Filed by: PNC Bancorp, Inc.

This Attachment B modifies and supplements the information provided in the City of Chicago Economic Disclosure Statement and Affidavit executed by the Disclosing Party as of November 8, 2019 (the "EDS"). Any capitalized term used in this Attachment B will have the definition set forth in the EDS, except as provided below.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

To the best knowledge of the Disclosing Party, after reasonable inquiry, the Disclosing Party has not provided nor reasonably expects to provide any income or compensation during the 12 months preceding or following the date that the Disclosing Party executed the EDS. For purposes of this certification, the term "City elected official" is treated as including only the City's Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, (x) the statement contained in Section V, paragraph B.3. a and B.3.d is accurate with respect to itself (the Disclosing Party); and (y) the statements contained in Section V, paragraphs B.3.a through and including B.3.e are accurate with respect to the executive officers and directors of the Disclosing Party. With respect to Section V, paragraphs B.3.b, c and e, the Disclosing Party hereby makes reference to the information on legal proceedings set forth in the filings made by its parent company, The PNC Financial Services Group, Inc., with the Securities and Exchange Commission, which may be found at www.sec.gov or www.pnc.com/secfilings. Specifically, On the Form 10Q(s) (Quarterly Period Ending June 30, 2019 and Quarterly Period Ending Mar 31, 2019) of the PNC Financial Services Group, Inc., please see Note 12 Legal Proceedings section on pages 1-4 and 5-7. On 10K (Fiscal Year Ending December 31, 2018), please see Note 19 Legal Proceedings section on pages 8-14. The Disclosing Party certifies that none of the judgments set forth therein, individually or in the aggregate, would have a material adverse effect on the Applicant's ability to perform with respect to the Matter. With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and

including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. The Disclosing Party makes no certification concerning (x) any Contractor, any Affiliated Entity of a Contractor or any Agent of any such Contractor or Affiliated Entity; or (y) any agent of the Disclosing Party or any Affiliated Entity of the Disclosing Party.

For purposes of the certifications contained in the EDS as modified in this Attachment B: The term "Affiliated Entity" does not include BlackRock, Inc. or any of its subsidiaries or other affiliates (as such term is defined for purposes of the Securities Exchange Act of 1934, as amended), except to the extent that such entity would be an Affiliated Entity of the Disclosing Party for any other reason.

D. FINANCIAL INTEREST IN CITY BUSINESS

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

Any questions regarding this statement should be directed to the following PNC executive:

Jonathan Casiano
Senior Vice President & Relationship Manager
PNC Bank - Public Finance Group
One North Franklin Street, Suite 2800
Chicago, IL 60606

ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

The PNC Financial Services Group, Inc.

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☐ the Applicant

OR

2. ☒ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: PNC Bank, National Association

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control:

B. Business address of the Disclosing Party: The Tower at PNC Plaza, 300 Fifth Avenue
Pittsburgh, PA 15222-2401

C. Telephone: 312-338-2295 Fax: N/A Email: jonathan.casiano@pnc.com

D. Name of contact person: Jonathan Casiano - Senior Vice President, Public Finance

E. Federal Employer Identification No. (if you have one): 25-1435979

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

2020 Municipal Depository RFP

G. Which City agency or department is requesting this EDS? Office of the Comptroller

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|--|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input checked="" type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input type="checkbox"/> Other (please specify) |
| | <u>national banking association</u> |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

Pennsylvania

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name	Title
------	-------

See Attachment A

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
------	------------------	--------------------------------------

None

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

See Attachment B

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes ☒ No See Attachment B

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	--

(Add sheets if necessary)

☒ Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

See Attachment B

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

None

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

NONE

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes ☒ No See Attachment B

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes ☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest
_____	_____	_____
_____	_____	_____
_____	_____	_____

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

See Attachment B

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

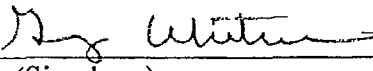

- A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.
- B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.
- C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.
- D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.
- E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☐ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☐ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☐ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☐ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Attachment B
To: City of Chicago
Economic Disclosure Statement and Affidavit
Filed by: The PNC Financial Services Group, Inc.

This Attachment B modifies and supplements the information provided in the City of Chicago Economic Disclosure Statement and Affidavit executed by the Disclosing Party as of November 8, 2019 (the "EDS"). Any capitalized term used in this Attachment B will have the definition set forth in the EDS, except as provided below.

SECTION III: INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

To the best knowledge of the Disclosing Party, after reasonable inquiry, the Disclosing Party has not provided nor reasonably expects to provide any income or compensation during the 12 months preceding or following the date that the Disclosing Party executed the EDS. For purposes of this certification, the term "City elected official" is treated as including only the City's Mayor, Aldermen, Treasurer and Clerk and not including their spouses, domestic partners (as defined in Chapter 2-156 of the Municipal Code) or any entity in which any such person has an interest.

SECTION V – CERTIFICATIONS

B. FURTHER CERTIFICATIONS

With respect to the statements contained in Section V, paragraph B.2, the Disclosing Party certifies, to the best of its knowledge, after reasonable inquiry, that neither the Disclosing Party nor any Affiliated Entity is delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City other than fines, fees, taxes or other charges that are being contested in good faith by the Disclosing Party or such Affiliated Entity by appropriate legal proceedings.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, (x) the statement contained in Section V, paragraph B.3. a and B.3.d is accurate with respect to itself (the Disclosing Party); and (y) the statements contained in Section V, paragraphs B.3.a through and including B.3.e are accurate with respect to the executive officers and directors of the Disclosing Party. With respect to Section V, paragraphs B.3.b, c and e, the Disclosing Party hereby makes reference to the information on legal proceedings set forth in the filings made by its parent company, The PNC Financial Services Group, Inc., with the Securities and Exchange Commission, which may be found at www.sec.gov or www.pnc.com/secfilings. Specifically, On the Form 10Q(s) (Quarterly Period Ending June 30, 2019 and Quarterly Period Ending Mar 31, 2019) of the PNC Financial Services Group, Inc., please see Note 12 Legal Proceedings section on pages 1-4 and 5-7. On 10K (Fiscal Year Ending December 31, 2018), please see Note 19 Legal Proceedings section on pages 8-14. The Disclosing Party certifies that none of the judgments set forth therein, individually or in the aggregate, would have a material adverse effect on the Applicant's ability to perform with respect to the Matter. With respect to Section V, paragraph B.3.d., PNC can certify to the best of its knowledge that no public transaction agreements have been terminated for cause or default.

The Disclosing Party certifies that, as of the date that the Disclosing Party executed the EDS, to the best of its knowledge, after reasonable inquiry, the statements contained in Section V, paragraphs B.5.a through and

including B.5.d and B.6 are accurate with respect to any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity. The Disclosing Party makes no certification concerning (x) any Contractor, any Affiliated Entity of a Contractor or any Agent of any such Contractor or Affiliated Entity; or (y) any agent of the Disclosing Party or any Affiliated Entity of the Disclosing Party.

For purposes of the certifications contained in the EDS as modified in this Attachment B: The term "Affiliated Entity" does not include BlackRock, Inc. or any of its subsidiaries or other affiliates (as such term is defined for purposes of the Securities Exchange Act of 1934, as amended), except to the extent that such entity would be an Affiliated Entity of the Disclosing Party for any other reason.

D. FINANCIAL INTEREST IN CITY BUSINESS

As to the disclosure set forth in Section V, paragraph D.1., to the best knowledge of the Disclosing Party, after reasonable inquiry, no official or employee of the City of Chicago has a financial interest in his or her own name or in the name of any other person in the Matter.

As to the disclosure set forth in Section V, paragraph D.4., the Disclosing Party only certifies that no official or employee of the City of Chicago will acquire a prohibited financial interest in the Matter from the Disclosing Party, any Affiliated Entity of the Disclosing Party or any responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity or any other official or employee of the Disclosing Party or any such Affiliated Entity acting in such capacity pursuant to the direction or authorization of a responsible official of the Disclosing Party or any such Affiliated Entity acting in such capacity.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

The PNC Financial Services Group, Inc. reviewed the historical records of acquired institutions and discovered two instances of reportable pre-1865 business activities in the records of the National Bank of Kentucky, a predecessor of National City Bank, which is a predecessor of PNC Bank.

- In 1836, the National Bank of Kentucky loaned \$200,000 to the City of Louisville. Records indicate the City then invested in the Lexington & Ohio Railroad Company.
- In 1852, the National Bank of Kentucky loaned \$135,000 to the Louisville & Nashville Railroad Company.

Research indicates that both railroads used slave labor. There is no evidence that any additional transactions were conducted with either railroad.

Any questions regarding this statement should be directed to the following PNC executive:

Jonathan Casiano
Senior Vice President & Relationship Manager
PNC Bank - Public Finance Group
One North Franklin Street, Suite 2800
Chicago, IL 60606

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

The Huntington National Bank

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☒ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control: _____

B. Business address of the Disclosing Party: 222 N. LaSalle Street

Chicago, IL 60601

C. Telephone: 312-263-0206 Fax: _____ Email: steven.h.abbey@huntington.com

D. Name of contact person: Steven Abbey

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

Request for Proposal for Payment of Interest on the Monies of the City of Chicago and the Chicago Board of Education

G. Which City agency or department is requesting this EDS? Department of Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input checked="" type="checkbox"/> Other (please specify) |
| | <u>Federally Chartered Financial Institution</u> |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

United States of America, Office of the Comptroller of the Currency

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☒ Yes ☐ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name

Title

A full list of executive officers and all directors of the entity is provided as Exhibit I of the submission documents.

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
Huntington Bancshares Inc.,	41 S. High Street, Columbus, OH 43287	100%
The Vanguard Group, Inc.,	100 Vanguard Blvd, Malvern, PA 19355	11.260%*
FMR, LLC,	245 Sumner Street, Boston MA 02210	7.574%*

*Ownership interest in Huntington Bancshares Inc. which is publicly traded

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (<u>indicate whether paid or estimated.</u>) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	---

(Add sheets if necessary)

☒ Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33F-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

The foregoing responses are to the best knowledge of disclosing party's knowledge after reasonable inquiry.

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

None

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

None

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

None

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes

☒ No

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes

☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name

Business Address

Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 X 1.* The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

*The disclosing party has conducted a search of its records as well as its predecessor entities
and could not find records of itself or predecessor entities regarding investments or profits
from slavery or shareholder insurance policies during the slavery era.

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

None

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☒ Yes

☐ No

If "Yes," answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☒ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☒ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☒ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

) The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

) D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

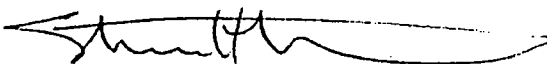

The Disclosing Party understands and agrees that:

- A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.
- B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.
- C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.
- D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.
- E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy* that includes those prohibitions. *or practice

☒ Yes

☐ No

☐ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Maryland
(State or other jurisdiction of
incorporation or organization)

(I.R.S. Employer
Identification No.)

41 S. High Street, Columbus, Ohio
(Address of principal executive offices)

43287
(Zip Code)

Registrant's telephone number, including area code (614) 480-2265

Securities registered pursuant to Section 12(b) of the Act:

Title of class	Name of exchange on which registered
5.875% Series C Non-Cumulative, perpetual preferred stock	NASDAQ
6.250% Series D Non-Cumulative, perpetual preferred stock	NASDAQ
Common Stock—Par Value \$0.01 per Share	NASDAQ

Securities registered pursuant to Section 12(g) of the Act:

Title of class

Depository Shares (each representing a 1/40th interest in a share of Floating Rate Series B Non-Cumulative Perpetual Preferred Stock)

Depository Shares (each representing a 1/100th interest in a share of 5.700% Series E Fixed-to-Floating Non-Cumulative Perpetual Preferred Stock)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Exchange Act. ☒ Yes ☐ No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or 15(d) of the Act. ☐ Yes ☒ No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days ☒ Yes ☐ No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). ☒ Yes ☐ No

Table of Contents

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K ☒

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer", "accelerated filer", "smaller reporting company", and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☒

Accelerated filer ☐

Non-accelerated filer ☐

Smaller reporting company ☐

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act) ☐ Yes ☒ No

The aggregate market value of voting and non-voting common equity held by non-affiliates of the registrant as of June 30, 2018, determined by using a per share closing price of \$14.76, as quoted by NASDAQ on that date, was \$16,029,310,082. As of January 31, 2019, there were 1,046,813,306 shares of common stock with a par value of \$0.01 outstanding.

Documents Incorporated By Reference

Part III of this Form 10-K incorporates by reference certain information from the registrant's definitive Proxy Statement for the 2019 Annual Shareholders' Meeting.

Huntington Bancshares Incorporated

PART I

When we refer to “Huntington,” “we,” “our,” “us,” and “the Company” in this report, we mean Huntington Bancshares Incorporated and our consolidated subsidiaries, unless the context indicates that we refer only to the parent company, Huntington Bancshares Incorporated. When we refer to the “Bank” in this report, we mean our only bank subsidiary, The Huntington National Bank, and its subsidiaries.

Item 1: Business

We are a multi-state diversified regional bank holding company organized under Maryland law in 1966 and headquartered in Columbus, Ohio. We have 15,693 average full-time equivalent employees. Through the Bank, we have over 150 years of serving the financial needs of our customers. Through our subsidiaries, we provide full-service commercial, small business, consumer banking services, mortgage banking services, automobile financing, recreational vehicle and marine financing, equipment leasing, investment management, trust services, brokerage services, insurance programs, and other financial products and services. The Bank, organized in 1866, is our only bank subsidiary. At December 31, 2018, the Bank had 10 private client group offices and 944 branches as follows:

- 451 branches in Ohio
- 300 branches in Michigan
- 49 branches in Pennsylvania
- 41 branches in Indiana
- 37 branches in Illinois
- 31 branches in Wisconsin
- 25 branches in West Virginia
- 10 branches in Kentucky

Select financial services and other activities are also conducted in various other states. International banking services are available through the headquarters office in Columbus, Ohio. Our foreign banking activities, in total or with any individual country, are not significant.

Our business segments are based on our internally-aligned segment leadership structure, which is how we monitor results and assess performance. For each of our four business segments, we expect the combination of our business model and exceptional service to provide a competitive advantage that supports revenue and earnings growth. Our business model emphasizes the delivery of a complete set of banking products and services offered by larger banks but distinguished by local delivery and customer service.

A key strategic emphasis has been for our business segments to operate in cooperation to provide products and services to our customers and to build stronger and more profitable relationships using our OCR sales and service process. The objectives of OCR are to:

- Use a consultative sales approach to provide solutions that are specific to each customer.
- Leverage each business segment in terms of its products and expertise to benefit customers.
- Develop prospects who may want to have multiple products and services as part of their relationship with us.

Following is a description of our four business segments and the Treasury / Other function:

- **Consumer and Business Banking:** The Consumer and Business Banking segment provides a wide array of financial products and services to consumer and small business customers including but not limited to checking accounts, savings accounts, money market accounts, certificates of deposit, investments, consumer loans, credit cards, and small business loans. Other financial services available to consumer and small business customers include mortgages, insurance, interest rate risk protection, foreign exchange, and treasury management. Huntington serves customers through our network of branches. In addition to our extensive branch network, customers can access Huntington through online banking, mobile banking, telephone banking, and ATMs.

We have a “Fair Play” banking philosophy; providing differentiated products and services, built on a strong foundation of customer advocacy. Our brand resonates with consumers and businesses; earning us new customers and deeper relationships with current customers.

Business Banking is a dynamic part of our business and we are committed to being the bank of choice for businesses in our markets. Business Banking is defined as serving companies with revenues up to \$20 million. Huntington continues to develop products and services that are designed specifically to meet the needs of small business and look for ways to help companies find solutions to their financing needs.

Home Lending, an operating unit of Consumer and Business Banking, originates consumer loans and mortgages for customers who are generally located in our primary banking markets. Consumer and mortgage lending products are primarily distributed through the Consumer and Business Banking and Regional Banking and The Huntington Private

Client Group segments, as well as through commissioned loan originators. Home Lending earns interest on portfolio loans and loans held-for-sale, earns fee income from the origination and servicing of mortgage loans, and recognizes gains or losses from the sale of mortgage loans. Home Lending supports the origination of mortgage loans across all segments.

- **Commercial Banking:** Through a relationship banking model, this segment provides a wide array of products and services to the middle market, corporate, real estate and government public sector customers located primarily within our geographic footprint. The segment is divided into six business units: Middle Market, Specialty Banking, Asset Finance, Capital Markets/Institutional Corporate Banking, Commercial Real Estate, and Treasury Management.

Middle Market primarily focuses on providing banking solutions to companies with annual revenues of \$20 million to \$500 million. Through a relationship management approach, various products, capabilities, and solutions are seamlessly delivered in a client centric way.

Specialty Banking offers tailored products and services to select industries that have a foothold in the Midwest. Each team is comprised of industry experts with a dynamic understanding of the market and industry. Many of these industries are experiencing tremendous change, which creates opportunities for Huntington to leverage our expertise and help clients navigate, adapt, and succeed.

Asset Finance is a combination of our Huntington Equipment Finance, Huntington Public Capital*, Technology and Healthcare Equipment Leasing, and Lender Finance divisions that focus on providing financing solutions against these respective asset classes.

Capital Markets/Institutional Corporate Banking has three distinct product offerings: 1) corporate risk management services, 2) institutional sales, trading, and underwriting, 3) institutional corporate banking. The Capital Markets Group offers a full suite of risk management tools including commodities, foreign exchange, and interest rate hedging services. The Institutional Sales, Trading, & Underwriting team provides access to capital and investment solutions for both municipal and corporate institutions. Institutional Corporate Banking works with larger, often more complex companies with revenues greater than \$500 million. These entities, many of which are publicly traded, require a different and customized approach to their banking needs.

The Commercial Real Estate team serves real estate developers, REITs, and other customers with lending needs that are secured by commercial properties. Most of these customers are located within our footprint. Within Commercial Real Estate, Huntington Community Development focuses on improving the quality of life for our communities and the residents of low-to moderate-income neighborhoods by developing and delivering innovative products and services to support affordable housing and neighborhood stabilization.

Treasury Management teams help businesses manage their working capital programs and reduce expenses. Our liquidity solutions help customers save and invest wisely, while our payables and receivables capabilities help them manage purchases and the receipt of payments for goods and services. All of this is provided while helping customers take a sophisticated approach to managing their overhead, inventory, equipment, and labor.

- **Vehicle Finance:** Our products and services include providing financing to consumers for the purchase of automobiles, light-duty trucks, recreational vehicles, and marine craft at franchised and other select dealerships, and providing financing to franchised dealerships for the acquisition of new and used inventory. Products and services are delivered through highly specialized relationship-focused bankers and product partners. Huntington creates well-defined relationship plans which identify needs where solutions are developed and customer commitments are obtained.

The Vehicle Finance team services automobile dealerships, its owners, and consumers buying automobiles through these franchised dealerships. Huntington has provided new and used automobile financing and dealer services throughout the Midwest since the early 1950s. This consistency in the market and our focus on working with strong dealerships has allowed us to expand into select markets outside of the Midwest and to actively deepen relationships while building a strong reputation. Huntington also provides financing for the purchase by consumers of recreational vehicles and marine craft on an indirect basis through a series of dealerships.

- **Regional Banking and The Huntington Private Client Group:** Regional Banking and The Huntington Private Client Group is closely aligned with our regional banking markets. A fundamental point of differentiation is our commitment to be actively engaged within our local markets - building connections with community and business leaders and offering a uniquely personal experience delivered by colleagues working within those markets.

The core business of The Huntington Private Client Group is The Huntington Private Bank, which consists of Private Banking, Wealth & Investment Management, and Retirement Plan Services. The Huntington Private Bank provides high net-worth customers with deposit, lending (including specialized lending options), and banking services. The Huntington Private Bank also delivers wealth management and legacy planning through investment and portfolio management, fiduciary administration, and trust services. This group also provides retirement plan services to corporate

Table of Contents

businesses. The Huntington Private Client Group also provides corporate trust services and institutional and mutual fund custody services.

- **Treasury/Other:** The Treasury / Other function includes technology and operations, other unallocated assets, liabilities, revenue, and expense.

The financial results for each of these business segments are included in Note 23 of Notes to Consolidated Financial Statements and are discussed in the Business Segment Discussion of our MD&A.

Competition

We compete with other banks and financial services companies such as savings and loans, credit unions, and finance and trust companies, as well as mortgage banking companies, automobile and equipment financing companies (including captive automobile finance companies), insurance companies, mutual funds, investment advisors, and brokerage firms, both within and outside of our primary market areas. Financial Technology Companies, or FinTechs, are also providing nontraditional, but increasingly strong, competition for our borrowers, depositors, and other customers.

We compete for loans primarily on the basis of a combination of value and service by building customer relationships as a result of addressing our customers' entire suite of banking needs, demonstrating expertise, and providing convenience to our customers. We also consider the competitive pricing pressures in each of our markets.

We compete for deposits similarly on a basis of a combination of value and service and by providing convenience through a banking network of branches and ATMs within our markets and our website at www.huntington.com. We also employ customer friendly practices, such as our 24-Hour Grace[®] account feature, which gives customers an additional business day to cover overdrafts to their consumer account without being charged overdraft fees.

The table below shows our competitive ranking and market share based on deposits of FDIC-insured institutions as of June 30, 2018, in the top 10 metropolitan statistical areas (MSA) in which we compete:

MSA	Rank	Deposits (in millions)	Market Share
Columbus, OH	1	\$ 24,746	37%
Cleveland, OH	2	9,718	14
Detroit, MI	6	7,737	6
Akron, OH	1	3,937	28
Indianapolis, IN	4	3,452	7
Cincinnati, OH	5	3,365	3
Pittsburgh, PA	9	2,955	2
Toledo, OH	2	2,491	22
Grand Rapids, MI	2	2,416	11
Chicago, IL	20	2,303	1

Source: FDIC.gov, based on June 30, 2018 survey.

Many of our nonfinancial institution competitors have fewer regulatory constraints, broader geographic service areas, greater capital, and, in some cases, lower cost structures. In addition, competition for quality customers has intensified as a result of changes in regulation, advances in technology and product delivery systems, consolidation among financial service providers, and bank failures.

FinTechs continue to emerge in key areas of banking. In response, we are monitoring activity in marketplace lending along with businesses engaged in money transfer, investment advice, and money management tools. Our strategy involves assessing the marketplace and determining our near term plan, while developing a longer term approach to effectively service our existing customers and attract new customers. This includes evaluating which products we develop in-house, as well as evaluating partnership options, where applicable.

Regulatory Matters

Regulatory Environment

The banking industry is highly regulated. We are subject to supervision, regulation, and examination by various federal and state regulators, including the Federal Reserve, OCC, SEC, CFPB, FDIC, FINRA, and various state regulatory agencies. The

Table of Contents

statutory and regulatory framework that governs us is generally intended to protect depositors and customers, the DIF, the U.S. banking and financial system, and financial markets as a whole.

Banking statutes, regulations, and policies are continually under review by Congress, state legislatures, and federal and state regulatory agencies. In addition to laws and regulations, state and federal bank regulatory agencies may issue policy statements, interpretive letters, and similar written guidance applicable to Huntington and its subsidiaries. Any change in the statutes, regulations, or regulatory policies applicable to us, including changes in their interpretation or implementation, could have a material effect on our business or organization.

Both the scope of the laws and regulations and the intensity of the supervision to which we are subject increased in response to the financial crisis, as well as other factors, such as technological and market changes. Regulatory enforcement and fines have also increased across the banking and financial services sector. Many of these changes have occurred as a result of the Dodd-Frank Act and its implementing regulations, most of which are now in place. While the regulatory environment has entered a period of rebalancing of the post financial crisis framework, we expect that our business will remain subject to extensive regulation and supervision.

On May 24, 2018, the Economic Growth Act was signed into law. Among other regulatory changes, the Economic Growth Act amends various sections of the Dodd-Frank Act, including section 165 of Dodd-Frank Act, which was revised to raise the asset thresholds for determining the application of enhanced prudential standards for BHCs. Under the Economic Growth Act, BHCs with consolidated assets below \$100 billion were immediately exempted from all of the enhanced prudential standards, except risk committee requirements, which will now apply to publicly-traded BHCs with \$50 billion or more of consolidated assets. BHCs with consolidated assets between \$100 billion and \$250 billion, including Huntington, will continue to be subject to the enhanced prudential standards that applied to them before enactment of the Economic Growth Act for 18 months after the date of enactment, unless the Federal Reserve acts earlier to exempt these BHCs from enhanced prudential standards or to continue to subject these BHCs to some form of enhanced prudential standards. Following that 18-month period, BHCs with consolidated assets between \$100 billion and \$250 billion will be exempt from all enhanced prudential standards that the Federal Reserve has not made applicable to them, with the exception of risk committee requirements. As discussed immediately below, the Federal Reserve has proposed a rule to implement the Economic Growth Act under which Huntington would remain subject to certain enhanced prudential standards.

On October 31, 2018, the Federal Reserve issued the Proposed EPS Tailoring Rule pursuant to the Economic Growth Act to adjust the thresholds at which certain enhanced prudential standards apply to U.S. BHCs with \$100 billion or more in total consolidated assets. Also on October 31, 2018, the Federal Reserve, OCC, and FDIC issued the Proposed Capital and Liquidity Tailoring Rule to similarly adjust the thresholds at which certain other capital and liquidity standards apply to U.S. BHCs and banks with \$100 billion or more in total consolidated assets. Under the Proposed Tailoring Rules, these BHCs and banks, including Huntington and the Bank, would be placed into one of four risk-based categories based on the banking organization's size, status as a global systemically important bank (or not), cross-jurisdictional activity, weighted short-term wholesale funding, nonbank assets, and off-balance sheet exposure. The extent to which enhanced prudential standards and certain other capital and liquidity standards would apply to these BHCs and banks would depend on the banking organization's category. Under the Proposed Tailoring Rules, which remain subject to finalization and may be revised, Huntington and the Bank would each qualify as a Category IV banking organization subject to the least restrictive of the proposed requirements applicable to firms with \$100 billion or more in total consolidated assets.

The ultimate benefits or consequences of the Economic Growth Act for Huntington, the Bank, Huntington's other subsidiaries, and Huntington's activities will depend on the final form of the Proposed Tailoring Rules and additional rulemakings to implement the Act that are expected to be issued by the U.S. banking agencies, which we cannot predict.

We are also subject to the disclosure and regulatory requirements of the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended, both as administered by the SEC, as well as the rules of Nasdaq that apply to companies with securities listed on the Nasdaq Global Select Market.

The following discussion describes certain elements of the comprehensive regulatory framework applicable to us. This discussion is not intended to describe all laws and regulations applicable to Huntington, the Bank, and Huntington's other subsidiaries.

Huntington as a Bank Holding Company

Huntington is registered as a BHC with the Federal Reserve under the BHC Act and qualifies for and has elected to become a FHC under the GLBA. As a FHC, Huntington is permitted to engage in, and be affiliated with companies engaging in, a broader range of activities than those permitted for a BHC. BHCs are generally restricted to engaging in the business of banking, managing or controlling banks, and certain other activities determined by the Federal Reserve to be closely related to banking. FHCs may also engage in activities that are considered to be financial in nature, as well as those incidental or complementary to financial activities, including underwriting, dealing and making markets in securities, and making merchant banking investments in non-financial companies. Huntington and the Bank must each remain "well-capitalized" and "well managed" in order for

Table of Contents

Huntington to maintain its status as a FHC. In addition, the Bank must receive a CRA rating of at least "Satisfactory" at its most recent examination for Huntington to engage in the full range of activities permissible for FHCs.

Huntington is subject to primary supervision, regulation and examination by the Federal Reserve, which serves as the primary regulator of our consolidated organization. The primary regulators of our non-bank subsidiaries directly regulate the activities of those subsidiaries, with the Federal Reserve exercising a supervisory role. Such non-bank subsidiaries include, for example, broker-dealers registered with the SEC and investment advisers registered with the SEC with respect to their investment advisory activities.

The Bank as a National Bank

The Bank is a national banking association chartered under the laws of the United States. As a national bank, the activities of the Bank are limited to those specifically authorized under the National Bank Act and OCC regulations. The Bank is subject to comprehensive primary supervision, regulation, and examination by the OCC. As a member of the DIF, the Bank is also subject to regulation and examination by the FDIC.

Supervision, Examination and Enforcement

A principal objective of the U.S. bank regulatory regime is to protect depositors and customers, the DIF, the U.S. banking and financial system, and financial markets as a whole by ensuring the financial safety and soundness of BHCs and banks, including Huntington and the Bank. Bank regulators regularly examine the operations of BHCs and banks. In addition, BHCs and banks are subject to periodic reporting and filing requirements.

The Federal Reserve, OCC, and FDIC have broad supervisory and enforcement authority with regard to BHCs and banks, including the power to conduct examinations and investigations, impose nonpublic supervisory agreements, issue cease and desist orders, impose fines and other civil and criminal penalties, terminate deposit insurance, and appoint a conservator or receiver. In addition, Huntington, the Bank and other Huntington subsidiaries are subject to supervision, regulation, and examination by the CFPB, which is the primary administrator of most federal consumer financial statutes and Huntington's primary consumer financial regulator. Supervision and examinations are confidential, and the outcomes of these actions may not be made public.

Bank regulators have various remedies available if they determine that the financial condition, capital resources, asset quality, earnings prospects, management, liquidity, or other aspects of a banking organization's operations are unsatisfactory. The regulators may also take action if they determine that the banking organization or its management is violating or has violated any law or regulation. The regulators have the power to, among other things, prohibit unsafe or unsound practices, require affirmative actions to correct any violation or practice, issue administrative orders that can be judicially enforced, direct increases in capital, direct the sale of subsidiaries or other assets, limit dividends and distributions, restrict growth, assess civil monetary penalties, remove officers and directors, and terminate deposit insurance.

Engaging in unsafe or unsound practices or failing to comply with applicable laws, regulations, and supervisory agreements could subject the Company, its subsidiaries, and their respective officers, directors, and institution-affiliated parties to the remedies described above, and other sanctions. In addition, the FDIC may terminate a bank's deposit insurance upon a finding that the bank's financial condition is unsafe or unsound or that the bank has engaged in unsafe or unsound practices or has violated an applicable rule, regulation, order, or condition enacted or imposed by the bank's regulatory agency.

In November 2018, the Federal Reserve adopted a new rating system, the LFI Rating System, to align its supervisory rating system for large financial institutions, including Huntington, with its current supervisory programs for these firms. As compared to the rating system it replaces, which will continue to be used for smaller BHCs, the LFI Rating System places a greater emphasis on capital and liquidity, including related planning and risk management practices. Huntington will receive its first rating under the LFI Rating System in 2020. These ratings will remain confidential.

Bank Acquisitions by Huntington

BHCs, such as Huntington, must obtain prior approval of the Federal Reserve in connection with any acquisition that results in the BHC owning or controlling 5% or more of any class of voting securities of a bank or another BHC.

Acquisitions of Ownership of the Company

Acquisitions of Huntington's voting stock above certain thresholds are subject to prior regulatory notice or approval under federal banking laws, including the BHC Act and the Change in Bank Control Act of 1978. Under the Change in Bank Control Act, a person or entity generally must provide prior notice to the Federal Reserve before acquiring the power to vote 10% or more of our outstanding common stock. Investors should be aware of these requirements when acquiring shares in our stock.

Interstate Banking

Under the Riegle-Neal Act, a BHC may acquire banks in states other than its home state, subject to any state requirement that the bank has been organized and operating for a minimum period of time, not to exceed five years, and the requirement that the

BHC not control, prior to or following the proposed acquisition, more than 10% of the total amount of deposits of insured depository institutions nationwide or, unless the acquisition is the BHC's initial entry into the state, more than 30% of such deposits in the state (or such lesser or greater amount set by the state). The Riegle-Neal Act also authorizes banks to merge across state lines, thereby creating interstate branches. A national bank, such as the Bank, with the approval of the OCC may open a branch in any state if the law of that state would permit a state bank chartered in that state to establish the branch.

Regulatory Capital Requirements

Huntington and the Bank are subject to certain risk-based capital and leverage ratio requirements under the U.S. Basel III capital rules adopted by the Federal Reserve, for Huntington, and by the OCC, for the Bank. These rules implement the Basel III international regulatory capital standards in the United States, as well as certain provisions of the Dodd-Frank Act. These quantitative calculations are minimums, and the Federal Reserve and OCC may determine that a banking organization, based on its size, complexity, or risk profile, must maintain a higher level of capital in order to operate in a safe and sound manner.

Under the U.S. Basel III capital rules, Huntington's and the Bank's assets, exposures, and certain off-balance sheet items are subject to risk weights used to determine the institutions' risk-weighted assets. These risk-weighted assets are used to calculate the following minimum capital ratios for Huntington and the Bank:

- **CET1 Risk-Based Capital Ratio**, equal to the ratio of CET1 capital to risk-weighted assets. CET1 capital primarily includes common shareholders' equity subject to certain regulatory adjustments and deductions, including with respect to goodwill, intangible assets, certain deferred tax assets, and AOCI. Certain of these adjustments and deductions were subject to phase-in periods that began on January 1, 2015, and was scheduled to end on January 1, 2018. Together with the FDIC, the Federal Reserve and OCC have issued proposed rules that would simplify the capital treatment of certain capital deductions and adjustments, and the final phase-in period for these capital deductions and adjustments has been indefinitely delayed. In addition, in December 2018, the U.S. federal banking agencies finalized rules that would permit BHCs and banks to phase-in, for regulatory capital purposes, the day-one impact of the new current expected credit loss accounting rule on retained earnings over a period of three years. For further discussion of the new current expected credit loss accounting rule, see Note 2 of the Notes to Consolidated Financial Statements.
- **Tier 1 Risk-Based Capital Ratio**, equal to the ratio of Tier 1 capital to risk-weighted assets. Tier 1 capital is primarily comprised of CET1 capital, perpetual preferred stock, and certain qualifying capital instruments.
- **Total Risk-Based Capital Ratio**, equal to the ratio of total capital, including CET1 capital, Tier 1 capital, and Tier 2 capital, to risk-weighted assets. Tier 2 capital primarily includes qualifying subordinated debt and qualifying ALLL. Tier 2 capital also includes, among other things, certain trust preferred securities.
- **Tier 1 Leverage Ratio**, equal to the ratio of Tier 1 capital to quarterly average assets (net of goodwill, certain other intangible assets, and certain other deductions).

The total minimum regulatory capital ratios and well-capitalized minimum ratios are reflected on the following page. The Federal Reserve has not yet revised the well-capitalized standard for BHCs to reflect the higher capital requirements imposed under the U.S. Basel III capital rules. For purposes of the Federal Reserve's Regulation Y, including determining whether a BHC meets the requirements to be an FHC, BHCs, such as Huntington, must maintain a Tier 1 Risk-Based Capital Ratio of 6.0% or greater and a Total Risk-Based Capital Ratio of 10.0% or greater. If the Federal Reserve were to apply the same or a very similar well-capitalized standard to BHCs as that applicable to the Bank, Huntington's capital ratios as of December 31, 2018 would exceed such revised well-capitalized standard. The Federal Reserve may require BHCs, including Huntington, to maintain capital ratios substantially in excess of mandated minimum levels, depending upon general economic conditions and a BHC's particular condition, risk profile, and growth plans.

Failure to be well-capitalized or to meet minimum capital requirements could result in certain mandatory and possible additional discretionary actions by regulators that, if undertaken, could have an adverse material effect on our operations or financial condition. Failure to be well-capitalized or to meet minimum capital requirements could also result in restrictions on Huntington's or the Bank's ability to pay dividends or otherwise distribute capital or to receive regulatory approval of applications.

In addition to meeting the minimum capital requirements, under the U.S. Basel III capital rules, Huntington and the Bank must also maintain the required Capital Conservation Buffer to avoid becoming subject to restrictions on capital distributions and certain discretionary bonus payments to management. The Capital Conservation Buffer is calculated as a ratio of CET1 capital to risk-weighted assets, and it effectively increases the required minimum risk-based capital ratios. The Capital Conservation Buffer requirement was phased in over a three-year period that began on January 1, 2016. The phase-in period ended on January 1, 2019, and the Capital Conservation Buffer is now at its fully phased-in level of 2.5%. Throughout 2018, the required Capital Conservation Buffer was 1.875%. The Tier 1 Leverage Ratio is not impacted by the Capital Conservation Buffer, and a banking institution may be considered well-capitalized while remaining out of compliance with the Capital Conservation Buffer. In April 2018, the Federal Reserve issued a proposal that would, among other things, replace the Capital Conservation Buffer with stress

Table of Contents

buffer requirements for certain large BHCs, including Huntington. Please refer to the Proposed Stress Buffer Requirements section below for further details.

The table below summarizes the capital requirements that Huntington and the Bank must satisfy to avoid limitations on capital distributions and certain discretionary bonus payments (i.e., the required minimum capital ratios plus the Capital Conservation Buffer) during the remaining transition period for the Capital Conservation Buffer:

	Minimum Basel III Regulatory Capital Ratio Plus Capital Conservation Buffer	
	January 1, 2018	January 1, 2019
CET 1 risk-based capital ratio	6.375%	7.00%
Tier 1 risk-based capital ratio	7.875	8.50
Total risk-based capital ratio	9.875	10.50

The following table presents the minimum regulatory capital ratios, minimum ratio plus capital conservation buffer, and well-capitalized minimums compared with Huntington's and the Bank's regulatory capital ratios as of December 31, 2018, calculated using the regulatory capital methodology applicable during 2018.

<i>(dollar amounts in billions)</i>		Minimum Regulatory Capital Ratio	Minimum Ratio + Capital Conservation Buffer (1)	Well-Capitalized Minimums (2)	At December 31, 2018 Actual
Ratios:					
CET 1 risk-based capital ratio	Consolidated	4.50%	6.375%	N/A	9.65%
	Bank	4.50	6.375	6.50%	10.19
Tier 1 risk-based capital ratio	Consolidated	6.00	7.875	6.00	11.06
	Bank	6.00	7.875	8.00	11.21
Total risk-based capital ratio	Consolidated	8.00	9.875	10.00	12.98
	Bank	8.00	9.875	10.00	13.42
Tier 1 leverage ratio	Consolidated	4.00	N/A	N/A	9.10
	Bank	4.00	N/A	5.00	9.23

- (1) Reflects the capital conservation buffer of 1.875% applicable during 2018. Huntington and the Bank already meet the Capital Conservation Buffer at the fully phased-in level of 2.5%.
- (2) Reflects the well-capitalized standard applicable to Huntington under Federal Reserve Regulation Y and the well-capitalized standard applicable to the Bank.

Huntington has the ability to provide additional capital to the Bank to maintain the Bank's risk-based capital ratios at levels which would be considered well-capitalized.

As of December 31, 2018, Huntington's and the Bank's regulatory capital ratios were above the well-capitalized standards and met the then-applicable Capital Conservation Buffer and the Capital Conservation Buffer on a fully phased-in basis. Based on current estimates, we believe that Huntington and the Bank will continue to exceed all applicable well-capitalized regulatory capital requirements and the Capital Conservation Buffer, on a fully phased-in basis.

Liquidity Requirements

BHCs with total consolidated assets of \$250 billion or more are subject to a minimum LCR, and BHCs with at least \$100 billion but less than \$250 billion in total consolidated assets, including Huntington, are currently subject to a less stringent modified version of the LCR. The LCR requires Huntington to meet certain liquidity measures by holding an adequate amount of unencumbered high-quality liquid assets, such as Treasury securities and other sovereign debt, to cover its projected net cash outflows over a 30 calendar-day stress scenario window. Because the LCR assigns less severe outflow assumptions to certain types of customer deposits, banks' demand for and the cost of these deposits may increase. Additionally, the LCR has increased the demand for direct U.S. government and U.S. government-guaranteed debt that, while high quality, generally carry lower yields than other securities BHCs hold in their investment portfolios. Under the Proposed Capital and Liquidity Tailoring Rule, Huntington, as a Category IV banking organization, would be exempt from the LCR.

In addition, in May 2016, the federal bank regulatory agencies proposed a Net Stable Funding Ratio rule, which would require large financial firms to meet certain net stable funding measures by funding themselves with adequate amounts of medium- and long-term funding. As initially proposed, Huntington would be subject to a less stringent modified version of the Net Stable Funding Ratio. Under the Proposed Capital and Liquidity Tailoring Rule, however, Huntington, as a Category IV banking organization, would be exempt from the proposed Net Stable Funding Ratio.

We cannot predict whether the final form of the Proposed Capital and Liquidity Tailoring Rule will exempt Huntington from the LCR and the proposed Net Stable Funding Ratio.

Enhanced Prudential Standards

Under the Dodd-Frank Act, as modified by the Economic Growth Act, BHCs with consolidated assets of more than \$100 billion, such as Huntington, are currently subject to certain enhanced prudential standards. As a result, Huntington is subject to more stringent standards, including liquidity and capital requirements, leverage limits, stress testing, resolution planning, and risk management standards, than those applicable to smaller institutions. Certain larger banking organizations are subject to additional enhanced prudential standards.

A rule to implement one other enhanced prudential standard—early remediation requirements—is still under consideration by the Federal Reserve. In June 2018, the Federal Reserve adopted a final rule that established single counterparty credit limits. The new single counterparty credit limits do not apply to BHCs like Huntington that do not have at least \$250 billion of total consolidated assets.

As discussed in the Regulatory Environment section above, following the 18-month period after the enactment of the Economic Growth Act, BHCs with consolidated assets between \$100 billion and \$250 billion, such as Huntington, will be exempt from all enhanced prudential standards that the Federal Reserve has not made applicable to them, with the exception of risk committee requirements. Under the Proposed EPS Tailoring Rule, Huntington, as a Category IV banking organization, would be subject to the least restrictive enhanced prudential standards applicable to firms with \$100 billion or more in total consolidated assets. As compared to enhanced prudential standards currently applicable to Huntington, under the Proposed EPS Tailoring Rule, Huntington would no longer be subject to company-run stress testing requirements and would be subject to less frequent supervisory stress tests, less frequent internal liquidity stress tests, and reduced liquidity risk management requirements. We cannot predict whether the Proposed EPS Tailoring Rule will be adopted as proposed or whether any changes will be made to it that would affect the enhanced prudential standards applicable to Huntington. In addition, future rulemakings to implement the Economic Growth Act may further change the enhanced prudential standards applicable to Huntington.

Capital Planning

Huntington is required to submit a capital plan annually to the Federal Reserve for supervisory review in connection with its annual CCAR process. Huntington is required to include within its capital plan an assessment of the expected uses and sources of capital and a description of all planned capital actions over the nine-quarter planning horizon, a detailed description of the process for assessing capital adequacy, its capital policy, and a discussion of any expected changes to its business plan that are likely to have a material impact on its capital adequacy.

The Federal Reserve expects BHCs subject to CCAR, such as Huntington, to have sufficient capital to withstand a highly adverse operating environment and to be able to continue operations, maintain ready access to funding, meet obligations to creditors and counterparties, and serve as credit intermediaries. In addition, the Federal Reserve evaluates the planned capital actions of these BHCs, including planned capital distributions such as dividend payments or stock repurchases. This involves a quantitative assessment of capital based on supervisory-run stress tests that assess the ability to maintain capital levels above certain minimum ratios, after taking all capital actions included in a BHC's capital plan, under baseline and stressful conditions throughout the nine-quarter planning horizon. As part of CCAR, the Federal Reserve evaluates whether BHCs have sufficient capital to continue operations throughout times of economic and financial market stress and whether they have robust, forward-looking capital planning processes that account for their unique risks. We generally may pay dividends and repurchase stock only in accordance with a capital plan that has been reviewed by the Federal Reserve and as to which the Federal Reserve has not objected. In addition, we are generally prohibited from making a capital distribution unless, after giving effect to the distribution, we will meet all minimum regulatory capital ratios.

Under revised CCAR rules that became effective on March 6, 2017, the Federal Reserve is no longer allowed to object to the capital plan of a large and non-complex BHC, such as Huntington, on a qualitative, as opposed to quantitative, basis. Instead, the Federal Reserve may evaluate the strength of Huntington's qualitative capital planning process through the regular supervisory process and targeted horizontal reviews of particular aspects of capital planning. In April 2018, the Federal Reserve issued a proposal to integrate its annual capital planning and stress testing requirements with certain ongoing regulatory capital requirements, which would make changes to capital planning and stress testing processes for BHCs subject to the proposed rule, including Huntington. Please refer to the Proposed Stress Buffer Requirements section below for further details. In addition, the Federal Reserve has stated that, as part of a future rulemaking to implement the Economic Growth Act, it may further streamline the CCAR rules and other capital planning requirements applicable to certain BHCs with consolidated assets between \$100 billion and \$250 billion, including Huntington.

Huntington submitted its 2018 capital plan to the Federal Reserve in April 2018. The Federal Reserve did not object to Huntington's 2018 capital plan. On February 5, 2019, the Federal Reserve announced that certain less-complex U.S. BHCs with less than \$250 billion in total consolidated assets, including Huntington, would not be subject to supervisory stress testing, company-run stress testing, or the CCAR process for the 2019 capital plan and stress test cycle. Those BHCs, including Huntington, remain subject to the requirement to develop and maintain a capital plan, and the board of directors (or designated subcommittee thereof) at those BHCs remain subject to the requirement to review and approve the BHC's capital plan. If

Table of Contents

Huntington chooses to submit a capital plan to the FRB in the 2019 capital plan cycle, it will be subject to a supervisory stress test by the FRB. There can be no assurance that the Federal Reserve will respond favorably to Huntington's future capital plans, capital actions, or stress test results.

Stress Testing

Huntington is subject to annual supervisory stress tests. These supervisory stress tests are forward-looking quantitative evaluations of the impact of stressful economic and financial market conditions on Huntington's capital. Huntington also must conduct semi-annual company-run stress tests, the results of which are filed with the Federal Reserve and publicly disclosed. The objective of the annual company-run stress test is to ensure that covered institutions have robust, forward-looking capital planning processes that account for their unique risks and to help ensure that covered institutions have sufficient capital to continue operations throughout times of economic and financial stress. The results of these annual stress tests must be publicly disclosed.

As noted above, Huntington is not subject to supervisory stress testing or company-run stress testing for the 2019 stress test cycle.

Under the Proposed EPS Tailoring Rule, Huntington, as a Category IV banking organization, would no longer be subject to company-run stress testing requirements and would be subject to supervisory stress tests every two years, instead of annually. In addition, on December 18, 2018, the OCC proposed a rule to implement the Economic Growth Act that would change the minimum threshold at which company-run stress test requirements apply for national banks to \$250 billion in total consolidated assets. Under this proposed rule, the Bank would no longer be subject to company-run stress testing requirements. We cannot predict whether the Proposed EPS Tailoring Rule or the OCC's proposed rule will be adopted as proposed or whether any changes will be made to either rule that would affect the stress testing requirements applicable to Huntington or the Bank.

Proposed Stress Buffer Requirements

On April 10, 2018, the Federal Reserve issued a proposal to integrate its annual capital planning and stress testing requirements with certain ongoing regulatory capital requirements. The proposal, which would apply to certain BHCs, including Huntington, would introduce a stress capital buffer and a stress leverage buffer, or stress buffer requirements, and related changes to the capital planning and stress testing processes.

For risk-based capital requirements, the stress capital buffer would replace the existing Capital Conservation Buffer, which is 2.5% as of January 1, 2019. The stress capital buffer would equal the greater of (i) the maximum decline in our CET1 Risk-Based Capital Ratio under the severely adverse scenario over the supervisory stress test measurement period, plus the sum of the ratios of the dollar amount of our planned common stock dividends to our projected risk-weighted assets for each of the fourth through seventh quarters of the supervisory stress test projection period, and (ii) 2.5%.

Like the stress capital buffer, the stress leverage buffer would be calculated based on the results of our most recent supervisory stress tests. The stress leverage buffer would equal the maximum decline in our Tier 1 Leverage Ratio under the severely adverse scenario, plus the sum of the ratios of the dollar amount of our planned common stock dividends to our projected leverage ratio denominator for each of the fourth through seventh quarters of the supervisory stress test projection period. No floor would be established for the stress leverage buffer, which would apply in addition to the current minimum Tier 1 Leverage Ratio of 4%.

The proposal would make related changes to capital planning and stress testing processes for BHCs subject to the stress buffer requirements. In particular, the proposal would limit projected capital actions to planned common stock dividends in the fourth through seventh quarters of the supervisory stress test projection period and would assume that BHCs maintain a constant level of assets and risk-weighted assets throughout the supervisory stress test projection period.

In November 2018, the Federal Reserve's Vice Chairman for Supervision stated that the Federal Reserve does not expect that the proposed stress buffer requirements will go into effect before 2020, and that, while the Federal Reserve expects to finalize certain elements of those requirements as proposed, other elements of the proposal will be re-proposed and again subject to public comment.

Restrictions on Dividends

Huntington is a legal entity separate and distinct from its banking and non-banking subsidiaries. Since our consolidated net income consists largely of net income of Huntington's subsidiaries, our ability to pay dividends and repurchase shares depends upon our receipt of dividends from these subsidiaries. Under federal law, there are various limitations on the extent to which the Bank can declare and pay dividends to Huntington, including those related to regulatory capital requirements, general regulatory oversight to prevent unsafe or unsound practices, and federal banking law requirements concerning the payment of dividends out of net profits, surplus, and available earnings. Certain contractual restrictions also may limit the ability of the Bank to pay dividends to Huntington. No assurances can be given that the Bank will, in any circumstances, pay dividends to Huntington.

Huntington's ability to declare and pay dividends to our shareholders is similarly limited by federal banking law and Federal Reserve regulations and policy. As discussed in the Capital Planning section above, a BHC may pay dividends and repurchase

stock only in accordance with a capital plan that has been reviewed by the Federal Reserve and as to which the Federal Reserve has not objected.

Huntington and the Bank must maintain the applicable CET1 Capital Conservation Buffer to avoid becoming subject to restrictions on capital distributions, including dividends. As of January 1, 2019, the fully phased in Capital Conservation Buffer is 2.5%. For more information on the Capital Conservation Buffer and the stress buffer requirements that the Federal Reserve has proposed that would replace the Capital Conservation Buffer for BHCs, see the Regulatory Capital Requirements section and Proposed Stress Buffer Requirements sections above, respectively.

Federal Reserve policy provides that a BHC should not pay dividends unless (1) the BHC's net income over the last four quarters (net of dividends paid) is sufficient to fully fund the dividends, (2) the prospective rate of earnings retention appears consistent with the capital needs, asset quality, and overall financial condition of the BHC and its subsidiaries, and (3) the BHC will continue to meet minimum required capital adequacy ratios. Accordingly, a BHC should not pay cash dividends that can only be funded in ways that weaken the BHC's financial health, such as by borrowing. The policy also provides that a BHC should inform the Federal Reserve reasonably in advance of declaring or paying a dividend that exceeds earnings for the period for which the dividend is being paid or that could result in a material adverse change to the BHC's capital structure. BHCs also are required to consult with the Federal Reserve before increasing dividends or redeeming or repurchasing capital instruments. Additionally, the Federal Reserve could prohibit or limit the payment of dividends by a BHC if it determines that payment of the dividend would constitute an unsafe or unsound practice.

Volcker Rule

Under the Volcker Rule, we are prohibited from (1) engaging in short-term proprietary trading for our own account and (2) having certain ownership interests in and relationships with hedge funds or private equity funds (covered funds). The Volcker Rule regulations contain exemptions for market-making, hedging, underwriting, trading in U.S. government and agency obligations, and also permit certain ownership interests in certain types of covered funds to be retained. They also permit the offering and sponsoring of covered funds under certain conditions. The Volcker Rule regulations impose significant compliance and reporting obligations on banking entities, such as us. We have put in place the compliance programs required by the Volcker Rule and have either divested or received extensions for any holdings in illiquid covered funds.

The five federal agencies implementing the Volcker Rule regulations have approved an interim final rule to permit banking entities to retain interests in certain collateralized debt obligations backed primarily by trust preferred securities if certain qualifications are met. In addition, the agencies released a non-exclusive list of issuers that meet the requirements of the interim final rule. As of December 31, 2018, we had no investments in trust preferred securities.

In May 2018, the five federal agencies with rulemaking authority with respect to the Volcker Rule released a proposal to revise the Volcker Rule. The proposal would tailor the Volcker Rule's compliance requirements to the amount of a firm's trading activity, revise the definition of trading account, clarify certain key provisions in the Volcker Rule, and modify the information companies are required to provide the federal agencies. If adopted, the proposed changes to the definition of trading account would likely expand the scope of investing and trading activities subject to the Volcker Rule's restrictions. We are currently evaluating the potential impact that this proposed rule would have on our investing and trading activities.

Recovery and Resolution Planning

As a BHC with assets of \$50 billion or more, Huntington is currently required to submit annually to the Federal Reserve and the FDIC a resolution plan for the orderly resolution of Huntington and its significant legal entities under the U.S. Bankruptcy Code or other applicable insolvency laws in a rapid and orderly fashion in the event of future material financial distress or failure. If the Federal Reserve and the FDIC jointly determine that the resolution plan is not credible and the deficiencies are not cured in a timely manner, they may jointly impose on us more stringent capital, leverage, or liquidity requirements, or restrictions on our growth, activities, or operations. If we were to fail to address the deficiencies in our resolution plan when required, we could eventually be required to divest certain assets or operations. Huntington submitted its resolution plan to the Federal Reserve and the FDIC on December 21, 2017. The Federal Reserve and FDIC have extended the filing deadline for certain BHCs, including Huntington, and as a result Huntington's next resolution plan is not due to the Federal Reserve and FDIC until December 31, 2019. In addition, the Bank is required to periodically file a separate resolution plan with the FDIC. The public versions of the resolution plans previously submitted by Huntington and the Bank are available on the FDIC's website and, in the case of Huntington's resolution plans, also on the Federal Reserve's website.

The Economic Growth Act raised the threshold for BHC resolution plans to \$250 billion in consolidated assets, but BHCs with consolidated assets between \$100 billion and \$250 billion, including Huntington, continue to be subject to this requirement for 18 months after the Economic Growth Act's date of enactment, and the Federal Reserve and FDIC may require such BHCs to remain subject to these requirements. The Federal Reserve and the FDIC have stated that they will propose a rule to amend the applicability of resolution planning requirements for BHCs with between \$100 billion and \$250 billion in consolidated assets. We cannot predict whether and to what extent Huntington will continue to be subject to the resolution plan requirements as a result of

Table of Contents

any final rule resulting from this proposal.

The Economic Growth Act did not change the FDIC's rules that require the Bank to periodically file a separate resolution plan. The FDIC's Chairman, however, has indicated that the FDIC intends to release an advanced notice of proposed rulemaking with respect to the FDIC's bank resolution plan requirements meant to better tailor bank resolution plans to a firm's size, complexity, and risk profile. Until the FDIC's revisions to its bank resolution plan requirement are finalized, no bank resolution plans will be required to be filed.

The Bank had previously been required to develop and maintain a recovery plan that is appropriate for its individual size, risk profile, activities, and complexity, including the complexity of its organizational and legal entity structure under OCC guidelines that establish enforceable standards for recovery planning for insured national banks. On December 27, 2018, the OCC finalized an amendment to its guidelines that, among other things, raised the threshold at which banks become subject to the OCC's recovery planning guidelines to \$250 billion in total consolidated assets. This increased threshold became effective on January 28, 2019, and as a result, the Bank is no longer subject to the OCC's recovery planning guidelines.

Source of Strength

Huntington is required to serve as a source of financial and managerial strength to the Bank and, under appropriate conditions, to commit resources to support the Bank. This support may be required by the Federal Reserve at times when we might otherwise determine not to provide it or when doing so is not otherwise in the interests of Huntington or our shareholders or creditors. The Federal Reserve may require a BHC to make capital injections into a troubled subsidiary bank and may charge the BHC with engaging in unsafe and unsound practices if the BHC fails to commit resources to such a subsidiary bank or if it undertakes actions that the Federal Reserve believes might jeopardize the BHC's ability to commit resources to such subsidiary bank.

Under these requirements, Huntington may in the future be required to provide financial assistance to the Bank should it experience financial distress. Capital loans by Huntington to the Bank would be subordinate in right of payment to deposits and certain other debts of the Bank. In the event of Huntington's bankruptcy, any commitment by Huntington to a federal bank regulatory agency to maintain the capital of the Bank would be assumed by the bankruptcy trustee and entitled to a priority of payment.

FDIC as Receiver or Conservator of Huntington

Upon the insolvency of an insured depository institution, such as the Bank, the FDIC may be appointed as the conservator or receiver of the institution. Under the Orderly Liquidation Authority, upon the insolvency of a BHC, such as Huntington, the FDIC may be appointed as conservator or receiver of the BHC, if certain findings are made by the FDIC, the Federal Reserve, and the Secretary of the Treasury, in consultation with the President. Acting as a conservator or receiver, the FDIC would have broad powers to transfer any assets or liabilities of the institution without the approval of the institution's creditors.

Depositor Preference

The FDIA provides that, in the event of the liquidation or other resolution of an insured depository institution, including the Bank, the claims of depositors of the institution (including the claims of the FDIC as subrogee of insured depositors) and certain claims for administrative expenses of the FDIC as a receiver would have priority over other general unsecured claims against the institution. If the Bank were to fail, insured and uninsured depositors, along with the FDIC, would have priority in payment ahead of unsecured, non-deposit creditors, including Huntington, with respect to any extensions of credit they have made to such insured depository institution.

Transactions between a Bank and its Affiliates

Federal banking laws and regulations impose qualitative standards and quantitative limitations upon certain transactions between a bank and its affiliates, including between a bank and its holding company and companies that the BHC may be deemed to control for these purposes. Transactions covered by these provisions must be on arm's-length terms and cannot exceed certain amounts which are determined with reference to the bank's regulatory capital. Moreover, if the transaction is a loan or other extension of credit, it must be secured by collateral in an amount and quality expressly prescribed by statute, and if the affiliate is unable to pledge sufficient collateral, the BHC may be required to provide it. The Dodd-Frank Act expanded the coverage and scope of these regulations, including by applying them to the credit exposure arising under derivative transactions, repurchase and reverse repurchase agreements, and securities borrowing and lending transactions. Federal banking laws also place similar restrictions on loans and other extensions of credit by FDIC-insured banks, such as the Bank, and their subsidiaries to their directors, executive officers, and principal shareholders.

Lending Standards and Guidance

The federal bank regulatory agencies have adopted uniform regulations prescribing standards for extensions of credit that are secured by liens or interests in real estate or made for the purpose of financing permanent improvements to real estate. Under

these regulations, all insured depository institutions, such as the Bank, must adopt and maintain written policies establishing appropriate limits and standards for extensions of credit that are secured by liens or interests in real estate or are made for the purpose of financing permanent improvements to real estate. These policies must establish loan portfolio diversification standards, prudent underwriting standards (including loan-to-value limits) that are clear and measurable, loan administration procedures, and documentation, approval and reporting requirements. The real estate lending policies must reflect consideration of the federal bank regulatory agencies' Interagency Guidelines for Real Estate Lending Policies.

Heightened Governance and Risk Management Standards

The OCC has published guidelines to update expectations for the governance and risk management practices of certain large financial institutions, including the Bank. The guidelines require covered institutions to establish and adhere to a written governance framework in order to manage and control their risk-taking activities. In addition, the guidelines provide standards for the institutions' boards of directors to oversee the risk governance framework. As discussed in the Risk Management and Capital section of the MDA, the Bank currently has a written governance framework and associated controls.

Anti-Money Laundering

The Bank Secrecy Act and the Patriot Act contain anti-money laundering and financial transparency provisions intended to detect and prevent the use of the U.S. financial system for money laundering and terrorist financing activities. The Bank Secrecy Act, as amended by the Patriot Act, requires depository institutions and their holding companies to undertake activities including maintaining an AML program, verifying the identity of clients, monitoring for and reporting suspicious transactions, reporting on cash transactions exceeding specified thresholds, and responding to requests for information by regulatory authorities and law enforcement agencies. The Bank is subject to the Bank Secrecy Act and, therefore, is required to provide its employees with AML training, designate an AML compliance officer, and undergo an annual, independent audit to assess the effectiveness of its AML program. The Bank has implemented policies, procedures, and internal controls that are designed to comply with these AML requirements. In May 2016, FinCEN, which is a unit of the Treasury Department that drafts regulations implementing the Patriot Act and other AML legislation, issued final rules governing enhanced customer due diligence. The rules impose several new obligations on covered financial institutions with respect to their "legal entity customers," including corporations, limited liability companies, and other similar entities. For each such customer that opens an account (including an existing customer opening a new account), the covered financial institution must identify and verify the customer's "beneficial owners," who are specifically defined in the rules. The rules contain an exemption for insurance premium financing transactions, but cash refunds issued in connection with such transactions are not exempt, thus requiring verification of beneficial ownership before cash refunds may be issued to borrowers. Bank regulators are focusing their examinations on AML compliance, and we will continue to monitor and augment, where necessary, our AML compliance programs. The federal banking agencies are required, when reviewing bank and BHC acquisition or merger applications, to take into account the effectiveness of the AML activities of the applicant.

OFAC Regulation

OFAC is responsible for administering economic sanctions that affect transactions with designated foreign countries, nationals, and others, as defined by various Executive Orders and in various legislation. OFAC-administered sanctions take many different forms. For example, sanctions may include: (1) restrictions on trade with or investment in a sanctioned country, including prohibitions against direct or indirect imports from and exports to a sanctioned country and prohibitions on U.S. persons engaging in financial transactions relating to, making investments in, or providing investment-related advice or assistance to, a sanctioned country; and (2) a blocking of assets in which the government or "specially designated nationals" of the sanctioned country have an interest, by prohibiting transfers of property subject to U.S. jurisdiction, including property in the possession or control of U.S. persons. OFAC also publishes lists of persons, organizations, and countries suspected of aiding, harboring, or engaging in terrorist acts, known as Specially Designated Nationals and Blocked Persons. Blocked assets, for example property and bank deposits, cannot be paid out, withdrawn, set off, or transferred in any manner without a license from OFAC. Failure to comply with these sanctions could have serious legal and reputational consequences.

Data Privacy

Federal and state law contains extensive consumer privacy protection provisions. The GLBA requires financial institutions to periodically disclose their privacy policies and practices relating to sharing such information and enables retail customers to opt out of our ability to share information with unaffiliated third parties under certain circumstances. Other federal and state laws and regulations impact our ability to share certain information with affiliates and non-affiliates for marketing and/or non-marketing purposes, or to contact customers with marketing offers. The GLBA also requires financial institutions to implement a comprehensive information security program that includes administrative, technical, and physical safeguards to ensure the security and confidentiality of customer records and information. These security and privacy policies and procedures for the protection of personal and confidential information are in effect across all businesses and geographic locations as applicable. Federal law also makes it a criminal offense, except in limited circumstances, to obtain or attempt to obtain customer information of a financial nature by fraudulent or deceptive means.

Table of Contents

Data privacy and data protection are areas of increasing state legislative focus. For example, in June of 2018, the Governor of California signed into law the CCPA. The CCPA, which becomes effective on January 1, 2020, applies to for-profit businesses that conduct business in California and meet certain revenue or data collection thresholds. The CCPA will give consumers the right to request disclosure of information collected about them, and whether that information has been sold or shared with others, the right to request deletion of personal information (subject to certain exceptions), the right to opt out of the sale of the consumer's personal information, and the right not to be discriminated against for exercising these rights. The CCPA contains several exemptions, including an exemption applicable to information that is collected, processed, sold, or disclosed pursuant to the GLBA. The California Attorney General has not yet proposed or adopted regulations implementing the CCPA, and the California State Legislature has amended the Act since its passage. In California the CCPA may be interpreted or applied in a manner inconsistent with our understanding or similar laws may be adopted by other states where we operate. We are continuing to assess the impact of the CCPA on our business. The federal government may also pass data privacy or data protection legislation.

Like other lenders, the Bank and other of our subsidiaries use credit bureau data in their underwriting activities. Use of such data is regulated under the FCRA, and the FCRA also regulates reporting information to credit bureaus, prescreening individuals for credit offers, sharing of information between affiliates, and using affiliate data for marketing purposes. Similar state laws may impose additional requirements on us and our subsidiaries.

FDIC Insurance

The DIF provides insurance coverage for certain deposits, up to a standard maximum deposit insurance amount of \$250,000 per depositor and is funded through assessments on insured depository institutions, based on the risk each institution poses to the DIF. The Bank accepts customer deposits that are insured by the DIF and, therefore, must pay insurance premiums. The FDIC may increase the Bank's insurance premiums based on various factors, including the FDIC's assessment of its risk profile. Until September 30, 2018, banks with \$10 billion or more in total assets, such as the Bank, were required to pay an assessment surcharge. This requirement ended effective September 30, 2018, as a result of the FDIC's reserve ratio exceeding 1.35%.

The FDIC issued a rule that requires large insured depository institutions, including the Bank, to enhance their deposit account recordkeeping and related information technology system capabilities to facilitate prompt payment of insured deposits if such an institution were to fail. We must comply with these new requirements by April 1, 2020.

Compensation

Our compensation practices are subject to oversight by the Federal Reserve and, with respect to some of our subsidiaries and employees, by other financial regulatory bodies. The scope and content of compensation regulation in the financial industry are continuing to develop, and we expect that these regulations and resulting market practices will continue to evolve over a number of years.

The federal bank regulatory agencies have issued joint guidance on executive compensation designed to ensure that the incentive compensation policies of banking organizations, such as Huntington and the Bank, do not encourage imprudent risk taking and are consistent with the safety and soundness of the organization. In addition, the Dodd-Frank Act requires the federal bank regulatory agencies and the SEC to issue regulations or guidelines requiring covered financial institutions, including Huntington and the Bank, to prohibit incentive-based payment arrangements that encourage inappropriate risks by providing compensation that is excessive or that could lead to material financial loss to the institution. A proposed rule was issued in 2016. Also pursuant to the Dodd-Frank Act, in 2015, the SEC proposed rules that would direct stock exchanges to require listed companies to implement clawback policies to recover incentive-based compensation from current or former executive officers in the event of certain financial restatements and would also require companies to disclose their clawback policies and their actions under those policies. Huntington continues to evaluate the proposed rules, both of which are subject to further rulemaking procedures.

Cybersecurity

The CISA is intended to improve cybersecurity in the United States by enhanced sharing of information about security threats among the U.S. government and private sector entities, including financial institutions. The CISA also authorizes companies to monitor their own systems notwithstanding any other provision of law and allows companies to carry out defensive measures on their own systems from cyber-attacks. The law includes liability protections for companies that share cyber threat information with third parties so long as such sharing activity is conducted in accordance with CISA.

In October 2016, the federal bank regulatory agencies issued an ANPR regarding enhanced cyber risk management standards which would apply to a wide range of large financial institutions and their third-party service providers, including us and the Bank. The proposed standards would expand existing cybersecurity regulations and guidance to focus on cyber risk governance and management, management of internal and external dependencies, and incident response, cyber resilience, and situational awareness. In addition, the proposal contemplates more stringent standards for institutions with systems that are critical to the financial sector.

Community Reinvestment Act

The CRA is intended to encourage banks to help meet the credit needs of their service areas, including low- and moderate-income neighborhoods, consistent with safe and soundness practices. The relevant federal bank regulatory agency, the OCC in the Bank's case, examines each bank and assigns it a public CRA rating. A bank's record of fair lending compliance is part of the resulting CRA examination report.

The CRA requires the relevant federal bank regulatory agency to consider a bank's CRA assessment when considering the bank's application to conduct certain mergers or acquisitions or to open or relocate a branch office. The Federal Reserve also must consider the CRA record of each subsidiary bank of a BHC in connection with any acquisition or merger application filed by the BHC. An unsatisfactory CRA record could substantially delay or result in the denial of an approval or application by Huntington or the Bank. The Bank received a CRA rating of "Outstanding" in its most recent examination.

Leaders of the federal banking agencies recently have indicated their support for revising the CRA regulatory framework, and on August 28, 2018, the OCC issued an ANPR to solicit ideas for building a new CRA framework. It is too early to tell whether any changes will be made to applicable CRA requirements.

Transaction Account Reserves

Federal Reserve rules require depository institutions to maintain reserves against their transaction accounts, primarily negotiable order of withdrawal (NOW) and regular checking accounts. For 2019, the first \$16.3 million of covered balances are exempt from the reserve requirement, aggregate balances between \$16.3 million and \$124.2 million are subject to a 3% reserve requirement, and aggregate balances above \$124.2 million are subject to a 10% reserve requirement. These reserve requirements are subject to annual adjustment by the Federal Reserve. The Bank is in compliance with these requirements.

Debit Interchange Fees

We are subject to a statutory requirement that interchange fees for electronic debit transactions that are paid to or charged by payment card issuers, including the Bank, be reasonable and proportional to the cost incurred by the issuer. Interchange fees for electronic debit transactions are limited to 21 cents plus 0.05% of the transaction, plus an additional one cent per transaction fraud adjustment. These fees impose requirements regarding routing and exclusivity of electronic debit transactions, and generally require that debit cards be usable in at least two unaffiliated networks.

Consumer Protection Regulation and Supervision

We are subject to supervision and regulation by the CFPB with respect to federal consumer protection laws. We are also subject to certain state consumer protection laws, and under the Dodd-Frank Act, state attorneys general and other state officials are empowered to enforce certain federal consumer protection laws and regulations. State authorities have increased their focus on and enforcement of consumer protection rules. These federal and state consumer protection laws apply to a broad range of our activities and to various aspects of our business and include laws relating to interest rates, fair lending, disclosures of credit terms and estimated transaction costs to consumer borrowers, debt collection practices, the use of and the provision of information to consumer reporting agencies, and the prohibition of unfair, deceptive, or abusive acts or practices in connection with the offer, sale, or provision of consumer financial products and services.

The CFPB has promulgated many mortgage-related final rules since it was established under the Dodd-Frank Act, including rules related to the ability to repay and qualified mortgage standards, mortgage servicing standards, loan originator compensation standards, high-cost mortgage requirements, HMDA requirements, and appraisal and escrow standards for higher priced mortgages. The mortgage-related final rules issued by the CFPB have materially restructured the origination, servicing, and securitization of residential mortgages in the United States. These rules have impacted, and will continue to impact, the business practices of mortgage lenders, including the Company.

Available Information

We are subject to the informational requirements of the Exchange Act and, in accordance with the Exchange Act, we file annual, quarterly, and current reports, proxy statements, and other information with the SEC. The SEC maintains an Internet web site that contains reports, proxy statements, and other information about issuers, like us, who file electronically with the SEC. The address of the site is <http://www.sec.gov>. The reports and other information, including any related amendments, filed by us with, or furnished by us to, the SEC are also available free of charge at our Internet web site as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC. The address of the site is <http://www.huntington.com>. Except as specifically incorporated by reference into this Annual Report on Form 10-K, information on those web sites is not part of this report. You also should be able to inspect reports, proxy statements, and other information about us at the offices of the Nasdaq National Market at 33 Whitehall Street, New York, New York 10004.

Item 1A: Risk Factors

We, like other financial companies, are subject to a number of risks that may adversely affect our financial condition or results of operations, many of which are outside of our direct control. Among these risks are:

- **Credit risk**, which is the risk of loss due to loan and lease customers or other counterparties not being able to meet their financial obligations under agreed upon terms;
- **Market risk**, which occurs when fluctuations in interest rates impact earnings and capital. Financial impacts are realized through changes in the interest rates of balance sheet assets and liabilities (net interest margin) or directly through valuation changes of capitalized MSR and/or trading assets (noninterest income);
- **Liquidity risk**, which is the risk to current or anticipated earnings or capital arising from an inability to meet obligations when they come due. Liquidity risk includes the inability to access funding sources or manage fluctuations in funding levels. Liquidity risk also results from the failure to recognize or address changes in market conditions that affect our ability to liquidate assets quickly and with minimal loss in value;
- **Operational and Legal risk**, which is the risk of loss arising from inadequate or failed internal processes or systems, human errors or misconduct, or adverse external events. Operational losses result from internal fraud, external fraud, inadequate or inappropriate employment practices and workplace safety, failure to meet professional obligations involving customers, products, and business practices, damage to physical assets, business disruption and systems failures, and failures in execution, delivery, and process management. Legal risk includes, but is not limited to, exposure to orders, fines, penalties, or punitive damages resulting from litigation, as well as regulatory actions;
- **Compliance risk**, which exposes us to money penalties, enforcement actions, or other sanctions as a result of non-conformance with laws, rules, and regulations that apply to the financial services industry;
- **Strategic risk**, which is defined as risk to current or anticipated earnings, capital, or enterprise value arising from adverse business decisions, improper implementation of business decisions or lack of responsiveness to industry / market changes; and
- **Reputation risk**, which is the risk that negative publicity regarding an institution's business practices, whether true or not, will cause a decline in the customer base, costly litigation, or revenue reductions.

In addition to the other information included or incorporated by reference into this report, readers should carefully consider that the following important factors, among others, could negatively impact our business, future results of operations, and future cash flows materially.

Credit Risks:

Our ACL level may prove to not be adequate or be negatively affected by credit risk exposures which could adversely affect our net income and capital.

Our business depends on the creditworthiness of our customers. Our ACL of \$868 million at December 31, 2018, represented Management's estimate of probable losses inherent in our loan and lease portfolio (ALLL) as well as our unfunded loan commitments and letters of credit (AULC). We regularly review our ACL for appropriateness. In doing so, we consider economic conditions and trends, collateral values, and credit quality indicators, such as past charge-off experience, levels of past due loans, and NPAs. There is no certainty that our ACL will be appropriate over time to cover losses in the portfolio because of unanticipated adverse changes in the economy, market conditions, or events adversely affecting specific customers, industries, or markets. If the credit quality of our customer base materially decreases, if the risk profile of a market, industry, or group of customers changes materially, or if the ACL is not appropriate, our net income and capital could be materially adversely affected, which could have a material adverse effect on our financial condition and results of operations.

In addition, regulatory review of risk ratings and loan and lease losses may impact the level of the ACL and could have a material adverse effect on our financial condition and results of operations.

Furthermore, in June 2016, the FASB issued a new current expected credit loss rule, which will require banks to record, at the time of origination, credit losses expected throughout the life of the asset portfolio on loans and held-to-maturity securities, as opposed to the current practice of recording losses when it is probable that a loss event has occurred. We are required to adopt the current expected credit loss rule in 2020 and expect to recognize a one-time cumulative effect adjustment to our ACL and retained earnings as of January 1, 2020. The current expected credit loss model could materially affect how we determine our ACL and report our financial condition and results of operations. For further discussion, see Note 2 of the Notes to Consolidated Financial Statements.

Weakness in economic conditions could adversely affect our business.

Our performance could be negatively affected to the extent there is deterioration in business and economic conditions which have direct or indirect material adverse impacts on us, our customers, and our counterparties. These conditions could result in one or more of the following:

Table of Contents

- A decrease in the demand for loans and other products and services offered by us;
- A decrease in customer savings generally and in the demand for savings and investment products offered by us; and
- An increase in the number of customers and counterparties who become delinquent, file for protection under bankruptcy laws, or default on their loans or other obligations to us.

An increase in the number of delinquencies, bankruptcies, or defaults could result in a higher level of NPAs, NCOs, provision for credit losses, and valuation adjustments on loans held for sale. The markets we serve are dependent on industrial and manufacturing businesses and, thus, are particularly vulnerable to adverse changes in economic conditions affecting these sectors.

Market Risks:

Changes in interest rates could reduce our net interest income, reduce transactional income, and negatively impact the value of our loans, securities, and other assets. This could have an adverse impact on our cash flows, financial condition, results of operations, and capital.

Our results of operations depend substantially on net interest income, which is the difference between interest earned on interest earning assets (such as investments and loans) and interest paid on interest bearing liabilities (such as deposits and borrowings). Interest rates are highly sensitive to many factors, including governmental monetary policies and domestic and international economic and political conditions. Conditions such as inflation, deflation, recession, unemployment, money supply, and other factors beyond our control may also affect interest rates. In addition, after an extended period during which the Federal Reserve increased the size of its balance sheet substantially above historical levels through the purchase of debt securities, the Federal Reserve has begun to reduce the size of its balance sheet from these elevated levels, which might also affect interest rates. If our interest earning assets mature or reprice faster than interest bearing liabilities in a declining interest rate environment, net interest income could be materially adversely impacted. Likewise, if interest bearing liabilities mature or reprice more quickly than interest earning assets in a rising interest rate environment, net interest income could be adversely impacted.

After a prolonged period of low and relatively stable interest rates, interest rates rose over the course of 2017 and 2018, although interest rates continue to remain low by historical standards.

Changes in interest rates can affect the value of loans, securities, assets under management, and other assets, including mortgage and nonmortgage servicing rights. An increase in interest rates that adversely affects the ability of borrowers to pay the principal or interest on loans and leases may lead to an increase in NPAs and a reduction of income recognized, which could have a material adverse effect on our results of operations and cash flows. When we place a loan on nonaccrual status, we reverse any accrued but unpaid interest receivable, which decreases interest income. However, we continue to incur interest expense as a cost of funding NALs without any corresponding interest income. In addition, transactional income, including trust income, brokerage income, and gain on sales of loans can vary significantly from period-to-period based on a number of factors, including the interest rate environment. A decline in interest rates along with a flattening yield curve limits our ability to reprice deposits given the current historically low level of interest rates and could result in declining net interest margins if longer duration assets reprice faster than deposits.

Rising interest rates reduce the value of our fixed-rate securities. Any unrealized loss from these portfolios impacts OCI, shareholders' equity, and the Tangible Common Equity ratio. Any realized loss from these portfolios impacts regulatory capital ratios. In a rising interest rate environment, pension and other post-retirement obligations somewhat mitigate negative OCI impacts from securities and financial instruments. For more information, refer to "Market Risk" of the MD&A.

Certain investment securities, notably mortgage-backed securities, are very sensitive to rising and falling rates. Generally, when rates rise, prepayments of principal and interest will decrease and the duration of mortgage-backed securities will increase. Conversely, when rates fall, prepayments of principal and interest will increase and the duration of mortgage-backed securities will decrease. In either case, interest rates have a significant impact on the value of mortgage-backed securities.

MSR fair values are sensitive to movements in interest rates, as expected future net servicing income depends on the projected outstanding principal balances of the underlying loans, which can be reduced by prepayments. Prepayments usually increase when mortgage interest rates decline and decrease when mortgage interest rates rise.

In addition to volatility associated with interest rates, the Company also has exposure to equity markets related to the investments within the benefit plans and other income from client based transactions.

Industry competition may have an adverse effect on our success.

Our profitability depends on our ability to compete successfully. We operate in a highly competitive environment, and we expect competition to intensify. Certain of our competitors are larger and have more resources than we do, enabling them to be more aggressive than us in competing for loans and deposits. In our market areas, we face competition from other banks and financial service companies that offer similar services. Some of our non-bank competitors are not subject to the same extensive regulations we are and, therefore, may have greater flexibility in competing for business. Technological advances have made it possible for our non-bank competitors to offer products and services that traditionally were banking products and for financial institutions and other

Table of Contents

companies to provide electronic and internet-based financial solutions, including mobile payments, online deposit accounts, electronic payment processing, and marketplace lending, without having a physical presence where their customers are located. Legislative or regulatory changes also could lead to increased competition in the financial services sector. For example, the Economic Growth Act and, if adopted, the Proposed Tailoring Rules reduce the regulatory burden of certain large BHCs and raise the asset thresholds at which more onerous requirements apply, which could cause certain large BHCs to become more competitive or to more aggressively pursue expansion. Our ability to compete successfully depends on a number of factors, including customer convenience, quality of service by investing in new products and services, electronic platforms, personal contacts, pricing, and range of products. If we are unable to successfully compete for new customers and retain our current customers, our business, financial condition, or results of operations may be adversely affected. In particular, if we experience an outflow of deposits as a result of our customers seeking investments with higher yields or greater financial stability, or a desire to do business with our competitors, we may be forced to rely more heavily on borrowings and other sources of funding to operate our business and meet withdrawal demands, thereby adversely affecting our net interest margin. For more information, refer to “Competition” section of Item 1. Business.

Uncertainty about the future of LIBOR may adversely affect our business.

LIBOR and certain other interest rate “benchmarks” are the subject of recent national, international, and other regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past or have other consequences which cannot be predicted. On July 27, 2017, the United Kingdom’s Financial Conduct Authority, which regulates LIBOR, publicly announced that it intends to stop persuading or compelling banks to submit information to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis cannot be guaranteed after 2021. While there is no consensus on what rate or rates may become accepted alternatives to LIBOR, a group of market participants convened by the Federal Reserve, the Alternative Reference Rate Committee, has selected the Secured Overnight Finance Rate as its recommended alternative to LIBOR. The Federal Reserve Bank of New York started to publish the Secured Overnight Financing Rate in April 2018. The Secured Overnight Financing Rate is a broad measure of the cost of overnight borrowings collateralized by Treasury securities that was selected by the Alternative Reference Rate Committee due to the depth and robustness of the U.S. Treasury repurchase market. At this time, it is impossible to predict whether the Secured Overnight Financing Rate will become an accepted alternative to LIBOR.

The market transition away from LIBOR to an alternative reference rate, such as the Secured Overnight Financing Rate, is complex and could have a range of adverse effects on our business, financial condition and results of operations. In particular, any such transition could:

- adversely affect the interest rates paid or received on, the revenue and expenses associated with or the value of Huntington’s LIBOR-based assets and liabilities, which include certain variable rate loans, Huntington’s Series B preferred stock, certain of Huntington’s junior subordinated debentures, certain of the Bank’s senior notes and certain other securities or financial arrangements;
- adversely affect the interest rates paid or received on, the revenue and expenses associated with or the value of other securities or financial arrangements, given LIBOR’s role in determining market interest rates globally;
- prompt inquiries or other actions from regulators in respect of Huntington’s preparation and readiness for the replacement of LIBOR with an alternative reference rate; and
- result in disputes, litigation or other actions with counterparties regarding the interpretation and enforceability of certain fallback language in LIBOR-based contracts and securities.

The transition away from LIBOR to an alternative reference rate will require the transition to or development of appropriate systems and analytics to effectively transition Huntington’s risk management and other processes from LIBOR-based products to those based on the applicable alternative reference rate, such as the Secured Overnight Financing Rate. Huntington has developed a LIBOR transition team and project plan that outlines timelines and priorities to prepare its processes, systems and people to support this transition. Timelines and priorities include assessing the impact on our customers, as well as assessing system requirements for operational processes. There can be no guarantee that these efforts will successfully mitigate the operational risks associated with the transition away from LIBOR to an alternative reference rate.

The manner and impact of the transition from LIBOR to an alternative reference rate, as well as the effect of these developments on our funding costs, loan and investment and trading securities portfolios, asset-liability management, and business, is uncertain.

Liquidity Risks:

Changes in either Huntington's financial condition or in the general banking industry could result in a loss of depositor confidence.

Liquidity is the ability to meet cash flow needs on a timely basis at a reasonable cost. The Bank uses its liquidity to extend credit and to repay liabilities as they become due or as demanded by customers. The board of directors establishes liquidity policies, including contingency funding plans, and limits, and management establishes operating guidelines for liquidity.

Our primary source of liquidity is our large supply of deposits from consumer and commercial customers. The continued availability of this supply depends on customer willingness to maintain deposit balances with banks in general and us in particular. The availability of deposits can also be impacted by regulatory changes (e.g., changes in FDIC insurance, the LCR, etc.), changes in the financial condition of Huntington, other banks, or the banking industry in general, changes in the interest rates our competitors pay on their deposits, and other events which can impact the perceived safety or economic benefits of bank deposits. Recently, competition for deposits has increased and interest rates paid on deposits have generally risen. While we make significant efforts to consider and plan for hypothetical disruptions in our deposit funding, market related, geopolitical, or other events could impact the liquidity derived from deposits.

We are a holding company and depend on dividends by our subsidiaries for most of our funds.

Huntington is an entity separate and distinct from the Bank. The Bank conducts most of our operations, and Huntington depends upon dividends from the Bank to service Huntington's debt and to pay dividends to Huntington's shareholders. The availability of dividends from the Bank is limited by various statutes and regulations. It is possible, depending upon the financial condition including liquidity and capital adequacy of the Bank and other factors, that the OCC could limit the payment of dividends or other payments to Huntington by the Bank. In addition, the payment of dividends by our other subsidiaries is also subject to the laws of the subsidiary's state of incorporation, and regulatory capital and liquidity requirements applicable to such subsidiaries. In the event that the Bank was unable to pay dividends to us, we in turn would likely have to reduce or stop paying dividends on our Preferred and Common Stock. Our failure to pay dividends on our Preferred and Common Stock could have a material adverse effect on the market price of our Preferred and Common Stock. Additional information regarding dividend restrictions is provided in Item 1. Regulatory Matters.

If we lose access to capital markets, we may not be able to meet the cash flow requirements of our depositors, creditors, and borrowers, or have the operating cash needed to fund corporate expansion and other corporate activities.

Wholesale funding sources include securitization, federal funds purchased, securities sold under repurchase agreements, non-core deposits, and long-term debt. The Bank is also a member of the Federal Home Loan Bank of Cincinnati, which provides members access to funding through advances collateralized with mortgage-related assets. We maintain a portfolio of highly-rated, marketable securities that is available as a source of liquidity.

Capital markets disruptions can directly impact the liquidity of Huntington and the Bank. The inability to access capital markets funding sources as needed could adversely impact our financial condition, results of operations, cash flows, and level of regulatory-qualifying capital. We may, from time-to-time, consider using our existing liquidity position to opportunistically retire outstanding securities in privately negotiated or open market transactions.

A reduction in our credit rating could adversely affect our access to capital and could increase our cost of funds.

The credit rating agencies regularly evaluate Huntington and the Bank, and credit ratings are based on a number of factors, including our financial strength and ability to generate earnings, as well as factors not entirely within our control, including conditions affecting the financial services industry, the economy, and changes in rating methodologies. There can be no assurance that we will maintain our current credit ratings. A downgrade of the credit ratings of Huntington or the Bank could adversely affect our access to liquidity and capital, and could significantly increase our cost of funds, trigger additional collateral or funding requirements, and decrease the number of investors and counterparties willing to lend to us or purchase our securities. This could affect our growth, profitability, and financial condition, including liquidity.

Operational and Legal Risks:

Our operational or security systems or infrastructure, or those of third parties, could fail or be breached, which could disrupt our business and adversely impact our results of operations, liquidity, and financial condition, as well as cause legal or reputational harm.

The potential for operational risk exposure exists throughout our business and, as a result of our interactions with, and reliance on, third parties, is not limited to our own internal operational functions. Our operational and security systems and infrastructure, including our computer systems, data management, and internal processes, as well as those of third parties, are integral to our performance. We rely on our employees and third parties in our day-to-day and ongoing operations, who may, as a result of human

error, misconduct, malfeasance, or failure, or breach of our or of third-party systems or infrastructure, expose us to risk. For example, our ability to conduct business may be adversely affected by any significant disruptions to us or to third parties with whom we interact or upon whom we rely. In addition, our ability to implement backup systems and other safeguards with respect to third-party systems is more limited than with respect to our own systems. Our financial, accounting, data processing, backup, or other operating or security systems and infrastructure may fail to operate properly or become disabled or damaged as a result of a number of factors, including events that are wholly or partially beyond our control, which could adversely affect our ability to process transactions or provide services. Such events may include sudden increases in customer transaction volume; electrical, telecommunications, or other major physical infrastructure outages; natural disasters such as earthquakes, tornadoes, hurricanes, and floods; disease pandemics; cyber-attacks; and events arising from local or larger scale political or social matters, including wars and terrorist acts. In addition, we may need to take our systems offline if they become infected with malware or a computer virus or as a result of another form of cyber-attack. In the event that backup systems are utilized, they may not process data as quickly as our primary systems and some data might not have been saved to backup systems, potentially resulting in a temporary or permanent loss of such data. We frequently update our systems to support our operations and growth and to remain compliant with applicable laws, rules, and regulations. This updating entails significant costs and creates risks associated with implementing new systems and integrating them with existing ones, including business interruptions. Implementation and testing of controls related to our computer systems, security monitoring, and retaining and training personnel required to operate our systems also entail significant costs. Operational risk exposures could adversely impact our operations, liquidity, and financial condition, as well as cause reputational harm. In addition, we may not have adequate insurance coverage to compensate for losses from a major interruption.

We face security risks, including denial of service attacks, hacking, social engineering attacks targeting our colleagues and customers, malware intrusion or data corruption attempts, and identity theft that could result in the disclosure of confidential information, adversely affect our business or reputation, and create significant legal and financial exposure.

Our computer systems and network infrastructure and those of third parties, on which we are highly dependent, are subject to security risks and could be susceptible to cyber-attacks, such as denial of service attacks, hacking, terrorist activities, or identity theft. Our business relies on the secure processing, transmission, storage, and retrieval of confidential, proprietary, and other information in our computer and data management systems and networks, and in the computer and data management systems and networks of third parties. In addition, to access our network, products, and services, our customers and other third parties may use personal mobile devices or computing devices that are outside of our network environment and are subject to their own cybersecurity risks.

We, our customers, regulators, and other third parties, including other financial services institutions and companies engaged in data processing, have been subject to, and are likely to continue to be the target of, cyber-attacks. These cyber-attacks include computer viruses, malicious or destructive code, phishing attacks, denial of service or information, ransomware, improper access by employees or vendors, attacks on personal email of employees, ransom demands to not expose security vulnerabilities in our systems or the systems of third parties or other security breaches that could result in the unauthorized release, gathering, monitoring, misuse, loss, or destruction of confidential, proprietary, and other information of ours, our employees, our customers, or of third parties, damage our systems or otherwise materially disrupt our or our customers' or other third parties' network access or business operations. As cyber threats continue to evolve, we may be required to expend significant additional resources to continue to modify or enhance our protective measures or to investigate and remediate any information security vulnerabilities or incidents. Despite efforts to ensure the integrity of our systems and implement controls, processes, policies, and other protective measures, we may not be able to anticipate all security breaches, nor may we be able to implement guaranteed preventive measures against such security breaches. Cyber threats are rapidly evolving, and we may not be able to anticipate or prevent all such attacks and could be held liable for any security breach or loss.

Cybersecurity risks for banking organizations have significantly increased in recent years in part because of the proliferation of new technologies, and the use of the internet and telecommunications technologies to conduct financial transactions. For example, cybersecurity risks may increase in the future as we continue to increase our mobile-payment and other internet-based product offerings and expand our internal usage of web-based products and applications. In addition, cybersecurity risks have significantly increased in recent years in part due to the increased sophistication and activities of organized crime affiliates, terrorist organizations, hostile foreign governments, disgruntled employees or vendors, activists, and other external parties, including those involved in corporate espionage. Even the most advanced internal control environment may be vulnerable to compromise. Targeted social engineering attacks and "spear phishing" attacks are becoming more sophisticated and are extremely difficult to prevent. In such an attack, an attacker will attempt to fraudulently induce colleagues, customers, or other users of our systems to disclose sensitive information in order to gain access to its data or that of its clients. Persistent attackers may succeed in penetrating defenses given enough resources, time, and motive. The techniques used by cyber criminals change frequently, may not be recognized until launched, and may not be recognized until well after a breach has occurred. The risk of a security breach caused by a cyber-attack at a vendor or by unauthorized vendor access has also increased in recent years. Additionally, the existence of cyber-attacks or security breaches at third-party vendors with access to our data may not be disclosed to us in a timely manner.

We also face indirect technology, cybersecurity, and operational risks relating to the customers, clients, and other third parties with whom we do business or upon whom we rely to facilitate or enable our business activities, including, for example, financial counterparties, regulators, and providers of critical infrastructure such as internet access and electrical power. As a result of increasing

Table of Contents

consolidation, interdependence, and complexity of financial entities and technology systems, a technology failure, cyber-attack, or other information or security breach that significantly degrades, deletes, or compromises the systems or data of one or more financial entities could have a material impact on counterparties or other market participants, including us. This consolidation, interconnectivity, and complexity increases the risk of operational failure, on both individual and industry-wide bases, as disparate systems need to be integrated, often on an accelerated basis. Any third-party technology failure, cyber-attack, or other information or security breach, termination, or constraint could, among other things, adversely affect our ability to effect transactions, service our clients, manage our exposure to risk, or expand our business.

Cyber-attacks or other information or security breaches, whether directed at us or third parties, may result in a material loss or have material consequences. Furthermore, the public perception that a cyber-attack on our systems has been successful, whether or not this perception is correct, may damage our reputation with customers and third parties with whom we do business. Hacking of personal information and identity theft risks, in particular, could cause serious reputational harm. A successful penetration or circumvention of system security could cause us serious negative consequences, including our loss of customers and business opportunities, costs associated with maintaining business relationships after an attack or breach; significant business disruption to our operations and business, misappropriation, exposure, or destruction of our confidential information, intellectual property, funds, and/or those of our customers; or damage to our or our customers' and/or third parties' computers or systems, and could result in a violation of applicable privacy laws and other laws, litigation exposure, regulatory fines, penalties or intervention, loss of confidence in our security measures, reputational damage, reimbursement or other compensatory costs, additional compliance costs, and could adversely impact our results of operations, liquidity and financial condition. In addition, we may not have adequate insurance coverage to compensate for losses from a cybersecurity event.

The resolution of significant pending litigation, if unfavorable, could have an adverse effect on our results of operations for a particular period.

We face legal risks in our businesses, and the volume of claims and amount of damages and penalties claimed in litigation and regulatory proceedings against financial institutions remain high. Substantial legal liability against us could have material adverse financial effects or cause significant reputational harm to us, which in turn could seriously harm our business prospects. It is possible that the ultimate resolution of these matters, if unfavorable, may be material to the results of operations for a particular reporting period.

For more information on litigation risks, see Note 20 to the Consolidated Financial Statements.

We face significant operational risks which could lead to financial loss, expensive litigation, and loss of confidence by our customers, regulators, and capital markets.

We are exposed to many types of operational risks, including the risk of fraud or theft by colleagues or outsiders, unauthorized transactions by colleagues or outsiders, operational errors by colleagues, business disruption, and system failures. Huntington executes against a significant number of controls, a large percent of which are manual and dependent on adequate execution by colleagues and third-party service providers. There is inherent risk that unknown single points of failure through the execution chain could give rise to material loss through inadvertent errors or malicious attack. These operational risks could lead to financial loss, expensive litigation, and loss of confidence by our customers, regulators, and the capital markets.

Moreover, negative public opinion can result from our actual or alleged conduct in any number of activities, including clients, products, and business practices; corporate governance; acquisitions; and from actions taken by government regulators and community organizations in response to those activities. Negative public opinion can adversely affect our ability to attract and retain customers and can also expose us to litigation and regulatory action.

Relative to acquisitions, we incur risks and challenges associated with the integration of employees, accounting systems, and technology platforms from acquired businesses and institutions in a timely and efficient manner, and we cannot guarantee that we will be successful in retaining existing customer relationships or achieving anticipated operating efficiencies expected from such acquisitions. Acquisitions may be subject to the receipt of approvals from certain governmental authorities, including the Federal Reserve, the OCC, and the United States Department of Justice, as well as the approval of our shareholders and the shareholders of companies that we seek to acquire. These approvals for acquisitions may not be received, may take longer than expected, or may impose conditions that are not presently anticipated or that could have an adverse effect on the combined company following the acquisitions. Subject to requisite regulatory approvals, future business acquisitions may result in the issuance and payment of additional shares of stock, which would dilute current shareholders' ownership interests. Additionally, acquisitions may involve the payment of a premium over book and market values. Therefore, dilution of our tangible book value and net income per common share could occur in connection with any future transaction.

Failure to maintain effective internal controls over financial reporting could impair our ability to accurately and timely report our financial results or prevent fraud, resulting in loss of investor confidence and adversely affecting our business and our stock price.

Effective internal controls over financial reporting are necessary to provide reliable financial reports and prevent fraud. We are subject to regulation that focuses on effective internal controls and procedures. Such controls and procedures are modified,

supplemented, and changed from time-to-time as necessitated by our growth and in reaction to external events and developments. Any failure to maintain an effective internal control environment could impact our ability to report our financial results on an accurate and timely basis, which could result in regulatory actions, loss of investor confidence, and an adverse impact on our business and our stock price.

We rely on quantitative models to measure risks and to estimate certain financial values.

Quantitative models may be used to help manage certain aspects of our business and to assist with certain business decisions, including estimating probable loan losses, measuring the fair value of financial instruments when reliable market prices are unavailable, estimating the effects of changing interest rates and other market measures on our financial condition and results of operations, managing risk, and for capital planning purposes (including during the CCAR capital planning and capital adequacy process). Our measurement methodologies rely on many assumptions, historical analyses, and correlations. These assumptions may not capture or fully incorporate conditions leading to losses, particularly in times of market distress, and the historical correlations on which we rely may no longer be relevant. Additionally, as businesses and markets evolve, our measurements may not accurately reflect this evolution. Even if the underlying assumptions and historical correlations used in our models are adequate, our models may be deficient due to errors in computer code, inaccurate data, misuse of data, or the use of a model for a purpose outside the scope of the model's design.

All models have certain limitations. Reliance on models presents the risk that our business decisions based on information incorporated from models will be adversely affected due to incorrect, missing, or misleading information. In addition, our models may not capture or fully express the risks we face, may suggest that we have sufficient capitalization when we do not, or may lead us to misjudge the business and economic environment in which we will operate. If our models fail to produce reliable results on an ongoing basis, we may not make appropriate risk management, capital planning, or other business or financial decisions. Strategies that we employ to manage and govern the risks associated with our use of models may not be effective or fully reliable. Also, information that we provide to the public or regulators based on poorly designed models could be inaccurate or misleading.

Banking regulators continue to focus on the models used by banks and bank holding companies in their businesses. Some of our decisions that the regulators evaluate, including distributions to our shareholders, could be affected adversely due to their perception that the quality of the models used to generate the relevant information is insufficient.

We rely on third parties to provide key components of our business infrastructure.

We rely on third-party service providers to leverage subject matter expertise and industry best practice, provide enhanced products and services, and reduce costs. Although there are benefits in entering into third-party relationships with vendors and others, there are risks associated with such activities. When entering a third-party relationship, the risks associated with that activity are not passed to the third-party but remain our responsibility. The Technology Committee of the board of directors provides oversight related to the overall risk management process associated with third-party relationships. Management is accountable for the review and evaluation of all new and existing third-party relationships. Management is responsible for ensuring that adequate controls are in place to protect us and our customers from the risks associated with vendor relationships.

Increased risk could occur based on poor planning, oversight, control, and inferior performance or service on the part of the third-party, and may result in legal costs or loss of business. While we have implemented a vendor management program to actively manage the risks associated with the use of third-party service providers, any problems caused by third-party service providers could adversely affect our ability to deliver products and services to our customers and to conduct our business. Replacing a third-party service provider could also take a long period of time and result in increased expenses.

Changes in accounting policies, standards, and interpretations could affect how we report our financial condition and results of operations.

The FASB, regulatory agencies, and other bodies that establish accounting standards periodically change the financial accounting and reporting standards governing the preparation of our financial statements. Additionally, those bodies that establish and interpret the accounting standards (such as the FASB, SEC, and banking regulators) may change prior interpretations or positions on how these standards should be applied.

For further discussion, see Note 2 to the Consolidated Financial Statements.

Impairment of goodwill could require charges to earnings, which could result in a negative impact on our results of operations.

Our goodwill could become impaired in the future. If goodwill were to become impaired, it could limit the ability of the Bank to pay dividends to Huntington, adversely impacting Huntington liquidity and ability to pay dividends or repay debt. The most significant assumptions affecting our goodwill impairment evaluation are variables including the market price of our Common Stock, projections of earnings, the discount rates used in the income approach to fair value, and the control premium above our current stock price that an acquirer would pay to obtain control of us. We are required to test goodwill for impairment at least annually or when impairment indicators are present. If an impairment determination is made in a future reporting period, our earnings and book value of goodwill will be reduced by the amount of the impairment. If an impairment loss is recorded, it will have little or no impact on the

Table of Contents

tangible book value of our Common Stock, or our regulatory capital levels, but such an impairment loss could significantly reduce the Bank's earnings and thereby restrict the Bank's ability to make dividend payments to us without prior regulatory approval, because Federal Reserve policy states the bank holding company dividends should be paid from current earnings. At December 31, 2018, the book value of our goodwill was \$2.0 billion, substantially all of which was recorded at the Bank. Any such write down of goodwill or other acquisition related intangibles will reduce Huntington's earnings, as well.

Negative publicity could damage our reputation and could significantly harm our business.

Our ability to attract and retain customers, clients, investors, and highly-skilled management and employees is affected by our reputation. Public perception of the financial services industry in general was damaged as a result of the financial crisis that started in 2008. We face increased public and regulatory scrutiny resulting from the financial crisis and economic downturn. Significant harm to our reputation can also arise from other sources, including employee misconduct, actual or perceived unethical behavior, conflicts of interest, litigation, GSE or regulatory actions, failing to deliver minimum or required standards of service and quality, failing to address customer and agency complaints, compliance failures, unauthorized release of confidential information due to cyber-attacks or otherwise, and the activities of our clients, customers, and counterparties, including vendors. Actions by the financial service industry generally or by institutions or individuals in the industry can adversely affect our reputation, indirectly by association. All of these could adversely affect our growth, results of operation, and financial condition.

We depend on our executive officers and key personnel to continue the implementation of our long-term business strategy and could be harmed by the loss of their services.

We believe that our continued growth and future success will depend in large part on the skills of our management team and our ability to motivate and retain these individuals and other key personnel. The loss of service of one or more of our executive officers or key personnel could reduce our ability to successfully implement our long-term business strategy, our business could suffer, and the value of our stock could be materially adversely affected. Leadership changes will occur from time to time, and we cannot predict whether significant resignations will occur or whether we will be able to recruit additional qualified personnel. We believe our management team possesses valuable knowledge about the banking industry and that their knowledge and relationships would be very difficult to replicate. Our success also depends on the experience of our branch managers and lending officers and on their relationships with the customers and communities they serve. The loss of these key personnel could negatively impact our banking operations. The loss of key personnel, or the inability to recruit and retain qualified personnel in the future, could have an adverse effect on our business, financial condition, or operating results.

Compliance Risks:

We operate in a highly regulated industry, and the laws and regulations that govern our operations, corporate governance, executive compensation and financial accounting, or reporting, including changes in them, or our failure to comply with them, may adversely affect us.

The banking industry is highly regulated. We are subject to supervision, regulation, and examination by various federal and state regulators, including the Federal Reserve, OCC, SEC, CFPB, FDIC, FINRA, and various state regulatory agencies. The statutory and regulatory framework that governs us is generally intended to protect depositors and customers, the DIF, the U.S. banking and financial system, and financial markets as a whole—not to protect shareholders. These laws and regulations, among other matters, prescribe minimum capital requirements, impose limitations on our business activities (including foreclosure and collection practices), limit the dividend or distributions that we can pay, restrict the ability of institutions to guarantee our debt, and impose certain specific accounting requirements that may be more restrictive and may result in greater or earlier charges to earnings or reductions in our capital than accounting principles generally accepted in the United States. Compliance with laws and regulations can be difficult and costly, and changes to laws and regulations often impose additional compliance costs. Both the scope of the laws and regulations and the intensity of the supervision to which we are subject have increased in recent years in response to the financial crisis, as well as other factors such as technological and market changes. Such regulation and supervision may increase our costs and limit our ability to pursue business opportunities. Further, our failure to comply with these laws and regulations, even if the failure was inadvertent or reflects a difference in interpretation, could subject us to restrictions on our business activities, fines, and other penalties, any of which could adversely affect our results of operations, capital base, and the price of our securities. Further, any new laws, rules, and regulations could make compliance more difficult or expensive or otherwise adversely affect our business and financial condition.

Table of Contents

Bank regulations regarding capital and liquidity, including the annual CCAR assessment process and the U.S. Basel III capital and liquidity standards, could require higher levels of capital and liquidity. Among other things, these regulations could impact our ability to pay common stock dividends, repurchase common stock, attract cost-effective sources of deposits, or require the retention of higher amounts of low yielding securities.

The Federal Reserve administers CCAR, an annual forward-looking quantitative assessment of Huntington's capital adequacy and planned capital distributions and a review of the strength of Huntington's practices to assess capital needs. We generally may pay dividends and repurchase stock only in accordance with a capital plan that has been reviewed by the Federal Reserve and as to which the Federal Reserve has not objected. The Federal Reserve also makes a quantitative assessment of capital based on supervisory-run stress tests that assess the ability to maintain capital levels above each minimum regulatory capital ratio after making all capital actions included in Huntington's capital plan, under baseline and stressful conditions throughout a nine-quarter planning horizon. There can be no assurance that the Federal Reserve or OCC will respond favorably to our capital plans, planned capital actions or stress test results, and the Federal Reserve, OCC, or other regulatory capital requirements may limit or otherwise restrict how we utilize our capital, including common stock dividends and stock repurchases.

We are also required to maintain minimum capital ratios and the Federal Reserve and OCC may determine that Huntington and/or the Bank, based on size, complexity, or risk profile, must maintain capital ratios above these minimums in order to operate in a safe and sound manner. In the event we are required to raise capital to maintain required minimum capital and leverage ratios or ratios above the required applicable minimums, we may be forced to do so when market conditions are undesirable or on terms that are less favorable to us than we would otherwise require. Furthermore, in order to prevent becoming subject to restrictions on our ability to distribute capital or make certain discretionary bonus payments to management, we must maintain a Capital Conservation Buffer (of 1.875% in 2018 and 2.5% as of January 1, 2019), which is in addition to our required minimum capital ratios.

We are also currently subject to a modified LCR requirement that requires Huntington to maintain an adequate amount of unencumbered high-quality liquid assets, such as Treasury securities and other sovereign debt, to cover projected net cash outflows over a 30 calendar-day stress scenario window. Because the LCR assigns less severe outflow assumptions to certain types of customer deposits, banks' demand for and the cost of these deposits may increase. Additionally, the LCR has increased the demand for direct U.S. government and U.S. government-guaranteed debt that, while high quality, generally carry lower yields than other securities BHCs hold in their investment portfolios.

For more information regarding CCAR, stress testing, and capital and liquidity requirements, including several proposed rules that would alter, reduce, or eliminate certain of these requirements as they apply to Huntington, refer to Item 1: Business - Regulatory Matters.

If our regulators deem it appropriate, they can take regulatory actions that could result in a material adverse impact on our financial results, ability to compete for new business, or preclude mergers or acquisitions. In addition, regulatory actions could constrain our ability to fund our liquidity needs or pay dividends. Any of these actions could increase the cost of our services.

We are subject to the supervision and regulation of various state and federal regulators, including the OCC, Federal Reserve, FDIC, SEC, CFPB, FINRA, and various state regulatory agencies. As such, we are subject to a wide variety of laws and regulations, many of which are discussed in Item 1. Regulatory Matters. As part of their supervisory process, which includes periodic examinations and continuous monitoring, the regulators have the authority to impose restrictions or conditions on our activities and the manner in which we manage the organization. Such actions could negatively impact us in a variety of ways, including charging monetary fines, impacting our ability to pay dividends, precluding mergers or acquisitions, limiting our ability to offer certain products or services, or imposing additional capital requirements.

Under the supervision of the CFPB, our Consumer and Business Banking products and services are subject to heightened regulatory oversight and scrutiny with respect to compliance under consumer laws and regulations. We may face a greater number or wider scope of investigations, enforcement actions, and litigation in the future related to consumer practices, thereby increasing costs associated with responding to or defending such actions. Also, federal and state regulators have been increasingly focused on sales practices of branch personnel, including taking regulatory action against other financial institutions. In addition, increased regulatory inquiries and investigations, as well as any additional legislative or regulatory developments affecting our consumer businesses, and any required changes to our business operations resulting from these developments, could result in significant loss of revenue, require remuneration to our customers, trigger fines or penalties, limit the products or services we offer, require us to increase our prices and, therefore, reduce demand for our products, impose additional compliance costs on us, increase the cost of collection, cause harm to our reputation, or otherwise adversely affect our consumer businesses.

In addition, we are allowed to conduct certain activities that are financial in nature by virtue of Huntington's status as an FHC, as discussed in more detail in Item 1. Regulatory Matters. If Huntington or the Bank cease to meet the requirements necessary for Huntington to continue to qualify as an FHC, the Federal Reserve may impose upon us corrective capital and managerial requirements, and may place limitations on our ability to conduct all of the business activities that we conduct as a FHC. If the failure to meet these standards persists, we could be required to divest our Bank, or cease all activities other than those activities that may be conducted by a BHC but not an FHC.

Legislative and regulatory actions taken now or in the future that impact the financial industry may materially adversely affect us by increasing our costs, adding complexity in doing business, impeding the efficiency of our internal business processes, negatively impacting the recoverability of certain of our recorded assets, requiring us to increase our regulatory capital, limiting our ability to pursue business opportunities, and otherwise resulting in a material adverse impact on our financial condition, results of operation, liquidity, or stock price.

Both the scope of the laws and regulations and the intensity of the supervision to which we are subject increased in response to the financial crisis as well as other factors such as technological and market changes. Regulatory enforcement and fines have also increased across the banking and financial services sector. Compliance with these laws and regulations have resulted in and will continue to result in additional costs, which could be significant, and may have a material and adverse effect on our results of operations. In addition, if we do not appropriately comply with current or future legislation and regulations, especially those that apply to our consumer operations, which has been an area of heightened focus, we may be subject to fines, penalties or judgments, or material regulatory restrictions on our businesses, which could adversely affect operations and, in turn, financial results.

We may become subject to more stringent regulatory requirements and activity restrictions if the Federal Reserve and FDIC determine that our resolution plan is not credible.

Huntington is required to submit annually to the Federal Reserve and the FDIC a resolution plan for its orderly resolution under the U.S. Bankruptcy Code. If the Federal Reserve and the FDIC jointly determine that our resolution plan is not credible, we could become subjected to more stringent capital, leverage or liquidity requirements or restrictions, or restrictions on our growth, activities, or operations. If we were to fail to address deficiencies in our resolution plan when required, we could eventually be required to divest certain assets or operations in ways that could negatively impact our operations and strategy.

For more information regarding resolution planning requirements, refer to Item 1: Business - Regulatory Matters.

Noncompliance with the Bank Secrecy Act and other anti-money laundering statutes and regulations could cause us material financial loss.

The Bank Secrecy Act and the Patriot Act contain anti-money laundering and financial transparency provisions intended to detect and prevent the use of the U.S. financial system for money laundering and terrorist financing activities. The Bank Secrecy Act, as amended by the Patriot Act, requires depository institutions and their holding companies to undertake activities including maintaining an anti-money laundering program, verifying the identity of clients, monitoring for and reporting suspicious transactions, reporting on cash transactions exceeding specified thresholds, and responding to requests for information by regulatory authorities and law enforcement agencies. FinCEN, a unit of the Treasury Department that administers the Bank Secrecy Act, is authorized to impose significant civil money penalties for violations of those requirements and has recently engaged in coordinated enforcement efforts with the federal bank regulatory agencies, as well as the United States Department of Justice, Drug Enforcement Administration, and IRS.

There is also increased scrutiny of compliance with the rules enforced by the OFAC. If our policies, procedures, and systems are deemed deficient or the policies, procedures, and systems of the financial institutions that we have already acquired or may acquire in the future are deficient, we would be subject to liability, including fines and regulatory actions such as restrictions on our ability to pay dividends and the necessity to obtain regulatory approvals to proceed with certain planned business activities, including acquisition plans, which would negatively impact our business, financial condition, and results of operations. Failure to maintain and implement adequate programs to combat money laundering and terrorist financing could also have serious reputational consequences for us.

For more information regarding the Bank Secrecy Act, Patriot Act, anti-money laundering requirements and OFAC-administered sanctions, refer to Item 1: Business - Regulatory Matters.

Cybersecurity and data privacy are areas of heightened legislative and regulatory focus.

As cybersecurity and data privacy risks for banking organizations and the broader financial system have significantly increased in recent years, cybersecurity and data privacy issues have become the subject of increasing legislative and regulatory focus. The federal bank regulatory agencies have proposed enhanced cyber risk management standards, which would apply to a wide range of large financial institutions and their third-party service providers, including us and the Bank, and would focus on cyber risk governance and management, management of internal and external dependencies, and incident response, cyber resilience, and situational awareness. Several states have also proposed or adopted cybersecurity legislation and regulations, which require, among other things, notification to affected individuals when there has been a security breach of their personal data. For more information regarding cybersecurity, refer to Item 1: Business - Regulatory Matters.

We receive, maintain, and store non-public personal information of our customers and counterparties, including, but not limited to, personally identifiable information and personal financial information. The sharing, use, disclosure, and protection of this information are governed by federal and state law. Both personally identifiable information and personal financial information is increasingly subject to legislation and regulation, the intent of which is to protect the privacy of personal information that is collected and handled. For example, in June of 2018, the Governor of California signed into law the CCPA. The CCPA, which becomes effective on January 1, 2020, applies to for-profit businesses that conduct business in California and meet certain revenue or data

Table of Contents

collection thresholds. For more information regarding data privacy laws and regulations, refer to Item 1: Business - Regulatory Matters.

We may become subject to new legislation or regulation concerning cybersecurity or the privacy of personally identifiable information and personal financial information or of any other information we may store or maintain. We could be adversely affected if new legislation or regulations are adopted or if existing legislation or regulations are modified such that we are required to alter our systems or require changes to our business practices or privacy policies. If cybersecurity, data privacy, data protection, data transfer, or data retention laws are implemented, interpreted, or applied in a manner inconsistent with our current practices, we may be subject to fines, litigation, or regulatory enforcement actions or ordered to change our business practices, policies, or systems in a manner that adversely impacts our operating results.

Item 1B: Unresolved Staff Comments

None.

Item 2: Properties

Our headquarters, as well as the Bank's, is located in the Huntington Center, a thirty seven story office building located in Columbus, Ohio. Of the building's total office space available, we lease approximately 22%. The lease term expires in 2030, with six five-year renewal options for up to 30 years but with no purchase option. The Bank has an indirect minority equity interest of 18.4% in the building.

Our other major properties consist of the following:

Description	Location	Own	Lease
Indianapolis Main	Indianapolis, IN	✓	
Flint South (own building, lease portion of land, own portion of land)	Flint, MI	✓	✓
Flint West (own building, lease land)	Flint, MI	✓	✓
Holland Operations Center	Holland, MI		✓
Downtown Saginaw	Saginaw, MI	✓	
Tower Building - Office	Akron, OH	✓	
Cascade III (own building, lease land)	Akron, OH	✓	✓
Operations Center	Akron, OH	✓	
Cleveland - Public Square (lease a portion of building)	Cleveland, OH		✓
Easton - HNB Business Service Center	Columbus, OH	✓	
Capitol Square	Columbus, OH	✓	
Gateway Center	Columbus, OH	✓	
Huntington Center (lease a portion of building)	Columbus, OH		✓
Northland Center	Columbus, OH		✓
Huntington Plaza	Columbus, OH	✓	
Crosswoods - Mortgage Group	Columbus, OH		✓
Court Street	Elyria, OH	✓	
Parma NORC	Parma, OH		✓
Toledo Corporate Building	Toledo, OH	✓	
Mahoning Federal Plaza Building	Youngstown, OH	✓	
New Castle Building	New Castle, PA	✓	
Pittsburgh Main (lease a portion of building)	Pittsburgh, PA		✓
Charleston Main	Charleston, WV		✓

The major properties occupied by the Company are used across all of the business segments and for corporate purposes.

Item 3: Legal Proceedings

Information required by this item is set forth in Note 20 of the Notes to Consolidated Financial Statements under the caption "Litigation and Regulatory Matters" and is incorporated into this Item by reference.

Item 4: Mine Safety Disclosures

Not applicable

PART II

Item 5: Market for Registrant's Common Equity, Related Shareholder Matters and Issuer Purchases of Equity Securities

The common stock of Huntington Bancshares Incorporated is traded on the NASDAQ Stock Market under the symbol "HBAN". As of January 31, 2019, we had 28,724 shareholders of record.

Information regarding restrictions on dividends, as required by this Item, is set forth in Item 1: Business - Regulatory Matters and in Note 21 of the Notes to Consolidated Financial Statements and incorporated into this Item by reference.

The following graph shows the changes, over the five-year period, in the value of \$100 invested in (i) shares of Huntington's Common Stock; (ii) the Standard & Poor's 500 Stock Index (the S&P 500 Index) and (iii) Keefe, Bruyette & Woods Bank Index, for the period December 31, 2013, through December 31, 2018. The KBW Bank Index is a market capitalization-weighted bank stock index published by Keefe, Bruyette & Woods. The index is composed of the largest banking companies and includes all money center banks and regional banks, including Huntington. An investment of \$100 on December 31, 2013, and the reinvestment of all dividends, are assumed. The plotted points represent the cumulative total return on the last trading day of the fiscal year indicated.

	2013	2014	2015	2016	2017	2018
HBAN	\$100	\$111	\$120	\$147	\$166	\$141
S&P 500	\$100	\$114	\$115	\$129	\$157	\$150
KBW Bank Index	\$100	\$109	\$110	\$141	\$167	\$138

For information regarding securities authorized for issuance under Huntington's equity compensation plans, see Part III, Item 12.

The following table provides information regarding Huntington's purchases of its Common Stock during the three-month period ended December 31, 2018.

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share	Maximum Number of Shares (or Approximate Dollar Value) that May Yet Be Purchased Under the Plans or Programs (2)
October 1, 2018 to October 31, 2018	7,149,221	\$ 14.55	\$ 273,010,029
November 1, 2018 to November 30, 2018	194,400	14.43	270,204,137
December 1, 2018 to December 31, 2018	7,622,627	12.23	177,010,035
Total	14,966,248	\$ 13.36	\$ 177,010,035

(1) The reported shares were repurchased pursuant to Huntington's publicly-announced share repurchase authorization

(2) The number shown represents, as of the end of each period, the approximate dollar value of Common Stock that may yet be purchased under publicly-announced share repurchase authorizations. The shares may be purchased, from time-to-time, depending on market conditions

Table of Contents

On June 28, 2018, Huntington was notified by the Federal Reserve that it had no objection to Huntington's proposed capital actions included in Huntington's capital plan submitted in the 2018 CCAR. These actions included a 27% increase in quarterly dividend per common share to \$0.14, starting in the third quarter of 2018, the repurchase of up to \$1.068 billion of common stock over the next four quarters (July 1, 2018 through June 30, 2019), and maintaining dividends on the outstanding classes of preferred stock and trust preferred securities. Any capital actions, including those contemplated in the above announced actions, are subject to consideration and evaluation by Huntington's Board of Directors.

On July 17, 2018, the Board authorized the repurchase of up to \$1.068 billion of common shares over the four quarters through the 2019 second quarter. During the 2018 fourth quarter, Huntington repurchased a total of 15 million shares at a weighted average share price of \$13.36.

Item 6: Selected Financial Data

Table 1 - Selected Annual Income Statement Data (1)

(dollar amounts in millions, share amounts in thousands)

	Year Ended December 31,				
	2018	2017	2016	2015	2014

Table of Contents

- (1) Comparisons for presented periods are impacted by a number of factors. Refer to the "Significant Items" in the Discussion of Results of Operations for additional discussion regarding these key factors.
- (2) On an FTE basis assuming a 21% tax rate and a 35% tax rate for periods prior to January 1, 2018.
- (3) Net income applicable to common shares excluding expense for amortization of intangibles for the period divided by average tangible shareholders' equity. Average tangible shareholders' equity equals average total shareholders' equity less average intangible assets and goodwill. Expense for amortization of intangibles and average intangible assets are net of deferred tax.
- (4) Noninterest expense less amortization of intangibles divided by the sum of FTE net interest income and noninterest income excluding securities gains. (Non-GAAP)
- (5) Tangible common equity (total common equity less goodwill and other intangible assets) divided by tangible assets (total assets less goodwill and other intangible assets). Other intangible assets are net of deferred tax.
- (6) Tangible equity (total equity less goodwill and other intangible assets) divided by tangible assets (total assets less goodwill and other intangible assets). Other intangible assets are net of deferred tax.
- (7) Tier 1 common equity, tangible equity, tangible common equity, and tangible assets are non-GAAP financial measures. Additionally, any ratios utilizing these financial measures are also non-GAAP. These financial measures have been included as they are considered to be critical metrics with which to analyze and evaluate financial condition and capital strength. Other companies may calculate these financial measures differently.
- (8) In accordance with applicable regulatory reporting guidance, we are not required to retrospectively update historical filings for newly adopted accounting principles. On January 1, 2015, we became subject to the Basel III capital requirements and the standardized approach for calculating risk-weighted assets in accordance with subpart D of the final capital rule.

Item 7: Management's Discussion and Analysis of Financial Condition and Results of Operations

INTRODUCTION

This MD&A provides information we believe necessary for understanding our financial condition, changes in financial condition, results of operations, and cash flows. The MD&A should be read in conjunction with the Consolidated Financial Statements, Notes to Consolidated Financial Statements, and other information contained in this report. The forward-looking statements in this section and other parts of this report involve assumptions, risks, uncertainties, and other factors, including statements regarding our plans, objectives, goals, strategies, and financial performance. Our actual results could differ materially from the results anticipated in these forward-looking statements as a result of factors set forth under the caption "Forward-Looking Statements" and those set forth in Item 1A.

EXECUTIVE OVERVIEW

2018 Financial Performance Review

In 2018, we reported net income of \$1.4 billion, a 17% increase from the prior year. Earnings per common share on a diluted basis for the year was \$1.20, up 20% from the prior year.

Fully-taxable equivalent net interest income for 2018 increased \$167 million, or 5%, from 2017. This reflected the impact of 4% average earning asset growth, a three basis point increase in the NIM to 3.33%, partially offset by 7% average interest-bearing liability growth. Average earning asset growth included a \$4.4 billion, or 6%, increase in average loans and leases, partially offset by a \$0.4 billion, or 2%, decrease in average securities. The NIM expansion reflected a 35 basis point positive impact from the mix and yield on earning assets and a 10 basis point increase in the benefit from noninterest-bearing funding, partially offset by a 42 basis point increase in funding costs.

The provision for credit losses was \$235 million, up \$34 million, or 17%. The increase in provision expense over the prior year are primarily attributed to loan balance growth across the portfolio.

Noninterest income was \$1.3 billion, up \$14 million, or 1%, from the prior year. Card and payment processing income increased \$18 million, or 9%, due to higher check card interchange income and underlying customer growth. Trust and investment management services increased \$15 million, or 10%, primarily reflecting increased sales production and year over year market growth. Capital markets fees increased \$15 million, or 20%, reflecting increased sales of interest rate, foreign exchange and commodity derivatives as well as fees as a result of the acquisition of Hutchinson, Shockey, Erley & Co. (HSE). Service charges on deposit accounts increased \$11 million, or 3%, due to an increase in both personal and corporate service charges. These increases were partially offset by a \$23 million, or 18% decrease in mortgage banking income, due to lower margin on loans sold, \$17 million, or 425%, increase in securities losses reflecting portfolio repositioning completed in the 2018 fourth quarter and a \$5 million, or 3%, decrease in other income primarily reflecting an unfavorable Visa Class B derivative fair value adjustment.

Noninterest expense was \$2.6 billion, down \$67 million, or 2%, from the prior year. Reported noninterest expense was impacted by FirstMerit acquisition-related expenses totaling \$154 million, offset by branch and facility consolidation-related expenses and personnel costs. Net occupancy expense decreased \$28 million, or 13%, primarily reflecting \$52 million of prior year acquisition-related expense, lower occupancy related expenses and reserves, partially offset by \$28 million of branch and facility consolidation-related expense. Outside data processing and other services decreased \$19 million, or 6%, primarily reflecting \$24 million of acquisition-related expense in the year-ago period, partially offset by higher technology investment costs. Deposit and other insurance expense decreased \$15 million, or 19%, primarily due to the discontinuation of the FDIC surcharge in the 2018 fourth quarter. Other noninterest expense decreased \$14 million, or 6%, reflecting \$9 million of acquisition-related expense in the year-ago period, as well as declines in franchise and other taxes. Professional services decreased \$9 million, or 13%, primarily reflecting \$10 million of acquisition-related expense in the year-ago period. Equipment decreased \$7 million, or 4%, primarily due to \$16 million in acquisition-related costs in the year-ago period, partially offset by \$7 million of branch and facility consolidation-related expense in the 2018 fourth quarter. Marketing decreased \$7 million, or 12%, driven by a decrease in promotional expense, partially offset by an increase in advertising. Partially offsetting these decreases, personnel costs increased \$35 million, or 2%, primarily reflecting higher benefit costs and merit increases.

The tangible common equity to tangible assets ratio was 7.21%, down 13 basis points. The regulatory Common Equity Tier 1 (CET1) risk-based capital ratio was 9.65%, down 36 basis points. The regulatory Tier 1 risk-based capital ratio was 11.06%, down 28 basis points.

Consistent with the 2018 CCAR capital plan, the Company repurchased \$939 million of common stock during 2018 at an average cost of \$15.23 per share. Included in the share repurchase activity, the Company completed a \$400 million ASR which effectively offset the impact of the \$363 million Series A preferred equity conversion in the 2018 first quarter.

Table of Contents

Business Overview

General

Our general business objectives are:

- Consistent organic revenue and balance sheet growth.
- Invest in our businesses, particularly technology and risk management.
- Deliver positive operating leverage.
- Maintain aggregate moderate-to-low risk appetite.
- Disciplined capital management.

Economy

Our view of 2019 from a balance sheet growth perspective remains unchanged, generally consistent with our view of overall economic activity. The underlying fundamentals of our local economies are positive, and businesses are generally performing well and we are optimistic about 2019. Our loan pipelines remain steady, and credit metrics remain strong. We are executing on our new strategic plan and continue to invest to drive organic growth. The plan entails low execution risk and builds on the success of the past two strategic plans. At the same time, given recent market volatility, we are reverting to our historic practice of assuming no interest rate hikes in our revenue expectation and are adjusting our expense expectation as a result. We are focused on what we can control to drive long-term performance.

Legislative and Regulatory

A comprehensive discussion of legislative and regulatory matters affecting us can be found in the Regulatory Matters section included in Item 1 of this Form 10-K.

(1) Comparisons for presented periods are impacted by a number of factors. Refer to "Significant Items" in the Discussion of Results of Operations.

(2) On a fully-taxable equivalent (FTE) basis assuming a 21% tax rate and a 35% tax rate for periods prior to January 1, 2018.

DISCUSSION OF RESULTS OF OPERATIONS

This section provides a review of financial performance from a consolidated perspective. It also includes a “Significant Items” section that summarizes key issues important for a complete understanding of performance trends. Key consolidated balance sheet and income statement trends are discussed. All earnings per share data are reported on a diluted basis. For additional insight on financial performance, please read this section in conjunction with the “Business Segment Discussion.”

Significant Items

Earnings comparisons among the three years ended December 31, 2018, 2017, and 2016 were impacted by a number of Significant Items summarized below

There were no Significant Items in 2018.

Significant Items included in 2017 and 2016 were:

1. **Mergers and Acquisitions.** Significant events relating to mergers and acquisitions, and the impacts of those events on our reported results, were as follows:
 - During 2017, \$154 million of noninterest expense and \$2 million of noninterest income was recorded related to the acquisition of FirstMerit. This resulted in a negative impact of \$0.09 per common share in 2017.
 - During 2016, \$282 million of noninterest expense and \$1 million of noninterest income was recorded related to the acquisition of FirstMerit. This resulted in a negative impact of \$0.20 per common share in 2016.
2. **Federal tax reform-related tax benefit.** Significant events relating to federal tax reform-related tax benefits, and the impacts of those events on our reported results, were as follows:
 - During 2017, \$123 million of federal tax reform-related tax benefit was recorded as provision for income taxes. This resulted in a positive impact of \$0.11 per common share in 2017.
3. **Litigation Reserve.** Significant events relating to our litigation reserve, and the impacts of those events on our reported results, were as follows:
 - During 2016, a \$42 million reduction to litigation reserves was recorded as other noninterest expense. This resulted in a positive impact of \$0.03 per common share in 2016.

The following table reflects the earnings impact of the above-mentioned Significant Items for periods affected by this Results of Operations discussion:

Table 3 - Significant Items Influencing Earnings Performance Comparison

Net Interest Income / Average Balance Sheet

Our primary source of revenue is net interest income, which is the difference between interest income from earning assets (primarily loans, securities, and direct financing leases), and interest expense of funding sources (primarily interest-bearing deposits and borrowings). Earning asset balances and related funding sources, as well as changes in the levels of interest rates, impact net interest income. The difference between the average yield on earning assets and the average rate paid for interest-bearing liabilities is the net interest spread. Noninterest-bearing sources of funds, such as demand deposits and shareholders' equity, also support earning assets. The impact of the noninterest-bearing sources of funds, often referred to as "free" funds, is captured in the net interest margin, which is calculated as net interest income divided by average earning assets. Both the net interest margin and net interest spread are presented on a fully-taxable equivalent basis, which means that tax-free interest income has been adjusted to a pretax equivalent income, assuming a 21% tax rate and a 35% tax rate for periods prior to January 1, 2018.

The following table shows changes in fully-taxable equivalent interest income, interest expense, and net interest income due to volume and rate variances for major categories of earning assets and interest-bearing liabilities:

Table 4 - Change in Net Interest Income Due to Changes in Average Volume and Interest Rates (1)

	2018			2017		
	Increase (Decrease) From			Increase (Decrease) From:		
	Previous Year Due To			Previous Year Due To		
<i>(dollar amounts in millions)</i>	Volume	Yield/ Rate	Total	Volume	Yield/ Rate	Total
Fully-taxable equivalent basis (2)						
Loans and leases	\$ 189	\$ 274	\$ 463	\$ 423	\$ 234	\$ 657
Investment securities	(10)	35	25	157	6	163

(1) FTE yields are calculated assuming a 21% tax rate and a 35% tax rate for periods prior to January 1, 2018.

(2) Deposits in Federal Reserve Bank were treated as nonearning assets prior to 4Q 2018 and associated interest income was not material.

(3) For purposes of this analysis, nonaccrual loans are reflected in the average balances of loans.

(4) Yield/rates and amounts include the effects of hedge and risk management activities associated with the respective asset and liability categories.

2018 versus 2017

FTE net interest income for 2018 increased \$167 million, or 5%, from 2017. This reflected the impact of 4% average earning asset growth, a three basis point increase in the NIM to 3.33%, partially offset by 7% average interest-bearing liability growth. Average earning asset growth included a \$4.4 billion, or 6%, increase in average loans and leases and a \$0.4 billion, or 2%, decrease in average securities. The NIM expansion reflected a 35 basis point positive impact from the mix and yield on earning assets and a 10 basis point increase in the benefit from noninterest-bearing funding, partially offset by a 42 basis point increase in funding costs.

Average earning assets for 2018 increased \$4.2 billion, or 4%, from the prior year, reflecting loan growth of \$4.4 billion, or 6%, partially offset by decline in average securities. Average C&I loans and leases increased \$1.1 billion, or 4%, reflecting broad-based growth. Residential mortgages increased \$1.7 billion, or 20%, driven by increase in lending officers and expansion into the Chicago market. Average RV and marine finance loans increased \$0.7 billion, or 32%, reflecting the success of the expansion of the business over the past two years while maintaining our commitment to super prime originations. Average automobile loans increased \$0.8 billion, or 7%, driven by originations consistent with the current market dynamics and our commitment to high quality borrowers, while optimizing yield and production in a rising rate environment over the past year. Average securities decreased \$0.4 billion, or 2%.

Average total deposits for 2018 increased \$3.2 billion, or 4%, from the prior year, while average total core deposits increased \$3.6 billion, or 5%. Average core CDs increased \$2.1 billion, or 98%, reflecting consumer growth initiatives primarily in the first three quarters of 2018. Average money market deposits increased \$1.7 billion, or 9%, reflecting growth in both commercial and consumer deposits. Average total interest-bearing liabilities increased \$4.5 billion, or 7%, from the prior year as deposits shifted from non-interest bearing to interest bearing with the increase in rates.

2017 versus 2016

FTE net interest income for 2017 increased \$640 million, or 27%, from 2016. This reflected the impact of 21% average earning asset growth, a 14 basis point increase in the NIM to 3.30%, partially offset by 24% average interest-bearing liability growth. Average earning asset growth included a \$10.4 billion, or 18%, increase in average loans and leases and a \$6.1 billion, or 34%, increase in average securities. The NIM expansion reflected a 27 basis point positive impact from the mix and yield on earning assets and a three basis point increase in the benefit from noninterest-bearing funding, partially offset by a 16 basis point increase in funding costs.

Average earning assets for 2017 increased \$16.1 billion, or 21%, from the prior year, primarily reflecting the full year impact of the FirstMerit acquisition. Average loans and leases increased \$10.4 billion, or 18%, including a \$4.1 billion, or 17%, increase in average C&I loans and leases primarily driven by an increase in commercial middle market and specialty banking, a \$1.5 billion, or 23%, increase in residential mortgage loans reflecting the benefit of the ongoing expansion of the home lending business, a \$1.5 billion or 211%, increase in RV and marine finance loans reflecting the success of the expansion of the acquired business into 17 new states over the past year and a \$1.0 billion, or 9%, increase in automobile loans reflecting continued strength in new and used automobile originations across our 23-state auto finance lending footprint. Average securities increased \$6.1 billion, or 34%, which included \$2.9 billion of direct purchase municipal instruments in our commercial banking segment, up from \$2.1 billion in the year-ago period.

Average total deposits for 2017 increased \$13.5 billion, or 21%, from the prior year, while average total core deposits increased \$13.5 billion, or 23%, including a \$9.2 billion, or 31%, increase in average demand deposits and a \$3.7 billion, or 47%, increase in average savings and other domestic deposits. Average total interest-bearing liabilities increased \$13.0 billion, or 24%, from the prior year. These increases primarily reflect the full year impact of the FirstMerit acquisition. Average long-term borrowings increased \$0.8 billion, or 10%, reflecting the issuance of \$1.7 billion and maturity of \$0.8 billion of senior debt during 2017.

Provision for Credit Losses

(This section should be read in conjunction with the Credit Risk section)

The provision for credit losses is the expense necessary to maintain the ALLL and the AULC at levels appropriate to absorb our estimate of credit losses inherent in the loan and lease portfolio and the portfolio of unfunded loan commitments and letters-of-credit.

The provision for credit losses in 2018 was \$235 million, up \$34 million, or 17%, from 2017. The increase in provision expense over the prior year is primarily attributed to loan balance growth across the portfolio.

The provision for credit losses in 2017 was \$201 million, up \$10 million, or 5%, from 2016. The increase in provision expense over the prior year was primarily the result of loan growth.

Noninterest Income

The following table reflects noninterest income for the past three years:

Table 6 - Noninterest Income

	Year Ended December 31,						
<u>(dollar amounts in millions)</u>	Change from 2017			Change from 2016			
	2018	Amount	Percent	2017	Amount	Percent	2016
Service charges on deposit accounts	\$ 364	\$ 11	3%	\$ 353	\$ 29	9%	\$ 324
Card and payment processing income	224	18	9	206	37	22	169
Trust and investment management services	171	15	10	156	33	27	123
Mortgage banking income	108	(23)	(18)	131	3	2	128
Capital markets fees	91	15	20	76	16	27	60
Insurance income	82	1	1	81	(3)	(4)	84
Bank owned life insurance income	67	—	—	67	9	16	58
Gain on sale of loans and leases	55	(1)	(2)	56	9	19	47
Securities gains (losses)	(21)	(17)	(425)	(4)	(4)	(100)	—
Other income	130	(5)	(3)	185	28	18	157
Total noninterest income	\$ 1,321	\$ 14	1%	\$ 1,307	\$ 157	14%	\$ 1,150

2018 versus 2017

Noninterest income for 2018 increased \$14 million, or 1%, from the prior year. Card and payment processing income increased \$18 million, or 9%, due to higher check card interchange income and underlying customer growth. Trust and investment management services increased \$15 million, or 10%, primarily reflecting increased sales production and year over year market growth. Capital markets fees increased \$15 million, or 20%, reflecting increased sales of interest rate, foreign exchange and commodity derivatives as well as fees as a result of the acquisition of HSE. Service charges on deposit accounts increased \$11 million, or 3%, due to an increase in both personal and corporate service charges. These increases were partially offset by a \$23 million, or 18% decrease in mortgage banking income, due to lower margin on loans sold, \$17 million, or 425%, increase in securities losses reflecting portfolio repositioning completed in the 2018 fourth quarter and a \$5 million, or 3%, decrease in other income primarily reflecting an unfavorable Visa Class B derivative fair value adjustment.

2017 versus 2016

Noninterest income for 2017 increased \$157 million, or 14%, from the prior year, reflecting the full year impact of the FirstMerit acquisition. Card and payment processing income increased \$37 million, or 22%, due to higher credit and debit card related income and underlying customer growth. Trust and investment management services increased \$33 million, or 27%, and service charges on deposit accounts increased \$29 million, or 9%, reflecting market growth and ongoing customer acquisition. Other income increased \$28 million, or 18%, primarily reflecting increases in servicing income, mezzanine lending, loan syndication fees and commitment fees. Capital markets fees increased \$16 million, or 27%, reflecting our ongoing strategic focus on expanding the business. Bank owned life insurance increased \$9 million, or 16%. Gain on sale of loans increased \$9 million, or 19%, as a result of continued expansion of our SBA lending business during 2017 which more than offset gains in the prior year from our balance sheet optimization strategy and the auto securitization completed in the 2016 fourth quarter. These increases were partially offset by a \$4 million decline in securities gains and a \$3 million decline in insurance income.

Noninterest Expense

(This section should be read in conjunction with Significant Items section.)

The following table reflects noninterest expense for the past three years:

Table 7 - Noninterest Expense

<i>(dollar amounts in millions)</i>	Year Ended December 31,					
	Change from 2017			Change from 2016		
	2018	Amount	Percent	2017	Amount	Percent

Amortization of intangibles	53	(3)	(5)	56	26	87
Other expense	217	(5)	(2)	222	52	31
Total adjusted noninterest expense (Non-GAAP)	\$ 2,647	\$ 87	3%	\$ 2,560	\$ 391	18%
						2,169

2018 versus 2017

Reported noninterest expense for 2018 decreased \$67 million, or 2%, from the prior year, primarily reflecting the \$154 million of acquisition-related Significant Items in the year-ago period, offset by branch and facility consolidation-related expenses and personnel costs. Net occupancy expense decreased \$28 million, or 13%, primarily reflecting \$52 million of prior year acquisition-related expense, lower occupancy related expenses and reserves, partially offset by \$28 million of branch and facility consolidation-related expense. Outside data processing and other services decreased \$19 million, or 6%, primarily reflecting \$24 million of acquisition-related expense in the year-ago period, partially offset by higher technology investment costs. Deposit and other insurance expense decreased \$15 million, or 19%, primarily due to the discontinuation of the FDIC surcharge in the 2018 fourth quarter. Other noninterest expense decreased \$14 million, or 6%, reflecting \$9 million of acquisition-related expense in the year-ago period, as well as declines in franchise and other taxes. Professional services decreased \$9 million, or 13%, primarily reflecting \$10 million of acquisition-related expense in the year-ago period. Equipment decreased \$7 million, or 4%, primarily due to \$16 million in acquisition-related costs in the year-ago period, partially offset by \$7 million of branch and facility consolidation-related expense in the 2018 fourth quarter. Marketing decreased \$7 million, or 12%, driven by a decrease in promotional expense, partially offset by an increase in advertising. Partially offsetting these decreases, personnel costs increased \$35 million, or 2%, primarily reflecting higher benefit costs and merit increases.

2017 versus 2016

Reported noninterest expense for 2017 increased \$306 million, or 13%, from the prior year, reflecting the full year impact of the First Merit acquisition. Personnel costs increased \$175 million, or 13%, primarily reflecting the full year impact of the addition of colleagues from FirstMerit. Net occupancy expense increased \$59 million, or 39%, primarily reflecting \$52 million of acquisition-related expense. Other expense increased \$47 million, or 26%, reflecting the full impact of FirstMerit. Amortization of intangibles increased \$26 million, or 87%, reflecting the full year impact of amortizing FirstMerit related intangibles. Deposit and other insurance expense increased \$24 million, or 44%, reflecting the increase in the assessment base. Partially offsetting these increases, professional services decreased \$36 million, or 34% reflecting a reduction in legal and consultation fees attributable to acquisition-related expense.

Provision for Income Taxes

(This section should be read in conjunction with Note 1 and Note 16 of the Notes to Consolidated Financial Statements.)

2018 versus 2017

The provision for income taxes was \$235 million for 2018 compared with a provision for income taxes of \$208 million in 2017. Both years included the benefits from tax-exempt income, tax-advantaged investments, general business credits, investments in qualified affordable housing projects, excess tax deductions for stock-based compensation, and capital losses. 2017 also included a \$123 million tax benefit related to the federal tax reform enacted on December 22, 2017, which is primarily attributed to the revaluation of net deferred tax liabilities at the lower statutory federal income tax rate. We completed our provisional estimate related to tax reform during the 2018 fourth quarter. As of December 31, 2018 and 2017 there was no valuation allowance on federal deferred taxes. In 2018 and 2017 there was essentially no change recorded in the provision for state income taxes, net of federal, for the portion of state deferred tax assets and state net operating loss carryforwards that are more likely than not to be realized. At December 31, 2018, we had a net federal deferred tax liability of \$105 million and a net state deferred tax asset of \$41 million.

We file income tax returns with the IRS and various state, city, and foreign jurisdictions. Federal income tax audits have been completed for tax years through 2009. Certain proposed adjustments resulting from the IRS examination of our 2010 through 2011 tax returns have been settled, subject to final approval by the Joint Committee on Taxation of the U.S. Congress. While the statute of limitations remains open for tax years 2012 through 2017, the IRS has advised that tax years 2012 through 2014 will not be audited, and began the examination of the 2015 federal income tax return in second quarter 2018. Various state and other jurisdictions remain open to examination, including Ohio, Kentucky, Indiana, Michigan, Pennsylvania, West Virginia, Wisconsin, and Illinois.

2017 versus 2016

The provision for income taxes was \$208 million for 2017 and 2016. Both years included the benefits from tax-exempt income, tax-advantaged investments, general business credits, investments in qualified affordable housing projects, excess tax deductions for stock-based compensation, and capital losses. 2017 also included a \$123 million tax benefit related to the federal tax reform enacted on December 22, 2017, which is primarily attributed to the revaluation of net deferred tax liabilities at the lower statutory federal income tax rate. As of December 31, 2017 and 2016 there was no valuation allowance on federal deferred taxes. In 2017 and 2016, there was essentially no change recorded in the provision for state income taxes, net of federal taxes, for the portion of state deferred tax assets and state net operating loss carryforwards that are more likely than not to be realized.

RISK MANAGEMENT AND CAPITAL

Risk Governance

We use a multi-faceted approach to risk governance. It begins with the board of directors defining our risk appetite as aggregate moderate-to-low. This does not preclude engagement in select higher risk activities. Rather, the definition is intended to represent an aggregate view of where we want our overall risk to be managed.

Three board committees primarily oversee implementation of this desired risk appetite and monitoring of our risk profile:

- The *Audit Committee* oversees the integrity of the consolidated financial statements, including policies, procedures, and practices regarding the preparation of financial statements, the financial reporting process, disclosures, and internal control over financial reporting. The Audit Committee also provides assistance to the board in overseeing the internal audit division and the independent registered public accounting firm's qualifications and independence; compliance with our Financial Code of Ethics for the chief executive officer and senior financial officers; and compliance with corporate securities trading policies.
- The *Risk Oversight Committee (ROC)* assists the board of directors in overseeing management of material risks, the approval and monitoring of the Company's capital position and plan supporting our overall aggregate moderate-to-low risk profile, the risk governance structure, compliance with applicable laws and regulations, and determining adherence to the board's stated risk appetite. The committee has oversight responsibility with respect to the full range of inherent risks: market, credit, liquidity, legal, compliance/regulatory, operational, strategic, and reputational. The ROC provides assistance to the Board in overseeing the credit review division. This committee also oversees our capital management and planning process, ensures that the amount and quality of capital are adequate in relation to expected and unexpected risks, and that our capital levels exceed "well-capitalized" requirements.
- The *Technology Committee* assists the board of directors in fulfilling its oversight responsibilities with respect to all technology, cyber security, and third-party risk management strategies and plans. The committee is charged with evaluating Huntington's capability to properly perform all technology functions necessary for its business plan, including projected growth, technology capacity, planning, operational execution, product development, and management capacity. The committee provides oversight of technology investments and plans to drive efficiency as well as to meet defined standards for risk, information security, and redundancy. The Committee oversees the allocation of technology costs and ensures that they are understood by the board of directors. The Technology Committee monitors and evaluates innovation and technology trends that may affect the Company's strategic plans, including monitoring of overall industry trends. The Technology Committee reviews and provides oversight of the Company's continuity and disaster recovery planning and preparedness.

The Audit and Risk Oversight Committees routinely hold executive sessions with our key officers engaged in accounting and risk management. On a periodic basis, the two committees meet in joint session to cover matters relevant to both, such as the construct and appropriateness of the ACL, which is reviewed quarterly. All directors have access to information provided to each committee and all scheduled meetings are open to all directors.

Further, through its Compensation Committee, the board of directors seeks to ensure its system of rewards is risk-sensitive and aligns the interests of management, creditors, and shareholders. We utilize a variety of compensation-related tools to induce appropriate behavior, including common stock ownership thresholds for the chief executive officer and certain members of senior management, a requirement to hold until retirement or exit from the Company, a portion of net shares received upon exercise of stock options or release of restricted stock awards (50% for executive officers and 25% for other award recipients), equity deferrals, recoupment provisions, and the right to terminate compensation plans at any time.

Management has implemented an Enterprise Risk Management and Risk Appetite Framework. Critically important is our self-assessment process, in which each business segment produces an analysis of its risks and the strength of its risk controls. The segment analyses are combined with assessments by our risk management organization of major risk sectors (e.g., market, credit, liquidity, legal, compliance/regulatory, operational, strategic, and reputational) to produce an overall enterprise risk assessment. Outcomes of the process include a determination of the quality of the overall control process, the direction of risk, and our position compared to the defined risk appetite.

Management also utilizes a wide series of metrics (key risk indicators) to monitor risk positions throughout the Company. In general, a range for each metric is established, which allows the Company, in aggregate, to operate within an aggregate moderate-to-low risk profile. Deviations from the range will indicate if the risk being measured exceeds desired tolerance, which may then necessitate corrective action.

We also have four executive level committees to manage risk: ALCO, Credit Policy and Strategy, Risk Management, and Capital Management. Each committee focuses on specific categories of risk and is supported by a series of subcommittees that are tactical in nature. We believe this structure helps ensure appropriate escalation of issues and overall communication of strategies.

Table of Contents

Huntington utilizes three lines of defense with regard to risk management: (1) business segments, (2) corporate risk management, and (3) internal audit and credit review. To induce greater ownership of risk within its business segments, segment risk officers have been embedded in the business to identify and monitor risk, elevate and remediate issues, establish controls, perform self-testing, and oversee the self-assessment process. Corporate Risk Management establishes policies, sets operating limits, reviews new or modified products/processes, ensures consistency and quality assurance within the segments, and produces the enterprise risk assessment. The Chief Risk Officer has significant input into the design and outcome of incentive compensation plans as they apply to risk. Internal Audit and Credit Review provide additional assurance that risk-related functions are operating as intended.

A comprehensive discussion of risk management and capital matters affecting us can be found in the Risk Governance section included in Item 1A and the Regulatory Matters section of Item 1 of this Form 10-K.

Some of the more significant processes used to manage and control credit, market, liquidity, operational, and compliance risks are described in the following sections.

Credit Risk

Credit risk is the risk of financial loss if a counterparty is not able to meet the agreed upon terms of the financial obligation. The majority of our credit risk is associated with lending activities, as the acceptance and management of credit risk is central to profitable lending. We also have credit risk associated with our investment securities portfolios (*see Note 4 of the Notes to Consolidated Financial Statements*). We engage with other financial counterparties for a variety of purposes including investing, asset and liability management, mortgage banking, and trading activities. While there is credit risk associated with derivative activity, we believe this exposure is minimal. (*See Note 1 of the Notes to Consolidated Financial Statements.*)

We continue to focus on the identification, monitoring, and management of our credit risk. In addition to the traditional credit risk mitigation strategies of credit policies and processes, market risk management activities, and portfolio diversification, we use quantitative measurement capabilities utilizing external data sources, enhanced modeling technology, and internal stress testing processes. Our portfolio management resources demonstrate our commitment to maintaining an aggregate moderate-to-low risk profile. In our efforts to continue to identify risk mitigation techniques, we have focused on product design features, origination policies, and solutions for delinquent or stressed borrowers.

The maximum level of credit exposure to individual credit borrowers is limited by policy guidelines based on the perceived risk of each borrower or related group of borrowers. All authority to grant commitments is delegated through the independent credit administration function and is closely monitored and regularly updated. Concentration risk is managed through limits on loan type, geography, industry, and loan quality factors. We focus predominantly on extending credit to retail and commercial customers with existing or expandable relationships within our primary banking markets, although we will consider lending opportunities outside our primary markets if we believe the associated risks are acceptable and aligned with strategic initiatives. Although we offer a broad set of products, we continue to develop new lending products and opportunities. Each of these new products and opportunities goes through a rigorous development and approval process prior to implementation to ensure our overall objective of maintaining an aggregate moderate-to-low risk portfolio profile.

The checks and balances in the credit process and the separation of the credit administration and risk management functions are designed to appropriately assess and sanction the level of credit risk being accepted, facilitate the early recognition of credit problems when they occur, and provide for effective problem asset management and resolution. For example, we do not extend additional credit to delinquent borrowers except in certain circumstances that substantially improve our overall repayment or collateral coverage position.

Loan and Lease Credit Exposure Mix

At December 31, 2018, our loans and leases totaled \$74.9 billion, representing a \$4.8 billion, or 7%, increase compared to \$70.1 billion at December 31, 2017.

Table of Contents

Total commercial loans and leases were \$37.4 billion at December 31, 2018, and represented 51% of our total loan and lease credit exposure. Our commercial loan portfolio is diversified by product type, customer size, and geography within our footprint, and is comprised of the following (*see Commercial Credit discussion*):

C&I – C&I loans and leases are made to commercial customers for use in normal business operations to finance working capital needs, equipment purchases, or other projects. The majority of these borrowers are customers doing business within our geographic regions. C&I loans and leases are generally underwritten individually and secured with the assets of the company and/or the personal guarantee of the business owners. The financing of owner occupied facilities is considered a C&I loan even though there is improved real estate as collateral. This treatment is a result of the credit decision process, which focuses on cash flow from operations of the business to repay the debt. The operation, sale, rental, or refinancing of the real estate is not considered the primary repayment source for these types of loans. As we have expanded our C&I portfolio, we have developed a series of “vertical specialties” to ensure that new products or lending types are embedded within a structured, centralized Commercial Lending area with designated, experienced credit officers. These specialties are comprised of either targeted industries (for example, Healthcare, Food & Agribusiness, Energy, etc.) and/or lending disciplines (Equipment Finance, Asset Based Lending, etc.), all of which requires a high degree of expertise and oversight to effectively mitigate and monitor risk. As such, we have dedicated colleagues and teams focused on bringing value added expertise to these specialty clients.

CRE – CRE loans consist of loans to developers and REITs supporting income-producing or for-sale commercial real estate properties. We mitigate our risk on these loans by requiring collateral values that exceed the loan amount and underwriting the loan with projected cash flow in excess of the debt service requirement. These loans are made to finance properties such as apartment buildings, office and industrial buildings, and retail shopping centers, and are repaid through cash flows related to the operation, sale, or refinance of the property. For loans secured by real estate, appropriate appraisals are obtained at origination and updated on an as needed basis in compliance with regulatory requirements.

Construction CRE – Construction CRE loans are loans to developers, companies, or individuals used for the construction of a commercial or residential property for which repayment will be generated by the sale or permanent financing of the property. Our construction CRE portfolio primarily consists of retail, multi-family, office, and warehouse project types. Generally, these loans are for construction projects that have been pre-sold or pre-leased, or have secured permanent financing, as well as loans to real estate companies with significant equity invested in each project. These loans are underwritten and managed by a specialized real estate lending group that actively monitors the construction phase and manages the loan disbursements according to the predetermined construction schedule.

Total consumer loans and leases were \$37.5 billion at December 31, 2018, and represented 49% of our total loan and lease credit exposure. The consumer portfolio is comprised primarily of automobile loans, home equity lines-of-credit, and residential mortgages (*see Consumer Credit discussion*).

Automobile – Automobile loans are comprised primarily of loans made through automotive dealerships and include exposure in selected states outside of our primary banking markets. The exposure outside of our core footprint states represents 21% of the total exposure, with no individual state representing more than 5%. Applications are underwritten using an automated underwriting system that applies consistent policies and processes across the portfolio.

Home equity – Home equity lending includes both home equity loans and lines-of-credit. This type of lending, which is secured by a first-lien or junior-lien on the borrower's residence, allows customers to borrow against the equity in their home or refinance existing mortgage debt. Products include closed-end loans which are generally fixed-rate with principal and interest payments, and variable-rate, interest-only lines-of-credit which do not require payment of principal during the 10-year revolving period. The home equity line of credit converts to a 20-year amortizing structure at the end of the revolving period. Applications are underwritten centrally in conjunction with an automated underwriting system. The home equity underwriting criteria is based on minimum credit scores, debt-to-income ratios, and LTV ratios, with current collateral valuations. The underwriting for the floating rate lines of credit also incorporates a stress analysis for a rising interest rate.

Residential mortgage – Residential mortgage loans represent loans to consumers for the purchase or refinance of a residence. These loans are generally financed over a 15-year to 30-year term, and in most cases, are extended to borrowers to finance their primary residence. Applications are underwritten centrally using consistent credit policies and processes. All residential mortgage loan decisions utilize a full appraisal for collateral valuation. Huntington has not originated or acquired residential mortgages that allow negative amortization or allow the borrower multiple payment options.

RV and marine finance – RV and marine finance loans are loans provided to consumers for the purpose of financing recreational vehicles and boats. Loans are originated on an indirect basis through a series of dealerships across 34 states. The loans are underwritten centrally using an application and decisioning system similar to automobile loans. The current portfolio includes 35% of the balances within our core footprint states.

Other consumer – Other consumer loans primarily consists of consumer loans not secured by real estate, including credit cards, personal unsecured loans, and overdraft balances. We originate these products within our established set of credit policies and guidelines.

The table below provides the composition of our total loan and lease portfolio:

Table 8 - Loan and Lease Portfolio Composition

<u>(dollar amounts in millions)</u>	At December 31,

Our loan portfolio is composed of a managed mix of consumer and commercial credits. At the corporate level, we manage the overall credit exposure and portfolio composition via a credit concentration policy. The policy designates specific loan types, collateral types, and loan structures to be formally tracked and assigned maximum exposure limits as a percentage of capital. C&I lending by NAICS categories, specific limits for CRE project types, loans secured by residential real estate, shared national credit exposure, and designated high risk loan definitions represent examples of specifically tracked components of our concentration management process. There are no identified concentrations that exceed the assigned exposure limit. Our concentration management policy is approved by the ROC of the Board and is one of the strategies used to ensure a high quality, well diversified portfolio that is consistent with our overall objective of maintaining an aggregate moderate-to-low risk profile. Changes to existing concentration limits require the approval of the ROC prior to implementation, incorporating specific information relating to the potential impact on the overall portfolio composition and performance metrics.

Table of Contents

The table below provides our total loan and lease portfolio segregated by industry type. The changes in the industry composition from December 31, 2017 are consistent with the portfolio growth metrics.

Table 9 - Loan and Lease Portfolio by Industry Type

<i>(dollar amounts in millions)</i>	December 31, 2018		December 31, 2017

Total loans and leases	\$ 74,900	100%	\$ 70,117	100%

(1) Amounts include \$3.6 billion and \$3.2 billion of auto dealer services loans at December 31, 2018 and December 31, 2017, respectively.

Commercial Credit

The primary factors considered in commercial credit approvals are the financial strength of the borrower, assessment of the borrower's management capabilities, cash flows from operations, industry sector trends, type and sufficiency of collateral, type of exposure, transaction structure, and the general economic outlook. While these are the primary factors considered, there are a number of other factors that may be considered in the decision process. We utilize centralized review and loan approval committees, led by our credit officers. The risk rating (*see next paragraph*), size, and complexity of the credit determines the threshold for approval. For loans not requiring loan committee approval, with the exception of small business loans, credit officers who understand each local region and are experienced in the industries and loan structures of the requested credit exposure are involved in all loan decisions and have the primary credit authority. For small business loans, we utilize a centralized loan approval process for standard products and structures. In this centralized decision environment, certain individuals who understand each local region may make credit-extension decisions to preserve our commitment to the communities in which we operate. In addition to disciplined and consistent judgmental factors, a sophisticated credit scoring process is used as a primary evaluation tool in the determination of approving a loan within the centralized loan approval process.

In commercial lending, on-going credit management is dependent on the type and nature of the loan. We monitor all significant exposures on an on-going basis. All commercial credit extensions are assigned internal risk ratings reflecting the borrower's PD and LGD. This two-dimensional rating methodology provides granularity in the portfolio management process. The PD is rated and applied at the borrower level. The LGD is rated and applied based on the specific type of credit extension and the quality and lien

Table of Contents

position associated with the underlying collateral. The internal risk ratings are assessed at origination and updated at each periodic monitoring event. There is also extensive macro portfolio management analysis on an on-going basis. We continually review and adjust our risk-rating criteria based on actual experience, which provides us with the current risk level in the portfolio and is the basis for determining an appropriate allowance for credit losses (ACL) amount for the commercial portfolio. A centralized portfolio management team monitors and reports on the performance of the entire commercial portfolio, including small business loans, to provide consistent oversight.

In addition to the initial credit analysis conducted during the approval process, our Credit Review group performs testing to provide an independent review and assessment of the quality and risk of new loan originations. This group is part of our Risk Management area and conducts portfolio reviews on a risk-based cycle to evaluate individual loans, validate risk ratings, and test the consistency of credit processes.

Our standardized loan grading system considers many components that directly correlate to loan quality and likelihood of repayment, one of which is guarantor support. On an annual basis, or more frequently if warranted, we consider, among other things, the guarantor's reputation and creditworthiness, along with various key financial metrics such as liquidity and net worth, assuming such information is available. Our assessment of the guarantor's credit strength, or lack thereof, is reflected in our risk ratings for such loans, which is directly tied to, and an integral component of, our ACL methodology. When a loan goes to impaired status, viable guarantor support is considered in the determination of a credit loss.

If our assessment of the guarantor's credit strength yields an inherent capacity to perform, we will seek repayment from the guarantor as part of the collection process and have done so successfully.

Substantially all loans categorized as Classified (*see Note 3 of Notes to Consolidated Financial Statements*) are managed by SAD. SAD is a specialized group of credit professionals that handle the day-to-day management of workouts, commercial recoveries, and problem loan sales. Its responsibilities include developing and implementing action plans, assessing risk ratings, and determining the appropriateness of the allowance, the accrual status, and the ultimate collectability of the Classified loan portfolio.

C&I PORTFOLIO

We manage the risks inherent in the C&I portfolio through origination policies, a defined loan concentration policy with established limits, on-going loan-level and portfolio-level reviews, recourse requirements, and continuous portfolio risk management activities. Our origination policies for the C&I portfolio include loan product-type specific policies such as LTV and debt service coverage ratios, as applicable.

The C&I portfolio continues to have solid origination activity while we maintain a focus on high quality originations. Problem loans have trended downward over the last several years, reflecting a combination of proactive risk identification and effective workout strategies implemented by the SAD. We continue to maintain a proactive approach to identifying borrowers that may be facing financial difficulty in order to maximize the potential solutions. Subsequent to the origination of the loan, the Credit Review group provides an independent review and assessment of the quality of the underwriting and risk of new loan originations.

CRE PORTFOLIO

We manage the risks inherent in this portfolio specific to CRE lending, focusing on the quality of the developer and the specifics associated with each project. Generally, we: (1) limit our loans to 80% of the appraised value of the commercial real estate at origination, (2) require net operating cash flows to be 125% of required interest and principal payments, and (3) if the commercial real estate is non-owner occupied, require that at least 50% of the space of the project be pre-leased. We actively monitor both geographic and project-type concentrations and performance metrics of all CRE loan types, with a focus on loans identified as higher risk based on the risk rating methodology. Both macro-level and loan-level stress-test scenarios based on existing and forecast market conditions are part of the on-going portfolio management process for the CRE portfolio.

Dedicated real estate professionals originate and manage the portfolio. The portfolio is diversified by project type and loan size, and this diversification represents a significant portion of the credit risk management strategies employed for this portfolio. Subsequent to the origination of the loan, the Credit Review group provides an independent review and assessment of the quality of the underwriting and risk of new loan originations.

Appraisal values are obtained in conjunction with all originations and renewals, and on an as-needed basis, in compliance with regulatory requirements and to ensure appropriate decisions regarding the on-going management of the portfolio reflect the changing market conditions. Appraisals are obtained from approved vendors and are reviewed by an internal appraisal review group comprised of certified appraisers to ensure the quality of the valuation used in the underwriting process. We continue to perform on-going portfolio level reviews within the CRE portfolio. These reviews generate action plans based on occupancy levels or sales volume associated with the projects being reviewed. This highly individualized process requires working closely with all of our borrowers, as well as an in-depth knowledge of CRE project lending and the market environment.

Table of Contents

Consumer Credit

Consumer credit approvals are based on, among other factors, the financial strength and payment history of the borrower, type of exposure, and transaction structure. Consumer credit decisions are generally made in a centralized environment utilizing decision models. Importantly, certain individuals who understand each local region have the authority to make credit extension decisions to preserve our focus on the local communities in which we operate. Each credit extension is assigned a specific PD and LGD. The PD is generally based on the borrower's most recent credit bureau score (FICO), which we update quarterly, providing an ongoing view of the borrower's PD. The LGD is related to the type of collateral associated with the credit extension, which typically does not change over the course of the loan term. This allows Huntington to maintain a current view of the customer for credit risk management and ACL purposes.

In consumer lending, credit risk is managed from a segment (i.e., loan type, collateral position, geography, etc.) and vintage performance analysis. All portfolio segments are continuously monitored for changes in delinquency trends and other asset quality indicators. We make extensive use of portfolio assessment models to continuously monitor the quality of the portfolio, which may result in changes to future origination strategies. The ongoing analysis and review process results in a determination of an appropriate ACL amount for our consumer loan portfolio. The independent risk management group has a consumer process review component to ensure the effectiveness and efficiency of the consumer credit processes.

Collection actions by our customer assistance team are initiated as needed through a centrally managed collection and recovery function. We employ a series of collection methodologies designed to maintain a high level of effectiveness, while maximizing efficiency. In addition to the consumer loan portfolio, the customer assistance team is responsible for collection activity on all sold and securitized consumer loans and leases. Collection practices include a single contact point for the majority of the residential real estate secured portfolios.

AUTOMOBILE PORTFOLIO

Our strategy in the automobile portfolio continues to focus on high quality borrowers as measured by both FICO and internal custom scores, combined with appropriate LTVs, terms, and profitability. Our strategy and operational capabilities allow us to appropriately manage the origination quality across the entire portfolio, including our newer markets. Although increased origination volume and entering new markets can be associated with increased risk levels, we believe our disciplined strategy and operational processes significantly mitigate these risks.

We have continued to consistently execute our value proposition and take advantage of available market opportunities. Importantly, we have maintained our high credit quality standards while expanding the portfolio.

RESIDENTIAL REAL ESTATE SECURED PORTFOLIOS

The properties securing our residential mortgage and home equity portfolios are primarily located within our geographic footprint. Huntington continues to support our local markets with consistent underwriting across all residential secured products. The residential-secured portfolio originations continue to be of high quality, with the majority of the negative credit impact coming from loans originated prior to the financial crisis. Our portfolio management strategies associated with our Home Savers group allow us to focus on effectively helping our customers with appropriate solutions for their specific circumstances.

Huntington underwrites all residential mortgage applications centrally, with a focus on higher quality borrowers. We do not originate residential mortgages that allow negative amortization or allow the borrower multiple payment options. Residential mortgages are originated based on a completed full appraisal during the credit underwriting process. We update values in compliance with applicable regulations to facilitate our portfolio management, as well as our workout and loss mitigation functions.

We are subject to repurchase risk associated with residential mortgage loans sold in the secondary market. An appropriate level of reserve for representations and warranties related to residential mortgage loans sold has been established to address this repurchase risk inherent in the portfolio.

RV AND MARINE FINANCE PORTFOLIO

Our strategy in the RV and Marine portfolio focuses on high quality borrowers, combined with appropriate LTVs, terms, and profitability. Although entering new markets can be associated with increased risk levels, we believe our disciplined strategy and operational processes significantly mitigate these risks.

Credit Quality

(This section should be read in conjunction with Note 3 of the Notes to Consolidated Financial Statements)

We believe the most meaningful way to assess overall credit quality performance is through an analysis of specific performance ratios. This approach forms the basis of the discussion in the sections immediately following: NPAs, NALs, TDRs, ACL, and NCOs. In addition, we utilize delinquency rates, risk distribution and migration patterns, product segmentation, and origination trends in the analysis of our credit quality performance.

Credit quality performance in 2018 reflected continued overall positive results with low net charge-offs. Total NCOs were \$145 million or 0.20% of average total loans and leases, a decrease from \$159 million or 0.23% in the prior year. There was a 1% decline in NPAs from the prior year. The ALLL to total loans and leases ratio increased by 4 basis points to 1.03%.

NPAs and NALs

NPAs consist of (1) NALs, which represent loans and leases no longer accruing interest, (2) OREO properties, and (3) other NPAs. Any loan in our portfolio may be placed on nonaccrual status prior to the policies described below when collection of principal or interest is in doubt. Also, when a borrower with discharged non-reaffirmed debt in a Chapter 7 bankruptcy is identified and the loan is determined to be collateral dependent, the loan is placed on nonaccrual status.

Commercial loans are placed on nonaccrual status at 90-days past due, or earlier if repayment of principal and interest is in doubt. Of the \$203 million of commercial related NALs at December 31, 2018, \$139 million, or 68%, represented loans that were less than 30-days past due, demonstrating our continued commitment to proactive credit risk management. With the exception of residential mortgage loans guaranteed by government organizations which continue to accrue interest, first lien loans secured by residential mortgage collateral are placed on nonaccrual status at 150-days past due. Junior-lien home equity loans are placed on nonaccrual status at the earlier of 120-days past due or when the related first-lien loan has been identified as nonaccrual. Automobile, RV and marine finance and other consumer loans are generally fully charged-off at 120-days past due.

When loans are placed on nonaccrual, accrued interest income is reversed with current year accruals charged to interest income and prior year amounts generally charged-off as a credit loss. When, in our judgment, the borrower's ability to make required interest and principal payments has resumed and collectability is no longer in doubt, the loan or lease could be returned to accrual status.

The following table reflects period-end NALs and NPAs detail for each of the last five years:

Table 10 - Nonaccrual Loans and Leases and Nonperforming Assets

(dollar amounts in millions)	December 31,				
	2018	2017	2016	2015	2014
Nonaccrual loans and leases (NALs):					
Commercial and industrial	\$ 188	\$ 161	\$ 234	\$ 175	\$ 72
Commercial real estate	15	29	20	29	48
Automobile	5	6	6	7	5
Home equity	62	68	72	66	79
Residential mortgage	69	84	91	95	96
RV and marine finance	1	1	—	—	—
Other consumer	—	—	—	—	—
Total nonaccrual loans and leases	340	349	423	372	300
Other real estate, net:					
Residential	19	24	31	24	29
Commercial	4	9	20	3	6
Total other real estate, net	23	33	51	27	35
Other NPAs (1)	24	7	7	—	3
Total nonperforming assets	\$ 387	\$ 389	\$ 481	\$ 399	\$ 338
Nonaccrual loans and leases as a % of total loans and leases	0.45%	0.50%	0.63%	0.74%	0.63%
NPA ratio (2)	0.52	0.55	0.72	0.79	0.71

(1) Other nonperforming assets at December 31, 2018 includes certain nonaccrual loans held-for-sale. Amounts prior to December 31, 2018 includes certain impaired investment securities.

(2) Nonperforming assets divided by the sum of loans and leases, other real estate owned, and other NPAs.

2018 versus 2017

Total NPAs decreased by \$2 million, or 1%, compared with December 31, 2017. A \$14 million, or 48%, decline in CRE and a \$15 million, or 18%, decline in residential mortgage portfolios, were largely offset by a \$27 million, or 17%, increase in the C&I portfolio. The C&I increase was centered in a small number of credits from diverse industries.

The following table reflects period-end accruing loans and leases 90 days or more past due for each of the last five years:

Table 11 - Accruing Past Due Loans and Leases

<i>(dollar amounts in millions)</i>	December 31,				
	2018	2017	2016	2015	2014

Including loans guaranteed by the U.S. Government, as a percent of total loans and leases	0.23	0.16	0.19	0.21	0.27

(1) Amounts include Huntington Technology Finance administrative lease delinquencies and accruing purchase impaired loans related to acquisitions.

TDR Loans

TDRs are modified loans where a concession was provided to a borrower experiencing financial difficulties. TDRs can be classified as either accruing or nonaccruing loans. Nonaccruing TDRs are included in NALs whereas accruing TDRs are excluded from NALs, as it is probable that all contractual principal and interest due under the restructured terms will be collected. TDRs primarily reflect our loss mitigation efforts to proactively work with borrowers in financial difficulty or to comply with regulations regarding the treatment of certain bankruptcy filing and discharge situations. Over the past five years, the accruing component of the total TDR balance has been consistently over 80%, indicating there is no identified credit loss and the borrowers continue to make their monthly payments. As of December 31, 2018, over 79% of the \$470 million of accruing TDRs secured by residential real estate (Residential mortgage and Home equity in Table 12) are current on their required payments, with over 63% of the accruing pool having had no delinquency in the past 12 months. There is limited migration from the accruing to non-accruing components, and virtually all of the charge-offs within this group of loans come from the non-accruing TDR balances.

Table of Contents

The table below presents our accruing and nonaccruing TDRs at period-end for each of the past five years:

Table 12 - Accruing and Nonaccruing Troubled Debt Restructured Loans

(dollar amounts in millions)

	December 31,				
	2018	2017	2016	2015	2014

Commercial and industrial	\$ 269	\$ 300	\$ 210	\$ 236	\$ 117
Commercial real estate	54	78	77	115	177
Automobile	35	30	26	25	26
Home equity	252	265	270	199	252
Residential mortgage	218	224	243	265	265
RV and marine finance	2	1	—	—	—
Other consumer	9	8	4	4	4
Total TDRs—accruing	839	906	830	844	841
TDRs—nonaccruing:					
Commercial and industrial	97	82	107	57	21
Commercial real estate	6	15	5	17	25
Automobile	3	4	5	6	5
Home equity	28	28	28	21	27
Residential mortgage	44	55	59	72	69
RV and marine finance	—	—	—	—	—
Other consumer	—	—	—	—	—
Total TDRs—nonaccruing	178	184	204	173	147
Total TDRs	\$ 1,017	\$ 1,090	\$ 1,034	\$ 1,017	\$ 988

Our strategy is to structure TDRs in a manner that avoids new concessions subsequent to the initial TDR terms. However, there are times when subsequent modifications are required, such as when a loan matures. Often loans are performing in accordance with the TDR terms, and a new note is originated with similar modified terms. These loans are subjected to the normal underwriting standards and processes for similar credit extensions, both new and existing. If the loan is not performing in accordance with the existing TDR terms, typically an individualized approach to repayment is established. In accordance with GAAP, the refinanced note is evaluated to determine if it is considered a new loan or a continuation of the prior loan. A new loan is considered for the removal of the TDR designation. A continuation of the prior note requires the continuation of the TDR designation.

The types of concessions granted include interest rate reductions, amortization or maturity date changes beyond what the collateral supports, and principal forgiveness based on the borrower's specific needs at a point in time. Our policy does not limit the number of times a loan may be modified. A loan may be modified multiple times if it is considered to be in the best interest of both the borrower and us.

Commercial loans are not automatically considered to be accruing TDRs upon the granting of a concession. If the loan is in accruing status and no loss is expected based on the modified terms, the modified TDR remains in accruing status. For loans that are on nonaccrual status before the modification, reasonable assurance of repayment under modified terms and demonstrated repayment performance for a minimum of six months is needed to return to accruing status. This six-month period could extend before or after the restructure date.

Any granted change in terms or conditions that are not readily available in the market for that borrower, requires the designation as a TDR. There are no provisions for the removal of the TDR designation based on payment activity for consumer loans. A loan may be returned to accrual status when all contractually due interest and principal has been paid and the borrower demonstrates the financial capacity to continue to pay as agreed, with the risk of loss diminished.

ACL

Our total credit reserve is comprised of two different components, both of which in our judgment are appropriate to absorb credit losses inherent in our loan and lease portfolio: the ALLL and the AULC. Combined, these reserves comprise the total ACL. Our ACL methodology committee is responsible for developing the methodology, assumptions and estimates used in the calculation, as well as determining the appropriateness of the ACL. The ALLL represents the estimate of incurred losses in the loan portfolio at the reported date. Additions to the ALLL result from recording provision expense for loan losses or increased risk levels resulting from loan risk-rating downgrades or qualitative adjustments, while reductions reflect charge-offs (net of recoveries), decreased risk levels resulting from loan risk-rating upgrades, or the sale of loans. The AULC is determined by applying the same quantitative reserve determination process to the unfunded portion of the loan exposures adjusted by an applicable funding expectation (See Note 1 of the Notes to Consolidated Financial Statements)

Table of Contents

Our ACL evaluation process includes the on-going assessment of credit quality metrics, and a comparison of certain ACL benchmarks to current performance. While the total ACL balance increased year over year, all of the relevant benchmarks remain strong.

The following table reflects activity in the ALLL and AULC for each of the last five years:

NPA's			200			178			133			150			179

(1) Percentages represent the percentage of each loan and lease category to total loans and leases.

2018 versus 2017

At December 31, 2018, the ALLL was \$772 million or 1.03% of total loans and leases, compared to \$691 million or 0.99% at December 31, 2017. The \$81 million, or 12%, increase in the ALLL primarily relates to increased reserve levels associated with portfolio loan growth across the portfolio. We believe the ratio is appropriate given the overall moderate-to-low risk profile of our loan portfolio and its coverage levels reflect the quality of our portfolio and the current operating environment. We continue to focus on early identification of loans with changes in credit metrics and have proactive action plans for these loans.

NCOs

A loan in any portfolio may be charged-off prior to the policies described below if a loss confirming event has occurred. Loss confirming events include, but are not limited to, bankruptcy (unsecured), continued delinquency, foreclosure, or receipt of an asset valuation indicating a collateral deficiency where that asset is the sole source of repayment. Additionally, discharged, collateral dependent non-reaffirmed debt in Chapter 7 bankruptcy filings will result in a charge-off to estimated collateral value, less anticipated selling costs at the time of discharge.

Commercial loans are either charged-off or written down to net realizable value by 90-days past due with the exception of administrative small ticket lease delinquencies. Automobile loans, RV and marine finance, and other consumer loans are generally fully charged-off at 120-days past due. First-lien and junior-lien home equity loans are charged-off to the estimated fair value of the collateral, less anticipated selling costs, at 150-days past due and 120-days past due, respectively. Residential mortgages are charged-off to the estimated fair value of the collateral, less anticipated selling costs, at 150-days past due. The remaining balance is in delinquent status until a modification can be completed, or the loan goes through the foreclosure process.

Table of Contents

The following table reflects NCO detail for each of the last five years:

Table 15 - Net Loan and Lease Charge-offs

(dollar amounts in millions)

In assessing NCO trends, it is helpful to understand the process of how commercial loans are treated as they deteriorate over time. The ALLL is established consistent with the level of risk associated with the commercial portfolio's original underwriting. As a part of our normal portfolio management process for commercial loans, loans within the portfolio are periodically reviewed and the ALLL is increased or decreased based on the updated risk ratings. For TDRs and individually assessed impaired loans, a specific reserve is established based on the discounted projected cash flows or collateral value of the specific loan. Charge-offs, if necessary, are generally recognized in a period after the specific ALLL is established. Consumer loans are treated in much the same manner as commercial loans, with increasing reserve factors applied based on the risk characteristics of the loan, although specific reserves are not identified for consumer loans, except for TDRs. In summary, if loan quality deteriorates, the typical credit sequence would be periods of reserve building, followed by periods of higher NCOs as the previously established ALLL is utilized. Additionally, an increase in the ALLL either precedes or is in conjunction with increases in NALs. When a loan is classified as NAL, it is evaluated for specific ALLL or charge-off. As a result, an increase in NALs does not necessarily result in an increase in the ALLL or an expectation of higher future NCOs.

2018 versus 2017

NCOs decreased \$14 million, or 9%, in 2018. Given the low level of commercial NCOs, we expect some continued volatility on a period-to-period comparison basis.

Market Risk

Market risk refers to potential losses arising from changes in interest rates, foreign exchange rates, equity prices and commodity prices, including the correlation among these factors and their volatility. When the value of an instrument is tied to such external factors, the holder faces market risk. We are primarily exposed to interest rate risk as a result of offering a wide array of financial products to our customers and secondarily to price risk from trading securities, securities owned by our broker-dealer subsidiaries, foreign exchange positions, equity investments, and investments in securities backed by mortgage loans.

Interest Rate Risk

We actively manage interest rate risk, as changes in market interest rates may have a significant impact on reported earnings. Changes in market interest rates may result in changes in the fair market value of our financial instruments, cash flows, and net interest income. We seek to achieve consistent growth in net interest income and capital while managing volatility arising from shifts in market interest rates. The ALCO oversees market risk management, as well as the establishment of risk measures, limits, and policy guidelines for managing the amount of interest rate risk and its effect on net interest income and capital. According to these policies, responsibility for measuring and the management of interest rate risk resides in the treasury group.

Interest rate risk on our balance sheet consists of reprice, option, and basis risks. Reprice risk results from differences in the maturity, or repricing, of asset and liability portfolios. Option risk arises from embedded options present in the investment portfolio and in many financial instruments such as loan prepayment options, deposit early withdrawal options, and interest rate options. These options allow customers opportunities to benefit when market interest rates change, which typically results in higher costs or lower revenue for us. Basis risk refers to the potential for changes in the underlying relationship between market rates or indices, which subsequently result in a narrowing of profit spread on an earning asset or liability. Basis risk is also present in administered rate liabilities, such as interest-bearing checking accounts, savings accounts, and money market accounts where historical pricing relationships to market rates may change due to the level or directional change in market interest rates. The interest rate risk position is measured and monitored using risk management tools, including earnings simulation modeling and EVE sensitivity analysis, which capture both short-term and long-term interest rate risk exposures. Combining the results from these separate risk measurement processes allows a reasonably comprehensive view of our short-term and long-term interest rate risks.

Interest rate risk measurement is calculated and reported to the ALCO monthly and ROC at least quarterly. The reported information includes period-end results and identifies any policy limits exceeded, along with an assessment of the policy limit breach and the action plan and timeline for resolution, mitigation, or assumption of the risk.

We use two approaches to model interest rate risk: Net interest income at risk (NII at risk) and economic value of equity at risk modeling sensitivity analysis (EVE).

NII at risk uses net interest income simulation analysis which involves forecasting net interest earnings under a variety of scenarios including changes in the level of interest rates, the shape of the yield curve, and spreads between market interest rates. The sensitivity of net interest income to changes in interest rates is measured using numerous interest rate scenarios including shocks, gradual ramps, curve flattening, curve steepening as well as forecasts of likely interest rates scenarios. Modeling the sensitivity of net interest earnings to changes in market interest rates is highly dependent on numerous assumptions incorporated into the modeling process. To the extent that actual performance is different than what was assumed, actual net interest earnings sensitivity may be different than projected. The assumptions used in the models are our best estimates based on studies conducted by the treasury group. The treasury group uses a data warehouse to study interest rate risk at a transactional level and uses various ad-hoc reports to continuously refine assumptions. Assumptions and methodologies regarding administered rate liabilities (e.g., savings accounts, money market accounts and interest-bearing checking accounts), balance trends, and repricing relationships reflect our best estimate of expected behavior and these assumptions are reviewed regularly.

We also have longer-term interest rate risk exposure, which may not be appropriately measured by earnings sensitivity analysis. The ALCO uses EVE to study the impact of long-term cash flows on earnings and on capital. EVE involves discounting present values of all cash flows of on and off-balance sheet items under different interest rate scenarios. The discounted present value of all cash flows represents our EVE. The analysis requires modifying the expected cash flows in each interest rate scenario, which will impact the discounted present value. The amount of base-case measurement and its sensitivity to shifts in the yield curve allow us to measure longer-term repricing and option risk in the balance sheet.

Table 16 - Net Interest Income at Risk

Basis point change scenario	Net Interest Income at Risk (%)		
	-100	+100	+200
Board policy limits	-4.0%	-2.0%	-4.0%
December 31, 2018	-2.9%	2.7%	5.8%
December 31, 2017	-2.6%	2.5%	4.8%

The NII at Risk results included in the table above reflect the analysis used monthly by management. It models gradual -100, +100 and +200 basis point parallel shifts in market interest rates, implied by the forward yield curve over the next twelve months. The

Table of Contents

down 100 basis point scenario, included in Table 16, was added as rates have risen sufficiently, such that yields will not reach zero percent, producing meaningful interest rate risk metrics. This replaces the down 25 basis point scenario reported in prior years.

Our NII at Risk is within our Board of Directors' policy limits for the -100, +100 and +200 basis point scenarios. The NII at Risk shows that our balance sheet is asset sensitive at both December 31, 2018 and December 31, 2017.

As of December 31, 2018, we had \$4.9 billion of notional value in receive-fixed fair value swaps, which we use for asset and liability management purposes.

Table 17 - Economic Value of Equity at Risk

Basis point change scenario	Economic Value of Equity at Risk (%)		
	-100	+100	+200
Board policy limits	-6.0%	-6.0%	-12.0%
December 31, 2018	-5.8%	2.3%	3.1%
December 31, 2017	-5.4%	1.9%	1.9%

The EVE results included in the table above reflect the analysis used monthly by management. It models immediate -100, +100 and +200 basis point parallel shifts in market interest rates. The down 100 basis point scenario, included in Table 17, was added as rates have risen sufficiently, such that yields will not reach zero percent, producing meaningful interest rate risk metrics. This replaces the down 25 basis point scenario reported in prior years.

We are within our Board of Directors' policy limits for the -100, +100 and +200 basis point scenarios. The EVE depicts a moderate asset sensitive balance sheet profile.

MSRs

(This section should be read in conjunction with Note 5 of Notes to the Consolidated Financial Statements.)

At December 31, 2018, we had a total of \$221 million of capitalized MSRs representing the right to service \$21 billion in mortgage loans. Of this \$221 million, \$211 million was recorded using the amortization method and \$10 million was recorded using the fair value method.

MSR fair values are sensitive to movements in interest rates as expected future net servicing income depends on the projected outstanding principal balances of the underlying loans, which can be reduced by prepayments. Prepayments usually increase when mortgage interest rates decline and decrease when mortgage interest rates rise. MSRs recorded using the amortization method generally relate to loans originated with historically low interest rates, which may result in a lower probability of prepayments or impairment. We also employ hedging strategies to reduce the risk of MSR fair value changes or impairment. However, volatile changes in interest rates can diminish the effectiveness of these economic hedges. We report changes in the MSR value net of hedge-related trading activity in the mortgage banking income category of noninterest income. Decreases in fair value of the MSR, below amortized costs, would be recognized as a decrease in mortgage banking income. Any increase in the fair value, to the extent of prior impairment, would be recognized as an increase in mortgage banking income.

MSR assets are included in servicing rights and other intangible assets in the Consolidated Financial Statements.

Price Risk

Price risk represents the risk of loss arising from adverse movements in the prices of financial instruments that are carried at fair value and are subject to fair value accounting. We have price risk from trading securities, securities owned by our broker-dealer subsidiaries, foreign exchange positions and equity investments. We have established loss limits on the trading portfolio, on the amount of foreign exchange exposure that can be maintained, and on the amount of marketable equity securities that can be held.

Liquidity Risk

Liquidity risk is the possibility of us being unable to meet current and future financial obligations in a timely manner. Liquidity is managed to ensure stable, reliable, and cost-effective sources of funds to satisfy demand for credit, deposit withdrawals and investment opportunities. We consider core earnings, strong capital ratios, and credit quality essential for maintaining high credit ratings, which allows us cost-effective access to market-based liquidity. We rely on a large, stable core deposit base and a diversified base of wholesale funding sources to manage liquidity risk. The ALCO is appointed by the ROC to oversee liquidity risk management and the establishment of liquidity risk policies and limits. The treasury department is responsible for identifying, measuring, and monitoring our liquidity profile. The position is evaluated daily, weekly, and monthly by analyzing the composition of all funding sources, reviewing projected liquidity commitments by future months, and identifying sources and uses of funds. The overall management of our liquidity position is also integrated into retail and commercial pricing policies to ensure a stable core deposit base. Liquidity risk is reviewed and managed continuously for the Bank and the parent company, as well as its subsidiaries. In addition, liquidity working groups meet regularly to identify and monitor liquidity positions, provide policy guidance, review funding strategies, and oversee the adherence to, and maintenance of, the contingency funding plans.

Table of Contents

Our primary source of liquidity is our core deposit base. Core deposits comprised approximately 96% of total deposits at December 31, 2018. We also have available unused wholesale sources of liquidity, including advances from the FHLB of Cincinnati, issuance through dealers in the capital markets, and access to certificates of deposit issued through brokers. Liquidity is further provided by unencumbered, or unpledged, investment securities that totaled \$17.5 billion as of December 31, 2018. The treasury department also prepares a contingency funding plan that details the potential erosion of funds in the event of a systemic financial market crisis or institutional-specific stress scenario. An example of an institution specific event would be a downgrade in our public credit rating by a rating agency due to factors such as deterioration in asset quality, a large charge to earnings, a decline in profitability or other financial measures, or a significant merger or acquisition. Examples of systemic events unrelated to us that could have an effect on our access to liquidity would be terrorism or war, natural disasters, political events, or the default or bankruptcy of a major corporation, mutual fund or hedge fund. Similarly, market speculation or rumors about us, or the banking industry in general, may adversely affect the cost and availability of normal funding sources. The liquidity contingency plan therefore outlines the process for addressing a liquidity crisis. The plan provides for an evaluation of funding sources under various market conditions. It also assigns specific roles and responsibilities and communication protocols for effectively managing liquidity through a problem period.

Investment securities portfolio

(This section should be read in conjunction with Note 4 of the Notes to Consolidated Financial Statements.)

Our investment securities portfolio is evaluated under established asset/liability management objectives. Changing market conditions could affect the profitability of the portfolio, as well as the level of interest rate risk exposure.

The composition and maturity of the portfolio is presented on the following two tables:

Table 18 - Investment Securities and Other Securities Portfolio Summary

Bank Liquidity and Sources of Funding

Our primary sources of funding for the Bank are retail and commercial core deposits. At December 31, 2018, these core deposits funded 74% of total assets (108% of total loans). Other sources of liquidity include non-core deposits, FHLB advances, wholesale debt instruments, and securitizations. Demand deposit overdrafts have been reclassified as loan balances and were \$23 million and \$22 million at December 31, 2018 and December 31, 2017, respectively.

The following tables reflect contractual maturities of other domestic time deposits of \$250,000 or more and brokered deposits and negotiable CDs, as well as, other domestic time deposits of \$100,000 or more and brokered deposits and negotiable CDs at December 31, 2018.

Table 20 - Maturity Schedule of time deposits, brokered deposits, and negotiable CDs

<i>(dollar amounts in millions)</i>	At December 31, 2018				
	3 Months or Less	3 Months to 6 Months	6 Months to 12 Months	12 Months or More	Total
Other domestic time deposits of \$250,000 or more and brokered deposits and negotiable CDs	\$ 3,633	\$ 130	\$ 90	\$ —	\$ 3,853
Other domestic time deposits of \$100,000 or more and brokered deposits and negotiable CDs	\$ 3,819	\$ 221	\$ 1,193	\$ 619	\$ 5,852

Table of Contents

The following table reflects deposit composition detail for each of the last three years:

Table 21 - Deposit Composition

<u>(dollar amounts in millions)</u>	At December 31,					
	2018 (1)		2017		2016	
By Type:						
Demand deposits—noninterest-bearing	\$ 21,783	26%	\$ 21,546	28%	\$ 22,836	30%
Demand deposits—interest-bearing	20,042	24	18,001	23	15,676	21
Money market deposits	22,721	27	20,690	27	18,407	24
Savings and other domestic deposits	10,451	12	11,270	15	11,975	16
Core certificates of deposit	5,924	7	1,934	3	2,535	3
Total core deposits:	80,921	96	73,441	96	71,429	94
Other domestic deposits of \$250,000 or more	337	—	239	—	395	1
Brokered deposits and negotiable CDs	3,516	4	3,361	4	3,784	5
Total deposits	\$ 84,774	100%	\$ 77,041	100%	\$ 75,608	100%
Total core deposits:						
Commercial	\$ 37,268	46%	\$ 34,273	47%	\$ 31,887	45%
Consumer	43,653	54	39,168	53	39,542	55
Total core deposits	\$ 80,921	100%	\$ 73,441	100%	\$ 71,429	100%

(1) December 31, 2018 includes \$210 million of noninterest-bearing and \$662 million of interest bearing deposits classified as held-for-sale.

The Bank maintains borrowing capacity at the FHLB and the Federal Reserve Bank Discount Window. The Bank does not consider borrowing capacity from the Federal Reserve Bank Discount Window as a primary source of liquidity. Total loans pledged to the Federal Reserve Discount Window and the FHLB are \$46.5 billion and \$31.7 billion at December 31, 2018 and December 31, 2017, respectively.

To the extent we are unable to obtain sufficient liquidity through core deposits, we may meet our liquidity needs through sources of wholesale funding, asset securitization or sale. Sources of wholesale funding include other domestic deposits of \$250,000 or more, brokered deposits and negotiable CDs, short-term borrowings, and long-term debt. At December 31, 2018, total wholesale funding was \$14.5 billion, a decrease from \$17.9 billion at December 31, 2017. The decrease from prior year-end primarily relates to a decrease in short-term borrowings.

Liquidity Coverage Ratio

At December 31, 2018, we believe the Bank had sufficient liquidity to be in compliance with the LCR requirements and to meet its cash flow obligations for the foreseeable future.

Table 22 - Maturity Schedule of Commercial Loans

<u>(dollar amounts in millions)</u>	At December 31, 2018				
	One Year or Less	One to Five Years	After Five Years	Total	Percent of total
Commercial and industrial	\$ 9,425	\$ 17,554	\$ 3,626	\$ 30,605	82%

Variable-interest rates	\$ 8,994	\$ 18,080	\$ 3,066	\$ 30,140	80%
Fixed-interest rates	1,937	3,568	1,802	7,307	20
Total	\$ 10,931	\$ 21,648	\$ 4,868	\$ 37,447	100%
Percent of total	29%	58%	13%	100%	

At December 31, 2018, the carrying value of investment securities pledged to secure public and trust deposits, trading account liabilities, U.S. Treasury demand notes, and security repurchase agreements totaled \$4.5 billion. There were no securities of a single issuer, which are not governmental or government-sponsored, that exceeded 10% of shareholders' equity at December 31, 2018.

Table of Contents

Parent Company Liquidity

The parent company's funding requirements consist primarily of dividends to shareholders, debt service, income taxes, operating expenses, funding of nonbank subsidiaries, repurchases of our stock, and acquisitions. The parent company obtains funding to meet obligations from dividends and interest received from the Bank, interest and dividends received from direct subsidiaries, net taxes collected from subsidiaries included in the federal consolidated tax return, fees for services provided to subsidiaries, and the issuance of debt securities.

At December 31, 2018 and December 31, 2017, the parent company had \$2.4 billion and \$1.6 billion, respectively, in cash and cash equivalents.

On January 16, 2019, the Board of Directors declared a quarterly common stock cash dividend of \$0.14 per common share. The dividend is payable on April 1, 2019, to shareholders of record on March 18, 2019. Based on the current quarterly dividend of \$0.14 per common share, cash demands required for common stock dividends are estimated to be approximately \$147 million per quarter. On January 16, 2019, the Board of Directors declared a quarterly Series B, Series C, Series D, and Series E Preferred Stock dividend payable on April 15, 2019 to shareholders of record on April 1, 2019. Cash demands required for Series B Preferred Stock are expected to be less than \$1 million per quarter. Cash demands required for Series C, Series D and Series E are expected to be approximately \$2 million, \$9 million and \$7 million per quarter, respectively.

During 2018, the Bank paid preferred dividends of \$45 million and common stock dividends of \$1.7 billion to the holding company. To meet any additional liquidity needs, the parent company may issue debt or equity securities from time to time.

Off-Balance Sheet Arrangements

In the normal course of business, we enter into various off-balance sheet arrangements. These arrangements include commitments to extend credit, interest rate swaps, financial guarantees contained in standby letters-of-credit issued by the Bank, and commitments by the Bank to sell mortgage loans.

COMMITMENTS TO EXTEND CREDIT

Commitments to extend credit generally have fixed expiration dates, are variable-rate, and contain clauses that permit Huntington to terminate or otherwise renegotiate the contracts in the event of a significant deterioration in the customer's credit quality. These arrangements normally require the payment of a fee by the customer, the pricing of which is based on prevailing market conditions, credit quality, probability of funding, and other relevant factors. Since many of these commitments are expected to expire without being drawn upon, the contract amounts are not necessarily indicative of future cash requirements. The interest rate risk arising from these financial instruments is insignificant as a result of their predominantly short-term, variable-rate nature. *See Note 20 for more information.*

INTEREST RATE SWAPS

Balance sheet hedging activity is arranged to receive hedge accounting treatment and is classified as either fair value or cash flow hedges. Fair value hedges are purchased to convert deposits and long-term debt from fixed-rate obligations to floating rate. Cash flow hedges are also used to convert floating rate loans made to customers into fixed rate loans. *See Note 18 for more information.*

STANDBY LETTERS-OF-CREDIT

Standby letters-of-credit are conditional commitments issued to guarantee the performance of a customer to a third-party. These guarantees are primarily issued to support public and private borrowing arrangements, including commercial paper, bond financing, and similar transactions. Most of these arrangements mature within two years and are expected to expire without being drawn upon. Standby letters-of-credit are included in the determination of the amount of risk-based capital that the parent company and the Bank are required to hold. Through our credit process, we monitor the credit risks of outstanding standby letters-of-credit. When it is probable that a standby letter-of-credit will be drawn and not repaid in full, a loss is recognized in the provision for credit losses. *See Note 20 for more information.*

COMMITMENTS TO SELL LOANS

Activity related to our mortgage origination activity supports the hedging of the mortgage pricing commitments to customers and the secondary sale to third parties. In addition, we have commitments to sell residential real estate loans. These contracts mature in less than one year. *See Note 20 for more information.*

Table of Contents

We believe that off-balance sheet arrangements are properly considered in our liquidity risk management process.

Table 23 - Contractual Obligations (1)

(All dollar amounts in millions)

	At December 31, 2018				
	Less than 1 Year	1 to 3 Years	3 to 5 Years	More than 5 Years	Total
Deposits without a stated maturity	\$ 73,993	\$ —	\$ —	\$ —	\$ 73,993
Certificates of deposit and other time deposits	3,524	4,249	2,887	121	10,781

Purchase commitments	92	79	21	15	207

(1) Amounts do not include associated interest payments

Operational Risk

Operational risk is the risk of loss due to human error; inadequate or failed internal systems and controls, including the use of financial or other quantitative methodologies that may not adequately predict future results; violations of, or noncompliance with, laws, rules, regulations, prescribed practices, or ethical standards; and external influences such as market conditions, fraudulent activities, disasters, and security risks. We continuously strive to strengthen our system of internal controls to ensure compliance with laws, rules, and regulations, and to improve the oversight of our operational risk. We actively monitor cyberattacks such as attempts related to online deception and loss of sensitive customer data. We evaluate internal systems, processes and controls to mitigate loss from cyber-attacks and, to date, have not experienced any material losses.

Our objective for managing cyber security risk is to avoid or minimize the impacts of external threat events or other efforts to penetrate our systems. We work to achieve this objective by hardening networks and systems against attack, and by diligently managing visibility and monitoring controls within our data and communications environment to recognize events and respond before the attacker has the opportunity to plan and execute on its own goals. To this end we employ a set of defense in-depth strategies, which include efforts to make us less attractive as a target and less vulnerable to threats, while investing in threat analytic capabilities for rapid detection and response. Potential concerns related to cyber security may be escalated to our board-level Technology Committee, as appropriate. As a complement to the overall cyber security risk management, we use a number of internal training methods, both formally through mandatory courses and informally through written communications and other updates. Internal policies and procedures have been implemented to encourage the reporting of potential phishing attacks or other security risks. We also use third-party services to test the effectiveness of our cyber security risk management framework, and any such third parties are required to comply with our policies regarding information security and confidentiality.

To mitigate operational risks, we have an Operational Risk Committee, a Legal, Regulatory, and Compliance Committee, and a Third Party Risk Management Committee. The responsibilities of these committees, among other duties, include establishing and maintaining management information systems to monitor material risks and to identify potential concerns, risks, or trends that may have a significant impact and ensuring that recommendations are developed to address the identified issues. In addition, we have a Model Risk Oversight Committee that is responsible for policies and procedures describing how model risk is evaluated and managed and the application of the governance process to implement these practices throughout the enterprise. These committees report any significant findings and recommendations to the Risk Management Committee. Potential concerns may be escalated to our ROC of the Board, as appropriate. Significant findings or issues are escalated by the Third Party Risk Management Committee to the Technology Committee of the Board, as appropriate.

The goal of this framework is to implement effective operational risk techniques and strategies; minimize operational, fraud, and legal losses; minimize the impact of inadequately designed models and enhance our overall performance.

Compliance Risk

Financial institutions are subject to many laws, rules, and regulations at both the federal and state levels. These broad-based laws, rules, and regulations include, but are not limited to, expectations relating to anti-money laundering, lending limits, client privacy, fair lending, prohibitions against unfair, deceptive or abusive acts or practices, protections for military members as they enter active duty, and community reinvestment. The volume and complexity of recent regulatory changes have increased our overall compliance risk. As such, we utilize various resources to help ensure expectations are met, including a team of compliance experts dedicated to ensuring our conformance with all applicable laws, rules, and regulations. Our colleagues receive training for several broad-based laws and regulations including, but not limited to, anti-money laundering and customer privacy. Additionally, colleagues engaged in lending activities receive training for laws and regulations related to flood disaster protection, equal credit opportunity, fair lending, and/or other courses related to the extension of credit. We set a high standard of expectation for adherence to compliance management and seek to continuously enhance our performance

Table of Contents

Capital

(This section should be read in conjunction with the Regulatory Matters section included in Part I, Item 1 and Note 21 of the Notes to Consolidated Financial Statements.)

Both regulatory capital and shareholders' equity are managed at the Bank and on a consolidated basis. We have an active program for managing capital and maintain a comprehensive process for assessing the Company's overall capital adequacy. We believe our current levels of both regulatory capital and shareholders' equity are adequate.

Regulatory Capital

We are subject to the Basel III capital requirements including the standardized approach for calculating risk-weighted assets in accordance with subpart D of the final capital rule. The following table presents risk-weighted assets and other financial data necessary to calculate certain financial ratios, including CET1, which we use to measure capital adequacy.

Table 24 - Capital Under Current Regulatory Standards (Basel III)

	At December 31,	
	2018	2017
<i>(dollar amounts in millions)</i>		
CET 1 risk-based capital ratio:		
Total shareholders' equity	\$ 11,102	\$ 10,814
Regulatory capital adjustments:		
Shareholders' preferred equity and related surplus	(1,207)	(1,076)
Accumulated other comprehensive loss (income) offset	609	528
Goodwill and other intangibles, net of taxes	(2,200)	(2,200)
Deferred tax assets that arise from tax loss and credit carryforwards	(33)	(25)
CET 1 capital	8,271	8,041
Additional tier 1 capital		
Shareholders' preferred equity	1,207	1,076
Other	—	(7)
Tier 1 capital	9,478	9,110
LTD and other tier 2 qualifying instruments	776	869
Qualifying allowance for loan and lease losses	868	778

	Bank	13.42	14.33
Tier 1 leverage ratio	Consolidated	9.10	9.09
	Bank	9.23	9.70

At December 31, 2018, we maintained Basel III capital ratios in excess of the well-capitalized standards established by the Federal Reserve.

The Company repurchased \$939 million of common stock during 2018 at an average cost of \$15.23 per share. Included in the share repurchase activity, the Company completed the \$400 million ASR which effectively offset the impact of the \$363 million Series A preferred equity conversion in the 2018 first quarter.

Shareholders' Equity

We generate shareholders' equity primarily through the retention of earnings, net of dividends and share repurchases. Other potential sources of shareholders' equity include issuances of common and preferred stock. Our objective is to maintain capital at an amount commensurate with our risk profile and risk tolerance objectives, to meet both regulatory and market expectations, and to provide the flexibility needed for future growth and business opportunities.

Shareholders' equity totaled \$11.1 billion at December 31, 2018, an increase of \$0.3 billion when compared with December 31, 2017.

On June 28, 2018, Huntington was notified by the Federal Reserve that it had no objection to Huntington's proposed capital actions included in Huntington's capital plan submitted in the 2018 CCAR. These actions included a 27% increase in quarterly dividend per common share to \$0.14, starting in the third quarter of 2018, the repurchase of up to \$1.068 billion of common stock over the next four quarters (July 1, 2018 through June 30, 2019), and maintaining dividends on the outstanding classes of preferred stock and trust preferred securities. Any capital actions, including those contemplated in the above announced actions, are subject to consideration and evaluation by Huntington's Board of Directors.

On July 17, 2018, the Board authorized the repurchase of up to \$1.068 billion of common shares over the four quarters through the 2019 second quarter. During 2018, Huntington repurchased a total of 61.6 million shares at a weighted average share price of \$15.23. Purchases of common shares under the authorization may include open market purchases, privately negotiated transactions, and accelerated repurchase programs.

On July 27, 2018, Huntington entered into an accelerated share repurchase agreement for the repurchase of approximately \$400 million of its outstanding common shares. The accelerated share repurchase program enabled Huntington to purchase 20.9 million shares immediately. The accelerated share repurchase program ended in September 2018, resulting in an additional 4.4 million shares being delivered to Huntington.

Dividends

We consider disciplined capital management as a key objective, with dividends representing one component. Our strong capital ratios and expectations for continued earnings growth positions us to continue to actively explore additional capital management opportunities.

Share Repurchases

From time to time the board of directors authorizes the Company to repurchase shares of our common stock. Although we announce when the board of directors authorizes share repurchases, we typically do not give any public notice before we repurchase our shares. Future stock repurchases may be private or open-market repurchases, including block transactions, accelerated or delayed block transactions, forward transactions, and similar transactions. Various factors determine the amount and timing of our share repurchases, including our capital requirements, the number of shares we expect to issue for employee benefit plans and acquisitions, market conditions (including the trading price of our stock), and regulatory and legal considerations, including the Federal Reserve's response to our annual capital plan. There were 61.6 million common shares repurchased during 2018.

BUSINESS SEGMENT DISCUSSION

Overview

Our business segments are based on our internally-aligned segment leadership structure, which is how we monitor results and assess performance. We have four major business segments: Consumer and Business Banking, Commercial Banking, Vehicle Finance, and Regional Banking and The Huntington Private Client Group (RBHPCG). The Treasury / Other function includes technology and operations, other unallocated assets, liabilities, revenue, and expense.

Business segment results are determined based upon our management practices, which assigns balance sheet and income statement items to each of the business segments. The process is designed around our organizational and management structure and, accordingly, the results derived are not necessarily comparable with similar information published by other financial institutions.

Revenue Sharing

Revenue is recorded in the business segment responsible for the related product or service. Fee sharing is recorded to allocate portions of such revenue to other business segments involved in selling to, or providing service to customers. Results of operations for the business segments reflect these fee sharing allocations.

Expense Allocation

The management process that develops the business segment reporting utilizes various estimates and allocation methodologies to measure the performance of the business segments. Expenses are allocated to business segments using a two-phase approach. The first phase consists of measuring and assigning unit costs (activity-based costs) to activities related to product origination and servicing. These activity-based costs are then extended, based on volumes, with the resulting amount allocated to business segments that own the related products. The second phase consists of the allocation of overhead costs to all four business segments from Treasury / Other. We utilize a full-allocation methodology, where all Treasury / Other expenses, except reported Significant Items, and certain other residual expenses, are allocated to the four business segments.

Funds Transfer Pricing (FTP)

We use an active and centralized FTP methodology to attribute appropriate income to the business segments. The intent of the FTP methodology is to transfer interest rate risk from the business segments by providing matched duration funding of assets and liabilities. The result is to centralize the financial impact, management, and reporting of interest rate risk in the Treasury / Other function where it can be centrally monitored and managed. The Treasury / Other function charges (credits) an internal cost of funds for assets held in (or pays for funding provided by) each business segment. The FTP rate is based on prevailing market interest rates for comparable duration assets (or liabilities).

Net Income by Business Segment

Net income by business segment for the past three years is presented in the following table:

Table 27 - Net Income (Loss) by Business Segment

	Year Ended December 31,		
	2018	2017	2016
<i>(dollar amounts in millions)</i>			
Consumer and Business Banking	\$ 463	\$ 344	\$ 303
Commercial Banking	553	439	316
Vehicle Finance	165	147	126
RBHPCG	106	76	68
Treasury / Other	106	180	(101)
Net income	<u>\$ 1,393</u>	<u>\$ 1,186</u>	<u>\$ 712</u>

Treasury / Other

The Treasury / Other function includes revenue and expense related to assets, liabilities, and equity not directly assigned or allocated to one of the four business segments. Assets include investment securities and bank owned life insurance. Net interest income includes the impact of administering our investment securities portfolios, the net impact of derivatives used to hedge interest rate sensitivity as well as the financial impact associated with our FTP methodology, as described above. Noninterest income includes miscellaneous fee income not allocated to other business segments, such as bank owned life insurance income and securities and trading asset gains or losses. Noninterest expense includes certain corporate administrative, and other miscellaneous expenses not allocated to other business segments. The provision for income taxes for the business segments is calculated at a statutory 21% tax rate and a 35% tax rate for periods prior to January 1, 2018, although our overall effective tax rate is lower. As a result, Treasury / Other reflects a credit for income taxes representing the difference between the lower effective tax rate and the statutory tax rate used at the time to allocate income taxes to the business segments.

Consumer and Business Banking

Table 28 - Key Performance Indicators for Consumer and Business Banking

	Year Ended December 31,		Change from 2017		
	2018	2017	Amount	Percent	2016
(dollar amounts in millions unless otherwise noted)					
Net interest income	\$ 1,685	\$ 1,549	\$ 136	9 %	\$ 1,224
Provision for credit losses	141	108	33	31	68
Noninterest income	738	735	3	—	649
Noninterest expense	1,696	1,647	49	3	1,339
Provision for income taxes	123	185	(62)	(34)	163
Net income	\$ 463	\$ 344	\$ 119	35 %	\$ 303
Number of employees (average full-time equivalent)	8,355	8,616	(261)	(3)%	7,466
Total average assets	\$ 26,861	\$ 25,656	\$ 1,205	5	\$ 21,317
Total average loans/leases	21,866	20,744	1,122	5	17,861
Total average deposits	47,827	45,287	2,540	6	36,652
Net interest margin	3.62%	3.52%	0.10%	3	3.42%
NCOs	\$ 108	\$ 104	\$ 4	4	\$ 74
NCOs as a % of average loans and leases	0.50%	0.50%	—%	—	0.42%

2018 versus 2017

Consumer and Business Banking, including Home Lending, reported net income of \$463 million in 2018, an increase of \$119 million, or 35%, compared with net income of \$344 million in 2017. Segment net interest income increased \$136 million, or 9%, primarily due to an increase in total average loans and deposits. The provision for credit losses increased \$33 million, or 31%, driven by an increase in the allowance, primarily related to the other consumer portfolio. Noninterest expense increased \$49 million, or 3%, due to increased personnel costs and allocated expenses.

Home Lending, an operating unit of Consumer and Business Banking, reflects the result of the origination of mortgage loans less referral fees and net interest income for mortgage banking products distributed by the retail branch network and other business segments. Home Lending reported a loss of \$11 million in 2018, compared with net income of \$12 million in the prior year. While total revenues increased largely due to higher residential loan balances, this increase was offset by an increase in noninterest expenses of \$28 million, or 20%, as a result of higher origination volume and higher indirect expense allocations. Income from lower origination spreads was offset by higher origination volume.

2017 versus 2016

Consumer and Business Banking reported net income of \$344 million in 2017, compared with net income of \$303 million in 2016. The \$41 million increase included a \$325 million, or 27%, increase in net interest income and an \$86 million, or 13%, increase in noninterest income, partially offset by a \$308 million, or 23%, increase in noninterest expense, a \$40 million, or 59%, increase in provision for credit losses, and a \$22 million, or 13%, increase in provision for income taxes.

Home Lending reported net income of \$12 million in 2017, a decrease of \$12 million, compared to the year-ago period. While total revenues increased \$5 million, or 3%, this increase was offset by an increase in noninterest expenses of \$18 million, or 15%.

Commercial Banking

Table 29 - Key Performance Indicators for Commercial Banking

	Year Ended December 31,		Change from 2017		
	2018	2017	Amount	Percent	2016

2018 versus 2017

Commercial Banking reported net income of \$553 million in 2018, an increase of \$114 million, or 26%, compared with net income of \$439 million in 2017. Segment net interest income increased \$37 million, or 4%, primarily due to a 4% growth average loans and leases and a 5% growth in average deposits. Net interest margin decreased eight basis points, primarily driven by a decline in loan and lease spreads, partially offset by an improvement in deposit spreads. The provision for credit losses increased \$8 million, or 27%, primarily due to growth in the portfolio, partially offset by a reduction in NCOs. Noninterest income increased \$35 million, or 13%, largely driven by an increase in capital markets related revenues and loan commitment and other fees. Noninterest expense increased \$39 million, or 8%, primarily due to an increase in personnel expense and allocated overhead, partially offset by a decrease in operating lease expense.

2017 versus 2016

Commercial Banking reported net income of \$439 million in 2017, compared with net income of \$316 million in 2016. The \$123 million increase included a \$184 million, or 26%, increase in net interest income, a \$33 million, or 13% increase in noninterest income, partially offset by a \$77 million, or 19%, increase in noninterest expense and a \$66 million, or 39%, increase in provision for income taxes.

Table of Contents

2018 versus 2017

Vehicle Finance reported net income of \$165 million in 2018, an increase of \$18 million, or 12%, compared with net income of \$147 million in 2017. Results primarily reflect a lower provision for income taxes, as well as, a lower provision for credit losses primarily resulting from a decrease in NCOs compared to the prior year. Segment net interest income decreased \$21 million or 5%, due to the 33 basis point reduction in the net interest margin, which reflects the continued run off of the higher yielding acquired portfolio and, to a lesser degree, lower spreads on new loan production as a result of the rising rate environment during most of 2018. These decreases were partially offset by a 9% increase in average loan balances. Noninterest income was down slightly primarily reflecting lower servicing income due to the run off of securitized loans, while noninterest expense was unchanged.

2017 versus 2016

Vehicle Finance reported net income of \$147 million in 2017, compared with net income of \$126 million in 2016. The \$21 million increase included an \$80 million, or 23%, increase in net interest income, partially offset by a \$31 million, or 26%, increase in noninterest expense, a \$16 million, or 34%, increase in the provision for credit losses and an \$11 million, or 16%, increase in the provision for income taxes.

eop—End of Period

2018 versus 2017

RBHPCG reported net income of \$106 million in 2018, an increase of \$30 million, or 39%, compared with a net income of \$76 million in 2017. Net interest income increased \$20 million, or 12%, due to an increase in average total loans combined with a 41 basis point increase in net interest margin. The increase in average total loans was due to growth in commercial and portfolio mortgage loans. Noninterest income increased \$5 million, or 3%, primarily reflecting increased trust and investment management revenue as a result of increased sales production and year over year market growth. Noninterest expense increased \$7 million, or 3%, mainly as a result of increased personnel expenses related to the hiring of new sales producers.

2017 versus 2016

RBHPCG reported net income of \$76 million in 2017, compared with a net income of \$68 million in 2016. The \$8 million increase included a \$19 million, or 12%, increase in net interest income and an \$11 million, or 6%, increase in noninterest income, partially offset by a \$14 million, or 6% increase in noninterest expense and a \$5 million, or 14%, increase in provision for income taxes.

RESULTS FOR THE FOURTH QUARTER

Earnings Discussion

In the 2018 fourth quarter, we reported net income of \$334 million, a decrease of \$98 million, or 23%, from the 2017 fourth quarter. Diluted earnings per common share for the 2018 fourth quarter were \$0.29, a decrease of \$0.08 from the year-ago quarter.

Table 32 - Significant Items Influencing Earnings Performance Comparison

(dollar amounts in millions, except per share data)

Three Months Ended:		Amount	EPS (1)
December 31, 2018—Net income		\$ 334	
Earnings per share, after-tax			\$ 0.29
December 31, 2017—Net income		\$ 432	
Earnings per share, after-tax			\$ 0.37
Federal tax reform-related tax benefit		\$ —	
Tax impact		123	
Federal tax reform-related tax benefit, after-tax		\$ 123	\$ 0.11

(1) Based on average outstanding diluted common shares.

Net Interest Income / Average Balance Sheet

FTE net interest income for the 2018 fourth quarter increased \$59 million, or 8%, from the 2017 fourth quarter. This reflected the benefit from the \$3.8 billion, or 4%, increase in average earning assets coupled with an 11 basis point increase in the FTE net interest margin to 3.41%. Average earning asset yields increased 51 basis points year-over-year, driven by a 53 basis point improvement in loan yields. Average interest-bearing liability costs increased 50 basis points, although interest-bearing deposit costs only increased 47 basis points. The cost of short-term borrowings and long-term debt increased 134 basis points and 109 basis points, respectively. The benefit from noninterest-bearing funds increased 10 basis points versus the year-ago quarter. Embedded within these yields and costs, FTE net interest income during the 2018 fourth quarter included \$17 million, or approximately seven basis points, of purchase accounting impact compared to \$24 million, or approximately 10 basis points, in the year-ago quarter. The 2018 fourth quarter included an approximately two basis point impact from higher commercial interest recoveries. On a year-over-year basis, NIM was negatively impacted by two basis points as a result of the impact of federal tax reform on the FTE adjustment.

Table 33 - Average Earning Assets - 2018 Fourth Quarter vs. 2017 Fourth Quarter

(dollar amounts in millions)

	Fourth Quarter		Change	
	2018	2017	Amount	Percent
Loans/Leases				
Commercial and industrial	\$ 29,557	\$ 27,445	\$ 2,112	8%
Commercial real estate	6,944	7,196	(252)	(4)
Total commercial	36,501	34,641	1,860	5
Automobile	12,423	11,963	460	4
Home equity	9,817	10,027	(210)	(2)
Residential mortgage	10,574	8,809	1,765	20
RV and marine finance	3,216	2,405	811	34
Other consumer	1,291	1,095	196	18
Total consumer	37,321	34,299	3,022	9
Total loans/leases	73,822	68,940	4,882	7
Total securities	22,656	24,309	(1,653)	(7)
Loans held-for-sale and other earning assets	1,274	688	586	85
Total earning assets	\$ 97,752	\$ 93,937	\$ 3,815	4%

Average earning assets for the 2018 fourth quarter increased \$3.8 billion, or 4%, from the year-ago quarter, primarily reflecting a \$4.9 billion, or 7%, increase in average total loans and leases. Average C&I loans increased \$2.1 billion, or 8%, reflecting broad-based growth. Average residential mortgage loans increased \$1.8 billion, or 20%, driven by an increase in

Table of Contents

lending officers and expansion into the Chicago market. Average RV and marine finance loans increased \$0.8 billion, or 34%, reflecting the success of the geographic expansion over the past two years, while maintaining our commitment to super prime originations. Average automobile loans increased \$0.5 billion, or 4%, driven by origination volume consistent with current market dynamics and our continued commitment to high quality borrowers while optimizing yield and production in the rising rate environment over the past year. Average securities decreased \$1.7 billion, or 7%, primarily due to runoff in the portfolio, partially offset by continued growth in direct purchase municipal instruments in our commercial banking segment.

Table 34 - Average Interest-Bearing Liabilities - 2018 Fourth Quarter vs. 2017 Fourth Quarter

<i>(dollar amounts in millions)</i>	Fourth Quarter		Change	
	2018	2017	Amount	Percent
Deposits				
Demand deposits: noninterest-bearing	\$ 20,384	\$ 21,745	\$ (1,361)	(6)%
Demand deposits: interest-bearing	19,860	18,175	1,685	9
Total demand deposits	40,244	39,920	324	1
Money market deposits	22,595	20,731	1,864	9
Savings and other domestic deposits	10,534	11,348	(814)	(7)
Core certificates of deposit	5,705	1,947	3,758	193
Total core deposits	79,078	73,946	5,132	7
Other domestic deposits of \$250,000 or more	346	400	(54)	(14)
Brokered deposits and negotiable CDs	3,507	3,391	116	3
Total deposits	82,931	77,737	5,194	7
Short-term borrowings	1,006	2,837	(1,831)	(65)
Long-term debt	8,871	9,232	(361)	(4)
Total interest-bearing liabilities	\$ 72,424	\$ 68,061	\$ 4,363	6 %

Average total deposits increased \$5.2 billion, or 7%, while average total core deposits increased \$5.1 billion, or 7%. Average total interest-bearing liabilities for the 2018 fourth quarter increased \$4.4 billion, or 6%, from the year ago quarter. Average core CDs increased \$3.8 billion, or 193%, reflecting consumer deposit growth initiatives primarily in the first three quarters of 2018. Average money market deposits increased \$1.9 billion, or 9%, primarily reflecting growth in commercial and consumer balances. Savings and other domestic deposits decreased \$0.8 billion, or 7%, primarily reflecting FirstMerit-related balance attrition and continued consumer product mix shift. Average short-term borrowings decreased \$1.8 billion, or 65%, as continued growth in core deposits reduced reliance on wholesale funding.

Provision for Credit Losses

The provision for credit losses decreased to \$60 million in the 2018 fourth quarter compared to \$65 million in the 2017 fourth quarter.

Noninterest Income

Table 35 - Noninterest Income - 2018 Fourth Quarter vs. 2017 Fourth Quarter

<i>(dollar amounts in millions)</i>	Fourth Quarter		Change	
	2018	2017	Amount	Percent
Service charges on deposit accounts	\$ 94	\$ 91	\$ 3	3 %
Card and payment processing income	58	53	5	9
Trust and management investment services	42	41	1	2
Mortgage banking income	23	33	(10)	(30)
Capital markets fees	29	23	6	26
Insurance income	21	21	—	—
Bank owned life insurance income	16	18	(2)	(11)
Gain on sale of loans	16	17	(1)	(6)
Securities (losses) gains	(19)	(4)	(15)	(375)
Other income	49	47	2	4
Total noninterest income	\$ 329	\$ 340	\$ (11)	(3)%

Noninterest income for the 2018 fourth quarter decreased \$11 million, or 3%, from the year-ago quarter. Securities losses were \$19 million compared to \$4 million in the year-ago quarter, reflecting the losses related to the \$1.1 billion portfolio.

Table of Contents

repositioning completed in the 2018 fourth quarter. Mortgage banking income decreased \$10 million, or 30%, primarily reflecting lower spreads on origination volume. Capital markets fees increased \$6 million, or 26%, primarily driven by \$4 million of fees from HSE, which was acquired October 1, 2018. Card and payment processing income increased \$5 million, or 9%, due to underlying customer growth and higher card usage.

Noninterest Expense

Table 36 - Noninterest Expense - 2018 Fourth Quarter vs. 2017 Fourth Quarter

<u>(dollar amounts in millions)</u>	Fourth Quarter		Change	
	2018	2017	Amount	Percent
Personnel costs	\$ 399	\$ 373	\$ 26	7%
Outside data processing and other services	83	71	12	17
Net occupancy	70	36	34	94
Equipment	48	36	12	33
Deposit and other insurance expense	9	19	(10)	(53)
Professional services	17	18	(1)	(6)
Marketing	15	10	5	50
Amortization of intangibles	13	14	(1)	(7)
Other expense	57	56	1	2
Total noninterest expense	<u>\$ 711</u>	<u>\$ 633</u>	<u>\$ 78</u>	<u>12%</u>
Number of employees (average full-time equivalent)	15,657	15,375	282	2%

Reported noninterest expense for the 2018 fourth quarter increased \$78 million, or 12%, from the year-ago quarter. Net occupancy costs increased \$34 million, or 94%, primarily reflecting \$28 million of branch and facility consolidation-related expense in the 2018 fourth quarter. Personnel costs increased \$26 million, or 7%, reflecting annual merit increases, higher benefit costs, and \$3 million of run-rate expense from HSE. Equipment increased \$12 million, or 33%, primarily reflecting \$7 million of branch and facility consolidation-related expense in the 2018 fourth quarter. Outside data processing and other services expense increased \$12 million, or 17%, primarily driven by higher technology investment costs. Marketing increased \$5 million, or 50%, primarily reflecting timing of marketing campaigns. Deposit and other insurance expense decreased \$10 million, or 53%, due to the discontinuation of the FDIC surcharge in the 2018 fourth quarter.

Provision for Income Taxes

(This section should be read in conjunction with Note 1 and Note 16 of the Notes to Consolidated Financial Statements.)

The provision for income taxes in the 2018 fourth quarter was \$57 million compared to a \$20 million benefit in the 2017 fourth quarter. The effective tax rates for the 2018 fourth quarter and 2017 fourth quarter were 14.6% and (4.8%), respectively. Included in the 2017 fourth quarter results is a \$123 million tax benefit related to the TCJA enacted on December 22, 2017, primarily attributed to the revaluation of net deferred tax liabilities at the lower statutory federal income tax rate. We completed our provisional estimate related to tax reform during the 2018 fourth quarter. At December 31, 2018, we had a net federal deferred tax liability of \$105 million and a net state deferred tax asset of \$41 million.

Credit Quality

NCOs

Net charge-offs increased \$9 million to \$50 million. The increase was primarily centered in the C&I portfolio, with no segment or geographic concentration. Consumer charge-offs have remained consistent over the past year. NCOs represented an annualized 0.27% of average loans and leases in the current quarter, up from 0.16% in the prior quarter and up from 0.24% in the year-ago quarter.

NALs

Overall asset quality performance remained consistent with prior periods and our expectations. The consumer portfolio metrics continue to reflect the results associated with our focus on high quality borrowers, with an expected modest seasonal impact evident across the portfolios. The commercial portfolios have performed consistently, with some quarter-to-quarter volatility as a result of the absolute low level of problem loans.

Nonaccrual loans and leases decreased \$9 million, or 3%, from the year-ago quarter to \$340 million, or 0.45% of total loans and leases. The year-over-year decline was centered in the commercial real estate and residential mortgage portfolios, partially offset by an increase in the commercial portfolio. OREO balances decreased \$10 million, or 30%, from the year-ago quarter. The decline in OREO assets reflected reductions in both commercial and residential properties. NPAs decreased to \$387 million, or

Table of Contents

0.52% of total loans and leases and OREO. On a linked quarter basis, NALs decreased \$30 million, or 8%, while NPAs decreased \$16 million, or 4%.

ACL

(This section should be read in conjunction with Note 3 of the Notes to Consolidated Financial Statements.)

The period-end ALLL as a percentage of total loans and leases increased to 1.03% compared to 0.99% a year ago, while the ALLL as a percentage of period-end total NALs increased to 228% from 198% over the same period. The increase in the ALLL is primarily the result of loan growth. We believe the level of the ALLL and ACL are appropriate given the low level of problem loans and the current composition of the overall loan and lease portfolio.

- (1) Comparisons for presented periods are impacted by a number of factors. Refer to the Significant Items section for additional discussion regarding these items.
- (2) Weighted average diluted shares outstanding for the quarterly period ending March 31, 2018, includes the impact of the convertible preferred stock issued in April of 2008.
- (3) Other intangible assets are net of deferred tax liability.
- (4) Net income applicable to common shares excluding expense for amortization of intangibles for the period divided by average tangible shareholders' equity. Average tangible shareholders' equity equals average total shareholders' equity less average intangible assets and goodwill. Expense for amortization of intangibles and average intangible assets are net of deferred tax liability.
- (5) Noninterest expense less amortization of intangibles and goodwill impairment divided by the sum of FTE net interest income and noninterest income excluding securities gains (losses).
- (6) Presented on a FTE basis assuming a 21% tax rate.
- (7) Tangible common equity (total common equity less goodwill and other intangible assets) divided by tangible assets (total assets less goodwill and other intangible assets). Other intangible assets are net of deferred tax.
- (8) Tangible equity (total equity less goodwill and other intangible assets) divided by tangible assets (total assets less goodwill and other intangible assets). Other intangible assets are net of deferred tax.
- (9) Tangible equity, tangible common equity, and tangible assets are non-GAAP financial measures. Additionally, any ratios utilizing these financial measures are also non-GAAP. These financial measures have been included as they are considered to be critical metrics with which to analyze and evaluate financial condition and capital strength. Other companies may calculate these financial measures differently.

Total risk-based capital ratio	11.34	11.30	11.24	11.11
Tier 1 common risk-based capital ratio	13.39	13.39	13.33	13.26
Tangible common equity / tangible asset ratio (7)(9)	7.34	7.42	7.41	7.28
Tangible equity / tangible asset ratio (8)(9)	8.39	8.49	8.49	8.38
Tangible common equity / risk-weighted assets ratio (9)	9.31	9.41	9.37	9.18

- (1) Comparisons for presented periods are impacted by a number of factors. Refer to the Significant Items section for additional discussion regarding these items.
- (2) For all quarterly periods presented prior to December 31, 2017, the impact of the convertible preferred stock issued in April of 2008 was excluded from the diluted share calculation because the result would have been higher than basic earnings per common share (anti-dilutive) for the periods.
- (3) Other intangible assets are net of deferred tax.
- (4) Net income applicable to common shares excluding expense for amortization of intangibles for the period divided by average tangible shareholders' equity. Average tangible shareholders' equity equals average total shareholders' equity less average intangible assets and goodwill. Expense for amortization of intangibles and average intangible assets are net of deferred tax.
- (5) Noninterest expense less amortization of intangibles and goodwill impairment divided by the sum of FTE net interest income and noninterest income excluding securities gains (losses).
- (6) Presented on a FTE basis assuming a 35% tax rate.
- (7) Tangible common equity (total common equity less goodwill and other intangible assets) divided by tangible assets (total assets less goodwill and other intangible assets). Other intangible assets are net of deferred tax.
- (8) Tangible equity (total equity less goodwill and other intangible assets) divided by tangible assets (total assets less goodwill and other intangible assets). Other intangible assets are net of deferred tax.
- (9) Tangible equity, tangible common equity, and tangible assets are non-GAAP financial measures. Additionally, any ratios utilizing these financial measures are also non-GAAP. These financial measures have been included as they are considered to be critical metrics with which to analyze and evaluate financial condition and capital strength. Other companies may calculate these financial measures differently.

ADDITIONAL DISCLOSURES

Forward-Looking Statements

This report, including MD&A, contains certain forward-looking statements, including, but not limited to, certain plans, expectations, goals, projections, and statements, which are not historical facts and are subject to numerous assumptions, risks, and uncertainties. Statements that do not describe historical or current facts, including statements about beliefs and expectations, are forward-looking statements. Forward-looking statements may be identified by words such as expect, anticipate, believe, intend, estimate, plan, target, goal, or similar expressions, or future or conditional verbs such as will, may, might, should, would, could, or similar variations. The forward-looking statements are intended to be subject to the safe harbor provided by Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and the Private Securities Litigation Reform Act of 1995.

While there is no assurance that any list of risks and uncertainties or risk factors is complete, below are certain factors which could cause actual results to differ materially from those contained or implied in the forward-looking statements: changes in general economic, political, or industry conditions; uncertainty in U.S. fiscal and monetary policy, including the interest rate policies of the Federal Reserve Board; volatility and disruptions in global capital and credit markets; movements in interest rates; competitive pressures on product pricing and services; success, impact, and timing of our business strategies, including market acceptance of any new products or services implementing our "Fair Play" banking philosophy; the nature, extent, timing, and results of governmental actions, examinations, reviews, reforms, regulations, and interpretations, including those related to the Dodd-Frank Wall Street Reform and Consumer Protection Act and the Basel III regulatory capital reforms, as well as those involving the OCC, Federal Reserve, FDIC, and CFPB; and other factors that may affect our future results.

All forward-looking statements speak only as of the date they are made and are based on information available at that time. We do not assume any obligation to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements were made or to reflect the occurrence of unanticipated events except as required by federal securities laws. As forward-looking statements involve significant risks and uncertainties, caution should be exercised against placing undue reliance on such statements.

Non-GAAP Financial Measures

This document contains GAAP financial measures and non-GAAP financial measures where management believes it to be helpful in understanding Huntington's results of operations or financial position. Where non-GAAP financial measures are used, the comparable GAAP financial measure, as well as the reconciliation to the comparable GAAP financial measure, can be found herein.

Significant Items

From time-to-time, revenue, expenses, or taxes are impacted by items judged by us to be outside of ordinary banking activities and/or by items that, while they may be associated with ordinary banking activities, are so unusually large that their outsized impact is believed by us at that time to be infrequent or short-term in nature. We refer to such items as Significant Items. Most often, these Significant Items result from factors originating outside the Company; e.g., regulatory actions / assessments, windfall gains, one-time tax assessments / refunds, litigation actions, etc. In other cases, they may result from our decisions associated with significant corporate actions outside of the ordinary course of business; e.g., merger / restructuring charges, recapitalization actions, goodwill impairment, etc.

Even though certain revenue and expense items are naturally subject to more volatility than others due to changes in market and economic environment conditions, as a general rule volatility alone does not define a Significant Item. For example, changes in the provision for credit losses, gains / losses from investment activities, asset valuation writedowns, etc., reflect ordinary banking activities and are, therefore, typically excluded from consideration as a Significant Item.

We believe the disclosure of Significant Items provides a better understanding of our performance and trends to ascertain which of such items, if any, to include or exclude from an analysis of our performance; i.e., within the context of determining how that performance differed from expectations, as well as how, if at all, to adjust estimates of future performance accordingly. To this end, we adopted a practice of listing Significant Items in our external disclosure documents; e.g., earnings press releases, investor presentations, Forms 10-Q and 10-K.

Significant Items for any particular period are not intended to be a complete list of items that may materially impact current or future period performance.

Fully-Taxable Equivalent Basis

Interest income, yields, and ratios on a FTE basis are considered non-GAAP financial measures. Management believes net interest income on a FTE basis provides an insightful picture of the interest margin for comparison purposes. The FTE basis also allows management to assess the comparability of revenue arising from both taxable and tax-exempt sources. The FTE basis assumes a federal statutory tax rate of 21 percent for the year ended 2018 and 35 percent for all prior periods. We encourage readers to consider the consolidated financial statements and other financial information contained in this Form 10-K in their entirety, and not to rely on any single financial measure.

Non-Regulatory Capital Ratios

In addition to capital ratios defined by banking regulators, the Company considers various other measures when evaluating capital utilization and adequacy, including:

- Tangible common equity to tangible assets,
- Tangible equity to tangible assets, and
- Tangible common equity to risk-weighted assets using Basel III definitions.

These non-regulatory capital ratios are viewed by management as useful additional methods of reflecting the level of capital available to withstand unexpected market conditions. Additionally, presentation of these ratios allows readers to compare the Company's capitalization to other financial services companies. These ratios differ from capital ratios defined by banking regulators principally in that the numerator excludes goodwill and other intangible assets, the nature and extent of which varies among different financial services companies. These ratios are not defined in GAAP or federal banking regulations. As a result, these non-regulatory capital ratios disclosed by the Company are considered non-GAAP financial measures.

Because there are no standardized definitions for these non-regulatory capital ratios, the Company's calculation methods may differ from those used by other financial services companies. Also, there may be limits in the usefulness of these measures to investors. As a result, the Company encourages readers to consider the consolidated financial statements and other financial information contained in this Form 10-K in their entirety, and not to rely on any single financial measure.

Risk Factors

More information on risk is discussed in the Risk Factors section included in Item 1A of this report. Additional information regarding risk factors can also be found in the Risk Management and Capital discussion of this report, as well as the Regulatory Matters section included in Item 1 of this report.

Critical Accounting Policies and Use of Significant Estimates

Our Consolidated Financial Statements are prepared in accordance with GAAP. The preparation of financial statements in conformity with GAAP requires us to establish accounting policies and make estimates that affect amounts reported in our Consolidated Financial Statements. Note 1 of the Notes to Consolidated Financial Statements, which is incorporated by reference into this MD&A, describes the significant accounting policies we used in our Consolidated Financial Statements.

An accounting estimate requires assumptions and judgments about uncertain matters that could have a material effect on the Consolidated Financial Statements. Estimates are made under facts and circumstances at a point in time, and changes in those facts and circumstances could produce results substantially different from those estimates. Our most significant accounting policies and estimates and their related application are discussed below.

Allowance for Credit Losses

Our ACL of \$868 million at December 31, 2018, represents our estimate of probable credit losses inherent in our loan and lease portfolio and our unfunded loan commitments and letters of credit. We regularly review our ACL for appropriateness by performing on-going evaluations of the loan and lease portfolio. In doing so, we consider factors such as the differing economic risk associated with each loan category, the financial condition of specific borrowers, the level of delinquent loans, the value of any collateral and, where applicable, the existence of any guarantees or other documented support. We also evaluate the impact of changes in interest rates and overall economic conditions on the ability of borrowers to meet their financial obligations when quantifying our exposure to credit losses and assessing the appropriateness of our ACL at each reporting date. There is no certainty that our ACL will be appropriate over time to cover losses in the portfolio because of unanticipated adverse changes in the economy, market conditions, or events adversely affecting specific customers, industries, or markets. If the credit quality of our customer base materially deteriorates, the risk profile of a market, industry, or group of customers changes materially, or if the ACL is not appropriate, our net income and capital could be materially adversely affected which, in turn, could have a material adverse effect on our financial condition and results of operations. *For more information, see Note 3 - Loans / Leases and Allowance for Credit Losses.*

Fair Value Measurement

Certain assets and liabilities are measured at fair value on a recurring basis and include trading securities, available-for-sale securities, other securities, loans held for sale, loans held for investment, MSRs and derivative instruments. At December 31, 2018, approximately \$14.8 billion of our assets and \$0.2 billion of our liabilities were recorded at fair value on a recurring basis. In addition to assets and liabilities subject to recurring fair value measurement, we measure certain other assets such as impaired loans, loans held for sale and other real estate owned at fair value on a non-recurring basis. Assets and liabilities carried at fair value inherently include subjectivity and may require use of significant assumptions, adjustments and judgment. A significant change in assumptions may result in a significant change in fair value, which in turn, may result in a higher degree of financial statement volatility.

Significant adjustments and assumptions used in determining fair value include, but are not limited to, market liquidity and credit quality, where appropriate. Valuations of products using models or other techniques are sensitive to assumptions used for the significant inputs. The type and level of judgment required is largely dependent on the amount of observable market information available. Where available, we use quoted market prices to determine fair value. If quoted market prices are not available, fair value is determined based on inputs that are either directly observable or derived from market data using either internally developed or independent third-party valuation models. These inputs include, but are not limited to, interest rate yield curves, credit spreads, option volatilities, and option-adjusted spreads. Where neither quoted market prices nor observable market data are available, fair value is determined using valuation models that feature one or more significant unobservable inputs based on management's expectation of what market participants would use in determining the fair value of the asset or liability. Inputs to valuation models are considered unobservable if they are supported by little or no market activity. In periods of extreme volatility, lessened liquidity or in illiquid markets, there may be more variability in market pricing or a lack of market data to use in the valuation process.

A significant portion of our assets and liabilities that are reported at fair value are measured based on quoted market prices or observable market / independent inputs and are classified within levels 1 and 2. Instruments valued using internally developed valuation models and other valuation techniques that use significant unobservable inputs are classified within level 3 of the valuation hierarchy. *For more information, see Note 17 - Fair Value of Assets and Liabilities.*

Income Taxes

The calculation of our provision for income taxes requires the use of estimates and judgments. We have two accruals for income taxes: (1) our income tax payable represents the estimated net amount currently due to the federal, state, and local taxing jurisdictions, net of any reserve for potential audit issues and any tax refunds; (2) our deferred federal and state income tax and related valuation accounts, represents the estimated impact of temporary differences between how we recognize our assets and liabilities under GAAP, and how such assets and liabilities are recognized under federal and state tax law. The net receivable

Table of Contents

balance and deferred tax accounts are presented as components of other assets or other liabilities in accordance with the asset or liability balance of the account.

In the ordinary course of business, we operate in various taxing jurisdictions and are subject to income and non-income taxes. The effective tax rate is based in part on our interpretation of the relevant current tax laws. We believe the aggregate liabilities related to taxes are appropriately reflected in the consolidated financial statements. We review the appropriate tax treatment of all transactions taking into consideration statutory, judicial, and regulatory guidance in the context of our tax positions. In addition, we rely on various tax opinions, recent tax audits, and historical experience.

From time-to-time, we engage in business transactions that may affect our tax liabilities. Where appropriate, we obtain opinions of outside experts and assess the relative merits and risks of the appropriate tax treatment of business transactions taking into account statutory, judicial, and regulatory guidance in the context of the tax position. However, changes to our estimates of accrued taxes can occur due to changes in tax rates, implementation of new business strategies, resolution of issues with taxing authorities regarding previously taken tax positions, and newly enacted statutory, judicial, and regulatory guidance. Such changes could affect the amount of our accrued taxes and could be material to our financial position and / or results of operations. *For more information, see Note 16 - Income Taxes.*

Goodwill and Intangible Assets

The acquisition method of accounting requires that acquired assets and liabilities are recorded at their fair values as of the date of acquisition. This often involves estimates based on third party valuations or internal valuations based on discounted cash flow analyses or other valuation techniques, all of which are inherently subjective. Acquisitions typically result in goodwill, the amount by which the cost of net assets acquired in a business combination exceeds their fair value, which is subject to impairment testing at least annually. The amortization of identified intangible assets recognized in a business combination is based upon the estimated economic benefits to be received over their economic life, which is also subjective. Customer attrition rates that are based on historical experience are used to determine the estimated economic life of certain intangibles assets, including but not limited to, customer deposit intangibles. *Refer to Note 6 of the Notes to Consolidated Financial Statements for further information regarding these items.*

Recent Accounting Pronouncements and Developments

Note 2 of the Notes to Consolidated Financial Statements discusses new accounting pronouncements adopted during 2018 and the expected impact of accounting pronouncements recently issued but not yet required to be adopted. To the extent the adoption of new accounting standards materially affect financial condition, results of operations, or liquidity, the impacts are discussed in the applicable section of this MD&A and the Notes to Consolidated Financial Statements.

Item 7A: Quantitative and Qualitative Disclosures About Market Risk

Information required by this item is set forth under the heading of "Market Risk" in Item 7 (MD&A), which is incorporated by reference into this item.

Item 8: Financial Statements and Supplementary Data

Information required by this item is set forth in the Reports of Independent Registered Public Accounting Firm, Consolidated Financial Statements and Notes, and Selected Quarterly Income Statements, which is incorporated by reference into this item.

REPORT OF MANAGEMENT'S EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Management of Huntington Bancshares Incorporated (Huntington or the Company) is responsible for the financial information and representations contained in the Consolidated Financial Statements and other sections of this report. The Consolidated Financial Statements have been prepared in conformity with accounting principles generally accepted in the United States. In all material respects, they reflect the substance of transactions that should be included based on informed judgments, estimates, and currently available information. Management maintains a system of internal accounting controls, which includes the careful selection and training of qualified personnel, appropriate segregation of responsibilities, communication of written policies and procedures, and a broad program of internal audits. The costs of the controls are balanced against the expected benefits. During 2018, the audit committee of the board of directors met regularly with Management, Huntington's internal auditors, and the independent registered public accounting firm, PricewaterhouseCoopers LLP, to review the scope of their audits and to discuss the evaluation of internal accounting controls and financial reporting matters. The independent registered public accounting firm and the internal auditors have free access to, and meet confidentially with, the audit committee to discuss appropriate matters. Also, Huntington maintains a disclosure review committee. This committee's purpose is to design and maintain disclosure controls and procedures to ensure that material information relating to the financial and operating condition of Huntington is properly reported to its chief executive officer, chief financial officer, chief auditor, and the audit committee of the board of directors in connection with the preparation and filing of periodic reports and the certification of those reports by the chief executive officer and the chief financial officer.

REPORT OF MANAGEMENT'S ASSESSMENT OF INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Securities Exchange Act of 1934, as amended. Huntington's Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2018. In making this assessment, Management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control—Integrated Framework (2013)*. Based on that assessment, Management concluded that, as of December 31, 2018, the Company's internal control over financial reporting is effective based on those criteria. The Company's internal control over financial reporting as of December 31, 2018 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report appearing on the next page.

Stephen D. Steinour – Chairman, President, and Chief Executive Officer

Howell D. McCullough III – Senior Executive Vice President and Chief Financial Officer

February 15, 2019

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
Huntington Bancshares Incorporated

Opinions on the Financial Statements and Internal Control over Financial Reporting

We have audited the accompanying consolidated balance sheets of Huntington Bancshares Incorporated and its subsidiaries (the "Company") as of December 31, 2018 and 2017, and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2018, including the related notes (collectively referred to as the "consolidated financial statements"). We also have audited the Company's internal control over financial reporting as of December 31, 2018, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2018 and 2017, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2018 in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2018, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the COSO.

Basis for Opinions

The Company's management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Report of Management's Assessment of Internal Control over Financial Reporting. Our responsibility is to express opinions on the Company's consolidated financial statements and on the Company's internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the consolidated financial statements included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Table of Contents

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

PricewaterhouseCoopers LLP

Columbus, Ohio
February 15, 2019

We have served as the Company's auditor since 2015.

Huntington Bancshares Incorporated
Notes to Consolidated Financial Statements

1. SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations — Huntington Bancshares Incorporated (Huntington or the Company) is a multi-state diversified regional bank holding company organized under Maryland law in 1966 and headquartered in Columbus, Ohio. Through its subsidiaries, including its bank subsidiary, The Huntington National Bank (the Bank), Huntington is engaged in providing full-service commercial, small business, consumer banking services, mortgage banking services, automobile financing, recreational vehicle and marine financing, equipment leasing, investment management, trust services, brokerage services, customized insurance programs, and other financial products and services. Huntington's banking offices are located in Ohio, Illinois, Michigan, Pennsylvania, Indiana, West Virginia, Wisconsin and Kentucky. Select financial services and other activities are also conducted in various other states. International banking services are available through the headquarters office in Columbus, Ohio.

Basis of Presentation — The Consolidated Financial Statements include the accounts of Huntington and its majority-owned subsidiaries and are presented in accordance with GAAP. All intercompany transactions and balances have been eliminated in consolidation. Entities in which Huntington holds a controlling financial interest are consolidated. For a voting interest entity, a controlling financial interest is generally where Huntington holds, directly or indirectly, more than 50 percent of the outstanding voting shares. For a variable interest entity (VIE), a controlling financial interest is where Huntington has the power to direct the activities of an entity that most significantly impact the entity's economic performance and has an obligation to absorb losses or the right to receive benefits from the VIE. These losses or benefits, which could potentially be significant to the VIE, are consolidated. For consolidated entities where Huntington holds less than a 100% interest, Huntington recognizes non-controlling interest (included in shareholders' equity) for the equity held by minority shareholders and non-controlling profit or loss (included in noninterest expense) for the portion of the entity's earnings attributable to minority interests. Investments in companies that are not consolidated are accounted for using the equity method when Huntington has the ability to exert significant influence. Investments in nonmarketable equity securities for which Huntington does not have the ability to exert significant influence are generally accounted for using the cost method adjusted for change in observable prices. Investments in private investment partnerships that are accounted for under the equity method or the cost method are included in other assets and Huntington's earnings in equity investments are included in other noninterest income. Investments accounted for under the cost and equity methods are periodically evaluated for impairment.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that significantly affect amounts reported in the Consolidated Financial Statements. Huntington utilizes processes that involve the use of significant estimates and the judgments of management in determining the amount of its allowance for credit losses, income taxes, as well as fair value measurements of investment securities, derivative instruments, goodwill, other intangible assets, pension assets and liabilities, short-term borrowings, mortgage servicing rights, and loans held for sale. As with any estimate, actual results could differ from those estimates.

For statements of cash flows purposes, cash and cash equivalents are defined as the sum of cash and due from banks and interest-bearing deposits at Federal Reserve Bank.

Certain prior period amounts have been reclassified to conform to the current year's presentation.

Resale and Repurchase Agreements — Securities purchased under agreements to resell and securities sold under agreements to repurchase are treated as collateralized financing transactions and are recorded at the amounts at which the securities were acquired or sold plus accrued interest. The fair value of collateral either received from or provided to a third-party is monitored and additional collateral is obtained or requested to be returned to Huntington in accordance with the agreement.

Securities — Securities purchased with the intention of recognizing short-term profits or which are actively bought and sold are classified as trading account securities and reported at fair value. The unrealized gains or losses on trading account securities are recorded in other noninterest income, except for gains and losses on trading account securities used to economically hedge the fair value of MSRs, which are included in mortgage banking income. Debt securities purchased in which Huntington has the positive intent and ability to hold to their maturity are classified as held-to-maturity securities. Held-to-maturity securities are recorded at amortized cost. All other debt and equity securities are classified as available-for-sale or other securities. Unrealized gains or losses on available-for-sale are reported as a separate component of accumulated OCI in the Consolidated Statements of Changes in Shareholders' Equity. Credit-related declines in the value of debt securities that are considered OTTI are recorded in noninterest income.

Huntington evaluates its investment securities portfolio on a quarterly basis for indicators of OTTI. Huntington assesses whether OTTI has occurred when the fair value of a debt security is less than the amortized cost basis at the balance sheet date. Management reviews the amount of unrealized loss, the length of time the security has been in an unrealized loss position, the credit rating history, market trends of similar security classes, time remaining to maturity, and the source of both interest and principal payments to identify securities which could potentially be impaired. For those debt securities that Huntington intends to sell or is more likely than not

Table of Contents

required to sell, before the recovery of their amortized cost bases, the difference between fair value and amortized cost is considered to be OTTI and is recognized in noninterest income. For those debt securities that Huntington does not intend to sell or is not more likely than not required to sell, prior to expected recovery of amortized cost bases, the credit portion of the OTTI is recognized in noninterest income while the noncredit portion is recognized in OCI. In determining the credit portion, Huntington uses a discounted cash flow analysis, which includes evaluating the timing and amount of the expected cash flows. Non-credit-related OTTI results from other factors, including increased liquidity spreads and higher interest rates. Presentation of OTTI is made in the Consolidated Statements of Income on a gross basis with a reduction for the amount of OTTI recognized in OCI.

Securities transactions are recognized on the trade date (the date the order to buy or sell is executed). The carrying value plus any related accumulated OCI balance of sold securities is used to compute realized gains and losses. Interest on securities, including amortization of premiums and accretion of discounts using the effective interest method over the period to maturity, are included in interest income.

Non-marketable equity securities include stock held for membership and regulatory purposes, such as FHLB stock and FRB stock. These securities are accounted for at cost, evaluated for impairment, and are included in other securities. Other securities also include mutual funds and other marketable equity securities. These securities are carried at fair value, with changes in fair value recognized in other noninterest income.

Loans and Leases — Loans and direct financing leases for which Huntington has the intent and ability to hold for the foreseeable future, or until maturity or payoff, are classified in the Consolidated Balance Sheets as loans and leases. Except for purchase credit impaired loans and loans for which the fair value option has been elected, loans and leases are carried at the principal amount outstanding, net of charge-offs, unamortized deferred loan origination fees and costs, premiums and discounts, and unearned income. Direct financing leases are reported at the aggregate of lease payments receivable and estimated residual values, net of unearned and deferred income, and any initial direct costs incurred to originate these leases. Interest income is accrued as earned using the interest method. Huntington defers the fees it receives from the origination of loans and leases, as well as the direct costs of those activities. Huntington also acquires loans at a premium and at a discount to their contractual values. Huntington amortizes loan discounts, premiums, and net loan origination fees and costs over the contractual lives of the related loans using the effective interest method.

Troubled debt restructurings are loans for which the original contractual terms have been modified to provide a concession to a borrower experiencing financial difficulties. Loan modifications are considered TDRs when the concessions provided are not available to the borrower through either normal channels or other sources. However, not all loan modifications are TDRs. Modifications resulting in troubled debt restructurings may include changes to one or more terms of the loan, including but not limited to, a change in interest rate, an extension of the repayment period, a reduction in payment amount, and partial forgiveness or deferment of principal or accrued interest.

Impairment of the residual values of direct financing leases is evaluated quarterly, with those determined to be other than temporary recognized by writing the leases down to fair value with a charge to other noninterest expense. Residual value impairment arises when the expected fair value is less than the carrying amount, net of estimated amounts reimbursable by the lessee. Beginning January 1, 2019, as a result of the implementation of ASC 842, lessors will assess net investments in leases (including residual values) for impairment, and recognize any impairment losses in accordance with the impairment guidance for financial instruments. As such, net investments in leases may be reduced by a recognized allowance for credit losses, with changes recognized as provision expense.

For leased equipment, the residual component of a direct financing lease represents the estimated fair value of the leased equipment at the end of the lease term. Huntington uses industry data, historical experience, and independent appraisals to establish these residual value estimates. Additional information regarding product life cycle, product upgrades, as well as insight into competing products are obtained through relationships with industry contacts and are factored into residual value estimates where applicable.

Loans Held for Sale — Loans in which Huntington does not have the intent and ability to hold for the foreseeable future are classified as loans held for sale. Loans held for sale are carried at (a) the lower of cost or fair value less cost to sell, or (b) fair value where the fair value option is elected. The fair value option is generally elected for mortgage loans held for sale to facilitate hedging of the loans. The fair value of such loans is estimated based on the inputs that include prices of mortgage backed securities adjusted for other variables such as, interest rates, expected credit defaults and market discount rates. The adjusted value reflects the price we expect to receive from the sale of such loans.

Nonaccrual and Past Due Loans — Loans are considered past due when the contractual amounts due with respect to principal and interest are not received within 30 days of the contractual due date.

Any loan in any portfolio may be placed on nonaccrual status prior to the policies described below when collection of principal or interest is in doubt. When a borrower with debt is discharged in a Chapter 7 bankruptcy and not reaffirmed by the borrower, the loan is determined to be collateral dependent and placed on nonaccrual status, unless there is a co-borrower or the repayment is likely to occur based on objective evidence.

Table of Contents

All classes within the C&I and CRE portfolios are placed on nonaccrual status at 90-days past due. First-lien home equity loans are placed on nonaccrual status at 150-days past due. Junior-lien home equity loans are placed on nonaccrual status at the earlier of 120-days past due or when the related first-lien loan has been identified as nonaccrual. Automobile, RV and marine finance and other consumer loans are placed on non-accrual, if not charged off, when the loan is 120-days past due. Residential mortgage loans are placed on nonaccrual status at 150-days past due, with the exception of residential mortgages guaranteed by government agencies which continue to accrue interest at the rate guaranteed by the government agency.

For all classes within all loan portfolios, when a loan is placed on nonaccrual status, any accrued interest income, to the extent it is recognized in the current year, is reversed and charged to interest income, and prior year amounts in interest accrued are charged-off as a credit loss.

For all classes within all loan portfolios, cash receipts on NALs are applied against principal until the loan or lease has been collected in full, including the charged-off portion, after which time any additional cash receipts are recognized as interest income. However, for secured non-reaffirmed debt in a Chapter 7 bankruptcy, payments are applied to principal and interest when the borrower has demonstrated a capacity to continue payment of the debt and collection of the debt is reasonably assured. For unsecured non-reaffirmed debt in a Chapter 7 bankruptcy where the carrying value has been fully charged-off, payments are recorded as loan recoveries.

Within the C&I and CRE portfolios, the determination of a borrower's ability to make the required principal and interest payments is based on an examination of the borrower's current financial statements, industry, management capabilities, and other qualitative measures. For all classes within the consumer loan portfolio, the determination of a borrower's ability to make the required principal and interest payments is based on multiple factors, including number of days past due and, in some instances, an evaluation of the borrower's financial condition. When, in management's judgment, the borrower's ability to make required principal and interest payments resumes and collectability is no longer in doubt, supported by sustained repayment history, the loan is returned to accrual status. For these loans that have been returned to accrual status, cash receipts are applied according to the contractual terms of the loan.

Allowance for Credit Losses — Huntington maintains two reserves, both of which reflect management's judgment regarding the appropriate level necessary to absorb credit losses inherent in our loan and lease portfolio: the ALLL and the AULC. Combined, these reserves comprise the total ACL. *The determination of the ACL requires significant estimates, including the timing and amounts of expected future cash flows on impaired loans and leases, consideration of current economic conditions, and historical loss experience pertaining to pools of homogeneous loans and leases, all of which may be susceptible to change.*

The appropriateness of the ACL is based on management's current judgments about the credit quality of the loan portfolio. These judgments consider on-going evaluations of the loan and lease portfolio, including such factors as the differing economic risks associated with each loan category, the financial condition of specific borrowers, the level of delinquent loans, the value of any collateral and, where applicable, the existence of any guarantees or other documented support. Further, management evaluates the impact of changes in interest rates and overall economic conditions on the ability of borrowers to meet their financial obligations when quantifying our exposure to credit losses and assessing the appropriateness of our ACL at each reporting date.

The ALLL consists of two components: (1) the transaction reserve and (2) the general reserve. The transaction reserve component includes both (1) an estimate of loss based on pools of commercial and consumer loans and leases with similar characteristics and (2) an estimate of loss based on an impairment review of each impaired C&I and CRE loan where obligor balance is greater than \$1 million. For the C&I and CRE portfolios, the estimate of loss based on pools of loans and leases with similar characteristics is made by applying PD and LGD factors to each individual loan based on a regularly updated loan grade, using a standardized loan grading system. The PD and LGD factors are determined for each loan grade using statistical models based on historical performance data. The PD factor considers on-going reviews of the financial performance of the specific borrower, including cash flow, debt-service coverage ratio, earnings power, debt level, and equity position, in conjunction with an assessment of the borrower's industry and future prospects. The LGD factor considers analysis of the type of collateral and the relative LTV ratio. These reserve factors are developed based on credit migration models that track historical movements of loans between loan ratings over time and a combination of long-term average loss experience of our own portfolio and external industry data.

In the case of more homogeneous portfolios, such as automobile loans, home equity loans, and residential mortgage loans, the determination of the transaction reserve also incorporates PD and LGD factors. The estimate of loss is based on pools of loans and leases with similar characteristics. The PD factor considers current credit scores unless the account is delinquent, in which case a higher PD factor is used driven by the associated delinquency status. The credit score provides a basis for understanding the borrower's past and current payment performance, and this information is used to estimate expected losses over the emergence period. The performance of first-lien loans ahead of our junior-lien loans is available to use as part of our updated score process. The LGD factor considers analysis of the type of collateral and the relative LTV ratio. Credit scores, models, analyses, and other factors used to determine both the PD and LGD factors are updated frequently to capture the recent behavioral characteristics of the subject portfolios, as well as any changes in loss mitigation or credit origination strategies, and adjustments to the reserve factors are made as required.

Table of Contents

The general reserve consists of various risk-profile reserve components. The risk-profile components consider items unique to our structure, policies, processes, and portfolio composition, as well as qualitative measurements and assessments of the loan portfolios including, but not limited to, concentrations, portfolio composition, industry comparisons, and internal review functions.

The estimate for the AULC is determined using the same procedures and methodologies as used for the ALLL. The loss factors used in the AULC are the same as the loss factors used in the ALLL while also considering historical utilization of unused commitments. The AULC is recorded in other liabilities in the Consolidated Balance Sheets.

Charge-off of Uncollectible Loans — Any loan in any portfolio may be charged-off prior to the policies described below if a loss confirming event has occurred. Loss confirming events include, but are not limited to, bankruptcy (unsecured), continued delinquency, foreclosure, or receipt of an asset valuation indicating a collateral deficiency and that asset is the sole source of repayment. Additionally, discharged, collateral dependent non-reaffirmed debt in Chapter 7 bankruptcy filings will result in a charge-off to estimated collateral value, less anticipated selling costs, unless the repayment is likely to occur based on objective evidence.

C&I and CRE loans are generally either charged-off or written down to net realizable value at 90-days past due. Automobile, RV and marine finance and other consumer loans are generally charged-off at 120-days past due. First-lien and junior-lien home equity loans are charged-off to the estimated fair value of the collateral, less anticipated selling costs, at 150-days past due and 120-days past due, respectively. Residential mortgages are charged-off to the estimated fair value of the collateral at 150-days past due.

Impaired Loans — For all classes within the C&I and CRE portfolios, loans with an obligor balance of \$1 million or greater are evaluated on a quarterly basis for impairment. Except for TDRs, consumer loans within any class are generally not individually evaluated on a regular basis for impairment. All TDRs, regardless of the outstanding balance amount, are also considered to be impaired. Loans acquired with evidence of deterioration in credit quality since origination for which it is probable at acquisition that all contractually required payments will not be collected are also considered to be impaired.

Once a loan has been identified for an assessment of impairment, the loan is considered impaired when, based on current information and events, it is probable that all amounts due according to the contractual terms of the loan agreement will not be collected. This determination requires significant judgment and use of estimates, and the eventual outcome may differ significantly from those estimates.

When a loan in any class has been determined to be impaired, the amount of the impairment is measured using the present value of expected future cash flows discounted at the loan's effective interest rate or, as a practical expedient, the observable market price of the loan, or the fair value of the collateral, less anticipated selling costs, if the loan is collateral dependent. A specific reserve is established as a component of the ALLL when a loan has been determined to be impaired. Subsequent to the initial measurement of impairment, if there is a significant change to the impaired loan's expected future cash flows, or if actual cash flows are significantly different from the cash flows previously estimated, Huntington recalculates the impairment and appropriately adjusts the specific reserve. Similarly, if Huntington measures impairment based on the observable market price of an impaired loan or the fair value of the collateral of an impaired collateral dependent loan, Huntington will adjust the specific reserve as appropriate.

When a loan within any class is impaired, the accrual of interest income is discontinued unless the receipt of principal and interest is no longer in doubt. Interest income on TDRs is accrued when all principal and interest is expected to be collected under the post-modification terms. Cash receipts on nonaccruing impaired loans within any class are generally applied entirely against principal until the loan has been collected in full (including any portion charged-off) or the loan is deemed current, after which time any additional cash receipts are recognized as interest income. Cash receipts on accruing impaired loans within any class are applied in the same manner as accruing loans that are not considered impaired.

Collateral — We pledge assets as collateral as required for various transactions including security repurchase agreements, public deposits, loan notes, derivative financial instruments, short-term borrowings and long-term borrowings. Assets that have been pledged as collateral, including those that can be sold or repledged by the secured party, continue to be reported on our Consolidated Balance Sheets.

We also accept collateral, primarily as part of various transactions including derivative instruments and security resale agreements. Collateral accepted by us, including collateral that we can sell or repledge, is excluded from our Consolidated Balance Sheets.

The market value of collateral we have accepted or pledged is regularly monitored and additional collateral is obtained or provided as necessary to ensure appropriate collateral coverage in these transactions.

Premises and Equipment — Premises and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation is computed principally by the straight-line method over the estimated useful lives of the related assets. Buildings and building improvements are depreciated over an average of 30 to 40 years and 10 to 30 years, respectively. Land improvements and furniture and fixtures are depreciated over an average of 5 to 20 years, while equipment is depreciated over a range of 3 to 10 years. Leasehold improvements are amortized over the lesser of the asset's useful life or the lease term, including any renewal periods for which renewal is reasonably assured. Maintenance and repairs are charged to expense as incurred, while improvements that extend the useful life of an asset are capitalized and depreciated over the remaining useful life. Amounts in premises and equipment may

Table of Contents

include items classified as held-for-sale, which are carried at lower of cost or fair value, less costs to sell. Premises and equipment is evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable.

Mortgage Servicing Rights — Huntington recognizes the rights to service mortgage loans as an asset when servicing is contractually separated from the underlying mortgage loans by sale or securitization of the loans with servicing rights retained or when purchased. MSR's are included in servicing rights and other intangible assets in the Consolidated Balance Sheets.

For loan sales with servicing retained, a servicing asset is recorded on the day of the sale at fair value for the right to service the loans sold. To determine the fair value of a MSR, Huntington uses an option adjusted spread cash flow analysis incorporating market implied forward interest rates to estimate the future direction of mortgage and market interest rates. The forward rates utilized are derived from the current yield curve for U.S. dollar interest rate swaps and are consistent with pricing of capital markets instruments. The current and projected mortgage interest rate influences the prepayment rate and, therefore, the timing and magnitude of the cash flows associated with the MSR. Servicing revenues on mortgage loans are included in mortgage banking income.

At the time of initial capitalization, MSR's may be grouped into servicing classes based on the availability of market inputs used in determining fair value and the method used for managing the risks of the servicing assets. MSR assets are recorded using the fair value method or the amortization method. The election of the fair value or amortization method is made at the time each servicing class is established. All newly created MSR's since 2009 were recorded using the amortization method. Any change in the fair value of MSR's carried under the fair value method, as well as amortization and impairment of MSR's under the amortization method, during the period is recorded in mortgage banking income. Huntington economically hedges the value of certain MSR's using derivative instruments and trading securities. Changes in fair value of these derivatives and trading securities are reported as a component of mortgage banking income.

Goodwill and Other Intangible Assets — Under the acquisition method of accounting, the net assets of entities acquired by Huntington are recorded at their estimated fair value at the date of acquisition. The excess cost of consideration paid over the fair value of net assets acquired is recorded as goodwill. Other intangible assets with finite useful lives are amortized either on an accelerated or straight-line basis over their estimated useful lives. Goodwill is evaluated for impairment on an annual basis at October 1st of each year or whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Other intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable.

Derivative Financial Instruments — A variety of derivative financial instruments, principally interest rate swaps, caps, floors, and collars, are used in asset and liability management activities to protect against the risk of adverse price or interest rate movements. These instruments provide flexibility in adjusting Huntington's sensitivity to changes in interest rates without exposure to loss of principal and higher funding requirements.

Huntington also uses derivatives, principally loan sale commitments, in hedging its mortgage loan interest rate lock commitments and its mortgage loans held for sale. Mortgage loan sale commitments and the related interest rate lock commitments are carried at fair value on the Consolidated Balance Sheets with changes in fair value reflected in mortgage banking income. Huntington also uses certain derivative financial instruments to offset changes in value of its MSR's. These derivatives consist primarily of forward interest rate agreements and forward mortgage contracts. The derivative instruments used are not designated as qualifying hedges. Accordingly, such derivatives are recorded at fair value with changes in fair value reflected in mortgage banking income.

Derivative financial instruments are recorded in the Consolidated Balance Sheets as either an asset or a liability (in other assets or other liabilities, respectively) and measured at fair value. On the date a derivative contract is entered into, we designate it as either:

- a qualifying hedge of the fair value of a recognized asset or liability or of an unrecognized firm commitment (fair value hedge);
- a qualifying hedge of the variability of cash flows to be received or paid related to a recognized asset liability or forecasted transaction (cash flow hedge); or
- a trading instrument or a non-qualifying (economic) hedge.

Changes in the fair value of a derivative that has been designated and qualifies as a fair value hedge, along with the changes in the fair value of the hedged asset or liability that is attributable to the hedged risk, are recorded in current period earnings. Changes in the fair value of a derivative that has been designated and qualifies as a cash flow hedge are recorded in accumulated other comprehensive income, net of income taxes, and reclassified into earnings in the period during which the hedged item affects earnings. Changes in the fair value of derivatives held for trading purposes or which do not qualify for hedge accounting are reported in current period earnings.

For those derivatives to which hedge accounting is applied, Huntington formally documents the hedging relationship and the risk management objective and strategy for undertaking the hedge. This documentation identifies the hedging instrument, the hedged item or transaction, the nature of the risk being hedged, and, unless the hedge meets all of the criteria to assume there is no ineffectiveness, the method that will be used to assess the effectiveness of the hedging instrument and how ineffectiveness will be

Table of Contents

measured. The methods utilized to assess retrospective hedge effectiveness, as well as the frequency of testing, vary based on the type of item being hedged and the designated hedge period. For specifically designated fair value hedges of certain fixed-rate debt, Huntington utilizes the short-cut method when certain criteria are met. For other fair value hedges of fixed-rate debt, Huntington utilizes the regression method to evaluate hedge effectiveness on a quarterly basis.

Hedge accounting is discontinued prospectively when:

- the derivative is no longer effective or expected to be effective in offsetting changes in the fair value or cash flows of a hedged item (including firm commitments or forecasted transactions);
- the derivative expires or is sold, terminated, or exercised;
- the forecasted transaction is no longer probable of occurring;
- the hedged firm commitment no longer meets the definition of a firm commitment; or
- the designation of the derivative as a hedging instrument is removed.

When hedge accounting is discontinued and the derivative no longer qualifies as an effective fair value or cash flow hedge, the derivative continues to be carried on the balance sheet at fair value.

In the case of a discontinued fair value hedge of a recognized asset or liability, as long as the hedged item continues to exist on the balance sheet, the hedged item will no longer be adjusted for changes in fair value. The basis adjustment that had previously been recorded to the hedged item during the period from the hedge designation date to the hedge discontinuation date is recognized as an adjustment to the yield of the hedged item over the remaining life of the hedged item.

In the case of a discontinued cash flow hedge of a recognized asset or liability, as long as the hedged item continues to exist on the balance sheet, the changes in fair value of the hedging derivative will no longer be recorded to other comprehensive income. The balance applicable to the discontinued hedging relationship will be recognized in earnings over the remaining life of the hedged item as an adjustment to yield. If the discontinued hedged item was a forecasted transaction that is not expected to occur, any amounts recorded on the balance sheet related to the hedged item, including any amounts recorded in accumulated other comprehensive income, are immediately reclassified to current period earnings.

In the case of either a fair value hedge or a cash flow hedge, if the previously hedged item is sold or extinguished, the basis adjustment to the underlying asset or liability or any remaining unamortized AOCI balance will be recognized in the current period earnings.

In all other situations in which hedge accounting is discontinued, the derivative will be carried at fair value on the consolidated balance sheets, with changes in its fair value recognized in current period earnings unless re-designated as a qualifying hedge.

Like other financial instruments, derivatives contain an element of credit risk, which is the possibility that Huntington will incur a loss because the counterparty fails to meet its contractual obligations. Notional values of interest rate swaps and other off-balance sheet financial instruments significantly exceed the credit risk associated with these instruments and represent contractual balances on which calculations of amounts to be exchanged are based. Credit exposure is limited to the sum of the aggregate fair value of positions that have become favorable to Huntington, including any accrued interest receivable due from counterparties. Potential credit losses are mitigated through careful evaluation of counterparty credit standing, selection of counterparties from a limited group of high quality institutions, collateral agreements, and other contract provisions. Huntington considers the value of collateral held and collateral provided in determining the net carrying value of derivatives.

Huntington offsets the fair value amounts recognized for derivative instruments and the fair value for the right to reclaim cash collateral or the obligation to return cash collateral arising from derivative instrument(s) recognized at fair value executed with the same counterparty under a master netting arrangement.

Fair Value Measurements — The Company records or discloses certain of its assets and liabilities at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are classified within one of three levels in a valuation hierarchy based upon the observability of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- *Level 1* — inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- *Level 2* — inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- *Level 3* — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Bank Owned Life Insurance — Huntington's bank owned life insurance policies are recorded at their cash surrender value. Huntington recognizes tax-exempt income from the periodic increases in the cash surrender value of these policies and from death

benefits. A portion of the cash surrender value is supported by holdings in separate accounts. Book value protection for the separate accounts is provided by the insurance carriers and a highly rated major bank.

Transfers of Financial Assets and Securitizations — Transfers of financial assets in which we have surrendered control over the transferred assets are accounted for as sales. In assessing whether control has been surrendered, we consider whether the transferee would be a consolidated affiliate, the existence and extent of any continuing involvement in the transferred financial assets, and the impact of all arrangements or agreements made contemporaneously with, or in contemplation of, the transfer, even if they were not entered into at the time of transfer. Control is generally considered to have been surrendered when (i) the transferred assets have been legally isolated from us or any of our consolidated affiliates, even in bankruptcy or other receivership, (ii) the transferee (or, if the transferee is an entity whose sole purpose is to engage in securitization or asset-backed financing that is constrained from pledging or exchanging the assets it receives, each third-party holder of its beneficial interests) has the right to pledge or exchange the assets (or beneficial interests) it received without any constraints that provide more than a trivial benefit to us, and (iii) neither we nor our consolidated affiliates and agents have (a) both the right and obligation under any agreement to repurchase or redeem the transferred assets before their maturity, (b) the unilateral ability to cause the holder to return specific financial assets that also provides us with a more-than-trivial benefit (other than through a cleanup call) or (c) an agreement that permits the transferee to require us to repurchase the transferred assets at a price so favorable that it is probable that it will require us to repurchase them.

If the sale criteria are met, the transferred financial assets are removed from our balance sheet and a gain or loss on sale is recognized. If the sale criteria are not met, the transfer is recorded as a secured borrowing in which the assets remain on our balance sheet and the proceeds from the transaction are recognized as a liability. For the majority of financial asset transfers, it is clear whether or not we have surrendered control. For other transfers, such as in the case of complex transactions or where we have continuing involvement, we generally obtain a legal opinion as to whether the transfer results in a true sale by law.

Gains and losses on the loans and leases sold and servicing rights associated with loan and lease sales are determined when the related loans or leases are sold to either a securitization trust or third-party. For loan or lease sales with servicing retained, a servicing asset is recorded at fair value for the right to service the loans sold.

Pension and Other Postretirement Benefits — Huntington recognizes the funded status of the postretirement benefit plans on the Consolidated Balance Sheets. Net postretirement benefit cost charged to current earnings related to these plans is predominantly based on various actuarial assumptions regarding expected future experience.

Certain employees are participants in various defined contribution and other non-qualified supplemental retirement plans. Contributions to defined contribution plans are charged to current earnings.

In addition, we maintain a 401(k) plan covering substantially all employees. Employer contributions to the plan are charged to current earnings.

Noninterest Income — Huntington recognizes revenue when the performance obligations related to the transfer of goods or services under the terms of a contract are satisfied. Some obligations are satisfied at a point in time while others are satisfied over a period of time. Revenue is recognized as the amount of consideration to which Huntington expects to be entitled to in exchange for transferring goods or services to a customer. When consideration includes a variable component, the amount of consideration attributable to variability is included in the transaction price only to the extent it is probable that significant revenue recognized will not be reversed when uncertainty associated with the variable consideration is subsequently resolved. Generally, the variability relating to the consideration is explicitly stated in the contracts, but may also arise from Huntington's customer business practice, for example, waiving certain fees related to customer's deposit accounts such as NSF fees. Huntington's contracts generally do not contain terms that require significant judgement to determine the variability impacting the transaction price.

Revenue is segregated based on the nature of product and services offered as part of contractual arrangements. Revenue from contracts with customers is broadly segregated as follows:

- *Service charges on deposit accounts* include fees and other charges Huntington receives to provide various services, including but not limited to, maintaining an account with a customer, providing overdraft services, wire transfer, transferring funds, and accepting and executing stop-payment orders. The consideration includes both fixed (e.g., account maintenance fee) and transaction fees (e.g., wire-transfer fee). The fixed fee is recognized over a period of time while the transaction fee is recognized when a specific service (e.g., execution of wire-transfer) is rendered to the customer. Huntington may, from time to time, waive certain fees (e.g., NSF fee) for customers but generally does not reduce the transaction price to reflect variability for future reversals due to the insignificance of the amounts. Waiver of fees reduces the revenue in the period the waiver is granted to the customer.
- *Card and payment processing income* includes interchange fees earned on debit cards and credit cards. All other fees (e.g., annual fees), and interest income are recognized in accordance with ASC 310. Huntington recognizes interchange fees for services performed related to authorization and settlement of a cardholder's transaction with a merchant. Revenue is recognized when a cardholder's transaction is approved and settled. The revenue may be constrained due to inherent uncertainty related to cardholder's right to return goods and services but as the uncertainty is resolved within a short period of time (generally within 30 days) interchange revenue is reduced by the amount of returns in the period the return is made by the customer.

Table of Contents

Certain volume or transaction based interchange expenses (net of rebates) paid to the payment network reduce the interchange revenue and are presented net on the income statement. Similarly, rewards payable under a reward program to cardholders are recognized as a reduction of the transaction price and are presented net against the interchange revenue.

- *Trust and investment management services* includes fee income generated from personal, corporate and institutional customers. Huntington also provides investment management services, cash management services and tax reporting to customers. Services are rendered over a period of time, over which revenue is recognized. Huntington may also recognize revenue from referring a customer to outside third-parties including mutual fund companies that pay distribution (12b-1) fees and other expenses. 12b-1 fees are received upon initially placing account holder's funds with a mutual fund company as well as in the future periods as long as the account holder (i.e., the fund investor), remains invested in the fund. The transaction price includes variable consideration which is considered constrained as it is not probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur. Accordingly, those fees are recognized as revenue when the uncertainty associated with the variable consideration is subsequently resolved, that is, initial fees are recognized in the initial period while the future fees are recognized in future periods.
- *Insurance income* includes agency commissions that are recognized when Huntington sells insurance policies to customers. Huntington is also entitled to renewal commissions and, in some cases, profit sharing which are recognized in subsequent periods. The initial commission is recognized when the insurance policy is sold to a customer. Renewal commission is variable consideration and is recognized in subsequent periods when the uncertainty around variable consideration is subsequently resolved (i.e., when customer renews the policy). Profit sharing is also a variable consideration that is not recognized until the variability surrounding realization of revenue is resolved (i.e., Huntington has reached a minimum volume of sales). Another source of variability is the ability of the policy holder to cancel the policy anytime. In such cases, Huntington may be required, under the terms of the contract, to return part of the commission received. A policy cancellation reserve is established for such expected cancellations.
- *Other noninterest income* includes a variety of other revenue streams including capital markets revenue, miscellaneous consumer fees and marketing allowance revenue. Revenue is recognized when, or as, a performance obligation is satisfied. Inherent variability in the transaction price is not recognized until the uncertainty affecting the variability is resolved.

Control is transferred to a customer either at a point in time or over time. A performance obligation is deemed satisfied when the control over goods or services is transferred to the customer. To determine when control is transferred at a point in time, Huntington considers indicators, including but not limited to the right to payment for the asset, transfer of significant risk and rewards of ownership of the asset and acceptance of the asset by the customer. When control is transferred over a period of time, for different performance obligations, either the input or output method is used to determine the progress. The measure of progress used to assess completion of the performance obligation varies between performance obligations and may be based on time throughout the period of service or on the value of goods and services transferred to the customer. As each distinct service or activity is performed, Huntington transfers control to the customer based on the services performed as the customer simultaneously receives the benefits of those services. This timing of revenue recognition aligns with the resolution of any uncertainty related to variable consideration. Costs to obtain a revenue producing contract are expensed when incurred as a practical expedient as the contractual period for majority of contracts is one year or less.

Revenue is recorded in the business segment responsible for the related product or service. Fee sharing arrangements exist to allocate portions of such revenue to other business segments involved in selling to, or providing service to, customers. Business segment results are determined based upon management's reporting system, which assigns balance sheet and income statement items to each of the business segments. The process is designed around Huntington's organizational and management structure and, accordingly, the results derived are not necessarily comparable with similar information published by other financial institutions.

Income Taxes — Income taxes are accounted for under the asset and liability method. Accordingly, deferred tax assets and liabilities are recognized for the future book and tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are determined using enacted tax rates expected to apply in the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income at the time of enactment of such change in tax rates.

Any interest or penalties due for payment of income taxes are included in the provision for income taxes. To the extent we do not consider it more likely than not that a deferred tax asset will be recovered, a valuation allowance is recorded. All positive and negative evidence is reviewed when determining how much of a valuation allowance is recognized on a quarterly basis. In determining the requirements for a valuation allowance, sources of possible taxable income are evaluated including future reversals of existing taxable temporary differences, future taxable income exclusive of reversing temporary differences and carryforwards, taxable income in appropriate carryback years, and tax-planning strategies. Huntington applies a more likely than not recognition threshold for all tax uncertainties.

Share-Based Compensation — Huntington uses the fair value based method of accounting for awards of HIBAN stock granted to employees under various share-based compensation plans. Share-based compensation costs are recognized prospectively for all

Table of Contents

new awards granted under these plans. Compensation expense relating to stock options is calculated using a methodology that is based on the underlying assumptions of the Black-Scholes option pricing model and is charged to expense over the requisite service period (e.g., vesting period). Compensation expense relating to restricted stock awards is based upon the fair value of the awards on the date of grant and is charged to earnings over the requisite service period (e.g., vesting period) of the award.

Stock Repurchases — Acquisitions of Huntington stock are recorded at cost.

Segment Results — Accounting policies for the business segments are the same as those used in the preparation of the Consolidated Financial Statements with respect to activities specifically attributable to each business segment. However, the preparation of business segment results requires management to establish methodologies to allocate funding costs and benefits, expenses, and other financial elements to each business segment, which are described in Note 23.

2. ACCOUNTING STANDARDS UPDATE

Accounting standards adopted in current period

Standard	Summary of guidance	Effects on financial statements
ASU 2014-09 - Revenue from Contracts with Customers (Topic 606). Issued May 2014	<ul style="list-style-type: none"> - Topic 606 supersedes the revenue recognition requirements in Topic 605, Revenue Recognition, and most industry-specific guidance. - Requires an entity to recognize revenue upon the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. - Also requires additional qualitative and quantitative disclosures relating to the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. - Guidance sets forth a five step approach for revenue recognition. 	<ul style="list-style-type: none"> - Huntington adopted the new guidance on January 1, 2018 using the modified retrospective approach. - The update did not have a material impact on Huntington's Consolidated Financial Statements. - See Note 13 for further detail impact on adoption
ASU 2016-01 - Recognition and Measurement of Financial Assets and Financial Liabilities. Issued January 2016	<ul style="list-style-type: none"> - Makes targeted improvements related to certain aspects of recognition, measurement, presentation and disclosures for financial instruments including requiring an entity to: <ol style="list-style-type: none"> (a) Measure its equity investments with changes in the fair value recognized in the income statement (b) Present separately in OCI the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments (i.e., FVO liability). (c) Use the exit price notion when measuring the fair value of financial instruments for disclosure purposes. (d) Assess deferred tax assets related to a net unrealized loss on AFS securities in combination with the entity's other deferred tax assets. 	<ul style="list-style-type: none"> - Huntington adopted the new guidance on January 1, 2018 using the modified retrospective approach. - Amendments were applied as a cumulative-effect adjustment to the balance sheet as of January 1, 2018. - Huntington reclassified \$19 million of equity securities from AFS Securities to Other Securities on the Consolidated Balance Sheets and reclassified unrealized gains of \$1 million from AOCI to Retained Earnings. Prior periods have been adjusted to present these securities as Other Securities to facilitate comparison.
ASU 2016-15 - Classification of Certain Cash Receipts and Cash Payments. Issued August 2016	<ul style="list-style-type: none"> - Clarifies guidance on the classification of certain cash receipts and payments in the statement of cash flows. - Provides consistent principles for evaluating the classification of cash payments and receipts in the statement of cash flows to reduce diversity in practice with respect to several types of cash flows. 	<ul style="list-style-type: none"> - Huntington adopted the new guidance on January 1, 2018. - The update did not have a material impact on Huntington's Consolidated Financial Statements.
ASU 2017-07 - Improving the Presentation of Net Periodic Pension Cost and Periodic Postretirement Benefit Cost. Issued March 2017	<ul style="list-style-type: none"> - Requires that an employer report the service cost component of the pension cost and postretirement benefit cost in the same line items as other compensation costs arising from services rendered by the pertinent employees during the period. - Other components of the net benefit cost should be presented or disclosed separately from the service cost component in the income statement. 	<ul style="list-style-type: none"> - Huntington adopted the new guidance on January 1, 2018. - The update did not have a material impact on Huntington's Consolidated Financial Statements.

Table of Contents

Standard	Summary of guidance	Effects on financial statements
ASU 2017-09 - Stock Compensation Modification Accounting. Issued May 2017	<ul style="list-style-type: none"> - Reduces the current diversity in practice and provides explicit guidance pertaining to the provisions of modification accounting - Clarifies that an entity should account for effects of modification unless the fair value, vesting conditions and the classification of the modified award are the same as the original awards immediately before the original award is modified. 	<ul style="list-style-type: none"> - Huntington adopted the new guidance on January 1, 2018. - The update did not have a material impact on Huntington's Consolidated Financial Statements.
ASU 2017-12 - Derivatives and Hedging - Targeted Improvements to Accounting for Hedging Activities. Issued August 2017	<ul style="list-style-type: none"> - Aligns the entity's risk management activities and financial reporting for hedging relationships. - Requires an entity to present the earnings effect of the hedging instrument in the same income statement line item in which the earnings effect of the hedged item is reported. - Refines measurement techniques for hedges of benchmark interest rate risk. - Eliminates the separate measurement and reporting of hedge ineffectiveness. - Allows stated amount of assets in a closed portfolio to be fair value hedged by excluding proportion of hedged item related to prepayments, defaults and other events. - Eases hedge effectiveness testing including an option to perform qualitative testing. 	<ul style="list-style-type: none"> - For cash flow and net investment hedges, the cumulative-effect adjustment related to eliminating the separate measurement of ineffectiveness should be recognized in AOCI with a corresponding adjustment to retained earnings. - Huntington adopted the new guidance on January 1, 2018. Except as mentioned in the paragraph below, the update did not have a material impact on Huntington's Consolidated Financial Statements. - Huntington reclassified \$2.8 billion securities eligible to be hedged under the last-of-layer method from held-to-maturity to available-for-sale and recognized \$26 million of fair value loss (net of tax) within OCI.
ASU 2018-13 - Fair Value Measurement (Topic 820). Issued August 2018	<ul style="list-style-type: none"> - Modifies the disclosure requirements on fair value measurements. - Removes disclosures for transfers between Level 1 and Level 2, the policy for timing of transfers between levels, and the valuation processes for Level 3 fair value measurements. - Clarifies that the information about uncertainty in measurement in uncertainty disclosure should be as of the reporting date. - Adds disclosures related to (a) changes in unrealized gains/losses in OCI for Level 3 fair value measurements for assets held at the end of the reporting period, and (b) the process of calculating weighted average for significant unobservable inputs used to develop Level 3 fair value measurements 	<ul style="list-style-type: none"> - Effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years with early adoption permitted. - Huntington early adopted the guidance effective 4Q 2018. The amendment did not have a material impact on Huntington's Consolidated Financial Statements.
ASU 2018-14 - Compensation - Retirement Benefits - Defined Benefit Plans. Issued August 2018	<ul style="list-style-type: none"> - Modifies the disclosure requirements for defined benefit pension plans. - Removes disclosures pertaining to (a) the amounts of AOCI expected to be recognized as pension costs over the next fiscal year, (b) the amount and timing of plan assets expected to be returned to the employer, and (c) the effect of one-percentage-point change in the assumed health care trends on (i) service and interest cost and (ii) postretirement health care benefit obligation. - Adds a new disclosure requiring an explanation of the reasons for significant gains and losses related to changes in the benefit obligation for the period. 	<ul style="list-style-type: none"> - Effective retrospectively for fiscal years beginning after December 15, 2020 and interim periods within those fiscal years with early adoption permitted. - Huntington early adopted the guidance effective 4Q 2018. The amendment did not have a material impact on the Huntington's Consolidated Financial Statements.

Table of Contents

Standard	Summary of guidance	Effects on financial statements
ASU 2018-15 - Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract. Issued August 2018	<ul style="list-style-type: none"> - Aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software as well as with hosting arrangements that include an internal-use software license. - Requires the entity to expense the capitalized implementation costs of a hosting arrangement over the term of the hosting arrangement. - Requires the entity to present the expense related to implementation costs in the same statement of income line and statement of cash flows line where the fees for the service contract is recognized for respective statements. 	<ul style="list-style-type: none"> - Effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years with early adoption permitted. - Huntington early adopted the guidance effective 3Q 2018. The update did not have a material impact on Huntington's Consolidated Financial Statements as the guidance was consistent with Huntington's existing accounting treatment for such arrangements.

Accounting standards yet to be adopted

Standard	Summary of guidance	Effects on financial statements
ASU 2016-02 - Leases. Issued February 2016	<ul style="list-style-type: none"> - New lease accounting model for lessees and lessors. For lessees, virtually all leases will be required to be recognized on the balance sheet by recording a right-of-use asset and lease liability. Subsequent accounting for leases varies depending on whether the lease is classified as an operating lease or a finance lease. Impact to the income statement is not expected to be material. - Accounting applied by a lessor is largely unchanged from that applied under the existing guidance. - Requires additional qualitative and quantitative disclosures with the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. 	<ul style="list-style-type: none"> - Effective for the fiscal period beginning after December 15, 2018, with early application permitted. - Management adopted the guidance on January 1, 2019, and elected certain practical expedients offered by the FASB, including foregoing the restatement of comparative periods upon adoption. Management also excluded short-term leases from the recognition of right-of-use asset and lease liabilities. Additionally, Huntington elected the transition relief allowed by FASB in foregoing the reassessment of the following: whether any existing contracts were or contained leases, the classification of existing leases, and the determination of initial direct costs for existing leases. - Huntington expects to recognize right-of-use assets and lease liabilities of approximately \$225 million, representing substantially all of its operating lease commitments. This estimate is based, primarily, on the present value of unpaid future minimum lease payments. Additionally, that amount is impacted by assumptions around renewals and/or extensions, and the interest rate used to discount those future lease obligations. - Existing sale and leaseback guidance, including the detailed guidance applicable to sale-leasebacks of real estate, was replaced with a new model applicable to all assets, which will apply equally to both lessees and lessors. Under the new standard, if the transaction meets sale criteria, the seller-lessee will recognize the sale based on the new revenue recognition standard when control transfers to the buyer-lessor, derecognizing the asset sold and replacing it with a right-of-use asset and lease liability for the leaseback. If the transaction is at fair value, the seller-lessee shall recognize a gain or loss on sale at that time. - Costs related to exiting an operating lease before the end of its contractual term have been historically accounted for pursuant to ASC 420, with the recognition of a liability measured at the present value of remaining lease payments reduced by any expected sublease income upon the exit of that space. ASC 842 changed the accounting for such costs, with entities evaluating the impairment of right-of-use assets using the guidance in ASC 360. Such an impairment analysis would occur once the entity commits to a plan to abandon the space, and thus may accelerate the timing of these costs. - The new standard defines initial direct costs as those that would not have been incurred if the lease had not been obtained. Certain incremental costs previously eligible for capitalization, such as internal overhead, will now be expensed.
ASU 2016-13 - Financial Instruments - Credit Losses. Issued June 2016	<ul style="list-style-type: none"> - Eliminates the probable recognition threshold for credit losses on financial assets measured at amortized cost. - Requires those financial assets to be presented at the net amount expected to be collected (i.e., net of expected credit losses). - Measurement of expected credit losses should be based on relevant information including historical experience, current conditions, and reasonable and supportable forecasts that affect the collectibility of the reported amount. 	<ul style="list-style-type: none"> - Effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted for fiscal years beginning after December 15, 2018. - Adoption will be applied through a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective. - Management intends to adopt the guidance on January 1, 2020 and has a working group comprised of teams from different disciplines including credit, finance, and risk management to evaluate the requirements of the new standard and the impact it will have on our processes. - Huntington is currently in the process of developing credit models as well as accounting, reporting, and governance processes to comply with the new credit reserve requirements.

Table of Contents

ASU 2017-04 - Simplifying the Test for Goodwill Impairment. Issued January 2017	<ul style="list-style-type: none"> - Simplifies the goodwill impairment test by eliminating Step 2 of the goodwill impairment process, which requires an entity to determine the implied fair value of its goodwill by assigning fair value to all its assets and liabilities. - Entities will instead recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit's fair value. - Entities will still have the option to perform the qualitative assessment for a reporting unit to determine if the quantitative impairment test is necessary. 	<ul style="list-style-type: none"> - Effective for annual and interim goodwill tests performed in fiscal years beginning after December 15, 2019. Early adoption is permitted - The amendment is not expected to have a material impact on Huntington's Consolidated Financial Statements
ASU 2018-16 - Derivatives and Hedging - Inclusion of SOFR as Benchmark Interest Rate for Hedge Accounting Purposes. Issued October 2018	<ul style="list-style-type: none"> - Permits use of the OIS rate based on SOFR as a U.S. benchmark interest rate for hedge accounting purposes under Topic 815 in addition to the U.S. Treasury, the LIBOR swap rate, the OIS rate based on the Fed Funds Effective Rate, and the SIFMA Municipal Swap Rate. 	<ul style="list-style-type: none"> - For public business entities that already have adopted the amendments in ASU 2017-12, the amendments are effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. - The amendments should be adopted on a prospective basis for qualifying new or redesignated hedging relationships entered into on or after the date of adoption. - Huntington will evaluate its risk management and may determine to hedge risk associated with OIS based on SOFR on case-to-case basis.
ASU 2018-20 - Narrow-Scope Improvements for Lessors Issued December 2018	<ul style="list-style-type: none"> - The amendments create a lessor practical expedient applicable to sales and other similar taxes incurred in connection with a lease, and simplify lessor accounting for lessor costs paid by the lessee. - Permits lessors, as an entity-wide accounting policy election, to present sales and other similar taxes that arise from a specific leasing transaction on a net basis. - Requires lessors to present lessor costs paid by the lessee directly to a third party on a net basis – regardless of whether the lessor knows, can determine or can reliably estimate those costs. - Requires lessors to present lessor costs paid by the lessee to the lessor (e.g. through direct reimbursement or as part of the fixed lease payments) on a gross basis 	<ul style="list-style-type: none"> - Effective date coincides with the effective date of ASU 2016-02 for Huntington (fiscal period beginning after December 15, 2018) - Huntington elected to present sales and other similar taxes that arise from specific leasing transactions on a net basis. - Management will present property taxes on a gross basis where such taxes are paid by Huntington and reimbursed by the lessee, and has assessed the impact of that change to Huntington's consolidated financial statements. - The amendment does not have a material impact on Huntington's Consolidated Financial Statements.

3. LOANS / LEASES AND ALLOWANCE FOR CREDIT LOSSES

Loans and leases which Huntington has the intent and ability to hold for the foreseeable future, or until maturity or payoff, are classified in the Consolidated Balance Sheets as loans and leases. The total balance that is recognized against loans and leases pertaining to unamortized premiums, discounts, fees, and costs, was a net premium of \$428 million and \$334 million at December 31, 2018 and 2017, respectively.

Loan and Lease Portfolio Composition

The following table provides a detailed listing of Huntington's loan and lease portfolio at December 31, 2018 and December 31, 2017.

	At December 31,	
	2018	2017
<i>(dollar amounts in millions)</i>		
Loans and leases:		
Commercial and industrial	\$ 30,605	\$ 28,107
Commercial real estate	6,842	7,225
Automobile	12,429	12,100
Home equity	9,722	10,099
Residential mortgage	10,728	9,026
RV and marine finance	3,254	2,438
Other consumer	1,320	1,122
Loans and leases	74,900	70,117
Allowance for loan and lease losses	(772)	(691)
Net loans and leases	<u>\$ 74,128</u>	<u>\$ 69,426</u>

During the fourth quarter of 2018, Huntington announced the sale of its Wisconsin branch banking operations. As a result, \$121 million of loans were transferred to loans held-for-sale on the Consolidated Balance Sheet. The sale is expected to close in the first half of 2019.

Direct Financing Leases

Huntington's loan and lease portfolio includes lease financing receivables consisting of direct financing leases on equipment, which are included in C&I loans. Net investments in lease financing receivables by category at December 31, 2018 and 2017 were as follows:

	At December 31,	
	2018	2017
<i>(dollar amounts in millions)</i>		
Commercial and industrial:		
Lease payments receivable	\$ 1,747	\$ 1,645
Estimated residual value of leased assets	726	755
Gross investment in commercial lease financing receivables	2,473	2,400
Deferred origination costs	20	18
Deferred fees	(250)	(225)
Total net investment in commercial lease financing receivables	<u>\$ 2,243</u>	<u>\$ 2,193</u>

The future lease rental payments due from customers on direct financing leases at December 31, 2018, totaled \$1.7 billion and were due as follows: \$0.6 billion in 2019, \$0.4 billion in 2020, \$0.3 billion in 2021, \$0.2 billion in 2022, \$0.1 billion in 2023, and \$0.1 billion thereafter.

Table of Contents

Nonaccrual and Past Due Loans

The following table presents NALs by loan class at December 31, 2018 and 2017:

<i>(dollar amounts in millions)</i>	December 31,	
	2018	2017
Commercial and industrial	\$ 188	\$ 161
Commercial real estate	15	29
Automobile	5	6
Home equity	62	68
Residential mortgage	69	84
RV and marine finance	1	1
Other consumer	—	—
Total nonaccrual loans	\$ 340	\$ 349

The amount of interest that would have been recorded under the original terms for total NAL loans was \$22 million, \$21 million, and \$24 million for 2018, 2017, and 2016, respectively. The total amount of interest recorded to interest income for these loans was \$12 million, \$18 million, and \$17 million in 2018, 2017, and 2016, respectively.

The following table presents an aging analysis of loans and leases, including past due loans and leases, by loan class at December 31, 2018 and 2017 (1):

<i>(dollar amounts in millions)</i>	December 31, 2018								
	Past Due (1)				Current	Loans Accounted for Under FVO	Total Loans and Leases	90 or more days past due and accruing	
	30-59 Days	60-89 Days	90 or more days	Total					
Commercial and industrial	\$ 72	\$ 17	\$ 51	\$ 140	\$ 30,465	\$ —	\$ 30,605	\$ 7	(2)
Commercial real estate	10	—	5	15	6,827	—	6,842	—	
Automobile	95	19	10	124	12,305	—	12,429	8	
Home equity	51	21	56	128	9,593	1	9,722	17	
Residential mortgage	108	47	168	323	10,327	78	10,728	131	(3)

Allowance for Credit Losses

The following table presents ALLL and AULC activity by portfolio segment for the years ended December 31, 2018, 2017, and 2016:

(dollar amounts in millions)

Year ended December 31, 2018:

	Commercial	Consumer	Total
ALLL balance, beginning of period	\$ 482	\$ 209	\$ 691
Loan charge-offs	(79)	(189)	(268)
Recoveries of loans previously charged-off	65	58	123
Provision for loan and lease losses	74	152	226
ALLL balance, end of period	\$ 542	\$ 230	\$ 772
AULC balance, beginning of period	\$ 84	\$ 3	\$ 87
Provision (reduction in allowance) for unfunded loan commitments and letters of credit	10	(1)	9
AULC balance, end of period	\$ 94	\$ 2	\$ 96
ACL balance, end of period	\$ 636	\$ 232	\$ 868

Year ended December 31, 2017:

ALLL balance, beginning of period	\$ 451	\$ 187	\$ 638
Loan charge-offs	(72)	(180)	(252)
Recoveries of loans previously charged-off	41	52	93
Provision for loan and lease losses	62	150	212
ALLL balance, end of period	\$ 482	\$ 209	\$ 691
AULC balance, beginning of period	\$ 87	\$ 11	\$ 98
Provision (reduction in allowance) for unfunded loan commitments and letters of credit	(3)	(8)	(11)
AULC balance, end of period	\$ 84	\$ 3	\$ 87
ACL balance, end of period	\$ 566	\$ 212	\$ 778

Year ended December 31, 2016:

ALLL balance, beginning of period	\$ 399	\$ 199	\$ 598
Loan charge-offs	(92)	(135)	(227)
Recoveries of loans previously charged-off	73	45	118
Provision for loan and lease losses	85	84	169
Allowance for loans sold or transferred to loans held for sale	(14)	(6)	(20)
ALLL balance, end of period	\$ 451	\$ 187	\$ 638
AULC balance, beginning of period	\$ 64	\$ 8	\$ 72
Provision (reduction in allowance) for unfunded loan commitments and letters of credit	19	3	22
AULC recorded at acquisition	4	—	4
AULC balance, end of period	\$ 87	\$ 11	\$ 98
ACL balance, end of period	\$ 538	\$ 198	\$ 736

Credit Quality Indicators

To facilitate the monitoring of credit quality for commercial loans, and for purposes of determining an appropriate ACL level for these loans, Huntington utilizes the following internally defined categories of credit grades:

- *Pass* - Higher quality loans that do not fit any of the other categories described below.
- *OLEM* - The credit risk may be relatively minor yet represents a risk given certain specific circumstances. If the potential weaknesses are not monitored or mitigated, the loan may weaken or the collateral may be inadequate to protect Huntington's position in the future. For these reasons, Huntington considers the loans to be potential problem loans.
- *Substandard* - Inadequately protected loans by the borrower's ability to repay, equity, and/or the collateral pledged to secure the loan. These loans have identified weaknesses that could hinder normal repayment or collection of the debt. It is likely Huntington will sustain some loss if any identified weaknesses are not mitigated.
- *Doubtful* - Loans that have all of the weaknesses inherent in those loans classified as Substandard, with the added elements of the full collection of the loan is improbable and that the possibility of loss is high.

Table of Contents

Loans are generally assigned a category of "Pass" rating upon initial approval and subsequently updated as appropriate based on the borrower's financial performance.

Commercial loans categorized as OLEM, Substandard, or Doubtful are considered Criticized loans. Commercial loans categorized as Substandard or Doubtful are both considered Classified loans.

For all classes within consumer loan portfolios, loans are assigned pool level PD factors based on the FICO range within which the borrower's most recent credit bureau score falls. A credit bureau score is a credit score developed by FICO based on data provided by the credit bureaus. The credit bureau score is widely accepted as the standard measure of consumer credit risk used by lenders, regulators, rating agencies, and consumers. The higher the credit bureau score, the higher likelihood of repayment and therefore, an indicator of higher credit quality.

Huntington assesses the risk in the loan portfolio by utilizing numerous risk characteristics. The classifications described above, and also presented in the table below, represent one of those characteristics that are closely monitored in the overall credit risk management processes.

The following table presents each loan and lease class by credit quality indicator at December 31, 2018 and 2017:

		December 31, 2018				
		Credit Risk Profile by UCS Classification				
		Pass	OLEM	Substandard	Doubtful	Total
<i>(dollar amounts in millions)</i>

(1) These tables do not include loans fully charged-off.

(2) All automobile, RV and marine finance and other consumer impaired loans included in these tables are considered impaired due to their status as a TDR.

(3) At December 31, 2018 and December 31, 2017, C&I loans of \$366 million and \$382 million, respectively, were considered impaired due to their status as a TDR.

(4) At December 31, 2018 and December 31, 2017, CRE loans of \$60 million and \$93 million, respectively, were considered impaired due to their status as a TDR.

(5) Includes home equity and residential mortgages considered impaired due to collateral dependent designation associated with their non-accrual status as well as home equity and mortgage loans considered impaired due to their status as a TDR.

(6) The differences between the ending balance and unpaid principal balance amounts primarily represent partial charge-offs.

(7) Impaired loans in the consumer portfolio are evaluated in pools and not at the loan level. Thus, these loans do not have an individually assigned allowance and as such all are classified as with an allowance recorded in the tables above.

TDR Loans

The amount of interest that would have been recorded under the original terms for total accruing TDR loans was \$51 million, \$49 million, and \$49 million for 2018, 2017, and 2016, respectively. The total amount of actual interest recorded to interest income for these loans was \$48 million, \$45 million, and \$40 million for 2018, 2017, and 2016, respectively.

TDR Concession Types

The Company's standards relating to loan modifications consider, among other factors, minimum verified income requirements, cash flow analyses, and collateral valuations. Each potential loan modification is reviewed individually and the terms of the loan are modified to meet a borrower's specific circumstances at a point in time. All commercial TDRs are reviewed and approved by our SAD.

Following is a description of TDRs by the different loan types:

Commercial loan TDRs – Our strategy involving commercial TDR borrowers includes working with these borrowers to allow them to refinance elsewhere, as well as allow them time to improve their financial position and remain a Huntington customer through refinancing their notes according to market terms and conditions in the future. A subsequent refinancing or modification of a loan may occur when either the loan matures according to the terms of the TDR-modified agreement or the borrower requests a change to the loan agreements. At that time, the loan is evaluated to determine if the borrower is creditworthy. It is subjected to the normal underwriting standards and processes for other similar credit extensions, both new and existing. The refinanced note is evaluated to determine if it is considered a new loan or a continuation of the prior loan. A new loan is considered for removal of the TDR designation, whereas a continuation of the prior note requires a continuation of the TDR designation. In order for a TDR designation to be removed, the borrower must no longer be experiencing financial difficulties and the terms of the refinanced loan must not represent a concession.

Table of Contents

Consumer loan TDRs – Residential mortgage TDRs represent loan modifications associated with traditional first-lien mortgage loans in which a concession has been provided to the borrower. The primary concessions given to residential mortgage borrowers are amortization or maturity date changes and interest rate reductions. Residential mortgages identified as TDRs involve borrowers unable to refinance their mortgages through the Company's normal mortgage origination channels or through other independent sources. Some, but not all, of the loans may be delinquent. The Company may make similar interest rate, term, and principal concessions for Automobile, Home Equity, RV and Marine Finance and Other Consumer loan TDRs:

TDR Impact on Credit Quality

Huntington's ALLL is largely determined by risk ratings assigned to commercial loans, updated borrower credit scores on consumer loans, and borrower delinquency history in both the commercial and consumer portfolios. These risk ratings and credit scores consider the default history of the borrower, including payment redefaults. As such, the provision for credit losses is impacted primarily by changes in borrower payment performance rather than the TDR classification. TDRs can be classified as either accrual or nonaccrual loans. Nonaccrual TDRs are included in NALs whereas accruing TDRs are excluded from NALs as it is probable that all contractual principal and interest due under the restructured terms will be collected.

The Company's TDRs may include multiple concessions and the disclosure classifications are presented based on the primary concession provided to the borrower. The majority of the concessions for the C&I and CRE portfolios are the extension of the maturity date, but could also include an increase in the interest rate. In these instances, the primary concession is the maturity date extension.

TDR concessions may also result in the reduction of the ALLL within the C&I and CRE portfolios. This reduction is derived from payments and the resulting application of the reserve calculation within the ALLL. The transaction reserve for non-TDR C&I and CRE loans is calculated based upon several estimated factors, such as PD and LGD. Upon the occurrence of a TDR in the C&I and CRE portfolios, the reserve is measured based on discounted expected cash flows or collateral value, less anticipated selling costs, of the modified loan in accordance with ASC 310-10. The resulting TDR ALLL calculation often results in a lower ALLL amount because (1) the discounted expected cash flows or collateral value, less anticipated selling costs, indicate a lower estimated loss, (2) if the modification includes a rate increase, the discounting of the cash flows on the modified loan, using the pre-modification interest rate, exceeds the carrying value of the loan, or (3) payments may occur as part of the modification. Alternatively, the ALLL for C&I and CRE loans may increase as a result of the modification, as the discounted cash flow analysis may indicate additional reserves are required.

TDR concessions on consumer loans may increase the ALLL. The concessions made to these borrowers often include interest rate reductions, and therefore, the TDR ALLL calculation results in a greater ALLL compared with the non-TDR calculation as the reserve is measured based on the estimation of the discounted expected cash flows or collateral value, less anticipated selling costs, on the modified loan in accordance with ASC 310-10. The resulting TDR ALLL calculation often results in a higher ALLL amount because (1) the discounted expected cash flows or collateral value, less anticipated selling costs, indicate a higher estimated loss or, (2) due to the rate decrease, the discounting of the cash flows on the modified loan, using the pre-modification interest rate, indicates a reduction in the present value of expected cash flows or collateral value, less anticipated selling costs. However, in certain instances, the ALLL may decrease as a result of payments made in connection with the modification.

Table of Contents

The following table presents, by class and modification type, the number of contracts, post-modification outstanding balance, and the financial effects of the modification for the years ended December 31, 2018 and 2017.

New Troubled Debt Restructurings (1)						
Year Ended December 31, 2018						
<i>(dollar amounts in millions)</i>	Number of Contracts	Post-modification Outstanding Recorded Investment (2)				Total
		Interest rate reduction	Amortization or maturity date change	Chapter 7 bankruptcy	Other	
Commercial and industrial	725	\$ —	\$ 352	\$ —	\$ —	\$ 352
Commercial real estate	102	—	82	—	—	82
Automobile	2,867	—	15	8	—	23
Home equity	602	—	25	11	—	36
Residential mortgage	345	—	34	3	—	37
RV and marine finance	117	—	—	1	—	1
Other consumer	1,633	8	—	—	—	8
Total new TDRs	6,391	\$ 8	\$ 508	\$ 23	\$ —	\$ 539

Year Ended December 31, 2017						
<i>(dollar amounts in millions)</i>	Number of Contracts	Post-modification Outstanding Recorded Investment (2)				Total
		Interest rate reduction	Amortization or maturity date change	Chapter 7 bankruptcy	Other	
Commercial and industrial	1,047	\$ 1	\$ 600	\$ —	\$ —	\$ 601
Commercial real estate	111	—	122	—	—	122
Automobile	2,741	—	15	8	—	23
Home equity	922	2	33	11	4	50
Residential mortgage	453	—	40	7	2	49
RV and marine finance	131	—	1	1	—	2
Other consumer	1,340	—	6	—	—	6
Total new TDRs	6,745	\$ 3	\$ 817	\$ 27	\$ 6	\$ 853

(1) TDRs may include multiple concessions. The disclosure classifications are based on the primary concession provided to the borrower.

(2) Post-modification balances approximate pre-modification balances. The aggregate amount of charge-offs as a result of a restructuring are not significant.

The financial effects of modification represent the financial impact via provision (recovery) for loan and lease losses as a result of the modification and were \$(15) million and \$(13) million at December 31, 2018 and December 31, 2017, respectively.

Pledged Loans and Leases

The Bank has access to the Federal Reserve's discount window and advances from the FHLB of Cincinnati. As of December 31, 2018 and 2017, these borrowings and advances are secured by \$46.5 billion and \$31.7 billion of loans and securities, respectively.

4. INVESTMENT SECURITIES AND OTHER SECURITIES

Debt securities purchased in which Huntington has the positive intent and ability to hold to their maturity are classified as held-to-maturity securities. All other debt and equity securities are classified as available-for-sale or other securities.

The following tables provide amortized cost, fair value, and gross unrealized gains and losses by investment category at December 31, 2018 and 2017:

	Amortized Cost	Unrealized		Fair Value

Upon adoption of ASU 2017-12, Huntington transferred \$2.8 billion of securities eligible to be hedged under the last-of-layer method from the HTM portfolio to the AFS portfolio. At the time of the transfer, \$26 million of unrealized losses were recognized in OCI. Concurrently, Huntington transferred \$2.7 billion of securities from the AFS portfolio to the HTM portfolio. At the time of the transfer, AOCI included \$56 million of unrealized losses attributed to these securities. This loss will be amortized into interest income over the remaining life of the securities.

At December 31, 2018, the carrying value of investment securities pledged to secure public and trust deposits, trading account liabilities, U.S. Treasury demand notes, and security repurchase agreements totaled \$4.5 billion. There were no securities of a single issuer, which are not governmental or government-sponsored, that exceeded 10% of shareholders' equity at December 31, 2018.

The following table is a summary of realized securities gains and losses for the years ended December 31, 2018, 2017, and 2016:

	Year Ended December 31,		
	2018	2017	2016
<i>(dollar amounts in millions)</i>			
Gross gains on sales of securities	\$ 7	\$ 10	\$ 23
Gross (losses) on sales of securities	(28)	(10)	(21)
Net gain (loss) on sales of securities	\$ (21)	\$ —	\$ 2
OTTI recognized in earnings	—	(4)	(2)
Net securities (losses)	\$ (21)	\$ (4)	\$ —

Security Impairment

Huntington evaluates the securities portfolio for impairment on a quarterly basis. As of December 31, 2018, the Company has evaluated available-for-sale and held-to-maturity securities with gross unrealized losses for impairment and concluded no OTTI is required.

Other securities that are carried at cost are reviewed at least annually for impairment, with valuation adjustments recognized in other noninterest income. As of December 31, 2018, the Company concluded no impairment is required.

5. MORTGAGE LOAN SALES AND SERVICING RIGHTS

Residential Mortgage Portfolio

The following table summarizes activity relating to residential mortgage loans sold with servicing retained for the years ended December 31, 2018, 2017, and 2016:

<i>(dollar amounts in millions)</i>	Year Ended December 31,		
	2018	2017	2016
Residential mortgage loans sold with servicing retained	\$ 3,846	\$ 3,985	\$ 3,632
Pretax gains resulting from above loan sales (1)	87	99	97

(1) Recorded in mortgage banking income.

The following table summarizes the changes in MSRs recorded using the amortization method for the years ended December 31, 2018 and 2017:

<i>(dollar amounts in millions)</i>	2018	2017
Carrying value, beginning of year	\$ 191	\$ 172
New servicing assets created	44	44
Impairment recovery (charge)	6	1
Amortization and other	(30)	(26)
Carrying value, end of year	\$ 211	\$ 191
Fair value, end of year	\$ 212	\$ 191
Weighted-average life (years)	6.7	7.1

MSRs do not trade in an active, open market with readily observable prices. Therefore, the fair value of MSRs is estimated using a discounted future cash flow model. Changes in the assumptions used may have a significant impact on the valuation of MSRs. MSR values are highly sensitive to movement in interest rates as expected future net servicing income depends on the projected outstanding principal balances of the underlying loans, which can be greatly impacted by the level of prepayments.

For MSRs under the amortization method, a summary of key assumptions and the sensitivity of the MSR value to changes in these assumptions at December 31, 2018, and 2017 follows:

<i>(dollar amounts in millions)</i>	December 31, 2018			December 31, 2017		
	Actual	Decline in fair value due to		Actual	Decline in fair value due to	
		10% adverse change	20% adverse change		10% adverse change	20% adverse change
Constant prepayment rate (annualized)	9.40 %	\$ (6)	\$ (12)	8.30 %	\$ (5)	\$ (10)
Spread over forward interest rate swap rates	934 bps	(7)	(13)	1,049 bps	(7)	(13)

Additionally, Huntington held MSRs recorded using the fair value method of \$10 million and \$11 million at December 31, 2018 and 2017, respectively. The change in fair value representing time decay, payoffs and changes in valuation inputs and assumptions for the years ended December 31, 2018 and 2017 was \$1 million and \$3 million, respectively.

Total servicing, late and other ancillary fees included in mortgage banking income was \$60 million, \$56 million, and \$50 million for the years ended December 31, 2018, 2017, and 2016, respectively. The unpaid principal balance of residential mortgage loans serviced for third parties was \$21.0 billion, \$19.8 billion, and \$18.9 billion at December 31, 2018, 2017, and 2016, respectively.

Table of Contents

6. GOODWILL AND OTHER INTANGIBLE ASSETS

Business segments are based on segment leadership structure, which reflects how segment performance is monitored and assessed. We have four major business segments: Consumer and Business Banking, Commercial Banking, Vehicle Finance, and Regional Banking and The Huntington Private Client Group (RBHPCG). The Treasury / Other function includes technology and operations, other unallocated assets, liabilities, revenue, and expense.

A rollforward of goodwill by business segment for the years ended December 31, 2018 and 2017, is presented in the table below:

<i>(dollar amounts in millions)</i>	Consumer & Business Banking	Commercial Banking	Vehicle Finance	RBHPCG	Treasury/ Other	Huntington Consolidated
Balance, January 1, 2017	\$ 1,398	\$ 453	\$ —	\$ 142	\$ —	\$ 1,993
Adjustments	—	(28)	—	28	—	—
Balance, December 31, 2017	1,398	425	—	170	—	1,993
Goodwill acquired during the period	—	1	—	—	—	1
Adjustments	(5)	—	—	—	—	(5)
Balance, December 31, 2018	\$ 1,393	\$ 426	\$ —	\$ 170	\$ —	\$ 1,989

Huntington announced a change in its executive leadership team, which became effective at the end of 2017. As a result, Commercial Real Estate is now included as an operating unit in the Commercial Banking segment. During the 2017 second quarter, the previously reported Home Lending segment was included as an operating unit within the Consumer and Business Banking segment, and the Insurance operating unit previously included in Commercial Banking was realigned to RBHPCG. As a result of these changes, Huntington reclassified a net \$28 million of goodwill from the Commercial Banking segment to the RBHPCG segment.

On October 1, 2018, Huntington completed its acquisition of HSE. As part of the transaction, Huntington recorded \$1 million of goodwill.

During the fourth quarter of 2018, Huntington reclassified \$5 million of goodwill in the Consumer & Business Banking segment related to the held for sale disposal group.

Goodwill is not amortized but is evaluated for impairment on an annual basis at October 1 of each year or whenever events or changes in circumstances indicate the carrying value may not be recoverable. No impairment was recorded in 2018 or 2017.

At December 31, 2018 and 2017, Huntington's other intangible assets consisted of the following:

<i>(dollar amounts in millions)</i>	Gross Carrying Amount	Accumulated Amortization	Net Carrying Value
December 31, 2018			
Core deposit intangible	\$ 314	\$ (93)	\$ 221
Customer relationship	182	(122)	60
Total other intangible assets	\$ 496	\$ (215)	\$ 281
December 31, 2017			
Core deposit intangible	\$ 325	\$ (61)	\$ 264
Customer relationship	190	(108)	82
Total other intangible assets	\$ 515	\$ (169)	\$ 346

The estimated amortization expense of other intangible assets for the next five years is as follows:

<i>(dollar amounts in millions)</i>	Amortization Expense
2019	\$ 49
2020	41
2021	38
2022	36
2023	34

Table of Contents

7. PREMISES AND EQUIPMENT

Premises and equipment were comprised of the following at December 31, 2018 and 2017:

<i>(dollar amounts in millions)</i>	At December 31,	
	2018	2017
Land and land improvements	\$ 188	\$ 193
Buildings	579	563
Leasehold improvements	199	240
Equipment	739	746
Total premises and equipment	1,705	1,742
Less accumulated depreciation and amortization	(915)	(878)
Net premises and equipment	\$ 790	\$ 864

Depreciation and amortization charged to expense and rental income credited to net occupancy expense for the three years ended December 31, 2018, 2017, and 2016 were:

<i>(dollar amounts in millions)</i>	2018	2017	2016
Total depreciation and amortization of premises and equipment	\$ 130	\$ 123	\$ 126
Rental income credited to occupancy expense	13	14	13

8. SHORT-TERM BORROWINGS

Borrowings with original maturities of one year or less are classified as short-term and were comprised of the following at December 31, 2018 and 2017:

<i>(dollar amounts in millions)</i>	At December 31,	
	2018	2017
Federal funds purchased and securities sold under agreements to repurchase	\$ 2,004	\$ 1,318
Federal Home Loan Bank advances	—	3,725
Other borrowings	13	13
Total short-term borrowings	\$ 2,017	\$ 5,056

Other borrowings consist of borrowings from the U.S. Treasury and other notes payable.

Table of Contents

Amounts above are net of unamortized discounts and adjustments related to hedging with derivative financial instruments. The derivative instruments, principally interest rate swaps, are used to hedge interest rate risk of certain fixed-rate debt by converting the debt to a variable rate. See Note 18 for more information regarding such financial instruments.

In May 2018, Huntington issued \$500 million of senior notes at 99.686% of face value. The senior notes mature on May 15, 2025 and have a fixed coupon rate of 4.00%.

In May 2018, the Bank issued \$750 million of senior notes at 99.774% of face value. The senior notes mature on May 14, 2021 and have a fixed coupon rate of 3.25%.

In August 2018, the Bank issued \$750 million of senior notes at 99.780% of face value. The senior notes mature on October 6, 2023 and have a fixed coupon rate of 3.55%.

In March 2017, the Bank issued \$700 million of senior notes at 99.994% of face value. The senior notes mature on March 10, 2020 and have a fixed coupon rate of 2.375%. The senior notes may be redeemed one month prior to the maturity date at 100% of principal plus accrued and unpaid interest. Also, in March 2017, the Bank issued \$300 million of senior notes at 100% of face value.

In August 2017, the Bank issued \$700 million of senior notes at 99.762% of face value. The senior notes mature on August 7, 2022 and have a fixed coupon rate of 2.50%.

Long-term debt maturities for the next five years and thereafter are as follows:

<i>(dollar amounts in millions)</i>	2019	2020	2021	2022	2023	Thereafter	Total
The Parent Company:							
Senior notes	\$ —	\$ —	\$ 1,000	\$ 1,000	\$ —	\$ 500	\$ 2,500
Subordinated notes	—	300	—	—	250	253	803
The Bank:							
Senior notes	500	2,000	750	700	750	—	4,700
Subordinated notes	76	—	—	—	—	250	326
FHLB Advances	1	2	—	1	1	1	6
Other	16	74	85	163	108	—	446
Total	\$ 593	\$ 2,376	\$ 1,835	\$ 1,864	\$ 1,109	\$ 1,004	\$ 8,781

These maturities are based upon the par values of the long-term debt.

The terms of the long-term debt obligations contain various restrictive covenants including limitations on the acquisition of additional debt in excess of specified levels, dividend payments, and the disposition of subsidiaries. As of December 31, 2018, Huntington was in compliance with all such covenants.

10. OTHER COMPREHENSIVE INCOME

The components of Huntington's OCI in the three years ended December 31, 2018, 2017, and 2016, were as follows:

<i>(dollar amounts in millions)</i>	2018		
	Pretax	Tax (expense) Benefit	After-tax
Unrealized holding gains (losses) on available-for-sale debt securities arising during the period	\$ (151)	\$ 35	\$ (116)
Less: Reclassification adjustment for net losses (gains) included in net income	41	(9)	32
Net change in unrealized holding gains (losses) on available-for-sale debt securities	(110)	26	(84)
Net change in pension and other post-retirement obligations	4	—	4
Total other comprehensive income (loss)	\$ (106)	\$ 26	\$ (80)

Table of Contents

	2017		
	Pretax	Tax (expense) Benefit	After-tax
<i>(dollar amounts in millions)</i>

Amounts reclassified from accumulated OCI to earnings	17	1	10	28
Period change	(37)	3	—	(34)
TCJA, Reclassification from accumulated OCI to retained earnings	(48)	—	(45)	(93)
December 31, 2017	(278)	—	(250)	(528)
Cumulative-effect adjustments (ASU 2016-01)	(1)	—	—	(1)
Other comprehensive income before reclassifications	(116)	—	—	(116)
Amounts reclassified from accumulated OCI to earnings	32	—	4	36
Period change	(84)	—	4	(80)
December 31, 2018	\$ (363)	\$ —	\$ (246)	\$ (609)

- (1) AOCI amounts at December 31, 2018, 2017, and 2016 include \$137 million, \$95 million, and \$82 million of net unrealized losses (before any deferred tax benefits) on securities transferred from the available-for-sale securities portfolio to the held-to-maturity securities portfolio. The net unrealized losses will be recognized in earnings over the remaining life of the security using the effective interest method.

Table of Contents

The following table presents the reclassification adjustments out of accumulated OCI included in net income and the impacted line items as listed on the Consolidated Statements of Income for the years ended December 31, 2018 and 2017:

Accumulated OCI components (dollar amounts in millions)	Reclassifications out of accumulated OCI		Location of net gain (loss) reclassified from accumulated OCI into earnings
	Amounts reclassified from accumulated OCI		
	2018	2017	
Gains (losses) on debt securities:			
Amortization of unrealized (losses)	\$ (13)	\$ (8)	Interest income—held-to-maturity securities—taxable
Realized (loss) on sale of securities	(28)	(14)	Noninterest income—net gains (losses) on sale of securities
OTTI recorded	—	(4)	Noninterest income—Impairment losses recognized in earnings on available-for-sale securities
Total before tax	(41)	(26)	
Tax benefit	9	9	
Net of tax	<u>\$ (32)</u>	<u>\$ (17)</u>	
Gains (losses) on cash flow hedging relationships:			
Interest rate contracts	\$ —	\$ (1)	Interest and fee income—loans and leases
Total before tax	—	(1)	
Tax benefit	—	—	
Net of tax	<u>\$ —</u>	<u>\$ (1)</u>	
Amortization of defined benefit pension and post-retirement items:			
Actuarial losses	\$ (13)	\$ (18)	Noninterest income / expense (1)
Net periodic benefit costs	4	2	Noninterest income / expense (1)
Total before tax	(9)	(16)	
Tax benefit	2	6	
Net of tax	<u>\$ (7)</u>	<u>\$ (10)</u>	

(1) The activity for 2018 and 2017 is recorded in Noninterest Income - other income and Noninterest Expense - personnel costs, respectively, on the Consolidated Statements of Income.

11. SHAREHOLDERS' EQUITY

The following is a summary of Huntington's non-cumulative, non-voting, perpetual preferred stock outstanding as of December 31, 2018.

(dollar amounts in millions, share amounts in thousands)

Series	Issuance Date	Total Shares Outstanding	Carrying Amount	Dividend Rate	Earliest Redemption Date
Series B	12/28/2011	35,500	\$ 23	3-mo. LIBOR + 270 bps	1/15/2017
Series D	3/21/2016	400,000	386	6.25%	7/15/2021
Series D	5/5/2016	200,000	199	6.25%	7/15/2021
Series C	8/16/2016	100,000	100	5.875%	1/15/2022
Series E	2/27/2018	5,000	495	5.70%	4/15/2023
Total		<u>740,500</u>	<u>\$ 1,203</u>		

Series B, D, and C of preferred stock has a liquidation value and redemption price per share of \$1,000, plus any declared and unpaid dividends. Series E preferred stock has a liquidation value and redemption price per share of \$100,000, plus any declared and unpaid dividends. All preferred stock has no stated maturity and redemption is solely at the option of the Company. Under current rules, any redemption of the preferred stock is subject to prior approval of the FRB.

Preferred A Stock conversion

On February 21, 2018, Huntington elected to effect the conversion of all of its outstanding 8.50% Series A Non-Cumulative Perpetual Convertible Preferred Stock into common stock pursuant to the terms of the Series A Preferred Stock. On February 22, 2018, each share of Series A Preferred Stock was converted into 83.668 shares of Common Stock. Upon conversion, the Series A Preferred Stock is no longer outstanding and all rights with respect to the Series A Preferred Stock were ceased and terminated, except the right to receive the number of whole shares and any required cash-in-lieu of fractional shares of Common Stock. Following the conversion, the Series A Preferred Stock shares were delisted from trading on NASDAQ.

Table of Contents

Preferred E Stock issued and outstanding

On February 27, 2018, Huntington issued \$500 million of preferred stock. Huntington issued 500,000 depositary shares, each depositary shares representing a 1/100th ownership interest in a share of 5.70% Series E Fixed-to-Floating Non-Cumulative Perpetual Preferred Stock (Preferred E Stock), par value \$0.01 per share, with a liquidation preference of \$100,000 per share (equivalent to \$1,000 per depositary share). Each holder of a depositary share will be entitled to all proportional rights and preferences of the Preferred E Stock (including dividend, voting, redemption, and liquidation rights). Costs of \$5 million related to the issuance of the Preferred E Stock are reported as a direct deduction from the face amount of the stock.

Dividends on the Preferred E Stock will be non-cumulative and payable quarterly in arrears, when, and if, authorized by the Company's board of directors or a duly authorized committee of the board and declared by the Company, at an annual rate of 5.70% per year on the liquidation preference of \$100,000 per share, equivalent to \$1,000 per depositary share. The dividend payment dates are the fifteenth day of each January, April, July and October, which commenced on July 15, 2018.

The Preferred E Stock has no maturity date. Huntington may redeem the Preferred E Stock at its option, (i) in whole or in part, from time to time, on any dividend payment date on or after April 15, 2023 or (ii) in whole but not in part, within 90 days following a change in laws or regulations, in each case, at a redemption price equal to \$100,000 per share (equivalent to \$1,000 per depositary share), plus any declared and unpaid dividends, without regard to any undeclared dividends on the Series E Preferred Stock prior to the date fixed for redemption. If Huntington redeems the Preferred E Stock, the depositary will redeem a proportional number of depositary shares. Neither the holders of Preferred E Stock nor holders of depositary shares will have the right to require the redemption or repurchase of the Preferred E Stock or the depositary shares.

12. EARNINGS PER SHARE

Basic earnings per share is the amount of earnings (adjusted for dividends declared on preferred stock) available to each share of common stock outstanding during the reporting period. Diluted earnings per share is the amount of earnings available to each share of common stock outstanding during the reporting period adjusted to include the effect of potentially dilutive common shares. Potentially dilutive common shares include incremental shares issued for stock options, restricted stock units and awards, distributions from deferred compensation plans, and the conversion of the Company's convertible preferred stock. Potentially dilutive common shares are excluded from the computation of diluted earnings per share in periods in which the effect would be antidilutive.

On February 22, 2018, Huntington converted all its outstanding 8.50% Series A Non-Cumulative Perpetual Convertible Preferred Stock to 30.3 million shares of common stock. Following the conversion, the additional shares were included in average common shares issued and outstanding. The 2018 and 2017 total diluted average common shares issued and outstanding was impacted by using the if-converted method. The calculation of basic and diluted earnings per share for each of the three years ended December 31 was as follows:

	Year Ended December 31,		
	2018	2017	2016
<i>(Dollar amounts in millions, except per share data, share count in thousands)</i>			
Basic earnings per common share:			
Net income	\$ 1,393	\$ 1,186	\$ 712
Preferred stock dividends	(70)	(76)	(65)
Net income available to common shareholders	\$ 1,323	\$ 1,110	\$ 647
Average common shares issued and outstanding	1,081,542	1,084,686	904,438
Basic earnings per common share	\$ 1.22	\$ 1.02	\$ 0.72
Diluted earnings per common share:			
Net income available to common shareholders	\$ 1,323	\$ 1,110	\$ 647
Effect of assumed preferred stock conversion	—	31	—
Net income applicable to diluted earnings per share	\$ 1,323	\$ 1,141	\$ 647
Average common shares issued and outstanding	1,081,542	1,084,686	904,438
Dilutive potential common shares			
Stock options and restricted stock units and awards	16,529	17,883	11,728
Shares held in deferred compensation plans	3,511	3,160	2,486
Dilutive impact of Preferred Stock	4,403	30,330	—
Other	—	127	138
Dilutive potential common shares	24,443	51,500	14,352
Total diluted average common shares issued and outstanding	1,105,985	1,136,186	918,790
Diluted earnings per common share	\$ 1.20	\$ 1.00	\$ 0.70

There were approximately 2.3 million, 1.0 million, and 3.1 million options to purchase shares of common stock not included in the computation of diluted earnings per share because the effect would be antidilutive at December 31, 2018, 2017, and 2016, respectively.

13. NONINTEREST INCOME

Huntington earns a variety of revenue including interest and fees from customers as well as revenues from non-customers. Certain sources of revenue are recognized within interest or fee income and are outside of the scope of ASC Topic 606, Revenue from Contracts with Customers ("ASC 606"). Other sources of revenue fall within the scope of ASC 606 and are generally recognized within noninterest income. These revenues are included within various sections of the Consolidated Financial Statements. The following table shows Huntington's total noninterest income segregated between contracts with customers within the scope of ASC 606 and those within the scope of other GAAP Topics.

	Year Ended December 31, 2018
<i>(dollar amounts in millions)</i>	
Noninterest income	
Noninterest income from contracts with customers	\$ 881
Noninterest income within the scope of other GAAP topics	440
Total noninterest income	<u>\$ 1,321</u>

The following table illustrates the disaggregation by operating segment and major revenue stream and reconciles disaggregated revenue to segment revenue presented in Note 23:

	Year Ended December 31, 2018					
<i>(dollar amounts in millions)</i>	Consumer & Business Banking	Commercial Banking	Vehicle Finance	RBI/PCG	Treasury / Other	Huntington Consolidated
Major Revenue Streams						
Service charges on deposit accounts	\$ 290	\$ 64	\$ 5	\$ 4	\$ —	\$ 363
Card and payment processing income	198	11	—	—	—	209
Trust and investment management services	28	4	—	139	—	171
Insurance income	34	5	—	41	2	82
Other income	38	6	3	8	1	56
Net revenue from contracts with customers	<u>\$ 588</u>	<u>\$ 90</u>	<u>\$ 8</u>	<u>\$ 192</u>	<u>\$ 3</u>	<u>\$ 881</u>
Noninterest income within the scope of other GAAP topics	150	223	2	1	64	440
Total noninterest income	<u>\$ 738</u>	<u>\$ 313</u>	<u>\$ 10</u>	<u>\$ 193</u>	<u>\$ 67</u>	<u>\$ 1,321</u>

Huntington generally provides services for customers in which it acts as principal. Payment terms and conditions vary amongst services and customers, and thus impact the timing and amount of revenue recognition. Some fees may be paid before any service is rendered and accordingly, such fees are deferred until the obligations pertaining to those fees are satisfied. Most Huntington contracts with customers are cancelable by either party without penalty or they are short-term in nature, with a contract duration of less than one year. Accordingly, most revenue deferred for the reporting period ended December 31, 2018 is expected to be earned within one year. Huntington does not have significant balances of contract assets or contract liabilities and any change in those balances during the reporting period ended December 31, 2018 was determined to be immaterial.

14. SHARE-BASED COMPENSATION

Huntington sponsors nonqualified and incentive share based compensation plans. These plans provide for the granting of stock options and other awards to officers, directors, and other employees. Compensation costs are included in personnel costs on the Consolidated Statements of Income. Stock options and awards are granted at the closing market price on the date of the grant. Options granted typically vest ratably over four years or when other conditions are met. Stock options, which represented a portion of the grant values, have no intrinsic value until the stock price increases. Options granted on or after May 1, 2015 have a contractual term of ten years. All options granted on or before April 30, 2015 have a contractual term of seven years.

2018 Long-Term Incentive Plan

In 2018, shareholders approved the Huntington Bancshares Incorporated 2018 Long-Term Incentive Plan (the 2018 Plan). Shares remaining under the 2015 Long-Term Incentive Plan have been incorporated into the 2018 Plan. Accordingly, the total number of shares authorized for awards under the 2018 Plan is 33 million shares. At December 31, 2018, 26 million shares from the Plan were available for future grants.

Huntington issues shares to fulfill stock option exercises and restricted stock unit and award vesting from available authorized common shares. At December 31, 2018, Huntington believes there are adequate authorized common shares to satisfy anticipated stock option exercises and restricted stock unit and award vesting in 2019.

The following table presents total share-based compensation expense and related tax benefit for the three years ended December 31, 2018, 2017, and 2016:

Table of Contents

(dollar amounts in millions)

	2018	2017	2016
Share-based compensation expense	\$ 78	\$ 92	\$ 66
Tax benefit	14	32	22

Huntington uses the Black-Scholes option pricing model to value options in determining the share-based compensation expense. Forfeitures are estimated at the date of grant based on historical rates, and updated as necessary, and reduce the compensation expense recognized. The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the date of grant. The expected dividend yield is based on the dividend rate and stock price at the date of the grant. Expected volatility is based on the estimated volatility of Huntington's stock over the expected term of the option.

The following table presents the weighted average assumptions used in the option-pricing model at the grant date for options granted in the three years ended December 31, 2018, 2017, and 2016:

Assumptions	2018	2017	2016
Risk-free interest rate	2.88%	2.04%	1.63%
Expected dividend yield	3.71	3.31	3.18
Expected volatility of Huntington's common stock	24.0	29.5	30.0
Expected option term (years)	6.5	6.5	6.5
Weighted-average grant date fair value per share	\$ 2.58	\$ 2.81	\$ 2.17

Huntington's stock option activity and related information for the year ended December 31, 2018, was as follows:

(dollar amounts in millions, except per share and options amounts in thousands)	Options	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Life (Years)	Aggregate Intrinsic Value
Outstanding at January 1, 2018	13,918	\$ 8.21		
Granted	2,538	14.81		
Exercised	(5,775)	6.57		
Forfeited/expired	(64)	13.31		
Outstanding at December 31, 2018	10,617	\$ 10.64	5.4	\$ 22
Expected to vest (1)	4,503	\$ 13.36	8.6	\$ 2
Exercisable at December 31, 2018	5,981	\$ 8.52	3.0	\$ 21

(1) The number of options expected to vest reflects an estimate of 133,000 shares expected to be forfeited.

The aggregate intrinsic value represents the amount by which the fair value of underlying stock exceeds the "in-the-money" option exercise price. The total intrinsic value of options exercised for the years ended December 31, 2018, 2017, and 2016 were \$52 million, \$16 million and \$11 million, respectively. For the years ended December 31, 2018, 2017, and 2016, cash received for the exercises of stock options was \$5 million, \$11 million and \$14 million, respectively. The tax benefit realized for the tax deductions from option exercises totaled \$10 million, \$5 million and \$3 million in 2018, 2017, and 2016, respectively.

Huntington also grants restricted stock awards, restricted stock units, performance share units, and other stock-based awards. Restricted stock units and awards are issued at no cost to the recipient, and can be settled only in shares at the end of the vesting period. Restricted stock awards provide the holder with full voting rights and cash dividends during the vesting period. Restricted stock units do not provide the holder with voting rights or cash dividends during the vesting period, but do accrue a dividend equivalent that is paid upon vesting, and are subject to certain service restrictions. Performance share units are payable contingent upon Huntington achieving certain predefined performance objectives over the three-year measurement period. The fair value of these awards reflects the closing market price of Huntington's common stock on the grant date.

The following table summarizes the status of Huntington's restricted stock awards, units, and performance share units as of December 31, 2018, and activity for the year ended December 31, 2018:

	Restricted Stock Awards		Restricted Stock Units		Performance Share Units	
(amounts in thousands, except per share amounts)	Quantity	Weighted-Average Grant Date Fair Value Per Share	Quantity	Weighted-Average Grant Date Fair Value Per Share	Quantity	Weighted-Average Grant Date Fair Value Per Share
Nonvested at January 1, 2018	448	\$ 9.68	16,159	\$ 11.26	3,018	\$ 10.67
Granted	—	—	4,743	15.01	691	14.81
Vested	(227)	9.68	(4,948)	10.56	(719)	10.89
Forfeited	(20)	9.68	(474)	12.32	(32)	12.27
Nonvested at December 31, 2018	201	\$ 9.68	15,480	\$ 12.51	2,958	\$ 11.75

Table of Contents

The weighted-average fair value at grant date of nonvested shares granted for the years ended December 31, 2018, 2017, and 2016 were \$14.98, \$11.13, and \$9.59, respectively. The total fair value of awards vested during the years ended December 31, 2018, 2017, and 2016 was \$62 million, \$53 million, and \$31 million, respectively. As of December 31, 2018, the total unrecognized compensation cost related to nonvested shares was \$96 million with a weighted-average expense recognition period of 2.3 years.

15. BENEFIT PLANS

Huntington sponsors a non-contributory defined benefit pension plan covering substantially all employees hired or rehired prior to January 1, 2010. The plan, which was modified in 2013, no longer accrues service benefits to participants and provides benefits based upon length of service and compensation levels. Huntington's funding policy is to contribute an annual amount that is at least equal to the minimum funding requirements but not more than the amount deductible under the Internal Revenue Code. There were no required minimum contributions during 2018.

The following table shows the weighted-average assumptions used to determine the benefit obligation at December 31, 2018 and 2017, and the net periodic benefit cost for the years then ended:

	Pension Benefits	
	2018	2017
Weighted-average assumptions used to determine benefit obligations		
Discount rate	4.41%	3.73%
Weighted-average assumptions used to determine net periodic benefit cost		
Discount rate	3.73	4.38
Expected return on plan assets	5.75	6.50

The expected long-term rate of return on plan assets is an assumption reflecting the average rate of earnings expected on the funds invested or to be invested to provide for the benefits included in the projected benefit obligation. The expected long-term rate of return is established at the beginning of the plan year based upon historical returns and projected returns on the underlying mix of invested assets.

The following table reconciles the beginning and ending balances of the benefit obligation of the Plan with the amounts recognized in the consolidated balance sheets at December 31:

	Pension Benefits	
	2018	2017
<i>(dollar amounts in millions)</i>		
Projected benefit obligation at beginning of measurement year	\$ 900	\$ 851
Changes due to:		
Service cost	3	3
Interest cost	29	30
Benefits paid	(26)	(27)
Settlements	(18)	(31)
Actuarial assumptions and gains (losses)	(67)	74
Total changes	(79)	49
Projected benefit obligation at end of measurement year	\$ 821	\$ 900

The following table reconciles the beginning and ending balances of the fair value of Plan assets at the December 31, 2018 and 2017 measurement dates:

	Pension Benefits	
	2018	2017
<i>(dollar amounts in millions)</i>		
Fair value of plan assets at beginning of measurement year	\$ 903	\$ 841
Changes due to:		
Actual return on plan assets	(30)	118
Settlements	(19)	(29)
Benefits paid	(26)	(27)
Total changes	(75)	62
Fair value of plan assets at end of measurement year	\$ 828	\$ 903

As of December 31, 2018, the difference between the accumulated benefit obligation and the fair value of Huntington's plan assets was \$7 million and is recorded in other liabilities.

Table of Contents

The following table shows the components of net periodic benefit costs recognized in the three years ended December 31, 2018:

<i>(dollar amounts in millions)</i>	Pension Benefits (1)		
	2018	2017	2016
Service cost	\$ 3	\$ 3	\$ 5
Interest cost	29	30	30
Expected return on plan assets	(49)	(55)	(45)
Amortization of loss	9	7	7
Settlements	7	11	(8)
Benefit costs	<u>\$ (1)</u>	<u>\$ (4)</u>	<u>\$ (11)</u>

(1) The pension costs for 2018 were recorded in noninterest income - other income. For 2017 and 2016 the costs were recorded in noninterest expense - personnel costs, in the Consolidated Statements of Income.

Included in benefit costs above are \$2 million, \$2 million, and \$2 million of plan expenses that were recognized in each of the three years ended December 31, 2018, 2017, and 2016. It is Huntington's policy to recognize settlement gains and losses as incurred. Assuming no cash contributions are made to the Plan during 2019, Huntington expects net periodic pension benefit, excluding any expense of settlements, to approximate \$3 million for 2019.

At December 31, 2018 and 2017, The Huntington National Bank, as trustee, held all Plan assets. The Plan assets consisted of investments in a variety of corporate and government fixed income investments, money market funds, and mutual funds as follows:

<i>(dollar amounts in millions)</i>	Fair Value			
	2018		2017	
Cash equivalents:				
Mutual funds-money market	\$ 4	—%	\$ 14	2%
U.S. Treasury bills	4	1	5	1
Fixed income:				
Corporate obligations	272	33	293	32
U.S. Government obligations	298	36	216	24
U.S. Government agencies	22	3	23	3
Equities:				
Mutual funds-equities	64	8	118	13
Common stock	98	12	158	17
Preferred stock	5	1	5	1
Exchange traded funds	45	5	58	6
Limited Partnerships	16	1	13	1
Fair value of plan assets	<u>\$ 828</u>	<u>100%</u>	<u>\$ 903</u>	<u>100%</u>

Investments of the Plan are accounted for at cost on the trade date and are reported at fair value. The valuation methodologies used to measure the fair value of pension plan assets vary depending on the type of asset. At December 31, 2018, cash equivalent money market funds and U.S. Treasury bills are valued at the closing price reported from an actively traded exchange and are classified as Level 1. Mutual funds and exchange traded funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan are actively traded and are classified as Level 1. Fixed income investments are valued using unadjusted quoted prices from active markets for similar assets are classified as Level 2. Common and preferred stock are valued using the year-end closing price as determined by a national securities exchange and are classified as Level 1. The investment in the limited partnerships is reported at net asset value per share as determined by the general partners of each limited partnership, based on their proportionate share of the partnership's fair value as recorded in the partnership's audited financial statements.

The investment objective of the Plan is to maximize the return on Plan assets over a long-time period, while meeting the Plan obligations. At December 31, 2018, Plan assets were invested 1% in cash equivalents, 27% in equity investments, and 72% in bonds, with an average duration of 12.7 years on bond investments. The estimated life of benefit obligations was 12.4 years. Although it may fluctuate with market conditions, Huntington has targeted a long-term allocation of Plan assets of 20% to 50% in equity investments and 80% to 50% in bond investments. The allocation of Plan assets between equity investments and fixed income investments will change from time to time.

Table of Contents

At December 31, 2018, the following table shows when benefit payments were expected to be paid:

<i>(dollar amounts in millions)</i>	Pension Benefits
2019	\$ 49
2020	49
2021	48
2022	48
2023	48
2024 through 2028	238

Huntington also sponsors an unfunded defined benefit post-retirement plan as well as other nonqualified retirement plans, the most significant being the SRIP and FirstMerit SERP. The SRIP and FirstMerit SERP plans provide certain former officers and directors, with defined pension benefits in excess of limits imposed by federal tax law.

The following table presents the amounts recognized in the Consolidated Balance Sheets at December 31, 2018 and 2017, for all defined benefit and nonqualified retirement plans:

<i>(dollar amounts in millions)</i>	2018	2017
Other liabilities	\$ 63	\$ 78

The following tables present the amounts recognized in OCI as of December 31, 2018, 2017, and 2016, and the changes in accumulated OCI for the years ended December 31, 2018, 2017, and 2016:

<i>(dollar amounts in millions)</i>	2018	2017	2016
Net actuarial loss	\$ (257)	\$ (264)	\$ (217)
Prior service cost	11	14	12
Defined benefit pension plans	<u>\$ (246)</u>	<u>\$ (250)</u>	<u>\$ (205)</u>

<i>(dollar amounts in millions)</i>	2018		
	Pretax	Tax (expense) Benefit	After-tax
Net actuarial (loss) gain:			
Amounts arising during the year	\$ (5)	\$ 2	\$ (3)
Amortization included in net periodic benefit costs	13	(3)	10
Prior service cost:			
Amounts arising during the year	—	—	—
Amortization included in net periodic benefit costs	(4)	1	(3)
Total recognized in OCI	<u>\$ 4</u>	<u>\$ —</u>	<u>\$ 4</u>

<i>(dollar amounts in millions)</i>	2017		
	Pretax	Tax (expense) Benefit	After-tax (1)
Net actuarial (loss) gain:			
Amounts arising during the year	\$ (16)	\$ 6	\$ (10)
Amortization included in net periodic benefit costs	18	(7)	11
Prior service cost:			
Amounts arising during the year	—	—	—
Amortization included in net periodic benefit costs	(2)	1	(1)
Total recognized in OCI	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>

(1) TCJA reclassification from AOCI to retained earnings recorded during 2017 was \$45 million

<i>(dollar amounts in millions)</i>	2016		
	Pretax	Tax (expense) Benefit	After-tax
Net actuarial (loss) gain:			
Amounts arising during the year	\$ 38	\$ (13)	\$ 25
Amortization included in net periodic benefit costs	2	(1)	1
Prior service cost:			
Amounts arising during the year	—	—	—
Amortization included in net periodic benefit costs	(2)	1	(1)
Total recognized in OCI	<u>\$ 38</u>	<u>\$ (13)</u>	<u>\$ 25</u>

Table of Contents

Huntington has a defined contribution plan that is available to eligible employees. Beginning January 1, 2018, Huntington increased the company match such that Huntington matches participant contributions 150% of the first 2% of base pay and 100% of the next 2%. Huntington's expense related to the defined contribution plans for the years ended December 31, 2018, 2017, and 2016 was \$46 million, \$35 million, and \$36 million, respectively. For 2018, the discretionary contribution was not made.

The following table shows the number of shares, market value, and dividends received on shares of Huntington stock held by the defined contribution plan:

	December 31,	
	2018	2017
<i>(dollar amounts in millions, share amounts in thousands)</i>		
Shares in Huntington common stock	11,635	13,566
Market value of Huntington common stock	\$ 139	\$ 198
Dividends received on shares of Huntington stock	6	4

16. INCOME TAXES

The Company's deferred federal and state income tax and related valuation accounts represents the estimated impact of temporary differences between how we recognize our assets and liabilities under GAAP and how such assets and liabilities are recognized under federal and state tax law. Deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities as measured by the enacted tax rates which will be in effect when these differences reverse. As a result of the reduction in the U.S. corporate income tax rate from 35% to 21% under the TCJA, the Company revalued its ending net deferred tax liabilities at December 31, 2017. The Company recognized a \$123 million tax benefit in the Company's Consolidated Statement of Income for the year ended December 31, 2017, as a result of the TCJA, of which the benefit recognized is primarily attributable to the revaluation of net deferred tax liabilities. The Company completed its provisional estimate related to tax reform during 2018, recognizing an additional immaterial benefit during the 2018 third quarter.

The Company and its subsidiaries file income tax returns in the U.S. federal jurisdiction and various state, city, and foreign jurisdictions. Federal income tax audits have been completed for tax years through 2009. Certain proposed adjustments resulting from the IRS examination of our 2010 through 2011 tax returns have been settled, subject to final approval by the Joint Committee on Taxation of the U.S. Congress. While the statute of limitations remains open for tax years 2012 through 2017, the IRS has advised that tax years 2012 through 2014 will not be audited, and began the examination of the 2015 federal income tax return in second quarter 2018. Various state and other jurisdictions remain open to examination, including Ohio, Kentucky, Indiana, Michigan, Pennsylvania, West Virginia, Wisconsin, and Illinois.

The following table provides a reconciliation of the beginning and ending amounts of gross unrecognized tax benefits:

	2018	2017
<i>(dollar amounts in millions)</i>		
Unrecognized tax benefits at beginning of year	\$ 50	\$ 24
Gross increases for tax positions taken during prior years	—	26
Gross decreases for tax positions taken during prior years	(12)	—
Settlements with taxing authorities	(38)	—
Unrecognized tax benefits at end of year	\$ —	\$ 50

Any interest and penalties on income tax assessments or income tax refunds are recognized in the Consolidated Statements of Income as a component of provision for income taxes. Total interest accrued was less than \$1 million at December 31, 2018 and 2017. All of the gross unrecognized tax benefits would impact the Company's effective tax rate if recognized.

Table of Contents

The following is a summary of the provision (benefit) for income taxes:

	Year Ended December 31,		
	2018	2017	2016
<i>(dollar amounts in millions)</i>			
Current tax provision (benefit)			
Federal	\$ 152	\$ 41	\$ 40
State	20	(1)	3
Total current tax provision	172	40	43
Deferred tax provision (benefit)			
Federal	71	151	161
State	(8)	17	4
Total deferred tax provision	63	168	165
Provision for income taxes	\$ 235	\$ 208	\$ 208

The following is a reconciliation for provision for income taxes:

	Year Ended December 31,		
	2018	2017	2016
<i>(dollar amounts in millions)</i>			
Provision for income taxes computed at the statutory rate	\$ 342	\$ 488	\$ 322
Increases (decreases):			
Tax-exempt income	(23)	(31)	(27)
Tax-exempt bank owned life insurance income	(14)	(23)	(20)
General business credits	(80)	(71)	(64)
Capital loss	(60)	(67)	(46)
Impact from TCJA	(3)	(123)	—
Affordable housing investment amortization, net of tax benefits	64	46	37
State income taxes, net	10	11	5
Stock based compensation	(14)	(13)	(4)
Other	13	(9)	5
Provision for income taxes	\$ 235	\$ 208	\$ 208

Table of Contents

The significant components of deferred tax assets and liabilities at December 31, were as follows.

	At December 31,	
	2018	2017
<i>(dollar amounts in millions)</i>		
Deferred tax assets:		
Allowances for credit losses	\$ 184	\$ 162
Fair value adjustments	173	142
Net operating and other loss carryforward	95	108
Accrued expense/prepaid	16	17
Pension and other employee benefits	14	—
Market discount	6	10
Partnership investments	5	7
Tax credit carryforward	—	153
Other assets	6	6
Total deferred tax assets	499	605
Deferred tax liabilities:		
Lease financing	262	249
Loan origination costs	148	116
Operating assets	69	53
Mortgage servicing rights	45	39
Purchase accounting adjustments	25	68
Securities adjustments	6	6
Deferred dividend income	—	77
Pension and other employee benefits	—	5
Other liabilities	2	18
Total deferred tax liabilities	557	631
Net deferred tax (liability) asset before valuation allowance	(58)	(26)
Valuation allowance	(6)	(6)
Net deferred tax (liability) asset	\$ (64)	\$ (32)

At December 31, 2018, Huntington's net deferred tax asset related to loss and other carryforwards was \$95 million. This was comprised of federal net operating loss carryforwards of \$51 million, which will begin expiring in 2030, \$44 million of state net operating loss carryforwards, which will begin expiring in 2019, and an alternative minimum tax credit carryforward of less than \$1 million, which will be fully utilized or refunded by 2022.

The state valuation allowance was \$6 million at both December 31, 2018 and December 31, 2017, as the Company believes that it is more likely than not, portions of the state deferred tax assets and state net operating loss carryforwards will not be realized.

At December 31, 2018, retained earnings included approximately \$12 million of base year reserves of acquired thrift institutions, for which no deferred federal income tax liability has been recognized. Under current law, if these bad debt reserves are used for purposes other than to absorb bad debt losses, they will be subject to federal income tax at the corporate tax rate enacted at the time. The amount of unrecognized deferred tax liability relating to the cumulative bad debt deduction was approximately \$3 million at December 31, 2018.

17. FAIR VALUES OF ASSETS AND LIABILITIES

Following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Loans held for sale

Huntington has elected to apply the fair value option for mortgage loans originated with the intent to sell which are included in loans held for sale. Mortgage loans held for sale are classified as Level 2 and are estimated using security prices for similar product types.

Loans held for investment

Certain mortgage loans originated with the intent to sell for which the FVO was elected have been reclassified to mortgage loans held for investment. These loans continue to be measured at fair value. The fair value is determined using fair value of similar mortgage-backed securities adjusted for loan specific variables.

Huntington elected the fair value option for consumer loans with deteriorated credit quality acquired from FirstMerit. These consumer loans are classified as Level 3. The key assumption used to determine the fair value of the consumer loans is discounted cash flows.

Available-for-sale securities and trading account securities

Securities accounted for at fair value include both the available-for-sale and trading portfolios. Huntington determines the fair value of securities utilizing quoted market prices obtained for identical or similar assets, third-party pricing services, third-party valuation specialists and other observable inputs such as recent trade observations. AFS and trading securities are classified as Level 1 using quoted market prices (unadjusted) in active markets for identical securities that Huntington has the ability to access at the measurement date. Less than 1% of the positions in these portfolios are Level 1, and consist of U.S. Treasury securities and money market mutual funds. When quoted market prices are not available, fair values are classified as Level 2 using quoted prices for similar assets in active markets, quoted prices of identical or similar assets in markets that are not active, and inputs that are observable for the asset, either directly or indirectly, for substantially the full term of the financial instrument. Level 2 represents 77% of the positions in these portfolios, which consists of U.S. Government and agency debt securities, agency mortgage backed securities, private-label asset-backed securities, certain municipal securities and other securities. For Level 2 securities Huntington primarily uses prices obtained from third-party pricing services to determine the fair value of securities. Huntington independently evaluates and corroborates the fair value received from pricing services through various methods and techniques, including references to dealer or other market quotes, by reviewing valuations of comparable instruments, and by comparing the prices realized on the sale of similar securities. If relevant market prices are limited or unavailable, valuations may require significant management judgment or estimation to determine fair value, in which case the fair values are classified as Level 3 which represent 23% of the positions. The Level 3 positions consist of direct purchase municipal securities. A significant change in the unobservable inputs for these securities may result in a significant change in the ending fair value measurement of these securities.

The direct purchase municipal securities are classified as Level 3 and require significant estimates to determine fair value which results in greater subjectivity. The fair value is determined by utilizing a discounted cash flow valuation technique employed by a third-party valuation specialist. The third-party specialist uses assumptions related to yield, prepayment speed, conditional default rates and loss severity based on certain factors such as, credit worthiness of the counterparty, prevailing market rates, and analysis of similar securities. Huntington evaluates the fair values provided by the third-party specialist for reasonableness.

MSRs

MSRs do not trade in an active, open market with readily observable prices. Accordingly, the fair value of these assets is classified as Level 3. Huntington determines the fair value of MSRs using a discounted cash flow model based upon the month-end interest rate curve and prepayment assumptions. The model utilizes assumptions to estimate future net servicing income cash flows, including estimates of time decay, payoffs, and changes in valuation inputs and assumptions. Servicing brokers and other sources of information (e.g. discussion with other mortgage servicers and industry surveys) are used to obtain information on market practice and assumptions. On at least a quarterly basis, third-party marks are obtained from at least one servicing broker. Huntington reviews the valuation assumptions against this market data for reasonableness and adjusts the assumptions if deemed appropriate. Any recommended change in assumptions and/or inputs are presented for review to the Mortgage Price Risk Subcommittee for final approval.

Table of Contents

Derivative assets and liabilities

Derivatives classified as Level 2 consist of foreign exchange and commodity contracts, which are valued using exchange traded swaps and futures market data. In addition, Level 2 includes interest rate contracts, which are valued using a discounted cash flow method that incorporates current market interest rates. Level 2 also includes exchange traded options and forward commitments to deliver mortgage-backed securities, which are valued using quoted prices.

Derivatives classified as Level 3 consist of interest rate lock agreements related to mortgage loan commitments and Visa® shares swap. The determination of fair value includes assumptions related to the likelihood that a commitment will ultimately result in a closed loan, which is a significant unobservable assumption. A significant increase or decrease in the external market price would result in a significantly higher or lower fair value measurement.

Assets and Liabilities measured at fair value on a recurring basis

Assets and liabilities measured at fair value on a recurring basis at December 31, 2018 and 2017 are summarized below:

	Fair Value Measurements at Reporting Date Using			Netting Adjustments (1)	December 31, 2018

(1) Amounts represent the impact of legally enforceable master netting agreements that allow the Company to settle positive and negative positions and cash collateral held or placed with the same counterparties.

The tables below present a rollforward of the balance sheet amounts for the years ended December 31, 2018, 2017, and 2016 for financial instruments measured on a recurring basis and classified as Level 3. The classification of an item as Level 3 is based on the significance of the unobservable inputs to the overall fair value measurement. However, Level 3 measurements may also include observable components of value that can be validated externally. Accordingly, the gains and losses in the table below include changes in fair value due in part to observable factors that are part of the valuation methodology.

<i>(dollar amounts in millions)</i>	Level 3 Fair Value Measurements Year Ended December 31, 2018				
	MSRs	Derivative instruments	Municipal securities	Asset- backed securities	Loans held for investment

Assets and Liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities may be required to be measured at fair value on a nonrecurring basis in periods subsequent to their initial recognition. These assets and liabilities are not measured at fair value on an ongoing basis; however, they are subject to fair value adjustments in certain circumstances, such as when there is evidence of impairment. The amounts presented represent the fair value on the various measurement dates throughout the period. The gains(losses) represent the amounts recorded during the period regardless of whether the asset is still held at period end.

The amounts measured at fair value on a nonrecurring basis at December 31, 2018 were as follows:

<i>(dollar amounts in millions)</i>	Fair Value Measurements Using				Total Gains/(Losses) Year Ended December 31, 2018
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	
Impaired loans	33	—	—	33	(1)
Other real estate owned	20	—	—	20	(7)
Loans held for sale	145	—	—	145	(11)

Huntington records nonrecurring adjustments of collateral-dependent loans measured for impairment when establishing the ALLL. Such amounts are generally based on the fair value of the underlying collateral supporting the loan. Appraisals are generally obtained to support the fair value of the collateral and incorporate measures such as recent sales prices for comparable properties and cost of construction. Periodically, in cases where the carrying value exceeds the fair value of the collateral less cost to sell, an impairment charge is recognized.

Other real estate owned properties are included in other assets and valued based on appraisals and third-party price opinions.

The appraisals supporting the fair value of the collateral to recognize loan impairment or unrealized loss on other real estate owned properties may not have been obtained as of December 31, 2018.

Loans held for sale are measured at lower of cost or fair value less costs to sell. The fair value of loans held for sale is determined based on discounted cash flows or based on the fair value of the underlying collateral supporting the loan.

Significant unobservable inputs for assets and liabilities measured at fair value on a recurring and nonrecurring basis

The table below presents quantitative information about the significant unobservable inputs for assets and liabilities measured at fair value on a recurring and nonrecurring basis at December 31, 2018 and 2017:

Quantitative Information about Level 3 Fair Value Measurements at December 31, 2018					
<i>(dollar amounts in millions)</i>	Fair Value	Valuation Technique	Significant Unobservable Input	Range	Weighted Average
Measured at fair value on a recurring basis:					
MSRs	\$ 10	Discounted cash flow	Constant prepayment rate	6 % - 54%	8%
			Spread over forward interest rate swap rates	5 % - 11%	8%
Derivative assets	5	Consensus Pricing	Net market price	(5)% - 23%	2%
			Estimated Pull through %	1 % - 100%	92%
Derivative liabilities	3	Discounted cash flow	Estimated conversion factor		163%
			Estimated growth rate of Visa Class A shares		7%
			Discount rate		4%
			Timing of the resolution of the litigation		6/30/2020
Municipal securities	3,165	Discounted cash flow	Discount rate	4 % - 4%	4%
			Cumulative default	— % - 39%	3%
			Loss given default	5 % - 90%	25%
Loans held for investment	30	Discounted cash flow	Discount rate	7 % - 9%	9%
			Constant prepayment rate	9 % - 9%	9%
Measured at fair value on a nonrecurring basis:					
Impaired loans	33	Appraisal value	NA		NA
Other real estate owned	20	Appraisal value	NA		NA
Loans held for sale	121	Discounted cash flow	Discount rate	5 % - 6%	5%
	24	Appraisal value	NA		N/A

Quantitative Information about Level 3 Fair Value Measurements at December 31, 2017					
<i>(dollar amounts in millions)</i>	Fair Value	Valuation Technique	Significant Unobservable Input	Range	Weighted Average
Measured at fair value on a recurring basis:					
MSRs	\$ 11	Discounted cash flow	Constant prepayment rate	8 % - 33%	12%
			Spread over forward interest rate swap rates	8 % - 10%	8%
Derivative assets	6	Consensus Pricing	Net market price	(5)% - 20%	2%

			Discount rate		3%
			Timing of the resolution of the litigation	12/31/2017 - 06/30/2020	
Municipal securities	3,167	Discounted cash flow	Discount rate	— % - 10%	4%
			Cumulative default	— % - 64%	3%
			Loss given default	5 % - 90%	24%
Asset-backed securities	24	Discounted cash flow	Discount rate	7 % - 7%	7%
			Cumulative prepayment rate	— % - 72%	7%
			Cumulative default	3 % - 53%	7%
			Loss given default	90 % - 100%	98%
			Cure given deferral	50 % - 50%	50%
Loans held for investment	38	Discounted cash flow	Discount rate	7 % - 18%	8%
			Constant prepayment rate	2 % - 22%	9%

The following provides a general description of the impact of a change in an unobservable input on the fair value measurement and the interrelationship between unobservable inputs, where relevant/significant. Interrelationships may also exist between observable and unobservable inputs. Such relationships have not been included in the discussion below.

Table of Contents

Credit loss estimates, such as probability of default, constant default, cumulative default, loss given default, cure given deferral, and loss severity, are driven by the ability of the borrowers to pay their loans and the value of the underlying collateral and are impacted by changes in macroeconomic conditions, typically increasing when economic conditions worsen and decreasing when conditions improve. An increase in the estimated prepayment rate typically results in a decrease in estimated credit losses and vice versa. Higher credit loss estimates generally result in lower fair values. Credit spreads generally increase when liquidity risks and market volatility increase and decrease when liquidity conditions and market volatility improve.

Discount rates and spread over forward interest rate swap rates typically increase when market interest rates increase and/or credit and liquidity risks increase, and decrease when market interest rates decline and/or credit and liquidity conditions improve. Higher discount rates and credit spreads generally result in lower fair market values.

Net market price and pull through percentages generally increase when market interest rates increase and decline when market interest rates decline. Higher net market price and pull through percentages generally result in higher fair values.

Fair values of financial instruments

The following table provides the carrying amounts and estimated fair values of Huntington's financial instruments at December 31, 2018 and December 31, 2017:

<i>(dollar amounts in millions)</i>	December 31, 2018

Short-term borrowings	—	—	5,056	5,056
Long-term debt	—	8,944	458	9,402

(1) Excludes securities without readily determinable fair values

The short-term nature of certain assets and liabilities result in their carrying value approximating fair value. These include trading account securities, customers' acceptance liabilities, short-term borrowings, bank acceptances outstanding, FHLB advances, and cash and short-term assets, which include cash and due from banks, interest-bearing deposits in banks, interest-bearing deposits at Federal Reserve Bank, federal funds sold, and securities purchased under resale agreements. Loan commitments and letters-of-credit generally have short-term, variable-rate features and contain clauses that limit Huntington's exposure to changes in customer credit quality. Accordingly, their carrying values, which are immaterial at the respective balance sheet dates, are reasonable estimates of fair value.

Certain assets, the most significant being operating lease assets, bank owned life insurance, and premises and equipment, do not meet the definition of a financial instrument and are excluded from this disclosure. Similarly, mortgage and nonmortgage servicing rights, deposit base, and other customer relationship intangibles are not considered financial instruments and are not included above. Accordingly, this fair value information is not intended to, and does not, represent Huntington's underlying value. Many of the assets and liabilities subject to the disclosure requirements are not actively traded, requiring fair values to be estimated by Management. These estimations necessarily involve the use of judgment about a wide variety of factors, including but not limited to, relevancy of market prices of comparable instruments, expected future cash flows, and appropriate discount rates.

18. DERIVATIVE FINANCIAL INSTRUMENTS

Derivative financial instruments are recorded in the Consolidated Balance Sheets as either an asset or a liability (in other assets or other liabilities, respectively) and measured at fair value.

Derivative financial instruments can be designated as accounting hedges under GAAP. Designating a derivative as an accounting hedge allows Huntington to recognize gains and losses, less any ineffectiveness, in the income statement within the same period that the hedged item affects earnings. Gains and losses on derivatives that are not designated to an effective hedge relationship under GAAP immediately impact earnings within the period they occur.

The following table presents the fair values of all derivative instruments included in the Consolidated Balance Sheets at December 31, 2018 and December 31, 2017. Amounts in the table below are presented gross without the impact of any net collateral arrangements.

	December 31, 2018		December 31, 2017	
	Asset	Liability	Asset	Liability
<i>(dollar amounts in millions)</i>				
Derivatives designated as Hedging Instruments				
Interest rate contracts	\$ 44	\$ 42	\$ 22	\$ 121
Derivatives not designated as Hedging Instruments				
Interest rate contracts	261	165	187	100
Foreign exchange contracts	23	19	18	18
Commodities contracts	172	168	92	87
Equity contracts	—	10	3	5
Total Contracts	\$ 500	\$ 404	\$ 322	\$ 331

The following table presents the amount of gain or loss recognized in income for derivatives not designated as hedging instruments under ASC Subtopic 815-10 in the Condensed Consolidated Income Statement for the year ended December 31, 2018.

	Location of Gain or (Loss) Recognized in Income on Derivative	Amount of Gain or (Loss) Recognized in Income on Derivative
		Year Ended December 31,
<i>(dollar amounts in millions)</i>		
Interest rate contracts:		
Customer	Capital markets fees	\$ 41
Mortgage Banking	Mortgage banking income	(19)
Foreign exchange contracts	Capital markets fees	27
Commodities contracts	Capital markets fees	6
Equity contracts	Other noninterest expense	4
Total		\$ 59

Derivatives used in Asset and Liability Management Activities

Huntington engages in balance sheet hedging activity, principally for asset liability management purposes, to convert fixed rate assets or liabilities into floating rate or vice versa. Balance sheet hedging activity is arranged to receive hedge accounting treatment and is classified as either fair value or cash flow hedges. Fair value hedges are executed to convert fixed-rate liabilities to floating rate. Cash flow hedges are also used to convert floating rate assets into fixed rate assets.

Table of Contents

The following table presents the gross notional values of derivatives used in Huntington's asset and liability management activities at December 31, 2018 and December 31, 2017, identified by the underlying interest rate-sensitive instruments:

<i>(dollar amounts in millions)</i>	December 31, 2018		
	Fair Value Hedges	Cash Flow Hedges	Total
Instruments associated with:			
Investment securities	—	12	12
Long-term debt	4,865	—	4,865
Total notional value at December 31, 2018	\$ 4,865	\$ 12	\$ 4,877

<i>(dollar amounts in millions)</i>	December 31, 2017		
	Fair Value Hedges	Cash Flow Hedges	Total
Instruments associated with:			
Long-term debt	8,375	—	8,375
Total notional value at December 31, 2017	\$ 8,375	\$ —	\$ 8,375

The following table presents additional information about the interest rate swaps used in Huntington's asset and liability management activities at December 31, 2018 and December 31, 2017:

<i>(dollar amounts in millions)</i>	December 31, 2018				
	Notional Value	Average Maturity (years)	Fair Value	Weighted-Average Rate	
				Receive	Pay
Asset conversion swaps					
Receive fixed—generic	\$ 12	1.2	\$ —	2.20%	2.46%
Liability conversion swaps					
Receive fixed—generic	4,865	2.6	2	2.24	2.54
Total swap portfolio at December 31, 2018	\$ 4,877	2.6	\$ 2	2.24%	2.54%

<i>(dollar amounts in millions)</i>	December 31, 2017				
	Notional Value	Average Maturity (years)	Fair Value	Weighted-Average Rate	
				Receive	Pay
Liability conversion swaps					
Receive fixed—generic	8,375	2.5	(99)	1.56%	1.44%
Total swap portfolio at December 31, 2017	\$ 8,375	2.5	\$ (99)		

These derivative financial instruments were entered into for the purpose of managing the interest rate risk of assets and liabilities. Consequently, net amounts receivable or payable on contracts hedging either interest earning assets or interest bearing liabilities were accrued as an adjustment to either interest income or interest expense. The net amounts resulted in an increase (decrease) to net interest income of \$(36) million, \$23 million, and \$72 million for the years ended December 31, 2018, 2017, and 2016, respectively.

During the second quarter of 2018, Huntington terminated \$2.9 billion (notional value) of liability conversion swaps subsequent to de-designating these swaps as fair value hedges. The adjusted basis of the hedged item at termination was recorded as a loss of \$149 million, which is being amortized over the remaining life of the long-term debt using the effective yield method. Cash payments to counterparties resulting from termination of interest rate swaps are classified as operating activities in our Consolidated Statement of Cash Flows.

Fair Value Hedges

The changes in fair value of the fair value hedges are recorded through earnings and offset against changes in the fair value of the hedged item.

Table of Contents

The following table presents the change in fair value for derivatives designated as fair value hedges as well as the offsetting change in fair value on the hedged item:

<i>(dollar amounts in millions)</i>	Year Ended December 31,		
	2018	2017	2016
Interest rate contracts			
Change in fair value of interest rate swaps hedging long-term debt (1)	112	(53)	(122)
Change in fair value of hedged long term debt (1)	(104)	54	112

(1) Recognized in Interest expense—long-term debt in the Consolidated Statements of Income.

As of December 31, 2018, the following amounts were recorded on the balance sheet related to cumulative basis adjustments for fair value hedges.

<i>(dollar amounts in millions)</i>	Carrying Amount of the Hedged Liabilities	Cumulative Amount of Fair Value Hedging Adjustment To Hedged Liabilities
	December 31, 2018	December 31, 2018
Long-term debt	\$ 4,845	\$ (12)

The cumulative amount of fair value hedging adjustments remaining for any hedged assets and liabilities for which hedge accounting has been discontinued is \$(127) million at December 31, 2018.

Derivatives used in mortgage banking activities

Huntington's mortgage origination hedging activity is related to the hedging of the mortgage pricing commitments to customers and the secondary sale to third parties. The value of a newly originated mortgage is not firm until the interest rate is committed or locked. Forward commitments to sell economically hedge the possible loss on interest rate lock commitments due to interest rate change. The net asset (liability) position of these derivatives at December 31, 2018 and December 31, 2017 are \$(4) million and \$7 million, respectively. At December 31, 2018 and 2017, Huntington had commitments to sell securities collateralized by mortgage loans of \$0.8 billion and \$0.7 billion, respectively. These contracts mature in less than one year.

Derivatives used in municipal bond underwriting

Interest rate futures contracts are used to offset interest rate exposure of the broker-dealer underwriting inventory. These derivative financial instruments are recorded on the consolidated balance sheets as trading account securities and the related net gain associated is recorded in capital market fees on the Consolidated Statement of Income. These derivatives are not designated as hedging instruments. The total notional of these derivative financial instruments at December 31, 2018 was \$11 million and had a fair value of less than \$1 million.

Derivatives used in customer related activities

Various derivative financial instruments are offered to enable customers to meet their financing and investing objectives and for their risk management purposes. Derivative financial instruments used in trading activities consist of commodity, interest rate, and foreign exchange contracts. Huntington enters into offsetting third-party contracts with approved, reputable counterparties with substantially matching terms and currencies in order to economically hedge significant exposure related to derivatives used in trading activities.

The interest rate or price risk of customer derivatives is mitigated by entering into similar derivatives having offsetting terms with other counterparties. The credit risk to these customers is evaluated and included in the calculation of fair value. Foreign currency derivatives help the customer hedge risk and reduce exposure to fluctuations in exchange rates. Transactions are primarily in liquid currencies with Canadian dollars and Euros comprising a majority of all transactions. Commodity derivatives help the customer hedge risk and reduce exposure to fluctuations in the price of various commodities. Hedging of energy-related products and base metals comprise the majority of all transactions.

The net fair values of these derivative financial instruments, for which the gross amounts are included in other assets or other liabilities at December 31, 2018 and December 31, 2017, were \$92 million and \$88 million, respectively. The total notional values of derivative financial instruments used by Huntington on behalf of customers, including offsetting derivatives, were \$26 billion and \$22 billion at December 31, 2018 and December 31, 2017, respectively. Huntington's credit risk from customer derivatives was \$132 million and \$119 million at the same dates, respectively.

Visa®-related Swaps

In connection with the sale of Huntington's Class B Visa® shares, Huntington entered into a swap agreement with the purchaser of the shares. The swap agreement adjusts for dilution in the conversion ratio of Class B shares resulting from changes in the Visa® litigation. In connection with the FirstMerit acquisition, Huntington acquired an additional Visa® related swap agreement. At December 31, 2018, the combined fair value of the swap liabilities of \$3 million is an estimate of the exposure liability based upon Huntington's assessment of the potential Visa® litigation losses and timing of the litigation settlement.

Financial assets and liabilities that are offset in the Consolidated Balance Sheets

Huntington records derivatives at fair value as further described in Note 17.

Derivative balances are presented on a net basis taking into consideration the effects of legally enforceable master netting agreements. Additionally, collateral exchanged with counterparties is also netted against the applicable derivative fair values. Huntington enters into derivative transactions with two primary groups: broker-dealers and banks, and Huntington's customers. Different methods are utilized for managing counterparty credit exposure and credit risk for each of these groups.

Huntington enters into transactions with broker-dealers and banks for various risk management purposes. These types of transactions generally are high dollar volume. Huntington enters into collateral and master netting agreements with these counterparties, and routinely exchanges cash and high quality securities collateral. Huntington enters into transactions with customers to meet their financing, investing, payment and risk management needs. These types of transactions generally are low dollar volume. Huntington enters into master netting agreements with customer counterparties, however collateral is generally not exchanged with customer counterparties.

At December 31, 2018 and December 31, 2017, aggregate credit risk associated with derivatives, net of collateral that has been pledged by the counterparty, was \$37 million and \$30 million, respectively. The credit risk associated with interest rate swaps is calculated after considering master netting agreements with broker-dealers and banks.

At December 31, 2018, Huntington pledged \$45 million of investment securities and cash collateral to counterparties, while other counterparties pledged \$144 million of investment securities and cash collateral to Huntington to satisfy collateral netting agreements. In the event of credit downgrades, Huntington would not be required to provide additional collateral.

The following tables present the gross amounts of these assets and liabilities with any offsets to arrive at the net amounts recognized in the Consolidated Balance Sheets at December 31, 2018 and December 31, 2017:

Offsetting of Derivative Assets

		Gross amounts of recognized assets	Gross amounts offset in the consolidated balance sheets	Net amounts of assets presented in the consolidated balance sheets	Gross amounts not offset in the condensed consolidated balance sheets		Net amount
					Financial instruments	Cash collateral received	
December 31, 2018	Derivatives	\$ 500	\$ (291)	\$ 209	\$ (4)	\$ (53)	\$ 152
December 31, 2017	Derivatives	322	(190)	132	(11)	(18)	103

Offsetting of Derivative Liabilities

		Gross amounts of recognized liabilities	Gross amounts offset in the consolidated balance sheets	Net amounts of liabilities presented in the consolidated balance sheets	Gross amounts not offset in the condensed consolidated balance sheets		Net amount
					Financial instruments	Cash collateral delivered	
December 31, 2018	Derivatives	\$ 404	\$ (217)	\$ 187	\$ —	\$ (12)	\$ 175
December 31, 2017	Derivatives	331	(245)	86	—	(21)	65

Table of Contents

19. VIEs

Unconsolidated VIEs

The following tables provide a summary of the assets and liabilities included in Huntington's Consolidated Financial Statements, as well as the maximum exposure to losses, associated with its interests related to unconsolidated VIEs for which Huntington holds an interest, but is not the primary beneficiary, to the VIE at December 31, 2018, and 2017:

	December 31, 2018		
	Total Assets	Total Liabilities	Maximum Exposure to Loss
<i>(dollar amounts in millions)</i>			
Trust Preferred Securities	14	252	—
Affordable Housing Tax Credit Partnerships	708	357	708
Other Investments	126	53	126
Total	<u>\$ 848</u>	<u>\$ 662</u>	<u>\$ 834</u>

	December 31, 2017		
	Total Assets	Total Liabilities	Maximum Exposure to Loss
<i>(dollar amounts in millions)</i>			
Trust Preferred Securities	14	252	—
Affordable Housing Tax Credit Partnerships	636	335	636
Other Investments	125	53	125
Total	<u>\$ 775</u>	<u>\$ 640</u>	<u>\$ 761</u>

Trust-Preferred Securities

Huntington has certain wholly-owned trusts whose assets, liabilities, equity, income, and expenses are not included within Huntington's Consolidated Financial Statements. These trusts have been formed for the sole purpose of issuing trust-preferred securities, from which the proceeds are then invested in Huntington junior subordinated debentures, which are reflected in Huntington's Consolidated Balance Sheet as long-term debt. The trust securities are the obligations of the trusts, and as such, are not consolidated within Huntington's Consolidated Financial Statements.

A list of trust-preferred securities outstanding at December 31, 2018 follows:

<i>(dollar amounts in millions)</i>	Rate	Principal amount of subordinated note/debenture issued to trust (1)	Investment in unconsolidated subsidiary
Huntington Capital I	3.50% (2)	\$ 70	\$ 6
Huntington Capital II	3.42 (3)	32	3
Sky Financial Capital Trust III	4.20 (4)	72	2
Sky Financial Capital Trust IV	4.20 (4)	74	2
Camco Financial Trust	4.13 (5)	4	1
Total		<u>\$ 252</u>	<u>\$ 14</u>

(1) Represents the principal amount of debentures issued to each trust, including unamortized original issue discount.

(2) Variable effective rate at December 31, 2018, based on three-month LIBOR + 0.70%.

(3) Variable effective rate at December 31, 2018, based on three-month LIBOR + 0.625%.

(4) Variable effective rate at December 31, 2018, based on three-month LIBOR + 1.40%.

(5) Variable effective rate at December 31, 2018, based on three month LIBOR + 1.33%.

Each issue of the junior subordinated debentures has an interest rate equal to the corresponding trust securities distribution rate. Huntington has the right to defer payment of interest on the debentures at any time, or from time-to-time for a period not exceeding five years provided that no extension period may extend beyond the stated maturity of the related debentures. During any such extension period, distributions to the trust securities will also be deferred and Huntington's ability to pay dividends on its common stock will be restricted. Periodic cash payments and payments upon liquidation or redemption with respect to trust securities are guaranteed by Huntington to the extent of funds held by the trusts. The guarantee ranks subordinate and junior in right of payment to all indebtedness of the Company to the same extent as the junior subordinated debt. The guarantee does not place a limitation on the amount of additional indebtedness that may be incurred by Huntington.

Table of Contents

Affordable Housing Tax Credit Partnerships

Huntington makes certain equity investments in various limited partnerships that sponsor affordable housing projects utilizing the LIHTC pursuant to Section 42 of the Internal Revenue Code. The purpose of these investments is to achieve a satisfactory return on capital, to facilitate the sale of additional affordable housing product offerings, and to assist in achieving goals associated with the Community Reinvestment Act. The primary activities of the limited partnerships include the identification, development, and operation of multi-family housing that is leased to qualifying residential tenants. Generally, these types of investments are funded through a combination of debt and equity.

Huntington uses the proportional amortization method to account for a majority of its investments in these entities. These investments are included in other assets. Investments that do not meet the requirements of the proportional amortization method are accounted for using the equity method. Investment losses related to these investments are included in noninterest income in the Consolidated Statements of Income.

The following table presents the balances of Huntington's affordable housing tax credit investments and related unfunded commitments at December 31, 2018 and 2017.

<i>(dollar amounts in millions)</i>	December 31, 2018	December 31, 2017
Affordable housing tax credit investments	\$ 1,147	\$ 996
Less: amortization	(439)	(360)
Net affordable housing tax credit investments	<u>\$ 708</u>	<u>\$ 636</u>
Unfunded commitments	<u>\$ 357</u>	<u>\$ 335</u>

The following table presents other information relating to Huntington's affordable housing tax credit investments for the years ended December 31, 2018, 2017, and 2016:

<i>(dollar amounts in millions)</i>	Year Ended December 31,		
	2018	2017	2016
Tax credits and other tax benefits recognized	\$ 92	\$ 91	\$ 80
Proportional amortization method			
Tax credit amortization expense included in provision for income taxes	79	70	53
Equity method			
Tax credit investment losses included in noninterest income	—	—	1

There were no material sales of affordable housing tax credit investments in 2018, 2017 or 2016. Huntington recognized immaterial impairment losses for the years ended December 31, 2018, 2017 and 2016. The impairment losses recognized related to the fair value of the tax credit investments that were less than carrying value.

Other Investments

Other investments determined to be VIE's include investments in Small Business Investment Companies, Historic Tax Credit Investments, certain equity method investments, automobile securitizations and other miscellaneous investments.

20. COMMITMENTS AND CONTINGENT LIABILITIES

Commitments to extend credit

In the ordinary course of business, Huntington makes various commitments to extend credit that are not reflected in the Consolidated Financial Statements. The contract amounts of these financial agreements at December 31, 2018, and December 31, 2017 were as follows:

<i>(dollar amounts in millions)</i>	At December 31,	
	2018	2017
Contract amount representing credit risk		
Commitments to extend credit:		
Commercial	\$ 17,149	\$ 16,219
Consumer	14,974	13,384
Commercial real estate	1,188	1,366
Standby letters of credit	676	510
Commercial letters-of-credit	14	21

Commitments to extend credit generally have fixed expiration dates, are variable-rate, and contain clauses that permit Huntington to terminate or otherwise renegotiate the contracts in the event of a significant deterioration in the customer's credit

Table of Contents

quality. These arrangements normally require the payment of a fee by the customer, the pricing of which is based on prevailing market conditions, credit quality, probability of funding, and other relevant factors. Since many of these commitments are expected to expire without being drawn upon, the contract amounts are not necessarily indicative of future cash requirements. The interest rate risk arising from these financial instruments is insignificant as a result of their predominantly short-term, variable-rate nature.

Standby letters-of-credit are conditional commitments issued to guarantee the performance of a customer to a third-party. These guarantees are primarily issued to support public and private borrowing arrangements, including commercial paper, bond financing, and similar transactions. Most of these arrangements mature within two years. The carrying amount of deferred revenue associated with these guarantees was \$13 million and \$10 million at December 31, 2018 and December 31, 2017, respectively.

Commercial letters-of-credit represent short-term, self-liquidating instruments that facilitate customer trade transactions and generally have maturities of no longer than 90 days. The goods or cargo being traded normally secure these instruments.

Litigation and Regulatory Matters

In the ordinary course of business, Huntington is routinely a defendant in or party to pending and threatened legal and regulatory actions and proceedings.

In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, Huntington generally cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each matter may be.

Huntington establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. Huntington thereafter continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established.

For certain matters, Huntington is able to estimate a range of possible loss. In cases in which Huntington possesses information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is possible, management currently estimates the aggregate range of possible loss is \$0 to \$30 million at December 31, 2018 in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. The estimated range of possible loss does not represent Huntington's maximum loss exposure.

Based on current knowledge, management does not believe that loss contingencies arising from pending matters will have a material adverse effect on the consolidated financial position of Huntington. Further, management believes that amounts accrued are adequate to address Huntington's contingent liabilities. However, in light of the inherent uncertainties involved in these matters, some of which are beyond Huntington's control, and the large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to Huntington's results of operations for any particular reporting period.

Commitments under Operating Lease Obligations

At December 31, 2018, Huntington and its subsidiaries were obligated under noncancelable leases for land, buildings, and equipment. Many of these leases contain renewal options and certain leases provide options to purchase the leased property during or at the expiration of the lease period at specified prices. Some leases contain escalation clauses calling for rentals to be adjusted for increased real estate taxes and other operating expenses or proportionately adjusted for increases in the consumer or other price indices.

The future minimum rental payments required under operating leases that have initial or remaining noncancelable lease terms in excess of one year as of December 31, 2018, were as follows: \$59 million in 2019, \$55 million in 2020, \$40 million in 2021, \$35 million in 2022, \$27 million in 2023, and \$95 million thereafter. At December 31, 2018, total minimum lease payments have not been reduced by minimum sublease rentals of \$4 million due in the future under noncancelable subleases. At December 31, 2018, the future minimum sublease rental payments that Huntington expects to receive were as follows: \$2 million in 2019, \$2 million in 2020, and less than \$1 million thereafter. The rental expense for all operating leases was \$70 million, \$76 million, and \$65 million for 2018, 2017, and 2016, respectively. Huntington had no material obligations under capital leases.

21. OTHER REGULATORY MATTERS

Huntington and the Bank are subject to certain risk-based capital and leverage ratio requirements under the U.S. Basel III capital rules adopted by the Federal Reserve, for Huntington, and by the OCC, for the Bank. These rules implement the Basel III international regulatory capital standards in the United States, as well as certain provisions of the Dodd-Frank Act. These quantitative calculations are minimums, and the Federal Reserve and OCC may determine that a banking organization, based on its size, complexity or risk profile, must maintain a higher level of capital in order to operate in a safe and sound manner.

Under the U.S. Basel III capital rules, Huntington's and the Bank's assets, exposures and certain off-balance sheet items are subject to risk weights used to determine the institutions' risk-weighted assets. These risk-weighted assets are used to calculate the following minimum capital ratios for Huntington and the Bank:

CET1 Risk-Based Capital Ratio, equal to the ratio of CET1 capital to risk-weighted assets. CET1 capital primarily includes common shareholders' equity subject to certain regulatory adjustments and deductions, including with respect to goodwill, intangible assets, certain deferred tax assets, and AOCI. Certain of these adjustments and deductions were subject to phase-in periods that began on January 1, 2015, and was scheduled to end on January 1, 2018. Together with the FDIC, the Federal Reserve and OCC have issued proposed rules that would simplify the capital treatment of certain capital deductions and adjustments, and the final phase-in period for these capital deductions and adjustments has been indefinitely delayed. In addition, in December 2018, the U.S. federal banking agencies finalized rules that would permit BHCs and banks to phase-in, for regulatory capital purposes, the day-one impact of the new current expected credit loss accounting rule on retained earnings over a period of three years. For further discussion of the new current expected credit loss accounting rule, see Note 2 of the Notes to Consolidated Financial Statements.

Tier 1 Risk-Based Capital Ratio, equal to the ratio of Tier 1 capital to risk-weighted assets. Tier 1 capital is primarily comprised of CET1 capital, perpetual preferred stock and certain qualifying capital instruments.

Total Risk-Based Capital Ratio, equal to the ratio of total capital, including CET1 capital, Tier 1 capital and Tier 2 capital, to risk-weighted assets. Tier 2 capital primarily includes qualifying subordinated debt and qualifying ALLL. Tier 2 capital also includes, among other things, certain trust preferred securities.

Tier 1 Leverage Ratio, equal to the ratio of Tier 1 capital to quarterly average assets (net of goodwill, certain other intangible assets and certain other deductions).

The total minimum regulatory capital ratios and well-capitalized minimum ratios are reflected on the following page. The Federal Reserve has not yet revised the well-capitalized standard for BHCs to reflect the higher capital requirements imposed under the U.S. Basel III capital rules. For purposes of the Federal Reserve's Regulation Y, including determining whether a BHC meets the requirements to be an FHC, BHCs, such as Huntington, must maintain a Tier 1 Risk-Based Capital Ratio of 6.0% or greater and a Total Risk-Based Capital Ratio of 10.0% or greater. If the Federal Reserve were to apply the same or a very similar well-capitalized standard to BHCs as that applicable to the Bank, Huntington's capital ratios as of December 31, 2018 would exceed such revised well-capitalized standard. The Federal Reserve may require BHCs, including Huntington, to maintain capital ratios substantially in excess of mandated minimum levels, depending upon general economic conditions and a BHC's particular condition, risk profile and growth plans.

Failure to be well-capitalized or to meet minimum capital requirements could result in certain mandatory and possible additional discretionary actions by regulators that, if undertaken, could have an adverse material effect on our operations or financial condition. Failure to be well-capitalized or to meet minimum capital requirements could also result in restrictions on Huntington's or the Bank's ability to pay dividends or otherwise distribute capital or to receive regulatory approval of applications.

In addition to meeting the minimum capital requirements, under the U.S. Basel III capital rules Huntington and the Bank must also maintain the required Capital Conservation Buffer to avoid becoming subject to restrictions on capital distributions and certain discretionary bonus payments to management. The Capital Conservation Buffer is calculated as a ratio of CET1 capital to risk-weighted assets, and it effectively increases the required minimum risk-based capital ratios. The Capital Conservation Buffer requirement was phased in over a three-year period that began on January 1, 2016. The phase-in period ended on January 1, 2019, and the Capital Conservation Buffer is now at its fully phased-in level of 2.5%. Throughout 2018, the required Capital Conservation Buffer was 1.875%. The Tier 1 Leverage Ratio is not impacted by the Capital Conservation Buffer, and a banking institution may be considered well-capitalized while remaining out of compliance with the Capital Conservation Buffer. In April 2018, the Federal Reserve issued a proposal that would, among other things, replace the Capital Conservation Buffer with stress buffer requirements for certain large BHCs, including Huntington. Please refer to the Proposed Stress Buffer Requirements section in the Item 1: Business for further details.

Table of Contents

As of December 31, 2018, Huntington's and the Bank's regulatory capital ratios were above the well-capitalized standards and met the then-applicable Capital Conservation Buffer. Please refer to the table below for a summary of Huntington's and the Bank's regulatory capital ratios as of December 31, 2018, calculated using the regulatory capital methodology applicable during 2018.

		Minimum Regulatory Capital Ratios	Minimum Ratio+ Capital Conservation Buffer	Well- Capitalized Minimums	Basel III			
					December 31,			
					2018		2017	
					Ratio	Amount	Ratio	Amount
<i>(dollar amounts in millions)</i>								
CET 1 risk-based capital	Consolidated	4.50	6.375%	N/A	9.65	8,271	10.01	8,041
	Bank	4.50	6.375	6.50	10.19	8,732	11.02	8,856
Tier 1 risk-based capital	Consolidated	6.00	7.875	6.00	11.06	9,478	11.34	9,110
	Bank	6.00	7.875	8.00	11.21	9,611	12.10	9,727
Total risk-based capital	Consolidated	8.00	9.875	10.00	12.98	11,122	13.39	10,757
	Bank	8.00	9.875	10.00	13.42	11,504	14.33	11,517
Tier 1 leverage	Consolidated	4.00%	N/A	N/A	9.10%	\$ 9,478	9.09%	\$ 9,110
	Bank	4.00	N/A	5.00%	9.23	9,611	9.70	9,727

Huntington and its subsidiaries are also subject to various regulatory requirements that impose restrictions on cash, debt, and dividends. The Bank is required to maintain cash reserves based on the level of certain of its deposits. This reserve requirement may be met by holding cash in banking offices or on deposit at the FRB. During 2018 and 2017, the average balances of these deposits were \$0.4 billion and \$0.4 billion, respectively.

Under current Federal Reserve regulations, the Bank is limited as to the amount and type of loans it may make to the parent company and nonbank subsidiaries. At December 31, 2018, the Bank could lend \$1.2 billion to a single affiliate, subject to the qualifying collateral requirements defined in the regulations.

Dividends from the Bank are one of the major sources of funds for the Company. These funds aid the Company in the payment of dividends to shareholders, expenses, and other obligations. Payment of dividends and/or return of capital to the parent company is subject to various legal and regulatory limitations. During 2018, the Bank paid dividends of \$1.7 billion to the holding company. Also, there are statutory and regulatory limitations on the ability of national banks to pay dividends or make other capital distributions.

22. PARENT-ONLY FINANCIAL STATEMENTS

23. SEGMENT REPORTING

Huntington's business segments are based on the internally-aligned segment leadership structure, which is how management monitors results and assesses performance. The Company has four major business segments: Consumer and Business Banking, Commercial Banking, Vehicle Finance, Regional Banking and The Huntington Private Client Group (RBHPCG). The Treasury / Other function includes technology and operations, other unallocated assets, liabilities, revenue, and expense.

Business segment results are determined based upon Huntington's management reporting system, which assigns balance sheet and income statement items to each of the business segments. The process is designed around the organizational and management structure and, accordingly, the results derived are not necessarily comparable with similar information published by other financial institutions. Additionally, because of the interrelationships of the various segments, the information presented is not indicative of how the segments would perform if they operated as independent entities.

Revenue is recorded in the business segment responsible for the related product or service. Fee sharing is recorded to allocate portions of such revenue to other business segments involved in selling to, or providing service to customers. Results of operations for the business segments reflect these fee sharing allocations.

The management accounting process that develops the business segment reporting utilizes various estimates and allocation methodologies to measure the performance of the business segments. Expenses are allocated to business segments using a two-phase approach. The first phase consists of measuring and assigning unit costs (activity-based costs) to activities related to product origination and servicing. These activity-based costs are then extended, based on volumes, with the resulting amount allocated to business segments that own the related products. The second phase consists of the allocation of overhead costs to all four business segments from Treasury / Other. Huntington utilizes a full-allocation methodology, where all Treasury / Other expenses, except reported Significant Items, and a small amount of other residual unallocated expenses, are allocated to the four business segments.

The management accounting policies and processes utilized in compiling segment financial information are highly subjective and, unlike financial accounting, are not based on authoritative guidance similar to GAAP. As a result, reported segment results are not necessarily comparable with similar information reported by other financial institutions. Furthermore, changes in management

Table of Contents

structure or allocation methodologies and procedures result in changes in reported segment financial data. Accordingly, certain amounts have been reclassified to conform to the current period presentation.

Huntington uses an active and centralized FTP methodology to attribute appropriate net interest income to the business segments. The intent of the FTP methodology is to transfer interest rate risk from the business segments by providing matched duration funding of assets and liabilities. The result is to centralize the financial impact, management, and reporting of interest rate risk in the Treasury / Other function where it can be centrally monitored and managed. The Treasury / Other function charges (credits) an internal cost of funds for assets held in (or pays for funding provided by) each business segment. The FTP rate is based on prevailing market interest rates for comparable duration assets (or liabilities).

Consumer and Business Banking - The Consumer and Business Banking segment, including Home Lending, provides a wide array of financial products and services to consumer and small business customers including but not limited to checking accounts, savings accounts, money market accounts, certificates of deposit, mortgage loans, consumer loans, credit cards, and small business loans and investment products. Other financial services available to consumer and small business customers include insurance, interest rate risk protection, foreign exchange, and treasury management. Business Banking is defined as serving companies with revenues up to \$20 million. Home Lending supports origination and servicing of consumer loans and mortgages for customers who are generally located in our primary banking markets across all segments.

Commercial Banking - Through a relationship banking model, this segment provides a wide array of products and services to the middle market, corporate, real estate and government public sector customers located primarily within our geographic footprint. The segment is divided into six business units: Middle Market, Specialty Banking, Asset Finance, Capital Markets/Institutional Corporate Banking, Commercial Real Estate, and Treasury Management.

Vehicle Finance - Our products and services include providing financing to consumers for the purchase of automobiles, light-duty trucks, recreational vehicles, and marine craft at franchised and other select dealerships, and providing financing to franchised dealerships for the acquisition of new and used inventory. Products and services are delivered through highly specialized relationship-focused bankers and product partners.

Regional Banking and The Huntington Private Client Group - The core business of The Huntington Private Client Group is The Huntington Private Bank, which consists of Private Banking, Wealth & Investment Management, and Retirement Plan Services. The Huntington Private Bank provides high net-worth customers with deposit, lending (including specialized lending options), and banking services. The Huntington Private Bank also delivers wealth management and legacy planning through investment and portfolio management, fiduciary administration, and trust services. This group also provides retirement plan services to corporate businesses. The Huntington Private Client Group provides corporate trust services and institutional and mutual fund custody services.

Listed below is certain financial information reconciled to Huntington's December 31, 2018, December 31, 2017, and December 31, 2016, reported results by business segment:

Income Statements (dollar amounts in millions)	Consumer & Business Banking	Commercial Banking	Vehicle Finance	RBHPCG	Treasury / Other	Huntington Consolidated

Item 9: Changes In and Disagreements With Accountants on Accounting and Financial Disclosure

None.

Item 9A: Controls and Procedures

Disclosure Controls and Procedures

Huntington maintains disclosure controls and procedures designed to ensure that the information required to be disclosed in the reports that it files or submits under the Securities Exchange Act of 1934, as amended (the Exchange Act), are recorded, processed, summarized, and reported within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Huntington's Management, with the participation of its Chief Executive Officer and the Chief Financial Officer, evaluated the effectiveness of Huntington's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of December 31, 2018. Based upon such evaluation, Huntington's Chief Executive Officer and Chief Financial Officer have concluded that, as of December 31, 2018, Huntington's disclosure controls and procedures were effective.

Internal Control Over Financial Reporting

Information required by this item is set forth in the Report of Management's Assessment of Internal Control over Financial Reporting and the Report of Independent Registered Public Accounting Firm.

Changes in Internal Control Over Financial Reporting

There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended December 31, 2018, that have materially affected, or are reasonably likely to materially affect, internal control over financial reporting.

Item 9B: Other Information

Not applicable.

PART III

We refer in Part III of this report to relevant sections of our 2019 Proxy Statement for the 2019 annual meeting of shareholders, which will be filed with the SEC pursuant to Regulation 14A within 120 days of the close of our 2018 fiscal year. Portions of our 2019 Proxy Statement, including the sections we refer to in this report, are incorporated by reference into this report.

Item 10: Directors, Executive Officers and Corporate Governance

Information required by this item is set forth under the captions Election of Directors, Corporate Governance, Our Executive Officers, Board Meetings and Committee Information, Report of the Audit Committee, and Section 16(a) Beneficial Ownership Reporting Compliance of our 2019 Proxy Statement, which is incorporated by reference into this item.

Item 11: Executive Compensation

Information required by this item is set forth under the captions Compensation of Executive Officers of our 2019 Proxy Statement, which is incorporated by reference into this item.

Table of Contents

Item 12: Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth information about Huntington common stock authorized for issuance under Huntington's existing equity compensation plans as of December 31, 2018

Plan Category (1)	Number of securities to be issued upon exercise of outstanding options, warrants, and rights (2) (a)	Weighted-average exercise price of outstanding options, warrants, and rights (3) (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (4) (c)
Equity compensation plans approved by security holders	29,252,019	\$ 3.86	26,185,301
Equity compensation plans not approved by security holders	3,290	6.08	--
Total	29,255,309	\$ 3.86	26,185,301

- (1) All equity compensation plan authorizations for shares of common stock provide for the number of shares to be adjusted for stock splits, stock dividends, and other changes in capitalization. The Huntington Investment and Tax Savings Plan, a broad-based plan qualified under Code Section 401(a) which includes Huntington common stock as one of a number of investment options available to participants, is excluded from the table.
- (2) The numbers in this column (a) reflect shares of common stock to be issued upon exercise of outstanding stock options and the vesting of outstanding awards of RSUs, and PSUs and the release of DSUs. The shares of common stock to be issued upon exercise or vesting under equity compensation plans not approved by shareholders include an inducement grant issued outside of the Company's stock plans, and awards granted under the following plans which are no longer active and for which Huntington has not reserved the right to make subsequent grants or awards: employee and director stock plans of Unizan Financial Corp., Camco Financial Corporation, and FirstMerit Corporation assumed in the acquisitions of these companies.
- (3) The weighted-average exercise prices in this column are based on outstanding options and do not take into account unvested awards of RSUs, RSAs and PSUs and unreleased DSUs as these awards do not have an exercise price.
- (4) The number of shares in this column (c) reflects the number of shares remaining available for future issuance under Huntington's 2018 Plan, excluding shares reflected in column (a). The number of shares in this column (c) does not include shares of common stock to be issued under the following compensation plans: the Executive Deferred Compensation Plan, which provides senior officers designated by the Compensation Committee the opportunity to defer up to 90% of base salary, annual bonus compensation and certain equity awards, and up to 90% of long-term incentive awards; the Supplemental Plan under which voluntary participant contributions made by payroll deduction are used to purchase shares; the Deferred Compensation for Huntington Bancshares Incorporated Directors under which directors may defer their director compensation and such amounts may be invested in shares of common stock; and the Deferred Compensation Plan for directors (now inactive) under which directors of selected subsidiaries may defer their director compensation and such amounts may be invested in shares of Huntington common stock. These plans do not contain a limit on the number of shares that may be issued under them.

Additional information required by this item is set forth under the captions Ownership of Voting Stock of our 2019 Proxy Statement, which is incorporated by reference into this item.

Item 13: Certain Relationships and Related Transactions, and Director Independence

Information required by this item is set forth under the captions Independence of Directors and Review, Approval or Ratification of Transactions with Related Persons of our 2019 Proxy Statement, which are incorporated by reference into this item.

Item 14: Principal Accountant Fees and Services

Information required by this item is set forth under the caption Proposal to Ratify the Appointment of Independent Registered Public Accounting Firm of our 2019 Proxy Statement which is incorporated by reference into this item.

HUNTINGTON BANCSHARES INCORPORATED

SUPPLEMENTAL 401(K) PLAN

The Huntington Supplemental Stock Purchase and Tax Savings Plan is hereby amended, restated and renamed as the Huntington Supplemental 401(k) Plan (the "Plan"), effective as of January 1, 2019, by Huntington Bancshares Incorporated, a Maryland corporation (the "Company"), for the benefit of a select group of the management and highly compensated employees of the Company and of its affiliated entities that participate in this Plan with the consent of the Company.

Background Information

A. The Company desires to continue the Plan in accordance with this amended and restated plan document in order to provide certain of its highly compensated and management employees with the opportunity to defer a portion of the "Compensation" (as defined in the Qualified Plan) otherwise payable to them. The purpose is to provide this supplemental savings opportunity to Eligible Employees whose contributions and benefits under the Qualified Plan are affected by the limits imposed on tax-qualified retirement plans under the Code or by limits imposed under the terms of the Qualified Plan.

B. The Company also desires to provide certain matching contributions to the Plan on behalf of eligible employees.

C. The Company intends for the Plan to continue to be an unfunded, non-qualified deferred compensation arrangement as provided under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and to satisfy the requirements of a "top hat" plan thereunder and under Labor Reg. Sec. 2520.104-23.

D. The Plan is also intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended ("Code"), and final regulations and other rulings issued by the Internal Revenue Service ("IRS") thereunder

ARTICLE I

DEFINITIONS AND GENERAL PROVISIONS

1.1 Definitions. Unless the context requires otherwise, the terms defined in this Article shall have the meanings set forth below unless the context clearly requires another meaning. When the defined meaning is intended, the term is capitalized:

(a) Account. The bookkeeping account for each Participant under Section 3.5. Each account may include subaccounts for different categories of deferrals under the Plan and the earnings that are credited thereto on behalf of a Participant, as described in Article III.

(b) Administrator or Committee. The Company's Investment and Administrative Committee ("IAC") or such other committee of at least three persons appointed by the Company to oversee the administration of the Plan.

(c) Beneficiary. The person(s) entitled to receive any distribution hereunder upon the death of a Participant. The Beneficiary (and any contingent Beneficiary) for benefits payable under this Plan shall be the persons designated by the Participant in accordance with procedures established by the Committee as of the Participant's date of death. In the absence of any such designation, any death benefit shall be payable to the Participant's surviving spouse, or if none, to the Participant's estate.

(d) Change in Control. For purposes of the Plan, a Change in Control means a change in control of the Company as defined in Treasury Regulations Section 1.409A-3(i)(5), issued under Code Section 409A. The term "Change in Control" is intended to comply with Code Section 409A and shall be interpreted such that a Change in Control (1) shall occur for purposes of the Plan in any circumstance that would constitute a "Change in Control Event" (within the meaning of Treasury Regulations under Code Section 409A) and (2) shall not occur for purposes of the Plan in any circumstance that would not constitute such a Change in Control Event.

(e) Code. The Internal Revenue Code of 1986, as amended from time to time, and regulations issued thereunder.

(f) Common Stock. The common stock of the Company, or any security of the Company issued in substitution, exchange or lieu thereof.

(g) Company. Huntington Bancshares Incorporated, a Maryland corporation.

(h) Compensation. Amounts paid or payable by the Company to an Eligible Employee for a Plan Year in cash which are includable in income for federal tax purposes and which are treated as compensation under the Qualified Plan, but also including any cash amounts deferred under this Plan or the Qualified Plan. In addition, the dollar limit on compensation under the Qualified Plan does not apply to this Plan.

(i) Compensation Committee. The Compensation Committee of the Company's Board of Directors.

(j) Compensation Deferral Contribution. An amount of Compensation payable to an Eligible Employee for a Plan Year that he elects to defer in accordance with the rules and procedures of this Plan.

(k) Distribution Options. A single lump sum is the only form of payment permitted under the Plan.

(l) Effective Date. January 1, 2019, the date this amended and restated Plan is effective.

(m) Eligibility Effective Date. Employees who are eligible to participate in the Plan as of the Effective Date of this amended and restated Plan shall continue to be eligible as of the Effective Date unless otherwise determined by the Compensation Committee. Thereafter, the Eligibility Effective Date will occur for newly Eligible Employees as of the first January 1 after the date the Employee is designated as an Eligible Employee and receives the enrollment materials from the Company or its agent. Enrollment and deferral elections of employees may be made prior to their

Eligibility Effective Date provided that no deferrals shall occur from Compensation prior to the applicable Eligibility Effective Date or such later date that is administratively practicable, as determined by the Company.

(n) Eligible Employee. Any individual who is (A) among a select group of management or highly compensated employees (within the meaning of Sections 201(2), 301(a)(3) and 401(a)(1) of ERISA) and (B) designated by the Company, in its sole discretion, as eligible to participate in the Plan. Such designation may be made through action of the Compensation Committee to designate Eligible Employees by name, job title, job level or other methodology, and need not be memorialized through a formal resolution. An employee shall be considered an Eligible Employee upon his notification of eligibility by the Committee.

(o) Employer. The Company and any affiliate thereof or successor thereto which adopts and participates in the Plan. Any affiliate that has U.S. employees and is a member of a controlled group of corporations or other business entities within the meaning of Code Sections 414(b) and (c) that includes the Company shall participate in the Plan unless determined otherwise by the Company. Such participation in the Plan shall continue only so long as the affiliate remains a member of a controlled group of corporations or other business entities within the meaning of Code Sections 414(b) and (c) that includes the Company.

(p) Employer Matching Contribution. An Employer contribution to the Plan that is based on the Participant's Compensation Deferral Contribution for the Plan Year.

(q) ERISA. The Employee Retirement Income Security Act of 1974, as amended from time to time.

(r) Excess Compensation. The amount, if any, of an Eligible Employee's Compensation for the Plan Year that exceeds (i) the limitation under Code Section 401(a)(17) for that Plan Year, or (ii) if less than the limitation under Code Section 401(a)(17), the portion of Compensation that is taken into account under the terms of the Qualified Plan after deducting any Compensation Deferrals to this Plan.

(s) Fair Market Value. The closing sales price of the Common Stock, as reported on the NASDAQ on the relevant date, or if no sale of shares is reported for a date, on the most recent previous date on which trading occurred.

(t) Participant. Any Eligible Employee who meets the eligibility requirements for participation in the Plan as set forth in Article II and who earns benefits under the Plan.

(u) Plan. The Huntington Supplemental 401(k) Plan (formerly known as the Huntington Supplemental Stock Purchase and Tax Savings Plan), as set forth herein, and as such Plan may be amended from time to time hereafter.

(v) Plan Year. The fiscal year of the Plan, which is the 12 consecutive month period beginning January 1 and ending December 31.

(w) Qualified Plan. The Huntington 401(k) Plan, as amended from time to time.

(x) Reporting Person. Eligible Employees who are subject to Section 16 of the Securities Exchange Act of 1934, as amended.

(y) Separation from Service. An Eligible Employee separates from service with the Employer if the Eligible Employee dies, retires or otherwise has a termination of employment with the Employer. Whether a termination of employment has occurred is determined based on whether the facts and circumstances indicate that the Employer and the Eligible Employee reasonably anticipated that no further services would be performed after a certain date or that the level of bona fide services the Eligible Employee would perform after such date (as an employee or independent contractor) would permanently decrease to no more than 20 percent of the average level of bona fide services performed over the immediately preceding 36-month period (or the full period in which the Eligible Employee provided services to the Employer if the Eligible Employee has been providing services for less than 36 months). An Eligible Employee will not be deemed to have experienced a Separation from Service if such Eligible Employee is on military leave, sick leave, or other bona fide leave of absence, to the extent such leave does not exceed a period of six months or, if longer,

such longer period of time during which a right to re-employment is protected by either statute or contract. If the period of leave exceeds six months and the individual does not retain a right to re-employment under an applicable statute or by contract, the employment relationship is deemed to terminate on the first date immediately following such six-month period.

(z) Valuation Date. Each business day of the Plan Year that the NASDAQ National Market is open for trading or such other date or dates deemed necessary or appropriate by the Administrator.

1.2 General Provisions. Singular and plural forms are interchangeable and the masculine gender shall be deemed to include the feminine, and vice versa. Certain terms of more limited application have been defined in the provisions to which they are principally applicable. The division of the Plan into Articles and Sections with captions is for convenience only and is not to be taken as limiting or extending the meaning of any of its provisions.

ARTICLE II

ELIGIBILITY AND PARTICIPATION

2.1 General Eligibility Conditions. For an employee to become eligible to participate in the Plan, the employee must be an Eligible Employee who is designated by the Compensation Committee as eligible to receive any applicable Employer contributions and to make Compensation Deferral Contributions under the Plan. In order to receive a benefit under the Plan, a Participant must also meet the requirements of Sections 2.2 and 2.3. An Eligible Employee shall be considered eligible to participate in the Plan effective as of his Eligibility Effective Date.

2.2 Specific Conditions for Active Participation. To participate actively in the Plan (i.e., to make deferrals hereunder), a Participant must execute or acknowledge an agreement to make Compensation Deferral Contributions in accordance with procedures, including electronic enrollment, as are established by the Committee from time to time. A Participant's initial agreement to make a permitted deferral to the Plan shall be maintained by or on behalf of the Committee and must be executed, acknowledged, filed or submitted electronically within the following time limitations, as applicable: (i) in advance of the beginning of the calendar year during which such Compensation is expected to be earned; (ii) within 30 days of his initial Eligibility Effective Date; or (iii) at such other time or times as may be required or permitted by regulations issued under Code Section 409A and administrative procedures established by the Committee.

2.3 Suspension of Active Participation. Any Participant not selected as an Eligible Employee for a given Plan Year shall cease to have any right to defer Compensation for such Plan Year or to receive Employer Matching Contributions for such Plan Year. However, any amounts credited to the Account of a Participant whose participation is suspended shall otherwise continue to be maintained under the Plan in accordance with its terms. If an Eligible Employee has ceased being eligible to participate in the Plan (other than the accrual of earnings on his Account, if any), regardless of whether all amounts deferred under the Plan have yet been paid, and subsequently becomes eligible to participate in the Plan again, the Eligible Employee may be treated as being initially eligible to participate in the Plan if he has not been eligible to participate in the Plan (other than the accrual of earnings on his Account, if any) at any time during the 24-month period ending on the date the employee again becomes an Eligible Employee under the Plan. If the period of ineligibility is less than 24 months, he shall only be eligible to re-enroll and make a Compensation Deferral election effective no earlier than the next following January 1.

2.4 Termination of Participation. Once an Eligible Employee becomes a Participant, such individual shall continue to be a Participant until such individual (i) ceases to be described as an Eligible Employee, and (ii) ceases to have any vested interest in the Plan (as a result of distributions made to such Participant or his Beneficiary, if applicable, or otherwise).

2.5 Participation by Other Employers. Each corporation or other entity with U.S. employees that is a member of the same controlled group as the Company (within the meaning of Code Sections 414(b) and (c)) shall be a participating employer under the Plan unless determined otherwise by the Company. Participating affiliates that cease

to be a member of the same controlled group as the Company within the meaning of Code Sections 414(b) and (c) are no longer eligible to participate in the Plan effective as of the date that they cease to qualify as a controlled group member. Participants of such an employer shall no longer be eligible to participate effective as of the date that their employer becomes ineligible. Such a Participant who continues in the employ of the former controlled group member shall be eligible for a distribution from the Plan only if this change in status of the participating employer is treated as causing a Separation from Service under the Code.

ARTICLE III

DEFERRED COMPENSATION CREDITS and ACCOUNTS

3.1 Deferred Compensation Credits. Pursuant to the provisions of Article II and this Article III, Deferred Compensation Credits for a Participant under the Plan may include Compensation Deferral Contributions and Employer Matching Contributions.

3.2 Compensation Deferral Contributions. A Participant who is an Eligible Employee may elect to defer a percentage of his Compensation to the Plan. The Company may, in its discretion, establish and change from time to time the minimum and maximum amount (as a percentage of Compensation or an absolute dollar amount) that may be so deferred. Elections shall be made in accordance with procedures established by the Committee. In addition, special limitations may be established by the Committee to apply to the deferral of any non-periodic Compensation that a Participant is expected to receive. Elections to participate and defer Compensation shall be irrevocable with respect to the Compensation to which they apply and may be amended, revoked or suspended by the Participant only effective as of the January 1st following the amendment, revocation or suspension, in accordance with procedures established by the Committee, unless rules and regulations under Code Section 409A permit amendment, revocation or suspension as of some other time. The Employer will credit the deferred Compensation amount agreed to for each Plan Year to the Participant's Account from time to time as soon as administratively practicable after the deferred amounts otherwise would have been earned and paid to the Participant. All contributions under this provision to the Accounts of Participants in the Plan, as adjusted for earnings or losses (described below), shall be referred to as the Participant's "Compensation Deferral Subaccount."

A Participant's Compensation Deferral Contribution hereunder will be automatically suspended during any unpaid leave of absence or temporary layoff. Contributions suspended in accordance with the provisions of this paragraph shall be automatically resumed, without the necessity of any action by the Participant, upon return to employment at the expiration of such suspension period if such return to employment occurs within the same Plan Year for which the Compensation Deferral Contributions were being made.

3.3 Employer Matching Contributions. Each Plan Year, the Employer shall credit to the Account of each Participant an amount equal to a percentage of the Participant's Compensation Deferral Contributions as a matching contribution. The matching contribution shall be made only with respect to the portion of a Participant's Compensation Deferral Contributions that is from Excess Compensation, and shall generally (subject to Section 3.7) be made in Common Stock, with the number of whole and fractional shares of Common Stock determined based on their Fair Market Value on the date of crediting equivalent to the dollar amount of Employer Matching Contributions allocable to the Participant. If a Participant becomes eligible for an Employer Matching Contribution during a Plan Year, the contribution shall be made only with respect to Compensation Deferral Contributions of Excess Compensation allocated to the Plan after the date the Participant became eligible therefor. The amount or rate of matching contributions shall be 100% of the Participant's Compensation Deferral Contributions that are not in excess of 4% of his Excess Compensation for the Plan Year. The intent of the limitation on the allocation of Employer Matching Contributions to Excess Compensation is to provide each Participant with an Employer Matching Contribution under this Plan that does not duplicate the Employer Matching Contribution under the Qualified Plan for a particular Plan Year, but rather supplements the Employer Matching Contribution the Participant receives under the Qualified Plan due to the limitations on Compensation under the Qualified Plan. All contributions under this provision to the Accounts of Participants in the Plan, as adjusted for earnings or losses (described below), shall be referred to as the Participant's "Employer Matching Subaccount."

3.4 Prior Plan Accounts. The Employer will credit to the Participant's Account the accrued benefit of the Participant under any other nonqualified deferred compensation plan or arrangement sponsored by the Company or one of its affiliates that is consolidated and merged with and into this Plan. All amounts credited as contributions under this provision to the Accounts of Participants in the Plan, as adjusted for earnings or losses (described below), are referred to as "Prior Plan Credits." A schedule of the nonqualified deferred compensation plans merged with and into this Plan, if any, and of the amounts credited to the Accounts of Participants from such prior plans, shall be maintained by the Committee. Prior Plan Credits shall continue to be subject to the time and form of payment elected by the Participant under the Prior Plan, notwithstanding any contrary provision of this Plan.

3.5 Record of Account. Solely for the purpose of measuring the amount of the Employer's obligations to each Participant or his Beneficiaries under the Plan, the Employer will maintain a separate bookkeeping record, an "Account," for each Participant in the Plan.

The Committee, in its discretion, may either credit one or more hypothetical earnings rates to a Participant's Account balance for the Plan Year or may actually invest an amount equal to the amount credited to the Participant's Account from time to time in an account or accounts in its name with investment vehicles or companies, which investment options may include some or all of those used for investment purposes under the Qualified Plan, as determined by the Committee in its discretion, including Common Stock. The Committee may also establish a deferred compensation trust that qualifies as a so-called "rabbi" trust meeting applicable requirements of Code Section 409A. If such separate investments are made, or if multiple hypothetical investments are offered under the Plan, the Participant may be permitted to select the hypothetical investments or to direct the investment of the portion of the Employer's accounts allocable to him under the Plan in the same manner as is permitted under the Qualified Plan, except that the investment options may be different from those available under the Qualified Plan to the extent determined by the Committee. The Participant may change the allocation of his Account among the applicable investment alternatives then available under the Plan in accordance with procedures established by the Committee from time to time. The Committee is not obligated to make any particular investment options available, however, if investments are in fact made, and may, from time to time in its sole discretion, change the investment alternatives. Nothing herein shall be construed to confer on the Participant the right to continue to have any particular investment available.

The Committee will credit the Participant's Account with hypothetical or actual earnings or losses at least quarterly based on the earnings rate declared by the Committee or the performance results of the Employer's actual or hypothetical account(s) invested pursuant to the Committee's or the Participant's directions, and shall determine the fair market value of the Participant's Account based on the bookkeeping record or the fair market value of the portion of the Employer's accounts representing the Participant's Account as of each applicable Valuation Date. The amount payable under the Plan at any time shall be based on the value of the Participant's Account as of the last Valuation Date prior to the date of distribution. The determination of the earnings, losses or fair market value of the Participant's Account may be adjusted by the Committee to reflect its payroll, income or other taxes or costs associated with the Plan, as determined by the Committee in its sole discretion.

3.6 Common Stock. Amounts credited to the Plan as Common Stock shall be separately accounted for from amounts credited as cash or cash equivalents, as described in Section 3.6, above. The Common Stock credited to a Participant's Account shall be increased on each date that a dividend is paid on Common Stock. The number of additional shares of Common Stock credited to a Participant's Account as a result of such increase shall be determined first by multiplying the number of shares of Common Stock credited to the Participant's Account on the dividend record date by the amount of the dividend declared per share of Common Stock on the dividend declaration date, and then by dividing the product so determined by the Fair Market Value of the Common Stock on the dividend payment date. A Participant may also elect to change or convert any amount credited to his Account as Common Stock to a cash equivalent amount and direct the investment of such amount in accordance with Section 3.6. The value of the Common Stock credited to a Participant's Account shall be based upon the Fair Market Value of the Common Stock for the Valuation Date or other date as of which the valuation is made. Notwithstanding the foregoing, the Committee may elect to credit the dollar equivalent of the dividends allocable to Common Stock as a cash equivalent amount for each Participant, in lieu of increasing the number of shares of Common Stock credited to the Participant's Account. Any such election shall apply to all Participants in the Plan, as determined by the Committee in its sole discretion.

Notwithstanding the foregoing, during any period when the Company or any Participant who is a Reporting Person is prohibited from investing or trading in Common Stock under applicable state or federal security laws, the Committee may direct that any amounts subject to the prohibition on investing or trading in Common Stock (including any cash dividends on Common Stock that are subject to the prohibition) be kept in cash, invested in an interest bearing deposit account or money market fund, or invested in one or more of the alternative investment funds available under the Plan that do not include Common Stock, or, if permitted under applicable law, appoint an independent agent for the Plan to purchase or trade such Common Stock on behalf of the Plan or the Reporting Person during such periods.

3.7 Effect of Organic Changes on Common Stock. An "Organic Change" includes (i) a stock dividend, stock split, reverse stock split, share combination, special or extraordinary cash dividend, or recapitalization or similar event affecting the capital structure of the Company (each, a "Share Change"), or (ii) a merger, consolidation, acquisition of property or shares, separation, spin-off, reorganization, stock rights offering, liquidation, disaffiliation from the Company of a subsidiary or division ("Disaffiliation"), or similar event affecting the Company or any of its subsidiaries (each, an "Organic Change"). If any Organic Change shall occur, then the Committee shall make such substitutions or adjustments as it deems appropriate and equitable to each Participant's Account credited with Common Stock (if any). In the case of Organic Changes, such adjustments may include, without limitation, (x) the cancellation of outstanding Common Stock in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Common Stock, as determined by the Committee in its sole discretion, (y) the substitution of other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for the Common Stock, and (z) in connection with any Disaffiliation, arranging for the assumption or replacement of Common Stock with other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected subsidiary, affiliate or division or by the entity that controls such subsidiary, affiliate or division following such Disaffiliation (as well as any corresponding adjustments to awards that remain based upon Company securities). The Participant shall be permitted to re-direct the investment of such assets into the other investment choices then available under this Plan.

ARTICLE IV

VESTING

4.1 Vesting. A Participant always will be 100% vested in amounts credited to his Account as Compensation Deferral Contributions and earnings allocable thereto. A Participant who was originally hired before January 1, 2014, will also be 100% vested in amounts credited to his Account as Employer Matching Contributions, if any. Participants hired on or after January 1, 2014, will become vested in amounts credited to their Accounts as Employer Matching Contributions after completion of two (2) years of Vesting Service. "Vesting Service" for this provision shall be determined in accordance with the vesting provisions of the Qualified Plan. In addition, a Participant shall also become 100% vested in his entire Account upon a Change in Control or if the Participant has a Separation from Service as a result of death or "disability" as defined in the Qualified Plan. If a Participant has a Separation from Service prior to becoming 100% vested in his entire Account, the non-vested portion shall be forfeited. If the Participant has a Separation from Service but is subsequently re-employed by the Employer, no benefits forfeited hereunder shall be reinstated unless otherwise determined by the Company in its sole discretion.

4.2 Confidentiality and Non-Competition Agreement. In its discretion, the Employer may require any Eligible Employee selected to become a Participant in the Plan to execute a Confidentiality and Non-Competition Agreement with the Employer in consideration of the benefits to be provided hereunder.

ARTICLE V

DISTRIBUTION OF BENEFITS

5.1 Distribution Elections. All distributions under the Plan shall be limited to the permitted Distribution Option; Participant elections of a different form of payment are not permitted.

5.2 Distribution Timing. A Participant shall receive payment of the amounts credited to his Account on the first payroll date occurring on or after the date that is six (6) months after the Participant's Separation from Service, but in no event later than the last business day of the calendar year in which such six (6) month anniversary occurs. Payment of amounts credited to the Participant's Account will be made in U.S. dollars and, to the extent deemed invested in Common Stock, in whole shares of Common Stock with any fractional shares converted to and paid in cash.

5.3 Distribution upon Death. In the event of the death of the Participant prior to receiving payment of all vested amounts due him under the Plan, the Beneficiary or Beneficiaries designated by the Participant shall be paid the remaining amount due under the Plan in a single lump sum at the earlier of the same time as would have applied absent the Participant's death or within 90 days thereof.

5.4 Lump Sum Distribution upon a Change in Control. Upon a Change in Control of the Company, the Participant's vested Account shall be payable in a single lump sum no later than 90 days following the Change in Control.

5.5 Withdrawals for Unforeseeable Emergency. Upon the occurrence of an unforeseeable emergency, a Participant shall be eligible to receive payment of the amount necessary to satisfy such emergency plus amounts necessary to pay taxes reasonably anticipated as a result of the distribution, after taking into account the extent to which such hardship is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the Participant's assets (to the extent such liquidation would not itself cause severe financial hardship), or by cessation of deferrals under the Plan. The amount determined to be properly distributable under this Section and applicable regulations under Code Section 409A shall be payable in a single lump sum. For the purposes of this Section, the term "unforeseeable emergency" means a severe financial hardship to the Participant resulting from an illness or accident of the Participant, the Participant's spouse, or a dependent of the Participant (as defined in Code Section 152, without regard to Sections 152(b)(1), (b)(2) and (d)(1)(B)); loss of the Participant's property due to casualty, including the need to rebuild a home following damage not otherwise covered by insurance, for example, not as a result of a natural disaster; or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant, including imminent foreclosure of or eviction from the Participant's primary residence, the need to pay for medical expenses, including non-refundable deductibles, the cost of prescription drugs, and the need to pay for funeral expenses of a spouse, beneficiary, or dependent. It shall be the responsibility of the Participant seeking to make a withdrawal under this Section to demonstrate to the Committee that an unforeseeable emergency has occurred and to document the amount properly distributable hereunder. After a distribution on account of an unforeseeable emergency, a Participant's deferral elections shall cease and such Participant will not be permitted to participate in the Plan or elect additional deferrals until the next enrollment following one full year from the date of the distribution on account of an unforeseeable emergency. Such future deferral elections following a distribution on account of an unforeseeable emergency will be treated as an initial deferral election and subject to the rules applicable thereto under the Plan and Code Section 409A.

5.6 Acceleration of Payment. The acceleration of the time and/or form of any payment determined in accordance with the provisions of this Article V, above, shall not be made except due to unforeseeable emergency, as described above, or as set forth below and otherwise permitted by Code Section 409A and the Treasury Regulations and other guidance issued thereunder:

(a) Employment Taxes. A payment of all or part of the Participant's Account may be made to the extent necessary to pay the Federal Insurance Contributions Act ("FICA") tax imposed under Code Sections 3101, 3121(a), and 3121(v)(2) on amounts deferred under the Plan (the "FICA Amount"), income tax at source on wages imposed under Code Section 3401 or the corresponding withholding provisions of applicable state, local, or foreign tax laws as a result of the payment of the FICA Amount, and to pay the additional income tax at source on wages attributable to the pyramiding Code Section 3401 wages and taxes. The total payment under this Section shall not exceed the aggregate of the FICA Amount and the income tax withholding related to such FICA Amount. Notwithstanding the foregoing, the Company shall withhold the FICA Amount from other compensation payable to the Participant to the maximum extent permitted under applicable law.

(b) Payment of State, Local or Foreign Taxes. Payment may be made to reflect payment of state, local or foreign tax obligations arising from participation in the Plan that apply to an amount deferred under the Plan before the amount is paid or made available to the Participant, plus the income tax at source on wages imposed under Code Section 3401 as a result of such payment; provided, however, that the amount of the payment may not exceed the amount of the taxes due, and the income tax withholding related to such state, local and foreign tax amount. Notwithstanding the foregoing, the Company shall withhold such state, local or foreign taxes from other compensation payable to the Participant to the maximum extent permitted under applicable law.

(c) Income Inclusion under Code Section 409A. Payment may be made at any time the Plan fails to meet the requirements of Code Section 409A and the Treasury Regulations issued thereunder; provided, however, that payment cannot exceed the amount required to be included in income as a result of the failure to comply.

(d) Certain Offsets. Payment may be made as satisfaction of a debt of the Participant to the Employer where: (1) the debt is incurred in the ordinary course of the employment relationship; (2) the entire amount of the offset in any of the Participant's taxable years does not exceed \$5,000; and (3) the reduction is made at the same time and in the same amount as the debt otherwise would have been due and collected from the Participant.

(e) Domestic Relations Order. A payment of all or part of the Participant's Account may be made to a spouse, former spouse or other dependent under the terms of a domestic relations order (as defined in Code Section 414(p)(1)(B)). The Committee shall determine whether a payment should be made pursuant to the terms of a domestic relations order, provided, however, that once approved, any payment under the terms of a domestic relations order shall be made as soon as administratively practicable in the form of a single lump sum only.

5.7 Delay of Payment. If a Participant is a "specified employee" (as defined in Code Section 409A and the regulations thereunder) and is entitled to a distribution due to a Separation from Service, such Participant may not receive a distribution under the Plan until a date that is at least six months after the date of the Separation from Service, as provided under Section 5.2. In addition, the Company may in its discretion delay any payment due under the Plan to the extent permitted by Code Section 409A and the regulations thereunder.

5.8 Assignment and Assumption of Liabilities. In the discretion of the Company, upon the cessation of participation in the Plan by any Participant solely due to the employer of that Participant no longer qualifying as a member of the controlled group of the Company within the meaning of Code Sections 414(b) and (c), all liabilities associated with the Account of such Participant may be transferred to and assumed by the Participant's employer under a deferred compensation plan established by such employer that is substantially identical to this Plan and that preserves the deferral and payment elections in effect for the Participant under this Plan to the extent required by Code Section 409A. Any such Participant shall not be deemed to have incurred a Separation from Service for purposes of the Plan by virtue of his employer's ceasing to be a member of the controlled group of the Company. The foregoing provision shall be interpreted and administered in compliance with the requirements of Code Section 409A.

ARTICLE VI

PLAN ADMINISTRATION

6.1 Administration. The Plan shall be administered by the Committee as an unfunded deferred compensation plan that is not intended to meet the qualification requirements of Code Section 401 and that is intended to meet all applicable requirements of Code Section 409A.

6.2 Committee. The Committee will operate and administer the Plan and shall have all powers necessary to accomplish that purpose, including, but not limited to, the discretionary authority to interpret the Plan, the discretionary authority to determine all questions relating to the rights and status of Eligible Employees and Participants, and the discretionary authority to make such rules and regulations for the administration of the Plan as are not inconsistent with the terms and provisions hereof or applicable law, as well as such other authority and powers relating to the administration

of the Plan, except such as are reserved by the Compensation Committee or the Committee shall be final and binding on all parties.

Without limiting the powers set forth herein, the Committee shall have the power (i) to change or waive any requirements of the Plan to conform with Code Section 409A or other applicable law or to meet special circumstances not anticipated or covered in the Plan; (ii) to determine the times and places for holding meetings of the Committee and the notice to be given of such meetings; (iii) to employ such agents and assistants, such counsel (who may be counsel to the Company), and such clerical and other services as the Committee may require in carrying out the provisions of the Plan; and (iv) to authorize one or more of their members or any agent to execute or deliver any instrument on behalf of the Committee.

The members of the Committee, and the Company and its officers and directors, shall be entitled to rely upon all valuations, certificates and reports furnished by any funding agent or service provider, upon all certificates and reports made by an accountant, and upon all opinions given by any legal counsel selected or approved by the Committee, and the members of the Committee, the Company and its officers and directors shall, except as otherwise provided by law, be fully protected in respect of any action taken or suffered by them in good faith in reliance upon any such valuations, certificates, reports, opinions or other advice of a funding agent, service provider, accountant or counsel.

6.3 Statement of Participant's Account. The Committee shall, as soon as practicable after the end of each Plan Year, provide or make available to each Participant a statement setting forth the Account of such Participant under Section 3.6 as of the end of such Plan Year. Such statement may be provided solely electronically or via access through an internet website and shall be deemed to have been accepted as correct unless written notice to the contrary is received by the Committee within 30 days after providing access to such statement to the Participant. Account statements may be made available more often than annually in the discretion of the Committee.

6.4 Filing Claims. Any Participant, Beneficiary or other individual (hereinafter a "Claimant") entitled to benefits under the Plan, or otherwise eligible to participate herein, may be required to make a claim with the Committee (or its designee) requesting payment or distribution of such Plan benefits (or written confirmation of Plan eligibility, as the case may be), on such form or in such manner as the Committee shall prescribe. Unless and until a Claimant makes proper application for benefits in accordance with the rules and procedures established by the Committee, such Claimant shall have no right to receive any distribution from or under the Plan.

6.5 Notification to Claimant. If a Claimant's application is wholly or partially denied, the Committee (or its designee) shall, within 90 days, furnish to such Claimant a written notice of its decision. If prior to the expiration of the initial 90 day period, the Committee determines additional time is needed to come to a determination on the claim, the Committee shall provide written notice to the Claimant of the need for an extension not to exceed a total of 180 days from the date the application was received. Such notices shall be written in a manner calculated to be understood by such Claimant, and shall contain at least the following information:

- (a) the specific reason or reasons for such denial;
- (b) specific reference to pertinent Plan provisions upon which such denial is based;
- (c) a description of any additional material or information necessary for such Claimant to perfect his claim, and an explanation of why such material or information is necessary; and
- (d) an explanation of the Plan's claim review procedure describing the steps to be taken by such Claimant, if he wishes to submit his claim for review.

6.6 Review Procedure. Within 60 days after the receipt of such notice from the Committee, such Claimant, or the duly authorized representative thereof, may request, by written application to the Plan, a review by the Committee of the decision denying such claim. In connection with such review, such Claimant, or duly authorized representative thereof, shall be entitled to receive any and all documents pertinent to the claim or its denial and shall also be entitled to submit issues and comments in writing. The decision of the Committee upon such review shall be made promptly

and not later than 60 days after the receipt of such request for review, unless special circumstances require an extension of time for processing, in which case a decision shall be rendered as soon as possible, but not later than 120 days after the Committee's receipt of a request for review. Any such decision on review shall be in writing and shall include specific reasons for the decision and specific references to the pertinent Plan provisions on which the decision is based. Any legal proceedings challenging the determination of the Committee must be filed within one year after the completion of the claim and review process provided under the Plan, or if earlier, one year from the date that a Claimant knew or should have known a claim existed. In the event of a genuine dispute regarding the amount or timing of payments under the Plan, a delay in the payment of Plan benefits shall not cause a violation of Code Section 409A to the extent such delay satisfies the conditions set forth in Code Section 409A and the regulations thereunder.

6.7 Payment of Expenses. All costs and expenses incurred in administering the Plan shall be paid by the Company.

ARTICLE VII

AMENDMENT AND TERMINATION

7.1 Amendment. The Company has reserved, and does hereby reserve, the right at any time and from time to time by action of the Compensation Committee (or by action of the Committee if and to the extent that the Company has delegated the authority to amend the provisions of the Plan to such committee) to amend, modify or alter any or all of the provisions of the Plan without the consent of any Eligible Employees or Participants; provided, however, that no amendment shall operate retroactively so as to affect materially and adversely any rights to which a Participant may be entitled under the provisions of the Plan as in effect prior to such action. Any such amendment, modification or alteration shall be expressed in an instrument executed by an authorized officer or officers of the Company, and shall become effective as of the date designated in such instrument.

7.2 Termination. The Company reserves the right to suspend, discontinue or terminate the Plan, at any time in whole or in part, in compliance with the requirements of Code Section 409A; provided, however, that a suspension, discontinuance or termination of the Plan shall not accelerate the obligation to make payments to any person not otherwise currently entitled to payments under the Plan, unless otherwise specifically so determined by the Company and permitted by Code Section 409A and other applicable law, relieve the Company of its obligations to make payments to any person then entitled to payments under the Plan, or reduce any existing Account balance.

ARTICLE VIII

MISCELLANEOUS PROVISIONS

8.1 Employment Relationship. For purposes of determining if there has been a Separation from Service, the Employer is defined to include all members of a controlled group of corporations or other business entities within the meaning of Code Sections 414(b) and (c) that includes the Company. Nothing in the adoption of the Plan or the crediting of deferred compensation shall confer on any Participant the right to continued employment by the Company or an affiliate or subsidiary corporation of the Company, or affect in any way the right of the Company or such affiliate or subsidiary to terminate his employment at any time. Any question as to whether and when there has been a Separation from Service of a Participant's employment and the cause of such Separation from Service shall be determined by the Committee, and its determination shall be final.

8.2 Facility of Payments. Whenever, in the opinion of the Committee, a person entitled to receive any payment, or installment thereof, is under a legal disability or is unable to manage his financial affairs, the Committee shall have the discretionary authority to direct payments to such person's legal representative or to a relative or friend of such person for his benefit; alternatively, the Committee may in its discretion apply the payment for the benefit of such person in such manner as the Committee deems advisable. Any such payment or application of benefits made in

good faith in accordance with the provisions of this Section shall be a complete discharge of any liability of the Committee with respect to such payment or application of benefits.

8.3 Funding. All benefits under the Plan are unfunded and the Company shall not be required to establish any special or separate fund or to make any other segregation of assets in order to assure the payment of any amounts under the Plan; provided, however, that in order to provide a source of payment for its obligations under the Plan, the Company may establish a trust fund. The right of a Participant or his Beneficiary to receive a distribution hereunder shall be an unsecured claim against the general assets of the Company, and neither the Participant nor his Beneficiary shall have any rights in or claim against any amounts credited under the Plan or any other specific assets of the Company. All amounts credited under the Plan to the benefit of a Participant shall constitute general assets of the Company and may be disposed of by the Company at such time and for such purposes as it may deem appropriate.

8.4 Anti-Assignment. No right or benefit under the Plan shall be subject to anticipation, alienation, sale, assignment, pledge, encumbrance or charge; and any attempt to anticipate, alienate, sell, assign, pledge, encumber or charge the same shall be void. No right or benefit shall be liable for or subject to the debts, contracts, liabilities, or torts of the person entitled to such benefits. If a Participant, a Participant's spouse, or any Beneficiary should become bankrupt or attempt to anticipate, alienate, sell, assign, pledge, encumber or charge any right to benefits under the Plan, then those rights, in the discretion of the Committee, shall cease. In this case, the Committee may hold or apply the benefits at issue or any part thereof for the benefit of the Participant, the Participant's spouse, or Beneficiary in such manner as the Committee may deem proper.

8.5 Unclaimed Interests. If the Committee shall at any time be unable to make distribution or payment of benefits hereunder to a Participant or any Beneficiary of a Participant by reason of the fact that his whereabouts is unknown, the Committee shall so certify, and thereafter the Committee shall make a reasonable attempt to locate such missing person. If such person continues missing for a period of three years following such certification, the interest of such Participant in the Plan shall, in the discretion of the Committee, be distributed to the Beneficiary of such missing person. If neither the Participant nor the Beneficiary can be located, then any amounts due may be forfeited, subject to reinstatement without interest or earnings upon the missing Participant or Beneficiary providing sufficient evidence to satisfy the Committee that he is entitled to such forfeited amount.

8.6 References to Code, Statutes and Regulations. Any and all references in the Plan to any provision of the Code, ERISA, or any other statute, law, regulation, ruling or order shall be deemed to refer also to any successor statute, law, regulation, ruling or order.

8.7 Liability. The Company, and its directors, officers and employees, shall be free from liability, joint or several, for personal acts, omissions, and conduct, and for the acts, omissions and conduct of duly constituted agents, in the administration of the Plan, except to the extent that the effects and consequences of such personal acts, omissions or conduct shall result from willful misconduct. However, this Section shall not operate to relieve any of the aforementioned from any responsibility, liability, obligation, or duty that may arise under ERISA.

8.8 Tax Consequences of Compensation Reductions. The income and employment tax consequences to Participants of participating in the Plan shall be determined under applicable federal, state and local tax law and regulation and neither the Company nor any member of the Compensation Committee or Committee shall be a guarantor of or in any way responsible for the tax consequences to any Participant.

8.9 Company as Agent for Related Employers. Each corporation or other business entity which shall become a participating employer pursuant to Section 2.5 by so doing shall be deemed to have appointed the Company its agent to exercise on its behalf all of the powers and authority hereby conferred upon the Company by the terms of the Plan, including but not limited to the power to amend and terminate the Plan. The Company's authority shall continue unless and until the related employer terminates its participation in the Plan.

8.10 Governing Law; Severability. The Plan shall be construed according to the laws of the State of Ohio, including choice of law provisions, and all provisions hereof shall be administered according to the laws of that State, except to the extent preempted by federal law. A final judgment in any action or proceeding shall be conclusive and

may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. In the event that any one or more of the provisions of the Plan shall for any reason be held to be invalid, illegal, or unenforceable, such invalidity, illegality or unenforceability shall not affect any other provision of the Plan, but the Plan shall be construed as if such invalid, illegal, or unenforceable provisions had never been contained herein, and there shall be deemed substituted such other provision as will most nearly accomplish the intent of the parties to the extent permitted by applicable law.

8.11 Taxes. The Company shall be entitled to withhold any taxes from any distribution hereunder or from other compensation then payable, as it believes necessary, appropriate, or required under relevant law.

CERTIFICATION

I, Stephen D. Steinour, certify that:

1. I have reviewed this Annual Report on Form 10-K of Huntington Bancshares Incorporated;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f), for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize, and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

Wells Fargo Bank, N.A.

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☒ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control: _____

B. Business address of the Disclosing Party: 10 S. Wacker Drive, 15th Floor, Chicago, IL 60606

C. Telephone: 312-658-4154 Fax: _____

Email: Sasha.K.Nelson@Wellsfargo.com

D. Name of contact person: Sasha K. Nelson

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable): _____

Municipal Depository

G. Which City agency or department is requesting this EDS? Department of Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input checked="" type="checkbox"/> Other (please specify) |
| | <u>National Banking Association</u> |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

United States of America

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name

Title

Please see Attachment A (eDocs# 17630519)

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state None.

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
------	------------------	--------------------------------------

Please see Attachment B (eDocs# 17660394)		
---	--	--

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If yes to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

Please see Attachment C (eDocs# 17660432)

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago (MCC)) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

Please see Attachment C (eDocs# 17660432)

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: hourly rate or t.b.d. is not an acceptable response.
---	------------------	--	--

None

(Add sheets if necessary)

[X] Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

☐ Yes ☐ No ☒ No person directly or indirectly owns 10% or more of the Disclosing Party.

If Yes, has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

☐ Yes ☐ No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;

b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;

c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;

d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and

e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any Contractor (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, Disclosure of Subcontractors and Other Retained Parties);
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any controlling person [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any sister agency; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management (SAM).

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

1. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

Please see Attachment D (eDocs# 17640470) and supporting attachments (eDocs# 17640435; 17640702; 17640723; 17640755; and 17663352).

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with N/A or none).

None

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a gift does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with N/A or none). As to any gift listed below, please also list the name of the City recipient.

None

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)
☒ [X] is ☐ [] is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

Please see Attachment D (eDocs# 17640470)

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes

☒ No

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes

☒ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name

Business Address

Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

Please see Attachment E (eDocs# 17674538)

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING – N/A

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY – N/A

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If Yes, answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked No to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

INCUMBENCY CERTIFICATE

WELLS FARGO BANK, NATIONAL ASSOCIATION

I, Clara S. Blanding, hereby certify that I am an Assistant Secretary of Wells Fargo Bank, National Association, a national banking association organized and existing under the laws of the United States of America (the "Bank"), and I hereby further certify as follows:

1. The following is a true and correct extract from resolutions duly adopted by the Board of Directors of the Bank on May 15, 2018, and no modification, amendment, rescission or revocation of such resolutions has occurred affecting such extract as of the date of this certificate:

RESOLVED, that agreements, instruments, or other documents, including amendments and modifications thereto, relating to or affecting the property or business and affairs of the Bank, whether acting for its own account or in a fiduciary or other representative capacity, may be executed in its name by the persons hereinafter authorized;

RESOLVED, that for the purposes of these resolutions, "Senior Executive Officer" shall mean any person appointed, designated or otherwise elected President, Chief Executive Officer, Senior Executive Vice President, Executive Vice President or designated an Executive Officer by resolution of the Board of Directors of the Bank, and "Signing Officer" shall mean any Senior Executive Officer, any Senior Vice President, the Treasurer, any Vice President, any Assistant Vice President, any person whose title includes the word "Officer" (e.g., Commercial Banking Officer, Personal Banking Officer, Trust Officer), or any other person whose title has been or is hereafter designated by the Board of Directors as a title for an officer of the Bank, and such officers are hereby authorized to sign agreements, instruments and other documents on behalf of the Bank in accordance with the signing authorities conferred in Parts A, B and C of these resolutions;

A. Senior Executive Officers

RESOLVED, that any Senior Executive Officer of the Bank, acting alone, may execute agreements, guaranties, instruments or other documents which such officer may deem necessary, proper or expedient to the conduct of the business of the Bank;

B. Vice Presidents and Above

RESOLVED, that any Senior Executive Officer, any Senior Vice President and any Vice President, acting alone, may execute on behalf of the Bank:

1. Deeds, leases, assignments, bills of sale, purchase agreements and other instruments of conveyance to purchase, sell, lease or sublease to or from a

third party real property, or any interest therein, and any and all management agreements, construction contracts, permits and other contracts or documents required to be executed or delivered to or filed with any person, entity or jurisdiction in the course of the management, maintenance, improvement and/or operation of any real or personal property owned, held or leased by the Bank for its own account; *provided, however*, that such agreements, instruments and other documents may also be signed as hereinafter provided with respect to real property acquired by the Bank in connection with collateral for a loan.

2. Confidentiality agreements, bonds of indemnity and powers of attorney (including any instruments revoking such power of attorney); *provided, however*, that (a) proxies to vote stock in a corporation or to vote other interests in other legal entities or to service or enforce the Bank's rights with respect to real property and (b) stock and bond powers may also be signed as hereinafter provided.

C. Signing Officers

RESOLVED, that any Signing Officer, acting alone, may execute on behalf of the Bank, whether acting for its own account or in a fiduciary or other representative capacity:

[Service Contracts]

15. Agreements (including any amendments, terminations and any other documents or ancillary agreements related thereto) and proposals to provide services to or receive services from third parties.

D. Designated Signers; Other Officers; Certification; Effect of Previous Resolutions

RESOLVED, that any Senior Executive Officer, any Senior Vice President, and any Vice President, acting alone, by filing a written authorization with the Secretary of the Bank, may authorize other persons ("Designated Signers") to execute any of the agreements, instruments, or other documents contemplated in the preceding resolutions, but only to the extent of the authorizing officer's own authority thereunder, which Designated Signer shall retain such authority until such authorization expires pursuant to the terms set forth therein, or until relieved of such authority in a written instrument filed with the Secretary of the Bank by the authorizing officer, another officer of equal or greater authority, the Board of Directors or any committee thereof, or until termination of the Designated Signer's employment with the Bank or any of its affiliates;

RESOLVED, that for purposes of the foregoing resolutions, the signing authority of a Senior Managing Director shall be equivalent to that of an Executive Vice President,

the signing authority of a Managing Director shall be equivalent to that of a Senior Vice President, the signing authority of a Director shall be equivalent to that of a Vice President, and the signing authority of an Associate shall be equivalent to that of an Assistant Vice President;

RESOLVED, that the signature of the Secretary or of any Assistant Secretary of the Bank shall be required to certify any resolution adopted by the Board of Directors of the Bank or any committee thereof, the incumbency, title or signature of any officer of the Bank and any designation of authority under these resolutions or otherwise, and the Secretary or any Assistant Secretary of the Bank may also certify any records or other documents created in the ordinary course of the business of the Bank; and

RESOLVED, that these resolutions shall supersede any resolution previously adopted by the Board of Directors of the Bank or any committee thereof to the extent that such previous resolution is inconsistent herewith.

2. On the date hereof, the following person was a duly appointed, qualified and acting officer of the Bank, that his correct title appears beside his name, and that on said date he was duly authorized to act on behalf of the Bank as set forth in the foregoing resolutions:

Name	Title
Mark Lester	Senior Vice President

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the seal of the Bank this 5th day of December, 2019.

[Seal]

Clara S. Blanding

Clara S. Blanding, Assistant Secretary
Wells Fargo Bank, National Association

* * * Redacted [Indicates portions of the resolution which have been omitted because they are not relevant to the transaction for which this certificate has been requested.]

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof currently has a familial relationship with any elected city official or department head. A familial relationship exists if, as of the date this EDS is signed, the Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

Applicable Party means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. Principal officers means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof currently have a familial relationship with an elected city official or department head?

☒ Yes

☐ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

(1) William M. Daley, Vice Chairman of Public Affairs, (2) Wells Fargo Bank, N.A. and Wells Fargo & Company, (3) Patrick Daley Thompson, Alderman, (4) Nephew.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☒ Yes

☐ No

☐ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

*Last ownership change December 1, 2016.

**Effective June 1, 2017, WFC Holdings Corporation converted and changed its name to WFC Holdings, LLC.

Attachment "C"

Section III – Income or Compensation to, or Ownership by, City Elected Officials

The undersigned warrants, to the best of his knowledge after due inquiry, that the Disclosing Party has not provided any income or compensation to any City elected official in 12 months before, nor does the undersigned reasonably expect to during the 12-month period following, the date the undersigned has signed this EDS. As the date of this filing, the undersigned is in the process of completing our due diligence on Independent Contracts, when completed we will update this response if needed.

Note that in the ordinary course of its business, Wells Fargo makes loans of various types with individuals and businesses. We have determined that these loans do not constitute a "business relationship" as defined in Chapter 2-156 of the Municipal Code.

Note further that the Disclosing Party has no way of identifying spouses or domestic partners of any City elected official, or the identities of any entities in which any city elected official or his or her spouse or domestic partner has a financial interest, and thus limits its certification to "City elected officials" as specially required by Section III. Specifically, we made due inquiry with respect to the City's Aldermen, the Mayor, the Treasurer and the City Clerk.

ATTACHMENT
"D"

ATTACHMENT TO SECTION V, PART B-CERTAIN OFFENSES INVOLVING CCC AND
SISTER AGENCIES AND SECTION V, PART C-FURTHER CERTIFICATIONS

Inclusive of the paragraphs that follow, the Applicant certifies the accuracy of the certifications contained in Section V, paragraphs B and C (to its most current certification) only as to itself, and certifies that to the best of the Applicant's knowledge after due inquiry, and as of January 2019, the statements in paragraphs B are accurate with respect to the executive officers and directors of the Applicant identified in Section II.B.1.

As with any large diversified financial services company of its size in the highly-regulated banking and securities field, Wells Fargo Bank, N.A. and Wells Fargo & Company (collectively, "Wells Fargo") are subject to receiving inquiries and subpoenas from regulators and law enforcement from time to time, as well as being subject to civil litigation. Wells Fargo responds regularly to inquiries and investigations by governmental entities and, as a highly regulated diversified financial institution has in the past entered into settlements of some of those investigations, including those specified below.

Wells Fargo Bank, N.A. has paid municipal fines and judgments in connection alleged violations of local housing laws (regarding certain homes the bank repossessed or that were subject to mortgages in which the Bank had a legal interest or role), some of which are characterized as misdemeanors. However, there have been no judgments, injunctions or liens arising out of such litigations or proceedings in the last five years that would materially impair Wells Fargo's ability as of this date to conduct its business or meet its obligations under the transaction to which this EDS relates.

During the third quarter of 2016, Wells Fargo Bank, N.A. entered into settlement agreements with the City of Los Angeles, the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency regarding certain sales practices. See press release dated September 8, 2016 at https://www.wellsfargo.com/about/press/2016/sales-practices-agreements_0908.content (the "2016 Settlement").

Following the announcement of the 2016 Settlement discussed above, certain state and local governmental bodies and municipal entities have temporarily suspended or removed Wells Fargo Bank, N.A. from providing certain commercial and investment banking services.

On March 28, 2017, Wells Fargo & Company (the "Company") issued a press release announcing its most recent overall Community Reinvestment Act ("CRA") rating of "Needs to Improve." The rating covers the years 2009-2012. Despite citing Bank's overall "Outstanding" performance on the exam's components, the Office of the Comptroller of the Currency downgraded the Bank's final rating to "Needs to Improve" due to previously issued regulatory consent orders.

On February 2, 2018, the Company entered into a consent order with the Federal Reserve Board ("FRB"). As required by the consent order, the Board submitted to the FRB a plan to further enhance the Board's governance and oversight of the Company, and the Company submitted to the FRB a plan to further improve the Company's compliance and operational risk management program.

On April 20, 2018, the Company entered into consent orders with the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency to pay an aggregate of \$1 billion in civil money penalties to

resolve matters regarding the Company's compliance risk management program and past practices involving certain automobile collateral protection insurance policies and certain mortgage interest rate lock extensions.

A number of jurisdictions suspended Wells Fargo Bank, N.A. as a provider of certain banking services in response to the overall CRA rating. In addition, a "Needs to Improve" rating could have impact on the Bank's relationships with additional states, counties, municipalities or other public agencies to the extent applicable law, regulation or policy limits, restricts or influences whether such entity may do business with a company that has an overall below "Satisfactory" rating.

Also in the ordinary course of its business, Wells Fargo regularly enters into financial transactions of various types with public entities throughout the United States. It is possible that one or more public entities have terminated a transaction for cause or default.

For a description of certain legal proceedings, please see the Wells Fargo's SEC filings 2019 10-Q (Q1, Q2 & Q3) and 2018 10-K <https://www.wellsfargo.com/about/investor-relations/filings/> a summary of which are on file with the City and our 2018 Annual report, <https://www.wellsfargo.com/about/investor-relations/annual-reports/>. For your ease of use, please see attached a copy of our Legal Actions as reported in our 2018 Annual Report, and 2019 10-Q (Q1, Q2 & Q3) and our 2108 10-K.

ATTACHMENT E

SLAVERY ERA BUSINESS SUMMARY

After years of research, Wells Fargo has found no records that indicate it – or any entities it acquired before the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery.

With the Wachovia merger, Wells Fargo inherited hundreds of Wachovia's predecessor financial institutions, including two that had extensive involvement in slavery. In 2005 Wachovia announced these findings and apologized for the role its predecessors played and renewed its commitment to preserve and promote the history of the African-American experience in our nation. Wells Fargo shares that commitment and affirms its long-standing opposition to slavery.

Furthermore, Wells Fargo has found no records that any entities it acquired subsequent to the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery, which research has been updated to include all legal entities acquired since its last submission of December, 2017.

The following narrative summarizes the results of the research that has been performed regarding Wachovia Bank and its ties to slavery.

SUMMARY OF RESEARCH

External research has revealed that two predecessor institutions of the undersigned, the Georgia Railroad & Banking Company and the Bank of Charleston, owned slaves.

Due to incomplete records, the undersigned cannot determine exactly how many slaves either the Georgia Railroad and Banking Company or the Bank of Charleston owned. Through specific transactional records, researchers determined that the Georgia Railroad and Banking Company owned at least 162 slaves, and the Bank of Charleston accepted at least 529 slaves as collateral on mortgaged properties or loans, and acquired an undetermined number of these individuals when customers defaulted on their loans.

The Georgia Railroad and Banking Company was founded in 1833 to complete a railroad line between the City of Augusta and the interior of the state of Georgia. The company relied on slave labor for the construction and maintenance of this railway. According to the existing and searchable bank records, 162 slaves were owned or authorized to be purchased by the Georgia Railroad and Banking Company between 1836 and 1842. In addition, the company awarded work to contractors who purchased at least 400 slaves to perform work on the railways.

The Bank of Charleston, founded in 1834, issued loans and mortgages where enslaved individuals were used as collateral. A review of the bank's account ledgers revealed a minimum of 24 transactions involving reference to 529 enslaved individuals being used

as collateral. In most cases, the loan was paid on schedule, and the bank never took possession of slaves that were pledged as collateral on the loan. In several documented instances, however, customers defaulted on their loans and the Bank of Charleston took actual possession of slaves. The total number of slaves of whom the bank took possession cannot be accurately tallied due to the lack of records.

In addition, ten predecessor companies were determined to have profited more indirectly from slavery through the following means:

- Founders, directors, or account holders who owned slaves and/or profited directly from slavery;
- Investing in or transacting business with companies or individuals that owned slaves;
- Investing in the bonds of slave states and municipalities;
- Investing in U.S. government bonds during years when the United States permitted and profited from slave labor directly through taxation.

These institutions are:

- Bank of North America (Philadelphia, Pa.)
- Bank of Baltimore
- The Philadelphia Bank (later Philadelphia National Bank)
- Farmers' & Mechanics' Bank of Philadelphia
- Pennsylvania Company for Insurances on Lives and the Granting of Annuities
- State Bank of Elizabeth (Elizabeth, N.J.)
- State Bank of Newark (Newark, N.J.)
- Savings Bank of Baltimore
- Girard National Bank
- The Carswell Group (established in 1868, acquired by Palmer & Cay, Inc. in 1985)
- The Trenton Banking Company

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

WFC Holdings, LLC

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☐ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☒ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control:

Wells Fargo Bank, N.A.

B. Business address of the Disclosing Party: 420 Montgomery Street, San Francisco, CA 94163

C. Telephone: 312-658-4154 Fax: _____

Email: Sasha.K.Nelson@Wellsfargo.com

D. Name of contact person: Sasha K. Nelson

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

Municipal Depository

G. Which City agency or department is requesting this EDS? Department of Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|---|---|
| <input type="checkbox"/> Person | <input checked="" type="checkbox"/> Limited liability company |
| <input type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input type="checkbox"/> Other (please specify) |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

Delaware

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name	Title
------	-------

Please see Attachment A (eDocs# 17630286)

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state None.

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
------	------------------	--------------------------------------

Please see Attachment B (eDocs# 17660394)		
---	--	--

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If yes to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

Please see Attachment C (eDocs# 17660432)

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago (MCC)) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

Please see Attachment C (eDocs# 17660432)

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: hourly rate or t.b.d. is not an acceptable response.
---	------------------	--	--

None

(Add sheets if necessary)

[X] Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

[] Yes [] No [X] No person directly or indirectly owns 10% or more of the Disclosing Party.

If Yes, has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

[] Yes [] No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;

b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;

c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;

d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and

e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any Contractor (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, Disclosure of Subcontractors and Other Retained Parties);
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any controlling person [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any sister agency; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management (SAM).

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

Please see Attachment D (eDocs# 17640470) and supporting attachments (eDocs# 17640435; 17640702; 17640723; 17640755; and 17663352).

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with N/A or none).

None

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a gift does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with N/A or none). As to any gift listed below, please also list the name of the City recipient.

None

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)

☒ is ☐ is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

Please see Attachment D (eDocs# 17640470)

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes

☒ No

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes

☒ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest
------	------------------	------------------------------

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

 X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

Please see Attachment E (eDocs# 17674538)

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING – N/A

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY – N/A

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If Yes, answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked No to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

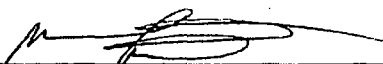

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof currently has a familial relationship with any elected city official or department head. A familial relationship exists if, as of the date this EDS is signed, the Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

Applicable Party means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. Principal officers means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof currently have a familial relationship with an elected city official or department head?

☐ Yes

☒ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes ☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes ☒ No ☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☒ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

WFC Holdings, LLC a legal entity with a direct or indirect right of control of Wells Fargo Bank, N.A.

Attachment "C"

Section III – Income or Compensation to, or Ownership by, City Elected Officials

The undersigned warrants, to the best of his knowledge after due inquiry, that the Disclosing Party has not provided any income or compensation to any City elected official in 12 months before, nor does the undersigned reasonably expect to during the 12-month period following, the date the undersigned has signed this EDS. As the date of this filing, the undersigned is in the process of completing our due diligence on Independent Contracts, when completed we will update this response if needed.

Note that in the ordinary course of its business, Wells Fargo makes loans of various types with individuals and businesses. We have determined that these loans do not constitute a "business relationship" as defined in Chapter 2-156 of the Municipal Code.

Note further that the Disclosing Party has no way of identifying spouses or domestic partners of any City elected official, or the identities of any entities in which any city elected official or his or her spouse or domestic partner has a financial interest, and thus limits its certification to "City elected officials" as specially required by Section III. Specifically, we made due inquiry with respect to the City's Aldermen, the Mayor, the Treasurer and the City Clerk.

ATTACHMENT
"D"

ATTACHMENT TO SECTION V, PART B-CERTAIN OFFENSES INVOLVING CCC AND
SISTER AGENCIES AND SECTION V, PART C-FURTHER CERTIFICATIONS

Inclusive of the paragraphs that follow and except as stated in the following sentence, the Disclosing Party certifies the accuracy of the certifications contained in Section V, paragraphs B and C (to its most current certification) only as to itself, and certifies that to the best of the Disclosing Party's knowledge after due inquiry, and as of January 2019, the statements in paragraphs B are accurate with respect to the executive officers and directors of the Disclosing Party identified in Section II.B.1 Section. The Disclosing Party continues to research the requested certifications set forth in Sections V.B.3(a) and (d), and 6, and will confirm such certifications or update this response, as applicable, upon receipt of the due diligence.

As with any large diversified financial services company of its size in the highly-regulated banking and securities field, Wells Fargo Bank, N.A. and Wells Fargo & Company (collectively, "Wells Fargo") are subject to receiving inquiries and subpoenas from regulators and law enforcement from time to time, as well as being subject to civil litigation. Wells Fargo responds regularly to inquiries and investigations by governmental entities and, as a highly regulated diversified financial institution has in the past entered into settlements of some of those investigations, including those specified below.

Wells Fargo Bank, N.A. has paid municipal fines and judgments in connection alleged violations of local housing laws (regarding certain homes the bank repossessed or that were subject to mortgages in which the Bank had a legal interest or role), some of which are characterized as misdemeanors. However, there have been no judgments, injunctions or liens arising out of such litigations or proceedings in the last five years that would materially impair Wells Fargo's ability as of this date to conduct its business or meet its obligations under the transaction to which this EDS relates.

During the third quarter of 2016, Wells Fargo Bank, N.A. entered into settlement agreements with the City of Los Angeles, the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency regarding certain sales practices. See press release dated September 8, 2016 at https://www.wellsfargo.com/about/press/2016/sales-practices-agreements_0908.content (the "2016 Settlement").

Following the announcement of the 2016 Settlement discussed above, certain state and local governmental bodies and municipal entities have temporarily suspended or removed Wells Fargo Bank, N.A. from providing certain commercial and investment banking services.

On March 28, 2017, Wells Fargo & Company (the "Company") issued a press release announcing its most recent overall Community Reinvestment Act ("CRA") rating of "Needs to Improve." The rating covers the years 2009-2012. Despite citing Bank's overall "Outstanding" performance on the exam's components, the Office of the Comptroller of the Currency downgraded the Bank's final rating to "Needs to Improve" due to previously issued regulatory consent orders.

On February 2, 2018, the Company entered into a consent order with the Federal Reserve Board ("FRB"). As required by the consent order, the Board submitted to the FRB a plan to further enhance the Board's governance and oversight of the Company, and the Company submitted to the FRB a plan to further improve the Company's compliance and operational risk management program.

On April 20, 2018, the Company entered into consent orders with the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency to pay an aggregate of \$1 billion in civil money penalties to resolve matters regarding the Company's compliance risk management program and past practices involving certain automobile collateral protection insurance policies and certain mortgage interest rate lock extensions.

A number of jurisdictions suspended Wells Fargo Bank, N.A. as a provider of certain banking services in response to the overall CRA rating. In addition, a "Needs to Improve" rating could have impact on the Bank's relationships with additional states, counties, municipalities or other public agencies to the extent applicable law, regulation or policy limits, restricts or influences whether such entity may do business with a company that has an overall below "Satisfactory" rating.

Also in the ordinary course of its business, Wells Fargo regularly enters into financial transactions of various types with public entities throughout the United States. It is possible that one or more public entities have terminated a transaction for cause or default.

For a description of certain legal proceedings, please see the Wells Fargo's SEC filings 2019 10-Q (Q1, Q2 & Q3) and 2018 10-K <https://www.wellsfargo.com/about/investor-relations/filings/> a summary of which are on file with the City and our 2018 Annual report, <https://www.wellsfargo.com/about/investor-relations/annual-reports/>. For your ease of use, please see attached a copy of our Legal Actions as reported in our 2018 Annual Report, and 2019 10-Q (Q1, Q2 & Q3) and our 2108 10-K.

ATTACHMENT E

SLAVERY ERA BUSINESS SUMMARY

After years of research, Wells Fargo has found no records that indicate it – or any entities it acquired before the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery.

With the Wachovia merger, Wells Fargo inherited hundreds of Wachovia's predecessor financial institutions, including two that had extensive involvement in slavery. In 2005 Wachovia announced these findings and apologized for the role its predecessors played and renewed its commitment to preserve and promote the history of the African-American experience in our nation. Wells Fargo shares that commitment and affirms its long-standing opposition to slavery.

Furthermore, Wells Fargo has found no records that any entities it acquired subsequent to the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery, which research has been updated to include all legal entities acquired since its last submission of December, 2017.

The following narrative summarizes the results of the research that has been performed regarding Wachovia Bank and its ties to slavery.

SUMMARY OF RESEARCH

External research has revealed that two predecessor institutions of the undersigned, the Georgia Railroad & Banking Company and the Bank of Charleston, owned slaves.

Due to incomplete records, the undersigned cannot determine exactly how many slaves either the Georgia Railroad and Banking Company or the Bank of Charleston owned. Through specific transactional records, researchers determined that the Georgia Railroad and Banking Company owned at least 162 slaves, and the Bank of Charleston accepted at least 529 slaves as collateral on mortgaged properties or loans, and acquired an undetermined number of these individuals when customers defaulted on their loans.

The Georgia Railroad and Banking Company was founded in 1833 to complete a railroad line between the City of Augusta and the interior of the state of Georgia. The company relied on slave labor for the construction and maintenance of this railway. According to the existing and searchable bank records, 162 slaves were owned or authorized to be purchased by the Georgia Railroad and Banking Company between 1836 and 1842. In addition, the company awarded work to contractors who purchased at least 400 slaves to perform work on the railways.

The Bank of Charleston, founded in 1834, issued loans and mortgages where enslaved individuals were used as collateral. A review of the bank's account ledgers revealed a minimum of 24 transactions involving reference to 529 enslaved individuals being used

as collateral. In most cases, the loan was paid on schedule, and the bank never took possession of slaves that were pledged as collateral on the loan. In several documented instances, however, customers defaulted on their loans and the Bank of Charleston took actual possession of slaves. The total number of slaves of whom the bank took possession cannot be accurately tallied due to the lack of records.

In addition, ten predecessor companies were determined to have profited more indirectly from slavery through the following means:

- Founders, directors, or account holders who owned slaves and/or profited directly from slavery;
- Investing in or transacting business with companies or individuals that owned slaves;
- Investing in the bonds of slave states and municipalities;
- Investing in U.S. government bonds during years when the United States permitted and profited from slave labor directly through taxation.

These institutions are:

- Bank of North America (Philadelphia, Pa.)
- Bank of Baltimore
- The Philadelphia Bank (later Philadelphia National Bank)
- Farmers' & Mechanics' Bank of Philadelphia
- Pennsylvania Company for Insurances on Lives and the Granting of Annuities
- State Bank of Elizabeth (Elizabeth, N.J.)
- State Bank of Newark (Newark, N.J.)
- Savings Bank of Baltimore
- Girard National Bank
- The Carswell Group (established in 1868, acquired by Palmer & Cay, Inc. in 1985)
- The Trenton Banking Company

Note 16: Legal Actions

Wells Fargo and certain of our subsidiaries are involved in a number of judicial, regulatory, arbitration, and other proceedings concerning matters arising from the conduct of our business activities, and many of those proceedings expose Wells Fargo to potential financial loss. These proceedings include actions brought against Wells Fargo and/or our subsidiaries with respect to corporate-related matters and transactions in which Wells Fargo and/or our subsidiaries were involved. In addition, Wells Fargo and our subsidiaries may be requested to provide information or otherwise cooperate with government authorities in the conduct of investigations of other persons or industry groups.

Although there can be no assurance as to the ultimate outcome, Wells Fargo and/or our subsidiaries have generally denied, or believe we have a meritorious defense and will deny, liability in all significant legal actions pending against us, including the matters described below, and we intend to defend vigorously each case, other than matters we describe as having settled. We establish accruals for legal actions when potential losses associated with the actions become probable and the costs can be reasonably estimated. For such accruals, we record the amount we consider to be the best estimate within a range of potential losses that are both probable and estimable; however, if we cannot determine a best estimate, then we record the low end of the range of those potential losses. The actual costs of resolving legal actions may be substantially higher or lower than the amounts accrued for those actions.

ATM ACCESS FEE LITIGATION In October 2011, plaintiffs filed a putative class action, *Mackmin, et al. v. Visa, Inc. et al.*, against Wells Fargo & Company, Wells Fargo Bank, N.A., Visa, MasterCard, and several other banks in the United States District Court for the District of Columbia. Plaintiffs allege that the Visa and MasterCard requirement that if an ATM operator charges an access fee on Visa and MasterCard transactions, then that fee cannot be greater than the access fee charged for transactions on other networks, violates antitrust rules. Plaintiffs seek treble damages, restitution, injunctive relief, and attorneys' fees where available under federal and state law. Two other antitrust cases that make similar allegations were filed in the same court, but these cases did not name Wells Fargo as a defendant. On February 13, 2013, the district court granted defendants' motions to dismiss the three actions. Plaintiffs appealed the dismissals and, on August 4, 2015, the United States Court of Appeals for the District of Columbia Circuit vacated the district court's decisions and remanded the three cases to the district court for further proceedings. On June 28, 2016, the United States Supreme Court granted defendants' petitions for writ of certiorari to review the decisions of the United States Court of Appeals for the District of Columbia. On November 17, 2016, the United States Supreme Court dismissed the petitions as improvidently granted, and the three cases returned to the district court for further proceedings.

AUTOMOBILE LENDING MATTERS On April 20, 2018, the Company entered into consent orders with the Office of the Comptroller of the Currency (OCC) and the Consumer Financial Protection Bureau (CFPB) to resolve, among other things, investigations by the agencies into the Company's compliance risk management program and its past practices involving certain automobile collateral protection insurance (CPI) policies and, as discussed below, certain mortgage interest rate lock

extensions. The consent orders require remediation to customers and the payment of a total of \$1.0 billion in civil money penalties to the agencies. In July 2017, the Company announced a plan to remediate customers who may have been financially harmed due to issues related to automobile CPI policies purchased through a third-party vendor on their behalf. Multiple putative class action cases alleging, among other things, unfair and deceptive practices relating to these CPI policies, have been filed against the Company and consolidated into one multi-district litigation in the United States District Court for the Central District of California. A putative class of shareholders also filed a securities fraud class action against the Company and its executive officers alleging material misstatements and omissions of CPI-related information in the Company's public disclosures. Former team members have also alleged retaliation for raising concerns regarding automobile lending practices. In addition, the Company has identified certain issues related to the unused portion of guaranteed automobile protection (GAP) waiver or insurance agreements between the customer and dealer and, by assignment, the lender, which will result in remediation to customers in certain states. Allegations related to the CPI and GAP programs are among the subjects of shareholder derivative lawsuits pending in federal and state court in California. The court dismissed the state court action in September 2018, but plaintiffs filed an amended complaint in November 2018. Subject to full documentation and court approval, the parties have reached agreements in principle to resolve the shareholder derivative lawsuits pursuant to which the Company will pay plaintiffs' attorneys' fees and undertake certain business and governance practices. These and other issues related to the origination, servicing, and/or collection of consumer automobile loans, including related insurance products, have also subjected the Company to formal or informal inquiries, investigations, or examinations from federal and state government agencies. In December 2018, the Company entered into an agreement with all 50 state Attorneys General and the District of Columbia to resolve an investigation into the Company's retail sales practices, CPI and GAP, and mortgage interest rate lock matters, pursuant to which the Company paid \$575 million.

CONSUMER DEPOSIT ACCOUNT RELATED REGULATORY INVESTIGATION The CFPB is conducting an investigation into whether customers were unduly harmed by the Company's procedures regarding the freezing (and, in many cases, closing) of consumer deposit accounts after the Company detected suspected fraudulent activity (by third-parties or account holders) that affected those accounts. A former team member has brought a state court action alleging retaliation for raising concerns about these procedures.

FIDUCIARY AND CUSTODY ACCOUNT FEE CALCULATIONS Federal government agencies are conducting formal or informal inquiries, investigations, or examinations regarding fee calculations within certain fiduciary and custody accounts in the Company's investment and fiduciary services business, which is part of the wealth management business within WIM. The Company has determined that there have been instances of incorrect fees being applied to certain assets and accounts, resulting in both overcharges and undercharges to customers.

FOREIGN EXCHANGE BUSINESS Federal government agencies, including the United States Department of Justice (Department of Justice), are investigating or examining certain

activities in the Company's foreign exchange business. The Company has accrued amounts to remediate customers that may have received pricing inconsistent with commitments made to those customers, and to rebate customers where historic pricing, while consistent with contracts entered into with those customers, does not conform to the Company's recently implemented standards and pricing.

INTERCHANGE LITIGATION Plaintiffs representing a putative class of merchants have filed putative class actions, and individual merchants have filed individual actions, against Wells Fargo Bank, N.A., Wells Fargo & Company, Wachovia Bank, N.A., and Wachovia Corporation regarding the interchange fees associated with Visa and MasterCard payment card transactions. Visa, MasterCard, and several other banks and bank holding companies are also named as defendants in these actions. These actions have been consolidated in the United States District Court for the Eastern District of New York. The amended and consolidated complaint asserts claims against defendants based on alleged violations of federal and state antitrust laws and seeks damages, as well as injunctive relief. Plaintiff merchants allege that Visa, MasterCard, and payment card issuing banks unlawfully colluded to set interchange rates. Plaintiffs also allege that enforcement of certain Visa and MasterCard rules and alleged tying and bundling of services offered to merchants are anticompetitive. Wells Fargo and Wachovia, along with other defendants and entities, are parties to Loss and Judgment Sharing Agreements, which provide that they, along with other entities, will share, based on a formula, in any losses from the Interchange Litigation. On July 13, 2012, Visa, MasterCard, and the financial institution defendants, including Wells Fargo, signed a memorandum of understanding with plaintiff merchants to resolve the consolidated class action and reached a separate settlement in principle of the consolidated individual actions. The settlement payments to be made by all defendants in the consolidated class and individual actions totaled approximately \$6.6 billion before reductions applicable to certain merchants opting out of the settlement. The class settlement also provided for the distribution to class merchants of 10 basis points of default interchange across all credit rate categories for a period of 8 consecutive months. The district court granted final approval of the settlement, which was appealed to the United States Court of Appeals for the Second Circuit by settlement objector merchants. Other merchants opted out of the settlement and are pursuing several individual actions. On June 30, 2016, the Second Circuit vacated the settlement agreement and reversed and remanded the consolidated action to the United States District Court for the Eastern District of New York for further proceedings. On November 23, 2016, prior class counsel filed a petition to the United States Supreme Court, seeking review of the reversal of the settlement by the Second Circuit, and the Supreme Court denied the petition on March 27, 2017. On November 30, 2016, the district court appointed lead class counsel for a damages class and an equitable relief class. The parties have entered into a settlement agreement to resolve the money damages class claims pursuant to which defendants will pay a total of approximately \$6.2 billion, which includes approximately \$5.3 billion of funds remaining from the 2012 settlement and \$900 million in additional funding. The Company's allocated responsibility for the additional funding is approximately \$94.5 million. The court granted preliminary approval of the settlement in January 2019, and scheduled a final approval hearing for November 7, 2019. Several of the opt-out litigations were settled during the pendency of the Second Circuit appeal

while others remain pending. Discovery is proceeding in the opt-out litigations and the equitable relief class case.

LOW INCOME HOUSING TAX CREDITS Federal government agencies have undertaken formal or informal inquiries or investigations regarding the manner in which the Company purchased, and negotiated the purchase of, certain federal low income housing tax credits in connection with the financing of low income housing developments.

MORTGAGE BANKRUPTCY LOAN MODIFICATION LITIGATION Plaintiffs, representing a putative class of mortgage borrowers who were debtors in Chapter 13 bankruptcy cases, filed a putative class action, *Cotton, et al. v. Wells Fargo, et al.*, against Wells Fargo & Company and Wells Fargo Bank, N.A. in the United States Bankruptcy Court for the Western District of North Carolina on June 7, 2017. Plaintiffs allege that Wells Fargo improperly and unilaterally modified the mortgages of borrowers who were debtors in Chapter 13 bankruptcy cases. Plaintiffs allege that Wells Fargo implemented these modifications by improperly filing mortgage payment change notices in Chapter 13 bankruptcy cases, in violation of bankruptcy rules and process. The amended complaint asserts claims based on, among other things, alleged fraud, violations of bankruptcy rules and laws, and unfair and deceptive trade practices. The amended complaint seeks monetary damages, attorneys' fees, and declaratory and injunctive relief. The parties have entered into a settlement agreement pursuant to which the Company will pay \$13.5 million to resolve the claims. On October 24, 2018, the court granted preliminary approval of the settlement and scheduled a final fairness hearing for March 4, 2019.

MORTGAGE INTEREST RATE LOCK RELATED REGULATORY INVESTIGATION On April 20, 2018, the Company entered into consent orders with the OCC and CFPB to resolve, among other things, investigations by the agencies into the Company's compliance risk management program and its past practices involving certain automobile CPI policies and certain mortgage interest rate lock extensions. The consent orders require remediation to customers and the payment of a total of \$1.0 billion in civil money penalties to the agencies. On October 4, 2017, the Company announced plans to reach out to all home lending customers who paid fees for mortgage rate lock extensions requested from September 16, 2013, through February 28, 2017, and to provide refunds, with interest, to customers who believe they should not have paid those fees. The Company was named in a putative class action, filed in the United States District Court for the Northern District of California, alleging violations of federal and state consumer fraud statutes relating to mortgage rate lock extension fees. The Company filed a motion to dismiss and the court granted the motion. Subsequently, a putative class action was filed in the United States District Court for the District of Oregon, raising similar allegations. The Company filed a motion to dismiss this action. In addition, former team members have asserted claims, including in pending litigation, that they were terminated for raising concerns regarding mortgage interest rate lock extension practices. Allegations related to mortgage interest rate lock extension fees are also among the subjects of two shareholder derivative lawsuits filed in California state court. This matter has also subjected the Company to formal or informal inquiries, investigations or examinations from other federal and state government agencies. In December 2018, the Company entered into an agreement with all 50 state Attorneys General and the

Note 16: Legal Actions (continued)

District of Columbia to resolve an investigation into the Company's retail sales practices, CPI and GAP, and mortgage interest rate lock matters, pursuant to which the Company paid \$575 million.

MORTGAGE LOAN MODIFICATION LITIGATION Plaintiffs representing a putative class of mortgage borrowers have filed separate putative class actions, *Hernandez v. Wells Fargo, et al.*, and *Coordes v. Wells Fargo, et al.*, against Wells Fargo Bank, N.A. in the United States District Court for the Northern District of California and the United States District Court for the District of Washington, respectively. Plaintiffs allege that Wells Fargo improperly denied mortgage loan modifications or repayment plans to customers in the foreclosure process due to the overstatement of foreclosure attorneys' fees that were included for purposes of determining whether a customer in the foreclosure process qualified for a mortgage loan modification or repayment plan.

MORTGAGE RELATED REGULATORY INVESTIGATIONS Federal and state government agencies, including the Department of Justice, have been investigating or examining certain mortgage related activities of Wells Fargo and predecessor institutions. Wells Fargo, for itself and for predecessor institutions, has responded, or continues to respond, to requests from these agencies seeking information regarding the origination, underwriting, and securitization of residential mortgages, including sub-prime mortgages. These agencies have advanced theories of purported liability with respect to certain of these activities. An agreement, pursuant to which the Company paid \$2.09 billion, was reached in August 2018 to resolve the Department of Justice investigation, which related to certain 2005-2007 residential mortgage-backed securities activities. In addition, the Company reached an agreement with the Attorney General of the State of Illinois in November 2018 pursuant to which the Company paid \$17 million in restitution to certain Illinois state pension funds to resolve a claim relating to certain residential mortgage-backed securities activities. Other financial institutions have entered into similar settlements with these agencies, the nature of which related to the specific activities of those financial institutions, including the imposition of significant financial penalties and remedial actions.

OFAC RELATED INVESTIGATION The Company has self-identified an issue whereby certain foreign banks utilized a Wells Fargo software-based solution to conduct import/export trade-related financing transactions with countries and entities prohibited by the Office of Foreign Assets Control (OFAC) of the United States Department of the Treasury. We do not believe any funds related to these transactions flowed through accounts at Wells Fargo as a result of the aforementioned conduct. The Company has made voluntary self-disclosures to OFAC and is cooperating with an inquiry from the Department of Justice.

ORDER OF POSTING LITIGATION Plaintiffs filed a series of putative class actions against Wachovia Bank, N.A. and Wells Fargo Bank, N.A., as well as many other banks, challenging the "high to low" order in which the banks post debit card transactions to consumer deposit accounts. Most of these actions were consolidated in multi-district litigation proceedings (MDL proceedings) in the United States District Court for the Southern District of Florida. The court in the MDL proceedings has certified a class of putative plaintiffs, and Wells Fargo moved to compel arbitration of the claims of unnamed class members.

The court denied the motions to compel arbitration in October 2016, and Wells Fargo appealed this decision to the United States Court of Appeals for the Eleventh Circuit. In May 2018, the Eleventh Circuit ruled in Wells Fargo's favor and found that Wells Fargo had not waived its arbitration rights and remanded the case to the district court for further proceedings. Plaintiffs filed a petition for rehearing to the Eleventh Circuit, which was denied in August 2018. Plaintiffs petitioned for certiorari from the United States Supreme Court, and that petition was denied in January 2019.

RETAIL SALES PRACTICES MATTERS Federal, state, and local government agencies, including the Department of Justice, the United States Securities and Exchange Commission (SEC), and the United States Department of Labor; state attorneys general, including the New York Attorney General; and prosecutors' offices, as well as Congressional committees, have undertaken formal or informal inquiries, investigations or examinations arising out of certain retail sales practices of the Company that were the subject of settlements with the CFPB, the OCC, and the Office of the Los Angeles City Attorney announced by the Company on September 8, 2016. These matters are at varying stages. The Company has responded, and continues to respond, to requests from a number of the foregoing. In October 2018, the Company entered into an agreement to resolve the New York Attorney General's investigation pursuant to which the Company paid \$65 million to the State of New York. In December 2018, the Company entered into an agreement with all 50 state Attorneys General and the District of Columbia to resolve an investigation into the Company's retail sales practices, CPI and GAP, and mortgage interest rate lock matters, pursuant to which the Company paid \$575 million. The Company has also engaged in preliminary and/or exploratory resolution discussions with the Department of Justice and the SEC, although there can be no assurance as to the outcome of these discussions.

In addition, a number of lawsuits have also been filed by non-governmental parties seeking damages or other remedies related to these retail sales practices. First, various class plaintiffs purporting to represent consumers who allege that they received products or services without their authorization or consent have brought separate putative class actions against the Company in the United States District Court for the Northern District of California and various other jurisdictions. In April 2017, the Company entered into a settlement agreement in the first-filed action, *Jabbari v. Wells Fargo Bank, N.A.*, to resolve claims regarding certain products or services provided without authorization or consent for the time period May 1, 2002 to April 20, 2017. Pursuant to the settlement, the Company will pay \$142 million for remediation, attorneys' fees, and settlement fund claims administration. In the unlikely event that the \$142 million settlement total is not enough to provide remediation, pay attorneys' fees, pay settlement fund claims administration costs, and have at least \$25 million left over to distribute to all class members, the Company will contribute additional funds to the settlement. In addition, in the unlikely event that the number of unauthorized accounts identified by settlement class members in the claims process and not disputed by the claims administrator exceeds plaintiffs' 3.5 million account estimate, the Company will proportionately increase the \$25 million reserve so that the ratio of reserve to unauthorized accounts is no less than what was implied by plaintiffs' estimate at the time of the district court's preliminary approval of the settlement in July 2017. The district court issued an order

granting final approval of the settlement on June 14, 2018. Several appeals of the district court's order granting final approval of the settlement have been filed with the United States Court of Appeals for the Ninth Circuit. Second, Wells Fargo shareholders brought a consolidated securities fraud class action in the United States District Court for the Northern District of California alleging certain misstatements and omissions in the Company's disclosures related to sales practices matters. The Company entered into a settlement agreement to resolve this matter pursuant to which the Company paid \$480 million. The district court issued an order granting final approval of the settlement on December 20, 2018. Third, Wells Fargo shareholders have brought numerous shareholder derivative lawsuits asserting breach of fiduciary duty claims, among others, against current and former directors and officers for their alleged failure to detect and prevent sales practices issues. These actions have been filed or transferred to the United States District Court for the Northern District of California and California state court for coordinated proceedings. An additional lawsuit asserting similar claims in Delaware state court has been stayed. Subject to full documentation and court approval, the parties have reached an agreement in principle to resolve the shareholder derivative lawsuits pursuant to which insurance carriers will pay the Company approximately \$240 million for alleged damage to the Company, and the Company will pay plaintiffs' attorneys' fees. Fourth, multiple employment litigation matters have been brought against Wells Fargo, including an Employee Retirement Income Security Act (ERISA) class action in the United States District Court for the District of Minnesota on behalf of 401(k) plan participants that has been dismissed and is now on appeal; a class action in the United States District Court for the Northern District of California on behalf of team members who allege that they protested sales practice misconduct and/or were terminated for not meeting sales goals that has now been dismissed, and we have entered into a framework with plaintiffs' counsel to address individual claims that have been asserted; various wage and hour class actions brought in federal and state court in California (which have been settled), New Jersey, and Pennsylvania on behalf of non-exempt branch based team members alleging that sales pressure resulted in uncompensated overtime; and multiple single plaintiff Sarbanes-Oxley Act complaints and state-law whistleblower actions filed with the United States Department of Labor or in various state courts alleging adverse employment actions for raising sales practice misconduct issues.

RMBS TRUSTEE LITIGATION In November 2014, a group of institutional investors (Institutional Investor Plaintiffs), including funds affiliated with BlackRock, Inc., filed a putative class action in the United States District Court for the Southern District of New York against Wells Fargo Bank, N.A., alleging claims against the Company in its capacity as trustee for a number of residential mortgage-backed securities (RMBS) trusts (Federal Court Complaint). Similar complaints have been filed against other trustees in various courts, including in the Southern District of New York, in New York state court, and in other states, by RMBS investors. The Federal Court Complaint alleges that Wells Fargo Bank, N.A., as trustee, caused losses to investors and asserts causes of action based upon, among other things, the trustee's alleged failure to notify and enforce repurchase obligations of mortgage loan sellers for purported breaches of representations and warranties, notify investors of alleged events of default, and abide by appropriate standards of care following alleged events of default. Plaintiffs seek money damages in an unspecified amount, reimbursement of expenses,

and equitable relief. In December 2014 and December 2015, certain other investors filed four complaints alleging similar claims against Wells Fargo Bank, N.A. in the Southern District of New York (Related Federal Cases), and the various cases pending against Wells Fargo are proceeding before the same judge. On January 19, 2016, the Southern District of New York entered an order in connection with the Federal Court Complaint dismissing claims related to certain of the trusts at issue (Dismissed Trusts). The Company's motion to dismiss the Federal Court Complaint and the complaints for the Related Federal Cases was granted in part and denied in part in March 2017. In May 2017, the Company filed third-party complaints against certain investment advisors affiliated with the Institutional Investor Plaintiffs seeking contribution with respect to claims alleged in the Federal Court Complaint (Third-Party Claims). The investment advisors have moved to dismiss those complaints. On April 17, 2018, the Southern District of New York denied class certification in the Related Federal Case brought by Royal Park Investments SA/NV (Royal Park Action).

A complaint raising similar allegations to those in the Federal Court Complaint was filed in May 2016 in New York state court by a different plaintiff investor. In December 2016, the Institutional Investor Plaintiffs filed a new putative class action complaint in New York state court in respect of 261 RMBS trusts, including the Dismissed Trusts, for which Wells Fargo Bank, N.A. serves or served as trustee (State Court Action).

In July 2017, certain of the plaintiffs from the State Court Action filed a civil complaint relating to Wells Fargo Bank, N.A.'s setting aside reserves for legal fees and expenses in connection with the liquidation of eleven RMBS trusts at issue in the State Court Action (Declaratory Judgment Action). The complaint seeks, among other relief, declarations that Wells Fargo Bank, N.A. is not entitled to indemnification, the advancement of funds, or the taking of reserves from trust funds for legal fees and expenses it incurs in defending the claims in the State Court Action. In November 2017, the Company's motion to dismiss the complaint was granted. Plaintiffs filed a notice of appeal in January 2018.

In November 2018, the Institutional Investor Plaintiffs and the Company entered into a settlement agreement pursuant to which, among other terms, the Company will pay \$43 million to resolve the Federal Court Complaint and the State Court Action. The settlement will also resolve the Third Party Claims and the Declaratory Judgment Action. The New York state court has scheduled a fairness hearing on the settlement for May 6, 2019. In addition, Royal Park Investments SA/NV and Wells Fargo Bank, N.A. have reached an agreement resolving the Royal Park Action. Other than the Royal Park Action, the Related Federal Cases are not covered by these settlement agreements.

SEMINOLE TRIBE TRUSTEE LITIGATION The Seminole Tribe of Florida filed a complaint in Florida state court alleging that Wells Fargo, as trustee, charged excess fees in connection with the administration of a minor's trust and failed to invest the assets of the trust prudently. The complaint was later amended to include three individual current and former beneficiaries as plaintiffs and to remove the Tribe as a party to the case. In December 2016, the Company filed a motion to dismiss the amended complaint on the grounds that the Tribe is a necessary party and that the individual beneficiaries lack standing to bring claims. The motion was denied in June 2018. Trial is scheduled for October 2019.

Note 16: Legal Actions *(continued)*

WHOLESALE BANKING CONSENT ORDER INVESTIGATION

On November 19, 2015, the Company entered into a consent order with the OCC, pursuant to which the Wholesale Banking group was required to implement customer due diligence standards that include collection of current beneficial ownership information for certain business customers. The Company is responding to inquiries from various federal government agencies regarding potentially inappropriate conduct in connection with the collection of beneficial ownership information.

OUTLOOK As described above, the Company establishes accruals for legal actions when potential losses associated with the actions become probable and the costs can be reasonably estimated. The high end of the range of reasonably possible potential losses in excess of the Company's accrual for probable and estimable losses was approximately \$2.7 billion as of December 31, 2018. The increase in the high end of the range from September 30, 2018, was due to a variety of matters, including the Company's existing retail sales practices matters. The outcomes of legal actions are unpredictable and subject to significant uncertainties, and it is inherently difficult to determine whether any loss is probable or even possible. It is also inherently difficult to estimate the amount of any loss and there may be matters for which a loss is probable or reasonably possible but not currently estimable. Accordingly, actual losses may be in excess of the established accrual or the range of reasonably possible loss. Wells Fargo is unable to determine whether the ultimate resolution of the retail sales practices matters will have a material adverse effect on its consolidated financial condition. Based on information currently available, advice of counsel, available insurance coverage, and established reserves, Wells Fargo believes that the eventual outcome of other actions against Wells Fargo and/or its subsidiaries will not, individually or in the aggregate, have a material adverse effect on Wells Fargo's consolidated financial condition. However, it is possible that the ultimate resolution of a matter, if unfavorable, may be material to Wells Fargo's results of operations for any particular period.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT**

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

Wells Fargo & Company

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☐ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☒ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1)) State the legal name of the entity in which the Disclosing Party holds a right of control:

Wells Fargo Bank, N.A.

B. Business address of the Disclosing Party: 420 Montgomery Street, San Francisco, CA 94163

C. Telephone: 312-658-4154 Fax: _____

Email: Sasha.K.Nelson@Wellsfargo.com

D. Name of contact person: Sasha K. Nelson

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

Municipal Depository

G. Which City agency or department is requesting this EDS? Department of Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|--|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input checked="" type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input type="checkbox"/> Other (please specify) |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

Delaware

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name

Title

Please see Attachment A (eDocs# 17630283)

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state None.

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
------	------------------	--------------------------------------

None		
------	--	--

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If yes to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

Please see Attachment C (eDocs# 17660432)

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago (MCC)) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

Please see Attachment C (eDocs# 17660432)

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: hourly rate or t.b.d. is not an acceptable response.
None			

(Add sheets if necessary)

[X] Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

[] Yes [] No [X] No person directly or indirectly owns 10% or more of the Disclosing Party.

If Yes, has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

[] Yes [] No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;

b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;

c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;

d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and

e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any Contractor (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, Disclosure of Subcontractors and Other Retained Parties);
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
- b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
- c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
- d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).

6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.

7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.

8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any controlling person [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any sister agency; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.

9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management (SAM).

10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

1. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

Please see Attachment D (eDocs# 17640470) and supporting attachments (eDocs# 17640435; 17640702; 17640723; 17640755; and 17663352).

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with N/A or none).

None

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a gift does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with N/A or none). As to any gift listed below, please also list the name of the City recipient.

None

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)
[X] is [] is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

Please see Attachment D (eDocs# 17640470)

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes

☒ No

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes

☒ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name	Business Address	Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party just disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

____ 1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

X 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:
Please see Attachment E (eDocs# 17674538)

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING – N/A

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY – N/A

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☐ Yes

☐ No

If Yes, answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☐ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☐ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☐ Yes

☐ No

If you checked No to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

- A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.
- B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.
- C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.
- D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.
- E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof currently has a familial relationship with any elected city official or department head. A familial relationship exists if, as of the date this EDS is signed, the Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

Applicable Party means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. Principal officers means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any Applicable Party or any Spouse or Domestic Partner thereof currently have a familial relationship with an elected city official or department head?

☒ Yes

☐ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

(1) William M. Daley, Vice Chairman of Public Affairs, (2) Wells Fargo Bank, N.A. and Wells Fargo & Company,

(3) Patrick Daley Thompson, Alderman, (4) Nephew.

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☒ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Wells Fargo & Company a legal entity with a direct or indirect right of control of Wells Fargo Bank, N.A. (the “Applicant”).

Section III – Income or Compensation to, or Ownership by, City Elected Officials

The undersigned warrants, to the best of his knowledge after due inquiry, that the Disclosing Party has not provided any income or compensation to any City elected official in 12 months before, nor does the undersigned reasonably expect to during the 12-month period following, the date the undersigned has signed this EDS. As the date of this filing, the undersigned is in the process of completing our due diligence on Independent Contracts, when completed we will update this response if needed.

Note that in the ordinary course of its business, Wells Fargo makes loans of various types with individuals and businesses. We have determined that these loans do not constitute a "business relationship" as defined in Chapter 2-156 of the Municipal Code.

Note further that the Disclosing Party has no way of identifying spouses or domestic partners of any City elected official, or the identities of any entities in which any city elected official or his or her spouse or domestic partner has a financial interest, and thus limits its certification to "City elected officials" as specially required by Section III. Specifically, we made due inquiry with respect to the City's Aldermen, the Mayor, the Treasurer and the City Clerk.

ATTACHMENT
"D"

ATTACHMENT TO SECTION V, PART B-CERTAIN OFFENSES INVOLVING CCC AND
SISTER AGENCIES AND SECTION V, PART C-FURTHER CERTIFICATIONS

Inclusive of the paragraphs that follow and except as stated in the following sentence, the Disclosing Party certifies the accuracy of the certifications contained in Section V, paragraphs B and C (to its most current certification) only as to itself, and certifies that to the best of the Disclosing Party's knowledge after due inquiry, and as of January 2019, the statements in paragraphs B are accurate with respect to the executive officers and directors of the Disclosing Party identified in Section II.B.1 Section. The Disclosing Party continues to research the requested certifications set forth in Sections V.B.3(a) and (d), and 6, and will confirm such certifications or update this response, as applicable, upon receipt of the due diligence.

As with any large diversified financial services company of its size in the highly-regulated banking and securities field, Wells Fargo Bank, N.A. and Wells Fargo & Company (collectively, "Wells Fargo") are subject to receiving inquiries and subpoenas from regulators and law enforcement from time to time, as well as being subject to civil litigation. Wells Fargo responds regularly to inquiries and investigations by governmental entities and, as a highly regulated diversified financial institution has in the past entered into settlements of some of those investigations, including those specified below.

Wells Fargo Bank, N.A. has paid municipal fines and judgments in connection alleged violations of local housing laws (regarding certain homes the bank repossessed or that were subject to mortgages in which the Bank had a legal interest or role), some of which are characterized as misdemeanors. However, there have been no judgments, injunctions or liens arising out of such litigations or proceedings in the last five years that would materially impair Wells Fargo's ability as of this date to conduct its business or meet its obligations under the transaction to which this EDS relates.

During the third quarter of 2016, Wells Fargo Bank, N.A. entered into settlement agreements with the City of Los Angeles, the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency regarding certain sales practices. See press release dated September 8, 2016 at https://www.wellsfargo.com/about/press/2016/sales-practices-agreements_0908.content (the "2016 Settlement").

Following the announcement of the 2016 Settlement discussed above, certain state and local governmental bodies and municipal entities have temporarily suspended or removed Wells Fargo Bank, N.A. from providing certain commercial and investment banking services.

On March 28, 2017, Wells Fargo & Company (the "Company") issued a press release announcing its most recent overall Community Reinvestment Act ("CRA") rating of "Needs to Improve." The rating covers the years 2009-2012. Despite citing Bank's overall "Outstanding" performance on the exam's components, the Office of the Comptroller of the Currency downgraded the Bank's final rating to "Needs to Improve" due to previously issued regulatory consent orders.

On February 2, 2018, the Company entered into a consent order with the Federal Reserve Board ("FRB"). As required by the consent order, the Board submitted to the FRB a plan to further enhance the Board's governance and oversight of the Company, and the Company submitted to the FRB a plan to further improve the Company's compliance and operational risk management program.

On April 20, 2018, the Company entered into consent orders with the Consumer Financial Protection Bureau and the Office of the Comptroller of the Currency to pay an aggregate of \$1 billion in civil money penalties to resolve matters regarding the Company's compliance risk management program and past practices involving certain automobile collateral protection insurance policies and certain mortgage interest rate lock extensions.

A number of jurisdictions suspended Wells Fargo Bank, N.A. as a provider of certain banking services in response to the overall CRA rating. In addition, a "Needs to Improve" rating could have impact on the Bank's relationships with additional states, counties, municipalities or other public agencies to the extent applicable law, regulation or policy limits, restricts or influences whether such entity may do business with a company that has an overall below "Satisfactory" rating.

Also in the ordinary course of its business, Wells Fargo regularly enters into financial transactions of various types with public entities throughout the United States. It is possible that one or more public entities have terminated a transaction for cause or default.

For a description of certain legal proceedings, please see the Wells Fargo's SEC filings 2019 10-Q (Q1, Q2 & Q3) and 2018 10-K <https://www.wellsfargo.com/about/investor-relations/filings/> a summary of which are on file with the City and our 2018 Annual report, <https://www.wellsfargo.com/about/investor-relations/annual-reports/>. For your ease of use, please see attached a copy of our Legal Actions as reported in our 2018 Annual Report, and 2019 10-Q (Q1, Q2 & Q3) and our 2108 10-K.

ATTACHMENT E

SLAVERY ERA BUSINESS SUMMARY

After years of research, Wells Fargo has found no records that indicate it – or any entities it acquired before the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery.

With the Wachovia merger, Wells Fargo inherited hundreds of Wachovia's predecessor financial institutions, including two that had extensive involvement in slavery. In 2005 Wachovia announced these findings and apologized for the role its predecessors played and renewed its commitment to preserve and promote the history of the African-American experience in our nation. Wells Fargo shares that commitment and affirms its long-standing opposition to slavery.

Furthermore, Wells Fargo has found no records that any entities it acquired subsequent to the Wachovia merger – had ever financed slavery, held slaves as collateral, owned slaves, or profited from slavery, which research has been updated to include all legal entities acquired since its last submission of December, 2017.

The following narrative summarizes the results of the research that has been performed regarding Wachovia Bank and its ties to slavery.

SUMMARY OF RESEARCH

External research has revealed that two predecessor institutions of the undersigned, the Georgia Railroad & Banking Company and the Bank of Charleston, owned slaves.

Due to incomplete records, the undersigned cannot determine exactly how many slaves either the Georgia Railroad and Banking Company or the Bank of Charleston owned. Through specific transactional records, researchers determined that the Georgia Railroad and Banking Company owned at least 162 slaves, and the Bank of Charleston accepted at least 529 slaves as collateral on mortgaged properties or loans, and acquired an undetermined number of these individuals when customers defaulted on their loans.

The Georgia Railroad and Banking Company was founded in 1833 to complete a railroad line between the City of Augusta and the interior of the state of Georgia. The company relied on slave labor for the construction and maintenance of this railway. According to the existing and searchable bank records, 162 slaves were owned or authorized to be purchased by the Georgia Railroad and Banking Company between 1836 and 1842. In addition, the company awarded work to contractors who purchased at least 400 slaves to perform work on the railways.

The Bank of Charleston, founded in 1834, issued loans and mortgages where enslaved individuals were used as collateral. A review of the bank's account ledgers revealed a minimum of 24 transactions involving reference to 529 enslaved individuals being used

as collateral. In most cases, the loan was paid on schedule, and the bank never took possession of slaves that were pledged as collateral on the loan. In several documented instances, however, customers defaulted on their loans and the Bank of Charleston took actual possession of slaves. The total number of slaves of whom the bank took possession cannot be accurately tallied due to the lack of records.

In addition, ten predecessor companies were determined to have profited more indirectly from slavery through the following means:

- Founders, directors, or account holders who owned slaves and/or profited directly from slavery;
- Investing in or transacting business with companies or individuals that owned slaves;
- Investing in the bonds of slave states and municipalities;
- Investing in U.S. government bonds during years when the United States permitted and profited from slave labor directly through taxation.

These institutions are:

- Bank of North America (Philadelphia, Pa.)
- Bank of Baltimore
- The Philadelphia Bank (later Philadelphia National Bank)
- Farmers' & Mechanics' Bank of Philadelphia
- Pennsylvania Company for Insurances on Lives and the Granting of Annuities
- State Bank of Elizabeth (Elizabeth, N.J.)
- State Bank of Newark (Newark, N.J.)
- Savings Bank of Baltimore
- Girard National Bank
- The Carswell Group (established in 1868, acquired by Palmer & Cay, Inc. in 1985)
- The Trenton Banking Company

CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT
AND AFFIDAVIT

SECTION I -- GENERAL INFORMATION

A. Legal name of the Disclosing Party submitting this EDS. Include d/b/a/ if applicable:

Zions Bancorporation, National Association

Check ONE of the following three boxes:

Indicate whether the Disclosing Party submitting this EDS is:

1. ☒ the Applicant

OR

2. ☐ a legal entity currently holding, or anticipated to hold within six months after City action on the contract, transaction or other undertaking to which this EDS pertains (referred to below as the "Matter"), a direct or indirect interest in excess of 7.5% in the Applicant. State the Applicant's legal name: _____

OR

3. ☐ a legal entity with a direct or indirect right of control of the Applicant (see Section II(B)(1))
State the legal name of the entity in which the Disclosing Party holds a right of control: _____

B. Business address of the Disclosing Party: 111 West Washington, Suite #1860

Chicago, IL 60602

C. Telephone: (312) 763-4257 Fax: (855) 216-8162 Email: Robert.cafarelli@zionsbancorp.com

D. Name of contact person: Robert Cafarelli

E. Federal Employer Identification No. (if you have one): _____

F. Brief description of the Matter to which this EDS pertains. (Include project number and location of property, if applicable):

Municipal Depository Services RFP 2020

G. Which City agency or department is requesting this EDS? Finance

If the Matter is a contract being handled by the City's Department of Procurement Services, please complete the following:

Specification # _____ and Contract # _____

SECTION II -- DISCLOSURE OF OWNERSHIP INTERESTS

A. NATURE OF THE DISCLOSING PARTY

1. Indicate the nature of the Disclosing Party:

- | | |
|--|--|
| <input type="checkbox"/> Person | <input type="checkbox"/> Limited liability company |
| <input checked="" type="checkbox"/> Publicly registered business corporation | <input type="checkbox"/> Limited liability partnership |
| <input type="checkbox"/> Privately held business corporation | <input type="checkbox"/> Joint venture |
| <input type="checkbox"/> Sole proprietorship | <input type="checkbox"/> Not-for-profit corporation |
| <input type="checkbox"/> General partnership | (Is the not-for-profit corporation also a 501(c)(3))? |
| <input type="checkbox"/> Limited partnership | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| <input type="checkbox"/> Trust | <input type="checkbox"/> Other (please specify) |

2. For legal entities, the state (or foreign country) of incorporation or organization, if applicable:

United States

3. For legal entities not organized in the State of Illinois: Has the organization registered to do business in the State of Illinois as a foreign entity?

☐ Yes ☒ No ☐ Organized in Illinois

B. IF THE DISCLOSING PARTY IS A LEGAL ENTITY:

1. List below the full names and titles, if applicable, of: (i) all executive officers and all directors of the entity; (ii) **for not-for-profit corporations**, all members, if any, which are legal entities (if there are no such members, write "no members which are legal entities"); (iii) **for trusts, estates or other similar entities**, the trustee, executor, administrator, or similarly situated party; (iv) **for general or limited partnerships, limited liability companies, limited liability partnerships or joint ventures**, each general partner, managing member, manager or any other person or legal entity that directly or indirectly controls the day-to-day management of the Applicant.

NOTE: Each legal entity listed below must submit an EDS on its own behalf.

Name

Title

See attachment

2. Please provide the following information concerning each person or legal entity having a direct or indirect, current or prospective (i.e. within 6 months after City action) beneficial interest (including ownership) in excess of 7.5% of the Applicant. Examples of such an interest include shares in a corporation, partnership interest in a partnership or joint venture, interest of a member or manager in a

limited liability company, or interest of a beneficiary of a trust, estate or other similar entity. If none, state "None."

NOTE: Each legal entity listed below may be required to submit an EDS on its own behalf.

Name	Business Address	Percentage Interest in the Applicant
Vanguard Group, Inc.	100 Vanguard Blvd, Malvern, PA	12.81% as of 6/30/19
BlackRock, Inc.	55 East 52 nd Street, New York, NY	8.24% as of 6/30/19

SECTION III -- INCOME OR COMPENSATION TO, OR OWNERSHIP BY, CITY ELECTED OFFICIALS

Has the Disclosing Party provided any income or compensation to any City elected official during the 12-month period preceding the date of this EDS? ☐ Yes ☒ No

Does the Disclosing Party reasonably expect to provide any income or compensation to any City elected official during the 12-month period following the date of this EDS? ☐ Yes ☒ No

If "yes" to either of the above, please identify below the name(s) of such City elected official(s) and describe such income or compensation:

Does any City elected official or, to the best of the Disclosing Party's knowledge after reasonable inquiry, any City elected official's spouse or domestic partner, have a financial interest (as defined in Chapter 2-156 of the Municipal Code of Chicago ("MCC")) in the Disclosing Party?

☐ Yes ☒ No

If "yes," please identify below the name(s) of such City elected official(s) and/or spouse(s)/domestic partner(s) and describe the financial interest(s).

SECTION IV -- DISCLOSURE OF SUBCONTRACTORS AND OTHER RETAINED PARTIES

The Disclosing Party must disclose the name and business address of each subcontractor, attorney, lobbyist (as defined in MCC Chapter 2-156), accountant, consultant and any other person or entity whom the Disclosing Party has retained or expects to retain in connection with the Matter, as well as the nature of the relationship, and the total amount of the fees paid or estimated to be paid. The Disclosing Party is not required to disclose employees who are paid solely through the Disclosing Party's regular payroll. If the Disclosing Party is uncertain whether a disclosure is required under this Section, the Disclosing Party must either ask the City whether disclosure is required or make the disclosure.

Name (indicate whether retained or anticipated to be retained)	Business Address	Relationship to Disclosing Party (subcontractor, attorney, lobbyist, etc.)	Fees (indicate whether paid or estimated.) NOTE: "hourly rate" or "t.b.d." is not an acceptable response.
--	------------------	--	---

N/A

(Add sheets if necessary)

[X] Check here if the Disclosing Party has not retained, nor expects to retain, any such persons or entities.

SECTION V -- CERTIFICATIONS

A. COURT-ORDERED CHILD SUPPORT COMPLIANCE

Under MCC Section 2-92-415, substantial owners of business entities that contract with the City must remain in compliance with their child support obligations throughout the contract's term.

Has any person who directly or indirectly owns 10% or more of the Disclosing Party been declared in arrearage on any child support obligations by any Illinois court of competent jurisdiction?

[] Yes [] No [X] No person directly or indirectly owns 10% or more of the Disclosing Party.

If "Yes," has the person entered into a court-approved agreement for payment of all support owed and is the person in compliance with that agreement?

[] Yes [] No

B. FURTHER CERTIFICATIONS

1. [This paragraph 1 applies only if the Matter is a contract being handled by the City's Department of Procurement Services.] In the 5-year period preceding the date of this EDS, neither the Disclosing Party nor any Affiliated Entity [see definition in (5) below] has engaged, in connection with the performance of any public contract, the services of an integrity monitor, independent private sector inspector general, or integrity compliance consultant (i.e., an individual or entity with legal, auditing, investigative, or other similar skills, designated by a public agency to help the agency monitor the activity of specified agency vendors as well as help the vendors reform their business practices so they can be considered for agency contracts in the future, or continue with a contract in progress).

2. The Disclosing Party and its Affiliated Entities are not delinquent in the payment of any fine, fee, tax or other source of indebtedness owed to the City of Chicago, including, but not limited to, water and sewer charges, license fees, parking tickets, property taxes and sales taxes, nor is the Disclosing Party delinquent in the payment of any tax administered by the Illinois Department of Revenue.

3. The Disclosing Party and, if the Disclosing Party is a legal entity, all of those persons or entities identified in Section II(B)(1) of this EDS:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from any transactions by any federal, state or local unit of government;
- b. have not, during the 5 years before the date of this EDS, been convicted of a criminal offense, adjudged guilty, or had a civil judgment rendered against them in connection with: obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; a violation of federal or state antitrust statutes; fraud; embezzlement; theft; forgery; bribery; falsification or destruction of records; making false statements; or receiving stolen property;
- c. are not presently indicted for, or criminally or civilly charged by, a governmental entity (federal, state or local) with committing any of the offenses set forth in subparagraph (b) above;
- d. have not, during the 5 years before the date of this EDS, had one or more public transactions (federal, state or local) terminated for cause or default; and
- e. have not, during the 5 years before the date of this EDS, been convicted, adjudged guilty, or found liable in a civil proceeding, or in any criminal or civil action, including actions concerning environmental violations, instituted by the City or by the federal government, any state, or any other unit of local government.

4. The Disclosing Party understands and shall comply with the applicable requirements of MCC Chapters 2-56 (Inspector General) and 2-156 (Governmental Ethics).

5. Certifications (5), (6) and (7) concern:

- the Disclosing Party;
- any "Contractor" (meaning any contractor or subcontractor used by the Disclosing Party in connection with the Matter, including but not limited to all persons or legal entities disclosed under Section IV, "Disclosure of Subcontractors and Other Retained Parties");
- any "Affiliated Entity" (meaning a person or entity that, directly or indirectly: controls the Disclosing Party, is controlled by the Disclosing Party, or is, with the Disclosing Party, under common control of another person or entity). Indicia of control include, without limitation: interlocking management or ownership; identity of interests among family members, shared facilities and equipment; common use of employees; or organization of a business entity following the ineligibility of a business entity to do business with federal or state or local government, including the City, using substantially the same management, ownership, or principals as the ineligible entity. With respect to Contractors, the term Affiliated Entity means a person or entity that directly or indirectly controls the Contractor, is controlled by it, or, with the Contractor, is under common control of another person or entity;
- any responsible official of the Disclosing Party, any Contractor or any Affiliated Entity or any other official, agent or employee of the Disclosing Party, any Contractor or any Affiliated Entity, acting pursuant to the direction or authorization of a responsible official of the Disclosing Party, any Contractor or any Affiliated Entity (collectively "Agents").

Neither the Disclosing Party, nor any Contractor, nor any Affiliated Entity of either the Disclosing Party or any Contractor, nor any Agents have, during the 5 years before the date of this EDS, or, with respect to a Contractor, an Affiliated Entity, or an Affiliated Entity of a Contractor during the 5 years before the date of such Contractor's or Affiliated Entity's contract or engagement in connection with the Matter:

- a. bribed or attempted to bribe, or been convicted or adjudged guilty of bribery or attempting to bribe, a public officer or employee of the City, the State of Illinois, or any agency of the federal government or of any state or local government in the United States of America, in that officer's or employee's official capacity;
 - b. agreed or colluded with other bidders or prospective bidders, or been a party to any such agreement, or been convicted or adjudged guilty of agreement or collusion among bidders or prospective bidders, in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or
 - c. made an admission of such conduct described in subparagraph (a) or (b) above that is a matter of record, but have not been prosecuted for such conduct; or
 - d. violated the provisions referenced in MCC Subsection 2-92-320(a)(4)(Contracts Requiring a Base Wage); (a)(5)(Debarment Regulations); or (a)(6)(Minimum Wage Ordinance).
6. Neither the Disclosing Party, nor any Affiliated Entity or Contractor, or any of their employees, officials, agents or partners, is barred from contracting with any unit of state or local government as a result of engaging in or being convicted of (1) bid-rigging in violation of 720 ILCS 5/33E-3; (2) bid-rotating in violation of 720 ILCS 5/33E-4; or (3) any similar offense of any state or of the United States of America that contains the same elements as the offense of bid-rigging or bid-rotating.
7. Neither the Disclosing Party nor any Affiliated Entity is listed on a Sanctions List maintained by the United States Department of Commerce, State, or Treasury, or any successor federal agency.
8. [FOR APPLICANT ONLY] (i) Neither the Applicant nor any "controlling person" [see MCC Chapter 1-23, Article I for applicability and defined terms] of the Applicant is currently indicted or charged with, or has admitted guilt of, or has ever been convicted of, or placed under supervision for, any criminal offense involving actual, attempted, or conspiracy to commit bribery, theft, fraud, forgery, perjury, dishonesty or deceit against an officer or employee of the City or any "sister agency"; and (ii) the Applicant understands and acknowledges that compliance with Article I is a continuing requirement for doing business with the City. NOTE: If MCC Chapter 1-23, Article I applies to the Applicant, that Article's permanent compliance timeframe supersedes 5-year compliance timeframes in this Section V.
9. [FOR APPLICANT ONLY] The Applicant and its Affiliated Entities will not use, nor permit their subcontractors to use, any facility listed as having an active exclusion by the U.S. EPA on the federal System for Award Management ("SAM").
10. [FOR APPLICANT ONLY] The Applicant will obtain from any contractors/subcontractors hired or to be hired in connection with the Matter certifications equal in form and substance to those in Certifications (2) and (9) above and will not, without the prior written consent of the City, use any such

contractor/subcontractor that does not provide such certifications or that the Applicant has reason to believe has not provided or cannot provide truthful certifications.

11. If the Disclosing Party is unable to certify to any of the above statements in this Part B (Further Certifications), the Disclosing Party must explain below:

NA

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

12. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all current employees of the Disclosing Party who were, at any time during the 12-month period preceding the date of this EDS, an employee, or elected or appointed official, of the City of Chicago (if none, indicate with "N/A" or "none").

NA

13. To the best of the Disclosing Party's knowledge after reasonable inquiry, the following is a complete list of all gifts that the Disclosing Party has given or caused to be given, at any time during the 12-month period preceding the execution date of this EDS, to an employee, or elected or appointed official, of the City of Chicago. For purposes of this statement, a "gift" does not include: (i) anything made generally available to City employees or to the general public, or (ii) food or drink provided in the course of official City business and having a retail value of less than \$25 per recipient, or (iii) a political contribution otherwise duly reported as required by law (if none, indicate with "N/A" or "none"). As to any gift listed below, please also list the name of the City recipient.

N/A

C. CERTIFICATION OF STATUS AS FINANCIAL INSTITUTION

1. The Disclosing Party certifies that the Disclosing Party (check one)
[X] is [] is not

a "financial institution" as defined in MCC Section 2-32-455(b).

2. If the Disclosing Party IS a financial institution, then the Disclosing Party pledges:

"We are not and will not become a predatory lender as defined in MCC Chapter 2-32. We further pledge that none of our affiliates is, and none of them will become, a predatory lender as defined in MCC Chapter 2-32. We understand that becoming a predatory lender or becoming an affiliate of a predatory lender may result in the loss of the privilege of doing business with the City."

If the Disclosing Party is unable to make this pledge because it or any of its affiliates (as defined in MCC Section 2-32-455(b)) is a predatory lender within the meaning of MCC Chapter 2-32, explain here (attach additional pages if necessary):

NA

If the letters "NA," the word "None," or no response appears on the lines above, it will be conclusively presumed that the Disclosing Party certified to the above statements.

D. CERTIFICATION REGARDING FINANCIAL INTEREST IN CITY BUSINESS

Any words or terms defined in MCC Chapter 2-156 have the same meanings if used in this Part D.

1. In accordance with MCC Section 2-156-110: To the best of the Disclosing Party's knowledge after reasonable inquiry, does any official or employee of the City have a financial interest in his or her own name or in the name of any other person or entity in the Matter?

☐ Yes

☒ No

NOTE: If you checked "Yes" to Item D(1), proceed to Items D(2) and D(3). If you checked "No" to Item D(1), skip Items D(2) and D(3) and proceed to Part E.

2. Unless sold pursuant to a process of competitive bidding, or otherwise permitted, no City elected official or employee shall have a financial interest in his or her own name or in the name of any other person or entity in the purchase of any property that (i) belongs to the City, or (ii) is sold for taxes or assessments, or (iii) is sold by virtue of legal process at the suit of the City (collectively, "City Property Sale"). Compensation for property taken pursuant to the City's eminent domain power does not constitute a financial interest within the meaning of this Part D.

Does the Matter involve a City Property Sale?

☐ Yes

☐ No

3. If you checked "Yes" to Item D(1), provide the names and business addresses of the City officials or employees having such financial interest and identify the nature of the financial interest:

Name

Business Address

Nature of Financial Interest

4. The Disclosing Party further certifies that no prohibited financial interest in the Matter will be acquired by any City official or employee.

E. CERTIFICATION REGARDING SLAVERY ERA BUSINESS

Please check either (1) or (2) below. If the Disclosing Party checks (2), the Disclosing Party must disclose below or in an attachment to this EDS all information required by (2). Failure to comply with these disclosure requirements may make any contract entered into with the City in connection with the Matter voidable by the City.

X1. The Disclosing Party verifies that the Disclosing Party has searched any and all records of the Disclosing Party and any and all predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era (including insurance policies issued to slaveholders that provided coverage for damage to or injury or death of their slaves), and the Disclosing Party has found no such records.

___ 2. The Disclosing Party verifies that, as a result of conducting the search in step (1) above, the Disclosing Party has found records of investments or profits from slavery or slaveholder insurance policies. The Disclosing Party verifies that the following constitutes full disclosure of all such records, including the names of any and all slaves or slaveholders described in those records:

SECTION VI -- CERTIFICATIONS FOR FEDERALLY FUNDED MATTERS

NOTE: If the Matter is federally funded, complete this Section VI. If the Matter is not federally funded, proceed to Section VII. For purposes of this Section VI, tax credits allocated by the City and proceeds of debt obligations of the City are not federal funding.

A. CERTIFICATION REGARDING LOBBYING

1. List below the names of all persons or entities registered under the federal Lobbying Disclosure Act of 1995, as amended, who have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter: (Add sheets if necessary):

NA

(If no explanation appears or begins on the lines above, or if the letters "NA" or if the word "None" appear, it will be conclusively presumed that the Disclosing Party means that NO persons or entities registered under the Lobbying Disclosure Act of 1995, as amended, have made lobbying contacts on behalf of the Disclosing Party with respect to the Matter.)

2. The Disclosing Party has not spent and will not expend any federally appropriated funds to pay any person or entity listed in paragraph A(1) above for his or her lobbying activities or to pay any person or entity to influence or attempt to influence an officer or employee of any agency, as defined by applicable federal law, a member of Congress, an officer or employee of Congress, or an employee

of a member of Congress, in connection with the award of any federally funded contract, making any federally funded grant or loan, entering into any cooperative agreement, or to extend, continue, renew, amend, or modify any federally funded contract, grant, loan, or cooperative agreement.

3. The Disclosing Party will submit an updated certification at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the statements and information set forth in paragraphs A(1) and A(2) above.

4. The Disclosing Party certifies that either: (i) it is not an organization described in section 501(c)(4) of the Internal Revenue Code of 1986; or (ii) it is an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 but has not engaged and will not engage in "Lobbying Activities," as that term is defined in the Lobbying Disclosure Act of 1995, as amended.

5. If the Disclosing Party is the Applicant, the Disclosing Party must obtain certifications equal in form and substance to paragraphs A(1) through A(4) above from all subcontractors before it awards any subcontract and the Disclosing Party must maintain all such subcontractors' certifications for the duration of the Matter and must make such certifications promptly available to the City upon request.

B. CERTIFICATION REGARDING EQUAL EMPLOYMENT OPPORTUNITY

If the Matter is federally funded, federal regulations require the Applicant and all proposed subcontractors to submit the following information with their bids or in writing at the outset of negotiations.

Is the Disclosing Party the Applicant?

☒ Yes

☐ No

If Yes, answer the three questions below:

1. Have you developed and do you have on file affirmative action programs pursuant to applicable federal regulations? (See 41 CFR Part 60-2.)

☒ Yes

☐ No

2. Have you filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance Programs, or the Equal Employment Opportunity Commission all reports due under the applicable filing requirements?

☒ Yes

☐ No

☐ Reports not required

3. Have you participated in any previous contracts or subcontracts subject to the equal opportunity clause?

☒ Yes

☐ No

If you checked "No" to question (1) or (2) above, please provide an explanation:

SECTION VII -- FURTHER ACKNOWLEDGMENTS AND CERTIFICATION

The Disclosing Party understands and agrees that:

A. The certifications, disclosures, and acknowledgments contained in this EDS will become part of any contract or other agreement between the Applicant and the City in connection with the Matter, whether procurement, City assistance, or other City action, and are material inducements to the City's execution of any contract or taking other action with respect to the Matter. The Disclosing Party understands that it must comply with all statutes, ordinances, and regulations on which this EDS is based.

B. The City's Governmental Ethics Ordinance, MCC Chapter 2-156, imposes certain duties and obligations on persons or entities seeking City contracts, work, business, or transactions. The full text of this ordinance and a training program is available on line at www.cityofchicago.org/Ethics, and may also be obtained from the City's Board of Ethics, 740 N. Sedgwick St., Suite 500, Chicago, IL 60610, (312) 744-9660. The Disclosing Party must comply fully with this ordinance.

C. If the City determines that any information provided in this EDS is false, incomplete or inaccurate, any contract or other agreement in connection with which it is submitted may be rescinded or be void or voidable, and the City may pursue any remedies under the contract or agreement (if not rescinded or void), at law, or in equity, including terminating the Disclosing Party's participation in the Matter and/or declining to allow the Disclosing Party to participate in other City transactions. Remedies at law for a false statement of material fact may include incarceration and an award to the City of treble damages.

D. It is the City's policy to make this document available to the public on its Internet site and/or upon request. Some or all of the information provided in, and appended to, this EDS may be made publicly available on the Internet, in response to a Freedom of Information Act request, or otherwise. By completing and signing this EDS, the Disclosing Party waives and releases any possible rights or claims which it may have against the City in connection with the public release of information contained in this EDS and also authorizes the City to verify the accuracy of any information submitted in this EDS.

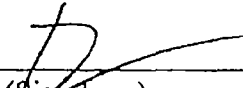

E. The information provided in this EDS must be kept current. In the event of changes, the Disclosing Party must supplement this EDS up to the time the City takes action on the Matter. If the Matter is a contract being handled by the City's Department of Procurement Services, the Disclosing Party must update this EDS as the contract requires. **NOTE:** With respect to Matters subject to MCC Chapter 1-23, Article I (imposing **PERMANENT INELIGIBILITY** for certain specified offenses), the information provided herein regarding eligibility must be kept current for a longer period, as required by MCC Chapter 1-23 and Section 2-154-020.

CERTIFICATION

Under penalty of perjury, the person signing below: (1) warrants that he/she is authorized to execute this EDS, and all applicable Appendices, on behalf of the Disclosing Party, and (2) warrants that all certifications and statements contained in this EDS, and all applicable Appendices, are true, accurate and complete as of the date furnished to the City.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX A**

**FAMILIAL RELATIONSHIPS WITH ELECTED CITY OFFICIALS
AND DEPARTMENT HEADS**

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5%. It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

Under MCC Section 2-154-015, the Disclosing Party must disclose whether such Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently has a "familial relationship" with any elected city official or department head. A "familial relationship" exists if, as of the date this EDS is signed, the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof is related to the mayor, any alderman, the city clerk, the city treasurer or any city department head as spouse or domestic partner or as any of the following, whether by blood or adoption: parent, child, brother or sister, aunt or uncle, niece or nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather or stepmother, stepson or stepdaughter, stepbrother or stepsister or half-brother or half-sister.

"Applicable Party" means (1) all executive officers of the Disclosing Party listed in Section II.B.1.a., if the Disclosing Party is a corporation; all partners of the Disclosing Party, if the Disclosing Party is a general partnership; all general partners and limited partners of the Disclosing Party, if the Disclosing Party is a limited partnership; all managers, managing members and members of the Disclosing Party, if the Disclosing Party is a limited liability company; (2) all principal officers of the Disclosing Party; and (3) any person having more than a 7.5% ownership interest in the Disclosing Party. "Principal officers" means the president, chief operating officer, executive director, chief financial officer, treasurer or secretary of a legal entity or any person exercising similar authority.

Does the Disclosing Party or any "Applicable Party" or any Spouse or Domestic Partner thereof currently have a "familial relationship" with an elected city official or department head?

☐ Yes

☒ No

If yes, please identify below (1) the name and title of such person, (2) the name of the legal entity to which such person is connected; (3) the name and title of the elected city official or department head to whom such person has a familial relationship, and (4) the precise nature of such familial relationship.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX B**

BUILDING CODE SCOFFLAW/PROBLEM LANDLORD CERTIFICATION

This Appendix is to be completed only by (a) the Applicant, and (b) any legal entity which has a direct ownership interest in the Applicant exceeding 7.5% (an "Owner"). It is not to be completed by any legal entity which has only an indirect ownership interest in the Applicant.

1. Pursuant to MCC Section 2-154-010, is the Applicant or any Owner identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

2. If the Applicant is a legal entity publicly traded on any exchange, is any officer or director of the Applicant identified as a building code scofflaw or problem landlord pursuant to MCC Section 2-92-416?

☐ Yes

☒ No

☐ The Applicant is not publicly traded on any exchange.

3. If yes to (1) or (2) above, please identify below the name of each person or legal entity identified as a building code scofflaw or problem landlord and the address of each building or buildings to which the pertinent code violations apply.

**CITY OF CHICAGO
ECONOMIC DISCLOSURE STATEMENT AND AFFIDAVIT
APPENDIX C**

PROHIBITION ON WAGE & SALARY HISTORY SCREENING - CERTIFICATION

This Appendix is to be completed only by an Applicant that is completing this EDS as a “contractor” as defined in MCC Section 2-92-385. That section, which should be consulted (www.amlegal.com), generally covers a party to any agreement pursuant to which they: (i) receive City of Chicago funds in consideration for services, work or goods provided (including for legal or other professional services), or (ii) pay the City money for a license, grant or concession allowing them to conduct a business on City premises.

On behalf of an Applicant that is a contractor pursuant to MCC Section 2-92-385, I hereby certify that the Applicant is in compliance with MCC Section 2-92-385(b)(1) and (2), which prohibit: (i) screening job applicants based on their wage or salary history, or (ii) seeking job applicants’ wage or salary history from current or former employers. I also certify that the Applicant has adopted a policy that includes those prohibitions.

☐ Yes

☐ No

☒ N/A – I am not an Applicant that is a “contractor” as defined in MCC Section 2-92-385.

This certification shall serve as the affidavit required by MCC Section 2-92-385(c)(1).

If you checked “no” to the above, please explain.

Steven D. Stephens	Executive Vice President
Randy R. Stewart	Executive Vice President
Mark R. Young	Executive Vice President

**SECRETARY'S CERTIFICATE
(INCUMBENCY)**

I, Rena A. Miller, do hereby certify that I am the duly appointed Assistant Secretary of Zions Bancorporation, National Association, a national banking association organized and existing under the laws of the United States (the "Association"), and that the following is a true and correct copy of Section 10.3 of the Bylaws of the Association, and has not been amended, altered or repealed, and remains in full force and effect on the date hereof:

10.3 Execution of Instruments. All agreements, indentures, mortgages, deeds, conveyances, transfers, certificates, declarations, receipts, discharges, releases, satisfactions, settlements, petitions, schedules, accounts, affidavits, bonds, undertakings, proxies and other instruments or documents (collectively, "instruments") may be signed, executed, acknowledged, verified, delivered or accepted in behalf of the Association by the chairperson, or the Chief Executive Officer, or any vice president (however designated), or any other officer who holds a position that is senior to a vice president (however designated), or the secretary or any assistant secretary, or if in connection with the exercise of fiduciary powers of the Association, by any of said officers or by any Trust Officer. Any such instruments may also be executed, acknowledged, verified, delivered or accepted in behalf of the Association in such other manner and by such other officers or individuals as the board of directors or its authorized delegate may from time to time direct. The provisions of this Section 10.3 are supplementary to any other provisions of these Bylaws.

I also certify that the following individuals are duly appointed officers of the Association, with authority to execute instruments related to the Association's Zions Bank division pursuant to the Bylaws:

Richard J. Sullivan, III - EVP & Director of Corporate Trust
Allison Darnall - Vice President & Trust Officer
Anna McCully - Vice President & Trust Officer
Annette Langheinrich - Vice President
April Holland - Trust Officer
Arla K. Scott - Vice President & Trust Officer
Ashley Reed - Asst. Vice President & Trust Officer
Carisa Dillinger - Asst. Vice President & Trust Officer
Carl J. Mathis - Vice President & Trust Officer
Carrie Sandoval - Trust Officer
Charmaine Hunter - Asst. Vice President & Trust Officer
Dan Ellison - Vice President & Trust Officer
Daniel J. Dixon - Senior Vice President & Trust Officer
Daryl Pomykala - Vice President & Trust Officer
David W. Bata - Senior Vice President & Trust Officer
Eric Mitzel - Vice President & Trust Officer
Fabiola Fernandes - Trust Officer
Francis (Frank) Lamb - Vice President
Gregory G. Cross - Vice President & Trust Officer
Jacqueline Nowak - Vice President & Trust Officer
Joni D'Amico - Senior Vice President & Trust Officer
Joseph Dailey - Trust Officer
Kheang Tan - Asst. Vice President & Trust Officer
Linda Anderson - Trust Officer
Lorrie Letchworth - Trust Officer

BlackRock, Inc.
Notes to the Condensed Consolidated Financial Statements
(unaudited)

1. Business Overview

BlackRock, Inc. (together, with its subsidiaries, unless the context otherwise indicates, "BlackRock" or the "Company") is a leading publicly traded investment management firm providing a broad range of investment and technology services to institutional and retail clients worldwide.

BlackRock's diverse platform of alpha-seeking active, index and cash management investment strategies across asset classes enables the Company to tailor investment outcomes and asset allocation solutions for clients. Product offerings include single- and multi-asset portfolios investing in equities, fixed income, alternatives and money market instruments. Products are offered directly and through intermediaries in a variety of vehicles, including open-end and closed-end mutual funds, iShares® exchange-traded funds ("ETFs"), separate accounts, collective investment trusts and other pooled investment vehicles. BlackRock also offers technology services, including the investment and risk management technology platform, Aladdin®, Aladdin Wealth, eFront, Cachematrix and FutureAdvisor, as well as advisory services and solutions to a broad base of institutional and wealth management clients.

At September 30, 2019, The PNC Financial Services Group, Inc. ("PNC") held 22.0% of the Company's voting common stock and 22.4% of the Company's capital stock, which includes outstanding common and nonvoting preferred stock.

2. Significant Accounting Policies

Basis of Presentation

These condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") and include the accounts of the Company and its controlled subsidiaries. Noncontrolling interests ("NCI") on the condensed consolidated statements of financial condition represents the portion of consolidated sponsored investment funds in which the Company does not have direct equity ownership. Accounts and transactions between consolidated entities have been eliminated.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting periods. Actual results could differ from those estimates.

Certain financial information that normally is included in annual financial statements, including certain financial statement footnotes, is not required for interim reporting purposes and has been condensed or omitted herein. These condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes related thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018, which was filed with the Securities and Exchange Commission ("SEC") on February 28, 2019 ("2018 Form 10-K").

The interim financial information at September 30, 2019 and for the three and nine months ended September 30, 2019 and 2018 is unaudited. However, in the opinion of management, the interim information includes all normal recurring adjustments necessary for the fair presentation of the Company's results for the periods presented. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year.

Certain prior period presentations and disclosures were reclassified to ensure comparability with current period classifications.

Accounting Pronouncements Adopted in the Nine Months Ended September 30, 2019

Leases. In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-02, *Leases*, and several amendments (collectively, "ASU 2016-02"), which requires lessees to recognize assets and liabilities arising from most operating leases on the condensed consolidated statements of financial condition.

The Company adopted ASU 2016-02 on its effective date of January 1, 2019 on a modified retrospective basis and elected not to apply ASU 2016-02 to the comparative periods presented. Under this transition method, any cumulative effect adjustment is recognized in the opening balance of retained earnings in the period of adoption. The Company elected the package of practical expedients to alleviate certain operational complexities related to the adoption, which among other things, allowed the Company to carry forward the existing lease classification. The Company elected to account for lease and non-lease components as a single component for its leases. The Company also elected the short-term lease practical expedient. Consequently, leases with an initial term of 12 months or less are not recorded on the condensed consolidated statement of financial condition. Upon adoption of ASU 2016-02, the Company recorded a net increase of approximately \$0.7 billion in its assets and liabilities related to the right-of-use ("ROU") asset and lease liability for its operating leases. The adoption of ASU 2016-02 did not have a material impact on the condensed consolidated statement of income or cash flows. See Note 10, *Leases*, for more information.

Fair Value Measurements

Hierarchy of Fair Value Inputs The Company uses a fair value hierarchy that prioritizes inputs to valuation approaches used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. Assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs:

Quoted prices (unadjusted) in active markets for identical assets or liabilities at the reporting date

- Level 1 assets may include listed mutual funds, ETFs, listed equities and certain exchange-traded derivatives.

Level 2 Inputs:

Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities that are not active, quotes from pricing services or brokers for which the Company can determine that orderly transactions took place at the quoted price or that the inputs used to arrive at the price are observable, and inputs other than quoted prices that are observable, such as models or other valuation methodologies

- Level 2 assets may include debt securities, investments in collateralized loan obligations ("CLOs"), bank loans, short-term floating-rate notes, asset-backed securities, securities held within consolidated hedge funds, restricted public securities valued at a discount, as well as over-the-counter derivatives, including interest and inflation rate swaps and foreign currency exchange contracts that have inputs to the valuations that generally can be corroborated by observable market data.

Level 3 Inputs:

Unobservable inputs for the valuation of the asset or liability, which may include nonbinding broker quotes. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation

- Level 3 assets may include direct private equity investments held within consolidated funds, investments in CLOs and bank loans of consolidated CLOs.
- Level 3 liabilities include contingent liabilities related to acquisitions valued based upon discounted cash flow analyses using unobservable market data and borrowings of consolidated CLOs

Significance of Inputs. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument.

Valuation Approaches The fair values of certain Level 3 assets and liabilities were determined using various valuation approaches as appropriate, including third-party pricing vendors, broker quotes and market and income approaches

A significant number of inputs used to value equity, debt securities, investments in CLOs and bank loans is sourced from third-party pricing vendors. Generally, prices obtained from pricing vendors are categorized as Level 1 inputs for identical securities traded in active markets and as Level 2 for other similar securities if the vendor uses observable inputs in determining the price.

In addition, quotes obtained from brokers generally are nonbinding and categorized as Level 3 inputs. However, if the Company is able to determine that market participants have transacted for the asset in an orderly manner near the quoted price or if the Company can determine that the inputs used by the broker are observable, the quote is classified as a Level 2 input.

Investments Measured at Net Asset Values. As a practical expedient, the Company uses net asset value ("NAV") as the fair value for certain investments. The inputs to value these investments may include the Company's capital accounts for its partnership interests in various alternative investments, including hedge funds, real assets and private equity funds, which may be adjusted by using the returns of certain market indices. The various partnerships generally are investment companies, which record their underlying investments at fair value based on fair value policies established by management of the underlying fund. Fair value policies at the underlying fund generally require the fund to utilize pricing/valuation information from third-party sources, including independent appraisals. However, in some instances, current valuation information for illiquid securities or securities in markets that are not active may not be available from any third-party source or fund management may conclude that the valuations that are available from third-party sources are not reliable. In these instances, fund management may perform model-based analytical valuations that could be used as an input to value these investments.

Fair Value of Assets and Liabilities of Consolidated CLO The Company applies the fair value option provisions for eligible assets, including bank loans, held by a consolidated CLO. As the fair value of the financial assets of the consolidated CLO is more observable than the fair value of the borrowings of the consolidated CLO, the Company measures the fair value of the borrowings of the consolidated CLO as the fair value of the assets of the consolidated CLO less the fair value of the Company's economic interest in the CLO.

Derivatives and Hedging Activities The Company does not use derivative financial instruments for trading or speculative purposes. The Company uses derivative financial instruments primarily for purposes of hedging exposures to fluctuations in foreign currency exchange rates of certain assets and liabilities, and market exposures for certain seed investments. However, certain consolidated sponsored investment funds may also utilize derivatives as a part of their investment strategy.

Changes in the fair value of the Company's derivative financial instruments are recognized in earnings and, where applicable, are offset by the corresponding gain or loss on the related foreign-denominated assets or liabilities or hedged investments, on the condensed consolidated statements of income.

The Company may also use financial instruments designated as net investment hedges for accounting purposes to hedge net investments in international subsidiaries whose functional currency is not US dollars. The gain or loss from revaluing accounting hedges of net investments in foreign operations at the spot rate is deferred and reported within accumulated other comprehensive income (loss) on the condensed consolidated statements of financial condition. Amounts excluded from the effectiveness assessment are reported in the condensed consolidated statements of income using a systematic and rational method. The Company reassesses the effectiveness of its net investment hedges at least quarterly.

Leases The Company determines if a contract is a lease or contains a lease at inception. The Company accounts for its office facility leases as operating leases, which may include escalation clauses that are based on an index or market rate. The Company accounts for lease and non-lease components as a single component for its leases. The Company elected the short-term lease exception for leases with an initial term of 12 months or less. Consequently, such leases are not recorded on the condensed consolidated statement of financial condition. The Company's lease terms include options to extend or terminate the lease when it is reasonably certain they will be exercised or not, respectively.

Fixed lease payments are included in ROU assets and lease liabilities within other assets and other liabilities, respectively, on the condensed consolidated statement of financial condition. ROU assets and lease liabilities are recognized based on the present value of the future lease payments over the lease term at the commencement date using the Company's incremental borrowing rate as the discount rate. Fixed lease payments made over the lease term are recorded as lease expense on a straight-line basis. Variable lease payments based on usage, changes in an index or market rate are expensed as incurred.

Upon adoption of ASU 2016-02, for existing leases, the Company elected to determine the discount rate based on the remaining lease term as of January 1, 2019 and for lease payments based on an index or rate to apply the rate at commencement date. For new leases, the discount rates are based on the entire noncancelable lease term.

Separate Account Assets and Liabilities. Separate account assets are maintained by BlackRock Life Limited, a wholly owned subsidiary of the Company, which is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The life insurance company does not underwrite any insurance contracts that involve any insurance risk transfer from the insured to the life insurance company. The separate account assets primarily include equity securities, debt securities, money market funds and derivatives. The separate account assets are not subject to general claims of the creditors of BlackRock. These separate account assets and the related equal and offsetting liabilities are recorded as separate account assets and separate account liabilities on the condensed consolidated statements of financial condition.

The net investment income attributable to separate account assets supporting individual and group pension contracts accrues directly to the contract owner and is not reported on the condensed consolidated statements of income. While BlackRock has no economic interest in these separate account assets and liabilities, BlackRock earns policy administration and management fees associated with these products, which are included in investment advisory, administration fees and securities lending revenue on the condensed consolidated statements of income.

Separate Account Collateral Assets Held and Liabilities Under Securities Lending Agreements. The Company facilitates securities lending arrangements whereby securities held by separate accounts maintained by BlackRock Life Limited are lent to third parties under global master securities lending agreements. In exchange, the Company receives legal title to the collateral with minimum values generally ranging from approximately 102% to 112% of the value of the securities lent in order to reduce counterparty risk. The required collateral value is calculated on a daily basis. The global master securities lending agreements provide the Company the right to request additional collateral or, in the event of borrower default, the right to liquidate collateral. The securities lending transactions entered into by the Company are accompanied by an agreement that entitles the Company to request the borrower to return the securities at any time, therefore, these transactions are not reported as sales.

The Company records on the condensed consolidated statements of financial condition the cash and noncash collateral received under these BlackRock Life Limited securities lending arrangements as its own asset in addition to an equal and offsetting collateral liability for the obligation to return the collateral. The securities lending revenue earned from lending securities held by the separate accounts is included in investment advisory, administration fees and securities lending revenue on the condensed consolidated statements of income. During the nine months ended September 30, 2019 and 2018, the Company had not resold or repledged any of the collateral received under these arrangements. At September 30, 2019 and December 31, 2018, the fair value of loaned securities held by separate accounts was approximately \$17.5 billion and \$18.9 billion, respectively, and the fair value of the collateral held under these securities lending agreements was approximately \$18.7 billion and \$20.7 billion, respectively.

3. Acquisition

On May 10, 2019, the Company acquired 100% of the equity interests of eFront Holding SAS ("eFront Transaction" or "eFront"), a leading alternative investment management software and solutions provider for approximately \$1.3 billion, excluding the settlement of eFront's outstanding debt. The acquisition of eFront expands Aladdin's illiquid alternative capabilities and enables BlackRock to provide individual alternative or whole-portfolio technology solutions to clients.

The purchase price was funded through a combination of existing cash and issuance of commercial paper (subsequently repaid with existing cash) and long-term notes in April 2019. See Note 13, *Borrowings*, for information on the debt issuance in April 2019.

The purchase price for the eFront Transaction was allocated to the assets acquired and liabilities assumed based upon their estimated fair values at the date of the transaction. The goodwill recognized in connection with the acquisition is non-deductible for tax purposes and is primarily attributable to anticipated synergies from the transaction.

During the three months ended September 30, 2019, the amounts of goodwill, finite-lived intangible assets and deferred income tax liabilities were retrospectively adjusted to reflect new information obtained about facts that existed as of May 10, 2019, the eFront acquisition date. There was no material change to the condensed consolidated statements of income for the three and nine months ended September 30, 2019 as a result of these adjustments. A summary of the initial and revised fair values of the assets acquired and liabilities assumed in this acquisition is as follows⁽¹⁾

(in millions)	Initial Estimate of Fair Value	Revised Estimate of Fair Value
Accounts receivable	\$ 65	\$ 65
Finite-lived intangible assets:		
Customer relationships ⁽²⁾	452	410
Technology-related ⁽³⁾	205	203
Trade name ⁽⁴⁾	21	13
Goodwill	990	1,031
Other assets	31	31
Deferred income tax liabilities	(194)	(183)
Other liabilities assumed	(64)	(70)
Total consideration, net of cash acquired	<u>\$ 1,506</u>	<u>\$ 1,500</u>
Summary of consideration, net of cash acquired		
Cash paid including settlement of outstanding debt of approximately \$0.2 billion	\$ 1,555	\$ 1,555
Cash acquired	(49)	(55)
Total consideration, net of cash acquired	<u>\$ 1,506</u>	<u>\$ 1,500</u>

⁽¹⁾ At this time, the Company does not expect additional material changes to the value of the assets acquired or liabilities assumed in conjunction with the transaction with the exception of intangible assets, deferred income tax liabilities and other liabilities, which were valued using preliminary assumptions.

⁽²⁾ The fair value was determined based on the excess earnings method (a Level 3 input), has a weighted-average estimated useful life of approximately 10 years and is amortized using the accelerated amortization method.

⁽³⁾ The fair value was determined based upon a relief from royalty method (a Level 3 input), has a weighted-average estimated useful life of approximately eight years and is amortized using the accelerated amortization method.

⁽⁴⁾ The fair value was determined using a relief from royalty method (a Level 3 input), has an estimated useful life of approximately four years and is amortized using the accelerated amortization method.

Finite-lived intangible assets are amortized over their estimated useful lives, which range from four to 10 years. Amortization expense related to the finite-lived intangible assets was \$14 million and \$24 million, respectively, for the three and nine months ended September 30, 2019. The finite-lived intangible assets had a weighted-average remaining useful life of approximately nine years with remaining amortization expense as follows:

(in millions)	Amount
Year	
2019 (excluding the nine months ended September 30, 2019)	\$ 14
2020	62
2021	65
2022	69
2023	71
Thereafter	321
Total	<u>\$ 602</u>

For the three and nine months ended September 30, 2019, eFront contributed \$37 million and \$59 million, respectively, of revenue and did not have a material impact to net income attributable to BlackRock, Inc. Consequently, the Company has not presented pro forma combined results of operations for this acquisition.

4. Cash, Cash Equivalents and Restricted Cash

The following table provides a reconciliation of cash and cash equivalents reported within the condensed consolidated statements of financial condition to the cash, cash equivalents, and restricted cash reported within the condensed consolidated statements of cash flows

<i>(in millions)</i>	September 30, 2019	December 31, 2018
Cash and cash equivalents	\$ 4,476	\$ 6,302
Cash and cash equivalents of consolidated VIEs	131	186
Restricted cash included in other assets	17	17
Total cash, cash equivalents and restricted cash	<u>\$ 4,624</u>	<u>\$ 6,505</u>

5. Investments

A summary of the carrying value of total investments is as follows

<i>(in millions)</i>	September 30, 2019	December 31, 2018
Debt securities		
Held-to-maturity investments	\$ 212	\$ 188
Trading securities (debt securities of consolidated sponsored investment funds of \$169 and \$233 at September 30, 2019 and December 31, 2018, respectively)	210	265
Total debt securities	422	453
Equity securities at FVTNI ⁽¹⁾ (equity securities of consolidated sponsored investment funds of \$334 and \$291 at September 30, 2019 and December 31, 2018, respectively)	543	452
Equity method investments ⁽²⁾	930	781
Federal Reserve Bank stock ⁽³⁾	93	92
Carried interest ⁽⁴⁾	16	18
Other investments ⁽⁵⁾	113	—
Total investments	<u>\$ 2,117</u>	<u>\$ 1,796</u>

⁽¹⁾ Fair value recorded through net income ("FVTNI")

⁽²⁾ Equity method investments primarily include BlackRock's direct investments in BlackRock sponsored investment funds

⁽³⁾ At September 30, 2019 and December 31, 2018, there were no indicators of impairment of Federal Reserve Bank stock, which is held for regulatory purposes and is restricted from sale

⁽⁴⁾ Carried interest of consolidated sponsored investment funds accounted for as voting rights entities ("VREs") represents allocations to BlackRock's general partner capital accounts from certain funds. These balances are subject to change upon cash distributions, additional allocations or reallocations back to limited partners within the respective funds

⁽⁵⁾ Other investments include BlackRock's investments in nonmarketable equity securities, which are measured at cost, adjusted for observable price changes. See Note 2, *Significant Accounting Policies*, in the 2018 Form 10-K for more information on investments in nonmarketable equity securities

Held-to-Maturity Investments

The carrying value of held-to-maturity investments was \$212 million and \$188 million at September 30, 2019 and December 31, 2018, respectively. Held-to-maturity investments included foreign government debt held primarily for regulatory purposes and certain investments in CLOs. The amortized cost (carrying value) of these investments approximated fair value (primarily a Level 2 input). At September 30, 2019, \$68 million of these investments mature between five to ten years and \$144 million mature after ten years.

Equity and Trading Debt Securities

A summary of the cost and carrying value of equity and trading debt securities is as follows

(in millions)	September 30, 2019		December 31, 2018	
	Cost	Carrying Value	Cost	Carrying Value
Trading debt securities				
Corporate debt	\$ 125	\$ 126	\$ 144	\$ 140
Government debt	36	35	69	67
Asset/mortgage-backed debt	47	49	67	58
Total trading debt securities	<u>\$ 208</u>	<u>\$ 210</u>	<u>\$ 280</u>	<u>\$ 265</u>
Equity securities at FVTNI				
Deferred compensation plan mutual funds	\$ 6	\$ 22	\$ 21	\$ 34
Equity securities/multi-asset mutual funds	476	521	420	418
Total equity securities at FVTNI	<u>\$ 482</u>	<u>\$ 543</u>	<u>\$ 441</u>	<u>\$ 452</u>

PennyMac

In addition, the Company accounts for its interest in PennyMac Financial Services, Inc. ("PennyMac") as an equity method investment. At September 30, 2019 and December 31, 2018, the Company's investment in PennyMac is included in other assets on the condensed consolidated statements of financial condition. The carrying value and market value of the Company's interest (approximately 20% or 16 million shares) were approximately \$434 million and \$473 million, respectively, at September 30, 2019 and approximately \$397 million and \$331 million, respectively, at December 31, 2018. The market value of the Company's interest reflected the PennyMac stock price at September 30, 2019 and December 31, 2018, respectively (a Level 1 input).

6. Consolidated Voting Rights Entities

The Company consolidates certain sponsored investment funds accounted for as VREs because it is deemed to control such funds. The following table presents the amounts related to these consolidated VREs that were recorded on the condensed consolidated statements of financial condition, including BlackRock's net interest in these funds.

(in millions)	September 30, 2019	December 31, 2018
Cash and cash equivalents	\$ 11	\$ 59
Investments		
Trading debt securities	169	233
Equity securities at FVTNI	334	291
Total investments	503	524
Other assets	7	8
Other liabilities	(11)	(53)
NCI	(52)	(90)
BlackRock's net interests in consolidated VREs	<u>\$ 458</u>	<u>\$ 448</u>

BlackRock's total exposure to consolidated VREs represents the value of its economic ownership interest in these sponsored investment funds. Valuation changes associated with investments held at fair value by these consolidated VREs are reflected in nonoperating income (expense) and partially offset in net income (loss) attributable to noncontrolling interests for the portion not attributable to BlackRock.

The Company cannot readily access cash and cash equivalents held by consolidated VREs to use in its operating activities.

7. Variable Interest Entities

In the normal course of business, the Company is the manager of various types of sponsored investment vehicles, which may be considered variable interest entities ("VIEs"). The Company may from time to time own equity or debt securities or enter into derivatives with the vehicles, each of which are considered variable interests. The Company's involvement in financing the operations of the VIEs is generally limited to its investments in the entity. The Company consolidates entities when it is determined to be the primary beneficiary ("PB").

Consolidated VIEs. The Company's consolidated VIEs include certain sponsored investment products in which BlackRock has an investment and as the investment manager is deemed to have both the power to direct the most significant activities of the products and the right to receive benefits (or the obligation to absorb losses) that could potentially be significant to these sponsored investment products. The assets of these VIEs are not available to creditors of the Company. In addition, the investors in these VIEs have no recourse to the credit of the Company.

Consolidated VIE assets and liabilities are presented after intercompany eliminations in the following table.

<i>(in millions)</i>	September 30, 2019	December 31, 2018
Assets of consolidated VIEs		
Cash and cash equivalents	\$ 131	\$ 186
Investments		
Trading debt securities	1,120	1,395
Equity securities at FVTNI	971	569
Bank loans	183	84
Other investments	182	263
Carried interest	442	369
Total investments	2,898	2,680
Other assets	54	876
Total assets of consolidated VIEs	3,083	3,742
Liabilities of consolidated VIEs		
Borrowings	(186)	(84)
Other liabilities	(530)	(1,290)
NCI	(1,145)	(1,076)
BlackRock's net interests in consolidated VIEs	<u>\$ 1,222</u>	<u>\$ 1,292</u>

Net gain (loss) related to consolidated VIEs is presented in the following table:

<i>(in millions)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Nonoperating net gain (loss) on consolidated VIEs	\$ (5)	\$ (9)	\$ 128	\$ (21)
Net income (loss) attributable to NCI on consolidated VIEs	\$ —	\$ (14)	\$ 17	\$ (3)

Nonconsolidated VIEs At September 30, 2019 and December 31, 2018, the Company's carrying value of assets and liabilities included on the condensed consolidated statements of financial condition pertaining to nonconsolidated VIEs and its maximum risk of loss related to VIEs for which it held a variable interest, but for which it was not the PB, was as follows

(in millions)

	Investments	Advisory Fee Receivables	Other Net Assets (Liabilities)	Maximum Risk of Loss ⁽¹⁾
At September 30, 2019				
Sponsored investment products	\$ 498	\$ 88	\$ (10)	\$ 603
At December 31, 2018				
Sponsored investment products	\$ 348	\$ 43	\$ (6)	\$ 408

⁽¹⁾ At both September 30, 2019 and December 31, 2018, BlackRock's maximum risk of loss associated with these VIEs primarily related to BlackRock's investments and the collection of advisory fee receivables

The net assets of sponsored investment products that are nonconsolidated VIEs approximated \$12 billion and \$9 billion at September 30, 2019 and December 31, 2018, respectively

8. Fair Value Disclosures

Fair Value Hierarchy

Assets and liabilities measured at fair value on a recurring basis

⁽¹⁾ Amounts are comprised of certain investments measured at fair value using NAV (or its equivalent) as a practical expedient

⁽²⁾ Amounts are comprised of investments held at cost, adjusted for observable price changes, investments held at amortized cost, carried interest and certain equity method investments, which include sponsored investment funds and other assets, which are not accounted for under a fair value measure. In accordance with GAAP, certain equity method investees do not account for both their financial assets and liabilities under fair value measures, therefore, the Company's investment in such equity method investees may not represent fair value

⁽³⁾ Level 3 amounts primarily include direct investments in private equity companies held by private equity funds

⁽⁴⁾ Amount includes a minority investment in a publicly traded company.

⁽⁵⁾ Borrowings of consolidated VIEs are classified based on the significance of unobservable inputs used for calculating the fair value of consolidated CLO assets

⁽⁶⁾ Amounts primarily include contingent liabilities related to certain acquisitions (see Note 14, *Commitments and Contingencies* for more information)

⁽¹⁾ Amounts are comprised of certain investments measured at fair value using NAV (or its equivalent) as a practical expedient

⁽²⁾ Amounts are comprised of investments held at cost or amortized cost, carried interest and certain equity method investments, which include sponsored investment funds and other assets, which are not accounted for under a fair value measure. In accordance with GAAP, certain equity method investees do not account for both their financial assets and liabilities under fair value measures, therefore, the Company's investment in such equity method investees may not represent fair value

⁽³⁾ Level 3 amounts include direct investments in private equity companies held by private equity funds

⁽⁴⁾ Amount includes a minority investment in a publicly traded company

⁽⁵⁾ Borrowings of consolidated VIEs are classified based on the significance of unobservable inputs used for calculating the fair value of consolidated CLO assets

⁽⁶⁾ Amounts primarily include contingent liabilities related to certain acquisitions (see Note 14, *Commitments and Contingencies*, for more information)

Level 3 Assets. Level 3 assets may include investments in CLOs and bank loans of consolidated CLOs which were valued based on single-broker nonbinding quotes and direct private equity investments which were valued using the market or income approach as described below

Level 3 investments of consolidated VIEs of \$166 million and \$152 million at September 30, 2019 and December 31, 2018, respectively, related to direct investments in private equity companies held by consolidated private equity funds. At both September 30, 2019 and December 31, 2018, Level 3 investments of consolidated VIEs also included bank loans of a consolidated CLO which were valued based on single-broker nonbinding quotes

Direct investments in private equity companies may be valued using the market approach or the income approach, or a combination thereof, and were valued based on an assessment of each underlying investment, incorporating evaluation of additional significant third-party financing, changes in valuations of comparable peer companies, the business environment of the companies, market indices, assumptions relating to appropriate risk adjustments for nonperformance and legal restrictions on disposition, among other factors. The fair value derived from the methods used is evaluated and weighted, as appropriate, considering the reasonableness of the range of values indicated. Under the market approach, fair value may be determined by reference to multiples of market-comparable companies or transactions, including earnings before interest, taxes, depreciation and amortization multiples. Under the income approach, fair value may be determined by discounting the expected cash flows to a single present value amount using current expectations about those future amounts. Unobservable inputs used in a discounted cash flow model may include projections of operating performance generally covering a five-year period and a terminal value of the private equity direct investment. For investments utilizing a discounted cash flow valuation technique, a significant increase (decrease) in the discount rate, risk premium or discount for lack of marketability in isolation could have resulted in a significantly lower (higher) fair value measurement as of September 30, 2019. For investments utilizing the market-comparable valuation technique, a significant increase (decrease) in a valuation multiple in isolation could have resulted in a significantly higher (lower) fair value measurement as of September 30, 2019.

Level 3 Liabilities. Level 3 liabilities primarily include contingent liabilities associated with certain acquisitions, which were valued based upon discounted cash flow analyses using unobservable market data inputs and borrowings of consolidated VIEs, which were valued based on the fair value of the assets of the consolidated CLO less the fair value of the Company's economic interest in the CLO.

⁽²⁾ Earnings attributable to the change in unrealized gains (losses) relating to assets and liabilities still held at the reporting date

⁽³⁾ Amounts include investments in CLOs

⁽⁴⁾ Bank loans and borrowings of consolidated VIEs amounts are related to the consolidation of one additional CLO

⁽⁵⁾ Amounts include contingent liabilities in connection with certain acquisitions

Realized and Unrealized Gains (Losses) for Level 3 Assets and Liabilities Realized and unrealized gains (losses) recorded for Level 3 assets and liabilities are reported in nonoperating income (expense) on the condensed consolidated statements of income. A portion of net income (loss) for consolidated sponsored investment funds is allocated to noncontrolling interests to reflect net income (loss) not attributable to the Company.

Transfers in and/or out of Levels. Transfers in and/or out of levels are reflected when significant inputs, including market inputs or performance attributes, used for the fair value measurement become observable/unobservable, or when the carrying value of certain equity method investments no longer represents fair value as determined under valuation methodologies.

Disclosures of Fair Value for Financial Instruments Not Held at Fair Value At September 30, 2019 and December 31, 2018, the fair value of the Company's financial instruments not held at fair value are categorized in the table below.

(in millions)	September 30, 2019		December 31, 2018		Fair Value Hierarchy
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value	
Financial Assets⁽¹⁾					
Cash and cash equivalents	\$ 4,476	\$ 4,476	\$ 6,302	\$ 6,302	Level 1 ^{(2) (3)}
Cash and cash equivalents of consolidated VIEs	\$ 131	\$ 131	\$ 186	\$ 186	Level 1 ^{(2) (3)}
Other assets	\$ 61	\$ 61	\$ 18	\$ 18	Level 1 ^{(2) (4)}
Financial Liabilities					
Long-term borrowings	\$ 5,932	\$ 6,257	\$ 4,979	\$ 5,034	Level 2 ⁽⁵⁾
Other liabilities	\$ 250	\$ 250	\$ —	\$ —	Level 3 ⁽⁶⁾

⁽¹⁾ See Note 5, *Investments*, for further information on investments not held at fair value.

⁽²⁾ Cash and cash equivalents are carried at either cost or amortized cost, which approximates fair value due to their short-term maturities.

⁽³⁾ At September 30, 2019 and December 31, 2018, approximately \$120 million and \$173 million, respectively, of money market funds were recorded within cash and cash equivalents on the condensed consolidated statements of financial condition. In addition, at September 30, 2019 and December 31, 2018, approximately \$21 million and \$7 million, respectively, of money market funds were recorded within cash and cash equivalents of consolidated VIEs. Money market funds are valued based on quoted market prices, or \$1.00 per share, which generally is the NAV of the fund.

⁽⁴⁾ Other assets include restricted cash and cash collateral deposited with certain derivative counterparties. The carrying values of these assets approximate fair value due to their short-term maturities.

⁽⁵⁾ Long-term borrowings are recorded at amortized cost net of debt issuance costs. The fair value of the long-term borrowings, including the current portion of long-term borrowings, is determined using market prices at the end of September 2019 and December 2018, respectively. See Note 13, *Borrowings*, for the fair value of each of the Company's long-term borrowings.

⁽⁶⁾ Amount includes a liability recorded at amortized cost, which approximates fair value at September 30, 2019.

Investments in Certain Entities that Calculate Net Asset Value Per Share

As a practical expedient to value certain investments that do not have a readily determinable fair value and have attributes of an investment company, the Company uses NAV as the fair value. The following tables list information regarding all investments that use a fair value measurement to account for both their financial assets and financial liabilities in their calculation of a NAV per share (or equivalent).

September 30, 2019

<i>(in millions)</i>	Ref	Fair Value	Total Unfunded Commitments	Redemption Frequency	Redemption Notice Period

N/R – not redeemable

- (1) Comprised of equity method investments, which include investment companies, which account for their financial assets and most financial liabilities under fair value measures, therefore, the Company's investment in such equity method investees approximates fair value
- (a) This category includes hedge funds and funds of hedge funds that invest primarily in equities, fixed income securities, distressed credit, opportunistic and mortgage instruments and other third-party hedge funds. The fair values of the investments have been estimated using the NAV of the Company's ownership interest in partners' capital. The liquidation period for the investments in the funds that are not subject to redemption is unknown at both September 30, 2019 and December 31, 2018.
- (b) This category includes several private equity funds that initially invest in nonmarketable securities of private companies, which ultimately may become public in the future. The fair values of these investments have been estimated using capital accounts representing the Company's ownership interest in the funds as well as other performance inputs. The Company's investment in each fund is not subject to redemption and is normally returned through distributions as a result of the liquidation of the underlying assets of the private equity funds. The liquidation period for the investments in these funds is unknown at both September 30, 2019 and December 31, 2018.

- (c) This category includes several real assets funds that invest directly and indirectly in real estate or infrastructure. The fair values of the investments have been estimated using capital accounts representing the Company's ownership interest in the funds. The Company's investments that are not subject to redemption or are not currently redeemable are normally returned through distributions and realizations of the underlying assets of the funds. The liquidation periods for the investments in the funds that are not subject to redemptions is unknown at both September 30, 2019 and December 31, 2018. The total remaining unfunded commitments to real assets funds were \$210 million and \$130 million at September 30, 2019 and December 31, 2018, respectively. The Company had contractual obligations to the real assets funds of \$173 million at September 30, 2019 and \$117 million at December 31, 2018.
- (d) This category includes the underlying third-party private equity funds within consolidated BlackRock sponsored private equity funds of funds. The fair values of the investments in the third-party funds have been estimated using capital accounts representing the Company's ownership interest in each fund in the portfolio as well as other performance inputs. These investments are not subject to redemption or are not currently redeemable, however, for certain funds, the Company may sell or transfer its interest which may need approval by the general partner of the underlying funds. Due to the nature of the investments in this category, the Company reduces its investment by distributions that are received through the realization of the underlying assets of the funds. The liquidation period for the underlying assets of these funds is unknown at both September 30, 2019 and December 31, 2018. The total remaining unfunded commitments to other third-party funds were \$11 million and \$18 million at September 30, 2019 and December 31, 2018, respectively. The Company had contractual obligations to the consolidated funds of \$22 million at both September 30, 2019 and December 31, 2018.

Fair Value Option

At September 30, 2019 and December 31, 2018, the Company elected the fair value option for certain investments in CLOs of approximately \$33 million and \$32 million, respectively, reported within investments.

In addition, the Company elected the fair value option for bank loans and borrowings of a consolidated CLO, recorded within investments and borrowings of consolidated VIEs, respectively. The following table summarizes the information related to these bank loans and borrowings at September 30, 2019 and December 31, 2018.

(in millions)	September 30, 2019	December 31, 2018
CLO Bank loans:		
Aggregate principal amounts outstanding	\$ 183	\$ 84
Fair value	183	84
Aggregate unpaid principal balance in excess of (less than) fair value	\$ —	\$ —
CLO Borrowings:		
Aggregate principal amounts outstanding	\$ 186	\$ 84
Fair value	186	84

At September 30, 2019, the principal amounts outstanding of the borrowings issued by the CLOs mature in 2030.

During the three and nine months ended September 30, 2019 and December 31, 2018, the net gains (losses) from the change in fair value of the bank loans and borrowings held by the consolidated CLO were not material and were recorded in net gain (loss) on consolidated VIEs on the condensed consolidated statements of income. The change in fair value of the assets and liabilities included interest income and expense, respectively.

9. Derivatives and Hedging

The Company maintains a program to enter into swaps to hedge against market price and interest rate exposures with respect to certain seed investments in sponsored investment products. At September 30, 2019 and December 31, 2018, the Company had outstanding total return swaps with aggregate notional values of approximately \$533 million and \$483 million, respectively.

At both September 30, 2019 and December 31, 2018, the Company had a derivative providing credit protection of approximately \$17 million to a counterparty, representing the Company's maximum risk of loss with respect to the provision of credit protection. The Company carries the derivative at fair value based on the expected discounted future cash outflows under the arrangement.

The Company executes forward foreign currency exchange contracts to mitigate the risk of certain foreign exchange movements. At September 30, 2019 and December 31, 2018, the Company had outstanding forward foreign currency exchange contracts with aggregate notional values of approximately \$2.4 billion and \$2.2 billion, respectively.

The fair values of the outstanding total return swaps, credit default swap and forward foreign currency exchange contracts were not material to the condensed consolidated statement of financial condition at both September 30, 2019 and December 31, 2018.

The following table presents gains (losses) recognized in the condensed consolidated statements of income on derivative instruments:

(in millions)	Statement of Income Classification	Three Months Ended September 30,		Nine Months Ended September 30,	
		2019	2018	2019	2018
		Gains (Losses)		Gains (Losses)	
Derivative Instruments					
Total return swaps	Nonoperating income (expense)	\$ 2	\$ (12)	\$ (62)	\$ (5)
Forward foreign currency exchange contracts	General and administration expense	(43)	(27)	(56)	(90)
Total gain (loss) from derivative instruments		<u>\$ (41)</u>	<u>\$ (39)</u>	<u>\$ (118)</u>	<u>\$ (95)</u>

The Company consolidates certain sponsored investment funds, which may utilize derivative instruments as a part of the funds' investment strategies. The change in fair value of such derivatives, which is recorded in nonoperating income (expense), was not material for the three and nine months ended September 30, 2019 and 2018

See Note 13, *Borrowings*, in the 2018 Form 10-K for more information on the Company's net investment hedge

10. Leases

The following table presents components of lease cost included in general and administration expense on the condensed consolidated statement of income

(in millions)	Three Months Ended September 30, 2019	Nine Months Ended September 30, 2019
Lease cost:

\$	14,552
----	--------

⁽¹⁾ The increase in goodwill during the nine months ended September 30, 2019 resulted from the \$1,031 million of goodwill associated with the eFront Transaction, which closed on May 10, 2019. See Note 3, *Acquisition*, for information on the eFront Transaction.

⁽²⁾ The decrease in goodwill during the nine months ended September 30, 2019 primarily resulted from a decline related to tax benefits realized from tax-deductible goodwill in excess of book goodwill from the acquisition of the fund-of-funds business of Quellos Group, LLC in October 2007 (the "Quellos Transaction"). Goodwill related to the Quellos Transaction will continue to be reduced in future periods by the amount of tax benefits realized from tax-deductible goodwill in excess of book goodwill from the Quellos Transaction. The balance of the Quellos tax-deductible goodwill in excess of book goodwill was approximately \$114 million and \$137 million at September 30, 2019 and December 31, 2018, respectively.

12. Intangible Assets

The carrying amounts of identifiable intangible assets are summarized as follows

(in millions)

	Indefinite-lived	Finite-lived	Total
December 31, 2018	\$ 17,578	\$ 261	\$ 17,839
Amortization expense	—	(68)	(68)
Acquisitions ⁽¹⁾	—	636	636
September 30, 2019	<u>\$ 17,578</u>	<u>\$ 829</u>	<u>\$ 18,407</u>

⁽¹⁾ Amount primarily contains intangible assets acquired in connection with the eFront Transaction. The Company acquired \$410 million of finite-lived customer relationships, \$203 million of finite-lived technology-related intangible assets and \$13 million of a finite-lived trade name, with weighted-average estimated lives of approximately 10 years, eight years and four years, respectively. See Note 3, *Acquisition*, for information on the eFront Transaction.

13. Borrowings

Short-Term Borrowings

2019 Revolving Credit Facility. The Company's credit facility has an aggregate commitment amount of \$4.0 billion and was amended in March 2019 to extend the maturity date to March 2024 (the "2019 credit facility"). The 2019 credit facility permits the Company to request up to an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2019 credit facility to an aggregate principal amount not to exceed \$5.0 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2019 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at September 30, 2019. The 2019 credit facility provides back-up liquidity to fund ongoing working capital for general corporate purposes and various investment opportunities. At September 30, 2019, the Company had no amount outstanding under the credit facility.

Commercial Paper Program. The Company can issue unsecured commercial paper notes (the "CP Notes") on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$4.0 billion. The commercial paper program is currently supported by the 2019 credit facility. At September 30, 2019, BlackRock had no CP Notes outstanding.

Long-Term Borrowings

The carrying value and fair value of long-term borrowings determined using market prices and EUR/USD foreign exchange rate at September 30, 2019 included the following

	Maturity Amount	Unamortized Discount and Debt Issuance Costs	Carrying Value	Fair Value
(in millions)				
5.00% Notes due 2019	\$ 1,000	\$ —	\$ 1,000	\$ 1,005
4.25% Notes due 2021	750	(1)	749	778
3.375% Notes due 2022	750	(2)	748	781
3.50% Notes due 2024	1,000	(4)	996	1,066
1.25% Notes due 2025	763	(5)	758	818
3.20% Notes due 2027	700	(5)	695	741
3.25% Notes due 2029	1,000	(14)	986	1,068
Total Long-term Borrowings	<u>\$ 5,963</u>	<u>\$ (31)</u>	<u>\$ 5,932</u>	<u>\$ 6,257</u>

2029 Notes. In April 2019, the Company issued \$1.0 billion in aggregate principal amount of 3.25% senior unsecured and unsubordinated notes maturing on April 30, 2029 (the "2029 Notes"). Interest is payable semi-annually on April 30 and October 30 of each year, commencing October 30, 2019, and is approximately \$33 million per year. The 2029 Notes may be redeemed prior to January 30, 2029 in whole or in part at any time, at the option of the Company, at a "make-whole" redemption price or at par thereafter. The unamortized discount and debt issuance costs are being amortized over the remaining term of the 2029 Notes.

See Note 13, *Borrowings*, in the 2018 Form 10-K for more information regarding the Company's borrowings.

14. Commitments and Contingencies

Investment Commitments. At September 30, 2019, the Company had \$533 million of various capital commitments to fund sponsored investment funds, including consolidated VIEs. These funds include private equity funds, real assets funds and opportunistic funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party noncontrolling interest holders have the legal obligation to fund the respective commitments of such funds of funds. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company that are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Lease Commitment. As of September 30, 2019, there were no material changes to the lease commitments as reported in the 2018 Form 10-K. At December 31, 2018, future minimum commitments under the operating leases were as follows.

(in millions)

Year	Amount
2019	\$ 145
2020	139
2021	130
2022	121
2023	106
Thereafter	1,516
Total	<u>\$ 2,157</u>

In May 2017, the Company entered into an agreement with 50 HYMC Owner LLC, for the lease of approximately 847,000 square feet of office space located at 50 Hudson Yards, New York, New York. The term of the lease is twenty years from the date that rental payments begin, expected to occur in May 2023, with the option to renew for a specified term. The lease requires annual base rental payments of approximately \$51 million per year during the first five years of the lease term, increasing every five years to \$58 million, \$66 million and \$74 million per year (or approximately \$1.2 billion in base rent over its twenty-year term).

Contingencies

Contingent Payments Related to Business Acquisitions. In connection with certain acquisitions, BlackRock is required to make contingent payments, subject to achieving specified performance targets, which may include revenue related to acquired contracts or new capital commitments for certain products. The fair value of the remaining aggregate contingent payments at September 30, 2019 totaled \$167 million and is included in other liabilities on the condensed consolidated statements of financial condition.

Other Contingent Payments. The Company acts as the portfolio manager in a derivative transaction and has a maximum potential exposure of \$17 million between the Company and counterparty. See Note 9, *Derivatives and Hedging*, for further discussion.

Legal Proceedings. From time to time, BlackRock receives subpoenas or other requests for information from various US federal and state governmental and regulatory authorities and international governmental and regulatory authorities in connection with industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such matters. The Company, certain of its subsidiaries and employees have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, BlackRock-advised investment portfolios may be subject to lawsuits, any of which potentially could harm the investment returns of the applicable portfolio or result in the Company being liable to the portfolios for any resulting damages.

On May 27, 2014, certain investors in the BlackRock Global Allocation Fund, Inc. and the BlackRock Equity Dividend Fund (collectively, the "Funds") filed a consolidated complaint (the "Consolidated Complaint") in the US District Court for the District of New Jersey against BlackRock Advisors, LLC, BlackRock Investment Management, LLC and

BlackRock International Limited under the caption *In re BlackRock Mutual Funds Advisory Fee Litigation*. In the lawsuit, which purports to be brought derivatively on behalf of the Funds, the plaintiffs allege that the defendants violated Section 36(b) of the Investment Company Act by receiving allegedly excessive investment advisory fees from the Funds. On June 13, 2018, the court granted in part and denied in part the defendants' motion for summary judgment. On July 25, 2018, the plaintiffs served a pleading that supplemented the time period of their alleged damages to run through the date of trial. The lawsuit seeks, among other things, to recover on behalf of the Funds all allegedly excessive advisory fees received by the defendants beginning twelve months preceding the start of the lawsuit with respect to each Fund and ending on the date of judgment, along with purported lost investment returns on those amounts, plus interest. The trial on the remaining issues was completed on August 29, 2018. On February 8, 2019, the court issued an order dismissing the claims in their entirety. The plaintiffs filed a notice of appeal on March 8, 2019, which remains pending. The defendants believe the claims in this lawsuit are without merit.

On June 16, 2016, iShares Trust, BlackRock, Inc. and certain of its advisory subsidiaries, and the directors and certain officers of the iShares ETFs were named as defendants in a purported class action lawsuit filed in California state court. The lawsuit was filed by investors in certain iShares ETFs (the "ETFs"), and alleges the defendants violated the federal securities laws by failing to adequately disclose in prospectuses issued by the ETFs the risks to the ETFs' shareholders in the event of a "flash crash." The plaintiffs seek unspecified monetary and rescission damages. The plaintiffs' complaint was dismissed in December 2016 and on January 6, 2017, the plaintiffs filed an amended complaint. On April 27, 2017, the court partially granted the defendants' motion for judgment on the pleadings, dismissing certain of the plaintiffs' claims. On September 18, 2017, the court issued a decision dismissing the remainder of the lawsuit after a one-day bench trial. On December 1, 2017, the plaintiffs appealed the dismissal of their lawsuit, which remains pending. The defendants believe the claims in this lawsuit are without merit.

On April 5, 2017, BlackRock, Inc., BlackRock Institutional Trust Company, N.A. ("BTC"), the BlackRock, Inc. Retirement Committee and various sub-committees, and a BlackRock employee were named as defendants in a purported class action lawsuit brought in the US District Court for the Northern District of California by a former employee on behalf of all participants and beneficiaries in the BlackRock employee 401(k) Plan (the "Plan") from April 5, 2011 to the present. The lawsuit generally alleges that the defendants breached their duties towards Plan participants in violation of the Employee Retirement Income Security Act of 1974 by, among other things, offering investment options that were overly expensive, underperformed unaffiliated peer funds, focused disproportionately on active versus passive strategies, and were unduly concentrated in investment options managed by BlackRock. On October 18, 2017, the plaintiffs filed an Amended Complaint, which, among other things, added as defendants certain current and former members of the BlackRock Retirement and Investment Committees. The Amended Complaint also included a new purported class claim on behalf of investors in certain Collective Trust Funds ("CTFs") managed by BTC. Specifically, the plaintiffs allege that BTC, as fiduciary to the CTFs, engaged in self-dealing by, most significantly, selecting itself as the securities lending agent on terms that the plaintiffs claim were excessive. The Amended Complaint also alleged that BlackRock took undue risks in its management of securities lending cash reinvestment vehicles during the financial crisis. On August 23, 2018, the court granted permission to the plaintiffs to file a Second Amended Complaint ("SAC") which added as defendants the BlackRock, Inc. Management Development and Compensation Committee, the Plan's independent investment consultant and the Plan's Administrative Committee and its members. On October 22, 2018, BlackRock filed a motion to dismiss the SAC, and on June 3, 2019, the plaintiffs filed a motion seeking to certify both the Plan and the CTF classes. On September 3, 2019, the court granted BlackRock's motion to dismiss part of the plaintiffs' claim seeking to recover alleged losses in the securities lending vehicles, but denied the motion to dismiss in all other respects. Plaintiffs' motion to certify the Plan and CTF classes remains pending. The defendants believe the claims in this lawsuit are without merit.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Indemnifications In the ordinary course of business or in connection with certain acquisition agreements, BlackRock enters into contracts pursuant to which it may agree to indemnify third parties in certain circumstances. The terms of these indemnities vary from contract to contract and the amount of indemnification liability, if any, cannot be determined or the likelihood of any liability is considered remote. Consequently, no liability has been recorded on the condensed consolidated statements of financial condition.

In connection with securities lending transactions, BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At September 30, 2019, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$211 billion. The Company held, as agent, cash and securities totaling \$225 billion as collateral for indemnified securities on loan at September 30, 2019. The fair value of these indemnifications was not material at September 30, 2019.

15. Revenue

The table below presents detail of revenue for the three and nine months ended September 30, 2019 and 2018. See Note 2, *Significant Accounting Policies*, in the 2018 Form 10-K for more information on the Company's revenue recognition.

	Three Months Ended September 30,		Nine Months Ended September 30,

Investment advisory and administration fees – remaining performance obligation

The tables below present estimated investment advisory and administration fees expected to be recognized in the future related to the unsatisfied portion of the performance obligations at September 30, 2019 and 2018

September 30, 2019

<i>(in millions)</i>	Remainder of 2019	2020	2021	2022	Thereafter	Total
Investment advisory and administration fees Alternatives ⁽¹⁾⁽²⁾	\$ 22	\$ 85	\$ 71	\$ 62	\$ 59	\$ 299

⁽¹⁾ Investment advisory and administration fees include management fees related to certain alternative products, which are based on contractual committed capital outstanding at September 30, 2019. Actual management fees could be higher to the extent additional committed capital is raised. These fees are generally billed on a quarterly basis in arrears.

⁽²⁾ The Company elected the following practical expedients and therefore does not include amounts related to (1) performance obligations with an original duration of one year or less, and (2) variable consideration related to future service periods.

September 30, 2018

<i>(in millions)</i>	Remainder of 2018	2019	2020	2021	Thereafter	Total
Investment advisory and administration fees Alternatives ⁽¹⁾⁽²⁾	\$ 21	\$ 74	\$ 63	\$ 49	\$ 46	\$ 253

⁽¹⁾ Investment advisory and administration fees include management fees related to certain alternative products, which are based on contractual committed capital outstanding at September 30, 2018. Actual management fees could be higher to the extent additional committed capital is raised. These fees are generally billed on a quarterly basis in arrears.

⁽²⁾ The Company elected the following practical expedients and therefore does not include amounts related to (1) performance obligations with an original duration of one year or less, and (2) variable consideration related to future service periods.

Change in Deferred Carried Interest Liability

The table below presents changes in the deferred carried interest liability (including the portion related to consolidated VIEs), which is included in other liabilities/other liabilities of consolidated VIEs on the condensed consolidated statements of financial condition, for the three and nine months ended September 30, 2019 and 2018

<i>(in millions)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Beginning balance	\$ 365	\$ 242	\$ 293	\$ 219
Net increase (decrease) in unrealized allocations	17	17	116	44
Performance fee revenue recognized	—	(2)	(27)	(6)
Other	6	—	6	—
Ending balance	\$ 388	\$ 257	\$ 388	\$ 257

Technology services revenue – remaining performance obligation

The tables below present estimated technology services revenue expected to be recognized in the future related to the unsatisfied portion of the performance obligations at September 30, 2019 and 2018

September 30, 2019

(in millions)	Remainder of 2019	2020	2021	2022	Thereafter	Total
Technology services revenue ⁽¹⁾⁽²⁾	\$ 36	\$ 54	\$ 37	\$ 21	\$ 12	\$ 160

(1) Technology services revenue primarily includes upfront payments from customers, which the Company generally recognizes as services are performed

(2) The Company elected the following practical expedients and therefore does not include amounts related to (1) performance obligations with an original duration of one year or less, and (2) variable consideration related to future service periods

September 30, 2018

(in millions)	Remainder of 2018	2019	2020	2021	Thereafter	Total
Technology services revenue ⁽¹⁾⁽²⁾	\$ 8	\$ 27	\$ 23	\$ 18	\$ 15	\$ 91

(1) Technology services revenue primarily includes upfront payments from customers, which the Company generally recognizes as services are performed

(2) The Company elected the following practical expedients and therefore does not include amounts related to (1) performance obligations with an original duration of one year or less, and (2) variable consideration related to future service periods

In addition to amounts disclosed in the tables above, certain technology services contracts require fixed minimum fees, which are billed on a monthly or quarterly basis in arrears. The Company recognizes such revenue as services are performed. As of September 30, 2019 and 2018, the estimated fixed minimum fees for currently outstanding contracts approximated \$156 million and \$133 million for the remainder of each respective year. The term for these contracts, which are either in their initial or renewal period, ranges from one to five years

The table below presents changes in the technology services deferred revenue liability, which is included in other liabilities on the condensed consolidated statements of financial condition, for the three and nine months ended September 30, 2019 and 2018.

(in millions)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Beginning balance	\$ 100	\$ 64	\$ 70	\$ 62
Acquisition, net of revenue recognized ⁽¹⁾	—	—	24	—
Additions	8	11	31	31
Revenue recognized that was included in the beginning balance	(21)	(10)	(38)	(28)
Ending balance	\$ 87	\$ 65	\$ 87	\$ 65

(1) The increase during the nine months ended September 30, 2019 resulted from the eFront Transaction, which closed on May 10, 2019. See Note 3, *Acquisition*, for information on the eFront Transaction.

16. Stock-Based Compensation

Restricted Stock and RSUs.

Restricted stock and restricted stock units ("RSUs") activity for the nine months ended September 30, 2019 is summarized below

<u>Outstanding at</u>	<u>Restricted Stock and RSUs</u>	<u>Weighted- Average Grant Date Fair Value</u>
December 31, 2018	2,139,890	\$ 429.19
Granted	1,205,230	\$ 414.40
Converted	(1,001,009)	\$ 377.41
Forfeited	(60,961)	\$ 426.45
September 30, 2019⁽¹⁾	2,283,150	\$ 444.15

⁽¹⁾ At September 30, 2019, approximately 2.1 million awards are expected to vest and 0.2 million awards have vested but have not been converted

In January 2019, the Company granted 674,206 RSUs or shares of restricted stock to employees as part of 2018 annual incentive compensation that vest ratably over three years from the date of grant and 377,291 RSUs or shares of restricted stock to employees that cliff vest 100% on January 31, 2022. The Company values restricted stock and RSUs at their grant-date fair value as measured by BlackRock's common stock price. The total fair market value of RSUs/restricted stock granted to employees during the nine months ended September 30, 2019 was \$499 million.

At September 30, 2019, the intrinsic value of outstanding RSUs was \$1.0 billion, reflecting a closing stock price of \$445.64.

At September 30, 2019, total unrecognized stock-based compensation expense related to unvested RSUs was \$432 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 1.3 years.

Performance-Based RSUs.

Performance-based RSU activity for the nine months ended September 30, 2019 is summarized below

<u>Outstanding at</u>	<u>Performance- Based RSUs</u>	<u>Weighted- Average Grant Date Fair Value</u>
December 31, 2018	845,285	\$ 386.13
Granted	283,014	\$ 410.32
Additional shares granted due to attainment of performance measures	2,117	\$ 296.57
Converted	(360,927)	\$ 296.57
Forfeited	(11,024)	\$ 456.66
September 30, 2019	758,465	\$ 436.50

In January 2019, the Company granted 283,014 performance-based RSUs to certain employees that cliff vest 100% on January 31, 2022. These awards are amortized over a service period of three years. The number of shares distributed at vesting could be higher or lower than the original grant based on the level of attainment of predetermined Company performance measures. In January 2019, the Company granted 2,117 additional RSUs to certain employees based on the attainment of Company performance measures during the performance period.

The Company initially values performance-based RSUs at their grant-date fair value as measured by BlackRock's common stock price. The total grant-date fair market value of performance-based RSUs granted to employees during the nine months ended September 30, 2019 was \$117 million.

At September 30, 2019, the intrinsic value of outstanding performance-based RSUs was \$338 million, reflecting a closing stock price of \$445.64.

At September 30, 2019, total unrecognized stock-based compensation expense related to unvested performance-based awards was \$131 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 1.4 years.

See Note 16, *Stock-Based Compensation*, in the 2018 Form 10-K for more information on performance-based RSUs.

Long-Term Incentive Plans Funded by PNC. Under a share surrender agreement, PNC committed to provide up to 4 million shares of BlackRock stock, held by PNC, to fund certain BlackRock long-term incentive plans, including performance-based and market performance-based RSUs. The share surrender agreement commits PNC to provide BlackRock Series C nonvoting participating preferred stock to fund the remaining committed shares. On January 31, 2019, PNC surrendered its remaining 143,458 shares to BlackRock and has completed its share delivery obligation in connection with the agreement.

Performance-based Stock Options.

Stock option activity for the nine months ended September 30, 2019 is summarized below.

	Shares Under Option	Weighted Average Exercise Price
Outstanding at		
December 31, 2018	2,106,482	\$ 513.50
Forfeited	(125,538)	\$ 513.50
September 30, 2019	1,980,944	\$ 513.50

At September 30, 2019, total unrecognized stock-based compensation expense related to unvested performance-based stock options was \$140 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 4.2 years.

See Note 16, *Stock-Based Compensation*, in the 2018 Form 10-K for more information on performance-based stock options.

17. Net Capital Requirements

The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions may have adverse tax consequences that could discourage such transfers.

At September 30, 2019, the Company was required to maintain approximately \$1.8 billion in net capital in certain regulated subsidiaries, including BlackRock Institutional Trust Company, N.A. (a wholly owned subsidiary of the Company that is chartered as a national bank whose powers are limited to trust and other fiduciary activities and which is subject to regulatory capital requirements administered by the Office of the Comptroller of the Currency), entities regulated by the Financial Conduct Authority and Prudential Regulation Authority in the United Kingdom, and the Company's broker-dealers. The Company was in compliance with all applicable regulatory net capital requirements.

18. Accumulated Other Comprehensive Income (Loss)

The following table presents changes in accumulated other comprehensive income (loss) for the three and nine months ended September 30, 2019 and 2018

(in millions)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Beginning balance	\$ (664)	\$ (575)	\$ (691)	\$ (432)
Foreign currency translation adjustments ⁽¹⁾	(120)	(41)	(93)	(178)
Reclassification as a result of adoption of accounting guidance	—	—	—	(6)
Ending balance	<u>\$ (784)</u>	<u>\$ (616)</u>	<u>\$ (784)</u>	<u>\$ (616)</u>

⁽¹⁾ Amounts for the three months ended September 30, 2019 and 2018 include gains from a net investment hedge of \$25 million (net of tax expense of \$8 million) and \$4 million (net of tax expense of \$1 million), respectively. Amounts for the nine months ended September 30, 2019 and 2018 include gains from a net investment hedge of \$28 million (net of tax expense of \$9 million) and \$22 million (net of tax expense of \$7 million), respectively.

19. Capital Stock

Nonvoting Participating Preferred Stock The Company's preferred shares authorized, issued and outstanding consisted of the following

	September 30, 2019	December 31, 2018
Series A		
Shares authorized, \$0.01 par value	20,000,000	20,000,000
Shares issued and outstanding	—	—
Series B		
Shares authorized, \$0.01 par value	150,000,000	150,000,000
Shares issued and outstanding ⁽¹⁾	823,188	823,188
Series C		
Shares authorized, \$0.01 par value	6,000,000	6,000,000
Shares issued and outstanding ⁽¹⁾	—	143,458
Series D		
Shares authorized, \$0.01 par value	20,000,000	20,000,000
Shares issued and outstanding	—	—

⁽¹⁾ Shares held by PNC

Share Repurchases. During the nine months ended September 30, 2019, the Company repurchased 4.0 million common shares under the share repurchase program for approximately \$1.7 billion, including a \$1.3 billion private transaction that closed on March 25, 2019. At September 30, 2019, there were 5.9 million shares still authorized to be repurchased.

PNC Capital Contribution On January 31, 2019, PNC surrendered to BlackRock its remaining 143,458 of BlackRock Series C Preferred shares and has completed its share delivery obligation in connection with its share surrender agreement.

20. Restructuring

A restructuring charge of \$60 million (\$47 million after-tax), comprised of \$53 million of severance and \$7 million of expense related to the accelerated amortization of previously granted equity compensation awards, was recorded in the fourth quarter of 2018 in connection with an initiative to modify the size and shape of the workforce.

The table below presents a rollforward of the Company's restructuring liability, which is included in other liabilities on the condensed consolidated statements of financial condition, for the nine months ended September 30, 2019.

	Nine Months Ended September 30, 2019
<i>(in millions)</i>	
Liability as of December 31, 2018	\$ 53
Cash payments	(51)
Liability as of September 30, 2019	<u>\$ 2</u>

21. Income Taxes

The nine months ended September 30, 2019 income tax expense included \$22 million of discrete tax benefits related to stock-based compensation awards that vested in the first quarter of 2019.

The three months ended September 30, 2018 income tax expense included \$90 million of discrete tax benefits, primarily related to changes in the Company's organizational entity structure. The nine months ended September 30, 2018 income tax expense also included \$58 million of discrete tax benefits related to stock-based compensation awards that vested in the first quarter of 2018.

22. Earnings Per Share

Due to the similarities in terms between BlackRock nonvoting participating preferred stock and the Company's common stock, the Company considers its participating preferred stock to be a common stock equivalent for purposes of earnings per share ("EPS") calculations. As such, the Company has included the outstanding nonvoting participating preferred stock in the calculation of average basic and diluted shares outstanding.

The following table sets forth the computation of basic and diluted EPS for the three and nine months ended September 30, 2019 and 2018 under the treasury stock method.

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
<i>(in millions, except shares and per share data)</i>				
Net income attributable to BlackRock	\$ 1,119	\$ 1,216	\$ 3,175	\$ 3,378
Basic weighted-average shares outstanding	155,280,877	160,141,506	156,290,212	160,786,768
Dilutive effect of nonparticipating RSUs and stock options	1,166,510	1,236,711	1,095,744	1,354,111
Total diluted weighted-average shares outstanding	<u>156,447,387</u>	<u>161,378,217</u>	<u>157,385,956</u>	<u>162,140,879</u>
Basic earnings per share	\$ 7.21	\$ 7.59	\$ 20.31	\$ 21.01
Diluted earnings per share	\$ 7.15	\$ 7.54	\$ 20.17	\$ 20.83

23. Segment Information

The Company's management directs BlackRock's operations as one business, the asset management business. The Company utilizes a consolidated approach to assess performance and allocate resources. As such, the Company operates in one business segment.

The following table illustrates total revenue for the three and nine months ended September 30, 2019 and 2018 by geographic region. These amounts are aggregated on a legal entity basis and do not necessarily reflect where the customer resides or affiliated services are provided.

(in millions)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Revenue				
Americas	\$ 2,445	\$ 2,328	\$ 7,051	\$ 6,989
Europe	1,080	1,083	3,018	3,258
Asia-Pacific	167	165	493	517
Total revenue	<u>\$ 3,692</u>	<u>\$ 3,576</u>	<u>\$ 10,562</u>	<u>\$ 10,764</u>

See Note 15, *Revenue*, for further information on the Company's sources of revenue.

The following table illustrates long-lived assets that consist of goodwill and property and equipment at September 30, 2019 and December 31, 2018 by geographic region. These amounts are aggregated on a legal entity basis and do not necessarily reflect where the asset is physically located.

(in millions)	September 30, 2019	December 31, 2018
Long-lived Assets		
Americas	\$ 13,797	\$ 13,780
Europe	1,337	303
Asia-Pacific	87	86
Total long-lived assets	<u>\$ 15,221</u>	<u>\$ 14,169</u>

Americas is primarily comprised of the United States, Latin America and Canada, while Europe is primarily comprised of the United Kingdom, the Netherlands and Luxembourg. Asia-Pacific is primarily comprised of Hong Kong, Australia, Japan and Singapore.

24. Subsequent Events

The Company conducted a review for subsequent events and determined that no subsequent events had occurred that would require accrual or additional disclosures.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

This report, and other statements that BlackRock may make, may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act, with respect to BlackRock's future financial or business performance, strategies or expectations. Forward-looking statements are typically identified by words or phrases such as "trend," "potential," "opportunity," "pipeline," "believe," "comfortable," "expect," "anticipate," "current," "intention," "estimate," "position," "assume," "outlook," "continue," "remain," "maintain," "sustain," "seek," "achieve," and similar expressions, or future or conditional verbs such as "will," "would," "should," "could," "may" and similar expressions.

BlackRock cautions that forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Forward-looking statements speak only as of the date they are made, and BlackRock assumes no duty to and does not undertake to update forward-looking statements. Actual results could differ materially from those anticipated in forward-looking statements and future results could differ materially from historical performance.

BlackRock has previously disclosed risk factors in its Securities and Exchange Commission ("SEC") reports. These risk factors and those identified elsewhere in this report, among others, could cause actual results to differ materially from forward-looking statements or historical performance and include: (1) the introduction, withdrawal, success and timing of business initiatives and strategies, (2) changes and volatility in political, economic or industry conditions, the interest rate environment, foreign exchange rates or financial and capital markets, which could result in changes in demand for products or services or in the value of assets under management ("AUM"), (3) the relative and absolute investment performance of BlackRock's investment products; (4) the impact of increased competition, (5) the impact of future acquisitions or divestitures, (6) the unfavorable resolution of legal proceedings, (7) the extent and timing of any share repurchases, (8) the impact, extent and timing of technological changes and the adequacy of intellectual property, information and cyber security protection; (9) the potential for human error in connection with BlackRock's operational systems; (10) the impact of legislative and regulatory actions and reforms and regulatory, supervisory or enforcement actions of government agencies relating to BlackRock or The PNC Financial Services Group, Inc. ("PNC"), (11) changes in law and policy and uncertainty pending any such changes, (12) terrorist activities, international hostilities and natural disasters, which may adversely affect the general economy, domestic and local financial and capital markets, specific industries or BlackRock; (13) the ability to attract and retain highly talented professionals, (14) fluctuations in the carrying value of BlackRock's economic investments, (15) the impact of changes to tax legislation, including income, payroll and transaction taxes, and taxation on products or transactions, which could affect the value proposition to clients and, generally, the tax position of the Company, (16) BlackRock's success in negotiating distribution arrangements and maintaining distribution channels for its products, (17) the failure by a key vendor of BlackRock to fulfill its obligations to the Company; (18) any disruption to the operations of third parties whose functions are integral to BlackRock's exchange-traded funds ("ETF") platform; (19) the impact of BlackRock electing to provide support to its products from time to time and any potential liabilities related to securities lending or other indemnification obligations, and (20) the impact of problems at other financial institutions or the failure or negative performance of products at other financial institutions.

OVERVIEW

BlackRock, Inc. (together, with its subsidiaries, unless the context otherwise indicates, "BlackRock" or the "Company") is a leading publicly traded investment management firm with \$6.96 trillion of AUM at September 30, 2019. With approximately 16,100 employees in more than 30 countries, BlackRock provides a broad range of investment and technology services to institutional and retail clients worldwide.

BlackRock's diverse platform of alpha-seeking active, index and cash management investment strategies across asset classes enables the Company to tailor investment outcomes and asset allocation solutions for clients. Product offerings include single- and multi-asset portfolios investing in equities, fixed income, alternatives and money market instruments. Products are offered directly and through intermediaries in a variety of vehicles, including open-end and closed-end mutual funds, iShares® ETFs, separate accounts, collective investment trusts and other pooled investment vehicles. BlackRock also offers technology services, including the investment and risk management technology platform, *Aladdin*®, Aladdin Wealth, eFront, Cachematrix and FutureAdvisor, as well as advisory services and solutions to a broad base of institutional and wealth management clients.

BlackRock serves a diverse mix of institutional and retail clients across the globe. Clients include tax-exempt institutions, such as defined benefit and defined contribution pension plans, charities, foundations and endowments, official institutions, such as central banks, sovereign wealth funds, supranationals and other government entities, taxable institutions, including insurance companies, financial institutions, corporations and third-party fund sponsors, and retail investors.

BlackRock maintains a significant global sales and marketing presence that is focused on establishing and maintaining retail and institutional investment management and technology service relationships by marketing its services to investors directly and through third-party distribution relationships, including financial professionals and pension consultants.

At September 30, 2019, PNC held 22.0% of the Company's voting common stock and 22.4% of the Company's capital stock, which includes outstanding common and nonvoting preferred stock.

Certain items previously reported have been reclassified to conform to the current period classifications.

United Kingdom Exit from European Union

Following the June 2016 vote to exit the European Union ("EU"), the United Kingdom ("UK") served notice under Article 50 of the Treaty on European Union on March 29, 2017 to initiate the process of exiting from the EU, commonly referred to as "Brexit". At the Emergency EU Summit held on April 10, 2019, an agreement was reached to extend the deadline by which the UK is required to exit the EU to October 31, 2019. The deadline was further extended to January 31, 2020 at the European Council on October 29, 2019.

Substantial uncertainty remains surrounding the terms upon which the UK will ultimately exit the EU. The impact of Brexit will depend in part on any arrangements that are put in place between the UK and the EU and, to the extent they are, whether the UK continues to apply laws that are based on EU legislation. As a result, the UK's relationship with the EU remains unclear and the passage of time without a resolution in place has become a source of economic, political and regulatory instability.

BlackRock is implementing a number of steps to prepare for various outcomes, including effecting organizational, governance and operational changes, applying for and receiving licenses and permissions in the EU, and engaging in client communications. These steps, many of which have been time-consuming and costly, are expected to add complexity to BlackRock's European operations. In addition, depending on the terms of the future relationship between the UK and the EU, BlackRock may experience organizational and operational challenges and incur additional costs in connection with its European operations post-Brexit, which may impede the Company's growth or impact its financial performance.

Acquisition

On May 10, 2019, the Company acquired 100% of the equity interests of eFront Holding SAS ("eFront Transaction" or "eFront"), a leading alternative investment management software and solutions provider for approximately \$1.3 billion, excluding the settlement of eFront's outstanding debt. The acquisition of eFront expands *Aladdin*'s illiquid alternative capabilities and enables BlackRock to provide individual alternative or whole-portfolio technology solutions to clients.

EXECUTIVE SUMMARY

(in millions, except shares and per share data)

GAAP basis:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018

⁽³⁾ Total BlackRock stockholders' equity divided by total common and preferred shares outstanding at September 30 of the respective period-end

THREE MONTHS ENDED SEPTEMBER 30, 2019 COMPARED WITH THREE MONTHS ENDED SEPTEMBER 30, 2018

GAAP. Operating income of \$1,502 million increased \$106 million and operating margin of 40.7% increased 170 bps from the third quarter of 2018. Operating income and operating margin reflected higher base fees and technology services revenue, partially offset by lower performance fees and lower transaction-related expense in the current quarter. Nonoperating income (expense) less net income (loss) attributable to noncontrolling interests ("NCI") decreased \$88 million from the third quarter of 2018, primarily driven by the revaluation of certain minority investments. Nonoperating results for the three months ended September 30, 2018 included a \$40 million pre-tax gain related to the sale of the Company's minority interest in DSP BlackRock Investment Managers Pvt. Ltd. to The DSP Group ("DSP Transaction").

Third quarter 2018 income tax expense included \$90 million of discrete tax benefits, primarily related to changes in the Company's organizational entity structure. See *Income Tax Expense* within *Discussion of Financial Results* for more information.

Earnings per diluted common share decreased \$0.39, or 5%, from the third quarter of 2018, reflecting lower nonoperating income and a higher effective tax rate in the current quarter, partially offset by higher operating income and a lower diluted share count.

As Adjusted. Operating income of \$1,502 million increased \$102 million and operating margin of 46.0% increased 180 bps from the third quarter of 2018. Earnings per diluted common share decreased \$0.37, or 5%, from the third quarter of 2018.

NINE MONTHS ENDED SEPTEMBER 30, 2019 COMPARED WITH NINE MONTHS ENDED SEPTEMBER 30, 2018

GAAP Operating income of \$4,013 million decreased \$198 million and operating margin of 38.0% decreased 110 bps from the nine months ended September 30, 2018. The decline in operating income and operating margin reflected lower base and performance fees, partially offset by higher technology services revenue and lower employee compensation and benefits and volume-related expense. Operating income for the nine months ended September 30, 2019 also included \$61 million of product launch costs associated with the close of the \$1.4 billion BlackRock Science and Technology Trust II, a closed-end active equity fund. Nonoperating income (expense) less net income (loss) attributable to NCI increased \$127 million from the nine months ended September 30, 2018, driven by higher marks on unhedged seed capital investments and the revaluation of certain minority investments. Nonoperating results for the nine months ended September 30, 2018 included a \$40 million pre-tax gain related to the DSP Transaction.

Income tax expense for the nine months ended September 30, 2019 and 2018 included \$22 million and \$58 million, respectively, of discrete tax benefits related to stock-based compensation awards that vested in the first quarter of each respective year. Income tax expense for the nine months ended September 30, 2018 also included the previously mentioned \$90 million of discrete tax benefits. See *Income Tax Expense* within *Discussion of Financial Results* for more information.

Earnings per diluted common share decreased \$0.66, or 3%, from the nine months ended September 30, 2018, driven primarily by lower operating income and a higher effective tax rate, partially offset by higher nonoperating income and a lower diluted share count.

As Adjusted Operating income of \$4,013 million decreased \$208 million and operating margin of 43.7% decreased 80 bps from the nine months ended September 30, 2018. Earnings per diluted common share decreased \$0.71, or 3%, from the nine months ended September 30, 2018.

See *Non-GAAP Financial Measures* for further information on as adjusted items and the reconciliation to accounting principles generally accepted in the United States ("GAAP").

For further discussion of BlackRock's revenue, expense, nonoperating results and income tax expense, see *Discussion of Financial Results* herein.

NON-GAAP FINANCIAL MEASURES

BlackRock reports its financial results in accordance with GAAP, however, management believes evaluating the Company's ongoing operating results may be enhanced if investors have additional non-GAAP financial measures. Management reviews non-GAAP financial measures to assess ongoing operations and considers them to be helpful, for both management and investors, in evaluating BlackRock's financial performance over time. Management also uses non-GAAP financial measures as a benchmark to compare its performance with other companies and to enhance the comparability of this information for the reporting periods presented. Non-GAAP measures may pose limitations because they do not include all of BlackRock's revenue and expense. BlackRock's management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Non-GAAP measures may not be comparable to other similarly titled measures of other companies.

Management uses both GAAP and non-GAAP financial measures in evaluating BlackRock's financial performance. Adjustments to GAAP financial measures ("non-GAAP adjustments") include certain items management deems nonrecurring or that occur infrequently, transactions that ultimately will not impact BlackRock's book value or certain tax items that do not impact cash flow.

Computations for all periods are derived from the condensed consolidated statements of income as follows:

(1) Operating income, as adjusted, and operating margin, as adjusted:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
(in millions)				
Operating income, GAAP basis	\$ 1,502	\$ 1,396	\$ 4,013	\$ 4,211
Non-GAAP expense adjustment:				
PNC LTIP funding obligation	—	4	—	10
Operating income, as adjusted	1,502	1,400	4,013	4,221
Product launch costs and commissions	—	1	61	13
Operating income used for operating margin measurement	\$ 1,502	\$ 1,401	\$ 4,074	\$ 4,234
Revenue, GAAP basis	\$ 3,692	\$ 3,576	\$ 10,562	\$ 10,764
Non-GAAP adjustments:				
Distribution fees	(270)	(279)	(799)	(884)
Investment advisory fees	(157)	(129)	(448)	(371)
Revenue used for operating margin measurement	\$ 3,265	\$ 3,168	\$ 9,315	\$ 9,509
Operating margin, GAAP basis	40.7%	39.0%	38.0%	39.1%
Operating margin, as adjusted	46.0%	44.2%	43.7%	44.5%

Management believes operating income, as adjusted, and operating margin, as adjusted, are effective indicators of BlackRock's financial performance over time, and, therefore, provide useful disclosure to investors. Management believes that operating margin, as adjusted, reflects the Company's long-term ability to manage ongoing costs in relation to its revenues. The Company uses operating margin, as adjusted, to assess the Company's financial performance and to determine the long-term and annual compensation of the Company's senior-level employees. Furthermore, this metric is used to evaluate the Company's relative performance against industry peers, as it eliminates margin variability arising from the accounting of revenues and expenses related to distributing different product structures in multiple distribution channels utilized by asset managers.

- Operating income, as adjusted, includes a non-GAAP expense adjustment. In the three and nine months ended September 30, 2018, the portion of compensation expense associated with certain long-term incentive plans ("LTIP") funded, or to be funded, through share distributions to participants of BlackRock stock held by PNC has been excluded because it ultimately does not impact BlackRock's book value.
- Operating income used for measuring operating margin, as adjusted, is equal to operating income, as adjusted, excluding the impact of product launch costs (e.g. closed-end fund launch costs) and related commissions. Management believes the exclusion of such costs and related commissions is useful because these costs can fluctuate considerably and revenue associated with the expenditure of these costs will not fully impact BlackRock's results until future periods.

Revenue used for calculating operating margin, as adjusted, is reduced to exclude all of the Company's distribution fees, which are recorded as a separate line item on the condensed consolidated statements of income, as well as a portion of investment advisory fees received that is used to pay distribution and servicing costs. For certain products, based on distinct arrangements, distribution fees are collected by the Company and then passed-through to third-party client intermediaries. For other products, investment advisory fees are collected by the Company and a portion is passed-through to third-party client intermediaries. However, in both structures, the third-party client intermediary similarly owns the relationship with the retail client and is responsible for distributing the product and servicing the client. The amount of distribution and investment advisory fees fluctuates each period primarily based on a predetermined percentage of the value of AUM during the period. These fees also vary based on the type of investment product sold and the geographic location where it is sold. In addition, the Company may waive fees on certain products that could result in the reduction of payments to the third-party intermediaries.

(2) Net income attributable to BlackRock, Inc., as adjusted

(in millions, except per share data)

Net income attributable to BlackRock, Inc., GAAP basis

Non-GAAP adjustments:

PNC LTIP funding obligation, net of tax

Income tax matters

Net income attributable to BlackRock, Inc., as adjusted

Diluted weighted-average common shares outstanding (3)

Diluted earnings per common share, GAAP basis (3)

Diluted earnings per common share, as adjusted (3)

Three Months Ended September 30,		Nine Months Ended September 30,	
2019	2018	2019	2018
\$ 1,119	\$ 1,216	\$ 3,175	\$ 3,378
—	3	—	9
—	(5)	—	(1)
<u>\$ 1,119</u>	<u>\$ 1,214</u>	<u>\$ 3,175</u>	<u>\$ 3,386</u>
156.4	161.4	157.4	162.1
\$ 7.15	\$ 7.54	\$ 20.17	\$ 20.83
\$ 7.15	\$ 7.52	\$ 20.17	\$ 20.88

Management believes net income attributable to BlackRock, Inc., as adjusted, and diluted earnings per common share, as adjusted, are useful measures of BlackRock's profitability and financial performance. Net income attributable to BlackRock, Inc., as adjusted, equals net income attributable to BlackRock, Inc., GAAP basis, adjusted for significant nonrecurring items, charges that ultimately will not impact BlackRock's book value or certain tax items that do not impact cash flow.

See aforementioned discussion regarding operating income, as adjusted, and operating margin, as adjusted, for information on the PNC LTIP funding obligation.

For each period presented, the non-GAAP adjustment related to the PNC LTIP funding obligation was tax effected at the respective blended rates applicable to the adjustment. Amounts for income tax matters represent net noncash (benefits) expense primarily associated with the revaluation of certain deferred tax liabilities related to intangible assets and goodwill as a result of tax rate changes. Amounts have been excluded from the as adjusted results as these items will not have a cash flow impact and to ensure comparability among periods presented.

Per share amounts reflect net income attributable to BlackRock, Inc., as adjusted divided by diluted weighted average common shares outstanding.

(3) Nonvoting participating preferred stock is considered to be a common stock equivalent for purposes of determining basic and diluted earnings per share calculations.

ASSETS UNDER MANAGEMENT

AUM for reporting purposes generally is based upon how investment advisory and administration fees are calculated for each portfolio. Net asset values, total assets, committed assets or other measures may be used to determine portfolio AUM.

(1) Foreign exchange reflects the impact of translating non-US dollar denominated AUM into US dollars for reporting purposes.

(2) Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing four months

(3) Advisory AUM represents long-term portfolio liquidation assignments

(4) Amounts include commodity iShares ETFs

AUM increased \$121.5 billion to \$6.96 trillion at September 30, 2019, driven by net market appreciation and positive net inflows, partially offset by the impact of foreign exchange movements

Net market appreciation of \$90.6 billion was primarily driven by fixed income appreciation and higher US equity markets

Long-term net inflows of \$52.3 billion included \$41.5 billion, \$6.7 billion and \$4.1 billion from *iShares* ETFs, retail and institutional clients, respectively. Net flows in long-term products are described below

- *iShares* ETFs net inflows of \$41.5 billion were led by growth in Fixed Income, Factor, Core and European ETFs. Core and non-Core *iShares* ETFs saw net inflows of \$18.3 billion and \$23.2 billion, respectively. By region, *iShares* ETFs inflows were diversified with \$24.9 billion of net inflows in US-listed *iShares* ETFs and \$15.1 billion of net inflows in European-listed *iShares* ETFs
- Retail net inflows of \$6.7 billion reflected net inflows of \$5.5 billion in the United States and net inflows of \$1.2 billion internationally. Retail inflows reflected strength in active fixed income, led by municipals, short duration and total return strategies, active equity and liquid alternatives funds, partially offset by outflows from multi-asset world allocation products.
- Institutional index net inflows of \$8.4 billion were led by fixed income net inflows of \$18.5 billion, reflecting continued demand for liability-driven investment solutions, partially offset by equity index outflows of \$9.9 billion, linked to client asset allocation, rebalancing and liquidity needs
- Institutional active net outflows of \$4.4 billion were driven by active fixed income outflows of \$12.1 billion, primarily due to several client-specific redemptions, partially offset by net inflows into active equity, alternatives and multi-asset strategies

Cash management AUM increased to \$511 billion, driven by net inflows of \$32 billion.

AUM decreased \$53.4 billion due to the impact of foreign exchange movements, primarily due to the strengthening of the US dollar against the Euro and British pound

Component Changes in AUM for the Nine Months Ended September 30, 2019

⁽¹⁾ Foreign exchange reflects the impact of translating non-US dollar denominated AUM into US dollars for reporting purposes

⁽²⁾ Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing ten months

⁽³⁾ Advisory AUM represents long-term portfolio liquidation assignments

⁽⁴⁾ Amounts include commodity iShares ETFs

AUM increased \$988.1 billion to \$6.96 trillion at September 30, 2019, driven by net market appreciation and positive net inflows, partially offset by the impact of foreign exchange movements

Net market appreciation of \$735.5 billion was driven by higher US markets and fixed income appreciation

Long-term net inflows of \$236.6 billion included \$120.5 billion, \$108.3 billion and \$7.8 billion from institutional clients, *iShares* ETFs and retail clients, respectively. Net flows in long-term products are described below

- *iShares* ETFs net inflows of \$108.3 billion were led by fixed income ETFs, which generated \$87.4 billion of net inflows, across treasuries, investment grade corporate bond, high yield and emerging markets debt ETFs. *iShares* ETFs reflected \$57.5 billion and \$50.8 billion of net inflows into Core and non-Core ETFs, respectively. By region, *iShares* ETFs inflows were diversified with \$68.9 billion of net inflows in US-listed *iShares* ETFs and \$38.3 billion of net inflows in European-listed *iShares* ETFs
- Institutional active net inflows of \$84.1 billion were primarily driven by active fixed income, multi-asset and alternative net inflows of \$60.2 billion, \$13.6 billion and \$9.1 billion, respectively. Active fixed income net inflows included strong flows from two significant strategic client mandates and active multi-asset net inflows reflected continued growth in *LifePath*® target-date funds. Alternatives net inflows were led by flows into illiquid alternatives, including infrastructure, real estate and the first close of Long Term Private Capital ("LTPC"), a perpetual, direct private equity fund
- Institutional index net inflows of \$36.4 billion were primarily driven by fixed income net inflows of \$61.5 billion, led by continued demand for liability-driven investment solutions, partially offset by equity net outflows of \$24.6 billion, linked to client asset allocation, rebalancing and liquidity needs
- Retail net inflows of \$7.8 billion reflected net inflows of \$15.3 billion in the United States, partially offset by net outflows of \$7.5 billion internationally. Retail net inflows reflected strength in municipal fixed income funds

Cash management AUM increased to \$511 billion, primarily due to net inflows of \$63.3 billion.

AUM decreased \$47.2 billion due to the impact of foreign exchange movements, primarily due to the strengthening of the US dollar against the Euro and British pound

Component Changes in AUM for the Twelve Months Ended September 30, 2019

⁽¹⁾Foreign exchange reflects the impact of translating non-US dollar denominated AUM into US dollars for reporting purposes

⁽²⁾Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing thirteen months

⁽³⁾Advisory AUM represents long-term portfolio liquidation assignments

⁽⁴⁾Amounts include commodity iShares ETFs

AUM increased \$519.8 billion to \$6.96 trillion at September 30, 2019, driven by net inflows and net market appreciation, partially offset by the impact of foreign exchange movements

Net market appreciation of \$243.0 billion was driven by fixed income appreciation and higher US equity markets

Long-term net inflows of \$280.2 billion were comprised of net inflows of \$189.7 billion, \$87.5 billion and \$3.0 billion from *iShares* ETFs, institutional and retail clients, respectively. Net flows in long-term products are described below

- *iShares* ETFs net inflows of \$189.7 billion reflected \$90.7 billion and \$99.0 billion of net inflows into Core and non-Core ETFs, respectively. By region, *iShares* ETFs inflows were diversified with \$133.2 billion of net inflows in US-listed *iShares* ETFs and \$49.4 billion of net inflows in European-listed *iShares* ETFs. Fixed income net inflows of \$106.2 billion were led by flows into treasuries, investment grade corporate bond, high yield and core bond ETFs. Equity net inflows of \$76.1 billion were driven by both US and international equity market exposures
- Institutional active net inflows of \$78.2 billion primarily reflected active fixed income, multi-asset and alternative net inflows of \$46.8 billion, \$19.2 billion and \$12.4 billion, respectively. Active fixed income net inflows included the previously mentioned significant strategic client mandates and active multi-asset net inflows reflected continued growth in *LifePath* target-date funds and asset allocation strategies. Alternatives net inflows were led by flows into illiquid alternatives, including infrastructure, real estate and LTPC.
- Institutional index net inflows of \$9.3 billion were primarily driven by fixed income net inflows of \$67.0 billion, led by continued demand for liability-driven investment solutions, partially offset by equity net outflows of \$57.5 billion, linked to client asset allocation, rebalancing and liquidity needs
- Retail net inflows of \$3.0 billion reflected net inflows of \$20.2 billion in the United States, partially offset by net outflows of \$17.2 billion internationally. Retail net inflows reflected strength in municipal fixed income funds and continued growth in *LifePath* target-date, partially offset by net outflows from multi-asset asset allocation strategies

Cash management AUM increased to \$511 billion, primarily due to net inflows of \$69.4 billion

AUM decreased \$72.8 billion due to the impact of foreign exchange movements, primarily resulting from the strengthening of the US dollar against the British pound and Euro, partially offset by the weakening of the US dollar against the Japanese yen

DISCUSSION OF FINANCIAL RESULTS

The Company's results of operations for the three and nine months ended September 30, 2019 and 2018 are discussed below. For a further description of the Company's revenue and expense, see the Company's Annual Report on Form 10-K for the year ended December 31, 2018 ("2018 Form 10-K").

Revenue

The table below presents detail of revenue for the three and nine months ended September 30, 2019 and 2018 and includes the asset type mix of investment advisory, administration fees and securities lending revenue (collectively "base fees")

⁽¹⁾ Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing four months

⁽²⁾ Average AUM is calculated as the average of the month-end spot AUM amounts for the trailing ten months

Three Months Ended September 30, 2019 Compared with Three Months Ended September 30, 2018

Revenue increased \$116 million, or 3%, from the three months ended September 30, 2018, primarily driven by higher base fees and technology services revenue, partially offset by lower performance fees

Investment advisory, administration fees and securities lending revenue of \$2,980 million increased \$97 million from \$2,883 million for the three months ended September 30, 2018, primarily driven by organic growth, the positive impact of market beta and acquisitions, partially offset by the negative impact of foreign exchange movements on average AUM and strategic price changes to certain products. Securities lending revenue of \$150 million in the current quarter compared with \$160 million in third quarter of 2018.

Investment advisory performance fees of \$121 million decreased \$30 million from \$151 million for the three months ended September 30, 2018, primarily reflecting lower revenue from alternative and long-only equity products.

Technology services revenue of \$259 million increased \$59 million from \$200 million for the three months ended September 30, 2018, primarily reflecting the impact of the eFront acquisition and higher revenue from *Aladdin*.

Nine Months Ended September 30, 2019 Compared with Nine Months Ended September 30, 2018

Revenue decreased \$202 million, or 2%, from the nine months ended September 30, 2018, primarily driven by lower performance fees, base fees and advisory and other revenue, partially offset by higher technology services revenue

Investment advisory, administration fees and securities lending revenue of \$8,688 million decreased \$86 million from \$8,774 million for the nine months ended September 30, 2018, primarily driven by lower securities lending revenue, the impact of markets and foreign exchange movements on average AUM and strategic price changes to certain products, partially offset by the positive impact of acquisitions and organic growth. Securities lending revenue of \$448 million for the nine months ended September 30, 2019 decreased \$50 million from \$498 million for the nine months ended September 30, 2018, primarily reflecting reduced European seasonal demand and lower cash spreads

Investment advisory performance fees of \$211 million decreased \$101 million from \$312 million for the nine months ended September 30, 2018, primarily reflecting lower revenue from long-only equity products and liquid alternatives, partially offset by higher revenue from illiquid alternatives

Technology services revenue of \$700 million increased \$118 million from \$582 million for the nine months ended September 30, 2018, primarily reflecting the impact of the eFront acquisition and higher revenue from *Aladdin*

Advisory and other revenue of \$164 million decreased \$48 million from \$212 million for the nine months ended September 30, 2018, primarily reflecting lower fees from advisory and transition management assignments, and lower earnings from equity method investments

Contingent consideration fair value adjustments	(1)	29	18	34
Product launch costs	—	1	59	12
Other general and administration	52	54	142	144
Total general and administration expense	385	413	1,243	1,189
Amortization of intangible assets	28	13	68	35
Total expense, GAAP	\$ 2,190	\$ 2,180	\$ 6,549	\$ 6,553

Three Months Ended September 30, 2019 Compared with Three Months Ended September 30, 2018

GAAP Expense increased \$10 million from the three months ended September 30, 2018, primarily driven by higher employee compensation and benefits expense and expense linked to the eFront Transaction, partially offset by lower general and administration expense

Employee compensation and benefits expense increased \$14 million from the three months ended September 30, 2018, primarily reflecting higher headcount, partially offset by lower incentive compensation.

General and administration expense decreased \$28 million from the three months ended September 30, 2018, primarily due to lower transaction-related and foreign exchange remeasurement expense, partially offset by higher technology expense

Amortization of intangible assets expense increased \$15 million from the three months ended September 30, 2018, primarily reflecting amortization of intangible assets associated with the eFront Transaction

Nine Months Ended September 30, 2019 Compared with Nine Months Ended September 30, 2018

GAAP Expense decreased \$4 million from the nine months ended September 30, 2018, driven primarily by lower employee compensation and benefits and volume-related expense, partially offset by higher general and administration expense, which reflected the previously mentioned product launch costs, and higher amortization of intangible assets

Employee compensation and benefits expense decreased \$42 million from the nine months ended September 30, 2018, primarily reflecting lower incentive compensation, driven in part by lower operating income, partially offset by higher salaries and headcount

Direct fund expense decreased \$41 million from the nine months ended September 30, 2018, reflecting the negative impact of markets and foreign exchange movements on average AUM

General and administration expense increased \$54 million from the nine months ended September 30, 2018, primarily due to higher product launch costs, technology expense and the impact of foreign exchange remeasurement expense, partially offset by lower contingent consideration fair value adjustments related to prior acquisitions and lower portfolio services, and marketing and promotional expense

Amortization of intangible assets expense increased \$33 million from the nine months ended September 30, 2018, primarily reflecting amortization of intangible assets associated with the eFront Transaction.

Nonoperating Results

The summary and reconciliation of GAAP nonoperating income (expense) to nonoperating income (expense), as adjusted for the three and nine months ended September 30, 2019 and 2018 was as follows

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
(in millions)				
Nonoperating income (expense), GAAP basis ⁽¹⁾	\$ (42)	\$ 33	\$ 140	\$ (7)
Less: Net income (loss) attributable to NCI	—	(13)	17	(3)
Nonoperating income (expense), as adjusted, net of NCI ⁽²⁾⁽³⁾	\$ (42)	\$ 46	\$ 123	\$ (4)

⁽¹⁾ Amounts include losses of \$5 million and \$9 million for the three months ended September 30, 2019 and 2018, respectively, attributable to consolidated variable interest entities ("VIEs"). Amounts include gains of \$128 million and losses of \$21 million for the nine months ended September 30, 2019 and 2018, respectively, attributable to consolidated VIEs.

⁽²⁾ Net of income (loss) attributable to NCI.

⁽³⁾ Management believes nonoperating income (expense), as adjusted, is an effective measure for reviewing BlackRock's nonoperating results. See *Non-GAAP Financial Measures* for further information on non-GAAP financial measures for the three and nine months ended September 30, 2019 and 2018.

The components of nonoperating income (expense), as adjusted, for the three and nine months ended September 30, 2019 and 2018 were as follows

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
(in millions)				
Net gain (loss) on investments ⁽¹⁾⁽²⁾

Effective tax rate	23.3 %	15.7 %	23.2 %	19.7 %	23.3 %	16.0 %	23.2 %	19.7 %

⁽¹⁾ Management believes nonoperating income (expense), as adjusted, is an effective measure for reviewing BlackRock's nonoperating results. See *Non-GAAP Financial Measures* for further information.

⁽²⁾ Net of net income (loss) attributable to NCI.

2019. The nine months ended September 30, 2019 income tax expense included a discrete tax benefit of \$22 million related to stock-based compensation awards that vested in 2019.

2018. The three and nine months ended September 30, 2018 income tax expense reflected \$90 million of discrete tax benefits, primarily related to changes in the Company's organizational entity structure. The nine months ended September 30, 2018 income tax expense also included a discrete tax benefit of \$58 million related to stock-based compensation awards that vested in 2018.

BALANCE SHEET OVERVIEW

As Adjusted Balance Sheet

The following table presents a reconciliation of the condensed consolidated statement of financial condition presented on a GAAP basis to the condensed consolidated statement of financial condition, excluding the impact of separate account assets and separate account collateral held under securities lending agreements (directly related to lending separate account securities) and separate account liabilities and separate account collateral liabilities under securities lending agreements and consolidated sponsored investment products

The Company presents the as adjusted balance sheet as additional information to enable investors to exclude certain assets that have equal and offsetting liabilities or noncontrolling interests that ultimately do not have an impact on stockholders' equity or cash flows. Management views the as adjusted balance sheet, a non-GAAP financial measure, as an economic presentation of the Company's total assets and liabilities, however, it does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Separate Account Assets and Liabilities and Separate Account Collateral Held under Securities Lending Agreements

Separate account assets are maintained by BlackRock Life Limited, a wholly owned subsidiary of the Company that is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The Company records equal and offsetting separate account liabilities. The separate account assets are not available to creditors of the Company and the holders of the pension contracts have no recourse to the Company's assets. The net investment income attributable to separate account assets accrues directly to the contract owners and is not reported on the condensed consolidated statements of income. While BlackRock has no economic interest in these assets or liabilities, BlackRock earns an investment advisory fee for the service of managing these assets on behalf of its clients.

In addition, the Company records on its condensed consolidated statements of financial condition the separate account collateral received under BlackRock Life Limited securities lending arrangements as its own asset in addition to an equal and offsetting separate account collateral liability for the obligation to return the collateral. The collateral is not available to creditors of the Company and the borrowers under the securities lending arrangements have no recourse to the Company's assets.

Consolidated Sponsored Investment Products

The Company consolidates certain sponsored investment products accounted for as voting rights entities ("VREs") and VIEs, (collectively, "Consolidated Sponsored Investment Products"). See Note 2, *Significant Accounting Policies*, in the notes to the consolidated financial statements contained in the 2018 Form 10-K for more information on the Company's consolidation policy.

The Company cannot readily access cash and cash equivalents or other assets held by Consolidated Sponsored Investment Products to use in its operating activities. In addition, the Company cannot readily sell investments held by Consolidated Sponsored Investment Products in order to obtain cash for use in the Company's operations.

September 30, 2019

Total liabilities and equity	\$ 163,872	\$ 114,200	\$ 1,468	\$ 48,204

⁽¹⁾ Amounts represent segregated client assets and related liabilities. BlackRock has no economic interest in these assets or liabilities, BlackRock earns an investment advisory fee for the service of managing these assets on behalf of its clients.

⁽²⁾ Amounts primarily represent the portion of assets and liabilities of Consolidated Sponsored Investment Products attributable to NCI.

⁽³⁾ Amounts include property and equipment and other assets.

⁽⁴⁾ Amount includes approximately \$4.2 billion of deferred income tax liabilities related to goodwill and intangibles.

The following discussion summarizes the significant changes in assets and liabilities on a GAAP basis. Please see the condensed consolidated statements of financial condition as of September 30, 2019 and December 31, 2018 contained in Part I, Item 1 of this filing. The discussion does not include changes related to assets and liabilities that are equal and offsetting and have no impact on BlackRock's stockholders' equity.

Assets. Cash and cash equivalents at September 30, 2019 and December 31, 2018 included \$11 million and \$59 million, respectively, of cash held by consolidated VREs (see *Liquidity and Capital Resources* for details on the change in cash and cash equivalents during the nine months ended September 30, 2019).

Accounts receivable at September 30, 2019 increased \$369 million from December 31, 2018, primarily due to higher base fees, technology services and performance fee receivables. Investments were \$2,117 million at September 30, 2019 (for more information see *Investments* herein). Goodwill and intangible assets increased \$1,594 million from December 31, 2018, primarily due to the eFront Transaction, partially offset by amortization of intangible assets. Other assets (including operating lease right-of-use ("ROU") assets and property and equipment) increased \$1,240 million from December 31, 2018, primarily due to the recognition of the operating lease ROU assets related to the adoption of the new lease accounting guidance and an increase in certain strategic investments, unit trust receivables (substantially offset by an increase in unit trust payables recorded within other liabilities) and other assets.

Liabilities. Accrued compensation and benefits at September 30, 2019 decreased \$488 million from December 31, 2018, primarily due to 2018 incentive compensation cash payments in the first quarter of 2019, partially offset by 2019 incentive compensation accruals. Other liabilities increased \$987 million from December 31, 2018, primarily due to the recognition of the operating lease liabilities related to the adoption of the new lease accounting guidance and higher unit trust payables (substantially offset by an increase in unit trust receivables recorded within other assets), partially offset by contingent liability payments in connection with certain prior acquisitions. Net deferred income tax liabilities at September 30, 2019 increased \$221 million from December 31, 2018, primarily due to the effects of temporary differences associated with the eFront Transaction, stock-based compensation and investment income.

Investments and Investments of Consolidated VIEs

The Company's investments and investments of consolidated VIEs (collectively, "Total Investments") were \$2,117 million and \$2,898 million, respectively, at September 30, 2019. Total Investments include consolidated investments held by sponsored investment products accounted for as VREs and VIEs. Management reviews BlackRock's Total Investments on an "economic" basis, which eliminates the portion of Total Investments that does not impact BlackRock's book value or net income attributable to BlackRock. BlackRock's management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

The Company presents Total Investments, as adjusted, to enable investors to understand the portion of Total Investments that is owned by the Company, net of NCI, as a gauge to measure the impact of changes in net nonoperating income (expense) on investments to net income (loss) attributable to BlackRock.

The Company further presents net "economic" investment exposure, net of deferred compensation investments and hedged investments, to reflect another helpful measure for investors. The economic impact of Total Investments held pursuant to deferred compensation arrangements is offset by a change in compensation expense. The impact of certain investments is substantially mitigated by swap hedges. Carried interest capital allocations are excluded as there is no impact to BlackRock's stockholders' equity until such amounts are realized as performance fees. Finally, the Company's regulatory investment in Federal Reserve Bank stock, which is not subject to market or interest rate risk, is excluded from the Company's net economic investment exposure.

	September 30, 2019	December 31, 2018
(in millions)		
Investments, GAAP	\$ 2,117	\$ 1,796
Investments held by consolidated VIEs, GAAP	2,898	2,680
Total Investments	5,015	4,476
Investments held by consolidated VIEs	(2,898)	(2,680)
Net interest in consolidated VIEs ⁽¹⁾	1,664	1,661
Investments held by consolidated VREs	(503)	(524)
Net interest in consolidated VREs	458	448
Total Investments, as adjusted	3,736	3,381
Federal Reserve Bank stock	(93)	(92)
Deferred compensation investments	(22)	(34)
Hedged investments	(533)	(483)
Carried interest (VIEs/VREs)	(458)	(387)
Total "economic" investment exposure	\$ 2,630	\$ 2,385

⁽¹⁾ Amount includes \$442 million of carried interest (VIEs) as of September 30, 2019 and \$369 million as of December 31, 2018, which has no impact on the Company's "economic" investment exposure.

The following table represents the carrying value of the Company's economic investment exposure, by asset type, at September 30, 2019 and December 31, 2018

<i>(in millions)</i>	September 30, 2019	December 31, 2018

Market appreciation(depreciation)/earnings from equity method investments	249
Carried interest capital allocations/(distributions)	71
Other	(29)
Total Investments, as adjusted, ending balance	\$ 3,736

⁽¹⁾ Amount includes distributions representing return of capital and return on investments.

LIQUIDITY AND CAPITAL RESOURCES

BlackRock Cash Flows Excluding the Impact of Consolidated Sponsored Investment Products

The condensed consolidated statements of cash flows include the cash flows of the Consolidated Sponsored Investment Products. The Company uses an adjusted cash flow statement, which excludes the impact of Consolidated Sponsored Investment Products, as a supplemental non-GAAP measure to assess liquidity and capital requirements. The Company believes that its cash flows, excluding the impact of the Consolidated Sponsored Investment Products, provide investors with useful information on the cash flows of BlackRock relating to its ability to fund additional operating, investing and financing activities. BlackRock's management does not advocate that investors consider such non-GAAP measures in isolation from, or as a substitute for, its cash flows presented in accordance with GAAP.

The following table presents a reconciliation of the condensed consolidated statements of cash flows presented on a GAAP basis to the condensed consolidated statements of cash flows, excluding the impact of the cash flows of Consolidated Sponsored Investment Products.

	GAAP Basis	Impact on Cash Flows of Consolidated Sponsored Investment Products	Cash Flows Excluding Impact of Consolidated Sponsored Investment Products
<i>(in millions)</i>			
Cash, cash equivalents and restricted cash, December 31, 2018	\$ 6,505	\$ 245	\$ 6,260
Net cash provided by/(used in) operating activities	1,628	(1,016)	2,644
Net cash provided by/(used in) investing activities	(2,107)	(96)	(2,011)
Net cash provided by/(used in) financing activities	(1,369)	1,009	(2,378)
Effect of exchange rate changes on cash, cash equivalents and restricted cash	(33)	—	(33)
Net increase/(decrease) in cash, cash equivalents and restricted cash	(1,881)	(103)	(1,778)
Cash, cash equivalents and restricted cash, September 30, 2019	\$ 4,624	\$ 142	\$ 4,482

Sources of BlackRock's operating cash primarily include investment advisory, administration fees and securities lending revenue, performance fees, technology services revenue, advisory and other revenue and distribution fees. BlackRock uses its cash to pay all operating expense, interest and principal on borrowings, income taxes, dividends on BlackRock's capital stock, repurchases of the Company's stock, acquisitions, capital expenditures and purchases of co-investments and seed investments.

For details of the Company's GAAP cash flows from operating, investing and financing activities, see the condensed consolidated statements of cash flows contained in Part I, Item 1 of this filing.

Cash flows provided by operating activities, excluding the impact of Consolidated Sponsored Investment Products, primarily include the receipt of investment advisory and administration fees, securities lending revenue and performance fees offset by the payment of operating expenses incurred in the normal course of business, including year-end incentive compensation accrued for in the prior year.

Cash flows used in investing activities, excluding the impact of Consolidated Sponsored Investment Products, for the nine months ended September 30, 2019 were \$2,011 million and primarily reflected \$1.5 billion of cash outflow related to the eFront Transaction, \$572 million of investment purchases and \$160 million of purchases of property and equipment, partially offset by \$151 million of net proceeds from sales and maturities of certain investments.

Cash flows used in financing activities, excluding the impact of Consolidated Sponsored Investment Products, for the nine months ended September 30, 2019 were \$2,378 million, primarily resulting from \$1.9 billion of share repurchases, including \$400 million in open market transactions, a \$1.3 billion private transaction and \$238 million of employee tax withholdings related to employee stock transactions, and \$1.6 billion of cash dividend payments, partially offset by \$992 million of proceeds from long-term borrowings.

The Company manages its financial condition and funding to maintain appropriate liquidity for the business. Liquidity resources at September 30, 2019 and December 31, 2018 were as follows

	September 30, 2019	December 31, 2018
(in millions)		
Cash and cash equivalents ⁽¹⁾	\$ 4,476	\$ 6,302
Cash and cash equivalents held by consolidated VREs ⁽²⁾	(11)	(59)
Subtotal	4,465	6,243
Credit facility – undrawn	4,000	4,000
Total liquidity resources ⁽³⁾	\$ 8,465	\$ 10,243

⁽¹⁾ The percentage of cash and cash equivalents held by the Company's US subsidiaries was approximately 50% at both September 30, 2019 and December 31, 2018. See *Net Capital Requirements* herein for more information on net capital requirements in certain regulated subsidiaries.

⁽²⁾ The Company cannot readily access such cash to use in its operating activities.

⁽³⁾ Amount does not reflect year-end incentive compensation accruals, which are paid in the first quarter.

Total liquidity resources decreased \$1,778 million during the nine months ended September 30, 2019, primarily reflecting cash payments of 2018 year-end incentive awards, share repurchases of \$1.9 billion, reflecting the impact of a \$1.3 billion private transaction, approximately \$1.5 billion of cash outflow related to the eFront Transaction, and cash dividend payments of \$1.6 billion, partially offset by \$992 million of proceeds from long-term borrowings and cash flows from other operating activities.

A significant portion of the Company's \$3,736 million of Total Investments, as adjusted, is illiquid in nature and, as such, cannot be readily convertible to cash.

Share Repurchases. In January 2019, the Board of Directors authorized the repurchase of an additional seven million shares under the Company's existing share repurchase program for a total up to approximately 9.9 million shares of BlackRock common stock.

During the nine months ended September 30, 2019, the Company repurchased 4.0 million common shares under the share repurchase program for approximately \$1.7 billion, including a \$1.3 billion private transaction that closed on March 25, 2019. The Company has completed its targeted level of share repurchases for the year, but will remain opportunistic should relative valuation opportunities arise. At September 30, 2019, there were 5.9 million shares still authorized to be repurchased.

Net Capital Requirements. The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions may have adverse tax consequences that could discourage such transfers.

BlackRock Institutional Trust Company, N.A. ("BTC") is chartered as a national bank that does not accept deposits or make commercial loans and whose powers are limited to trust and other fiduciary activities. BTC provides investment management and other fiduciary services, including investment advisory and securities lending agency services, to institutional clients. BTC is subject to regulatory capital and liquid asset requirements administered by the Office of the Comptroller of the Currency.

At both September 30, 2019 and December 31, 2018, the Company was required to maintain approximately \$1.8 billion in net capital in certain regulated subsidiaries, including BTC, entities regulated by the Financial Conduct Authority and Prudential Regulation Authority in the United Kingdom, and the Company's broker-dealers. The Company was in compliance with all applicable regulatory net capital requirements.

Short-Term Borrowings

2019 Revolving Credit Facility The Company's credit facility has an aggregate commitment amount of \$4.0 billion and was amended in March 2019 to extend the maturity date to March 2024 (the "2019 credit facility"). The 2019 credit facility permits the Company to request up to an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2019 credit facility to an aggregate principal amount not to exceed \$5.0 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2019 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at September 30, 2019. The 2019 credit facility provides back-up liquidity to fund ongoing working capital for general corporate purposes and various investment opportunities. At September 30, 2019, the Company had no amount outstanding under the credit facility.

Commercial Paper Program. The Company can issue unsecured commercial paper notes (the "CP Notes") on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$4.0 billion. The commercial paper program is currently supported by the 2019 credit facility. At September 30, 2019, BlackRock had no CP Notes outstanding.

Long-Term Borrowings

At September 30, 2019, the principal amount of long-term borrowings outstanding was \$6.0 billion. See Note 13, *Borrowings*, in the 2018 Form 10-K for more information on borrowings outstanding as of December 31, 2018.

During the nine months ended September 30, 2019, the Company paid approximately \$121 million of interest on long-term borrowings. Future principal repayments and interest requirements at September 30, 2019 were as follows:

(in millions)

Year	Principal	Interest	Total Payments
Remainder of 2019	\$ 1,000	\$ 70	\$ 1,070
2020	—	157	157
2021	750	141	891
2022	750	112	862
2023	—	99	99
2024	1,000	82	1,082
Thereafter ⁽¹⁾	2,463	212	2,675
Total	<u>\$ 5,963</u>	<u>\$ 873</u>	<u>\$ 6,836</u>

⁽¹⁾ The amount of principal and interest payments for the 2025 Notes (issued in Euros) represents the expected payment amounts using the EUR/USD foreign exchange rate as of September 30, 2019.

In April 2019, the Company issued \$1.0 billion in aggregate principal amount of 3.25% senior unsecured and unsubordinated notes maturing on April 30, 2029 (the "2029 Notes"). Interest is payable semi-annually on April 30 and October 30 of each year, commencing October 30, 2019, and is approximately \$33 million per year. The 2029 Notes may be redeemed prior to January 30, 2029 in whole or in part at any time, at the option of the Company, at a "make-whole" redemption price or at par thereafter. The unamortized discount and debt issuance costs are being amortized over the remaining term of the 2029 Notes.

Commitments and Contingencies

Investment Commitments At September 30, 2019, the Company had \$533 million of various capital commitments to fund sponsored investment products, including consolidated VIEs. These funds include private equity funds, real assets funds and opportunistic funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party noncontrolling interest holders have the legal obligation to fund the respective commitments of such funds of funds. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company that are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Contingent Payments Related to Business Acquisitions In connection with certain acquisitions, BlackRock is required to make contingent payments, subject to achieving specified performance targets, which may include revenue related to acquired contracts or new capital commitments for certain products. The fair value of the remaining aggregate contingent payments at September 30, 2019 totaled \$167 million and is included in other liabilities on the condensed consolidated statements of financial condition.

Carried Interest Clawback As a general partner in certain investment products, including private equity partnerships and certain hedge funds, the Company may receive carried interest cash distributions from the partnerships in accordance with distribution provisions of the partnership agreements. The Company may, from time to time, be required to return all or a portion of such distributions to the limited partners in the event the limited partners do not achieve a return as specified in the various partnership agreements. Therefore, BlackRock records carried interest subject to such clawback provisions in Total Investments, or cash/cash of consolidated VIEs to the extent that it is distributed, and as a deferred carried interest liability/other liabilities of consolidated VIEs on its condensed consolidated statements of financial condition. Carried interest is recorded as performance fees on BlackRock's condensed consolidated statements of income when the fees are no longer probable of significant reversal.

Indemnifications On behalf of certain clients, the Company lends securities to highly rated banks and broker-dealers. In these securities lending transactions, the borrower is required to provide and maintain collateral at or above regulatory minimums. Securities on loan are marked to market daily to determine if the borrower is required to pledge additional collateral. BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At September 30, 2019, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$211 billion. The Company held, as agent, cash and securities totaling \$225 billion as collateral for indemnified securities on loan at September 30, 2019. The fair value of these indemnifications was not material at September 30, 2019.

While the collateral pledged by a borrower is intended to be sufficient to offset the borrower's obligations to return securities borrowed and any other amounts owing to the lender under the relevant securities lending agreement, in the event of a borrower default, the Company can give no assurance that the collateral pledged by the borrower will be sufficient to fulfill such obligations. If the amount of such pledged collateral is not sufficient to fulfill such obligations to a client for whom the Company has provided indemnification, BlackRock would be responsible for the amount of the shortfall. These indemnifications cover only the collateral shortfall described above, and do not in any way guarantee, assume or otherwise insure the investment performance or return of any cash collateral vehicle into which securities lending cash collateral is invested.

Critical Accounting Policies

The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenue and expense during the reporting periods. Actual results could differ significantly from those estimates. Management considers the following critical accounting policies important to understanding the condensed consolidated financial statements. For a summary of these and additional accounting policies see Note 2, *Significant Accounting Policies*, in the notes to the condensed consolidated financial statements, including information regarding the adoption of Accounting Standards Update 2016-02, *Leases*. In addition, see *Critical Accounting Policies* in Management's Discussion and Analysis of Financial Condition and Results of Operations and Note 2, *Significant Accounting Policies*, in the 2018 Form 10-K for further information.

Consolidation. In the normal course of business, the Company is the manager of various types of sponsored investment vehicles. The Company performs an analysis for investment products to determine if the product is a VIE or a VRE. Assessing whether an entity is a VIE or a VRE involves judgment and analysis. Factors considered in this assessment include the entity's legal organization, the entity's capital structure and equity ownership, and any related party or de facto agent implications of the Company's involvement with the entity. Investments that are determined to be VREs are consolidated if the Company can exert control over the financial and operating policies of the investee, which generally exists if there is greater than 50% voting interest. See Note 6, *Consolidated Voting Rights Entities*, in the notes to the condensed consolidated financial statements for more information. Investments that are determined to be VIEs are consolidated if the Company is the primary beneficiary ("PB") of the entity. BlackRock is deemed to be the PB of a VIE if it has the power to direct the activities that most significantly impact the entities' economic performance and has the obligation to absorb losses or the right to receive benefits that potentially could be significant to the VIE. The Company generally consolidates VIEs in which it holds an equity ownership interest of 10% or greater and deconsolidates such VIEs once equity ownership falls below 10%. See Note 7, *Variable Interest Entities*, in the notes to the condensed consolidated financial statements for more information.

Fair Value Measurements. The Company's assessment of the significance of a particular input to the fair value measurement according to the fair value hierarchy (i.e., Level 1, 2 and 3 inputs, as defined) in its entirety requires judgment and considers factors specific to the financial instrument. See Note 2, *Significant Accounting Policies*, in the notes to the condensed consolidated financial statements for more information on fair value measurements.

Leases. The Company determines if a contract is a lease or contains a lease at inception. The identification of whether a contract contains a lease requires judgment, including determining whether there are identified assets in the contract and whether the Company has control over such identified assets.

Fixed lease payments are included in ROU assets and lease liabilities on the condensed consolidated statement of financial condition. The Company recognizes ROU assets and lease liabilities based on the present value of the future lease payments over the lease term at the commencement date discounted using the Company's incremental borrowing rate ("IBR"). Management judgment is required in determining the Company's IBR, including assessing the Company's credit rating using various financial metrics, including revenue, operating margin and revenue growth, and, as appropriate, performing market analysis of yields on publicly traded bonds (secured or unsecured) of comparable companies. See Note 2, *Significant Accounting Policies*, in the notes to the condensed consolidated financial statements for more information on leases.

Investment Advisory Performance Fees / Carried Interest. The Company receives investment advisory performance fees, including incentive allocations (carried interest) from certain actively managed investment funds and certain separately managed accounts. These performance fees are dependent upon exceeding specified relative or absolute investment return thresholds, which may vary by product or account, and include monthly, quarterly, annual or longer measurement periods.

Performance fees, including carried interest, are recognized when it is determined that they are no longer probable of significant reversal (such as upon the sale of a fund's investment or when the amount of AUM becomes known as of the end of a specified measurement period). Given the unique nature of each fee arrangement, contracts with customers are evaluated on an individual basis to determine the timing of revenue recognition. Significant judgement is involved in making such determination. Performance fees typically arise from investment management services that began in prior reporting periods. Consequently, a portion of the fees the Company recognizes may be partially related to the services performed in prior periods that meet the recognition criteria in the current period. At each reporting date, the Company considers various factors in estimating performance fees to be recognized, including carried interest. These factors include but are not limited to whether: (1) the fees are dependent on the market and thus are

highly susceptible to factors outside the Company's influence; (2) the fees have a large number and a broad range of possible amounts, and (3) the funds or separately managed accounts have the ability to invest or reinvest their sales proceeds.

The Company is allocated carried interest from certain alternative investment products upon exceeding performance thresholds. The Company may be required to reverse/return all, or part, of such carried interest allocations/distributions depending upon future performance of these funds. Carried interest subject to such clawback provisions is recorded in investments/investments of consolidated VIEs or cash/cash of consolidated VIEs to the extent that it is distributed, on its condensed consolidated statements of financial condition.

The Company records a liability for deferred carried interest to the extent it receives cash or capital allocations related to carried interest prior to meeting the revenue recognition criteria. At September 30, 2019 and December 31, 2018, the Company had \$388 million and \$293 million, respectively, of deferred carried interest recorded in other liabilities/other liabilities of consolidated VIEs on the condensed consolidated statements of financial condition. A portion of the deferred carried interest may also be paid to certain employees. The ultimate timing of the recognition of performance fee revenue and related compensation expense, if any, for these products is unknown. See Note 15, *Revenue*, in the notes to the condensed consolidated financial statements for detailed changes in the deferred carried interest liability balance for the three and nine months ended September 30, 2019 and 2018.

Accounting Developments

For accounting pronouncements that the Company adopted during the nine months ended September 30, 2019, see Note 2, *Significant Accounting Policies*, in the notes to the condensed consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

AUM Market Price Risk. BlackRock's investment advisory and administration fees are primarily comprised of fees based on a percentage of the value of AUM and, in some cases, performance fees expressed as a percentage of the returns realized on AUM. At September 30, 2019, the majority of the Company's investment advisory and administration fees were based on average or period end AUM of the applicable investment funds or separate accounts. Movements in equity market prices, interest rates/credit spreads, foreign exchange rates or all three could cause the value of AUM to decline, which would result in lower investment advisory and administration fees.

Corporate Investments Portfolio Risks. As a leading investment management firm, BlackRock devotes significant resources across all of its operations to identifying, measuring, monitoring, managing and analyzing market and operating risks, including the management and oversight of its own investment portfolio. The Board of Directors of the Company has adopted guidelines for the review of investments to be made by the Company, requiring, among other things, that investments be reviewed by certain senior officers of the Company, and that certain investments may be referred to the Audit Committee or the Board of Directors, depending on the circumstances, for approval.

In the normal course of its business, BlackRock is exposed to equity market price risk, interest rate/credit spread risk and foreign exchange rate risk associated with its corporate investments.

BlackRock has investments primarily in sponsored investment products that invest in a variety of asset classes, including real assets, private equity and hedge funds. Investments generally are made for co-investment purposes, to establish a performance track record, to hedge exposure to certain deferred compensation plans or for regulatory purposes. Currently, the Company has a seed capital hedging program in which it enters into swaps to hedge market and interest rate exposure to certain investments. At September 30, 2019, the Company had outstanding total return swaps with an aggregate notional value of approximately \$533 million. At September 30, 2019, there were no outstanding interest rate swaps.

At September 30, 2019, approximately \$3.4 billion of BlackRock's Total Investments were maintained in consolidated sponsored investment funds accounted for as VREs and VIEs. Excluding the impact of the Federal Reserve Bank stock, carried interest, investments made to hedge exposure to certain deferred compensation plans and certain investments that are hedged via the seed capital hedging program, the Company's economic exposure to its investment portfolio is \$2,630 million. See *Balance Sheet Overview- Investments and Investments of Consolidated VIEs* in Management's Discussion and Analysis of Financial Condition and Results of Operations for further information on the Company's Total Investments.

Equity Market Price Risk. At September 30, 2019, the Company's net exposure to equity market price risk in its investment portfolio was approximately \$986 million of the Company's total economic investment exposure. Investments subject to market price risk include private equity and real assets investments, hedge funds and funds of funds as well as mutual funds. The Company estimates that a hypothetical 10% adverse change in market prices would result in a decrease of approximately \$99 million in the carrying value of such investments.

Interest Rate/Credit Spread Risk. At September 30, 2019, the Company was exposed to interest-rate risk and credit spread risk as a result of approximately \$1,644 million of Total Investments in debt securities and sponsored investment products that invest primarily in debt securities. Management considered a hypothetical 100 basis point fluctuation in interest rates or credit spreads and estimates that the impact of such a fluctuation on these investments, in the aggregate, would result in a decrease, or increase, of approximately \$47 million in the carrying value of such investments.

Foreign Exchange Rate Risk. As discussed above, the Company invests in sponsored investment products that invest in a variety of asset classes. The carrying value of the total economic investment exposure denominated in foreign currencies, primarily the British pound and Euro, was \$689 million at September 30, 2019. A 10% adverse change in the applicable foreign exchange rates would result in approximately a \$69 million decline in the carrying value of such investments.

Other Market Risks. The Company executes forward foreign currency exchange contracts to mitigate the risk of certain foreign exchange risk movements. At September 30, 2019, the Company had outstanding forward foreign currency exchange contracts with an aggregate notional value of approximately \$2.4 billion.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. Under the direction of BlackRock's Chief Executive Officer and Chief Financial Officer, BlackRock evaluated the effectiveness of its disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this quarterly report on Form 10-Q. Based on this evaluation, BlackRock's Chief Executive Officer and Chief Financial Officer have concluded that BlackRock's disclosure controls and procedures were effective.

Internal Control over Financial Reporting. There were no changes in our internal control over financial reporting that occurred during the quarter ended September 30, 2019 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, BlackRock receives subpoenas or other requests for information from various US federal and state governmental and regulatory authorities and international governmental and regulatory authorities in connection with industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such matters. The Company, certain of its subsidiaries and employees have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, BlackRock-advised investment portfolios may be subject to lawsuits, any of which potentially could harm the investment returns of the applicable portfolio or result in the Company being liable to the portfolios for any resulting damages.

On May 27, 2014, certain investors in the BlackRock Global Allocation Fund, Inc. and the BlackRock Equity Dividend Fund (collectively, the "Funds") filed a consolidated complaint (the "Consolidated Complaint") in the US District Court for the District of New Jersey against BlackRock Advisors, LLC, BlackRock Investment Management, LLC and BlackRock International Limited under the caption *In re BlackRock Mutual Funds Advisory Fee Litigation*. In the lawsuit, which purports to be brought derivatively on behalf of the Funds, the plaintiffs allege that the defendants violated Section 36(b) of the Investment Company Act by receiving allegedly excessive investment advisory fees from the Funds. On June 13, 2018, the court granted in part and denied in part the defendants' motion for summary judgment. On July 25, 2018, the plaintiffs served a pleading that supplemented the time period of their alleged damages to run through the date of trial. The lawsuit seeks, among other things, to recover on behalf of the Funds all allegedly excessive advisory fees received by the defendants beginning twelve months preceding the start of the lawsuit with respect to each Fund and ending on the date of judgment, along with purported lost investment returns on those amounts, plus interest. The trial on the remaining issues was completed on August 29, 2018. On February 8, 2019, the court issued an order dismissing the claims in their entirety. The plaintiffs filed a notice of appeal on March 8, 2019, which remains pending. The defendants believe the claims in this lawsuit are without merit.

On June 16, 2016, iShares Trust, BlackRock, Inc. and certain of its advisory subsidiaries, and the directors and certain officers of the iShares ETFs were named as defendants in a purported class action lawsuit filed in California state court. The lawsuit was filed by investors in certain iShares ETFs (the "ETFs"), and alleges the defendants violated the federal securities laws by failing to adequately disclose in prospectuses issued by the ETFs the risks to the ETFs' shareholders in the event of a "flash crash." The plaintiffs seek unspecified monetary and rescission damages. The plaintiffs' complaint was dismissed in December 2016 and on January 6, 2017, the plaintiffs filed an amended complaint. On April 27, 2017, the court partially granted the defendants' motion for judgment on the pleadings, dismissing certain of the plaintiffs' claims. On September 18, 2017, the court issued a decision dismissing the remainder of the lawsuit after a one-day bench trial. On December 1, 2017, the plaintiffs appealed the dismissal of their lawsuit, which remains pending. The defendants believe the claims in this lawsuit are without merit.

On April 5, 2017, BlackRock, Inc., BlackRock Institutional Trust Company, N.A. ("BTC"), the BlackRock, Inc. Retirement Committee and various sub-committees, and a BlackRock employee were named as defendants in a purported class action lawsuit brought in the US District Court for the Northern District of California by a former employee on behalf of all participants and beneficiaries in the BlackRock employee 401(k) Plan (the "Plan") from April 5, 2011 to the present. The lawsuit generally alleges that the defendants breached their duties towards Plan participants in violation of the Employee Retirement Income Security Act of 1974 by, among other things, offering investment options that were overly expensive, underperformed unaffiliated peer funds, focused disproportionately on active versus passive strategies, and were unduly concentrated in investment options managed by BlackRock. On October 18, 2017, the plaintiffs filed an Amended Complaint, which, among other things, added as defendants certain current and former members of the BlackRock Retirement and Investment Committees. The Amended Complaint also included a new purported class claim on behalf of investors in certain Collective Trust Funds ("CTFs") managed by BTC. Specifically, the plaintiffs allege that BTC, as fiduciary to the CTFs, engaged in self-dealing by, most significantly, selecting itself as the securities lending agent on terms that the plaintiffs claim were excessive. The Amended Complaint also alleged that BlackRock took undue risks in its management of securities lending cash reinvestment vehicles during the financial crisis. On August 23, 2018, the court granted permission to the plaintiffs to file a Second Amended Complaint ("SAC") which added as defendants the BlackRock, Inc. Management Development and Compensation Committee, the Plan's independent investment consultant and the Plan's Administrative Committee and its members. On October 22, 2018, BlackRock filed a motion to dismiss the SAC, and on June 3, 2019, the plaintiffs filed a motion seeking to certify both the Plan and the CTF classes. On September 3, 2019, the court granted

BlackRock's motion to dismiss part of the plaintiffs' claim seeking to recover alleged losses in the securities lending vehicles, but denied the motion to dismiss in all other respects. Plaintiffs' motion to certify the Plan and CTF classes remains pending. The defendants believe the claims in this lawsuit are without merit.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three months ended September 30, 2019, the Company made the following purchases of its common stock, which is registered pursuant to Section 12(b) of the Exchange Act

	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
July 1, 2019 through July 31, 2019	4,822	\$ 467.70	—	6,077,434
August 1, 2019 through August 31, 2019	247,466	\$ 416.93	240,769	5,836,665
September 1, 2019 through September 30, 2019	7,982	\$ 423.05	—	5,836,665
Total	<u>260,270</u>	<u>\$ 418.06</u>	<u>240,769</u>	

⁽¹⁾ Consists of purchases made by the Company primarily to satisfy income tax withholding obligations of employees and members of the Company's Board of Directors related to the vesting of certain restricted stock or restricted stock unit awards and purchases made by the Company as part of the publicly announced share repurchase program

Section 2: EX-31.1 (SECTION 302 CERTIFICATION OF CHIEF EXECUTIVE OFFICER)

Exhibit 31.1

CEO CERTIFICATION

I, Laurence D. Fink, certify that

- 1 I have reviewed this Quarterly Report on Form 10-Q, for the period ended September 30, 2019 of BlackRock, Inc. ,
- 2 Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report,
- 3 Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report,
- 4 The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared,
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles,
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5 The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting, which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information, and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting

Section 3: EX-31.2 (SECTION 302 CERTIFICATION OF CHIEF FINANCIAL OFFICER)

Exhibit 31.2

CFO CERTIFICATION

I, Gary S. Shedlin, certify that

- 1 I have reviewed this Quarterly Report on Form 10-Q, for the period ended September 30, 2019 of BlackRock, Inc. ,
- 2 Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report,
- 3 Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report,
- 4 The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries is made known to us by others within those entities,

particularly during the period in which this report is being prepared.

- (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation, and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5 The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions)
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting, which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting

Section 4: EX-32.1 (SECTION 906 CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER)

Exhibit 32.1

Certification of CEO and CFO Pursuant to
18 U.S.C. Section 1350,
as Adopted Pursuant to
Section 906 of the Sarbanes-Oxley Act of 2002

In connection with the Quarterly Report on Form 10-Q of BlackRock, Inc. (the "Company") for the quarterly period ended September 30, 2019 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), Laurence D. Fink, as Chief Executive Officer of the Company, and Gary S. Shedlin, as Chief Financial Officer of the Company, each hereby certifies, pursuant to 18 U.S.C. § 1350, as adopted pursuant to § 906 of the Sarbanes-Oxley Act of 2002, that

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company
