ORDINANCE

WHEREAS, The United States of America and City of Chicago ("City") recognize that without the countless sacrifices made by Veterans freedom and opportunity would not exist; and

WHEREAS, The 2019 Veteran Business Program Annual Expenditure Report issued by the Illinois Department of Central Management Services reported a \$5.5 million increase in Illinois Veteran Contracting due to their focus on opportunities, and an operational outlook that includes governmental entity compliance collaboration; and

WHEREAS, Veterans contribute in a myriad of ways to the success of the City, including in business and government, and even while faced with the historical obstacles that have led to the recognition and expansion of the City's Veteran contracting opportunities; and

WHEREAS, The City Council Members know they could not have achieved such opportunities and recognitions without the support and continued partnership of the City's Procurement Department; and

WHEREAS, City Council Members hereby take the first of many steps towards their commitment towards expanding Veteran contract opportunities with the call to establish initiatives similar to those aforementioned by the state of Illinois' focus on government entity compliance collaboration; and, now, therefore,

The Chief Procurement Officer is authorized to certify veteran-owned small local businesses. The Chief Procurement Officer shall provide a semi-annual report to the City Council Committee

on Contracting Oversight and Equity regarding veteran-owned small local businesses certified by the City.

(a) As an alternative or in addition to conducting its own V.B.E. certification, the chief procurement officer may designate certain eligible public or private agencies as certifying agencies, which may certify businesses as meeting eligibility standards and requirements necessary to participate in the city's veteran-owned business enterprise procurement program. Such designation shall be made as provided in Section 2-92-495 of this Code.

(b) If in the chief procurement officer's judgement, or otherwise required by law, additional requirements to the V.B.E certification issued by any eligible certifying agency are warranted, the chief procurement officer is authorized to impose such additional requirements before accepting V.B.E certifications issued by any eligible certifying agency to any such business for participation in the city's veteran-owned business enterprise procurement program.
